Ref.: Official Letter 659/2017-SAE

Dear Sir:

In reference to Official Letter 659/2017-SAE ("Letter"), dated April 17, 2017, through which you requested clarifications from Braskem S.A. ("Braskem" or "Company"), as transcribed below:

"Dear Managers,

The news article published in the online version of the newspaper Valor Econômico, on April 17, 2017, states, among other things, that:

ü Braskem contributed to the so-called "bribery department" through slush funds generated by the company and sent to the department;

ü the company made "off-the-books" payments to acquire Quattor;

ü Braskem generated slush funds of US\$27 million per year.

We did not identify this information in the documents submitted by the company through the Empresas.NET System. If the information was reported, please inform the document and

pages on which such information can be found and the date and time on which it was submitted.

Note that the company is required to report periodic, eventual and other information in the interest of the market through the Empresas.NET System to ensure its broad and immediate disclosure and the equitable treatment of its investors and other market participants.

In view of the aforementioned, we request clarifications on the above items by April 18, 2017, without prejudice to the Sole Paragraph, Article 6 of CVM Instruction 358/02, including its confirmation or denial, as well as any other information deemed relevant.

The company's response must be submitted through the Regular and Special Information (IPE) module, Category: Material Fact or Category: Notice to the Market, Type: Clarifications of CVM/Bovespa Consultations, Subject Matter: News report, which will result in the simultaneous transmission of the file to the BM&FBOVESPA and CVM. The option of

responding through a Material Fact notice does not preclude any determination by the CVM of liabilities for its untimely disclosure, in accordance with CVM Instruction 358/02.

We remind you that CVM Instruction 358/02, Article 4, Sole Paragraph establishes the requirement to question the managers and controlling shareholders of the company, as well as any other persons with access to material acts or facts, to determine if such persons are aware of information that should be disclosed to the market.

The file to be submitted must include a transcript of the above consultation before the company's response.

This request is made in connection with the Cooperation Agreement entered into by the CVM and BM&FBOVESPA on December 13, 2011, and failure to comply herewith may subject the company to the application of a financial penalty by the Company Relations Department (SEP) of the CVM, in accordance with CVM Instruction 452/07."

As requested, Braskem clarifies to the market that:

- (a) it has entered into a leniency agreement with the Federal Prosecution Office (MPF) on December 14, 2016 ("Leniency Agreement"), on which occasion it published a Material Fact notice informing (i) the execution of said agreement, (ii) certain financial information related to the agreement; (iii) that the Leniency Agreement covered all facts verified to date involving Braskem in connection with Operation Car Wash; and (iv) that all other terms of the Leniency Agreement were covered by a nondisclosure agreement;
- (b) it also entered into, on December 21, 2016, a formal agreement with the U.S. Department of Justice ("DoJ") ("Plea Agreement"), with the U.S. Securities and Exchange Commission – SEC ("SEC Agreement"), and with the Office of the Attorney General of Switzerland ("Switzerland Agreement", and jointly with the Plea Agreement and Leniency Agreement, a "Global Settlement"), as also announced by the Company in a Material Fact notice published on said date;
- (c) the Plea Agreement and SEC Agreement have been released by competent authorities on their respective websites;
- (d) notwithstanding the lifting, by the authorities, of the confidentiality of the statements given by former employees of Braskem, there were no changes in the nondisclosure obligation imposed on Braskem under the Leniency Agreement. As such, the revelation by Braskem of information protected by the nondisclosure agreement would represent a breach of said agreement by Braskem and consequently cause severe losses for the Company; and
- (e) the facts that are the subject-matter of the collaboration given by former employees of Braskem and Odebrecht involving the Company in connection with Operation Car Wash are covered by the Global Settlement.
