**Item 2.02 Results of Operations and Financial Condition.**

On August 9, 2006, Fannie Mae (formally, the Federal National Mortgage Association) filed a Form 12b-25 with the Securities and Exchange Commission ("SEC") to report that it will not timely file its Quarterly Report on Form 10-Q for the quarter ended June 30, 2006.

The narrative portions of the Form 12b-25, copies of which are filed as Exhibit 99.1 to this report, are incorporated herein by reference.

The information in this item shall be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934.

**Item 3.02 Unregistered Sales of Equity Securities.**

Under the Fannie Mae Stock Compensation Plan of 1993 and the Fannie Mae Stock Compensation Plan of 2003 (the "Plans"), Fannie Mae regularly provides stock compensation to employees and members of the Board of Directors to attract, motivate and retain these individuals and promote an identity of interests with shareholders. During the quarter ended June 30, 2006, Fannie Mae issued 55,804 shares of common stock upon the exercise of stock options for an aggregate exercise price of approximately \$2.1 million, of which approximately \$2.0 million was paid in cash and the remainder was paid by the delivery to Fannie Mae of 3,230 shares of common stock. Under the Plans, options are granted only to employees and members of the Board of Directors. These options typically vest 25 percent per year beginning on the first anniversary of the date of grant and expire ten years after the grant. During the quarter ended June 30, 2006, in consideration of services rendered or to be rendered, Fannie Mae issued 126,171 shares of restricted stock to employees or members of the Board of Directors. In addition, 3,475 restricted stock units held by employees vested, as a result of which 2,466 shares of common stock were issued and 1,009 shares of common stock that otherwise would have been issued were withheld by Fannie Mae in lieu of requiring the recipients to pay Fannie Mae the withholding taxes due upon vesting. Shares of restricted stock and restricted stock units granted under the Plans typically vest in equal annual installments over three or four years beginning on the first anniversary of the date of grant. Each restricted stock unit represents the right to receive a share of common stock at the time of vesting. As a result, restricted stock units are generally similar to restricted stock, except that restricted stock units do not confer voting rights on their holders.

The securities Fannie Mae issues are "exempted securities" under laws administered by the SEC to the same extent as securities that are obligations of, or are guaranteed as to principal and interest by, the United States. As a result, Fannie Mae does not file registration statements with the SEC with respect to offerings of Fannie Mae securities.

**Item 8.01 Other Events.**

**ISSUER REPURCHASES**

Fannie Mae repurchased 7,570 shares of common stock from employees for a weighted average purchase price of \$48.842 per share under Fannie Mae's previously announced Employee Stock Repurchase Program, during the quarter ended June 30, 2006. In addition, during the quarter Fannie Mae repurchased 2,430 shares of common stock for a weighted average purchase price of \$49.395 per share in a limited number of instances relating to employee financial hardship. During the quarter ended June 30, 2006, Fannie Mae also reacquired 21,774 shares from employees to pay an aggregate of approximately \$1.1 million in withholding taxes due upon the vesting of restricted stock, accepted 249 shares from employees to pay an aggregate of approximately \$.01 million in withholding taxes due upon the exercise of employee stock options, and accepted 3,230 shares of common stock from employees at a weighted average fair market value of \$48.852 to pay an aggregate exercise price of approximately \$.16 million for employee stock options.
