Item 3.01 Notice of Delisting or Failure to Satisfy a Continued Listing Rule or Standard; Transfer of Listing.

On March 23, 2009, Biolase Technology, Inc. (the "Company") received a staff deficiency letter from The NASDAQ Stock Market indicating that based on the Company's stockholders' equity as reported in its Annual Report on Form 10-K for the year ended December 31, 2008, the Company does not comply with the minimum stockholders' equity requirement of \$10 million for continued listing on The NASDAQ Global Market as set forth in NASDAQ Marketplace Rule 4450(a)(3). As of December 31, 2009, the Company's stockholders' equity was approximately \$9.4 million.

NASDAQ is reviewing the Company's eligibility for continued listing on The NASDAQ Global Market. To facilitate this review, NASDAQ has requested that the Company submit a detailed plan of compliance by April 7, 2009, advising NASDAQ of the action the Company has taken, or plans to take, that would bring it into compliance with Marketplace Rule 4450(a)(3). If NASDAQ does not accept the Company's plan, NASDAQ may then initiate delisting proceedings from The NASDAQ Global Market, at which time the Company may appeal NASDAQ's determination to a Listing Qualifications Panel. The Company is in the process of preparing a response to NASDAQ's request for a plan of compliance.

Alternatively, the Company may elect apply to transfer its securities to The NASDAQ Capital Market. Under NASDAQ rules, in order to qualify for such a transfer, the Company must have stockholders equity of not less than \$2.5 million, must have not less than 500,000 shares held by public stockholders other than officers, directors or 10% beneficial stockholders, and must meet other requirements as set forth by NASDAQ. In order to effectuate the transfer its securities to the NASDAQ Capital Market, the Company must meet all of the requirements for continued listing on this market. The Company believes that, as of the date of this filing, it is in compliance with all of the requirements for listing with the NASDAQ Capital Market.

A copy of the press release announcing the NASDAQ deficiency letter is furnished as Exhibit 99.1 and incorporated into this Item 3.01 by reference.

Item 9.01 Financial Statements and Exhibits.

(d) Exhibits.

99.1 Press Release of Biolase Technology, Inc., dated March 26, 2008.
