Any additional shareholders who are registered in Garmin's share register on May 30, 2017 will receive a copy of the proxy materials after May 30, 2017 and are entitled to attend and vote, or grant proxies to vote, at the Annual Meeting. No shareholder will be entered in Garmin's share register as a shareholder with voting rights between the close of business on May 30, 2017 and the opening of business on the day following the Annual Meeting. Solicitation of Proxies

The cost of soliciting proxies will be borne by Garmin. In addition to soliciting shareholders by mail and through its regular employees not specifically engaged or compensated for that purpose, Garmin will request banks and brokers, and other custodians, nominees and fiduciaries to solicit their customers who have shares of Garmin registered in the names of such persons and, if requested, will reimburse them for their reasonable, out-of-pocket costs. Garmin may use the services of its officers, directors and others to solicit proxies, personally or by telephone, facsimile or electronic mail, without additional compensation.

Voting

Each shareholder is entitled to one vote on each proposal presented in this Proxy Statement for each share held. There is no cumulative voting in the election of directors. The required presence quorum for the transaction of business at the Annual Meeting is the presence in person or by proxy of shareholders holding not less than a majority of the shares entitled to vote at the meeting with abstentions, invalid ballots and broker non-votes regarded as present for purposes of establishing the quorum.

A shareholder who purchases shares from a registered holder after the Record Date but before May 30, 2017 and who wishes to vote his or her shares at the Annual Meeting must ask to be registered as a shareholder with respect to such shares in our share register prior to May 30, 2017. Registered holders of our shares (as opposed to beneficial shareholders) on May 30, 2017 who sell their shares prior to the Annual Meeting will not be entitled to vote those shares at the Annual Meeting.

Each of the proposals requires the affirmative vote of a majority of the share votes cast (in person or by proxy) at the Annual Meeting, excluding unmarked, invalid and non-exercisable votes and abstentions.

Members of our Board and members of Executive Management are not allowed to vote on the proposal to discharge the members of the Board and the Executive Management from liability for the fiscal year ended December 31, 2016.

Shareholder ratification of the appointment of Ernst & Young LLP as Garmin's Independent Registered Public Accounting Firm for the fiscal year ending December 30, 2017 is not legally required, but your views are important to the Audit Committee and the Board. If shareholders do not ratify the appointment of Ernst & Young LLP, our Audit Committee will reconsider the appointment of Ernst & Young LLP as Garmin's independent auditor.

The proposal relating to the advisory vote on executive compensation and the proposal relating to the advisory vote on the frequency of the advisory vote on executive compensation are advisory and non-binding on Garmin. However, the Compensation Committee of our Board will review voting results on these proposals and will give consideration to such voting.

Abstentions and Broker Non-Votes

Pursuant to Garmin's Articles of Association, (i) shares represented at the Annual Meeting which are not voted on any matter and (ii) shares which are represented by "broker non-votes" (i.e., shares held by brokers or nominees which are represented at the Annual Meeting but with respect to which the broker or nominee is not empowered to vote on a particular proposal pursuant to applicable New York Stock Exchange ("NYSE") rules) are not included in the determination of the shares voting on such matter. Therefore, shares represented at the Annual Meeting which are not voted on any matter and shares represented by "broker non-votes" will not be counted toward the determination of the majority required to approve the proposals submitted to the Annual Meeting and, therefore, will not have the effect of a vote against such proposals.

Although brokers have discretionary authority to vote shares of Broker Customers on "routine" matters, they do not have authority to vote shares of Broker Customers on "non-routine" matters under NYSE rules. We believe that the following proposals to be voted on at the Annual Meeting will be considered to be "non-routine" under NYSE rules and, therefore, brokers will not be able to vote shares owned by Broker Customers with respect to these proposals unless the broker receives instructions from such customers: Proposal No. 4 (discharge of the members of the Board and Executive Management from liability for the fiscal year ended December 31, 2016), Proposal No. 5 (re-election of six directors); Proposal No. 6 (re-election of Chairman); Proposal No. 7 (re-election of Compensation Committee members); Proposal No. 10 (binding vote to approve Fiscal Year 2018 maximum aggregate compensation for the Executive Management); Proposal No. 11 (binding vote to approve maximum aggregate compensation for the Board of Directors for the period between the 2017 Annual Meeting and the 2018 Annual Meeting); Proposal No. 12 (advisory vote on executive compensation); and Proposal No. 13 (advisory vote on the frequency of the advisory vote on executive compensation).

How Shareholders Vote

Shareholders, Plan Participants and Broker Customers may vote (or in the case of Plan Participants, may direct the trustee of the Garmin International, Inc. Retirement Plan to vote) their shares as follows:

Shares of Record

Shareholders may only vote their shares if they or their proxies are present at the Annual Meeting. Shareholders may appoint as their proxy the independent voting rights representative, the law firm of Reiss + Preuss LLP, 200 West 41st Street, 20th Floor, New York, NY 10018, USA to vote their shares by checking the appropriate box on the enclosed proxy card and the independent voting rights representative will vote all shares for which it is the proxy as specified by the shareholders on the proxy card. A registered shareholder desiring to name as proxy someone other than the independent voting rights representative may do so by crossing out the name of the independent voting rights representative on the proxy card and inserting the full name of such other person. In that case, the shareholder must sign the proxy card and deliver it to the person named, and the person named must be present, present appropriate identification and vote at the Annual Meeting.

Shares owned by shareholders who have timely submitted a properly executed proxy card and specifically indicated their votes will be voted as indicated. Shares owned by shareholders who have timely submitted a properly executed proxy card and have not specifically indicated their votes instruct the independent voting rights representative to vote in the manner recommended by the Board. If any modifications to agenda items or proposals identified in the Invitation to the Annual Meeting or other matters on which voting is permissible under Swiss law are properly presented at the Annual Meeting for consideration, you instruct the independent voting rights representative, in the absence of other specific instructions, to vote in accordance with the recommendations of the Board.

We urge you to return your proxy card by the close of business, U.S. Central Time on June 5, 2017 to ensure that your proxy can be timely submitted.

Shares Held Under the Garmin International, Inc. Retirement Plan

On the voting instructions card, Plan Participants may instruct the trustee of our Retirement Plan how to vote the shares allocated to their respective participant accounts. The trustee will vote all allocated shares accordingly. Shares for which inadequate or no voting instructions are received will not be voted by the trustee. The trustee of our Retirement Plan may vote shares allocated to the accounts of the Plan Participants either in person or through a proxy.

Shares Held Through a Broker or Other Nominee

Each broker or nominee must solicit from the Broker Customers directions on how to vote the shares, and the broker or nominee must then vote such shares in accordance with such directions. Brokers or nominees are to forward the Notice to the Broker Customers, at the reasonable expense of Garmin if the broker or nominee requests reimbursement. See “Abstentions and Broker Non-Votes”.

Revoking Proxy Authorizations or Instructions

Until the polls for a particular proposal on the agenda close (or in the case of Plan Participants, until the trustee of the Retirement Plan votes), voting instructions or votes of Record Holders and voting instructions of Plan Participants may be revoked or recast with a later-dated, properly executed and delivered proxy card or, in the case of Plan Participants, a voting instruction card. Otherwise, shareholders may not revoke a vote, unless: (a) in the case of a Record Holder, the Record Holder either (i) attends the Annual Meeting and casts a ballot at the meeting or (ii) delivers a written revocation to the independent voting rights representative at any time before the Chairman of the Annual Meeting closes the polls for a particular proposal on the agenda; (b) in the case of a Plan Participant, the revocation procedures of the trustee of the Retirement Plan are followed; or (c) in the case of a Broker Customer, the revocation procedures of the broker or nominee are followed.

Attendance and Voting in Person at the Annual Meeting

Attendance at the Annual Meeting is limited to Record Holders or their properly appointed proxies, beneficial owners of shares having evidence of such ownership, and guests of Garmin. Plan Participants and Broker Customers, absent special direction to Garmin from the respective Retirement Plan trustee, broker or nominee, may only vote by instructing the trustee, broker or nominee and may not cast a ballot at the Annual Meeting. Record Holders may vote by casting a ballot at the Annual Meeting.

Security measures will be in place at the meeting, and briefcases, handbags and packages are subject to inspection. No cameras or recording devices of any kind, or signs, placards, banners or similar materials, may be used during the meeting. Anyone who refuses to comply with these requirements will not be admitted, or, if admitted, will be required to leave.

PROPOSAL FIVE Re-election of six directors

Pursuant to Swiss law and our Articles of Association, the members of our Board of Directors must be elected annually and individually for a term extending until completion of the next annual general meeting.

The Board has nominated the following persons, each of whom is currently a director of Garmin, to stand for re-election for a term extending until completion of the annual general meeting in 2018: Donald H. Eller, Joseph J. Hartnett, Min H. Kao, Charles W. Peffer, Clifton A. Pemble and Rebecca R. Tilden.

References to the length of time during which (and, in the case of persons who are employees of Garmin, the positions in which they have served) the nominees for re-election have served as directors and/or employees of Garmin in their biographies included in this section of this Proxy Statement refer to their service as directors and/or officers of both (i) Garmin Ltd., a Cayman Islands company (“Garmin Cayman”) which was the ultimate parent holding company of the Garmin group of companies until June 27, 2010 and (ii) Garmin Ltd., a Swiss company, which became the ultimate parent holding company of the Garmin group of companies on June 27, 2010 pursuant to a scheme of arrangement under Cayman Islands law that was approved by the shareholders of Garmin Cayman on May 20, 2010.

Dr. Eller, Mr. Hartnett, Dr. Kao, Mr. Peffer, Mr. Pemble and Ms. Tilden have each indicated that they are willing and able to continue to serve as directors if re-elected and have consented to being named as nominees in this Proxy Statement.

Donald H. Eller, age 74, has served as a director of Garmin since March 2001. Dr. Eller has been a private investor since January 1997. From September 1979 to November 1982 he served as the Manager of Navigation System Design for a division of Magnavox Corporation. Dr. Eller holds B.S., M.S. and Ph.D. degrees in Electrical Engineering from the University of Texas. Dr. Eller has not been a member of the board of directors of any other entity during the last five years.

The Board has concluded that Dr. Eller should be nominated for re-election as a director of Garmin because: (1) his significant experience in the navigation and GPS fields provides the Board with valuable experience in the technology utilized by Garmin and its potential applications; (2) he meets the requirements to be an independent director as defined in the listing standards for the NASDAQ Global Select Market; and (3) he satisfies the general criteria described below under “Nominating and Corporate Governance Committee”.

Joseph J. Hartnett, age 61, has been a director of Garmin since June 2013. Mr. Hartnett served as President and Chief Executive Officer of Ingenient Technologies, Inc., a multimedia software development company headquartered in Rolling Meadows, Illinois, from April 2008 through November 2010. The Board has concluded that Mr. Hartnett should be nominated for re-election as a director of Garmin because: (1) his 20 years of experience as a Certified Public Accountant with Grant Thornton LLP and his experience as the chairman of the audit committee of two other public companies gives him strong qualifications to be a member of the Audit Committee of the Board, and he qualifies as an "audit committee financial expert" as defined by the SEC regulations implementing Section 407 of the Sarbanes-Oxley Act of 2002; (2) he has significant industry experience as a senior executive in the areas of international business, operations management, executive leadership, strategic planning and finance, as well as extensive corporate governance, executive compensation and financial experience; (3) he meets the requirements to be an independent director as defined in the listing standards for the NASDAQ Global Select Market; and (4) he satisfies the general criteria described below under "Nominating and Corporate Governance Committee".

The Board has determined that all the members of the Audit Committee are independent (as defined by the listing standards of the NASDAQ Global Select Market).

Compensation Committee

Mr. Hartnett (Chairman), Dr. Eller, Mr. Peffer and Ms. Tilden serve as the members of the Compensation Committee. Our Articles of Association provide that the Compensation Committee shall, among other things, (1) consider and make recommendations to the Board of Directors; (2) assist the Board of Directors in discharging its responsibilities relating to compensation and related disclosure of the members of Executive Management, including the development of policies relating to Executive Management compensation and benefit programs; and (3) prepare and recommend to the Board of Directors the proposals of the Board of Directors to the general meeting of the shareholders regarding the compensation of the Board of Directors and the Executive Management. In addition, the Board has adopted a written charter for the Compensation Committee, a copy of which is available on Garmin’s website at www.garmin.com.

The primary responsibilities of the Compensation Committee are to (a) review, approve and oversee Garmin's compensation philosophy, policies and objectives for executives and principal senior officers, as well as the programs, plans, practices and procedures for their implementation in a manner that is consistent with corporate strategies and goals; (b) ensure that Garmin's compensation programs and practices are effective in attracting, retaining and motivating highly qualified personnel (c) with respect to compensation of the Executive Chairman, Chief Executive Officer ("CEO") and other principal senior officers, annually: (i) review and approve the corporate goals and objectives that are aligned with the achievement of the Company's long-term strategic plans, (ii) evaluate their performance in light of those goals and objectives; (iii) determine the CEO's compensation level, as well as the components and structure of his or her compensation package, based on his or her performance evaluation, recent compensation history, and the application of any policies and procedures established by the Compensation Committee; (iv) oversee and approve the respective compensation levels, as well as the components and structure of the respective compensation packages, recommended by the CEO of the other principal senior officers based on their respective performance evaluations, recent compensation history, and the application of any policies or procedures established by the Compensation Committee; and (v) review and approve any employment, change of control, termination or other agreements with the CEO, as well as other principal senior officers, and any amendments to such agreements, (d) with respect to compensation policies for all employees, including non-executive officers, to: (i) periodically determine whether such policies and practices create risks that are reasonably likely to have a material adverse effect on the Company; (ii) consider modifying, or directing Garmin to modify, policies and practices that the Compensation Committee deems to create such risks; and (iii) approve disclosures required to be included in Garmin's annual meeting proxy statement; (e) prepare and recommend to the Board the proposals for submission at the general meeting of shareholders regarding the maximum aggregate compensation of the members of the Board (for the upcoming term of office) and the Company's executives (for the following fiscal year), as required under applicable Swiss law; (f) review and discuss with management the proposed Compensation Discussion and Analysis section ("CD&A") of Garmin's annual meeting proxy statement and, based on such review and discussion, make a recommendation to the Board regarding inclusion of the CD&A in the proxy statement; and produce the annual disclosures required by applicable SEC rules and regulations and the relevant listing authority; (g) recommend to the Board changes in the amount, components and structure of compensation paid to the non-employee members of the Board for their service on the Board or its committees; (h) serve as the committee administering any equity-based compensation plans adopted by the Company; (i) approve, or, if required, submit for approval by shareholders, all new equity-based plans and any amendments to such plans; (j) review the design and oversee the administration of Garmin's broad based employee compensation and benefit programs in a manner that is consistent with the Garmin's compensation philosophy and long-term strategic plan; and (k) with input from the Board, annually review with management the plans for the orderly development and succession of all principal senior officers.

The Board has determined that all the members of the Compensation Committee are independent (as defined by the listing standards of the NASDAQ Global Select Market). The processes and procedures for considering and determining executive compensation, including the Compensation Committee's authority and role in the process, its delegation of authority to others, and the roles of Garmin executives and third-party executive compensation consultants in making decisions or recommendations on executive compensation, are described in "Executive Compensation Matters – Compensation Discussion and Analysis" below. Pursuant to Swiss law, the members of the Compensation Committee are elected annually by the shareholders at the annual general meeting.

Nominating and Corporate Governance Committee

Dr. Eller (Chairman), Mr. Hartnett, Mr. Peffer and Ms. Tilden serve as the members of the Nominating and Corporate Governance Committee (the "Nominating Committee"). The Board has adopted a written charter for the Nominating Committee. A copy of the Nominating Committee Charter is available on Garmin's website at www.garmin.com.

The primary responsibilities of the Nominating Committee are to (a) evaluate the current composition, size, role and functions of the Board and its committees to oversee successfully the business and affairs of Garmin and make recommendations to the Board for approval, except with respect to the size of the Board, make recommendations to the Board for submission to shareholders for approval; (b) determine director selection criteria and conduct searches for prospective directors whose skills and attributes reflect these criteria; (c) recommend and evaluate nominees for election to the Board; (d) evaluate and make recommendations to the Board concerning the appointment of directors to serve on each standing committee and the selection of Board committee chairpersons, except that, as required by mandatory Swiss law, members of the Compensation Committee shall be elected by the shareholders; (e) evaluate and make recommendations to the Board of a nominee for election by the shareholders to serve as Chairman of the Board; (f) evaluate prior to each annual general meeting, and report to the Board on, the financial literacy of the Audit Committee members and whether the Audit Committee has at least one Audit Committee Financial Expert and one Audit Committee member who has accounting or related financial management expertise; (g) evaluate prior to each annual general meeting, and report to the Board on, the independence of director nominees and Board members under applicable laws, regulations, and stock exchange listing standards; (h) create and implement a process for the Board to annually evaluate its own performance; (i) oversee a Company orientation program for new directors and a continuing education program for current directors; (j) recommend to the Board Corporate Governance Guidelines; (k) review periodically the Corporate Governance Guidelines and recommend such modifications to the Board as the Governance Committee deems appropriate; (l) oversee Garmin's corporate governance practices, including reviewing and recommending to the Board for approval any changes to the other documents and policies in the Company's corporate governance framework, including its articles of association and organizational regulations; (m) verify that the Board and each Board committee has annually evaluated its own performance; (n) review and/or investigate any matters pertaining to the integrity of management or the Board or any committee thereof; (o) annually evaluate the Governance Committee's own performance and periodically evaluate the adequacy of its Charter; and (p) report to the Board on Nominating Committee actions (other than routine or administrative actions).

The Board has determined that all the members of the Nominating Committee are independent (as defined by the listing standards of the NASDAQ Global Select Market).

In selecting candidates for nomination at the annual general meeting of Garmin's shareholders, the Nominating Committee begins by determining whether the incumbent directors desire and are qualified to continue their service on the Board. The Nominating Committee is of the view that the continuing service of qualified incumbents promotes stability and continuity in the board room, giving the Board the familiarity and insight into Garmin's affairs that its directors have accumulated during their tenure, while contributing to their work as a collective body. Accordingly, it is the policy of the Nominating Committee, absent special circumstances, to nominate qualified incumbent directors who continue to satisfy the Nominating Committee's criteria for membership on the Board, whom the Nominating Committee believes will continue to make a valuable contribution to the Board and who consent to stand for reelection and, if reelected, to continue their service on the Board. If there are Board vacancies and the Nominating Committee does not re-nominate a qualified incumbent, the Nominating Committee will consider and evaluate director candidates recommended by the Board, members of the Nominating Committee, management and any shareholder owning one percent or more of Garmin's outstanding shares.

The Nominating Committee will use the same criteria to evaluate all director candidates, whether recommended by the Board, members of the Nominating Committee, management or a one percent shareholder. The Nominating Committee has adopted the policy that a shareholder owning one percent or more of Garmin's outstanding shares may recommend director candidates for consideration by the Nominating Committee by writing to the Company Secretary, by facsimile at +41 52 630 1601 or by mail at Garmin Ltd., Mühlentalstrasse 2, 8200 Schaffhausen, Switzerland. The recommendation must contain the proposed candidate's name, address, biographical data, a description of the proposed candidate's business experience, a description of the proposed candidate's qualifications for consideration as a director, a representation that the nominating shareholder is a beneficial or record owner of one percent or more of Garmin's outstanding shares (based on the number of outstanding shares reported on the cover page of Garmin's most recently filed Annual Report on Form 10-K) and a statement of the number of Garmin shares owned by such shareholder. The recommendation must also be accompanied by the written consent of the proposed candidate to be named as a nominee and to serve as a director of Garmin if nominated and elected. A shareholder may not recommend him or herself as a director candidate.

The Nominating Committee requires that a majority of Garmin's directors be independent and that any independent director candidate meet the definition of an independent director under the listing standards of the NASDAQ Global Select Market. The Nominating Committee also requires that at least one independent director qualify as an audit committee financial expert. The Nominating Committee also requires that an independent director candidate should have either (a) at least ten years' experience at a policy-making level or other level with significant decision-making responsibility in an organization or institution or (b) a high level of technical knowledge or business experience relevant to Garmin's technology or industry. In addition, the Nominating Committee requires that an independent director candidate have such financial expertise, character, integrity, ethical standards, interpersonal skills and time to devote to Board matters as would reasonably be considered to be appropriate in order for the director to carry out his or her duties as a director.

In evaluating a director candidate (including the nomination of an incumbent director), the Nominating Committee considers, among other things, whether the candidate meets the Nominating Committee's requirements for

[Back to Contents](#)

independent director candidates, if applicable. The Nominating Committee also considers a director candidate's skills and experience and diversity of background and perspective (inclusive of race, gender and ethnicity) in the context of the perceived needs of the Board at the time of consideration. Additionally, in recommending an incumbent director for re-election, the Nominating Committee considers the nominee's prior service to Garmin's Board and continued commitment to service on the Board. The Nominating Committee believes that the composition of the Board should reflect a diversity of experience, race, gender and ethnicity and seeks to include individuals from diverse backgrounds (inclusive of race, gender and ethnicity) with varying perspectives, professional experience, education and skills in the pool from which nominees for vacancies on the Board are chosen.

Board Leadership Structure and Role in Risk Oversight

Prior to January 1, 2013, Min H. Kao was both Chairman of the Board and Chief Executive Officer. On January 1, 2013, Dr. Kao became Executive Chairman of the Board, and Clifton A. Pemble became President and Chief Executive Officer, thereby causing the positions of Chairman of the Board and Chief Executive Officer to be split between Dr. Kao and Mr. Pemble. The Board believes this Board leadership structure is appropriate and desirable because Mr. Pemble is well-positioned to be Chief Executive Officer since he has been at Garmin since 1989 and held a number of leadership positions prior to becoming Chief Executive Officer on January 1, 2013, including President and Chief Operating Officer, and Dr. Kao's continued contribution as Executive Chairman adds significant value because he is a co-founder of Garmin, which gives him a unique perspective of the company's history, vision and values. In addition, because of his significant ownership of Garmin shares, Dr. Kao's interests are aligned with those of Garmin's shareholders.

Garmin does not have a lead independent director. Instead, all of the independent directors play an active role on the Board. The independent directors make up a majority of the Board, and a majority of the independent directors are or have been leaders in industry with a history of exercising critical thought and sound judgment.

The entire Board performs the risk oversight role. Garmin's Chief Executive Officer is a member of the Board, and Garmin's Chief Financial Officer and its General Counsel regularly attend Board meetings, which helps facilitate discussions regarding risk between the Board and Garmin's senior management, as well as the exchange of risk-related information or concerns between the Board and the senior management. Garmin's Director, Global Compliance, who heads the internal audit function, regularly attends Audit Committee meetings. Further, the independent directors meet in executive session at the majority of the regularly scheduled Board meetings to voice their observations or concerns and to shape the agendas for future Board meetings.

The Board believes that, with these practices, each director has an equal stake in the Board's actions and oversight role and equal accountability to Garmin and its shareholders.

Compensation and Risk

Garmin regularly assesses risks related to compensation programs, including our executive compensation programs. Garmin has not identified any risks arising from Garmin's compensation policies and practices that are reasonably likely to have a material adverse effect on Garmin.

Shareholder Communications with Directors

The Board has established a process to receive communications from shareholders. Shareholders may communicate with the Board or with any individual director of Garmin by writing to the Board or such individual director in care of Garmin's Corporate Secretary, by facsimile at +41 52 630 1601 or by mail at Garmin Ltd., Mühlentalstrasse 2, 8200 Schaffhausen, Switzerland. All such communications must identify the author as a shareholder, state the number of shares owned by the author and state whether the intended recipients are all members of the Board or just certain specified directors. The Company Secretary will make copies of all such communications and send them to the appropriate director or directors.

Compensation Committee Interlocks and Insider Participation; Certain Relationships

None of the members of the Compensation Committee is, or has ever been, an officer or employee of Garmin or any of its subsidiaries. Garmin had no compensation committee interlocks for the fiscal year ended December 31, 2016.

Garmin has adopted a written policy for the review by the Audit Committee of transactions in which Garmin is a participant and any related person will have a direct or indirect material interest in the transaction. This policy is generally designed to cover those related party transactions that would be required to be disclosed in a proxy statement, annual report on Form 10-K or registration statement pursuant to Item 404(a) of Regulation S-K. However, the policy is more encompassing in that the amount involved in a transaction covered by the policy must only exceed \$60,000 while disclosure under Item 404(a) is required only if the amount involved exceeds \$120,000. The policy defines the terms "transaction" and "related person" in the same manner as Item 404(a) of Regulation S-K.

[Back to Contents](#)

If the nature of the timing of a related party transaction is such that it is not practical to obtain advance approval by the Audit Committee, then management may enter into it, subject to ratification by the Audit Committee. If ratification is not subsequently obtained, then management must take all reasonable efforts to cause the related person transaction to be null and void.

The Audit Committee will approve or ratify only those related party transactions that it determines in good faith are in, or are not inconsistent with, the best interests of Garmin and its shareholders. In making that determination, the Audit Committee shall consider all of the relevant facts and circumstances available to it, including the benefits to Garmin and whether the related party transaction is on terms and conditions comparable to those available in arms-length dealing with an unrelated third party that can provide comparable products or services.

The Audit Committee will also annually review ongoing related party transactions after considering all relevant facts and circumstances. The Audit Committee will then determine if those transactions should be terminated or modified based on whether it is still in the best interests, or not inconsistent with the best interests, of Garmin and its shareholders.

Non-Management Director Compensation

Each Garmin director, who is not an officer or employee of Garmin, or of a subsidiary of Garmin, is compensated for service on the Board and its committees. The annual director compensation package at Garmin is designed to attract and retain highly-qualified, independent professionals to represent Garmin's shareholders.

Each director, who is not an officer or employee of Garmin or its subsidiaries (a "Non-Management Director"), is paid an annual retainer of \$85,000. Each Non-Management Director, who chairs a standing committee of the Board (other than the Audit Committee), also receives an annual retainer of \$5,000. The Non-Management Director who chairs the Audit Committee receives an annual retainer of \$10,000. Each Non-Management Director also receives an annual award of restricted stock units valued at \$125,000.

The maximum aggregate compensation for the Board of Directors for the period between the 2017 Annual General Meeting and the 2018 Annual General Meeting submitted to shareholders for approval under proposal no. 11 reflects the above compensation program for Non-Management Directors, and also includes an annual salary for our Executive Chairman.

Garmin does not have formal stock ownership guidelines for its directors.

PROPOSAL NINE Ratification of the appointment of Ernst & Young LLP as Garmin's Independent Registered Public Accounting Firm for the fiscal year ending December 30, 2017 and re-election of Ernst & Young Ltd as Garmin's statutory auditor for another one-year term

Ernst & Young LLP has acted as Garmin's independent registered public accounting firm since 2000 and has been appointed by the Audit Committee to audit and certify Garmin's financial statements for the fiscal year ending December 30, 2017.

Ernst & Young Ltd, Zurich, was re-elected as Garmin's statutory auditor for 2016. Swiss law and our Articles of Association require that our shareholders elect annually a firm as statutory auditor. The statutory auditor's main task is to audit our consolidated financial statements and parent company financial statements that are required under Swiss law. The Audit Committee and Board propose that Ernst & Young Ltd be re-elected as Garmin's statutory auditor for another one-year term.

Representatives of Ernst & Young LLP and Ernst & Young Ltd will be present at the Annual Meeting. They will have the opportunity to make a statement if they desire and will be available to respond to appropriate questions.

If the shareholders do not ratify the appointment of Ernst & Young LLP, the Audit Committee will reconsider whether to appoint Ernst & Young LLP as Garmin's registered independent public accounting firm for the fiscal year ending December 30, 2017.

THE BOARD UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS GARMIN'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 30, 2017 AND RE-ELECTION OF ERNST & YOUNG LTD AS GARMIN'S STATUTORY AUDITOR FOR ANOTHER ONE-YEAR TERM.

Pursuant to Swiss law and Article 22(a) of the Articles of Association of Garmin, the shareholders must annually approve the maximum aggregate compensation of the Executive Management for the next fiscal year.

Pursuant to Article 23.1 of the Organizational Regulations of Garmin, the Executive Management consists of the Chief Executive Officer and such other officers expressly designated by the Board to be members of the Executive Management. PROPOSAL TWELVE Advisory Vote on Executive Compensation

As required by Section 14A of the Securities Exchange Act of 1934, the Board proposes that shareholders be provided with an annual advisory vote on the compensation of Garmin's Named Executive Officers, as disclosed in the Compensation Discussion and Analysis, the accompanying compensation tables and any related material disclosed in this Proxy Statement. As described in the Compensation Discussion and Analysis, the objectives of Garmin's executive compensation program are to:

1. Provide executive compensation that Garmin believes is fair, reasonable and competitive in order to attract, motivate and retain a highly qualified executive team;
2. Reward executives for individual performance and contribution;
3. Provide incentives to executives to enhance shareholder value;
4. Reward executives for long-term, sustained individual and Company performance; and
5. Provide executive compensation that is viewed as internally equitable and fair by both the executives and the broader Garmin employee population.

As an advisory vote, the shareholders' vote on this proposal is not binding on Garmin. However, we value the opinions of Garmin shareholders and the Compensation Committee of our Board plans to review voting results on this proposal and will give consideration to such voting when making future executive compensation decisions for Garmin's Named Executive Officers.

THE BOARD UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" THE APPROVAL OF THE COMPENSATION OF GARMIN'S NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THIS PROXY STATEMENT RELATING TO THE ANNUAL GENERAL MEETING OF SHAREHOLDERS PURSUANT TO THE EXECUTIVE COMPENSATION DISCLOSURE RULES PROMULGATED BY THE SEC.

PROPOSAL THIRTEEN Advisory Vote on the Frequency of the Advisory Vote on Executive Compensation

Section 14A of the Securities Exchange Act of 1934 requires that shareholders be provided every six years with an advisory vote as to whether the advisory vote on the compensation of Garmin's Named Executive Officers should occur every one, two or three years. Accordingly, the Board of Directors proposes that shareholders be provided with an advisory vote on whether the advisory vote on the compensation of Garmin's Named Executive Officers should occur every one, two or three years. Shareholders may also, if they wish, abstain from casting a vote on this Proposal Thirteen. Garmin is presenting this proposal to give shareholders the opportunity to inform us as to how often you wish Garmin to hold an advisory vote on executive compensation. As an advisory vote, the shareholders' vote on this proposal is not binding on Garmin. However, our Board will review voting results and will give consideration to such voting.

Our Board recommends that an advisory vote on executive compensation be held every year. Since the compensation of our Named Executive Officers is evaluated, adjusted and approved by the Compensation Committee of the Board on an annual basis, our Board believes that holding such vote every year will provide a communication channel for shareholders to provide input on our compensation philosophy, policies and practices as disclosed in the proxy statement every year. In the future, we may determine that a less frequent advisory vote is appropriate, either in response to the vote of our shareholders on this Proposal Thirteen or for other reasons.

The Proxy Card provides shareholders with the opportunity to choose among four options (holding the vote every one, two or three years, or abstaining) and therefore shareholders will not be voting to approve or disapprove the recommendation of the Board of Directors.

THE BOARD UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" THE OPTION OF EVERY ONE YEAR FOR FUTURE ADVISORY VOTES ON THE COMPENSATION OF GARMIN'S NAMED EXECUTIVE OFFICERS.

AUDIT MATTERS

Report of Audit Committee

This report is submitted by the Audit Committee of the Board.

The Board pursues its responsibility for oversight of Garmin's financial reporting process through the Audit Committee. The Board, in its business judgment, has determined that all members of the Audit Committee are independent and financially literate as required by the applicable listing standards of the NASDAQ Stock Market. The Audit Committee operates pursuant to a charter adopted by the Board, as amended and restated on July 22, 2016, a copy of which is posted at

http://www8.garmin.com/aboutGarmin/invRelations/documents/Audit_Committee_Charter_160722.pdf The Audit Committee and the Board annually review and assess the adequacy of the charter.

The Audit Committee meets regularly with the independent auditor, management and Garmin's internal auditors. The independent auditor and Garmin's internal auditors have direct access to the Audit Committee, with and without the presence of management representatives, to discuss the scope and results of their work and their comments on the adequacy of internal accounting controls and the quality of financial reporting.

In performing its oversight function, the Audit Committee reviewed and discussed Garmin's audited consolidated financial statements for the fiscal year ended December 31, 2016 with management and with Ernst & Young LLP, the independent registered public accounting firm retained by Garmin to audit its financial statements, and with Ernst & Young Ltd., its statutory auditor. The Audit Committee received and reviewed management's representation and the opinion of the independent registered public accounting firm and the statutory auditor that Garmin's audited financial statements were prepared in accordance with United States generally accepted accounting principles. The Audit Committee also discussed with the independent registered public accounting firm and the statutory auditor during the 2016 fiscal year the matters required to be discussed by applicable standards and rules of the Public Company Accounting Oversight Board and the SEC.

The Audit Committee received from Ernst & Young LLP the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding Ernst & Young LLP's communications with the Audit Committee concerning independence and discussed with Ernst & Young LLP the independence of their firm. The Audit Committee considered whether the non-audit services provided by Ernst & Young LLP are compatible with their independence.

Based upon the review and discussions referenced above, the Audit Committee recommended to Garmin's Board, and the Board approved, that the audited consolidated financial statements be included in Garmin's Annual Report on Form 10-K for the fiscal year ended December 31, 2016, for filing with the SEC.

Independent Registered Public Accounting Firm Fees

The following table sets forth the aggregate fees billed to Garmin for the fiscal year ended December 31, 2016 and the fiscal year ended December 26, 2015 by Garmin's independent registered public accounting firm, Ernst & Young LLP (U.S. dollars listed in thousands):

(U.S. Dollars listed in thousands)	2016	2015
Audit Fees	\$2,895	\$2,827
Audit Related Fees ^{(a)(b)}	\$52	\$13
All Other Fees ^(c)	\$3	\$3
TOTAL:	\$2,950	\$2,843

(a) Audit Related Fees for 2016 and 2015 comprised compliance services related to the Company's cancellation of formation shares and share par value reduction.

(b) The Audit Committee has concluded that the provision of these services is compatible with maintaining the independence of Ernst & Young.

(c) All Other Fees for 2016 and 2015 are comprised of on-line subscription fees.

Pre-Approval of Services Provided by the Independent Auditor

The Audit Committee has adopted a policy that requires advance approval by the Audit Committee of all audit services, audit-related services, tax services and other services performed by Ernst & Young. The policy provides for pre-approval by the Audit Committee annually of specifically defined services up to specifically defined fee levels. Unless the specific service has been previously pre-approved with respect to that year, the Audit Committee must approve the permitted service before Ernst & Young is engaged to perform it. The Audit Committee has delegated to the Audit Committee Chairman authority to approve permitted services provided that the Chairman reports any such approval decisions to the Audit Committee at its next meeting. The Audit Committee pre-approved all services that Ernst & Young rendered to Garmin and its subsidiaries in 2016.

Our Compensation Philosophy

Garmin’s management and Compensation Committee consider executive compensation in light of the entire associate population in order to establish compensation practices that we believe are competitive based on our recruitment and retention experience. We also strive to establish compensation practices that are viewed as internally equitable and fair for executives, other associates, and shareholders. Executives are therefore compensated using the same elements and techniques as the broader group of associates who contribute to Garmin’s success. Garmin’s executive compensation program has achieved strong support from shareholders with over 98% of the shares voted at the 2016 Annual General Meeting

[Back to Contents](#)

of Shareholders having voted in favor of approval of the compensation of Garmin's Named Executive Officers, as disclosed in the proxy statement for Garmin's 2016 Annual General Meeting of Shareholders.

Executive compensation is tied to individual and company performance through use of stock compensation programs designed to align the interests of executives and shareholders based on the common goal of growing shareholder value. Garmin establishes executive compensation taking into account market information obtained from independent surveys and through recruiting, retention, and networking. The Compensation Committee also considers other factors, such as job responsibilities and performance, internal equity considerations and the level of past compensation adjustments, as described below.

Garmin does not attempt to set compensation to meet specific benchmarks, such as targeting a specific percentile of a compensation component paid by one or more peer groups. Garmin sets executive compensation based on its knowledge of individualized contributions and capabilities of its personnel and the positions involved and the amount and form of compensation that Garmin believes is needed to attract, motivate and retain appropriate talent.

Objectives of the Compensation Program

The objectives of Garmin's executive compensation program are to:

- Provide executive compensation that Garmin believes is fair, reasonable and competitive in order to attract, motivate and retain a highly qualified executive team;
- Reward executives for individual performance and contribution;
- Provide incentives to executives to enhance shareholder value;
- Reward executives for long-term, sustained individual and Company performance; and
- Provide executive compensation that is viewed as internally equitable and fair by both the executives and the broader Garmin employee population.

Key Governance Features

What We Do *What We Don't*

Do

Mitigate excessive risk-taking behaviors by Named Executive Officers:

Garmin's Board of Directors regularly reviews the risks related to our executive compensation program, and our program includes features that reduce the likelihood of our Named Executive Officers, either individually or as a group, making excessively risky business decisions that could maximize short-term results at the expense of long-term value.

Use long-term incentives to link a significant portion of pay to company performance over time

A significant portion of each Named Executive Officer's total compensation consists of long-term incentive compensation, such as time-based vesting restricted stock units and time-based and performance-based vesting restricted stock units, which vest over time and have their values directly linked to company performance.

Have a Clawback Policy that authorizes the Compensation Committee to recoup executive compensation:

In the event of an accounting restatement of Garmin's financial statements due to misconduct resulting in Garmin's material noncompliance with financial reporting requirements under securities laws, Garmin may recoup performance-based compensation received by Garmin's executive officers. See "Adjustment or Recovery of Awards or Payments" below for a more detailed description of this policy.

Include double-trigger change in control provisions in equity awards:

Accelerated vesting of equity awards would only occur following change in control if a Named Executive Officer resigns with good reason or is terminated without cause within 12 months following the change in control.

Strongly discourage hedging and pledging of Garmin securities:

We strongly discourage Named Executive Officers from engaging in transactions pursuant to which they would hedge the economic risk of Garmin stock ownership or pledge Garmin securities as collateral for a loan. According to the Garmin Ltd. Statement of Insider Trading Policy, any Named Executive Officer or other insider who wishes to enter into such a hedging or pledging transaction must first pre-clear the proposed transaction with Garmin's Compliance Officer. During each of 2014, 2015 and 2016 none of our Named Executive Officers or Board members engaged in any hedging or pledging transactions with respect to Garmin shares.

No severance agreements:

We do not have severance agreements with any of our Named Executive Officers that would require us to make cash payments upon termination of their employment.

No cash payments upon change in control:

We do not have any separate change in control agreements that would obligate us to make any cash payments to any Named Executive Officers upon a change of control.

No tax gross-ups:

We do not provide tax gross-ups or reimbursements to Named Executive Officers (except as provided pursuant to our standard relocation practices).

No executive perquisites:

We do not provide perquisites to any of our Named Executive Officers that are not otherwise provided to other employees of the Garmin entity where they are employed.

No annual cash bonuses:

We do not pay material annual cash bonuses to any of our Named Executive Officers

No post-retirement benefit plans. No supplemental executive retirement plans.

We do not have any post-retirement benefit plans that would provide post-retirement benefits to any of our Named Executive Officers. We do not have any supplemental executive retirement plans.

No repricing or backdating of underwater equity awards

We do not reprice or backdate any underwater equity awards.

Engagement with our Shareholders

Garmin seeks shareholder input on executive compensation matters through an annual advisory vote on executive compensation in accordance with U.S. securities laws. In addition, the maximum aggregate compensation of our Executive Management (which consists of our CEO and CFO) and the maximum aggregate compensation of our Board of Directors are each subject to an annual binding vote in accordance with Swiss law.

Consideration of Last Year's "Say on Pay" Vote

Garmin provides its shareholders with an annual, advisory "say on pay" vote. At Garmin's 2016 Annual General Meeting of Shareholders, in an advisory, non-binding vote, over 98% of the shares voted were voted in favor of approval of the compensation of Garmin's Named Executive Officers. Although this was only an advisory vote and the results were not binding on Garmin or the Compensation Committee, the Compensation Committee reviewed and considered the results. Taking into account the strong support demonstrated by our shareholders, the Committee was encouraged to continue its practices in determining executive compensation. The next vote on the frequency of "say on pay" votes will be held at our Annual General Meeting on June 9, 2017.

How We Determine Executive Compensation

Role of the Compensation Committee

Our Compensation Committee is comprised of four independent directors, as defined under NASDAQ Marketplace Rules. The Compensation Committee oversees the design and administration of Garmin's executive compensation programs and evaluates these programs against competitive practices, legal and regulatory developments and corporate governance trends. In making compensation decisions, the Compensation Committee considers each executive's performance and other relevant factors, including the scope of each executive's position and responsibilities, the achievement of Company goals, the current business environment and anticipated changes, executive retention and recruitment considerations, the mix of fixed compensation (e.g. base salary) versus variable compensation (e.g. short and long-term incentives), the level of past compensation adjustments and the level of risk associated with the executives' total direct compensation package.

The Compensation Committee discusses and determines the compensation of Dr. Kao and Mr. Pemble without them being present.

Role of Management

Mr. Pemble, our Chief Executive Officer, discusses with the Compensation Committee compensation recommendations for each of the executives, other than his own compensation. Mr. Pemble attended meetings of the Compensation Committee to discuss 2016 executive compensation matters, but he is not a member of the Compensation Committee and does not vote on Compensation Committee matters. Mr. Pemble was not present for certain portions of Compensation Committee meetings, such as when the Compensation Committee discussed his own performance and individual compensation.

Role of Compensation Consultant

The Compensation Committee engaged Meridian Compensation Partners, LLC (“Meridian”) in 2014 to assist the Compensation Committee with developing a focused comparator group. Garmin’s Compensation Committee and Executive Management communicated two important selection criteria to Meridian. The first selection criterion was that Garmin is a culture-driven company, which helps Garmin to retain talented executives, and the second selection criterion was that the Kansas City region is a likely source of future executive talent for Garmin. Meridian then identified a pool of 45 potential candidates to include in the comparator group, taking into account these two criteria, together with company size, market capitalization, revenue and industry. Following discussion between Meridian and Garmin’s Compensation Committee, the list of candidates was refined and finalized to consist of the following companies:

Adobe Systems Inc.	National Instruments Corporation
Ametek Inc.	NCR Corp.
Autodesk, Inc.	NetApp, Inc.
Belden Inc.	Netflix, Inc.
Cerner Corporation	Red Hat Inc.
Citrix Systems, Inc.	Rockwell Collins Inc.
Esterline Technologies Corp.	Sensata Technologies Holding NV
FEI Company	SunEdison, Inc.
Fitbit, Inc.	Toro Co.
FLIR Systems, Inc.	Trimble Navigation Limited
GoPro, Inc.	Visteon Corporation
Harman International Industries, Inc.	

[Back to Contents](#)

SanDisk Corp. was originally on this list of companies, but it was replaced by Fitbit, Inc. in 2016 after SanDisk Corp. ceased being a publicly traded company as a result of an acquisition. The Compensation Committee used the comparator group's executive compensation data primarily to assess the overall competitiveness of Garmin's compensation programs and to obtain information on compensation trends. Garmin does not attempt to set compensation to meet specific benchmarks, such as targeting a specific percentile of a compensation component paid by one or more comparator groups.

Elements of Compensation

We have two elements of total direct compensation for our executives: base salary and long-term equity compensation. We also provide retirement and benefit programs to our executives. To provide a clear picture of all elements of our executive compensation program, the dashboard below provides a single snapshot and describes why each element is provided. Additional information about the key elements of our compensation programs is included below the dashboard.

Current Year's Performance: Salary and Annual Incentives

Base Salary

We believe that a competitive base compensation program is an important factor in attracting, motivating and retaining talented associates at all levels of the organization. We determine base compensation levels based generally on assessment of performance, internal equity considerations, the level of past compensation adjustments and market information obtained from independent surveys and through recruiting, retention and networking. Executives are paid a base salary as compensation for the performance of their primary duties and responsibilities.

The base salary for Garmin's Executive Chairman and Chief Executive Officer is determined annually by the Compensation Committee. The Compensation Committee's deliberations regarding the base salary of each of the Executive Chairman and the Chief Executive Officer are made without the Executive Chairman or Chief Executive Officer being present.

The base salary for each of the other Named Executive Officers is reviewed annually and is based upon the recommendation of Mr. Pemble and the executive's individual duties and responsibilities, experience and overall performance and internal equity considerations.

Because Dr. Kao owns a significant amount of Garmin shares, and, therefore, already has a strong incentive to create shareholder value, he has requested that the Compensation Committee provide him only a relatively modest base salary and that he not be awarded restricted stock units, performance shares, stock options or any other form of equity compensation.

GARMIN LTD. - *2017 Proxy Statement* 35

[Back to Contents](#)

The following table shows the base salary in U.S. dollars of each of the Named Executive Officers in 2014, 2015 and 2016:

Name	2014	2015	* 2016
Dr. Kao	\$350,000	\$350,000	\$350,000
Mr. Pemble	\$665,002	\$680,000	\$690,000
Mr. Boessen	\$550,000	\$557,000	\$567,000
Mr. Etkind	\$527,000	\$540,000	\$562,000
Mr. Bartel	\$478,003	\$490,000	\$504,000
Mr. Munn	\$453,002	\$464,000	\$474,000

The 2015 base salaries shown in this table for Dr. Kao and Messrs. Boessen, Bartel and Munn are slightly different from the amounts shown in the Summary Compensation Table on page 40 because the amounts each of them actually received during 2015 (as shown in the Summary Compensation Table) were slightly lower than their base salaries (shown in this table) due to a change in Garmin International, Inc.'s payroll schedule.

Annual Incentive and Bonus Awards

Garmin does not offer an annual cash bonus program. In 2016, Garmin's Named Executive Officers, including the Executive Chairman and the Chief Executive Officer, each received a U.S. \$256 annual holiday cash bonus (or its equivalent in Swiss francs in the case of Mr. Etkind). This is the same annual holiday cash bonus that was paid to other employees of Garmin's U.S. and European subsidiaries.

Long-Term Performance: Restricted Stock Units and Stock Options

Garmin's management and Compensation Committee believe that stock ownership is the most important element in achieving the goals of Garmin's compensation program. Stock ownership aligns the long-term interests of associates with those of shareholders, provides long-term retention incentive, and ties compensation to performance through the creation of shareholder value. While Garmin does not require a specific level of stock ownership for our associates, Garmin encourages stock ownership by offering a variety of stock compensation programs.

The form and amount of stock compensation awarded to each executive is determined by the Compensation Committee based primarily on the recommendation of Mr. Pemble (other than with regard to his own compensation) and the executive's individual duties and responsibilities, experience and overall performance. Factors considered by the Compensation Committee in evaluating individual performance include the executive's overall performance, the executive's performance relative to his peers within Garmin, the nature and scope of the executive's position and responsibilities, the executive's past compensation adjustments and retention considerations, the level of risk associated with the executive's total direct compensation package and the current business environment and anticipated changes to such environment.

Time-Based Vesting Restricted Stock Units

It is Garmin's practice to grant stock in the form of full value RSUs that vest over a specified time period, which provides a long-term retention incentive, aligns the interests of associates with those of other shareholders and encourages an appropriate degree of risk-taking that is consistent with long-term growth. The total value of each RSU grant is generally linked to the assessment by management, and approval by the Compensation Committee, of the value of individual performance of the recipient and its contribution to Garmin's overall performance. Since individual and Company performance are the primary drivers in determining the amounts of specific awards of RSUs, we believe that time vesting alone is the appropriate structure to achieve the objectives described above. The value of RSUs increases over time only if our share price increases, which serves to encourage improved Company performance and long-term value creation, thereby benefitting all of our shareholders. While RSUs are dependent upon share price appreciation for increased value, they also offer downside risk protection because they continue to have value even if the share price declines from the price on the date of grant. RSUs have been Garmin's primary means of long term incentive compensation since the end of 2008.

The following table shows the grant date fair value in U.S. dollars of the RSUs awarded to each of the Named Executive Officers (other than Dr. Kao) in 2014, 2015 and 2016:

Name	2014 RSUs	2015 RSUs	2016 RSUs
Mr. Pemble	\$593,838	\$608,683	\$750,044
Mr. Boessen	\$191,927	\$196,685	\$200,012
Mr. Etkind	\$191,927	\$196,685	\$209,985
Mr. Bartel	\$191,927	\$196,685	\$209,985
Mr. Munn	\$182,753	\$187,323	\$200,012

Mr. Pemble's RSU award in 2016 was significantly higher than his 2015 and 2014 RSU awards because Mr. Pemble's years of experience and his performance leading Garmin as its Chief Executive Officer warranted an increased award.

Time-Based and Performance-Based Vesting Restricted Stock Units

In 2015 and 2016, the Compensation Committee granted RSU awards under the Company's 2005 Equity Incentive Plan to certain employees, including Named Executive Officers, whose vesting is contingent upon the achievement of certain fiscal year revenue and profitability targets established by the Compensation Committee, as well as on time-based vesting requirements ("PC-RSUs"). At a meeting of the Compensation

Back to Contents

Committee following the end of the fiscal year (the “Certification Date”) in which the PC-RSU awards were granted, the Compensation Committee will determine whether each of the performance targets for these PC-RSU awards was achieved, and the percentage of the PC-RSU’s that corresponds with the weighting attributed to each performance target that was achieved will be payable to the grantee as follows: one-third will be payable within 30 days after the Certification Date if the grantee is then still employed by the Garmin entity that employs the grantee; one-third will be payable on the first anniversary of the Certification Date if the grantee is then still employed by the Garmin entity that employs the grantee; and the remaining one-third will then be payable on the second anniversary of the Certification Date if the grantee is then still employed by the Garmin entity that employs the grantee.

The Compensation Committee believes that the performance-based element of these annual PC-RSU awards further aligns the interests of Garmin’s Named Executive Officers and other key employees with the interests of Garmin’s shareholders, and that the time-based element will further the objective of retaining Named Executive Officers and other key employees.

The Compensation Committee also believes that basing the performance-based vesting conditions of the PC-RSU awards on absolute performance targets (i.e. targets based on Garmin’s actual performance) rather than relative performance targets (i.e. targets based on Garmin’s performance as compared to the performance of other companies in a selected comparator group) aligns the interests of Garmin’s Named Executive Officers and other key employees with the long term interests of Garmin’s shareholders because the value of Garmin’s shares are based more on Garmin’s actual performance than on Garmin’s relative performance compared to other companies in a selected comparator group. In addition, the absolute targets are closely aligned with full-year guidance publicly released by Garmin, meaning that Garmin’s shareholders should benefit as well, when the absolute targets are achieved. This would not necessarily be the case with relative targets because such targets could be achieved even if Garmin’s absolute performance was not as good as expected.

The following table shows the grant date fair value in U.S. dollars of the PC-RSUs awarded to each of the Named Executive Officers (other than Dr. Kao) in 2015 and 2016 (no PC-RSUs were awarded to any of the Named Executive Officers in 2014):

Name	2014 PC-RSUs	2015 PC-RSUs	2016 PC-RSUs
Mr. Pemble	N/A	\$ 598,018	\$ 649,985
Mr. Boessen	N/A	\$ 193,258	\$ 210,017
Mr. Etkind	N/A	\$ 193,258	\$ 210,017
Mr. Bartel	N/A	\$ 193,258	\$ 210,017
Mr. Munn	N/A	\$ 184,069	\$ 199,995

The performance targets and percentage weighting for the 2015 PC-RSUs were as follows:

Edgar Filing: GARMIN LTD - Form DEF 14A

Applicable Performance Target	Target Level	Target Percentage Weighting	Actual Percentage Achieved
2015 Fiscal Year Revenue	U.S. \$2.95B	40%	40% if target achieved; 0% if not
2015 Fiscal Year Operating Income \$	U.S. \$691M	30%	30% if target achieved; 0% if not
2015 Fiscal Year Operating Margin %	23.4%	30%	30% if target achieved; 0% if not

On the Certification Date in February 2016, the Compensation Committee determined that none of the performance targets for the 2015 PC-RSU awards were achieved. This means that, although the grant date fair value of the 2015 PC-RSU awards is included in the Summary Compensation Table below for 2015 in accordance with applicable regulations and accounting standards, none of the 2015 PC-RSUs have or will actually be paid to any of the Named Executive Officers.

The performance targets and percentage weighting for the 2016 PC-RSUs were as follows:

Applicable Performance Target	Target Level	Target Percentage Weighting	Actual Percentage Achieved
2016 Fiscal Year Revenue	U.S. \$2.83B	40%	40% if target achieved; 0% if not
2016 Fiscal Year Operating Income \$	U.S. \$516M	30%	30% if target achieved; 0% if not
2016 Fiscal Year Operating Margin %	20%	30%	30% if target achieved; 0% if not

On the Certification Date in February 2017, the Compensation Committee determined that all of the performance targets for the 2016 PC-RSU awards were achieved. This means that the 2016 PC-RSUs are now subject only to the time-based vesting conditions.

Stock –Settled Stock Appreciation Rights (“SARs”)

In December 2014, the Compensation Committee decided to grant an award of SARs to each of Mr. Pemble and Mr. Boessen in order to strongly link the interests of our Chief Executive Officer (Mr. Pemble) and Chief Financial Officer (Mr. Boessen) with the interests of shareholders.

The following table shows the grant date fair value of the SARs awarded to Mr. Pemble and Mr. Boessen in 2014 (none of the other Named Executive Officers were granted SARs in 2014, and no SARs were granted to any Named Executive Officer in 2015 or 2016):

Name	2014 SARs	2015 SARs	2016 SARs
Mr. Pemble	\$427,368	\$N/A	N/A

Mr. Boessen \$157,461 \$N/A N/A

GARMIN LTD. - *2017 Proxy Statement* 37

[Back to Contents](#)

The Compensation Committee decided not to grant SARs to Mr. Pemble or Mr. Boessen, or any other Named Executive Officer, in 2015 and 2016 because the Compensation Committee believes that the performance-based element of the time-based and performance-based vesting restricted stock units described above is well suited to achieve the objective of further aligning the interests of Garmin's Chief Executive Officer, Chief Financial Officer and other Named Executive Officers with the interests of Garmin's shareholders.

Employee Stock Purchase Plan

Garmin offers a discounted stock purchase plan to employees. This plan allows employees to purchase Garmin shares at a per share price equal to 85% of the lesser of (a) the per share closing price of Garmin's shares on the last stock trading day of the offering period, and (b) the per share closing price of Garmin's shares on the first stock trading day of the offering period. Named Executive Officers can participate in this program under the same terms and conditions as all other employees. The plan provides limits on the percentage of salary an employee, including Named Executive Officers, may contribute to the plan and on the total value of Garmin shares that an employee, including Named Executive Officers, may purchase under the plan in any one calendar year.

Benefits; Retirement Contributions

Garmin's Named Executive Officers participate in the same benefits and are covered by the same plans on the same terms as provided to all employees of the Garmin entity by which they are employed. For Garmin's U.S. employees, Garmin matches employee contributions to Garmin's Retirement Plan and makes an additional employer contribution to this plan. In 2016, for all U.S. employees, including the Named Executive Officers employed by Garmin in the U.S., (a) for every dollar the employee contributed to the plan up to 10% of the employee's salary, Garmin contributed 75 cents, and (b) Garmin made an additional contribution equal to 5% of the employee's salary, whether or not the employee contributed to the plan. For 2016, no salary in excess of U.S. \$265,000 was taken into account for either of the foregoing contributions. In 2011, Garmin's Vice President, General Counsel and Corporate Secretary, Mr. Etkind, relocated from the U.S. to Switzerland and has since been employed by Garmin in Switzerland. In 2016 Garmin made contributions to Mr. Etkind's Swiss pension plan account in accordance with Swiss law.

Other Considerations

Executive Ownership; Policies Regarding Hedging and Pledging of Garmin Securities

Garmin does not have formal executive stock ownership guidelines. However, Garmin executives have received in recent years a large portion of their total direct compensation in Garmin, time-based restricted stock units and stock options, and, as set forth in the "*Stock Ownership of Certain Beneficial Owners and Management*" table on pages

11 through 12 of this Proxy Statement, each of the Named Executive Officers owns a significant number of Garmin shares.

Pursuant to the Garmin Ltd. Statement of Insider Trading Policy, Garmin strongly discourages the Named Executive Officers and other insiders from engaging in transactions pursuant to which they would hedge the economic risk of Garmin stock ownership or pledge Garmin securities as collateral for a loan. According to the Garmin Ltd. Statement of Insider Trading Policy, any Named Executive Officer or other insider who wishes to enter into such a hedging or pledging transaction must first pre-clear the proposed transaction with Garmin's Compliance Officer. Any such request for pre-clearance of a hedging, pledging or similar arrangement must be submitted to the Compliance Officer at least two weeks prior to the proposed execution of documents evidencing the proposed transaction and must set forth a justification for the proposed transaction. During each of 2014, 2015 and 2016, none of our Named Executive Officers or Board members engaged in any hedging or pledging transactions with respect to Garmin shares. The Garmin Ltd. Statement of Insider Trading Policy also provides for quarterly black-out periods related to Garmin's quarterly earnings and other potential event specific black-out periods during which "Covered Persons", including Garmin directors, officers and designated employees who regularly come into contact with material nonpublic information, may not engage in transactions involving Garmin shares (other than pursuant to a qualified Rule 10b5-1(c) Trading Plan).

Adjustment or Recovery of Awards or Payments

In the event of an accounting restatement of Garmin's financial statements due to misconduct resulting in Garmin's material noncompliance with financial reporting requirements under securities laws, the Compensation Committee has the discretion to require reimbursement or forfeiture of any performance-based compensation received by any Named Executive Officer or other covered employee during the three-year period preceding the date on which Garmin is required to prepare an accounting restatement. In determining the amount to be recovered, the Compensation Committee may consider, in addition to other factors, the excess of the performance-based compensation paid to the covered employee based on the erroneous data over the performance-based compensation that would have been paid to the covered employee had it been based on the restated results, as determined by the Compensation Committee.

In addition, each of the Named Executive Officers has entered into an agreement with Garmin that include a provision that the Named Executive Officer agrees and consents to forfeiture or required recovery or reimbursement obligations of Garmin with respect to any compensation paid to the Named Executive Officer that is forfeitable or recoverable by Garmin pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 ("Dodd-Frank") and in accordance with Garmin policies and procedures adopted by the Compensation Committee in order to comply with Dodd-Frank, as the same may be amended from time to time.

[Back to Contents](#)

Tax and Accounting Considerations

The Compensation Committee reviews projections of the estimated accounting and tax impact of all material elements of the executive compensation program. Generally, an accounting expense is accrued over the requisite service period of the particular pay element (generally equal to the performance period) and Garmin realizes a tax deduction upon the payment to/realization by the executive.

Section 162(m) of the United States Internal Revenue Code (the “Code”) generally provides that publicly-held corporations may not deduct in the United States any one taxable year compensation in excess of U.S. \$1 million paid to the Chief Executive Officer and certain other highly compensated executive officers unless such compensation qualifies as “performance-based compensation” as defined in the Code and related tax regulations. While the Compensation Committee considers the deductibility of awards as one factor in determining executive compensation, the Committee also looks at other factors in making its decision, as noted above, and retains the flexibility to grant awards it determines to be consistent with Garmin’s objectives for its executive compensation program even if the award is not deductible by Garmin for tax purposes.

Severance Agreements

Garmin does not have severance agreements with any of its Named Executive Officers.

Change-in-Control Benefits

If a Named Executive Officer’s employment is terminated without cause, or the executive resigns with good reason, within twelve months following a change in control of Garmin, all of the executive’s unvested stock options and stock appreciation rights (SARs) would immediately become exercisable and all of the executive’s unvested RSUs and performance shares would immediately become payable.

If a Named Executive Officer’s employment is terminated without cause, or the executive resigns with good reason, after the Certification Date for PC-RSUs and within twelve months following a change in control of Garmin, all of the executive’s PC-RSUs that were earned pursuant to the performance-based vesting element but not yet vested due to the time-based vesting element would immediately become payable. If the executive’s employment is terminated without cause, or the executive resigns with good reason, prior to the Certification Date and within twelve months after the change in control of Garmin, then all of the executive’s PC-RSUs that would have been earned as of the Certification Date pursuant to the performance-based element but for the termination of employment will become immediately payable.

Such accelerated vesting is the only benefit that would be received by the executives upon a change in control, and such benefit would also be received by all other Garmin employees who own unvested stock options, SARs, RSUs, PC-RSUs or performance shares. This change-in-control protection is designed to provide adequate protection for executives so that they may focus their efforts on effective leadership, rather than significant compensation loss, during a time that Garmin is considering or undertaking a change in control.

The Compensation Committee reviewed and discussed with management this “Compensation Discussion and Analysis” section of this Proxy Statement. Based upon such review and discussion, the Compensation Committee recommended to the Board that the “Compensation Discussion and Analysis” section be *included in this Proxy Statement*.

For RSUs, that amount is calculated by multiplying the closing price of Garmin shares on the NASDAQ stock market on the date of grant discounted in accordance with accounting requirements to reflect that dividend equivalents are not paid on the RSUs, then multiplied by the number of shares to be awarded. Such accelerated vesting is the only benefit that would be received by a Named Executive Officer upon a change in control and such benefit would also be received by all other employees of Garmin or its subsidiaries who own unvested stock options, stock appreciation rights, restricted stock units or performance shares.
