Enclosure No.5

DC06- 192

April 24th, 2006

TRIENNIAL VALUATION REVIEW OF THE BT PENSION SCHEME

BT and the Trustees of the BT Pension Scheme (BTPS) today announced that discussions on the triennial funding valuation of the BTPS (as at 31 December 2005) and the associated funding plan were continuing, and that their conclusions would be announced some time after the preliminary announcement of the BT results for the year to 31 March 2006. In particular, they will examine the implications of recent pensions legislation, regulations and draft guidelines for the Crown Guarantee given on privatisation, and hence for any new funding plan. Further regulatory guidance is also expected within the next few weeks on the funding of Defined Benefit pensions schemes, following a recent consultation.

Sir Christopher Bland, Chairman of BT said: 'BT stands fully behind its pension promise to pensioners and members. The existing Guarantee, which applies only on a winding up of the Company, represents an added reinforcement to the company's covenant and an extra layer of security for BT's pensioners. The Scheme is well-managed and assets have grown very strongly in recent years'.

Sir Tim Chessells, Chairman of the Trustees said: 'It is in the interests of all BT pensioners and Scheme members that we understand fully how the

Edgar Filing: BT GROUP PLC - Form 6-K

Guarantee - which is an important insurance policy for many members - interacts with the new laws.'

Funding valuation

The last full triennial valuation - as at 31 December 2002 - concluded that there was a funding deficit of GBP2.1 billion, which BT agreed to repay at GBP232m per annum. This sum is additional to regular employer contributions.

The BTPS had assets at 31 December 2002 of GBP23bn and this had risen to over GBP34bn at 31 December 2005.

Accounting valuation

BT's IAS19 accounting deficit in relation to the BTPS at 31 March 2005 was GBP4.7bn (GBP 3.3bn net of tax) and is estimated to have fallen to about GBP2.5bn (GBP1.8bn net of tax) as at 31 March 2006.

NOTES TO EDITORS

* the BT Pensions Scheme (BTPS) is a Defined Benefit (DB) scheme and was closed to new members on 1 April 2001. A Defined Contribution (DC) scheme, the BT Retirement Plan, is in place for those joining since 1 April 2001.

* the Guarantee is set out in section 68 of the 1984 Telecommunications Act, as amended by the 2003 Communications Act

* the Guarantee applies, on a winding up of the company, to pensions liabilities transferred to the company on 6 August 1984. It covers the pensions entitlement for anyone who joined the Scheme before that date. The Scheme Actuary estimates that the Guarantee covers about three quarters of current Scheme liabilities. The Guarantee does not apply in relation to those joining the Scheme after 6 August 1984. Recent pensions regulations state that legislative provisions on scheme funding - the statement of funding principles, recovery plans, regulatory guidance etc under Part 3 of the Pensions Act 2004 - do not apply to guaranteed parts of pensions schemes; this means the guaranteed part remains subject to the existing BTPS Trust Deed rules. In addition, the Pensions Protection Fund levy is lowered where risk on insolvency is reduced by virtue of a guarantee.

* the existing Schedule of Contributions following the 2002 triennial review (where BT pays GBP232m per annum) continues until such time as agreement is reached between BT and Trustees on any new funding plan.

* the formal date by which a conclusion on the current triennial review must be reached is 31 March 2007

* the Pensions Regulator (TPR) is currently reviewing responses to its consultation on draft guidance on the Funding of DB Schemes. A final statement is expected shortly, and this will offer guidance to those parts of schemes not subject to a guarantee.

* BT is scheduled to publish its preliminary results for year end 31 March 2006 on 18 May 2006, which will include details of the finalised IAS19 pensions position.
