**CLEAR CHANNEL OUTDOOR HOLDINGS, INC. AND SUBSIDIARIES**

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**

**(UNAUDITED)**

**NOTE 1 – BASIS OF PRESENTATION**

**Preparation of Interim Financial Statements**

The accompanying consolidated financial statements were prepared by Clear Channel Outdoor Holdings, Inc. (the “Company”) pursuant to the rules and regulations of the Securities and Exchange Commission (“SEC”) and, in the opinion of management, include all normal and recurring adjustments necessary to present fairly the results of the interim periods shown. Certain information and footnote disclosures normally included in financial statements prepared in accordance with U.S. generally accepted accounting principles (“GAAP”) have been condensed or omitted pursuant to such SEC rules and regulations. Management believes that the disclosures made are adequate to make the information presented not misleading. Due to seasonality and other factors, the results for the interim periods are not necessarily indicative of results for the full year. The financial statements contained herein should be read in conjunction with the consolidated financial statements and notes thereto included in the Company’s 2012 Annual Report on Form 10-K.

The consolidated financial statements include the accounts of the Company and its subsidiaries and give effect to allocations of expenses from the Company’s indirect parent entity, Clear Channel Communications, Inc. (“Clear Channel Communications”). These allocations were made on a specifically identifiable basis or using relative percentages of headcount or other methods management considered to be a reasonable reflection of the utilization of services provided. Also included in the consolidated financial statements are entities for which the Company has a controlling financial interest or is the primary beneficiary. Investments in companies in which the Company owns 20 percent to 50 percent of the voting common stock or otherwise exercises significant influence over operating and financial policies of the Company are accounted for under the equity method. All significant intercompany transactions are eliminated in the consolidation process. Certain prior-period amounts have been reclassified to conform to the 2013 presentation.

**Adoption of New Accounting Standards**

During the first quarter of 2013, the Company adopted the Financial Accounting Standards Board's (“FASB”) ASU No. 2013-02, *Reporting of Amounts Reclassified Out of Accumulated Other Comprehensive Income*. The amendments are effective for fiscal years (and interim periods within) beginning after December 15, 2012 and sets requirements for presenting information about amounts reclassified out of accumulated other comprehensive income and their corresponding effect on net income. Substantially all of the information required to be disclosed under this amendment are required to be disclosed elsewhere in the financial statements under GAAP. The adoption of this guidance did not have a material effect on the Company's consolidated financial statements.

During the first quarter of 2013, the FASB issued ASU No. 2013-04, *Obligations Resulting from Joint and Several Liability Arrangements for Which the Total Amount of the Obligation Is Fixed at the Reporting Date*. This update provides guidance for the recognition, measurement and disclosure of obligations resulting from joint and several liability arrangements for which the total amount of the obligation within the scope of this guidance is fixed at the reporting date. The amendments are effective for fiscal years (and interim periods within) beginning after December 15, 2013 and are to be applied retrospectively to all prior periods presented for such obligations that exist at the beginning of an entity's fiscal year of adoption. Early adoption is permitted. The Company plans to adopt the standard on a retrospective basis for the first quarter of 2014 for any existing obligations within the scope of this update. The Company is currently evaluating the guidance to determine the potential impact, if any, the adoption may have on its financial results and disclosures.

During the first quarter of 2013, the FASB issued ASU No. 2013-05, *Parent's Accounting for the Cumulative Translation Adjustment upon Derecognition of Certain Subsidiaries or Groups of Assets within a Foreign Entity of an Investment in a Foreign Entity*. The amendments are effective prospectively for the fiscal years (and interim periods within) beginning after December 15, 2013 and provide clarification guidance for the release of the cumulative translation adjustment under the current GAAP. Early adoption is permitted. The Company plans to adopt the standard for the first quarter of 2014. The Company is currently evaluating the guidance to determine the potential impact, if any, the adoption may have on its financial results and disclosures.

During the third quarter of 2013, the FASB issued ASU No. 2013-11, *Presentation of an Unrecognized Tax Benefit When a Net Operating Loss Carryforward, a Similar Tax Loss, or a Tax Credit Carryforward Exists*. This update requires unrecognized tax benefits to be offset against a deferred tax asset for a net operating loss carryforward, similar tax loss or tax credit carryforward in certain situations. The amendments are effective prospectively for the fiscal years (and interim periods within) beginning after December 15, 2013. Early adoption is permitted. The Company plans to adopt the standard for the first quarter of 2014. The Company does not expect any material impact upon adopting the standard.

**Indefinite-lived Intangible Assets**

The Company's indefinite-lived intangible assets consist primarily of billboard permits in its Americas segment. Due to significant differences in both business practices and regulations, billboards in the International segment are subject to long-term, finite contracts unlike the Company's permits in the United States and Canada. Accordingly, there are no indefinite-lived intangible assets in the International segment.

**Other Intangible Assets**

Other intangible assets include definite-lived intangible assets and permanent easements. The Company's definite-lived intangible assets consist primarily of transit and street furniture contracts, site-leases and other contractual rights, all of which are amortized over the shorter of either the respective lives of the agreements or over the period of time the assets are expected to contribute directly or indirectly to the Company's future cash flows. Permanent easements are indefinite-lived intangible assets which include certain rights to use real property not owned by the Company. The Company periodically reviews the appropriateness of the amortization periods related to its definite-lived intangible assets. These assets are recorded at cost.

The following table presents the gross carrying amount and accumulated amortization for each major class of other intangible assets at September 30, 2013 and December 31, 2012, respectively:

Under the fair value hierarchy established by ASC 820-10-35, the market value of the Company's debt is classified as Level 2.

**Senior Revolving Credit Facility Due 2018**

During the third quarter of 2013, the Company entered into a five-year senior secured revolving credit facility with an aggregate principal amount of \$75.0 million. The revolving credit facility may be used for working capital, to issue letters of credit and for other general corporate purposes. At September 30, 2013, there were no amounts outstanding under the revolving credit facility, and \$32.6 million of letters of credit under the revolving credit facility, which reduce availability under the facility.

**CLEAR CHANNEL OUTDOOR HOLDINGS, INC. AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)****(UNAUDITED)****NOTE 4 – SUPPLEMENTAL DISCLOSURES****Income Tax Benefit (Expense)**

The Company's income tax benefit (expenses) for the three and nine months ended September 30, 2013 and 2012, respectively, consisted of the following components:

<i>(In thousands)</i>	Three Months Ended September 30,		Nine Months Ended September 30,	
	2013	2012	2013	2012
Current tax benefit (expense)	\$ 1,859	\$ (16,804)	\$ (34,720)	\$ (33,776)

Income tax benefit (expense)	\$ 10,214	\$ (8,212)	\$ 3,126	\$ (1,000)

The effective tax rate is the provision for income taxes as a percent of income before income taxes. The effective tax rates for the three and nine months ended September 30, 2013 were (575.1)% and 6.7%, respectively. The effective rate was primarily impacted by the settlement of tax examinations which resulted in a reduction in tax expense of approximately \$1.0 million during the period and the Company's inability to record tax benefits on tax losses in certain foreign jurisdictions due to the uncertainty of the ability to utilize those losses in future years.

The effective tax rates for the three and nine months ended September 30, 2012 were 24.9% and (5.3)%, respectively. The effective rate for the three months ended September 30, 2012 was primarily impacted by reduced non-U.S. tax rates on financial reporting gains resulting from the disposition of certain foreign subsidiaries. The effective tax rate for the nine months ended September 30, 2012 was primarily impacted by the inability to record tax benefits on tax losses in certain foreign jurisdictions due to the uncertainty of the ability to utilize those losses in future periods.

**Supplemental Cash Flow Information**

During the nine months ended September 30, 2013 and 2012, cash paid for interest and income taxes, net of income tax refunds of \$1.2 million and \$3.7 million, respectively, was as follows:

**NOTE 5 – FAIR VALUE MEASUREMENTS**

The Company holds marketable equity securities classified in accordance with the provisions of ASC 320-10. These marketable equity securities are measured at fair value on each reporting date using quoted prices in active markets. Due to the fact that the inputs used to measure the marketable equity securities at fair value are observable, the Company has categorized the fair value measurements of the securities as Level 1 in accordance with ASC 820-10-35. The Company records its investments in these marketable equity securities on the balance sheet as “Other Assets.”

**NOTE 6 – COMMITMENTS, CONTINGENCIES AND GUARANTEES**

The Company and its subsidiaries are involved in certain legal proceedings arising in the ordinary course of business and, as required, have accrued an estimate of the probable costs for the resolution of those claims for which the occurrence of loss is probable and the amount can be reasonably estimated. These estimates have been developed in consultation with counsel and are based upon an analysis of potential results, assuming a combination of litigation and settlement strategies. It is possible, however, that future results of operations for any particular period could be materially affected by changes in the Company's assumptions or the effectiveness of its strategies related to these proceedings. Additionally, due to the inherent uncertainty of litigation, there can be no assurance that the resolution of any particular claim or proceeding would not have a material adverse effect on the Company's financial condition or results of operations.

Although the Company is involved in a variety of legal proceedings in the ordinary course of business, a large portion of the Company's litigation arises in the following contexts: commercial disputes; employment and benefits related claims; governmental fines; and tax disputes.

***Stockholder Litigation***

Two derivative lawsuits were filed in March 2012 in Delaware Chancery Court by stockholders of the Company. The consolidated lawsuits were captioned *In re Clear Channel Outdoor Holdings, Inc. Derivative Litigation*, Consolidated Case No. 7315-CS. The complaints named as defendants certain of Clear Channel Communications' and the Company's current and former directors and Clear Channel Communications, as well as Bain Capital Partners, LLC and Thomas H. Lee Partners, L.P. The Company also was named as a nominal defendant. The complaints alleged, among other things, that in December 2009 Clear Channel Communications breached fiduciary duties to the Company and its stockholders by allegedly requiring the Company to agree to amend the terms of a revolving promissory note payable by Clear Channel Communications to the Company (the "Due from CCU Note") to extend the maturity date of the note and to amend the interest rate payable on the note. According to the complaints, the terms of the amended Due from CCU Note were unfair to the Company because, among other things, the interest rate was below market. The complaints further alleged that Clear Channel Communications was unjustly enriched as a result of that transaction. The complaints also alleged that the director defendants breached fiduciary duties to the Company in connection with that transaction and that the transaction constituted corporate waste. On March 28, 2013, to avoid the costs, disruption and distraction of further litigation, and without admitting the validity of any allegations made in the complaint, legal counsel for the defendants entered into a binding memorandum of understanding (the "MOU") with legal counsel for a special litigation committee consisting of certain of the Company's independent directors and the plaintiffs to settle the litigation. The Company filed the MOU with the SEC as an exhibit to its Current Report on Form 8-K filed on April 3, 2013. On July 8, 2013, the parties executed a Stipulation of Settlement, on terms consistent with the MOU, and presented the Stipulation of Settlement to the Delaware Chancery Court for approval. The Company filed the Stipulation of Settlement with the SEC as an exhibit to its Current Reports on Form 8-K filed

on July 9, 2013 and July 19, 2013. On September 9, 2013, the Delaware Chancery Court approved the settlement and, on October 9, 2013, the right to appeal expired.

On October 19, 2013, in accordance with the terms of the settlement, the Company (i) notified Clear Channel Communications of its intent to make a demand for repayment of \$200 million outstanding under the Due from CCU Note on November 8, 2013, (ii) declared a dividend of \$200 million, which is conditioned upon Clear Channel Communications having satisfied such demand, to be paid on November 8, 2013, and (iii) established a committee of its board of directors for the specific purpose of monitoring the Due from CCU Note.

On October 23, 2013, Clear Channel Communications and the Company amended the Due from CCU Note in accordance with the terms of the settlement.

The Company announced its intent to make a demand for repayment of \$200 million outstanding under the Due from CCU Note and its declaration of the dividend in its Current Report on Form 8-K filed on October 21, 2013, and filed a copy of the amendment to the Due from CCU Note as an exhibit to its Current Report on Form 8-K filed on October 23, 2013.

### ***Los Angeles Litigation***

In 2008, Summit Media, LLC, one of the Company's competitors, sued the City of Los Angeles (the "City"), Clear Channel Outdoor, Inc. and CBS Outdoor in Los Angeles Superior Court (Case No. BS116611) challenging the validity of a settlement agreement that had been entered into in November 2006 among the parties. Pursuant to the settlement agreement, Clear Channel Outdoor, Inc. had taken down existing billboards and converted 83 existing signs from static displays to digital displays pursuant to modernization permits issued through an administrative process of the City. The Los Angeles Superior Court ruled in January 2010 that the

settlement agreement constituted an ultra vires act of the City and nullified its existence, but did not invalidate the modernization permits issued to Clear Channel Outdoor, Inc. and CBS. All parties appealed the ruling by the Los Angeles Superior Court to Court of Appeal for the State of California, Second Appellate District, Division 8. On December 10, 2012, the Court of Appeal issued an order upholding the Superior Court's finding that the settlement agreement was ultra vires and remanding the case to the Superior Court for the purpose of invalidating the modernization permits issued to Clear Channel Outdoor, Inc. and CBS for the digital displays that were the subject of the settlement agreement. On January 22, 2013, Clear Channel Outdoor, Inc. filed a petition with the California Supreme Court requesting its review of the matter, and the Supreme Court denied that petition on February 27, 2013. On April 12, 2013, the Los Angeles Superior Court invalidated 82 digital modernization permits issued to Clear Channel Outdoor, Inc. and 13 issued to CBS and ordered that the companies turn off the electrical power to affected digital displays by the close of business on April 15, 2013. Clear Channel Outdoor, Inc. has complied with the order. On April 16, 2013, the Court conducted further proceedings during which it held that it was not invalidating two additional digital modernization permits that Clear Channel Outdoor, Inc. had secured through a special zoning plan and confirmed that its April 12 order invalidated only digital modernization permits – no other types of permits the companies may have secured for the signs at issue. Summit Media, LLC has filed a further motion requesting that the Court order the demolition of the 82 sign structures on which the now-invalidated digital signs operated, as well as the invalidation of several other permits for traditional signs allegedly issued under the settlement agreement. At a hearing held on September 16, 2013 the Court ordered Clear Channel Outdoor, Inc. to produce evidence on a sign-by-sign basis of the permitting history of each sign. This evidentiary hearing is scheduled for November 8, 2013. Additionally, Summit Media, LLC has filed a motion for attorney's fees under a private attorney general theory. That motion currently is scheduled to be heard on December 11, 2013.

In addition, as of September 30, 2013, the Company had outstanding bank guarantees of \$51.4 million related to international subsidiaries, of which \$13.7 million were backed by cash collateral.

**NOTE 7 – RELATED PARTY TRANSACTIONS**

The Company records net amounts due to or from Clear Channel Communications as “Due from/to Clear Channel Communications” on the condensed consolidated balance sheets. The accounts represent the revolving promissory note issued by the Company to Clear Channel Communications and the Due from CCU Note, in the face amount of \$1.0 billion, or if more or less than such amount, the aggregate unpaid principal amount of all advances. The accounts accrue interest pursuant to the terms of the promissory notes and are generally payable on demand or when they mature on December 15, 2017.

Included in the accounts are the net activities resulting from day-to-day cash management services provided by Clear Channel Communications. As a part of these services, the Company maintains collection bank accounts swept daily into accounts of Clear Channel Communications (after satisfying the funding requirements of the Trustee Accounts under the Clear Channel Worldwide Holdings, Inc. (“CCWH”) senior notes and the CCWH Subordinated Notes). In return, Clear Channel Communications funds the Company’s controlled disbursement accounts as checks or electronic payments are presented for payment. The Company’s claim in relation to cash transferred from its concentration account is on an unsecured basis and is limited to the balance of the “Due from Clear Channel Communications” account. At September 30, 2013 and December 31, 2012, the asset recorded in “Due from Clear Channel Communications” on the condensed consolidated balance sheets was \$944.6 million and \$729.2 million, respectively.

The net interest income for the three months ended September 30, 2013 and 2012 was \$14.9 million and \$16.9 million, respectively. At September 30, 2013 and December 31, 2012, the fixed interest rate on the “Due from Clear Channel Communications” account was 6.5%, which is equal to the fixed interest rate on the CCWH senior notes.

The Company's provision for income taxes has been computed on the basis that the Company files separate consolidated federal income tax returns with its subsidiaries. Tax payments are made to Clear Channel Communications on the basis of the Company's separate taxable income. Tax benefits recognized on the Company's employee stock option exercises are retained by the Company.

The Company computes its deferred income tax provision using the liability method in accordance with the provisions of ASC 740-10, as if the Company was a separate taxpayer. Deferred tax assets and liabilities are determined based on differences between financial reporting bases and tax bases of assets and liabilities and are measured using the enacted tax rates expected to apply to taxable income in the periods in which the deferred tax asset or liability is expected to be realized or settled. Deferred tax assets are reduced by valuation allowances if the Company believes it is more likely than not some portion or all of the asset will not be realized.

## **ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

### **Format of Presentation**

Management's discussion and analysis of our financial condition and results of operations ("MD&A") should be read in conjunction with the consolidated financial statements and related footnotes. Our discussion is presented on both a consolidated and segment basis. All references in this Quarterly Report on Form 10-Q to "we," "us" and "our" refer to Clear Channel Outdoor Holdings, Inc. and its consolidated subsidiaries. Our reportable segments are Americas outdoor advertising ("Americas") and International outdoor advertising ("International"). Our Americas and International segments provide outdoor advertising services in their respective geographic regions using various digital and traditional display types.

We manage our operating segments primarily focusing on their operating income, while Corporate expenses, Other operating income (expense), net, Interest expense, Interest income on Due from Clear Channel Communications, Loss on marketable securities, Equity in earnings (loss) of nonconsolidated affiliates, Other income (expense), net and Income tax benefit are managed on a total company basis and are, therefore, included only in our discussion of consolidated results.

Management typically monitors our businesses by reviewing the average rates, average revenue per display, occupancy and inventory levels of each of our display types by market. Our advertising revenue is derived from selling advertising space on the displays we own or operate in key markets worldwide, consisting primarily of billboards, street furniture and transit displays. Part of our long-term strategy is to pursue the technology of digital displays, including flat screens, LCDs and LEDs, as additions to traditional methods of displaying our clients' advertisements. We are currently installing these technologies in certain markets, both domestically and internationally.

Advertising revenue for our segments is highly correlated to changes in gross domestic product ("GDP") as advertising spending has historically trended in line with GDP, both domestically and internationally. Internationally, our results are impacted by fluctuations in foreign currency exchange rates and economic conditions in the foreign markets in which we have operations.

### **Executive Summary**

The key developments in our business for the three and nine months ended September 30, 2013 are summarized below:

- Consolidated revenue decreased \$8.1 million including an increase of \$0.4 million from movements in foreign exchange during the three months ended September 30, 2013, and decreased \$3.7 million including an increase of \$1.3 million from movements in foreign exchange during the first nine months of 2013 compared to the same periods of 2012. Excluding foreign exchange impacts and the \$2.9 million and \$20.4 million impact of our divestiture of our international neon business for the three month and nine month periods of 2012, respectively, consolidated revenue decreased \$5.6 million and increased \$15.4 million, respectively, over the comparable three-month and nine-month periods of 2012.
- Americas revenue decreased \$3.7 million during the three months ended September 30, 2013 compared to the same period of 2012 due primarily to lower airport revenues resulting from contract losses partially offset by increased rates and occupancy from our bulletins. Americas revenue increased \$17.0 million during the nine months ended September 30, 2013 compared to the same period of 2012 due primarily to increases in occupancy, capacity and rates in our digital and traditional product lines.
- International revenue decreased \$4.5 million and \$20.6 million including increases of \$1.0 million and \$2.1 million from movements in foreign exchange during the three and nine months ended September 30, 2013, respectively, compared to the same periods of 2012. Excluding foreign exchange impacts and the \$2.9 million and \$20.4 million impact of our divestiture of our international neon business for the three and nine month periods of 2012, respectively, revenue decreased \$2.6 million and \$2.3 million, respectively, over the comparable three-month and nine-month periods of 2012. Continued weakened macro-economic conditions in Europe were partially offset by growth in other markets.
- During the third quarter of 2013, we spent \$9.1 million on strategic revenue and cost-saving initiatives to realign and improve our on-going business operations—a decrease of \$0.7 million compared to the third quarter of 2012. For the nine months ended September 30, 2013, we spent \$23.5 million on strategic revenue and cost-saving initiatives—a decrease of \$2.6 million compared to the same period of 2012.
- During the third quarter of 2013, we entered into a five-year senior secured revolving credit facility with an aggregate principal amount of \$75.0 million. The revolving credit facility may be used for working capital, to issue letters of credit and for other general corporate purposes. At September 30, 2013, there were no amounts outstanding under the revolving credit facility, and \$32.6 million of letters of credit under the revolving credit facility, which reduce availability under the facility.

### ***Consolidated Revenue***

Our consolidated revenue during the third quarter of 2013 decreased \$8.1 million including an increase of \$0.4 million from movements in foreign exchange compared to the same period of 2012. Excluding the impact of foreign exchange movements and excluding the \$2.9 million impact of our divestiture of our international neon business during the third quarter of 2012, consolidated revenue decreased \$5.6 million. Americas revenue decreased \$3.7 million driven primarily by airport contract losses, partially offset by increased rates and occupancy for bulletins. Our International revenue decreased \$4.5 million including positive movements in foreign exchange of \$1.0 million compared to the same period of 2012. Excluding the impact of foreign exchange movements and the \$2.9 million impact of our divestiture of our international neon business during the third quarter of 2012, International revenue decreased \$2.6 million. Declines in certain countries in Europe as a result of weakened macroeconomic conditions were partially offset by revenue growth in street furniture in other countries.

Our consolidated revenue decreased \$3.7 million including an increase of \$1.3 million from movements in foreign exchange during the first nine months of 2013 compared to the same period of 2012. Excluding the impact of foreign exchange movements and excluding the \$20.4 million impact of our divestiture of our international neon business during the third quarter of 2012, consolidated revenue increased \$15.4 million. Americas revenue increased \$17.0 million, driven primarily by increased capacity and occupancy of

our digital displays and increased occupancy and rates of our traditional displays. Our International revenue decreased \$20.6 million including positive movements in foreign exchange of \$2.1 million compared to the same period of 2012. Excluding the impact of foreign exchange movements and excluding the \$20.4 million impact of our divestiture of our international neon business during the third quarter of 2012, revenue decreased \$2.3 million. Declines in certain countries in Europe as a result of weakened macroeconomic conditions were partially offset by growth in street furniture and transit revenue in other countries.

### ***Consolidated Direct Operating Expenses***

Direct operating expenses increased \$5.5 million including an increase of \$1.3 million from movements in foreign exchange during the third quarter of 2013 compared to the same period of 2012. Excluding the impact of foreign exchange movements and excluding the \$1.9 million impact of our divestiture of our international neon business during 2012, consolidated direct operating expenses increased \$6.1 million. Direct operating expenses in our Americas segment decreased \$3.7 million primarily due to reduced variable site lease expenses as a result of lower revenues from our airports business. Direct operating expenses in our International segment increased \$9.2 million including an increase of \$1.7 million from movements in foreign exchange compared to the same period of 2012. Excluding the impact of foreign exchange movements and excluding the \$1.9 million impact of our divestiture of our international neon business during 2012, direct operating expenses increased \$9.4 million primarily from higher variable costs in certain countries where revenues have increased, partially offset by lower site lease and other expenses as a result of declining sales in other countries.

Direct operating expenses decreased \$5.8 million including an increase of \$2.5 million from movements in foreign exchange during the first nine months of 2013 compared to the same period of 2012. Excluding the impact of foreign exchange movements and excluding the \$13.0 million impact of our divestiture of our international neon business in 2012, consolidated direct operating expenses increased \$4.7 million. Americas direct operating expenses decreased \$10.3 million, primarily due to the benefits resulting from our previous strategic cost initiatives and mix of higher margin products. Direct operating expenses in our International segment increased \$4.5 million including an increase of \$3.1 million from movements in foreign exchange compared to the same period of 2012. Excluding the impact of foreign exchange movements and excluding the \$13.0 million impact of our divestiture of our international neon business during 2012, direct operating expenses increased \$14.4 million primarily driven by higher site lease and other expenses as a result of increased sales in certain countries, partially offset by lower variable costs in other countries where revenues have declined.

### ***Consolidated Selling, General and Administrative (“SG&A”) Expenses***

SG&A expenses decreased \$5.1 million on both a reported basis and excluding offsetting impacts from movements in foreign exchange and our divestiture of our international neon business during 2012. SG&A expenses increased \$1.5 million in our Americas segment primarily due to small increases across a variety of expenses. Our International segment SG&A expenses decreased \$6.7 million on both a reported basis and excluding offsetting impacts of the effects of movements in foreign exchange and our divestiture of our international neon business during 2012, primarily due to the benefits in 2013 resulting from our previous strategic cost initiatives in certain countries.

SG&A expenses decreased \$16.7 million including an increase of \$1.1 million from movements in foreign exchange during the first nine months of 2013 compared to the same period of 2012. Excluding the impact of foreign exchange movements and excluding the \$4.2 million impact of our divestiture of our international neon business during 2012, consolidated SG&A expenses decreased \$13.6 million. SG&A expenses increased \$14.6 million in our Americas segment primarily due to the 2012 period being impacted by a favorable court ruling that resulted in a \$7.8 million decrease in expenses, with other 2013 increases being driven by legal costs related to the Los Angeles litigation discussed further in Item 1 of Part II of this Quarterly Report on Form 10-Q as well as compensation expenses including commissions and amounts related to our variable compensation plans, which were higher for the 2013 period in connection with increasing our revenues. Our International segment SG&A expenses decreased \$31.2 million including a \$1.2 million increase due to the effects of movements in foreign exchange compared to the same period of 2012. Excluding the impact of foreign exchange movements and excluding the \$4.2 million impact of our divestiture of our international neon business during 2012, SG&A expenses decreased \$28.2 million primarily due to certain expenses during the 2012 period related to legal and other costs in Brazil that did not recur during the first nine months of 2013.

### *Corporate Expenses*

Corporate expenses increased \$0.9 million and \$5.2 million during the three and nine months ended September 30, 2013, respectively, compared to the same periods of 2012, driven by increases in compensation expenses including amounts related to our variable compensation plans as well as legal costs related to the stockholder litigation discussed further in Item 1 of Part II of this Quarterly Report on Form 10-Q.

### ***Revenue and Cost Initiatives***

Included in the amounts for direct operating expenses, SG&A and corporate expenses discussed above are expenses of \$9.1 million and \$23.5 million incurred in connection with our strategic revenue and cost initiatives during the three and nine months ended September 30, 2013, respectively. The costs were incurred to improve revenue growth, enhance yield, reduce costs, and organize each business to maximize performance and profitability. These costs consist primarily of consolidation of locations and positions, severance related to workforce initiatives, consulting expenses, and other costs incurred in connection with streamlining our businesses. These costs are expected to provide benefits in future periods as the initiative results are realized. Of these costs during the third quarter of 2013, \$4.3 million are reported within direct operating expenses, \$2.1 million are reported within SG&A and \$2.7 million are reported within corporate expense. In the third quarter of 2012, such costs totaled \$0.5 million, \$7.4 million, and \$1.9 million, respectively. Of these costs during the nine months ended September 30, 2013, \$8.7 million are reported within direct operating expenses, \$7.6 million are reported within SG&A and \$7.2 million are reported within corporate expense compared to \$2.7 million, \$18.0 million, and \$5.4 million, respectively, in the same period of 2012.

### ***Depreciation and Amortization***

Depreciation and amortization decreased \$2.0 million and increased \$3.9 million during the three and nine months ended September 30, 2013, respectively, compared to the same periods of 2012. The decrease during the three months ended September 30, 2013 was due to declines in amortization across all of our segments. The increase for the first nine months of 2013 is primarily a result of increased depreciation in our Americas segment related to depreciation of digital bulletins.

### ***Other Operating Income, Net***

Other operating income of \$6.6 million and \$12.4 million for the third quarter and first nine months of 2013, respectively, primarily related to proceeds from the disposal of operating and fixed assets.

Other operating income of \$42.4 million and \$49.1 million for the third quarter and first nine months of 2012, respectively, primarily related to the gain on the sale of our international neon business in August 2012.

### ***Interest Expense***

Interest expense decreased \$14.6 million and \$9.3 million during the three and nine months ended September 30, 2013, respectively, compared to the same periods of 2012 primarily due to the issuance of \$2,200.0 million aggregate principal amount of 7.625% Senior Subordinated Notes due 2020 (the "Subordinated Notes") by CCWH during March 2012 decreasing the weighted average cost of debt.

***Interest Income on Due From Clear Channel Communications***

Interest income decreased \$2.0 million and \$9.6 million during the three and nine months ended September 30, 2013, respectively, compared to the same periods of 2012 due to the change in the interest rate recognized on amounts outstanding in the balance of the Due from Clear Channel Communications account during 2013, partially offset by the higher balance.

***Income Tax Benefit***

Our operations are included in a consolidated income tax return filed by CC Media Holdings, Inc. (“CC Media Holdings”). However, for our financial statements, our provision for income taxes was computed as if we file separate consolidated Federal income tax returns with our subsidiaries.

The effective tax rate is the provision for income taxes as a percent of income before income taxes. The effective tax rates for the three and nine months ended September 30, 2013 were (575.1)% and 6.7%, respectively. The effective rate was primarily impacted by the settlement of tax examinations which resulted in a reduction in tax expense of approximately \$1.0 million during the period and our inability to record tax benefits on tax losses in certain foreign jurisdictions due to the uncertainty of the ability to utilize those losses in future years.

Our effective tax rates for the three and nine months ended September 30, 2012 were 24.9% and (5.3)%, respectively. The effective rate for the three months ended September 30, 2012 was primarily impacted by reduced non-U.S. tax rates on financial reporting gains resulting from the disposition of certain foreign subsidiaries. The effective tax rate for the nine months ended September 30, 2012 was primarily impacted by our inability to record tax benefits on tax losses in certain foreign jurisdictions due to the uncertainty of the ability to utilize those losses in future periods.

### *Three Months*

Our Americas revenue decreased \$3.7 million during the third quarter of 2013 compared to the same period of 2012, driven primarily by the loss of one of our U.S. airport contracts and other revenue declines in our airport business. Partially offsetting these declines in revenues were increases in revenues from our traditional bulletins, particularly driven by increased occupancy and rates. Increased occupancy and rates of our digital displays were offset by declines in revenues in our Los Angeles market as a result of the impact of litigation as discussed further in Item 1 of Part II of this Quarterly Report on Form 10-Q.

Direct operating expenses decreased \$3.7 million primarily due to reduced variable site lease expenses related to our airports business resulting from the lost airport contract and related revenue as well as the benefits resulting from our previous strategic cost initiatives and mix of higher margin products. SG&A expenses increased \$1.5 million primarily due to incremental increases in a variety of expense categories.

### *Nine Months*

Our Americas revenue increased \$17.0 million during the nine months ended September 30, 2013 compared to the same period of 2012, driven primarily by increases in bulletins and posters. Traditional bulletins and posters had increases in occupancy and rates, while digital displays increased in occupancy. Partially offsetting these increases were declines in specialty business revenues due primarily to a significant contract during 2012 that did not recur during 2013.

Direct operating expenses decreased \$10.3 million, primarily due to the benefits resulting from our previous strategic cost initiatives as well as reduced variable costs associated with the favorable mix of higher margin products. SG&A expenses increased \$14.6 million primarily due to the 2012 period being impacted by a favorable court ruling that

resulted in a \$7.8 million decrease in expenses, with other 2013 increases being driven by legal costs related to the Los Angeles litigation discussed further in Item 1 of Part II of this Quarterly Report on Form 10-Q as well as compensations expenses including commissions and amounts related to our variable compensation plans, which were higher for the 2013 period in connection with increasing our revenues.

### *Three Months*

International revenue decreased \$4.5 million during the third quarter of 2013 compared to the same period of 2012, including an increase of \$1.0 million from movements in foreign exchange and the divestiture of our international neon business during the third quarter of 2012, which had \$2.9 million in revenues in the three months ended September 30, 2012. Excluding the impact of foreign exchange and the divestiture, revenues decreased \$2.6 million.

The decrease was driven by lower revenues in certain countries in Europe as a result of weakened macroeconomic conditions. These declines were partially offset by revenue growth in other countries including China, the UK, and Australia primarily in street furniture advertising revenue, as well as higher transit advertising sales resulting from new contracts in Norway.

Direct operating expenses increased \$9.2 million including an increase of \$1.7 million from movements in foreign exchange and the divestiture of our international neon business during the third quarter of 2012, which had \$1.9 million in direct operating expenses in the three months ended September 30, 2012. Excluding the impact of movements in foreign exchange and the divestiture, direct operating expenses increased \$9.4 million. Increases in variable costs in certain markets such as Norway and China resulting from increased revenues were partially offset by declines in expenses in response to declining revenues in other countries in Europe. SG&A expenses decreased \$6.7 million on a reported basis and excluding the impact from movements in foreign exchange and the divestiture of our international neon business during the third quarter of 2012, primarily due to the benefits in 2013 resulting from our previous strategic revenue and cost initiative expenses in certain countries.

### *Nine Months*

International revenue decreased \$20.6 million during the nine months ended September 30, 2013 compared to the same period of 2012, including an increase of \$2.1 million from movements in foreign exchange and the divestiture of our international neon business during the third quarter of 2012, which had \$20.4 million in revenues for the nine months ended September 30, 2012. Excluding the impact of foreign exchange and the divestiture, revenues decreased \$2.3 million. Lower revenues in certain countries in Europe as a result of weakened macroeconomic conditions were partially offset by increases in revenue resulting from revenue growth in other countries including China, Latin America, Australia and the UK primarily in street furniture advertising revenue, as well as higher transit advertising sales resulting from new contracts in Norway.

Direct operating expenses increased \$4.5 million including an increase of \$3.1 million from movements in foreign exchange and the divestiture of our international neon business during the third quarter of 2012, which had \$13.0 million in direct operating expenses for the nine months ended September 30, 2012. Excluding the impact of movements in foreign exchange and the divestiture, direct operating expenses increased \$14.4 million driven by increases in variable costs in certain markets such as China, Norway and Latin America resulting from increased revenues partially offset by declines in expenses in response to declining revenues in other countries in Europe. SG&A expenses decreased \$31.2 million including an increase of \$1.2 million from movements in foreign exchange and the divestiture of our international neon business during the third quarter of 2012, which had \$4.2 million in SG&A expenses for the nine months ended September 30, 2012. Excluding the impact of movements in foreign exchange and the divestiture, SG&A expenses decreased \$28.2 million primarily due to the absence in 2013 of \$22.7 million in expenses incurred during the first nine months of 2012 in connection with legal and other costs in Brazil as well as decreases in 2013 in strategic revenue and cost initiative expenses.

Financing activities	(293,229)	(88,652)

**Operating Activities**

Our consolidated net loss, adjusted for \$263.8 million of non-cash items, provided positive cash flows of \$220.4 million during the nine months ended September 30, 2013. Our consolidated net loss, adjusted for \$231.7 million of non-cash items, provided positive cash flows of \$211.9 million during the nine months ended September 30, 2012. Cash provided by operating activities during the nine months ended September 30, 2013 was \$251.1 million compared to \$225.9 million during the nine months ended September 30, 2012. Cash paid for interest was \$7.4 million lower during the nine months ended September 30, 2013 compared to 2012 primarily due to the repurchase of the \$2,500.0 million aggregate principal amount of 9.25% Senior Notes due 2017 by CCWH using the proceeds from the issuance of the \$2,725.0 million aggregate principal amount of 6.5% Senior Notes due 2022 during December 2012 that reduced the weighted average cost of debt, which was partially offset by the issuance of CCWH's Subordinated Notes during the first quarter of 2012.

Non-cash items affecting our net loss include depreciation and amortization, deferred taxes, provision for doubtful accounts, share-based compensation, gain on disposal of operating assets, amortization of deferred financing charges and note discounts, net and other reconciling items, net as presented on the face of the consolidated statement of cash flows.

### **Investing Activities**

Cash used for investing activities of \$100.0 million during the nine months ended September 30, 2013 reflected capital expenditures of \$114.3 million. We spent \$43.5 million in our Americas segment primarily related to the construction of new advertising structures such as digital displays, \$68.7 million in our International segment primarily related to new advertising structures such as billboards and street furniture, and the renewal of existing contracts, and \$2.2 million by Corporate. Partially offsetting cash used for investing activities were proceeds from sales of operating and fixed assets.

Cash used for investing activities of \$146.5 million during the nine months ended September 30, 2012 primarily reflected capital expenditures of \$187.4 million. We spent \$84.7 million in our Americas segment primarily related to the construction of new billboards, \$97.1 million in our International segment primarily related to new billboard and street furniture contracts and renewals of existing contracts, and \$5.6 million by Corporate. Partially offsetting cash used for investing activities were proceeds from the divestiture of our international neon business.

### **Financing Activities**

Cash used for financing activities of \$293.2 million for the nine months ended September 30, 2013 primarily reflected net transfers of \$215.5 million in cash to Clear Channel Communications, which represents the activity in the “Due from/to Clear Channel Communications” account. Other cash used for financing activities included payments to repurchase noncontrolling interests of \$61.1 million.

Cash used for financing activities of \$88.7 million for the nine months ended September 30, 2012 primarily reflected the payment of a dividend totaling \$2,170.4 million and net transfers of \$67.3 million in cash to Clear Channel Communications, which represents the activity in the “Due from/to Clear Channel Communications” account. The proceeds from the Subordinated Notes issuance of \$2.2 billion partially offset the cash used for financing activities.

### **Anticipated Cash Requirements**

Our primary source of liquidity is cash on hand, cash flow from operations and the revolving promissory note with Clear Channel Communications. Based on our current and anticipated levels of operations and conditions in our markets, we believe that cash on hand, cash flows from operations, any available borrowing capacity under the senior revolving credit facility and borrowing capacity under or repayment of amounts outstanding under the revolving promissory note with Clear Channel Communications will enable us to meet our working capital, capital expenditure, debt service and other funding requirements, including the debt service on the CCWH Senior Notes and the CCWH Subordinated Notes and dividends, for at least the next 12 months. In addition, we were in compliance with the covenants contained in our material financing agreements as of September 30, 2013. We believe our long-term plans, which include promoting outdoor media spending and capitalizing on our diverse geographic and product

opportunities, including the continued deployment of digital displays, will enable us to continue generating cash flows from operations sufficient to meet our liquidity and funding requirements long term. However, our anticipated results are subject to significant uncertainty and there can be no assurance that we will be able to maintain compliance with these covenants. In addition, our ability to comply with these covenants may be affected by events beyond our control, including prevailing economic, financial and industry conditions. At September 30, 2013, we had \$418.6 million of cash on our balance sheet, with \$288.0 million in consolidated cash balances held outside the U.S. by our subsidiaries, all of which is readily convertible into other foreign currencies including the U.S. dollar. We disclose in Item 8 of our Form 10-K within Note 1, Summary of Significant Accounting Policies, that our policy is to permanently reinvest the earnings of our non-U.S. subsidiaries as these earnings are generally redeployed in those jurisdictions for operating needs and continued functioning of their businesses. We have the ability and intent to indefinitely reinvest the undistributed earnings of consolidated subsidiaries based outside of the United States. If any excess cash held by our foreign subsidiaries were needed to fund operations in the United States, we could presently repatriate available funds without a requirement to accrue or pay U.S. taxes. This is a result of significant current and historic deficits in our foreign earnings and profits, which gives us flexibility to make future cash distributions as non-taxable returns of capital.

On October 19, 2013, our board of directors declared a dividend of \$200 million to be paid on November 8, 2013, which is conditioned upon Clear Channel Communications having satisfied our demand for repayment of \$200 million outstanding under the Due from CCU Note on November 8, 2013, as described under “Promissory Notes with Clear Channel Communications.” This dividend will not result in a reduction in cash on our balance sheet as a result of the concurrent repayment of a portion of the “Due from Clear Channel Communications”; however, it will reduce the availability of that asset as a source of liquidity for us by \$200 million.

Furthermore, in its Quarterly Report on Form 10-Q filed with the SEC on November 7, 2013, Clear Channel Communications stated that it was in compliance with the covenants contained in its material financing agreements as of September 30, 2013. Clear Channel Communications similarly stated in such Quarterly Report that its anticipated results are also subject to significant uncertainty and there can be no assurance that actual results will be in compliance with the covenants. Moreover, Clear Channel Communications stated in such Quarterly Report that its ability to comply with the covenants in its material financing agreements may be affected by events beyond its control, including prevailing economic, financial and industry conditions. As discussed therein, the breach of any covenants set forth in Clear Channel Communications' financing agreements would result in a default thereunder, and an event of default would permit the lenders under a defaulted financing agreement to declare all indebtedness thereunder to be due and payable prior to maturity. Moreover, as discussed therein, the lenders under the receivables-based credit facility under Clear Channel Communications' senior secured credit facilities would have the option to terminate their commitments to make further extensions of credit thereunder. In addition, Clear Channel Communications stated in such Quarterly Report that if Clear Channel Communications is unable to repay its obligations under any secured credit facility, the lenders could proceed against any assets that were pledged to secure such facility. Finally, Clear Channel Communications stated in such Quarterly Report that a default or acceleration under any of its material financing agreements could cause a default under other obligations that are subject to cross-default and cross-acceleration provisions. If Clear Channel Communications were to become insolvent, we would be an unsecured creditor of Clear Channel Communications. In such event, we would be treated the same as other unsecured creditors of Clear Channel Communications and, if we were not entitled to the cash previously transferred to Clear Channel Communications, or could not obtain such cash on a timely basis, we could experience a liquidity shortfall.

For so long as Clear Channel Communications maintains significant control over us, a deterioration in the financial condition of Clear Channel Communications could have the effect of increasing our borrowing costs or impairing our access to capital markets. As of September 30, 2013, Clear Channel Communications had \$711.1 million recorded as "Cash and cash equivalents" on its condensed consolidated balance sheets, of which \$418.6 million was held by us and our subsidiaries.

Our ability to fund our working capital, capital expenditures, debt service and other obligations depends on our future operating performance and cash from operations and other liquidity-generating transactions. If our future operating performance does not meet our expectations or our plans materially change in an adverse manner or prove to be materially inaccurate, we may need additional financing. We may not be able to secure any such additional financing on terms favorable to us or at all.

We frequently evaluate strategic opportunities both within and outside our existing lines of business. We expect from time to time to pursue additional acquisitions and may decide to dispose of certain businesses. These acquisitions or dispositions could be material.

Less: Due from Clear Channel Communications	944.6	729.2
	\$ 3,576.7	\$ 3,653.6

We may from time to time repay our outstanding debt or seek to purchase our outstanding equity securities. Such transactions, if any, will depend on prevailing market conditions, our liquidity requirements, contractual restrictions and other factors.

***Promissory Notes with Clear Channel Communications***

We maintain accounts that represent net amounts due to or from Clear Channel Communications, which is recorded as “Due from/to Clear Channel Communications” on our condensed consolidated balance sheets. The accounts represent our revolving

promissory note issued by us to Clear Channel Communications and the revolving promissory note issued by Clear Channel Communications to us (the “Due from CCU Note”), in each case in the face amount of \$1.0 billion, or if more or less than such amount, the aggregate unpaid principal amount of all advances. The accounts accrue interest pursuant to the terms of the promissory notes and are generally payable on demand or when they mature on December 15, 2017. Included in the accounts are the net activities resulting from day-to-day cash management services provided by Clear Channel Communications. Such day-to-day cash management services relate only to our cash activities and balances in the U.S. and exclude any cash activities and balances of our non-U.S. subsidiaries. At September 30, 2013 and December 31, 2012, the asset recorded in “Due from Clear Channel Communications” on our condensed consolidated balance sheet was \$944.6 million and \$729.2 million, respectively. At September 30, 2013, we had no borrowings under the cash management note to Clear Channel Communications.

The Due from CCU Note was the subject of derivative litigation filed by our stockholders in the Delaware Court of Chancery. On March 28, 2013, legal counsel for the defendants in that matter entered into a binding memorandum of understanding (the “MOU”) with legal counsel for a special litigation committee consisting of certain of our independent directors and the plaintiffs to settle the derivative litigation. On July 8, 2013, the parties executed a Stipulation of Settlement, on terms consistent with the MOU, and presented the Stipulation of Settlement to the Delaware Chancery Court for approval. On September 9, 2013, the Delaware Chancery Court approved the settlement and, on October 9, 2013, the right to appeal expired. Please refer to “Legal Proceedings” within Part II of this Quarterly Report on Form 10-Q for additional information about the settlement.

On October 19, 2013, in accordance with the terms of the settlement, we notified Clear Channel Communications of our intent to make a demand for repayment of \$200 million outstanding under the Due from CCU Note on November 8, 2013 and declared a dividend of \$200 million, which is conditioned upon Clear Channel Communications having satisfied such demand, to be paid on November 8, 2013. The repayment and dividend will reduce the amount of the “Due from Clear Channel Communications” asset that is available to us as a source of liquidity by \$200 million.

On October 19, 2013, in accordance with the terms of the settlement, we also established a committee of our board of directors, consisting of our independent and disinterested directors, for the specific purpose of monitoring the Due from CCU Note. If such a demand is made in accordance with the terms of the committee charter in the future, we would declare a simultaneous dividend equal to the amount so demanded, which would further reduce the amount of the “Due from Clear Channel Communications” asset that is available to us as a source of liquidity for ongoing working capital, capital expenditure, debt service and other funding requirements.

The net interest income for the nine months ended September 30, 2013 and 2012 was \$39.4 million and \$49.0 million, respectively. At September 30, 2013 and December 31, 2012, the fixed interest rate on the Due from CCU Note was 6.5%, which is equal to the fixed interest rate on the CCWH senior notes. On October 23, 2013, in accordance with the terms of the settlement, the interest rate on the Due from CCU Note was amended such that if the outstanding balance on the Due from CCU Note exceeds \$1.0 billion and under certain other circumstances tied to Clear Channel Communications’ liquidity, the rate will be variable but will in no event be less than 6.5% nor greater than 20%.

Our working capital requirements and capital for general corporate purposes, including acquisitions and capital expenditures, may be provided to us by Clear Channel Communications, in its sole discretion, pursuant to a revolving promissory note issued by us to Clear Channel Communications or pursuant to repayment of the Due from CCU Note. If we are unable to obtain financing from Clear Channel Communications, we may need to obtain additional financing from banks or other lenders, or through public offerings or private placements of debt or equity, strategic relationships or other arrangements at some future date. As stated above, we may be unable to successfully obtain additional debt or equity financing on satisfactory terms or at all.

As long as Clear Channel Communications maintains a significant interest in us, pursuant to the Master Agreement between Clear Channel Communications and us, Clear Channel Communications will have the option to limit our ability to incur debt or issue equity securities, among other limitations, which could adversely affect our ability to meet our liquidity needs. Under the Master Agreement with Clear Channel Communications, we are limited in our borrowings from third parties to no more than \$400.0 million at any one time outstanding, without the prior written consent of Clear Channel Communications.

***Clear Channel Worldwide Holdings Senior Notes***

During the fourth quarter of 2012, CCWH issued \$2.7 billion aggregate principal amount of senior notes, which consisted of \$735.75 million aggregate principal amount of 6.5% Series A Senior Notes due 2022 (the “Series A CCWH Senior Notes”) and \$1,989.25 million aggregate principal amount of 6.5% Series B CCWH Senior Notes due 2022 (the “Series B CCWH Senior Notes” and, together with the Series A CCWH Senior Notes, the “CCWH Senior Notes”). The CCWH Senior Notes are guaranteed by us, Clear Channel Outdoor, Inc. (“CCOI”) and certain of our direct and indirect subsidiaries. The proceeds from the issuance of the

CCWH Senior Notes were used to fund the repurchase of CCWH's Series A Senior Notes due 2017 and CCWH's Series B Senior Notes due 2017.

We capitalized \$30.0 million in fees and expenses associated with the CCWH Senior Notes offering and an original issue discount of \$7.4 million. We are amortizing the capitalized fees and discount through interest expense over the life of the CCWH Senior Notes.

The CCWH Senior Notes are senior obligations that rank pari passu in right of payment to all unsubordinated indebtedness of CCWH and the guarantees of the CCWH Senior Notes rank pari passu in right of payment to all unsubordinated indebtedness of the guarantors. Interest on the CCWH Senior Notes is payable to the trustee weekly in arrears and to the noteholders on May 15 and November 15 of each year, beginning on May 15, 2013.

At any time prior to November 15, 2017, CCWH may redeem the CCWH Senior Notes, in whole or in part, at a price equal to 100% of the principal amount of the CCWH Senior Notes plus a "make-whole" premium, together with accrued and unpaid interest, if any, to the redemption date. CCWH may redeem the CCWH Senior Notes, in whole or in part, on or after November 15, 2017, at the redemption prices set forth in the applicable indenture governing the CCWH Senior Notes plus accrued and unpaid interest to the redemption date. At any time on or before November 15, 2015, CCWH may elect to redeem up to 40% of the then outstanding aggregate principal amount of the CCWH Senior Notes at a redemption price equal to 106.500% of the principal amount thereof, plus accrued and unpaid interest to the redemption date, with the net proceeds of one or more equity offerings, subject to certain restrictions. Notwithstanding the foregoing, neither us nor any of our subsidiaries are permitted to make any purchase of, or otherwise effectively cancel or retire any Series A CCWH Senior Notes or Series B CCWH Senior Notes if, after giving effect thereto and, if applicable, any concurrent purchase of or other addition with respect to any Series B CCWH Senior Notes or Series A CCWH Senior Notes, as applicable, the ratio of (a) the outstanding aggregate principal amount of the Series A CCWH Senior Notes to (b) the outstanding aggregate principal amount of the Series B CCWH Senior Notes shall be greater than 0.25, subject to certain exceptions.

The Series A CCWH Senior Notes indenture and Series B CCWH Senior Notes indenture restrict our ability to incur additional indebtedness but permit us to incur additional indebtedness based on an incurrence test. In order to incur (i) additional indebtedness under this test, our debt to adjusted EBITDA ratios (as defined by the CCWH Senior Notes indentures) must be lower than 7.0:1 and 5.0:1 for total debt and senior debt, respectively, and (ii) additional indebtedness that is subordinated to the CCWH Senior Notes under this test, our total debt to adjusted EBITDA ratio (as defined by the CCWH Senior Notes indentures) must be lower than 7.0:1. The indentures contain certain other exceptions that allow us to incur additional indebtedness. The Series B CCWH Senior Notes indenture also restricts our ability to pay dividends, subject to certain exceptions, including (i) dividends from the proceeds of indebtedness or the proceeds from asset sales if our debt to adjusted EBITDA ratios (as defined by the CCWH Senior Notes indentures) are lower than 7.0:1 and 5.0:1 for total debt and senior debt, respectively, (ii) \$525.0 million of dividends made pursuant to general restricted payment baskets, and (iii) dividends made using proceeds received upon a demand by us of amounts outstanding under the Due from CCU Note. The Series A CCWH Senior Notes indenture does not limit our ability to pay dividends.

Consolidated leverage ratio, defined as total debt divided by EBITDA (as defined by the CCWH Senior Notes indentures) for the preceding four quarters was 6.3:1 at September 30, 2013, and senior leverage ratio, defined as senior debt divided by EBITDA (as defined by the CCWH Senior Notes indentures) for the preceding four quarters was 3.5:1 at September 30, 2013. As required by the definition of EBITDA in the CCWH Senior Notes indentures, our EBITDA for the preceding four quarters of \$783.9 million is calculated as operating income (loss) before depreciation, amortization, impairment charges and other operating income (expense), net, plus share-based compensation, and is further adjusted for the following: (i) costs incurred in connection with severance, the closure and/or consolidation of facilities, retention charges, consulting fees and other permitted activities; (ii) extraordinary, non-recurring or unusual gains or losses or expenses; (iii) non-cash charges; and (iv) various other items.

The following table reflects a reconciliation of EBITDA (as defined by the CCWH Senior Notes indentures) to operating income and net cash provided by operating activities for the four quarters ended September 30, 2013:

<i>(In Millions)</i>	Four Quarters Ended September 30, 2013

***Clear Channel Worldwide Holdings Senior Subordinated Notes***

During 2012, CCWH issued \$275.0 million aggregate principal amount of 7.625% Series A Senior Subordinated Notes due 2020 (the "Series A Subordinated Notes") and \$1,925.0 million aggregate principal amount of 7.625% Series B Senior Subordinated Notes due 2020 (the "Series B Subordinated Notes" and collectively with the Series A Subordinated Notes, the "Subordinated Notes"). Interest on the Subordinated Notes is payable to the trustee weekly in arrears and to the noteholders on March 15 and September 15 of each year, beginning on September 15, 2012.

The Subordinated Notes are CCWH's senior subordinated obligations and are fully and unconditionally guaranteed, jointly and severally, on a senior subordinated basis by us, CCOI, and certain of our other domestic subsidiaries. The Subordinated Notes are unsecured senior subordinated obligations that rank junior to all of CCWH's existing and future senior debt, including the CCWH Senior Notes, equally with any of CCWH's existing and future senior subordinated debt and ahead of all of CCWH's existing and future debt that expressly provides that it is subordinated to the Subordinated Notes. The guarantees of the Subordinated Notes rank junior to each guarantor's existing and future senior debt, including the CCWH Senior Notes, equally with each guarantor's existing and future senior subordinated debt and ahead of each guarantor's existing and future debt that expressly provides that it is subordinated to the guarantees of the Subordinated Notes.

The Series A Subordinated Notes were issued pursuant to an indenture, dated as of March 15, 2012 (the "Series A Subordinated Note Indenture"), among CCWH, us, CCOI and the other guarantors named therein (collectively with us and CCOI, the "Series A Subordinated Note Guarantors") and U.S. Bank National Association, as trustee (the "Trustee"), and the Series B Subordinated Notes were issued pursuant to an indenture, dated as of March 15, 2012 (the "Series B Subordinated Note Indenture")

and together with the Series A Subordinated Note Indenture, the “Subordinated Indentures”), among CCWH, us, CCOI and the other guarantors named therein (collectively with us and CCOI, the “Series B Subordinated Note Guarantors”) and the Trustee.

At any time prior to March 15, 2015, CCWH may redeem the Subordinated Notes, in whole or in part, at a price equal to 100% of the principal amount of the Subordinated Notes plus a “make-whole” premium, together with accrued and unpaid interest, if any, to the redemption date. CCWH may redeem the Subordinated Notes, in whole or in part, on or after March 15, 2015, at the redemption prices set forth in the applicable Subordinated Indenture plus accrued and unpaid interest to the redemption date. At any time on or before March 15, 2015, CCWH may elect to redeem up to 40% of the then outstanding aggregate principal amount of the Subordinated Notes at a redemption price equal to 107.625% of the principal amount thereof, plus accrued and unpaid interest to the redemption date, with the net proceeds of one or more equity offerings. Notwithstanding the foregoing, neither us nor any of our subsidiaries are permitted to make any purchase of, or otherwise effectively cancel or retire any Series A Subordinated Notes or Series B Subordinated Notes if, after giving effect thereto and, if applicable, any concurrent purchase of or other addition with respect to any Series B Subordinated Notes or Series A Subordinated Notes, as applicable, the ratio of (a) the outstanding aggregate principal amount of the Series A Subordinated Notes to (b) the outstanding aggregate principal amount of the Series B Subordinated Notes shall be greater than 0.25, subject to certain exceptions.

We capitalized \$40.0 million in fees and expenses associated with the Subordinated Notes offering and are amortizing them through interest expense over the life of the Subordinated Notes.

The Subordinated Indentures restrict our ability to incur additional indebtedness but permit us to incur additional indebtedness based on an incurrence test. In order to incur additional indebtedness under this test, our total debt to adjusted EBITDA ratio (as defined by the CCWH Senior Notes indentures) must be lower than 7.0:1. The indentures contain certain other exceptions that allow us to incur additional indebtedness. The Series B Subordinated Notes Indenture also restricts our ability to pay dividends, subject to certain exceptions, including (i) dividends from the proceeds of indebtedness or the proceeds from asset sales if our debt to adjusted EBITDA ratios (as defined by the CCWH Senior Notes indentures) is lower than 7.0:1, (ii) \$525.0 million of dividends made pursuant to general restricted payment baskets, and (iii) dividends made using proceeds received upon a demand by us of amounts outstanding under the Due from CCU Note. The Series A Subordinated Notes Indenture does not limit our ability to pay dividends.

### ***Senior Revolving Credit Facility Due 2018***

During the third quarter of 2013, we entered into a five-year senior secured revolving credit facility with an aggregate principal amount of \$75.0 million. The revolving credit facility may be used for working capital, to issue letters of credit and for other general corporate purposes. At September 30, 2013, there were no amounts outstanding under the revolving credit facility, and \$32.6 million of letters of credit under the revolving credit facility, which reduce availability under the facility.

## ***Other Debt***

Other debt consists primarily of loans with international banks. At September 30, 2013, approximately \$21.8 million was outstanding as other debt.

### ***Clear Channel Communications' Debt Covenants***

The Clear Channel Communications' senior secured credit facility contains a significant financial covenant which requires Clear Channel Communications to comply on a quarterly basis with a financial covenant limiting the ratio of its consolidated secured debt, net of cash and cash equivalents, to consolidated EBITDA (as defined by Clear Channel Communications' senior secured credit facility) for the preceding four quarters. The maximum ratio under this financial covenant is currently set at 9.25:1 and reduces to 9.00:1 and 8.75:1 for the four quarters ended December 31, 2013 and December 31, 2014, respectively. In its Quarterly Report on Form 10-Q filed with the SEC on November 7, 2013, Clear Channel Communications stated that it was in compliance with this covenant as of September 30, 2013.

### **Commitments, Contingencies and Guarantees**

We are currently involved in certain legal proceedings arising in the ordinary course of business and, as required, have accrued our estimate of the probable costs for resolution of those claims for which the occurrence of loss is probable and the amount can be reasonably estimated. These estimates have been developed in consultation with counsel and are based upon an analysis of potential results, assuming a combination of litigation and settlement strategies. It is possible, however, that future results of operations for any particular period could be materially affected by changes in our assumptions or the effectiveness of our strategies related to these proceedings. Please refer to "Legal Proceedings" within Part II of this Quarterly Report on Form 10-Q.

### **Seasonality**

Typically, both our Americas and International segments experience their lowest financial performance in the first quarter of the calendar year, with International historically experiencing a loss from operations in that period. Our International segment typically experiences its strongest performance in the second and fourth quarters of the calendar year. We expect this trend to continue in the future.

### **Market Risk**

We are exposed to market risks arising from changes in market rates and prices, including movements in foreign currency exchange rates and inflation.

### **Foreign Currency Exchange Rate Risk**

We have operations in countries throughout the world. Foreign operations are measured in their local currencies. As a result, our financial results could be affected by factors such as changes in foreign currency exchange rates or weak economic conditions in the foreign markets in which we have operations. We believe we mitigate a small portion of our exposure to foreign currency fluctuations with a natural hedge through borrowings in currencies other than the U.S. dollar. Our foreign operations reported net income of \$1.5 million and \$0.2 million for the three and nine months ended September 30, 2013, respectively. We estimate a 10% increase in the value of the U.S. dollar relative to foreign currencies would have decreased our net income for the three months ended September 30, 2013 by \$0.2 million and we estimate that our net income for the nine months ended September 30, 2013 would have remained flat. A 10% decrease in the value of the U.S. dollar relative to foreign currencies during the three and nine months ended September 30, 2013 would have increased our net income for the three months ended September 30, 2013 by a corresponding amount, and we estimate that our net income for the nine months ended September 30, 2013 would have remained flat.

This analysis does not consider the implications that such currency fluctuations could have on the overall economic activity that could exist in such an environment in the U.S. or the foreign countries or on the results of operations of these foreign entities.

### **Inflation**

Inflation is a factor in the economies in which we do business and we continue to seek ways to mitigate its effect. Inflation has affected our performance in terms of higher costs for wages, salaries and equipment. Although the exact impact of inflation is indeterminable, we believe we have offset these higher costs by increasing the effective advertising rates of most of our outdoor display faces.

### Cautionary Statement Concerning Forward-Looking Statements

The Private Securities Litigation Reform Act of 1995 provides a safe harbor for forward-looking statements made by us or on our behalf. Except for the historical information, this report contains various forward-looking statements which represent our expectations or beliefs concerning future events, including, without limitation, our future operating and financial performance, our ability to comply with the covenants in the agreements governing our indebtedness and the availability of capital and the terms thereof. Statements expressing expectations and projections with respect to future matters are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. We caution that these forward-looking statements involve a number of risks and uncertainties and are subject to many variables which could impact our future performance. These statements are made on the basis of management's views and assumptions, as of the time the statements are made, regarding future events and performance. Actual future events and performance may differ materially from the expectations reflected in our forward-looking statements. We do not intend, nor do we undertake any duty, to update any forward-looking statements.

A wide range of factors could materially affect future developments and performance, including but not limited to:

- risks associated with weak or uncertain global economic conditions and their impact on the capital markets;

- shifts in population and other demographics;
- access to capital markets and borrowed indebtedness;
- our ability to implement our business strategies;
- the risk that we may not be able to integrate the operations of acquired businesses successfully;
- the risk that our cost savings initiatives may not be entirely successful or that any cost savings achieved from those initiatives may not persist;
- the impact of our substantial indebtedness, including the effect of our leverage on our financial position and earnings;
- our ability to generate sufficient cash from operations or other liquidity-generating transactions and our need to allocate significant amounts of our cash to make payments on our indebtedness, which in turn could reduce our financial flexibility and ability to fund other activities;
- our relationship with Clear Channel Communications, including its ability to elect all of the members of our Board of Directors and its ability as our controlling stockholder to determine the outcome of matters submitted to our stockholders and certain additional matters governed by intercompany agreements between us;
- the impact of the above and similar factors on Clear Channel Communications, our primary direct or indirect external source of capital, which could have a significant need for capital in the future; and
- certain other factors set forth in our other filings with the Securities and Exchange Commission.

This list of factors that may affect future performance and the accuracy of forward-looking statements is illustrative and is not intended to be exhaustive. Accordingly, all forward-looking statements should be evaluated with the understanding of their inherent uncertainty.

### **ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK**

Required information is presented under “Market Risk” within Item 2 of this Part I.

### **ITEM 4. CONTROLS AND PROCEDURES**

Under the supervision and with the participation of management, including our Chief Executive Officer and our Chief Financial Officer, we have carried out an evaluation of our disclosure controls and procedures (as defined in Rule 13a-15(e) under the Exchange Act). Based on that evaluation, our Chief Executive Officer and our Chief Financial Officer concluded that our disclosure controls and procedures were effective as of September 30, 2013 to ensure that information we are required to disclose in reports that are filed or submitted under the Exchange Act is recorded, processed, summarized and reported within the time periods specified by the SEC and is accumulated and communicated to our management, including our Chief Executive Officer and our Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure.

There were no changes in our internal control over financial reporting that occurred during the most recent fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

## PART II -- OTHER INFORMATION

### Item 1. Legal Proceedings

We currently are involved in certain legal proceedings arising in the ordinary course of business and, as required, have accrued an estimate of the probable costs for the resolution of those claims for which the occurrence of loss is probable and the amount can be reasonably estimated. These estimates have been developed in consultation with counsel and are based upon an analysis of potential results, assuming a combination of litigation and settlement strategies. It is possible, however, that future results of operations for any particular period could be materially affected by changes in our assumptions or the effectiveness of our strategies related to these proceedings. Additionally, due to the inherent uncertainty of litigation, there can be no assurance that the resolution of any particular claim or proceeding would not have a material adverse effect on our financial condition or results of operations.

Although we are involved in a variety of legal proceedings in the ordinary course of business, a large portion of our litigation arises in the following contexts: commercial disputes; employment and benefits related claims; governmental fines; and tax disputes.

### Stockholder Litigation

Two derivative lawsuits were filed in March 2012 in Delaware Chancery Court by stockholders of ours. The consolidated lawsuits were captioned *In re Clear Channel Outdoor Holdings, Inc. Derivative Litigation*, Consolidated Case No. 7315-CS. The complaints named as defendants certain of Clear Channel Communications' and our current and former directors and Clear Channel Communications, as well as Bain Capital Partners, LLC and Thomas H. Lee Partners, L.P. We also were named as a nominal defendant. The complaints alleged, among other things, that in December 2009 Clear Channel Communications breached fiduciary duties to us and our stockholders by allegedly requiring us to agree to amend the terms of a revolving promissory note payable by Clear Channel Communications to us (the "Due from CCU Note") to extend the maturity date of the note and to amend the interest rate payable on the note. According to the complaints, the terms of the amended Due from CCU Note were unfair to us because, among other things, the interest rate was below market. The complaints further alleged that Clear Channel Communications was unjustly enriched as a result of that transaction. The complaints also alleged that the director defendants breached fiduciary duties to us in connection with that transaction and that the transaction constituted corporate waste. On March 28, 2013, to avoid the costs, disruption and distraction of further litigation, and without admitting the validity of any allegations made in the complaint, legal counsel for the defendants entered into a binding memorandum of understanding (the "MOU") with legal counsel for a special litigation committee consisting of certain of our independent directors and the plaintiffs to settle the litigation. We filed the MOU with the SEC as an exhibit to our Current Report on Form 8-K filed on April 3, 2013. On July 8, 2013, the parties executed a Stipulation of Settlement, on terms consistent with the MOU, and presented the Stipulation of Settlement to the Delaware Chancery Court for approval. We filed the Stipulation of Settlement with the SEC as an exhibit to our Current Reports on Form 8-K filed on July 9, 2013 and July 19, 2013. On September 9, 2013, the Delaware Chancery Court approved the settlement and, on October 9, 2013, the right to appeal expired.

On October 19, 2013, in accordance with the terms of the settlement, we (i) notified Clear Channel Communications of our intent to make a demand for repayment of \$200 million outstanding under the Due from CCU Note on November 8, 2013, (ii) declared a dividend of \$200 million, which is conditioned upon Clear Channel Communications having satisfied such demand, to be paid on November 8, 2013, and (iii) established a committee of our board of directors for the specific purpose of monitoring the Due from CCU Note.

On October 23, 2013, we and Clear Channel Communications amended the Due from CCU Note in accordance with the terms of the settlement.

We announced our intent to make a demand for repayment of \$200 million outstanding under the Due from CCU Note and our declaration of the dividend in our Current Report on Form 8-K filed on October 21, 2013, and filed a copy of the amendment to the Due from CCU Note as an exhibit to our Current Report on Form 8-K filed on October 23, 2013.

### **Los Angeles Litigation**

In 2008, Summit Media, LLC, one of our competitors, sued the City of Los Angeles (the “City”), Clear Channel Outdoor, Inc. and CBS Outdoor in Los Angeles Superior Court (Case No. BS116611) challenging the validity of a settlement agreement that had been entered into in November 2006 among the parties. Pursuant to the settlement agreement, Clear Channel Outdoor, Inc. had taken down existing billboards and converted 83 existing signs from static displays to digital displays pursuant to modernization permits issued through an administrative process of the City. The Los Angeles Superior Court ruled in January 2010 that the settlement agreement constituted an ultra vires act of the City and nullified its existence, but did not invalidate the modernization

permits issued to Clear Channel Outdoor, Inc. and CBS. All parties appealed the ruling by the Los Angeles Superior Court to Court of Appeal for the State of California, Second Appellate District, Division 8. On December 10, 2012, the Court of Appeal issued an order upholding the Superior Court's finding that the settlement agreement was ultra vires and remanding the case to the Superior Court for the purpose of invalidating the modernization permits issued to Clear Channel Outdoor, Inc. and CBS for the digital displays that were the subject of the settlement agreement. On January 22, 2013, Clear Channel Outdoor, Inc. filed a petition with the California Supreme Court requesting its review of the matter, and the Supreme Court denied that petition on February 27, 2013. On April 12, 2013, the Los Angeles Superior Court invalidated 82 digital modernization permits issued to Clear Channel Outdoor, Inc. and 13 issued to CBS and ordered that the companies turn off the electrical power to affected digital displays by the close of business on April 15, 2013. Clear Channel Outdoor, Inc. has complied with the order. On April 16, 2013, the Court conducted further proceedings during which it held that it was not invalidating two additional digital modernization permits that Clear Channel Outdoor, Inc. had secured through a special zoning plan and confirmed that its April 12 order invalidated only digital modernization permits – no other types of permits the companies may have secured for the signs at issue. Summit Media, LLC has filed a further motion requesting that the Court order the demolition of the 82 sign structures on which the now-invalidated digital signs operated, as well as the invalidation of several other permits for traditional signs allegedly issued under the settlement agreement. At a hearing held on September 16, 2013 the Court ordered Clear Channel Outdoor, Inc. to produce evidence on a sign-by-sign basis of the permitting history of each sign. This evidentiary hearing is scheduled for November 8, 2013. Additionally, Summit Media, LLC has filed a motion for attorney's fees under a private attorney general theory. That motion currently is scheduled to be heard on December 11, 2013.
