## Unaudited Pro Forma Combined Financial Information

On May 2, 2011, Lone Star NGL LLC (the “Joint Venture”), a newly formed joint venture owned 70% by Energy Transfer Partners, L.P. (“ETP”) and 30% by Regency Energy Partners LP (the “Partnership”), completed its acquisition of all of the membership interests in LDH Energy Asset Holdings LLC (“LDH”), a wholly owned subsidiary of Louis Dreyfus Highbridge Energy LLC, for \$1.972 billion in cash, subject to customary post-closing purchase price adjustments (the “LDH Acquisition”). LDH’s coal assets were transferred out prior to the acquisition and were not purchased by the Joint Venture. The Partnership contributed \$591.6 million in cash to the Joint Venture in exchange for a 30% ownership interest. The Partnership funded a portion of this capital contribution with the net proceeds from a private placement of 8,500,001 common units representing limited partner interests of \$203.9 million. The remaining portion of the Partnership’s capital contribution to the Joint Venture of \$387.7 million was funded through borrowings under the Partnership’s revolving credit facility.

The unaudited pro forma combined condensed consolidated income statement for the six-months ended June 30, 2011 reflects the transaction and the pro forma adjustments as though the transaction described above occurred as of January 1, 2011. A balance sheet reflecting the transactions described above was filed in the Partnership’s Form 10-Q for the quarterly period ended June 30, 2011 on August 8, 2011. Accordingly, this Current Report on Form 8-K does not include a pro forma balance sheet. The pro forma adjustments were prepared applying the rules established by the Securities and Exchange Commission in Article 11 of Regulation S-X.

The historical financial information included in the column entitled “Partnership” was derived from the unaudited income statement included in the Partnership’s Quarterly Report on Form 10-Q for the quarterly period ended June 30, 2011.

The unaudited pro forma combined financial information is based on assumptions that the Partnership believes are reasonable under the circumstances and are intended for informational purposes only. Actual results may differ from the estimates and assumptions used. The unaudited pro forma combined financial information is not necessarily indicative of the financial results that would have occurred if the transaction described above had taken place as of January 1, 2011, nor is it necessarily indicative of future consolidated results.

Regency Energy Partners LP  
Notes to Unaudited Pro Forma Combined Condensed Consolidated Income Statement

The following notes discuss the columns presented and the entries made to the unaudited pro forma combined condensed consolidated income statement.

Partnership

This column represents the historical unaudited condensed consolidated income statement of the Partnership for the interim six-month period ended June 30, 2011 as reported in the Quarterly Report on Form 10-Q for the quarterly period ended June 30, 2011. The results of the Joint Venture for the period from May 2, 2011 to June 30, 2011 are included in the Partnership's results for the six months ended June 30, 2011.

Pro Forma Adjustments

a. Represents the Partnership's portion of the Joint Venture's net income for the period from January 1, 2011 to May 1, 2011, adjusted for the portion of LDH not acquired by the Joint Venture and the write-off of deferred financing costs of \$7.053 million which occurred on May 2, 2011 as well as the additional depreciation and amortization expense resulting from the purchase price allocation. The Joint Venture acquired substantially all of the assets of LDH. A reconciliation from LDH's unaudited net income to the net income associated with the assets acquired by the Joint Venture is presented below.

	(in thousands)
LDH's net income, as adjusted	\$30,149
Net loss associated with the coal assets that were not acquired by the Joint Venture	105
Additional depreciation and amortization expense as a result of the purchase price allocation*	(14,278 )
Pro forma net income associated with the assets that were acquired by the Joint Venture	\$15,976
The Partnership's 30% equity income pro forma adjustment	\$4,793

\* Management of the Joint Venture engaged a third party valuation expert to undertake a detailed purchase price allocation and valuation study. The estimated additional depreciation and amortization expense is calculated based on the preliminary valuation results.

b. Represents the incremental interest expense incurred on the borrowings under the Partnership's revolving credit facility that were used to fund a portion of the acquisition of the 30% interest in the Joint Venture. The Partnership utilized the weighted average rates of its revolving credit facility of 3.25% for the six months ended June 30, 2011.

c. Represents the issuance of 8,500,001 common units.
