PROXY STATEMENT FOR THE 2019 ANNUAL MEETING OF STOCKHOLDERS

April 26, 2019

Information About Solicitation and Voting

The accompanying proxy is solicited on behalf of the board of directors of Chegg, Inc. (“Chegg,” “we,” or “our”) for use at Chegg’s 2019 Annual Meeting of Stockholders (the “meeting”) to be held at 3990 Freedom Circle, Santa Clara, California on June 5, 2019, at 10:30 a.m. (Pacific Time), and any adjournment or postponement thereof.

Internet Availability of Proxy Materials

Under rules adopted by the U.S. Securities and Exchange Commission (the “SEC”), we are furnishing proxy materials to our stockholders primarily via the Internet, instead of mailing printed copies of those materials to each stockholder. On April 26, 2019, we sent a Notice of Internet Availability of Proxy Materials (the “Notice of Internet Availability”) to our stockholders, which contains instructions on how to access our proxy materials, including our proxy statement and our annual report. The Notice of Internet Availability also provides instructions on how to vote by telephone or via the Internet and includes instructions on how to receive a paper copy of the proxy materials by mail.

This process is designed to reduce our environmental impact and lowers the costs of printing and distributing our proxy materials without impacting our stockholders’ timely access to this important information. However, if you would prefer to receive printed proxy materials, please follow the instructions included in the Notice of Internet Availability.

General Information About the Meeting

Purpose of the Meeting

At the meeting, stockholders will act upon the proposals described in this proxy statement. In addition, we will consider any other matters that are properly presented for a vote at the meeting. As of April 26, 2019, we are not aware of any other matters to be submitted for consideration at the meeting. If any other matters are properly presented for a vote at the meeting, the persons named in the proxy, who are our officers, have the authority in their discretion to vote the shares of our common stock represented by the proxy. Following the meeting, management will respond to questions from stockholders.

Record Date

Only holders of record of our common stock at the close of business on April 8, 2019, the record date, will be entitled to vote at the meeting. At the close of business on April 8, 2019, we had 118,285,699 shares of our common stock outstanding and entitled to vote.

Quorum

The holders of a majority of the voting power of the shares of our common stock entitled to vote at the meeting as of the record date must be present at the meeting in order to hold the meeting and conduct business. This presence is called a quorum. Your shares are counted as present at the meeting if you are present and vote in person at the meeting or if you have properly submitted a proxy.

Voting Rights

Each holder of shares of our common stock is entitled to one vote for each share of our common stock held as of the close of business on April 8, 2019, the record date. You may vote all shares owned by you as April 8, 2019, including (1) shares held directly in your name as the stockholder of record, and (2) shares held for you as the beneficial owner in street name through a broker, bank, trustee, or other nominee (collectively referred to in this proxy statement as your “broker”).

Stockholder of Record: Shares Registered in Your Name. If, on April 8, 2019, your shares of our common stock were registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, then you are considered the stockholder of record with respect to those shares. As a stockholder of record, you may vote at the meeting or vote by telephone, via the Internet, or if you request or receive paper proxy materials by mail, by filling out and returning the proxy card.

Beneficial Owner: Shares Registered in the Name of a Broker. If, on April 8, 2019, your shares of our common stock were held in an account with a broker, then you are the beneficial owner of the shares held in street name. As a beneficial owner, you have the right to direct your broker on how to vote the shares of our common stock held in your account. However, the broker that holds your shares of our common stock is considered the stockholder of record for purposes of voting at the meeting. Because you are not the stockholder of record, you may not vote your shares at the meeting unless you request and obtain a valid proxy from the broker that holds your shares giving you the right to vote the shares at the meeting.

Required Vote

Proposal No. 1. The director nominated in Proposal No. 1 will be elected by a plurality of the votes cast, which means that the individual nominated for election to the board of directors at the meeting receiving the highest number of “FOR” votes will be elected. You may either vote “FOR” the nominee or “WITHHOLD” your vote with respect to the nominee.

Proposal No. 2. The affirmative “FOR” vote of a majority of the shares present, represented and entitled to vote on the proposal is required to approve, on an advisory and non-binding basis, the compensation awarded to our named executive officers for the year ended December 31, 2018. You may vote “FOR,” “AGAINST,” or “ABSTAIN” on this proposal. Abstentions are deemed to be votes cast and have the same effect as a vote against the proposal. Although this say-on-pay vote is advisory and, therefore, will not be binding on us, our compensation committee and our board of directors value the opinions of our stockholders. Accordingly, to the extent there is a significant vote against the compensation of our named executive officers, we will consider our stockholders’ concerns and the compensation committee will evaluate what actions may be necessary or appropriate to address those concerns.

Proposal No. 3. Approval of Proposal No. 3 will be obtained if the number of votes cast “FOR” the proposal at the meeting exceeds the number of votes cast “AGAINST” the proposal. Abstentions (shares of our common stock present at the meeting and voted “ABSTAIN”) are counted for purposes of determining whether a quorum is present, and have no effect on the outcome of the matters voted upon.

“Broker non-votes” occur when shares of our common stock held by a broker for a beneficial owner are not voted either because (i) the broker did not receive voting instructions from the beneficial owner, or (ii) the broker lacked discretionary authority to vote the shares. Broker non-votes are counted for purposes of determining whether a quorum is present, and have no effect on the outcome of the matters voted upon. Note that if you are a beneficial holder and do not provide specific voting instructions to your broker, the broker that holds your shares of our common stock will not be authorized to vote on the election of the director. Accordingly, we encourage you to provide voting instructions to your broker, whether or not you plan to attend the meeting.

Recommendations of the Board of Directors on Each of the Proposals Scheduled to be Voted on at the Meeting

The board of directors recommends that you vote:

- Proposal No. 1 - FOR the Class III director named in this proxy statement.
- Proposal No. 2 - FOR the approval of the compensation of our named executive officers as disclosed in this proxy statement.

Proposal No. 3 - FOR the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2019.

Voting Instructions; Voting of Proxies

If you are a stockholder of record, you may:

- vote in person – we will provide a ballot to stockholders who attend the meeting and wish to vote in person;
- vote via telephone or Internet – in order to do so, please follow the instructions shown on your Notice of Internet Availability or proxy card; or
- vote by mail – if you request or receive a paper proxy card and voting instructions by mail, simply complete,

sign and date the enclosed proxy card and return it before the meeting in the envelope provided.

Votes submitted by telephone or via the Internet must be received by 11:59 p.m., Eastern Time, on June 4, 2019. Submitting your proxy (whether by telephone, via the Internet or by mail if you request or received a paper proxy card) will not affect your right to vote in person should you decide to attend the meeting. If you are not the stockholder of record, please refer to the voting instructions provided by your nominee to direct it how to vote your shares. For Proposal No. 1, you may either vote "FOR" the nominee to the board of directors, or you may "WITHHOLD" your vote from the nominee. For Proposal No. 2, you may vote "FOR" or "AGAINST" or "ABSTAIN" from voting. For Proposal No. 3, you may vote "FOR" or "AGAINST" or "ABSTAIN" from voting. Your vote is important. Whether or not you plan to attend the meeting, we urge you to vote by proxy to ensure that your vote is counted.

All proxies will be voted in accordance with the instructions specified on the proxy card. If you sign a physical proxy card and return it without instructions as to how your shares of our common stock should be voted on a particular proposal at the meeting, your shares will be voted in accordance with the recommendations of our board of directors stated above.

If you received a Notice of Internet Availability, please follow the instructions included on the notice on how to access your proxy card and vote by telephone or via the Internet. If you do not vote and you hold your shares of our common stock in street name, and your broker does not have discretionary power to vote your shares, your shares may constitute "broker non-votes" (as described above) and will not be counted in determining the number of shares necessary for approval of the proposals. However, shares of our common stock that constitute broker non-votes will be counted for the purpose of establishing a quorum for the meeting.

If you receive more than one proxy card or Notice of Internet Availability, your shares of our common stock are registered in more than one name or are registered in different accounts. To make certain all of your shares of our common stock are voted, please follow the instructions included on the Notice of Internet Availability on how to access each proxy card and vote each proxy card by telephone or via the Internet. If you requested or received paper proxy materials by mail, please complete, sign and return each proxy card to ensure that all of your shares are voted.

Expenses of Soliciting Proxies

The expenses of soliciting proxies will be paid by Chegg. Following the original mailing of the soliciting materials, Chegg and its agents may solicit proxies by mail, email, telephone, facsimile, by other similar means, or in person. Our directors, officers, and other employees, without additional compensation, may solicit proxies personally or in writing, by telephone, email, or otherwise. Following the original mailing of the soliciting materials, Chegg will request brokers to forward copies of the soliciting materials to persons for whom they hold shares of our common stock and to request authority for the exercise of proxies. In such cases, Chegg, upon the request of the record holders, will reimburse such holders for their reasonable expenses. If you choose to access the proxy materials and/or vote via the Internet, you are responsible for any Internet access charges you may incur.

Revocability of Proxies

A stockholder of record who has given a proxy may revoke it at any time before it is exercised at the meeting by:

- delivering to the Corporate Secretary of Chegg (by any means, including facsimile) a written notice stating that the proxy is revoked;
- signing and delivering a proxy bearing a later date;
- voting again by telephone or via the Internet; or

attending and voting at the meeting (although attendance at the meeting will not, by itself, revoke a proxy).

Please note, however, that if your shares of our common stock are held of record by a broker and you wish to revoke a proxy, you must contact that firm to revoke any prior voting instructions. In the event of multiple online or telephone votes by a stockholder, each vote will supersede the previous vote and the previous vote and the last vote cast will be deemed to be the final vote of the stockholder unless revoked in person at the meeting.

Electronic Access to the Proxy Materials

The Notice of Internet Availability will provide you with instructions regarding how to:

view our proxy materials for the meeting via the Internet; and

7

instruct us to send our future proxy materials to you electronically by email.

Choosing to receive your future proxy materials by email will reduce the impact of our annual meetings of stockholders on the environment and lower the costs of printing and distributing our proxy materials. If you choose to receive future proxy materials by email, you will receive an email next year with instructions containing a link to those materials and a link to the proxy voting site. Your election to receive proxy materials by email will remain in effect until you terminate it.

Voting Results

Voting results will be tabulated and certified by the inspector of elections appointed for the meeting. The preliminary voting results will be announced at the meeting and posted on our website at investor.chegg.com. The final results will be tallied by the inspector of elections and filed with the SEC in a Current Report on Form 8-K within four business days of the meeting.

CORPORATE GOVERNANCE STANDARDS AND DIRECTOR INDEPENDENCE

Chegg is strongly committed to good corporate governance practices. These practices provide an important framework within which our board of directors and management can pursue our strategic objectives for the benefit of our stockholders.

Corporate Governance Guidelines

Our board of directors has adopted Corporate Governance Guidelines that set forth our expectations for directors, director independence standards, board committee structure and functions, and other policies regarding our corporate governance. Our Corporate Governance Guidelines are available without charge on the Investor Relations section of our website, which is located at <http://investor.chegg.com>, under “Corporate Governance.” The Corporate Governance Guidelines are reviewed at least annually by our nominating and corporate governance committee, and any warranted changes are recommended to our board of directors.

Board Leadership Structure

Our Corporate Governance Guidelines provide that our board of directors shall be free to choose its chairperson, or co-chairperson, in any way that it considers in the best interests of our company, and that the nominating and corporate governance committee shall periodically consider the leadership structure of our board of directors and make such recommendations related thereto to our board of directors with respect thereto as the nominating and corporate governance committee deems appropriate. Our board of directors does not have a policy on whether the role of the chairperson, or of the co-chairperson, and chief executive officer should be separate and believes that it should maintain flexibility in determining a board leadership structure appropriate for us from time to time.

Our board of directors believes that we and our stockholders currently are best served by having Dan Rosensweig, our chief executive officer, serve as a co-chairperson of our board of directors, considering his experience, expertise, knowledge of our business and operations and strategic vision. As co-chairperson of our board of directors, Mr. Rosensweig presides over meetings of the board of directors along with the other co-chairperson, and holds such other powers and carries out such other duties as are customarily carried out by the co-chairpersons of the board of directors. Our board of directors believes that its independence and oversight of management is maintained effectively through this leadership structure, the composition of our board of directors and sound corporate governance policies and practices.

Our Board of Directors’ Role in Risk Oversight

Our board of directors, as a whole, has responsibility for risk oversight, although the committees of our board of directors oversee and review risk areas which are particularly relevant to them. The risk oversight responsibility of our board of directors and its committees is supported by our management reporting processes, which are designed to provide visibility to the board of directors and to our personnel that are responsible for risk assessment and information management about the identification, assessment and management of critical risks and management’s risk mitigation strategies. These areas of focus include, but are not limited to, competitive, economic, operational, financial (accounting, credit, liquidity and tax), legal, regulatory, compliance and reputational risks.

Each committee of the board of directors meets in executive session with key management personnel and representatives of outside advisors to oversee risks associated with their respective principal areas of focus. The audit committee reviews our major financial risk exposures and the steps management has taken to monitor and control such exposures, including our risk assessment and risk management policies and guidelines. The nominating and corporate governance committee reviews our major legal compliance risk exposures and monitors the steps

management has to mitigate these exposures, including our legal risk assessment and legal risk management policies and guidelines.

The compensation committee reviews our major compensation-related risk exposures, including consideration of whether compensation rewards and incentives encourage undue or inappropriate risk taking by our personnel, and the steps management has taken to monitor or mitigate such exposures.

9

Independence of Directors

The rules, regulations and listing standards of the New York Stock Exchange (the “NYSE”) generally require that a majority of the members of our board of directors be independent. In addition, the NYSE rules, regulations and listing standards generally require that, subject to specified exceptions, each member of a listed company’s audit, compensation and governance committees be independent.

Our board of directors determines the independence of our directors by applying the independence principles and standards established by the NYSE. These provide that a director is independent only if the board of directors affirmatively determines that the director has no direct or indirect material relationship with our company. They also specify various relationships that preclude a determination of director independence. Material relationships may include commercial, industrial, consulting, legal, accounting, charitable, family and other business, professional and personal relationships.

Applying these standards, our board of directors annually reviews the independence of our directors, taking into account all relevant facts and circumstances. In its most recent review, the board considered, among other things, the relationships that each non-employee director has with our company and all other facts and circumstances our board of directors deemed relevant in determining their independence, including the beneficial ownership of our capital stock by each non-employee director.

Based upon this review, our board of directors has determined that none of the members of our board of directors, other than Mr. Rosensweig, has a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of the members of our board of directors, other than Mr. Rosensweig, is “independent” as that term is defined under the rules, regulations and listing standards of the NYSE.

All members of our audit committee, compensation committee, and nominating and corporate governance committee must be independent directors as defined by our Corporate Governance Guidelines. Members of the audit committee must also satisfy a separate SEC independence requirement, which provides that they may not accept directly or indirectly any consulting, advisory or other compensatory fee from Chegg or any of its subsidiaries other than their directors’ compensation (including in connection with such member’s service as a partner, member of principal of a law firm, accounting firm or investment banking firm that accepts consulting or advisory fees from Chegg or any of its subsidiaries). Our board of directors has determined that all members of our audit committee, compensation committee and nominating and corporate governance committee are independent and all members of our audit committee satisfy the relevant SEC additional independence requirements for the members of such committee.

Committees of Our Board of Directors

Our board of directors has established an audit committee, a compensation committee and a nominating and corporate governance committee. The composition and responsibilities of each committee are described below. Each committee is governed by a charter. The charters for each committee can be obtained, without charge, on the investor relations section of our website, <http://investor.chegg.com>, under “Corporate Governance.” Members serve on these committees until their resignations or until otherwise determined by our board of directors.

Audit Committee

Our audit committee is comprised of René Budig, who has served as the chair of the audit committee since her appointment to our board of directors in November 2015, Richard Sarnoff and Ted Schlein. Mr. Schlein was appointed to the audit committee in December 2018 concurrently with the acceptance of the resignation of John York from the audit committee. The composition of our audit committee meets the requirements for independence under the

rules, regulations and listing standards of the NYSE and the rules and regulations of the SEC. Each member of our audit committee is financially literate as required by the rules, regulations and listing standards of the NYSE. In addition, our board of directors has determined that Ms. Budig is an audit committee financial expert within the meaning of Item 407(d) of Regulation S-K of the Securities Act of 1933, as amended.

Our audit committee, among other things:

- selects a qualified firm to serve as the independent registered public accounting firm to audit our financial statements;
- reviews the continuing independence and performance of and oversees our company's relationship with the independent registered public accounting firm;

- discusses the scope, audit planning, and staffing of the independent registered public accounting firm;
- discusses the results of the audit with the independent registered public accounting firm, and reviews, with management and the independent registered public accounting firm, our interim and year-end operating results;
- develops procedures for employees to submit concerns anonymously about questionable accounting or auditing matters;
- considers and reviews the adequacy of our internal accounting controls and audit procedures;
- oversees the activities of the internal audit function within the company; and
- approves or, as required, pre-approves all audit and non-audit services not prohibited by law to be performed by the independent registered public accounting firm.

Compensation Committee

Our compensation committee is comprised of John York, who is the chair of the compensation committee, and Marne Levine. Mr. York was appointed to the compensation committee in December 2018 concurrently with the resignation of Mr. Schlein from the compensation committee. Jeffrey Housenbold resigned from the board of directors and the compensation committee effective April 11, 2019. The composition of our compensation committee meets the requirements for independence under the rules, regulations and listing standards of the NYSE and the rules and regulations of the SEC. Each member of our compensation committee is a non-employee director, as defined pursuant to Rule 16b-3 promulgated under the Securities Act of 1934, as amended, and an outside director, as defined pursuant to Section 162(m) of the Internal Revenue Code of 1986, as amended. The purpose of our compensation committee is to discharge the responsibilities of our board of directors relating to the compensation of our executive officers and directors. Our compensation committee, among other things:

- reviews and determines the compensation of our executive officers and recommends to our board of directors the compensation for our directors;
- administers our stock and equity incentive plans;
- reviews and approves and makes recommendations to our board of directors regarding incentive compensation equity-based grants and equity plans; and
- establishes and reviews our company's overall compensation strategy.

At least annually, our compensation committee reviews and approves our executive compensation strategy and principles to assure that they promote stockholder interests and supports our strategic and tactical objectives, and that they provide for appropriate rewards and incentives for our executives. Our compensation committee also reviews and makes recommendations to our board of directors regarding the compensation of our non-employee directors and executive officers. The compensation committee retains and does not delegate any of its exclusive power to determine all matters of executive compensation and benefits. In determining the compensation of each of our executive officers, other than our chief executive officer, our compensation committee considers the recommendations of our chief executive officer and our human resources department. In the case of the chief executive officer, our compensation committee evaluates his performance and independently determines whether to make any adjustments to his compensation.

Our compensation committee retained an independent compensation consultant, Frederic W. Cook & Co., Inc. ("FW Cook"), to assist in structuring our executive officer compensation and non-employee director compensation for 2018. FW Cook provided our compensation committee with market data and analyses from a peer group of similarly-sized technology companies with similar business and financial characteristics. Other than the services described above, FW Cook has not provided our company or our compensation committee with any other services. No work performed by FW Cook during 2018 raised a conflict of interest.

The compensation committee has delegated in accordance with applicable law, rules and regulations, and our certificate of incorporation and bylaws, authority to an equity awards committee comprised of certain of our executive officers, including our chief executive officer, who is also a member of the board of directors, the authority to make certain types of equity award grants under the Chegg, Inc. 2013 Equity Incentive Plan to any employee who is not an executive officer or director subject to the terms of such plan and equity award guidelines approved by our compensation committee.

Nominating and Corporate Governance Committee

Our nominating and corporate governance committee is comprised of Ms. Levine, who is the chair of the nominating and corporate governance committee, and Messrs. Schlein and York. The composition of our nominating and corporate governance committee meets the requirements for independence under the rules, regulations and listing standards of the NYSE. Our nominating and corporate governance committee, among other things:

- identifies, recruits, evaluates and recommends nominees to our board of directors and committees of our board of directors;
- conducts searches for qualified directors;
- annually evaluates the performance of our board of directors and of individual directors;
- considers and makes recommendations to the board of directors regarding the composition and leadership structure of the board of directors and its committees;
- reviews developments in corporate governance practices;
- evaluates the adequacy of our corporate governance practices and reporting; and
- makes recommendations to our board of directors concerning corporate governance matters.

Compensation Committee Interlocks and Insider Participation

The members of the compensation committee during 2018 were Ms. Levine and Messrs. Housenbold, Schlein and York. Mr. Schlein resigned in December 2018 and Mr. York was appointed to the compensation committee concurrently with Mr. Schlein's resignation. Mr. Housenbold resigned from the board of directors and the compensation committee effective April 11, 2019. None of the members of our compensation committee in 2018 was at any time during the last fiscal year or at any other time an officer or employee of Chegg or any of its subsidiaries, and none had or has any relationships with Chegg that are required to be disclosed under Item 404 of Regulation S-K. None of our executive officers has served as a member of the board of directors, or as a member of the compensation or similar committee, of any entity that has one or more executive officers who served on our board of directors or compensation committee during 2018.

Board and Committee Meetings and Attendance

Our board of directors is responsible for the management and direction of Chegg and for establishing broad corporate policies. The board of directors meets periodically during our fiscal year to review significant developments affecting us and to act on matters requiring the board of directors' approval. The board of directors held four meetings during 2018 and acted nine times by unanimous written consent; the audit committee held six meetings, and acted two times by unanimous written consent, the compensation committee held three meetings, and acted three times by unanimous written consent; and the nominating and corporate governance committee held three meetings, and acted three times by unanimous written consent. During 2018, each member of the board of directors participated in at least 75% of the aggregate of all meetings of the board of directors and of all meetings of committees on which such member served, that were held during the period in which such director served.

Board Attendance at Annual Stockholders' Meeting

Our policy is to invite and encourage each member of our board of directors to be present at our annual meetings of stockholders. All of our then-serving directors, other than Messrs. Housenbold, Schlein and York, attended our last annual meeting of our stockholders held on June 7, 2018.

Presiding Director of Non-Employee Director Meetings

The non-employee directors meet in regularly scheduled executive sessions without management to promote open and honest discussion. Mr. Sarnoff, co-chairperson of the board of directors, is the presiding director at these meetings.

Communication with Directors

Stockholders and interested parties who wish to communicate with our board of directors, non-management members of our board of directors as a group, a committee of the board of directors or a specific member of our board of directors (including our co-chairpersons or lead independent director, if any) may do so by letters addressed to the attention of our Corporate Secretary.

All communications are reviewed by the Corporate Secretary and provided to the members of the board of directors consistent with a screening policy providing that unsolicited items, sales materials, and other routine items and items unrelated to the duties and responsibilities of the board of directors not be relayed on to directors. NOMINATIONS PROCESS AND DIRECTOR QUALIFICATIONS

Nomination to the Board of Directors

Candidates for nomination to our board of directors are selected by our board of directors based on the recommendation of our nominating and corporate governance committee in accordance with such committee's charter, our certificate of incorporation and bylaws, our Corporate Governance Guidelines and criteria adopted by our board of directors regarding director candidate qualifications. In recommending candidates for nomination, the nominating and corporate governance committee considers candidates recommended by directors, officers, employees, stockholders and others, using the same criteria to evaluate all candidates. Evaluations of candidates generally involve a review of background materials, internal discussions and interviews with selected candidates as appropriate and, in addition, the committee may engage consultants or third-party search firms to assist in identifying and evaluating potential nominees.

Additional information regarding the process for properly submitting stockholder nominations for candidates for membership on our board of directors is set forth below under "Stockholder Proposals to Be Presented at the Next Annual Meeting."

Director Qualifications

With the goal of developing a diverse, experienced and highly-qualified board of directors, the nominating and corporate governance committee is responsible for developing and recommending to our board of directors the desired qualifications, expertise and characteristics of members of our board of directors, including the specific minimum qualifications that the committee believes must be met by a committee-recommended nominee for membership to our board of directors and any specific qualities or skills that the committee believes are necessary for one or more of the members of our board of directors to possess.

Since the identification, evaluation and selection of qualified directors is a complex and subjective process that requires consideration of many intangible factors, and will be significantly influenced by the particular needs of the board of directors from time to time, our board of directors has not adopted a specific set of minimum qualifications, qualities or skills that are necessary for a nominee to possess, other than those that are necessary to meet U.S. legal, regulatory and the listing rules of the NYSE and the provisions of our certificate of incorporation, bylaws, Corporate Governance Guidelines, and charters of the board committees. In addition, neither our board of directors nor our nominating and corporate governance committee has a formal policy with regard to the consideration of diversity in identifying nominees. When considering candidates for nomination, the nominating and corporate governance committee may take into consideration many factors including, among other things, a candidate's independence, integrity, skills, financial and other expertise, breadth of experience, knowledge about our business or industry and ability to devote adequate time and effort to responsibilities of the board of directors in the context of its existing composition. Through the nomination process, the nominating and corporate governance committee seeks to promote board membership that reflects a diversity of business experience, expertise, viewpoints, personal backgrounds and other characteristics that are expected to contribute to the board of directors' overall effectiveness. The brief biographical description of the nominee set forth in Proposal No. 1 below includes the primary individual experience, qualifications, attributes and skills of the director nominee that led to the conclusion that the director nominee should serve as a member of our board of directors at this time.

Board Evaluations

Each year, our directors complete an assessment of board of directors and committee performance through board evaluations facilitated by our outside counsel. The assessment includes an evaluation of board and committee meeting

content, structure, processes, practices, and performance. To protect the anonymity and the integrity of the board and committee evaluation process, our outside counsel compiles the responses to these evaluations into a report and recommendations to the nominating and corporate governance committee. The nominating and corporate governance committee and the full board of directors then discusses the results of evaluations and determines if any follow-up actions are appropriate. If follow-up action is needed, the board of directors and any applicable committee develops a plan to address matters raised in the report, as appropriate.

PROPOSAL NO. 1 - ELECTION OF DIRECTOR

Our board of directors currently consists of six directors and is divided into three classes, with each class serving for three years and with the terms of office of the respective classes expiring in successive years. The director in Class III will stand for election at this meeting. The terms of office of directors in Class I and Class II do not expire until the annual meetings of stockholders to be held in 2020 and 2021, respectively. At the recommendation of our nominating and corporate governance committee, our board of directors proposes that the Class III nominee named below be elected as a Class III director for a three-year term expiring at the annual meeting of stockholders to be held in 2022 and until such director's successor is duly elected and qualified, or until such director's earlier resignation or removal.

Shares of our common stock represented by proxies will be voted "FOR" the election of the nominee named below, unless the proxy is marked to withhold authority to so vote. If the nominee for any reason is unable to serve or for good cause will not serve, the proxies may be voted for such substitute nominee as the proxy holder may determine. The nominee has consented to being named in this proxy statement and to serve if elected. Proxies may not be voted for more than one director. Stockholders may not cumulate votes in the election of directors.

Director Compensation

We compensate our non-employee directors with a combination of cash and equity. The form and amount of compensation paid to our non-employee directors for serving on our board of directors and its committees is designed to be competitive in light of industry practices and the obligations imposed by such service. In order to align the long-term interests of our directors with those of our stockholders, a portion of the director compensation is provided in equity-based compensation. The value of the annualized compensation of our non-employee directors is targeted to be at approximately at 50% and 75% of a peer group of similarly-sized technology companies with similar business and financial characteristics for cash and equity, respectively. The director compensation practices of this peer group of companies was the benchmark used when considering the competitiveness of our non-employee director compensation in 2018. Our compensation committee's independent compensation consultant, FW Cook, collected and developed the competitive data and analyses for benchmarking independent director compensation.

Annual Fees. Our non-employee directors were compensated in 2018 as follows:

- an annual cash retainer for serving on our board of directors of \$40,000;
- an annual cash retainer for serving in a non-chair position on the audit committee of \$10,000, on the compensation committee of \$10,000 and on the nominating and corporate governance committee of \$5,000; and
- an annual cash retainer for serving as the chair of the audit committee of \$20,000, for serving as the chair of the compensation committee of \$20,000 and for serving as the chair of the nominating and corporate governance committee of \$10,000.

We pay the annual retainer fee and any additional fees to each director in arrears in equal quarterly installments.

Equity Awards. Our non-employee director equity compensation policy provides that upon initial appointment to the board of directors, a non-employee director will be granted a restricted stock unit award (“RSUs”) having a fair market value on the grant date equal to \$300,000 that vests in equal quarterly installments over three years from the date of grant. Thereafter, upon completion of each full year of service, each non-employee director will be granted, immediately following our annual meeting of stockholders, an additional restricted stock unit award having a fair market value on the date of grant equal to \$175,000 that vests in full on the earlier of the one-year anniversary of the date of grant or immediately prior to the first annual meeting of our stockholders to occur after the date of grant. This annual grant reflects a \$25,000 increase from prior years as approved by our compensation committee based on a review of a market analysis of our compensation peer group.

In connection with the adoption of the Co-Chairperson of the Board structure we adopted a compensation program to provide for an initial restricted stock unit award for a non-executive Co-Chairperson of the Board, having a fair market value on the grant date equal to \$80,000 that vests in full on the one-year anniversary of the date of grant. This grant is in addition to any other annual Board service compensation and thereafter, upon completion of each full year of service, each non-executive Co-Chairperson of the Board will be granted, immediately following our annual meeting of stockholders, an additional restricted stock unit award having a fair market value on the date of grant equal to \$80,000 that vests in full on the one-year anniversary of the date of grant. Awards granted to non-employee directors under the policies described above will accelerate and vest in full in the event of a change of control. In addition to the awards provided for above, non-employee directors are eligible to receive discretionary equity awards.

Non-employee directors receive no other form of remuneration, perquisites or benefits, but are reimbursed for their expenses in attending meetings, including travel, meals and other expenses incurred to attend meetings solely among the non-employee directors.

Stock Ownership Guidelines for Directors. In 2018, our board of directors established minimum stock ownership guidelines for non-employee directors that require each director to own Chegg equity having a value of at least three times his or her base annual cash retainer of \$40,000. Each non-employee director has until May 2023 to reach this ownership level. Going forward, each newly elected director shall have five years from the year elected to reach the ownership level.

The following table provides information for the year ended December 31, 2018 regarding all compensation awarded to, earned by or paid to each person who served as a non-employee director for some portion or all of 2018.

Mr. Rosensweig, our current President and Chief Executive Officer, did not receive any compensation for his service as a director during the fiscal year ended December 31, 2018.

During 2018, each non-employee member of the board of directors who was a director after the close of our annual meeting of stockholders on June 7, 2018 was granted a restricted stock unit (“RSU”) award covering 6,214 shares of our common stock. For purposes of determining the number of shares of common stock subject to the RSU award, an aggregate grant date fair value of \$175,000 was used. In conjunction with his appointment as non-executive Co-Chairperson of the Board, Richard Sarnoff received an additional RSU award covering 2,574 shares of our common stock and for purposes of determining the number

of shares of common stock subject to this additional RSU award, an aggregate grant date fair value of \$80,000 was used. The grant date fair value for RSU awards was determined using the closing share price of our common stock on the date of grant. OUR BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” THE ELECTION OF THE DIRECTOR NOMINEE.

PROPOSAL NO. 2 - NON-BINDING ADVISORY VOTE
ON EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act (the “Dodd-Frank Act”), enacted on July 21, 2010, requires that we seek, on a non-binding advisory basis, stockholder approval of the compensation of our named executive officers as described in this proxy statement. This proposal, commonly known as a “say-on-pay” proposal, gives our stockholders the opportunity to express their views on the compensation of our named executive officers.
Compensation Program and Philosophy

Our executive compensation program is designed to:

- Attract, motivate and retain highly-qualified executive officers in a competitive market;
- Provide compensation to our executives that are competitive and reward the achievement of challenging business objectives; and
- Align our executive officers’ interests with those of our stockholders by providing a significant portion of total compensation in the form of equity awards.

Our board of directors believes that our current executive compensation program has been effective at aligning our executive officers’ interests with those of our stockholders. Stockholders are urged to read the “Executive Compensation” section of this proxy statement, which further discusses how our executive compensation policies and procedures implement our compensation philosophy and contains tabular information and narrative discussion about the compensation of our named executive officers.

The compensation committee and the board of directors believe that these policies and procedures are effective in implementing our compensation philosophy and in achieving our goals. Accordingly, we are asking our stockholders to indicate their support for the compensation of our named executive officers as described in this proxy statement by voting in favor of the following resolution:

“RESOLVED, that the stockholders approve, on a non-binding advisory basis, the compensation of Chegg, Inc.’s named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the compensation tables, and the accompanying narrative disclosures set forth in the proxy statement relating to Chegg, Inc.’s 2019 annual meeting of stockholders.”

OUR BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” THE APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THIS PROXY STATEMENT.

PROPOSAL NO. 3

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Our audit committee is responsible for the appointment, compensation, retention and oversight of the work of our independent registered public accounting firm. Our audit committee has selected Deloitte & Touche LLP (“Deloitte”) as our principal independent registered public accounting firm to perform the audit of our consolidated financial statements for fiscal year ending December 31, 2019.

As previously disclosed by us in a Current Report on Form 8-K filed with the SEC on March 12, 2018 (the “March Form 8-K”), on February 27, 2018, our management, at the direction of our audit committee, issued a request for proposal for audit services for the 2018 fiscal year and beyond (the “RFP”) to several independent registered public accounting firms, including our then-current independent registered public accounting firm, Ernst & Young LLP (“EY”), to provide us with the opportunity to review auditor service levels, audit fees, and evaluate the benefits and risks of changing independent registered public accounting firms. Responses to the RFP were due on March 8, 2018 and EY submitted a proposal. Our management and the audit committee evaluated the proposals and met with all of the participants in the RFP on March 9, 2018. Following such meetings on March 9, 2018, the audit committee approved the appointment of Deloitte as our independent registered public accounting firm effective as of March 12, 2018 (the “Effective Date”). On March 10, 2018, our management, at the direction of the audit committee, notified EY that it was terminating EY’s engagement as our independent registered public accounting firm, effective as of the Effective Date.

During our two most recent fiscal years ended December 31, 2017 and 2016, respectively, and the subsequent interim period through March 12, 2018, neither we nor anyone acting on our behalf consulted with Deloitte regarding any of the matters described in Item 304(a)(2)(i) and (ii) of Regulation S-K.

EY’s reports on our financial statements for the two years ended December 31, 2017 and 2016, respectively, did not contain an adverse opinion or a disclaimer of opinion, and were not qualified or modified as to uncertainty, audit scope, or accounting principles.

During our two most recent fiscal years ended December 31, 2017 and 2016, respectively, and the subsequent interim period through March 12, 2018, there were no disagreements, within the meaning of Item 304(a)(1)(iv) of Regulation S-K and the related instructions thereto, with EY on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of EY, would have caused it to make reference to the subject matter of the disagreements in connection with its reports. Also during this same period, there were no reportable events within the meaning of Item 304(a)(1)(v) of Regulation S-K and the related instructions thereto.

We provided EY with the disclosures made in the March Form 8-K prior to the time that the March Form 8-K was filed with the SEC, and requested that EY to furnish us with a letter addressed to the SEC stating whether it agrees with the above statements made by us in the March Form 8-K and, if not, stating the respects in which it does not agree. EY’s letter was filed as Exhibit 16.01 to the March Form 8-K.

As a matter of good corporate governance, our audit committee has decided to submit its selection of its principal independent registered public accounting firm to stockholders for ratification. In the event that the appointment of Deloitte is not ratified by our stockholders, the audit committee will review its future selection of Deloitte as our principal independent registered public accounting firm. Deloitte audited our financial statements for our year ended December 31, 2018. Representatives of Deloitte are expected to be present at the annual meeting. They will be given an opportunity to make a statement at the meeting if they desire to do so, and will be available to respond to appropriate questions.

Independent Registered Public Accounting Firms' Fees Report

We regularly review the services and fees of our independent registered public accounting firm. These services and fees are also reviewed with our audit committee annually.

In addition to performing the audit of our consolidated financial statements, Deloitte, the member firm of Deloitte Touche Tohmatsu Limited and their respective affiliates (the "Deloitte Group") and EY, our prior independent registered public accounting firm that audited our financial statements through the year ended December 31, 2017, provided various other services during 2018 and 2017. Our audit committee has determined that the Deloitte Group's and EY's provisioning of these services, which are described below, does not impair Deloitte's, or the Deloitte Group's, and EY's independence from Chegg.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

Our audit committee’s policy is to pre-approve all audit and permissible non-audit services provided by the independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. Pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The independent registered public accounting firm and management are required to periodically report to the audit committee regarding the extent of services provided by the independent registered

public accounting firm in accordance with this pre-approval, and the fees for the services performed to date. Our audit committee may also pre-approve particular services on a case-by-case basis. All of the services relating to the fees described in the table above were approved by our audit committee.

Business & Compensation Highlights for Fiscal Year 2018

Financial Performance Highlights. As reflected in our stock price appreciation, growth in Chegg Services revenues (as described in greater detail in the “—Elements of Fiscal Year 2018 Compensation—Equity Incentive Compensation—Performance-Based Restricted Stock Units” section), and company adjusted EBITDA, fiscal year 2018 was another successful year for Chegg.

Chegg Services revenues and adjusted EBITDA are key financial metrics for measuring our performance and success because both are primary components of our overall revenue growth and profitability and our long-term incentive compensation is consequently linked to these two metrics. In fiscal year 2018, Chegg Services revenues grew 37% year-over-year to \$254.0 million, compared to our incentive plan target of \$240.0 million. We also achieved adjusted EBITDA of \$83.3 million, compared to our incentive plan target of \$74.0 million, which reflects an increase of 80% from the prior year. As a result of our strong fiscal year 2018 performance on these metrics, our long-term incentive performance awards were earned at 146% of target. Our financial success in these key metrics has translated into significant value creation for our stockholders. As of December 31, 2018, our one-year stock price appreciation was 74% and our three-year stock price appreciation was 322%, which ranked at the 100th percentile and at the 88th percentile, respectively, relative to our 2018 compensation peer group.

Adjusted EBITDA is a non-GAAP financial measure. We define adjusted EBITDA as earnings before interest, taxes, depreciation and amortization, or EBITDA, adjusted to exclude share-based compensation expense, other income, net, restructuring charges, and acquisition-related compensation costs. For a reconciliation of adjusted EBITDA to its most directly comparable financial measure prepared in accordance with accounting principles generally accepted in the United States (“GAAP”), please refer to Appendix A to this proxy statement.

Stockholder Engagement. During 2018, we conducted a stockholder outreach campaign to understand stockholder concerns with our executive compensation program. A summary of these efforts was presented to the compensation committee prior to their review and approval of our 2019 executive compensation programs. In 2019, the compensation committee approved stock ownership guidelines and a compensation recoupment policy for our executive officers. For further information, see the section “-Stockholder Engagement and Results of 2018 Stockholder Advisory Vote on Executive Compensation.”

Stockholder Engagement and Results of 2018 Stockholder Advisory Vote on Executive Compensation

At the Annual Meeting of Stockholders on June 7, 2018, 69% of the votes cast were in favor of our advisory vote to approve our executive compensation program. This result fell below our expectations and was taken into consideration by the compensation committee in determining our executive compensation program going forward. In response, we critically assessed our compensation program and solicited feedback on potential compensation program improvements from our stockholders. During fiscal year 2018, members of our management team reached out to stockholders representing approximately 60% of our outstanding common stock to facilitate a discussion on corporate governance, executive compensation, and related topics concerning stockholders. A summary of these efforts and the feedback provided by these stockholders was presented to the compensation committee prior to their review and approval of our 2018 executive compensation programs.

In response to the feedback from our stockholders, we adopted formal stock ownership guidelines for both our executive officers and non-employee directors (see “—Elements of Fiscal Year 2018 Compensation—Other Programs and Policies—Executive and Director Stock Ownership Guidelines” below) and we also adopted a compensation recoupment policy for executive officers whereby cash and equity incentive payments predicated upon the achievement of certain financial results will be recouped or forfeited in the event of a financial restatement by Chegg (see “—Elements of Fiscal Year 2018 Compensation—Other Programs and Policies—Compensation Recoupment (“Clawback”) Policy” below).

We expect to continue our dialogue with stockholders and take their feedback into account when evaluating our executive compensation program going forward.

Compensation Practices

We designed our executive compensation program with the intention of aligning pay with performance while balancing risk and reward. To help us accomplish these key objectives, we have adopted the following policies and practices:

What We Do

Maintain a compensation committee comprised solely of independent directors

Use an independent compensation consultant

Use a representative and relevant peer group for assessing compensation

Consider stockholder dilution and burn rate in our equity compensation decisions

Prioritize stockholder alignment with a high percent of pay mix allocated to equity compensation, half of which is performance-conditioned

Set a maximum payout on performance-based equity incentive awards at 150% of target

Maintain a recoupment policy on cash or equity incentive awards in the event of a financial restatement

Maintain stock ownership guidelines for our executive officers and non-employee directors

Ongoing stockholder outreach

What We Don't Do

Provide defined benefit or contribution retirement plans or arrangements, other than our Section 401(k) plan which is generally available to all employees

Provide excise tax gross-ups on change of control severance payments

Provide excessive benefits and/or perquisites to our executive officers, including post-termination benefits

Include “single-trigger” vesting change of control provisions in equity awards

Allow hedging or monetization transactions, such as zero cost collars and forward sale transactions

Provide dividends or credits on unvested incentive equity awards

Annual Say-On-Pay Vote

PROCESS FOR SETTING EXECUTIVE COMPENSATION

Compensation Philosophy and Objectives

Our executive compensation program is designed to:

- Attract, motivate and retain highly-qualified executive officers in a competitive market;
- Reward the achievement of challenging business objectives; and
- Align our executive officers' interests with those of our stockholders by providing a significant portion of total compensation in the form of equity awards.

We operate in a fast-paced, innovative education software and services industry, which is an emerging category with very few public company peers in the United States. We are the largest direct-to-student education software company. Our executive team possesses a unique mix of education software industry experience and the ability to scale for high growth and profitability. Our leaders are difficult to replace and we compete for talent in the highly competitive, San Francisco Bay Area market. To retain key talent and remain competitive in our labor market, we provide compensation to our employees that recognizes and incentivizes high performance.

Our total direct compensation to our executive officers consists of two components: base salaries and equity incentive compensation. Our base salaries provide a stable source of income and keep our compensation competitive and our time and performance-based equity provides an incentive for our executive officers to achieve both short-term and long-term corporate goals. We generally do not grant cash bonuses to our executives. We believe that allocating a meaningful percentage of compensation to equity-based opportunities motivates our executive officers to create long-term stockholder value. Our total direct compensation is generally targeted at market competitive ranges, and while competitive market data informs the pay decisions of the compensation committee, it is not the determinative factor in setting our executives' compensation. In setting compensation levels, the compensation committee further takes into account our financial and market performance on an absolute basis and relative to our peer group, as well as individual factors, including but not limited to: job responsibilities and complexity of the role, contributions to Chegg, market competition for talent, experience and tenure, and relative value to our company.

Role of Our Compensation Committee, Management and Independent Compensation Consultant

Role of Our Compensation Committee

The compensation committee is responsible for developing, implementing, and overseeing our compensation and benefit programs and policies, including administering our equity incentive plans and performing assessments on compensation-related risk. On an annual basis, the compensation committee reviews and approves compensation decisions relating to our executive officers, including our CEO. To determine each executive officer's compensation, the compensation committee reviews compensation on a role-specific basis as well as relative to positions at a similar level and for the executive team overall. The compensation committee also reviews and considers our corporate financial performance and overall financial condition. The compensation committee also evaluates risk as it relates to our compensation programs, including our executive compensation program. As discussed under "Risk Considerations" below, the compensation committee does not believe that our compensation and benefits programs and policies encourage excessive or inappropriate risk taking.

Role of Our Management

Our CEO reviews the annual performance of each executive (except his own performance) and makes recommendations to the compensation committee regarding each executive's base salary and equity compensation

(other than for himself). The compensation committee may modify individual compensation levels and components for executive officers and is not bound to accept our CEO's recommendations.

Role of Our External Compensation Consultant

The compensation committee has the authority under its charter to retain the services of an external consulting firm or advisor to assist it in making its compensation decisions. For fiscal year 2018, the compensation committee retained Frederic W. Cook & Co., Inc. ("FW Cook") as its independent compensation consultant. The compensation committee determined FW Cook is an independent compensation advisor including for purposes of the Dodd-Frank Act and other applicable SEC and NYSE regulations. During fiscal year 2018, FW Cook was retained to review our compensation philosophy and objectives, to develop a compensation peer group, to gather and analyze compensation data for our compensation peer group, to evaluate compensation practices and pay levels for our executives and non-employee directors, and to review certain compensation arrangements with our executives. In the course of fulfilling these responsibilities, representatives of FW Cook attended compensation committee meetings and met with management from time to time to gather relevant information. FW Cook performs no other services for us, other than its work for the compensation committee and only reports to the compensation committee and does not provide services to our management.

2018 Compensation Peer Group

Our compensation committee generally considers market data compiled by FW Cook to better inform its determination of the key components of our executive compensation program and to develop a program that it believes will enable us to compete effectively for new executives and retain existing executives. In general, this market data consists of compensation information from both broad-based third-party compensation surveys and a compensation “peer group.” Our peer group for purposes of making determinations with respect to 2018 compensation consists of software companies that are similar to us in revenue, market capitalization, market capitalization to revenue ratio, and relevant geographic locations where we compete for executive talent (generally San Francisco Bay Area, Los Angeles, and New York). Industry and financial size criteria includes:

• **GICS Industries:** Internet & Catalog Retail and Internet Software & Services

• **Financial Size:** Approximately one-third to three times our total revenues and one-third to three times our market capitalization value

Each year, the compensation committee, with the assistance of FW Cook, conducts an annual review of the compensation levels and practices of peer companies. As part of the review, the compensation committee assesses the compensation peer group to ensure the constituents continue to meet the criteria for compensation assessment purposes. Given Chegg’s evolution to a growth company, in September 2017 the compensation committee approved including the criteria of market capitalization to revenue ratio. As a result, Cornerstone OnDemand, Coupa Software, Mulesoft, New Relic, Nutanix, TrueCar, and Twilio were added to our compensation peer group. Due to acquisitions, Angie’s List, Bankrate, Blue Nile, RetailMeNot, and WebMD Health were removed from our compensation peer group.

For 2018, our compensation peer group consisted of the 19 companies set forth below:

2U	LogMeIn	Stamps.com
Blucora	Mulesoft*	TrueCar
Box	New Relic	Twilio
Cornerstone OnDemand	Nutanix	XO Group*
Coupa Software	Pandora Media*	Yelp
Instructure	Quotient Technology	
LivePerson	Shutterstock	

*These peer companies have subsequently been acquired as of December 31, 2018.

The compensation committee also references surveys from Radford, an Aon Hewitt company (“Radford”), covering general technology companies with annual revenues of between \$200 million and \$500 million. These surveys, as well as the peer group information, serve as data points in determining the appropriate components of and overall compensation, but the compensation committee does not benchmark its compensation to any particular level or against any specific member of our compensation peer group or such surveys.

ELEMENTS OF FISCAL YEAR 2018 COMPENSATION

Fiscal Year 2018 Pay Mix

Consistent with our compensation philosophy and objectives, we provide compensation to our CEO and our executive officers in the form of base salaries, time-vesting restricted stock units (“RSUs”), and performance-based RSUs (“PSUs”). We generally do not provide annual cash incentive opportunities to our executive officers, which are typically provided by our peer companies, as our equity incentive compensation is intended to tie the majority of our executive officer’s pay to the delivery of long-term stockholder value. We include one-year performance periods on our

performance-based equity awards to incentivize the achievement of critical short-term goals and we include a multi-year time-based vesting component to these awards to keep the focus on the creation of long-term stockholder value. Equity compensation constitutes 87% of the total pay mix for our CEO and 81% on average for our other NEOs.

*Target pay mix represents annual base salary rates, RSUs at grant date fair value, and PSUs at grant date fair value, assuming the target performance level is achieved.

Base Salaries

We pay an annual base salary to each of our executive officers in order to attract and retain executive talent and provide them with a fixed and stable rate of cash compensation during the year. Base salaries for our executive officers are reviewed by the compensation committee annually during the first or last quarter of the calendar year. The compensation committee takes into consideration a variety of factors when determining base salary adjustments, including our compensation objectives, each executive's responsibilities and individual performance, and the compensation peer group and Radford survey market analysis provided by FW Cook.

In 2018, the compensation committee approved the following base salary adjustments for our NEOs based on the compensation committee's assessment of individual performance and a market analysis of our compensation peer group.

Equity Incentive Compensation

The compensation committee believes that equity compensation should represent a significant amount of our executive officers' total compensation so that the interests of our executive officers are aligned with those of our stockholders. The compensation committee determines the amount of equity compensation appropriate for each NEO based on a variety of factors, including our compensation objectives, corporate operational and financial performance and relative stockholder return, each executive's responsibilities, the compensation peer group and Radford survey market analysis provided by FW Cook, historical equity grants and, for executive officers other than the CEO, from recommendations from the CEO.

Executive officers are initially granted an equity award when they join us, based on their position and their relevant prior experience. These initial equity grants vest over four years for RSUs and no shares vest before the one-year anniversary of the date of grant. We spread the vesting of new hire equity grants over four years to compensate our executives for their contributions over time and to encourage retention and focus on long-term value creation. Thereafter, equity awards are

generally granted annually to eligible executive officers around March of each year. The compensation committee has the discretion to grant equity awards in addition to these annual grants based on, among other factors, changes in job responsibilities, performance and experience, or material changes in market compensation. No new hire or discretionary grants were made to our NEOs in 2018.

In March 2018, the compensation committee granted long-term equity compensation to our NEOs with a target mix of 50% RSUs and 50% PSUs. The compensation committee believes that a 50/50 mix of time-based and performance-based equity awards for 2018 will be the most effective incentive for retaining our executive officers and rewarding them for short-term company performance while also creating long-term incentives to sustain that performance. The compensation committee routinely evaluates and considers the type of awards granted under our equity incentive program and may, in the future, decide that other types of awards or a different mix of awards are appropriate to provide incentives to our executive officers.

Restricted Stock Units

We grant RSUs because they provide retentive value for our executive officers and are linked to creating stockholder value as the award value increases with stock price appreciation. On March 1, 2018, we granted RSUs to each of our NEOs vesting in three equal annual installments over a period of three years, conditioned on the executive officer's service up to and through the applicable vesting dates.

Performance-Based Restricted Stock Units

We grant PSUs because they are linked to stockholder value creation, like RSUs, but are also leveraged to our financial performance and allow us to set appropriate annual goals that we believe are critical to drive long-term success. On March 1, 2018, the compensation committee granted PSU awards to our NEOs subject to the achievement of certain financial performance goals and conditioned on the executive officer's service up to and through the applicable multi-year, time-based vesting dates.

These PSUs will be earned and eligible to vest contingent on the achievement of two equally weighted performance metrics: (1) fiscal year 2018 Chegg Services revenues and (2) fiscal year 2018 adjusted EBITDA (both as defined below). These two metrics were selected because the compensation committee believes that Chegg Services revenue growth and adjusted EBITDA, a non-GAAP measure of profitability, are the most important drivers of stockholder value for Chegg in 2018 as Chegg Services revenues and adjusted EBITDA are the primary components of our overall revenue growth and profitability. The selection of these two measures as PSU metrics ensures our executive officers are incentivized in accordance with the long-term interests of our stockholders. The performance metrics and their timing are synchronized with the board-approved corporate strategic plan and associated metrics and targets.

We currently use a one-year performance period (with a multi-year time-based vesting schedule) to allow us the flexibility to set appropriate annual goals to drive stockholder value given our high growth expectations and the rapidly changing nature of the industry in which we operate. Because of the potential risks to performance and motivation that are associated with improperly setting goals in a high-growth environment, the compensation committee has not adopted multi-year performance goals at this time but will continually monitor this topic. As discussed below, the PSUs include a three-year time-based vesting schedule which provides an incentive for executive officers to focus on multi-year performance.

Upon the determination of the attainment of the performance metrics, a percentage of PSUs will be earned based on actual achievement and will be eligible to vest over a three-year time-based vesting schedule. Any PSUs that are not earned will be forfeited at the end of the performance period and will not be eligible to vest. One-third of the earned PSUs vest on the later of the one-year anniversary of the grant date or the date our compensation committee

determines the performance metrics have been met, the “Initial Vesting Date.” One-third of the earned PSUs vest on the second anniversary of the Initial Vesting Date and the remaining one-third vest on the three-year anniversary of the Initial Vesting Date. Vesting is subject to the executive officer’s continued service up to and through the applicable vesting dates. The time-based vesting element of the allocated PSUs provides additional retention of our executive officers and an alignment with stockholders on creating long-term value.

The number of PSUs that may be earned range from 0% to 150% of the total award depending on the level of performance achieved for each goal. No payout will be made for performance below the threshold level. The metrics are equally weighted (each representing 50% of the target number of shares) and measured separately and the resulting number of earned PSUs with respect to each metric are added together for the total number of earned PSUs that are eligible to vest over time. If actual performance falls between the threshold, target, or maximum levels, linear interpolation will be used to determine the number of PSUs earned, as set forth in the table below:

Performance Level	Threshold	Target	Maximum
Payout % of Award	50%	100%	150%
Chegg Services Revenue	\$230,000,000	\$240,000,000	\$250,000,000
Adjusted EBITDA*	\$68,000,000	\$74,000,000	\$85,000,000

*Adjusted EBITDA is a financial measure not prepared in accordance with GAAP.

“Chegg Services Revenue” encompasses all revenue other than revenue derived from our Required Materials products and consists primarily of Chegg Study, Chegg Writing, Chegg Tutors, and Chegg Math Solver.

“Adjusted EBITDA” means earnings before interest, taxes, depreciation and amortization, or EBITDA, adjusted to exclude share-based compensation expense, other income, net, restructuring charges, and acquisition-related compensation costs.

We granted RSUs and PSUs to our NEOs in fiscal year 2018 and the grant date fair value in accordance with Financial Accounting Standards Board (“FASB”) ASC Topic 718 (“ASC 718”) is set forth in the table below, denominated at target and maximum payout levels:

Named Executive Officer	Number of Shares Granted		Grant Date Fair Value of Awards		
	Time-Vesting RSUs	PSUs (Target)* (Maximum)	Time-Vesting RSUs	PSUs (Target)*	PSUs (Maximum)
Dan Rosensweig	164,974	164,974 247,461	\$3,249,988	\$3,249,988	\$4,874,982
Andrew Brown	65,989	65,989 98,984	\$1,299,983	\$1,299,983	\$1,949,985
Nathan Schultz	53,299	53,299 79,949	\$1,049,990	\$1,049,990	\$1,574,995
Michael Osier	53,299	53,299 79,949	\$1,049,990	\$1,049,990	\$1,574,995
Esther Lem	43,147	43,147 64,720	\$849,996	\$849,996	\$1,274,984
Jenny Brandemuehl	43,147	43,147 64,720	\$849,996	\$849,996	\$1,274,984

*PSUs (Target) represents approximately two-thirds of the total potential maximum grant size. As described below, in the first quarter of 2019, the compensation committee certified that, based on our financial performance in fiscal year 2018, 146.1% of the target amounts listed in the table above were earned by each NEO, and eligible to vest contingent upon time-based service conditions.

Fiscal Year 2018 Performance-Based Restricted Stock Units Payout

In February 2019, the compensation committee certified our financial performance in 2018 with respect to the 2018 PSU metrics. We achieved \$254.0 million in Chegg Services Revenue, resulting in a payout percentage of 150% of Target of the 2018 Chegg Services Revenues performance goal and we achieved \$83.3 million in adjusted EBITDA, resulting in an attainment of 142.1% of Target of the 2018 adjusted EBITDA performance goal. The weighted average of the percentage achieved for the two 2018 PSU metrics is 146.1% of Target. As noted above, our financial success in these key metrics has translated into significant value creation for our stockholders. As of December 31, 2018, our one-year stock price appreciation was 74% and our three-year stock appreciation was 322%, which ranked at the 100th and at the 88th percentiles, respectively, relative to our 2018 compensation peer group.

Named Executive Officer	Chegg Services Revenues (150.0% of Target)	Number of PSUs Earned	
		Adjusted EBITDA (142.1% of Target)	Total Number of PSUs Earned (146.1% of Target)
Dan Rosensweig	123,732	117,231	240,963
Andrew Brown	49,493	46,890	96,383
Nathan Schultz	39,975	37,874	77,849
Michael Osier	39,975	37,874	77,849

Other Programs and Policies

Benefits and Perquisites

Our executive officers participate in the same employee benefit and retirement programs that are generally provided to all other employees, including our 401(k) plan, employee stock purchase plan, health care plans, life insurance and other welfare benefit programs. We do not provide additional benefits or perquisites to our NEOs that are not made available to other employees.

Severance and Change-in-Control Arrangements

To enable us to attract talented executives, as well as ensure ongoing retention when considering potential corporate transactions that may create uncertainty as to future employment, we offer certain post-employment payments and benefits to certain NEOs. We have entered into offer letter agreements with Messrs. Rosensweig, Brown and Osier that provide cash severance benefits and for Messrs. Rosensweig and Brown equity award vesting acceleration in the event of certain terminations of employment both outside a change of control and in connection with a change of control (i.e., double-trigger severance protections). We do not provide tax gross-ups if an executive is subject to excise taxes as a result of severance or change of control benefits. A detailed description of the terms of the agreements can be found under the section titled “Termination and Change of Control Arrangements.”

Insider Trading and Hedging Policies

We have adopted a policy whereby our employees, officers and directors, members of their immediate families and others living in their households and associated entities (e.g. venture capital funds, partnerships, trusts, corporations), and consultants are prohibited from insider trading and hedging our securities. Under this policy, we prohibit any of the individuals from hedging or monetization transactions, such as zero cost collars and forward sale transactions, and transactions relating to the future price of our common stock, such as put or call options and short sales. Additionally, no individual may use Chegg securities as collateral in a margin account or pledge Chegg securities as collateral for a loan or modify an existing pledge unless the individual submits a request for pre-clearance to the Insider Trading Compliance Officer in advance.

Rule 10b5-1 Plans

Certain of our directors and executive officers have adopted written plans, known as Rule 10b5-1 plans, in which they have contracted with a broker to buy or sell shares of our common stock on a periodic basis. Under a Rule 10b5-1 plan, a broker executes trades pursuant to parameters established by the director or officer when entering into the plan, without further direction from the director or officer. The director or officer may amend or terminate the plan in some circumstances. The adoption, amendment, termination and certain other actions with respect to Rule 10b5-1 plans must comply with the terms of our insider trading policy.

Compensation Recoupment (“Clawback”) Policy

In February 2019, we adopted a compensation recoupment, or “clawback,” policy that applies to our executive officers. Under this policy, in the event of a material restatement of financial results, the board of directors or compensation committee can recoup or require forfeiture of cash or equity award incentive payments in excess of any compensation that would have been earned by the executive officer based upon the restated financial results.

Executive and Director Stock Ownership Guidelines

In February 2019 and May 2018, respectively, we implemented stock ownership guidelines for our executive officers and non-employee members of our board of directors. These guidelines are intended to align the economic interests of our executive officers and non-employee members of our board of directors with our stockholders by requiring the executive officers and non-employee directors to acquire and maintain a meaningful ownership interest in our common stock. Executive officers and non-employee members of our board of directors are required to acquire and hold our common stock equal to a multiple of base salary or cash retainer, as applicable, within five years of the later of (i) the effective date of these stock ownership guidelines or (ii) commencement of employment service or Board service:

34

Position	Stock Ownership Requirement
CEO	Three times annual cash salary
Other Executive Officers	One times annual cash salary
Non-Employee Directors	One times annual cash retainer

As of December 31, 2018, all of our non-employee directors but one would have met the thresholds under the stock ownership guidelines if the thresholds were already required. If the stock ownership guidelines had been in place as of December 31, 2018, all of our executive officers would have met the thresholds if those were already required.

Accounting and Tax Considerations

Prior to its amendment by the Tax Cuts and Jobs Act (the “TCJA”), which was enacted December 22, 2017, Section 162(m) of the Internal Revenue Code of 1986, as amended (“Section 162(m)”), disallowed a tax deduction to public companies for compensation paid in excess of \$1 million to “covered employees” under Section 162(m) (generally, such company’s chief executive officer and its three other highest paid executive officers other than its chief financial officer), with an exception to this deductibility limitation for performance-based compensation if certain requirements were met.

The TCJA generally amended Section 162(m) to eliminate the exception for performance-based compensation, effective for taxable years following December 31, 2017. The \$1 million compensation limit was also expanded to apply to a public company's chief financial officer and to certain individuals who were covered employees in years other than the then-current taxable year. Although certain transition relief may apply with respect to compensation paid pursuant to certain contracts in effect as of November 2, 2017, ambiguities in the TCJA prevent the compensation committee from being able to definitively determine what compensation, if any, payable to the covered employees in excess of \$1 million will be deductible in future years.

While our compensation committee considers the deductibility of awards as one factor in determining executive compensation, the compensation committee also looks at other factors in making its decisions, as noted above, and retains the flexibility to award compensation that it determines to be consistent with the goals of our executive compensation program even if the awards are not deductible by us for tax purposes.

We account for equity compensation paid to our employees under FASB ASC 718, which requires us to estimate and record an expense over the service period of the award. FASB ASC 718 also requires us to record cash compensation as an expense at the time the obligation is accrued.

Risk Considerations

The compensation committee has discussed the concept of risk as it relates to our compensation programs, including our executive compensation program, and the compensation committee does not believe that our compensation programs encourage excessive or inappropriate risk taking. As described in further detail in this “Compensation Discussion and Analysis,” we structure our pay to consist of both fixed and variable compensation. In fiscal year 2018, the compensation committee and management considered whether our compensation programs for employees created incentives for employees to take excessive or unreasonable risks that could materially harm our company. The compensation committee believes that our compensation programs are typical for companies in our industry and that the risks arising from our compensation policies and practices are not reasonably likely to have a material adverse effect on the company.

REPORT OF THE COMPENSATION COMMITTEE

The information contained in the following report of our compensation committee is not considered to be “soliciting material,” “filed” or incorporated by reference in any past or future filing by us under the Securities Exchange Act of 1934 or the Securities Act of 1933, as amended, unless and only to the extent that we specifically incorporate it by reference.

The compensation committee oversees our compensation policies, plans and benefit programs. The compensation committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management. Based on such review and discussions, the compensation committee has recommended to the board of directors that the “Compensation Discussion and Analysis” be included in this proxy statement.

(1) Messrs. Schultz and Osier and Ms. Lem were not NEOs in 2016. Ms. Brandemuehl was not an NEO in 2017 but was an NEO in 2016.

The amounts reported in this column represent the aggregate grant date fair value of RSU and PSU awards granted under our 2013 Equity Incentive Plan, as computed in accordance with ASC 718. The grant date fair value was determined using the closing share price of our common stock on the date of grant. For fiscal year 2018, the amounts include PSUs, valued at the grant date based upon the probable outcome of the performance conditions.

(2) The aggregate grant date fair values of the PSUs in the table above reflect the maximum potential value of the PSUs (assuming the highest level of performance achievement) and were \$4,874,982 for Mr. Rosensweig, \$1,949,985 for Mr. Brown, \$1,574,995 for Mr. Schultz, \$1,574,995 for Mr. Osier, \$1,274,984 for Ms. Lem, and \$1,274,984 for Ms. Brandemuehl.

Upon the achievement by December 31, 2018 of certain company performance metric measurements approved by the compensation committee as described under the heading “-Elements of Fiscal Year Compensation-Equity Incentive Compensation-Performance-Based Restricted Stock Units,” the RSUs earned (if any) with respect to each (1) performance metric vested as to one-third on March 1, 2019, and shall vest as to one-third on the one year anniversary of the initial determined vesting date, and the remaining one-third shall vest on the two-year anniversary of the initial determined vesting date, subject in each case to the applicable officer’s continued service up to and through the applicable vesting dates.

One-third of the shares shall vest, or have vested, annually on each anniversary of the vesting commencement date (2) of March 1, 2018 (e.g., March 1, 2019, March 1, 2020, and March 1, 2021). The vesting is subject to continued service through each vesting date.

TERMINATION AND CHANGE IN CONTROL ARRANGEMENTS

To enable us to attract talented executives, as well as to ensure ongoing retention when considering potential corporate transactions that may create uncertainty as to future employment, we offer certain post-employment payments and benefits to our NEOs.

Pursuant to the offer letters we entered into with Messrs. Rosensweig, Brown and Osier, we have agreed to make certain payments upon their termination or resignation, or upon such terminations in connection with a change of control of our company. We have not entered into any termination and change of control arrangements with Mr. Schultz or Mss. Brandemuehl and Lem.

These arrangements are intended to attract and retain qualified executives that have alternatives that may appear to them to be less risky absent these severance arrangements, and to mitigate a potential disincentive to consideration and execution of an acquisition, particularly where the services of these executive officers may not be required by the acquirer. We also believe that entering into these arrangements will help our executive officers maintain continued focus and dedication to their responsibilities to help maximize stockholder value if there is a potential transaction that could involve a change of control of the company.

Dan Rosensweig

We entered into an offer letter agreement with Mr. Rosensweig, our President, Chief Executive Officer and Co-Chairperson, on December 3, 2009. The offer letter provides for at-will employment and has no specific term. Pursuant to Mr. Rosensweig's offer letter, in the event we terminate Mr. Rosensweig's employment without "cause" or he resigns from his employment with us for "good reason" (each as defined below), then we will pay Mr. Rosensweig (i) a lump sum payment equal to 12 months of his then-current annual salary and (ii) his monthly insurance premiums, until the earlier of 12 months following his termination or resignation or the date upon which he commences full-time employment or consulting services with another company and is eligible for participation in any health insurance program provided by such company. Additionally, pursuant to his offer letter agreement and his RSU agreements with us, Mr. Rosensweig will be entitled to immediate vesting of 25% of his then-unvested stock options and 25% of his then-unvested RSUs. Mr. Rosensweig will also have a period of up to 24 months from the effective date of his termination or resignation to exercise all options that were vested as of his termination date. These benefits are subject to Mr. Rosensweig releasing us from all claims, resigning from our Board and returning all of our property to us.

Additionally, if Mr. Rosensweig is terminated without "cause" or he resigns from his employment with us for "good reason" within 12 months following a "change of control" of our company (as defined below), we will pay Mr. Rosensweig (i) a lump sum payment equal to 12 months of his then-current annual salary and (ii) his monthly insurance premiums, until the earlier of 12 months following his termination or resignation or the date upon which he commences full time employment or consulting services with another company and is eligible for participation in any health insurance program provided by such company. Additionally, pursuant to his offer letter and his RSU agreements with us, Mr. Rosensweig will be entitled to immediate vesting of 100% of his then-unvested stock options and 100% of his then-unvested RSUs. Mr. Rosensweig will have a period of up to 24 months from the effective date of his termination or resignation to exercise all options that were vested as of the date of his termination. These benefits are subject to Mr. Rosensweig releasing us from all claims.

Andrew Brown

We entered into an offer letter agreement with Mr. Brown, our Chief Financial Officer, on October 2, 2011. The offer letter provides for at-will employment and has no specific term. Pursuant to Mr. Brown's offer letter, in the event we terminate Mr. Brown's employment without "cause" or he resigns from his employment with us for "good reason," (each

as defined below) then we will pay Mr. Brown a lump sum payment equal to 12 months of his then-current annual salary and his monthly insurance premiums, until the earlier of 12 months following his termination or resignation or the date upon which he commences full-time employment or consulting services with another company and is eligible for participation in any health insurance program provided by such company. Additionally, Mr. Brown will be entitled to immediate vesting of 50% of his then-unvested stock options and 50% of his then-unvested RSUs. These benefits are subject to Mr. Brown releasing us from all claims and returning all of our property to us. Additionally, if Mr. Brown is terminated without “cause” or he resigns from his employment with us for “good reason” within 12 months following a “change of control” (as defined below) of our company, Mr. Brown will be entitled to immediate vesting of 50% of his then-unvested stock options and 50% of his then-unvested RSUs. These benefits are subject to Mr. Brown releasing us from all claims.

Michael Osier

We entered into an offer letter agreement with Mr. Osier, our Chief Information Officer and Chief Outcomes Officer who initially served as our VP of Operations and IT, on September 9, 2009. The offer letter provides for at-will employment and has no specific term.

Pursuant to Mr. Osier's offer letter, if Mr. Osier is "involuntarily terminated" by the Company for reasons other than "cause", he will be entitled to a cash payment equal to six months of his then-current annual salary.

For purposes of this section, "cause" means a determination by our board of directors that employment is terminated because of (i) a failure or refusal to comply in any material respect with lawful policies, standards or regulations of our company within 30 days after written notice to of such violations and/or failure to comply; (ii) a material violation of a federal or state law or regulation applicable to our business; (iii) a conviction or plea of no contest to a felony or other crime of moral turpitude under the laws of the United States or any state; (iv) fraud or material misappropriation of property belonging to us or our affiliates; (v) a material breach of the terms of any confidentiality, invention assignment or proprietary information agreement with us or with a former employer and failure to correct or cure such material breach within thirty days after written notice of such breach; or (vi) material misconduct or gross negligence in connection with the performance of duties.

(2) The value of the accelerated vesting of unvested equity awards has been calculated based on the closing market price of our common stock on the NYSE on December 31, 2018, which was \$28.42 per share. All outstanding stock options are fully vested and not included in the total.

Chief Executive Officer Pay Ratio

Pursuant to Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act and Item 402(u) of Regulation S-K (“Item 402(u)”), we are required to disclose the ratio of our principal executive officer’s annual total compensation to the annual total compensation of our median employee. As disclosed in the Summary Compensation Table, the 2018 annual total compensation for our chief executive officer was \$9,117,507. The median of the 2018 annual total compensation for all our employees was \$71,982. Accordingly, our ratio of the 2018 annual total compensation of our chief executive officer to the median of the 2018 annual total compensation of all our employees (excluding our chief executive officer) is 127 to 1. We believe this ratio, which was calculated in a manner consistent with Item 402(u), to be a reasonable estimate, based upon the assumptions and adjustments described below.

Identifying the Median Employee. We identified our median employee, taking into account all individuals, excluding our chief executive officer, who were employed by us on a worldwide basis as of December 31, 2018 (the “employee population determination date”), whether employed on a full-time, part-time, seasonal or temporary basis, including employees on a partial year leave of absence. We did not include any contractors or other non-employee workers in our employee population.

Compensation Measures and Methodology. To identify our median employee, we chose to use a consistently-applied compensation measure, which we selected as base salary or wages paid to each of our employees for the 12-month period from January 1, 2018 and December 31, 2018. For employees paid other than in U.S. dollars, we converted their compensation to U.S. dollars using foreign exchange rates in effect on December 31, 2018. For permanent employees hired during 2018, we annualized their base salary or wages as if they had been employed for the entire measurement period. We did not make any cost-of-living adjustments for employees outside of the United States.

Using this methodology, we identified the individual at the median of our employee population, who was an employee based in the United States. We then calculated the annual total compensation for this individual using the same methodology we use to calculate the amount reported for our CEO in the “Total” column of the Summary Compensation Table as set forth in this proxy statement.

EQUITY COMPENSATION PLAN INFORMATION

The following table presents information as of December 31, 2018 with respect to compensation plans under which shares of our common stock may be issued. The category “Equity compensation plans approved by security holders” in the table below consists of the 2005 Stock Incentive Plan (the “2005 Plan”), the 2013 Equity Incentive Plan (the “2013 Plan”) and the 2013 Employee Stock Purchase Plan (the “2013 ESPP”). The table does not include information with respect to shares of our common stock subject to outstanding options or other equity awards granted under equity compensation plans or arrangements assumed by us in connection with our acquisition of the companies that originally granted those awards.

Consists of 16,955,417 shares available for issuance under the 2013 Plan and 6,693,361 shares available for issuance under the 2013 ESPP.

The number of shares reserved for issuance under the 2013 Plan will increase automatically on the first day of January of each of the first ten calendar years during the term of the plan by a number of shares of common stock equal to the lesser of (i) 5% of the total outstanding shares our common stock as of the immediately preceding December 31st or (ii) a number of shares determined by our board of directors.

- (3) The number of shares reserved for issuance under our 2013 ESPP will increase automatically on January 1st of each of the first ten calendar years following the first offering date by the number of shares equal to the lesser of (i) 1% of the total outstanding shares of our common stock as of the immediately preceding December 31st (rounded to the nearest whole share) or (ii) a number of shares determined by our board of directors.

Pursuant to the terms of our 2013 Plan and 2013 ESPP, an additional 5,775,020 shares and 1,155,004 shares were added to the number of shares reserved for issuance under each plan, respectively, effective January 1, 2019.

- (4) Excludes information for options and other equity awards assumed by us in connection with mergers and acquisitions and warrants issued by us in connection with financing transactions. As of December 31, 2018, a total of 2,986 shares of our common stock were issuable upon exercise of outstanding options assumed. The weighted average exercise price of those outstanding options was \$3.79 per share. No additional equity awards may be granted under any equity compensation plans or arrangements assumed by us in connection with mergers and acquisitions.

TRANSACTIONS WITH RELATED PARTIES, FOUNDERS AND CONTROL PERSONS

Other than the compensation arrangements, including employment, termination of employment and change of control arrangements and indemnification arrangements, discussed, when required, above in the section entitled “Executive Compensation,” since January 1, 2018, we have not been a party to any transaction or series of similar transactions in which:

- we have been or are to be a participant;
- the amount involved exceeded or exceeds \$120,000; and
- any of our directors, executive officers or holders of more than 5% of our capital stock, or any immediate family member of or person sharing the household with any of these individuals, had or will have a direct or indirect material interest.

Review, Approval or Ratification of Transactions with Related Parties

Our related-party transactions policy requires approval of transactions to which we are a party and in which an officer, director, nominee for director, stockholder beneficially owning more than five percent of our outstanding capital stock or an immediate family member of such person has a material interest. Any transaction that we intend to undertake with such persons, irrespective of the amounts involved (unless such transaction is subject to standing pre-approval as provided under the policy or pursuant to a resolution adopted by our compensation committee), will be submitted to our ethics counselor for his or her determination of what approvals are required under the related-party transactions policy. The ethics counselor will refer to the chair of our audit committee (or another member of our audit committee if the chair is a party to the transaction) any such transaction for review. In the event our ethics counselor becomes aware of a transaction with a related person that has not been previously approved or previously ratified under the related-party transactions policy that required such approval, it will be submitted promptly to the chair or other member of our audit committee for review. Based on the conclusions reached, the chair or other member of our audit committee will evaluate all options, including but not limited to ratification, amendment or termination of the transaction with the related person.

In approving or rejecting the proposed transaction, the chair or other member of our audit committee will consider the relevant and available facts and circumstances, including such facts as (i) the impact on a director’s independence in the event the related person is a director, immediate family member of a director or an entity with which a director is affiliated; (ii) the terms of the transaction; and (iii) any other relevant information and considerations with respect to the proposed transaction. The chair or other member of our audit committee will approve only those transactions with related persons that, in light of known circumstances, are in or are not inconsistent with, the best interests of our company and our stockholders, as such chair or other member of our audit committee determines in the good faith exercise of his or her discretion.

“Householding” - Stockholders Sharing the Same Last Name and Address

The SEC has adopted rules that permit companies and intermediaries (such as brokers) to implement a delivery procedure called “householding.” Under this procedure, multiple stockholders who reside at the same address may receive a single copy of our annual report and proxy materials, including the Notice of Internet Availability, unless the affected stockholder has provided contrary instructions. This procedure reduces printing costs and postage fees, and helps protect the environment as well.

We expect that a number of brokers with account holders who are our stockholders will be “householding” our annual report and proxy materials, including the Notice of Internet Availability. A single Notice of Internet Availability and, if applicable, a single set of annual report and other proxy materials will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that it will be “householding” communications to your address, “householding” will continue until you are notified otherwise or until you revoke your consent. Stockholders may revoke their consent at any time by contacting Broadridge, either by calling toll-free (800) 542-1061, or by writing to Broadridge, Householding Department, 51 Mercedes Way, Edgewood, New York, 11717.

Upon written or oral request, Chegg will promptly deliver a separate copy of the Notice of Internet Availability and, if applicable, annual report and other proxy materials to any stockholder at a shared address to which a single copy of any of those documents was delivered. To receive a separate copy of the Notice of Internet Availability and, if applicable, annual report and other proxy materials, you may write or call Chegg’s Investor Relations department at 3990 Freedom Circle, Santa Clara, California 95054, Attn: Investor Relations, telephone number (408) 855-5735.

Any stockholders who share the same address and currently receive multiple copies of Chegg’s Notice of Internet Availability or annual report and other proxy materials who wish to receive only one copy in the future can contact their broker to request information about householding or Chegg’s Investor Relations department at the address or telephone number listed above.

APPENDIX A

RECONCILIATION OF NET LOSS TO EBITDA AND ADJUSTED EBITDA

We believe that certain non-GAAP financial measures, including adjusted EBITDA, when taken together with the corresponding GAAP financial measures, provide meaningful supplemental information regarding our performance by excluding items that may not be indicative of our core business, operating results or future outlook. Our management uses these non-GAAP financial measures in assessing our operating results, as well as when planning, forecasting and analyzing future periods and believes that such measures enhance investors' overall understanding of our current financial performance. These non-GAAP financial measures also facilitate comparisons of our performance to prior periods. The presentation of additional information is not meant to be considered in isolation or as a substitute for or superior to net income (loss) determined in accordance with GAAP. Management strongly encourages stockholders to review our financial statements and publicly-filed reports in their entirety and not to rely on any single financial measure.
