Item 2.02 Results of Operations and Financial Condition

On August 6, 2008, Tom Kilgore, TVA's President and Chief Executive Officer, held a web seminar with the media in which he discussed the pressures TVA is facing from the increased cost of fuel. A copy of the materials used by Mr. Kilgore during the web seminar is furnished as Exhibit 99.1.

The furnished materials contain forward-looking statements relating to future events and future performance. All statements other than those that are purely historical may be forward-looking statements. In certain cases, forward-looking statements can be identified by the use of words such as "may," "will," "should," "expect," "anticipate," "believe," "intend," "project," "plan," "predict," "assume," "forecast," "estimate," "objective," "possible," "probably," "likely," "potential," and similar expressions.

Although TVA believes that the assumptions underlying the forward-looking statements are reasonable, TVA does not guarantee the accuracy of these statements. Numerous factors could cause actual results to differ materially from those in the forward-looking statements. Several of these factors are set forth in TVA's Annual Report on Form 10-K, as amended, for the fiscal year ended September 30, 2007, and in other filings TVA makes from time to time with the Securities and Exchange Commission. TVA undertakes no obligation to update any forward-looking statement to reflect developments that occur after the statement is made.
