LETTER TO SHAREHOLDERS

June 2007

Dennis H. Ferro

President and Chief
Executive Officer

Dear Shareholder,

We are pleased to provide the semiannual report for Evergreen Multi-Sector Income Fund covering the six-month period ended April 30, 2007.

Edgar Filing: EVERGREEN MULTI-SECTOR INCOME FUND - Form N-CSRS

The global fixed-income markets generated positive results during the six-month period in an environment supported by continued economic expansion and the prospect of stable interest rates. The domestic markets remained relatively calm, as the Federal Reserve Board left the highly influential fed funds rate unchanged at 5.25% while yields on intermediate- and longer-maturity bonds tended to trade in relatively narrow ranges. At the same time, continued gains in business profits helped corporate bonds, especially lower-rated, higher-yielding bonds, outperform higher-quality securities. Global interest rates also tended to remain relatively stable, although there was some volatility in relative currency values.

The positive returns in the fixed income markets came against a backdrop of persistent economic growth throughout the world, although signs of a deceleration of growth trends became clearly evident in the United States. After Gross Domestic Product in the U.S. grew at a 3.3% pace during 2006, it slowed to an annualized rate of 1.3% in the first quarter of 2007. The slump in the housing industry was a major factor contributing to the slowdown, which came in the face of strong employment, rising wages, and gains in both personal consumption and business investment.

In foreign markets, we saw value in the more developed economies with higher yields and in those nations whose central banks were more advanced in raising short-term rates to control inflation. Although the solid growth of the global economy helped sustain the performance edge

LETTER TO SHAREHOLDERS continued

of bonds from developing nations, the relative yield advantages of emerging market debt securities narrowed considerably.

In this environment, the teams managing Evergreen Multi-Sector Income Fund, pursued strategies designed to provide a high level of current income for the fund. Each of the teams focused on a specific sector. Individual credit analysis and security selection was the primary concern of managers of the fund's domestic, high-yield portfolio. At the same time, the team supervising the domestic mortgage portfolio focused on securities with relatively stable cash flows and prices. The team managing the fund's international portfolio focused on investments in foreign bonds, with very selective exposure to some emerging market debt.

As always, we encourage investors to maintain diversified investment portfolios in pursuit of their long-term investment goals.

Notification of Investment Strategy Change:

Effective August 1, 2007, the Fund may, but will not necessarily, use a variety of derivative instruments, such as futures contracts, options, and swaps, including, for example, index futures, Treasury futures, Eurodollar futures, interest rate swap agreements, credit default swaps, and total return swaps. The Fund may use derivatives both for hedging and non-hedging purposes, including for purposes of enhancing returns. The Fund's use of derivative instruments involves risks different from, or possibly greater than, the risks associated with other types of investments. For example, the use of derivatives involves the risk of loss due to the failure of another party to the contract (typically referred to as a "counterparty") to make required payments or otherwise to comply with the contract's terms. Derivative transactions can create investment leverage and may be highly volatile and may be illiquid or difficult to price. Derivatives are highly specialized instruments, and involve the risk that an investment advisor may not accurately predict the performance of a derivative under all market conditions. When the Fund uses a derivative instrument, it could lose more than the principal amount invested. The various derivative instruments that the Fund may use may change from time to time as new derivative products become available to the Fund.

NOTES TO FINANCIAL STATEMENTS (unaudited)

1. ORGANIZATION

Evergreen Multi-Sector Income Fund (the "Fund") (formerly, Evergreen Managed Income Fund) was organized as a statutory trust under the laws of the state of Delaware on April 10, 2003 and is registered as a diversified closed-end management investment company under the Investment Company Act of 1940, as amended. The primary investment objective of the Fund is to seek a high level of current income consistent with limiting its overall exposure to domestic interest rate risk.

2. SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies consistently followed by the Fund in the preparation of its financial statements. The policies are in conformity with generally accepted accounting principles in the United States of America, which require management to make estimates and assumptions that affect amounts reported herein. Actual results could differ from these estimates.

a. Valuation of investments

Portfolio debt securities acquired with more than 60 days to maturity are fair valued using matrix pricing methods determined by an independent pricing service which takes into consideration such factors as similar security prices, yields, maturities, liquidity and ratings. Securities for which valuations are not readily available from an independent pricing service may be valued by brokers which use prices provided by market makers or estimates of market value obtained from yield data relating to investments or securities with similar characteristics.

Investments of cash collateral in short-term securities are valued at amortized cost, which approximates market value.

Short-term securities with remaining maturities of 60 days or less at the time of purchase are valued at amortized cost, which approximates market value.

Investments in other mutual funds are valued at net asset value. Securities for which market quotations are not readily available or not reflective of current market value are valued at fair value as determined by the investment advisor in good faith, according to procedures approved by the Board of Trustees.

b. Repurchase agreements

Securities pledged as collateral for repurchase agreements are held by the custodian bank or in a segregated account in the Fund's name until the agreements mature. Collateral for certain tri-party repurchase agreements is

held at the counterparty's custodian in a segregated account for the benefit of the Fund and the counterparty. Each agreement requires that the market value of the collateral be sufficient to cover payments of interest and principal. However, in the event of default or bankruptcy by the other party to the agreement, retention of the collateral may be subject to legal proceedings. The Fund will enter into repurchase agreements with banks and other financial institutions, which are deemed by the investment advisor to be creditworthy

25

NOTES TO FINANCIAL STATEMENTS (unaudited) continued

pursuant to guidelines established by the Board of Trustees. In certain instances, the Fund's securities lending agent may provide collateral in the form of repurchase agreements.

c. Reverse repurchase agreements

To obtain short term financing, the Fund may enter into reverse repurchase agreements with banks and other financial institutions, which are deemed by the investment advisor to be credit-worthy. At the time the Fund enters into a reverse repurchase agreement, it will establish a segregated account with the custodian containing qualified assets having a value not less than the repurchase price, including accrued interest. If the counterparty to the transaction is rendered insolvent, the Fund may be delayed or limited in the repurchase of the collateral securities.

d. Foreign currency translation

All assets and liabilities denominated in foreign currencies are translated into U.S. dollar amounts at the date of valuation. Purchases and sales of portfolio securities and income items denominated in foreign currencies are translated into U.S. dollar amounts on the respective dates of such transactions. The Fund does not separately account for that portion of the results of operations resulting from changes in foreign exchange rates on investments and the fluctuations arising from changes in market prices of securities held. Such fluctuations are included with the net realized and unrealized gains or losses on investments.

e. Forward foreign currency contracts

A forward foreign currency contract is an agreement between two parties to purchase or sell a specific currency for an agreed-upon price at a future date. The Fund enters into forward foreign currency contracts to facilitate transactions in foreign-denominated securities and to attempt to minimize the risk to the Fund from adverse changes in the relationship between currencies. Forward foreign currency contracts are recorded at the forward rate and marked-to-market daily. When the contracts are closed, realized gains and losses arising from such transactions are recorded as realized gains or losses on foreign currency related transactions. The Fund could be exposed to risks if the counterparties to the contracts are unable to meet the terms of their contracts or if the value of the foreign currency changes unfavorably.

f. When-issued and delayed delivery transactions

The Fund records when-issued or delayed delivery securities as of trade date and maintains security positions such that sufficient liquid assets will be available to make payment for the securities purchased. Securities purchased on a when-issued or delayed delivery basis are marked-to-market daily and begin earning interest on the settlement date. Losses may occur on these transactions due to changes in market conditions or the failure of counterparties to perform under the contract.

g. Securities lending

The Fund may lend its securities to certain qualified brokers in order to earn additional income. The Fund receives compensation in the form of fees or interest earned on the investment of any cash collateral received. The Fund also continues to receive interest and dividends on the secur-

26

NOTES TO FINANCIAL STATEMENTS (unaudited) continued

ities loaned. The Fund receives collateral in the form of cash or securities with a market value at least equal to the market value of the securities on loan, including accrued interest. In the event of default or bankruptcy by the borrower, the Fund could experience delays and costs in recovering the loaned securities or in gaining access to the collateral. The Fund has the right under the lending agreement to recover the securities from the borrower on demand.

h. Dollar roll transactions

The Fund may enter into dollar roll transactions with respect to mortgage-backed securities. In a dollar roll transaction, the Fund sells mortgage-backed securities to financial institutions and simultaneously agrees to accept substantially similar (same type, coupon and maturity) securities at a later date at an agreed upon price. The Fund will use the proceeds generated from the transactions to invest in short-term investments, which may enhance the Fund's current yield and total return. The Fund accounts for dollar roll transactions as purchases and sales. The Fund could be exposed to risks if the counterparty defaults on its obligation to perform under the terms of the agreement, if the Fund receives inferior securities in comparison to what was sold to the counterparty at redelivery or if there are variances in paydown speed between the mortgage-related pools.

i. Interest rate swaps

The Fund may enter into interest rate swap agreements to manage the Fund's exposure to interest rates. A swap agreement is an exchange of cash payments between the Fund and another party based on a notional principal amount. Cash payments or receipts are recorded as realized gains or losses. The value of the swap agreements is marked-to-market daily based upon quotations from market makers and any change in value is recorded as an unrealized gain or loss. The Fund could be exposed to risks if the counterparty defaults on its obligation to perform or if there are unfavorable changes in the fluctuation of interest rates.

j. Security transactions and investment income

Security transactions are recorded on trade date. Realized gains and losses are computed using the specific cost of the security sold. Interest income is recorded on the accrual basis and includes accretion of discounts and amortization of premiums. Foreign income and capital gains realized on some securities may be subject to foreign taxes, which are accrued as applicable.

k. Federal taxes

The Fund intends to continue to qualify as a regulated investment company and distribute all of its taxable income, including any net capital gains (which have already been offset by available capital loss carryovers). Accordingly, no provision for federal taxes is required.

l. Distributions

Distributions to shareholders from net investment income and net realized gains, if any, are recorded on the ex-dividend date. Such distributions are determined in conformity with income tax regulations, which may differ from generally accepted accounting principles.

3. ADVISORY FEE AND OTHER TRANSACTIONS WITH AFFILIATES

Edgar Filing: EVERGREEN MULTI-SECTOR INCOME FUND - Form N-CSRS

Evergreen Investment Management Company, LLC (EIMC), an indirect, wholly-owned subsidiary of Wachovia Corporation (Wachovia), is the investment advisor to the Fund and is paid an annual fee of 0.55% of the Fund's average daily total assets. Total assets consist of the net assets of the Fund plus borrowings, reverse repurchase agreements, dollar rolls or the issuance of debt securities to the extent excluded in calculating net assets. For the six months ended April 30, 2007, the advisory fee was equivalent to 0.83% of the Fund's average daily net assets applicable to common shareholders.

First International Advisors, Inc. d/b/a Evergreen International Advisors, an indirect, wholly-owned subsidiary of Wachovia, is an investment sub-advisor to the Fund and is paid by EIMC for its services to the Fund.

Effective October 1, 2006, Tattersall Advisory Group, Inc., an indirect, wholly-owned subsidiary of Wachovia, also became an investment sub-advisor to the Fund and is paid by EIMC for its services to the Fund.

The Fund may invest in Evergreen-managed money market funds which are also advised by EIMC. Income earned on these investments is included in income from affiliate on the Statement of Operations.

Evergreen Investment Services, Inc. (EIS), an indirect, wholly-owned subsidiary of Wachovia, is the administrator to the Fund. As administrator, EIS provides the Fund with facilities, equipment and personnel and is paid an annual administrative fee of 0.05% of the Fund's average daily total assets. For the six months ended April 30, 2007, the administrative fee was equivalent to 0.08% of the Fund's average daily net assets applicable to common shareholders.

4. CAPITAL SHARE TRANSACTIONS

The Fund has authorized capital of \$100,000,000 common shares with no par value. For the six months ended April 30, 2007 and the year ended October 31, 2006, the Fund did not issue any common shares.

The Fund has issued 16,000 shares of Auction Market Preferred Shares (Preferred Shares) consisting of five series, each with a liquidation value of \$25,000 plus accumulated but unpaid dividends (whether or not earned or declared). Dividends on each series of Preferred Shares are cumulative at a rate, which is reset based on the result of an auction. The annualized dividend rate was 5.21% during the six months ended April 30, 2007. The Fund will not declare, pay or set apart for payment any dividend to its common shareholders unless the Fund has declared and paid or contemporaneously declares and pays full cumulative dividends on each series of Preferred Shares through its most recent dividend payment date.

28

NOTES TO FINANCIAL STATEMENTS (unaudited) continued

Each series of Preferred Shares is redeemable, in whole or in part, at the option of the Fund on any dividend payment date at \$25,000 per share plus any accumulated or unpaid dividends (whether or not earned or declared). Each series of Preferred Shares is also subject to mandatory redemption at \$25,000 per share plus any accumulated or unpaid dividends (whether or not earned or declared) if the asset coverage with respect to the outstanding Preferred Shares fell below 200%.

The holders of preferred shares have voting rights equal to the holders of the Fund's common shares and will vote together with holders of common shares as a single class. Holders of preferred shares, voting separately as a single class, have the right to elect at least two Trustees at all times. The remaining Trustees will be elected by holders of common shares and preferred shares, voting together as a single class.

chase agreements during the six months ended April 30, 2007 was \$8,177,995 (including accrued interest).

During the six months ended April 30, 2007, the Fund loaned securities to certain brokers. At April 30, 2007, the value of securities on loan and the total value of collateral received for securities loaned amounted to \$23,407,954 and \$24,435,073, respectively. Of the total value of the collateral received for securities on loan, \$9,118,670 represents the market value of U.S. government agency securities received as non-cash collateral.

Edgar Filing: EVERGREEN MULTI-SECTOR INCOME FUND - Form N-CSRS

At April 30, 2007, the Fund had the following open interest rate swap agreements:

Expiration	Notional Amount	Counterparty	Cash Flows Paid by the Fund	Cash Flows Received by the Fund	Unrealized Gain
11/26/2008	\$112,000,000	JPMorgan Chase & Co.	Fixed ☐ 3.582%	Floating ☐ 5.32% ¹	\$2,603,257

¹ This rate represents the 1 month USD London InterBank Offered Rate (LIBOR) effective for the period from April 26, 2007 through May 26, 2007.

On April 30, 2007, the aggregate cost of securities for federal income tax purposes was \$1,190,405,235. The gross unrealized appreciation and depreciation on securities based on tax cost was \$34,196,949 and \$9,560,100, respectively, with a net unrealized appreciation of \$24,636,849.

As of October 31, 2006, the Fund had \$10,962,010 in capital loss carryovers for federal income tax purposes expiring in 2014.

6. EXPENSE REDUCTIONS

Through expense offset arrangements with the Fund's custodian, a portion of fund expenses has been reduced.

7. DEFERRED TRUSTEES' FEES

Each Trustee of the Fund may defer any or all compensation related to performance of their duties as Trustees. The Trustees' deferred balances are allocated to deferral accounts, which are included in the accrued expenses for the Fund. The investment performance of the deferral accounts is based on the investment performance of certain Evergreen funds. Any gains earned or losses incurred in the deferral accounts are reported in the Fund's Trustees' fees and expenses. At the election of the Trustees, the deferral account will be paid either in one lump sum or in quarterly installments for up to ten years.

8. REGULATORY MATTERS AND LEGAL PROCEEDINGS

Since September 2003, governmental and self-regulatory authorities have instituted numerous ongoing investigations of various practices in the mutual fund industry, including investigations relating to revenue sharing, market-timing, late trading and record retention, among other things. The investigations cover investment advisors, distributors and transfer agents to mutual funds, as

30

NOTES TO FINANCIAL STATEMENTS (unaudited) continued

well as other firms. EIMC, EIS and Evergreen Service Company, LLC (collectively, "Evergreen") have received subpoenas and other requests for documents and testimony relating to these investigations, are endeavoring to comply with those requests, and are cooperating with the investigations. Evergreen is continuing its own internal review of policies, practices, procedures and personnel, and is taking remedial action where appropriate.

In connection with one of these investigations, on July 28, 2004, the staff of the Securities and Exchange Commission ("SEC") informed Evergreen that the staff intends to recommend to the SEC that it institute an enforcement action against Evergreen. The SEC staff's proposed allegations relate to (i) an arrangement pursuant to which a broker at one of EIMC's affiliated broker-dealers had been authorized, apparently by an EIMC officer (who is no longer with EIMC), to engage in short-term trading, on behalf of a client, in Evergreen Mid Cap Growth Fund (formerly Evergreen Emerging Growth Fund and prior to that, known as Evergreen Small Company

Growth Fund) during the period from December 2000 through April 2003, in excess of the limitations set forth in the fund's prospectus, (ii) short-term trading from September 2001 through January 2003, by a former Evergreen portfolio manager of Evergreen Precious Metals Fund, a fund he managed at the time, (iii) the sufficiency of systems for monitoring exchanges and enforcing exchange limitations as stated in the fund's prospectuses, and (iv) the adequacy of e-mail retention practices. In connection with the activity in Evergreen Mid Cap Growth Fund, EIMC reimbursed the fund \$378,905, plus an additional \$25,242, representing what EIMC calculated at that time to be the client's net gain and the fees earned by EIMC and the expenses incurred by this fund on the client's account. In connection with the activity in Evergreen Precious Metals Fund, EIMC reimbursed the fund \$70,878, plus an additional \$3,075, representing what EIMC calculated at that time to be the portfolio manager's net gain and the fees earned by EIMC and expenses incurred by the fund on the portfolio manager's account. Evergreen is currently engaged in discussions with the staff of the SEC concerning its recommendation.

Any resolution of these matters with regulatory authorities may include, but not be limited to, sanctions, penalties or injunctions regarding Evergreen, restitution to mutual fund shareholders and/or other financial penalties and structural changes in the governance or management of Evergreen's mutual fund business. Any penalties or restitution will be paid by Evergreen and not by the Evergreen funds.

EIS has entered into an agreement with the NASD settling allegations that EIS (i) arranged for Evergreen fund portfolio trades to be directed to Wachovia Securities, LLC, an affiliate of EIS that sold Evergreen fund shares, during the period of January 2001 to December 2003 and (ii) provided non-cash compensation by sponsoring offsite meetings attended by Wachovia Securities, LLC brokers during that period, where the eligibility of a broker to attend the meetings depended upon the broker meeting certain sales targets of Evergreen fund shares. Pursuant to the settlement agreement, EIS has agreed to a censure and a fine of \$4,200,000. EIS neither admitted nor denied the allegations and findings set forth in its agreement with the NASD.

31

NOTES TO FINANCIAL STATEMENTS (unaudited) continued

In addition, the Evergreen funds and EIMC and certain of its affiliates are involved in various legal actions, including private litigation and class action lawsuits. EIMC does not expect that any of such legal actions currently pending or threatened will have a material adverse impact on the financial position or operations of any of the Evergreen funds or on EIMC's ability to provide services to the Evergreen funds.

Although Evergreen believes that neither the foregoing investigations described above nor any pending or threatened legal actions will have a material adverse impact on the Evergreen funds, there can be no assurance that these matters and any publicity surrounding or resulting from them will not result in reduced sales or increased redemptions of Evergreen fund shares, which could increase Evergreen fund transaction costs or operating expenses, or that they will not have other adverse consequences on the Evergreen funds.

9. NEW ACCOUNTING PRONOUNCEMENTS

In June 2006, the Financial Accounting Standards Board ("FASB") issued FASB Interpretation No. 48, *Accounting for Uncertainty in Income Taxes - an interpretation of FASB statement 109* ("FIN 48"). FIN 48 supplements FASB 109 by prescribing a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. The adoption of FIN 48 will require financial statements to be adjusted to reflect only those tax positions that are more likely than not to be sustained as of the adoption date. Management of the Fund is currently evaluating the impact that the adoption of FIN 48 will have on the financial statements. FIN 48 will become effective for fiscal years beginning after December 15, 2006.

In September 2006, FASB issued Statement of Financial Accounting Standards No. 157, *Fair Value Measurements* ("FAS 157"). FAS 157 establishes a single authoritative definition of fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. FAS 157 applies to fair value measurements already required or permitted by existing standards. The change to current generally accepted accounting principles from the application of FAS 157 relates to the definition of fair value, the methods used to measure fair value, and the expanded disclosures about fair value measurements. Management of the Fund does not believe the adoption of FAS 157 will materially impact the financial statement amounts, however,

additional disclosures may be required about the inputs used to develop the measurements and the effect of certain of the measurements on changes in net assets for the period. FAS 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007 and interim periods within those fiscal years.

10. SUBSEQUENT DISTRIBUTIONS

The Fund declared the following distributions to common shareholders:

Declaration Date	Record Date	Payable Date	Net Investment Income
April 20, 2007	May 11, 2007	May 15, 2007	\$ 0.1083
May 18, 2007	June 11, 2007	June 13, 2007	\$ 0.1083
June 15, 2007	July 12, 2007	July 16, 2007	\$ 0.1083

These distributions are not reflected in the accompanying financial statements.

33

AUTOMATIC DIVIDEND REINVESTMENT PLAN (unaudited)

All common shareholders are eligible to participate in the Automatic Dividend Reinvestment Plan ("the Plan"). Pursuant to the Plan, unless a common shareholder is ineligible or elects otherwise, all cash dividends and capital gains distributions are automatically reinvested by Computershare Trust Company, N.A., as agent for shareholders in administering the Plan ("Plan Agent"), in additional common shares of the Fund. Whenever the Fund declares an ordinary income dividend or a capital gain dividend (collectively referred to as "dividends") payable either in shares or in cash, nonparticipants in the Plan will receive cash, and participants in the Plan will receive the equivalent in shares of common shares. The shares are acquired by the Plan Agent for the participant's account, depending upon the circumstances described below, either (i) through receipt of additional unissued but authorized common shares from the Fund ("newly issued common shares") or (ii) by purchase of outstanding common shares on the open market (open-market purchases) on the American Stock Exchange or elsewhere. If, on the payment date for any dividend or distribution, the net asset value per share of the common shares is equal to or less than the market price per common share plus estimated brokerage commissions ("market premium"), the Plan Agent will invest the amount of such dividend or distribution in newly issued shares on behalf of the participant. The number of newly issued common shares to be credited to the participant's account will be determined by dividing the dollar amount of the dividend by the net asset value per share on the date the shares are issued, provided that the maximum discount from the then current market price per share on the date of issuance may not exceed 5%. If on the dividend payment date the net asset value per share is greater than the market value or market premium ("market discount"), the Plan Agent will invest the dividend amount in shares acquired on behalf of the participant in open-market purchases. There will be no brokerage charges with respect to shares issued directly by the Fund as a result of dividends or capital gains distributions payable either in shares or in cash. However, each participant will pay a pro rata share of brokerage commissions incurred with respect to the Plan Agent's open-market purchases in connection with the reinvestment of dividends. The automatic reinvestment of dividends and distributions will not relieve participants of any federal, state or local income tax that may be payable (or required to be withheld) on such dividends. All correspondence concerning the Plan should be directed to the Plan Agent at P.O. Box 43010, Providence, Rhode Island 02940-3010.
