Item 1.01 Entry into a Material Definitive Agreement.

Amendments to Subscription Agreements for Offerings Closed December 17, 2014 and May 15, 2015

On September 25, 2015, our Board of Directors approved and we entered into Amendment Agreements (the “Amendments”) which amended the terms of our Subscription Agreements for the private offerings closed December 17, 2014 and May 15, 2015 (the “Subscription Agreements”). Under the December 17, 2014 Subscription Agreements, we sold \$6,000,000 of units at a purchase price of \$0.68 per unit, with each unit consisting of one share of our 0% Series A Convertible Preferred Stock and a five year warrant to purchase one share of our common stock, par value \$0.001 per share (“Common Stock”) at an initial exercise price of \$0.68 per share. Under the May 15, 2015 Subscription Agreements, we sold \$5,050,000 of units, at a purchase price of \$1.20 per unit with each unit consisting of one share of our Common Stock (provided that, if the issuance of any such shares would have resulted in the recipient investor owning in excess of 4.99% of our issued and outstanding Common Stock, then such investor could elect to receive shares of our 0% Series C Convertible Preferred Stock in lieu of Shares) and a three year warrant (the “Series C Warrants”) to purchase one share of our Common Stock at an exercise price of \$1.40 per share.

Under the Amendments, the Lead Investors under the Subscription Agreements for the offerings closed December 17, 2014 and May 15, 2015 agreed to release of all funds remaining held in escrow (\$5.00 million under the December 17, 2014 closing and \$4.04 under the May 15, 2014 closing) upon the satisfaction of certain obligations (the “Subsequent Escrow Release Conditions”) which the Company has satisfied and which are more fully described under Item 1.01 and Item 5.01 below. On September 30, 2015 the Company received \$9.04 million in proceeds from the escrow releases described above.

Exchange Agreement for Series C Warrants

In accordance with the Subsequent Release Conditions and the actions approved on September 25, 2015, we authorized Exchange Agreements with the Holders of the Series C Warrants (the “Exchange Agreement”) and authorized the issuance of .4 shares of our common stock for each 1 share of our Common Stock into which the Series C Warrants was then convertible, in exchange for cancellation of the Warrants. The Company agreed that holders of the Series C Warrants may exchange their Series C Warrants and receive either: (1) .4 shares of common stock for each share of common stock into which the Series C Warrant is presently exercisable immediately, or (2) at the election of any holder who would, as a result of receipt of the common stock hold in excess of 4.99% of the Company’s issued and outstanding common stock, shares of our newly designated 0% Series D Convertible Preferred Stock (the “Preferred D Shares”) exercisable for common stock on the same basis, but subject to 4.9% beneficial ownership blocker provisions which at the election of the holder, could be reduced to 2.49%. Under the Subsequent Release Conditions, we expect to enter into an exchange all of our Series C Warrants for 168,333 new shares of our newly designated 0% Series D Convertible Preferred Stock, which upon full conversion on a fully-diluted basis, convert into 1,683,333 shares of newly issued common stock. The Preferred D Shares will be issued to the individual Series C Warrant holders who elect, but no earlier than October 16, 2015 in accordance with requirements for advance notification to the NASDAQ. Certain of our newly appointed officers and directors are holders of Series C Warrants have agreed to exchange Series C Warrants held for Preferred D Shares, as noted below.

The Preferred D Shares are convertible into shares of common stock based on a conversion calculation equal to the stated value of such Preferred C Share, plus all accrued and unpaid dividends, if any, on such Preferred D Share, as of such date of determination, divided by the conversion price. The stated value of each Preferred D Share is \$1,000.00 and the initial conversion price is \$100.00 per share, each subject to adjustment for stock splits, stock dividends, recapitalizations, combinations, subdivisions or other similar events. The Company is prohibited from effecting a conversion of the Preferred D Shares to the extent that, as a result of such conversion, such investor would beneficially own more than 4.99% of the number of shares of Common Stock outstanding immediately after giving

effect to the issuance of shares of Common Stock upon conversion of the Preferred D Shares. Upon 61 days written notice, the beneficial ownership limitation may be increased by the holder up to, but not exceeding, 9.99%. Each holder is entitled to vote on all matters submitted to stockholders of the Company, and shall have the number of votes equal to the number of shares of Common Stock issuable upon conversion of such holder's Preferred D Shares. Pursuant to the Certificate of Designations, Preferences and Rights of the 0% Series D Convertible Preferred Stock, the Preferred D Shares bear no interest and shall rank senior to the Company's other classes of capital stock.
