SUBJECT TO COMPLETION, DATED DeceMBER 13, 2017

PROXY STATEMENT/PROSPECTUS

MERGER PROPOSED –YOUR VOTE IS IMPORTANT

To the Shareholders of TwinCo, Inc.:

On September 5, 2017, Eagle Bancorp Montana, Inc., or Eagle, Opportunity Bank of Montana, or Opportunity Bank, TwinCo, Inc., or TwinCo, and Ruby Valley Bank entered into an Agreement and Plan of Merger (which we refer to as the “merger agreement”) that provides for the acquisition of TwinCo by Eagle. Under the merger agreement, TwinCo will merge with and into Eagle, with Eagle as the surviving corporation (which we refer to as the “merger”). Immediately following the merger, Ruby Valley Bank will merge with and into Opportunity Bank, with Opportunity Bank as the surviving bank (which we refer to as the “bank merger”).

In the merger, each share of TwinCo common stock (except for specified shares of TwinCo common stock held by TwinCo or Eagle and any dissenting shares) will be converted into the right to receive at the shareholder’s election, either: (a) a combination of \$247.16 in cash and 11.1540 shares of Eagle common stock (which we refer to as the “mixed election consideration”); (b) \$449.38 in cash (which we refer to as the “cash election consideration”) or (c) 24.7866 shares of Eagle common stock (which we refer to as the “stock election consideration”). Both the cash election consideration and the stock election consideration are subject to proration and adjustment procedures to ensure that the total amount of cash paid, and the total number of shares of Eagle common stock issued, in the merger to TwinCo shareholders, as a whole, will equal as nearly as practicable the total amount of cash and number of shares that would have been paid and issued if all of the TwinCo shareholders received the mixed election consideration. TwinCo shareholders who fail to make a timely election or who make no election will receive the mixed election consideration.

The precise consideration that TwinCo shareholders will receive if they elect the cash election consideration or the stock election consideration will not be known at the time that TwinCo shareholders vote on the approval of the merger agreement or make an election. For a description of the consideration that TwinCo shareholders will receive if they elect the cash election consideration or the stock election consideration, and the potential adjustments to this consideration, see “*The Merger Agreement–Merger Consideration*” beginning on page 41 of this proxy statement/prospectus and “*The Merger Agreement–Election and Proration Procedures*” beginning on page 42 of this proxy statement/prospectus. Based on the closing price of Eagle’s common stock on the Nasdaq Global Market on December 12, 2017, the last practicable date before the date of this document, the value of the mixed election consideration was approximately \$479.72. **We urge you to obtain current market quotations for Eagle (trading symbol “EBMT”) because the value of the per share stock consideration will fluctuate.**

TwinCo may terminate the merger agreement if (i) the average closing price of Eagle common stock for a specified period is less than \$15.41 per share (ii) Eagle common stock underperforms the Nasdaq Bank Index by more than 15% and (iii) Eagle does not elect to increase the stock election consideration by a formula-based amount outlined in the merger agreement.

Table of Contents

Based on the current number of shares of TwinCo common stock outstanding, Eagle expects to issue approximately 446,773 shares of common stock and pay approximately \$9.9 million in cash to TwinCo shareholders in the aggregate upon completion of the merger. Based on these numbers, upon completion of the merger, current TwinCo shareholders would own approximately 8.2% of the common stock of Eagle immediately following the merger. However, any increase or decrease in the number of shares of TwinCo common stock outstanding that occurs for any reason prior to the completion of the merger would cause the actual number of shares issued upon completion of the merger to change.

TwinCo will hold a special meeting of its shareholders in connection with the merger. Holders of TwinCo common stock will be asked to vote to approve the merger agreement and related matters as described in this proxy statement/prospectus. TwinCo shareholders will also be asked to approve the proposal to adjourn the special meeting, if necessary or appropriate, to solicit additional proxies in favor of the merger agreement and related matters, as described in this proxy statement/prospectus.

The special meeting of TwinCo shareholders will be held on Wednesday, January 17, 2018 at 107 South Main, Twin Bridges, Montana 59754, at 2:00 p.m. local time.

TwinCo's board of directors has determined that the merger agreement and the transactions contemplated thereby, including the merger, are in the best interests of TwinCo and its shareholders, has unanimously approved the merger agreement and recommends that TwinCo shareholders vote "FOR" the proposal to approve the merger agreement and "FOR" the proposal to adjourn the TwinCo special meeting, if necessary or appropriate, to solicit additional proxies in favor of the proposal to approve the merger agreement.

This document, which serves as a proxy statement for the special meeting of TwinCo shareholders and as a prospectus for the shares of Eagle common stock to be issued in the merger to TwinCo shareholders, describes the special meeting of TwinCo, the merger, the documents related to the merger and other related matters. *Please carefully read this entire proxy statement/prospectus, including "Risk Factors" beginning on page 22 of this proxy statement/prospectus, for a discussion of the risks relating to the proposed merger. You also can obtain information about Eagle from documents that Eagle has filed with the Securities and Exchange Commission.*

If you have any questions concerning the merger, TwinCo shareholders should contact Karen W. Town, Corporate Secretary of TwinCo at (406) 684-5678. We look forward to seeing you at the meeting.

For more information regarding appraisal rights, please see “*The Merger — Appraisal Rights for TwinCo Shareholders*” beginning on page 39 of this proxy statement/prospectus.

The enclosed proxy statement/prospectus provides a detailed description of the special meeting, the merger, the documents related to the merger, including the merger agreement, and other related matters. QUESTIONS AND ANSWERS ABOUT THE MERGER AND THE SPECIAL MEETING

The following are answers to certain questions that you may have regarding the special meeting and merger. The parties urge you to read carefully the remainder of this document because the information in this section may not provide all the information that might be important to you in determining how to vote. Additional important information is also contained in the appendices to, and the documents incorporated by reference in, this document. In this proxy statement/prospectus we refer to Eagle Bancorp Montana, Inc. as “Eagle,” Opportunity Bank of Montana as “Opportunity Bank,” TwinCo, Inc. as “TwinCo,” and Ruby Valley Bank as “Ruby Valley Bank”.

Q: Why am I receiving this proxy statement/prospectus?

Eagle, Opportunity Bank, TwinCo and Ruby Valley Bank have entered into an Agreement and Plan of Merger, dated as of September 5, 2017 (which we refer to as the “merger agreement”) pursuant to which TwinCo will be merged with and into Eagle, with Eagle continuing as the surviving company. Immediately following the merger, A: Ruby Valley Bank, a wholly owned bank subsidiary of TwinCo, will merge with and into Eagle’s wholly owned bank subsidiary, Opportunity Bank, with Opportunity Bank continuing as the surviving bank and continuing under the name “Opportunity Bank of Montana” (which we refer to as the “bank merger”). A copy of the merger agreement is included in this proxy statement/prospectus as Appendix A.

The merger cannot be completed unless, among other things, the holders of two-thirds of the outstanding shares of TwinCo common stock vote in favor of the proposal to approve the merger agreement.

In addition, TwinCo is soliciting proxies from holders of TwinCo common stock with respect to a proposal to adjourn the TwinCo special meeting, if necessary or appropriate, to solicit additional proxies in favor of the proposal to approve the merger agreement if there are insufficient votes at the time of such adjournment to approve such proposal.

TwinCo will hold a special meeting to obtain these approvals. This proxy statement/prospectus contains important information about the merger and the other proposals being voted on at the special meeting, and you should read it carefully. It is a proxy statement because TwinCo’s board of directors is soliciting proxies from its shareholders. It is a prospectus because Eagle will issue shares of Eagle common stock to holders of TwinCo common stock in connection with the merger. The enclosed materials allow you to have your shares voted by proxy without attending the TwinCo special meeting. Your vote is important. We encourage you to submit your proxy as soon as possible.

Q: What will I receive in the merger?

If the merger is completed, each issued and outstanding share of TwinCo common stock, other than (i) any shares of TwinCo common stock held in the treasury of TwinCo or owned by Eagle, Opportunity Bank, Ruby Valley Bank or by any of their respective subsidiaries (other than any such shares in trust accounts, managed accounts, and the like for the benefit of customers or as a result of debts previously contracted), which will each be cancelled and shall cease to exist, and no consideration shall be delivered in exchange therefor (the shares in (i) are referred to as “excluded shares”) and (ii) shares of TwinCo common stock held by TwinCo shareholders who have perfected and not effectively withdrawn a demand for, or lost the right to, appraisal under Montana law, which shall be entitled to the appraisal rights provided under Montana law as described under “*The Merger – Appraisal Rights for TwinCo Shareholders*” beginning on page 39 of this proxy statement/prospectus (the shares in (ii) are referred to as “dissenting shares”), will be converted into the right to receive, at the election of the holder thereof (subject to the proration procedures described below): (a) a combination of 11.1540 shares of Eagle common stock and \$247.16 in cash (which we refer to as the “mixed election consideration”); (b) \$449.38 in cash (which we refer to as the “cash election consideration”); or (c) 24.7866 shares of Eagle common stock (which we refer to as the “stock election consideration”). Eagle will not issue any fractional shares of Eagle common stock in the merger. Rather, TwinCo shareholders who would otherwise be entitled to a fractional share of Eagle common stock upon the completion of the merger will instead receive an amount of cash (without interest and rounded to the nearest whole cent) determined by multiplying the fractional share amount by the average daily volume weighted average price of Eagle common stock on the Nasdaq Global Market for the 20 trading days preceding the closing date.

Table of Contents

The merger consideration is subject to the adjustments described below. Assuming the exchange of all outstanding TwinCo common stock for stock and cash in accordance with the merger agreement, TwinCo shareholders will own, in the aggregate, approximately 8.2% of Eagle's outstanding common stock following the merger.

The stock portion of the merger consideration may be adjusted in certain circumstances based on whether Eagle common stock is trading either higher or lower than prices specified in the merger agreement immediately prior to the closing of the merger, in order to avoid termination of the merger agreement.

The merger consideration will be subject to adjustment depending on TwinCo's "Adjusted Tangible Stockholders' Equity," as defined in the merger agreement, immediately prior to the closing of the merger. If the Adjusted Tangible Stockholders' Equity is less than \$13,400,000, subject to certain adjustments, the merger consideration will be reduced on a pro rata basis by the amount of such deficiency.

If the Adjusted Tangible Stockholders' Equity is greater than \$13,400,000, subject to certain adjustments, TwinCo may, upon written notice to Eagle and effective immediately prior to the closing of the merger, declare and pay a special dividend to its shareholders in the amount of such excess.

On December 12, 2017, the closing price of Eagle's common stock was \$20.85 per share. If the "average closing price" (determined over a 20 trading day period prior to the closing of the merger) of Eagle's common stock exceeds \$20.85 per share and Eagle's stock outperforms the Nasdaq Bank Index by more than 15%, Eagle may terminate the merger agreement, or elect to reduce on a per-share basis the number of shares of Eagle common stock to be issued in the merger.

Conversely, if the "average closing price" is less than \$15.41 per share and Eagle's stock has also underperformed the Nasdaq Bank Index by more than 15%, TwinCo may terminate the merger agreement, unless Eagle elects to increase on a per-share basis the number of shares of Eagle common stock to be issued in the merger. See "*The Merger – Termination.*"

Q: Will TwinCo shareholders receive the form of consideration they elect?

A: Each TwinCo shareholder that elects to receive the mixed election consideration will receive the form of consideration that such shareholder elects in the merger. Each TwinCo shareholder that elects to receive consideration other than the mixed election consideration may not receive the exact form of consideration that such shareholder elects in the merger. It is currently estimated that, if the merger is completed, Eagle will issue approximately 446,773 shares of Eagle common stock and that the amount of cash to be paid to TwinCo

shareholders will be approximately \$9.9 million. Under the proration and adjustment procedures provided for in the merger agreement, the total amount of cash paid, and the total number of shares of Eagle common stock issued, in the merger to the holders of shares of TwinCo common stock (other than excluded shares), as a whole, will equal as nearly as practicable the total amount of cash and number of shares that would have been paid and issued if all of such shares of TwinCo common stock were converted into the mixed election consideration. Holders of shares of TwinCo common stock (other than excluded shares and dissenting shares) who make no election or an untimely election will receive the mixed election consideration with respect to such shares of TwinCo common stock. The mix of consideration payable to TwinCo shareholders who make the cash election or the stock election will not be known until the results of the elections made by TwinCo shareholders are tallied, which will not occur until near or after the closing of the merger. The greater the oversubscription of the stock election consideration, the less stock and more cash a TwinCo shareholder making the stock election will receive. Reciprocally, the greater the oversubscription of the cash election consideration, the less cash and more stock a TwinCo shareholder making the cash election will receive. However, in no event will a TwinCo shareholder who makes the cash election or the stock election receive less cash and more shares of Eagle common stock, or fewer shares of Eagle common stock and more cash, respectively, than a shareholder who elects the mixed election consideration. See “*The Merger Agreement — Election and Proration Procedures — Proration Procedures*” beginning on page 43 of this proxy statement/prospectus.

Table of Contents

Q: How do TwinCo shareholders make their election to receive cash, shares of Eagle common stock or a combination of both?

A: An election form will be mailed on a date to be mutually agreed by TwinCo and Eagle that is 30 to 45 days prior to the anticipated closing date of the merger or on such other date as Eagle and TwinCo mutually agree (the “election form mailing date”) to each holder of record of shares of TwinCo common stock as of the close of business on the fifth business day prior to such mailing (the “election form record date”). Eagle will also make one or more election forms available, if requested, to each person that subsequently becomes a holder or beneficial owner of shares of TwinCo common stock. Each TwinCo shareholder should complete and return the election form according to the instructions included with the form. The election form will be provided to TwinCo shareholders under separate cover and is not being provided with this document. The election deadline will be 3:00 p.m., Mountain time, on the 25th day following the election form mailing date (or such other time and date as Eagle and TwinCo shall agree) (the “election deadline”). See “*The Merger Agreement — Election and Proration Procedures— Election Materials and Procedures*” beginning on page 42 of this proxy statement/prospectus.

Q: What happens if a TwinCo shareholder does not make a valid election to receive cash or Eagle common shares?

A: If a TwinCo shareholder does not return a properly completed election form by the election deadline, such shareholder will be deemed to have made the mixed election described above, and his or her shares of TwinCo common stock (other than excluded shares and proposed dissenting shares) will be converted into the right to receive the mixed election consideration with respect to such shares of TwinCo common stock. See “*The Merger Agreement — Merger Consideration*” beginning on page 41 of this proxy statement/prospectus.

Q: Will the value of the stock election consideration and the mixed election consideration change between the date of this proxy statement/prospectus and the time the merger is completed?

A: Yes, the value of the stock election consideration and the mixed election consideration will fluctuate between the date of this proxy statement/prospectus and the completion of the merger based upon the market value of Eagle common stock. In the merger, holders of TwinCo common stock who receive all or a portion of their merger consideration in the form of Eagle common stock will receive a fraction of a share of Eagle common stock for each share of TwinCo common stock they hold. Any fluctuation in the market price of Eagle common stock after the date of this proxy statement/prospectus will change the value of the shares of Eagle common stock that TwinCo shareholders will receive.

Q: How does TwinCo’s board of directors recommend that I vote at the special meeting?

A: TwinCo’s board of directors unanimously recommends that you vote “FOR” the proposal to approve the merger agreement and “FOR” the adjournment proposal.

Q: When and where is the special meeting?

A: The TwinCo special meeting will be held at 107 South Main, Twin Bridges, Montana 59754, on Wednesday, January 17, 2018, at 2:00 p.m. local time.

Q: Who can vote at the special meeting of shareholders?

Holders of record of TwinCo common stock at the close of business on December 13, 2017, which is the date that A: the TwinCo board of directors has fixed as the record date for the special meeting, are entitled to vote at the special meeting.

Q: What do I need to do now?

After you have carefully read this proxy statement/prospectus and have decided how you wish to vote your shares, A: please vote your shares promptly so that your shares are represented and voted at the special meeting. You must complete, sign, date and mail your proxy card in the enclosed postage-paid return envelope as soon as possible.

Table of Contents

Q: What constitutes a quorum for the special meeting?

A: The presence at the special meeting, in person or by proxy, of holders of record of not less than a majority of the outstanding shares of TwinCo common stock entitled to vote at such meeting, will constitute a quorum for the transaction of business. Abstentions and broker non-votes, if any, will be included in determining the number of shares present at the meeting for the purpose of determining the presence of a quorum.

Q: What is the vote required to approve each proposal?

A: Approval of the merger agreement requires the affirmative vote of the holders of two-thirds of the outstanding shares of TwinCo common stock entitled to vote on the merger agreement as of the close of business on December 13, 2017, the record date for the special meeting. If you (1) fail to submit a proxy or vote in person at the special meeting or (2) mark "ABSTAIN" on your proxy, it will have the same effect as a vote "AGAINST" the proposal and no effect on the adjournment proposal. The adjournment proposal will be approved if the votes of TwinCo common stock cast in favor of the adjournment proposal exceed the votes cast against the adjournment proposal.

Q: Why is my vote important?

A: If you do not submit a proxy or vote in person, it may be more difficult for TwinCo to obtain the necessary quorum to hold its special meeting. In addition, your failure to submit a proxy or vote in person, or abstention will have the same effect as a vote against approval of the merger agreement. The merger agreement must be approved by the affirmative vote of the holders of two-thirds of the outstanding shares of TwinCo common stock entitled to vote on the merger agreement. TwinCo's board of directors unanimously recommends that you vote "FOR" the proposal to approve the merger agreement.

Q: How many votes do I have?

A: You are entitled to one vote for each share of TwinCo common stock that you owned as of the close of business on the record date. As of the close of business on the record date, 40,055 shares of TwinCo common stock were outstanding and entitled to vote at the TwinCo special meeting.

Q: Can I attend the special meeting and vote my shares in person?

A: Yes. All TwinCo shareholders are invited to attend the special meeting. Holders of record of TwinCo common stock can vote in person at the special meeting.

Q: Can I change my vote?

A: Yes. You may revoke any proxy at any time before it is voted by (1) signing and returning a proxy card with a later date, (2) delivering a written revocation letter to TwinCo's corporate secretary or (3) attending the special meeting in person, notifying the corporate secretary and voting by ballot at the special meeting. Attendance at the special meeting will not automatically revoke your proxy. A revocation or later-dated proxy received by TwinCo after the vote will not affect the vote. TwinCo's corporate secretary's mailing address is: 107 South Main, Twin Bridges, Montana 59754, Attention: TwinCo Corporate Secretary.

Q: What are the material U.S. federal income tax consequences of the merger to holders of TwinCo common stock?

A: The merger is intended to qualify as a "reorganization" within the meaning of Section 368(a) of the Internal Revenue Code of 1986, as amended, which we refer to as the "Code", and it is a condition to the obligation of Eagle to complete the merger that Eagle receives a legal opinion to that effect. If, as expected, the merger qualifies as a "reorganization", the specific tax consequences to a U.S. holder (as defined in *"The Merger— Material U.S. Federal Income Tax Consequences of the Merger"* beginning on page 35 of this proxy statement/prospectus) exchanging TwinCo common stock in the merger will generally depend upon the form of consideration such U.S. holder receives in the merger. A TwinCo shareholder generally will not recognize any gain or loss upon receipt of Eagle common stock in exchange for TwinCo common stock in the merger, except that gain (but not loss) will be recognized in an amount not to exceed any cash received as part of the cash consideration (other than cash received in lieu of a fractional share) and gain or loss will be recognized with respect to any cash received in lieu of a fractional share of Eagle common stock. The discussion of the material U.S. federal income tax consequences contained in this proxy statement/prospectus is intended to provide only a general discussion and is not a complete analysis or description of all potential U.S. federal income tax consequences of the merger that may vary with, or are dependent on, individual circumstances. In addition, it does not address the effects of any foreign, state or local tax laws.

For further information, see “*The Merger — Material U.S. Federal Income Tax Consequences of the Merger*” beginning on page 35 of this proxy statement/prospectus.

TAX MATTERS ARE COMPLICATED AND THE TAX CONSEQUENCES OF THE MERGER WILL DEPEND ON THE FACTS OF YOUR OWN SITUATION. YOU SHOULD CONSULT YOUR OWN TAX ADVISOR AS TO THE SPECIFIC TAX CONSEQUENCES OF THE MERGER TO YOU IN YOUR PARTICULAR CIRCUMSTANCES.

Q: Are TwinCo shareholders entitled to appraisal rights?

Yes. If you are a TwinCo shareholder and want to exercise appraisal rights and receive the fair value of shares of TwinCo common stock in cash instead of the aggregate merger consideration, then you must file a written objection with TwinCo prior to the special meeting stating, among other things, that you will exercise your right to dissent if the merger is completed. Also, you may not vote in favor of the merger agreement and must follow other procedures, both before and after the special meeting, as described in Appendix B to this proxy statement/prospectus. Note that if you return a signed proxy card without voting instructions or with instructions to vote “FOR” the merger agreement, then your shares will automatically be voted in favor of the merger agreement and you will lose all appraisal rights available under Montana law. A summary of these provisions can be found under “*The Merger — Appraisal Rights for TwinCo Shareholders*” beginning on page 39 of this proxy statement/prospectus and detailed information about the special meeting can be found under “*Information About the TwinCo Special Meeting*” beginning on page 28 of this proxy statement/prospectus. Due to the complexity of the procedures for exercising the right to seek appraisal, TwinCo shareholders who are considering exercising such rights are encouraged to seek the advice of legal counsel. Failure to strictly comply with the applicable Montana law provisions will result in the loss of the right of appraisal. Additionally, certain TwinCo shareholders are subject to company shareholder support agreements, dated as of September 5, 2017, which provide for, among other things, the obligation of such TwinCo shareholders to vote for, consent to and raise no objections against, and not otherwise impede or delay, any sale of TwinCo. In the event of the foregoing approval, such TwinCo shareholders have also agreed to waive all dissenters’ rights, appraisal rights and similar rights in connection with such approved sale. Therefore, if the merger agreement is approved, such TwinCo shareholders will be required to waive their statutory appraisal rights.

Q: What happens if the merger is not completed?

If the merger is not completed, TwinCo shareholders will not receive any consideration for their shares of TwinCo common stock. Instead, TwinCo will remain an independent company. Under specified circumstances, TwinCo may be required to pay to Eagle, and Eagle may be entitled to receive from TwinCo, a \$200,000 termination fee with respect to the termination of the merger agreement, as described under “*The Merger Agreement — Termination*” and “*The Merger Agreement — Termination Fees*” beginning on pages 54 and 55, respectively, of this proxy statement/prospectus. Under certain circumstances, TwinCo may be required to pay Eagle a \$750,000 break-up fee, as described under “*The Merger Agreement — Break-Up Fee*” of this proxy statement/prospectus.

Q: If I am a TwinCo shareholder, should I send in my stock certificates now?

No. Please do not send in your TwinCo stock certificates with your proxy. Eagle's transfer agent, Computershare, will send you instructions for exchanging TwinCo stock certificates for the applicable merger consideration. See A: *"The Merger Agreement — Procedures for Converting Shares of TwinCo Common Stock into Merger Consideration"* beginning on page 44 of this proxy statement/prospectus.

If you are unable to locate your original TwinCo stock certificate(s), you should contact Karen W. Town, Corporate Secretary of TwinCo, at (406) 684-5678. Following the merger, any inquiries should be directed to Eagle's transfer agent, Computershare at (800) 962-4284.

Q: When do you expect to complete the merger?

Eagle and TwinCo expect to complete the merger in the first quarter of 2018. However, neither Eagle nor TwinCo can assure you when or if the merger will occur. TwinCo must first obtain the approval of TwinCo shareholders for the merger and Eagle must receive the necessary regulatory approvals. See "*The Merger Agreement — Conditions to Completion of the Merger*" beginning on page 53 of this proxy statement/prospectus.

Q: Whom should I call with questions?

SUMMARY

The following summary highlights selected information from this proxy statement/prospectus. It does not contain all of the information that is important to you. You should carefully read the entire proxy statement/prospectus and the other documents to which we refer to fully understand the merger. See “Where You Can Find More Information” on how to obtain copies of those documents. In addition, the merger agreement is attached as Appendix A to this proxy statement/prospectus. TwinCo and Eagle encourage you to read the merger agreement because it is the legal document that governs the merger.

Unless the context otherwise requires, throughout this document, “we,” and “our” refer collectively to Eagle and TwinCo. We refer to the proposed merger of TwinCo with and into Eagle as the “merger,” the merger of Ruby Valley Bank with and into Opportunity Bank as the “bank merger,” and the Agreement and Plan of Merger dated as of September 5, 2017 by and among Eagle, Opportunity Bank, TwinCo and Ruby Valley Bank as the “merger agreement.”

Information Regarding Eagle and TwinCo

Eagle Bancorp Montana, Inc.

1400 Prospect Avenue

Helena, Montana 59601

(406) 442-3080

Eagle is a bank holding company, incorporated in Delaware in 2009, and registered under the Bank Holding Company Act of 1956, as amended. Eagle’s principal subsidiary is Opportunity Bank of Montana (the “Bank” or “Opportunity Bank”), formerly American Federal Savings Bank (“AFSB”). The Bank was founded in 1922 as a Montana-chartered building and loan association and has conducted operations in Helena since that time. In 1975, the Bank adopted a federal thrift charter and in October 2014 converted to a Montana-chartered commercial bank. The Bank currently has 14 branch offices and 15 automated teller machines located in our market areas and we participate in the Money Pass® ATM network.

On November 30, 2012, we completed a significant transaction with Sterling Financial Corporation (“Sterling”) of Spokane, Washington in which we purchased all of Sterling’s retail bank branches in Montana. As a result of this transaction, we added two mortgage origination offices and a wealth management division, and the Bank’s assets grew to over \$500 million and the retail branch network grew from six to 13 full service branches, immediately following

the transaction, with six branches in new markets. In 2014, we applied to the State of Montana to form an interim bank for the purpose of facilitating the conversion of AFSB from a federally chartered savings bank to a Montana-chartered commercial bank. Concurrent with the conversion, the Bank applied, and was approved, for the membership in the Federal Reserve System of the Board of Governors. In connection with the conversion, AFSB changed its name to Opportunity Bank of Montana. As of June 30, 2017, the Bank was the sixth largest commercial bank headquartered in Montana in terms of deposits.

TwinCo, Inc.

The Merger

The terms and conditions of the merger are contained in the merger agreement, a copy of which is included as Appendix A to this proxy statement/prospectus and is incorporated by reference herein. You should read the merger agreement carefully and in its entirety, as it is the legal document governing the merger.

In the merger, TwinCo will merge with and into Eagle, with Eagle as the surviving company in the merger. Immediately following the merger of TwinCo into Eagle, Ruby Valley Bank will merge with and into Opportunity Bank, with Opportunity Bank as the surviving bank of such bank merger.

Closing and Effective Time of the Merger

The closing date is currently expected to occur in the first quarter of 2018. Simultaneously with the closing of the merger, Eagle will file the articles of merger with the Secretary of State of the State of Montana. The merger will become effective at such time as the articles of merger are filed or such other time as may be specified in the articles of merger. Neither Eagle nor TwinCo can predict, however, the actual date on which the merger will be completed because it is subject to factors beyond each company's control, including whether or when the required regulatory approvals and TwinCo's shareholder approval will be received.

Merger Consideration

TwinCo shareholders have a choice that will impact the consideration that they will receive in the merger. Each issued and outstanding share of TwinCo common stock, other than excluded shares and dissenting shares, will be converted into the right to receive the mixed election consideration, which is a combination of \$247.16 in cash and 11.1540 shares of Eagle common stock. Alternatively, TwinCo shareholders will have the right to make either a cash election to receive the cash election consideration, which is \$449.38 in cash, or a stock election to receive the stock election consideration, which is 24.7866 shares of Eagle common stock, for each of their TwinCo shares. Both the cash election and the stock election are subject to the proration and adjustment procedures, described under "*The Merger Agreement—Election and Proration Procedures*" beginning on page 42 of this proxy statement/prospectus, to cause the total amount of cash paid, and the total number of shares of Eagle common stock issued, in the merger to the holders of shares of TwinCo common stock (other than excluded shares), as a whole, to equal as nearly as practicable the total amount of cash and number of shares that would have been paid and issued if all of such shares of TwinCo common stock were converted into the mixed election consideration. Holders of shares of TwinCo common stock (other than excluded shares and dissenting shares) who make no election or an untimely election will receive the mixed election consideration with respect to such shares of TwinCo common stock. The merger consideration is subject to the adjustments described below.

No holder of TwinCo common stock will be issued fractional shares of Eagle common stock in the merger. Each holder of TwinCo common stock who would otherwise have been entitled to receive a fraction of a share of Eagle common stock will receive, in lieu thereof, cash, without interest, in an amount equal to such fractional part of a share of Eagle common stock *multiplied by* the average daily volume weighted average price of Eagle common stock on the Nasdaq Global Market for the 20 trading days preceding the closing date. See “*The Merger Agreement—Merger Consideration*” beginning on page 41 of this proxy statement/prospectus.

The merger consideration will be subject to adjustment depending on TwinCo’s “Adjusted Tangible Stockholders’ Equity,” as defined in the merger agreement, immediately prior to the closing of the merger. If the Adjusted Tangible Stockholders’ Equity is less than \$13,400,000, subject to certain adjustments, the merger consideration will be reduced on a pro rata basis by the amount of such deficiency.

If the Adjusted Tangible Stockholders’ Equity is greater than \$13,400,000, subject to certain adjustments, TwinCo may, upon written notice to Eagle and effective immediately prior to the closing of the merger, declare and pay a special dividend to its shareholders in the amount of such excess.

Table of Contents

The stock portion of the merger consideration may be adjusted in certain circumstances based on whether Eagle common stock is trading either higher or lower than prices specified in the merger agreement immediately prior to the closing of the merger, in order to avoid termination of the merger agreement. If the "average closing price" (determined over a 20 trading day period prior to the closing of the merger) of Eagle's common stock exceeds \$20.85 per share and Eagle's stock outperforms the Nasdaq Bank Index by more than 15%, Eagle may terminate the merger agreement, or elect to reduce on a per-share basis the number of shares of Eagle common stock to be issued in the merger.

Conversely, if the "average closing price" is less than \$15.41 per share and Eagle's stock has also underperformed the Nasdaq Bank Index by more than 15%, TwinCo may terminate the merger agreement, unless Eagle elects to increase on a per-share basis the number of shares of Eagle common stock to be issued in the merger. See "*The Merger – Termination.*"

The value of the shares of Eagle common stock to be issued in the merger will fluctuate between now and the closing date of the merger. Based on the closing price of Eagle common stock on September 5, 2017, the date of the signing of the merger agreement, the value of the per share mixed election consideration payable to holders of TwinCo common stock was approximately \$443.47. Based on the closing price of Eagle common stock on December 12, 2017, the last practicable date before the date of this document, the value of the per share mixed election consideration payable to holders of TwinCo common stock was approximately \$479.72. TwinCo shareholders should obtain current sale prices for Eagle common stock, which is traded on the Nasdaq Global Market under the symbol "EBMT."

Election and Proration Procedures

Both the cash election consideration and the stock election consideration are subject to proration and adjustment procedures, depending on the aggregate elections of the TwinCo shareholders. If a TwinCo shareholder elects cash, and the product of the number of shares with respect to which cash elections have been made *multiplied by* the cash election consideration of \$449.38 (such product, the "cash election amount") is greater than the difference between (a) the product of \$247.16 *multiplied by* the total number of shares of TwinCo common stock (other than excluded shares) issued and outstanding immediately prior to the effective time of the merger, *minus* (h) the product or (x) the total number of shares with respect to which a mixed election has been made *multiplied by* (y) \$247.16, *minus* (c) the product of (i) the total number of proposed dissenting shares as of immediately prior to the effective time of the merger *multiplied by* (ii) the cash election consideration of \$449.38 (such difference, the "available cash election amount"), such shareholder will receive for each share of TwinCo common stock for which such shareholder elects cash:

an amount in cash (without interest) equal to \$449.38 *multiplied by* a fraction, the numerator of which shall be the available cash election amount and the denominator of which shall be the cash election amount (such fraction, the "cash fraction"); and

a number of validly issued, fully paid and non-assessable shares of Eagle common stock equal to the product of the stock election consideration of 24.7866 *multiplied by* a fraction equal to one *minus* the cash fraction.

If a TwinCo shareholder elects stock, and the available cash election amount is greater than the cash election amount, such shareholder will receive for each share of TwinCo common stock for which such shareholder elects stock:

an amount of cash (without interest) equal to the amount of such excess *divided by* the number of shares of TwinCo common stock for which stock elections were made; and

a number of validly issued, fully paid and non-assessable shares of Eagle common stock equal to the product of (i) the stock election consideration of 24.7866 *multiplied by* (ii) a fraction, the numerator of which shall be the difference between (a) \$449.38 *minus* (b) the amount of cash calculated in the immediately preceding bullet, and the denominator of which shall be \$449.38.

Table of Contents

The greater the oversubscription of the stock election, the less stock and more cash a TwinCo shareholder making the stock election will receive. Reciprocally, the greater the oversubscription of the cash election, the less cash and more stock a TwinCo shareholder making the cash election will receive. However, in no event will a TwinCo shareholder who makes the cash election or the stock election receive less cash and more shares of Eagle common stock, or fewer shares of Eagle common stock and more cash, respectively, than a shareholder who makes the mixed election. For additional detail and for illustrative examples, see “*The Merger Agreement Election and Proration Procedures*” beginning on page 42 of this proxy statement/prospectus.

Equivalent TwinCo Common Per Share Value

Eagle common stock trades on the Nasdaq Global Market under the symbol “EBMT.” The TwinCo common stock is not listed or traded on any established securities exchange or quotation system. Accordingly, there is no established public trading market for the TwinCo common stock. The following table presents the closing price of Eagle common stock on September 5, 2017, the last trading date prior to the public announcement of the merger agreement, and December 12, 2017, the last practicable trading day prior to the printing of this proxy statement/prospectus. The table also presents the equivalent value of the merger consideration per share of TwinCo common stock on those dates, calculated by multiplying the closing sales price of Eagle common stock on those dates by the exchange ratio of 11.1540 and adding \$247.16 to such amount.

Date:	Eagle closing Sale price	Equivalent TwinCo per share value
September 5, 2017	\$17.60	\$443.47
December 12, 2017	\$20.85	\$479.72

The value of the shares of Eagle common stock to be issued in the merger will fluctuate between now and the closing date of the merger. If Eagle shares increase in value, so will the value of the per share merger consideration. Similarly, if Eagle shares decline in value, so will the value of the consideration to be received by TwinCo shareholders. TwinCo shareholders should obtain current sale prices for the Eagle common stock.

Procedures for Converting Shares of TwinCo Common Stock into Merger Consideration

Promptly after the effective time of the merger, Eagle’s exchange agent, Computershare, will mail to each holder of record of TwinCo common stock that is converted into the right to receive the merger consideration a letter of transmittal and instructions for the surrender of the holder’s TwinCo stock certificate(s) for the merger consideration

(including cash in lieu of any fractional Eagle shares), and any dividends or distributions to which such holder is entitled to pursuant to the merger agreement.

Please do not send in your certificates until you receive these instructions.

Material U.S. Federal Income Tax Consequences of the Merger

For a detailed discussion of the material U.S. federal income tax consequences of the merger, see “*The Merger —Material U.S. Federal Income Tax Consequences of the Merger*” beginning on page 35 of this proxy statement/prospectus. The tax consequences of the merger to any particular TwinCo shareholder will depend on that shareholder’s particular facts and circumstances. Accordingly, please consult your tax advisor to determine the tax consequences to you from the merger.

Appraisal Rights

Under Montana law, TwinCo shareholders have the right to dissent from the merger and receive a cash payment equal to the fair value of their shares of TwinCo stock instead of receiving the merger consideration. To exercise appraisal rights, TwinCo shareholders must strictly follow the procedures established by Sections 35-1-826 through 35-1-839 of the Montana Business Corporations Act, or the MBCA, which include filing a written objection with TwinCo prior to the special meeting stating, among other things, that the shareholder will exercise his or her right to dissent if the merger is completed, and not voting for approval of the merger agreement. A shareholder’s failure to vote against the merger agreement will not constitute a waiver of such shareholder’s dissenters’ rights.

Table of Contents

Recommendation of the TwinCo Board of Directors

After careful consideration, the TwinCo board of directors unanimously recommends that TwinCo shareholders vote “FOR” the approval of the merger agreement and the approval of the adjournment proposal described in this document. Each of the directors of TwinCo has entered into a company shareholder support agreement with Eagle pursuant to which each, has agreed to vote “FOR” the approval of the merger agreement and any other matter required to be approved by the shareholders of TwinCo to facilitate the transactions contemplated by the merger agreement, subject to the terms of the company shareholder support agreements.

For more information regarding the company shareholder support agreements, please see the section entitled “*Information About the TwinCo Special Meeting — Shares Subject to Company Shareholder Support Agreements; Shares Held by Directors and Executive Officers*” on page 30 of this proxy statement/prospectus.

For a more complete description of TwinCo’s reasons for the merger and the recommendations of the TwinCo board of directors, please see the section entitled “*The Merger — TwinCo’s Reasons for the Merger and Recommendation of the TwinCo Board of Directors*” beginning on page 33 of this proxy statement/prospectus.

Interests of TwinCo Directors and Executive Officers in the Merger

In the merger, the directors and executive officers of TwinCo will receive the same merger consideration for their TwinCo shares as the other TwinCo shareholders. In considering the recommendation of the TwinCo board of directors that you vote to approve the merger agreement, you should be aware that some of the executive officers and directors of TwinCo may have interests in the merger and may have arrangements that may be considered to be different from, or in addition to, those of TwinCo shareholders generally. Interests of officers and directors that may be different from or in addition to the interests of TwinCo’s shareholders include:

• TwinCo’s directors and executive officers are entitled to continued indemnification and insurance coverage under the merger agreement.

• Kenneth M. Walsh, TwinCo’s Chairman, Chief Executive Officer and President, has entered into a change in control agreement with Eagle, effective as of the effective date of the merger.

• Kenneth M. Walsh will become a director of Eagle and Opportunity Bank upon completion of the merger.

These interests are discussed in more detail in the section entitled “*The Merger — Interests of TwinCo Directors and Executive Officers in the Merger*” beginning on page 40 of this proxy statement/prospectus. The TwinCo board of directors was aware of these interests and considered them, along with other matters, in reaching its decision to adopt and approve the merger agreement and to recommend that TwinCo shareholders vote in favor of approving the merger agreement.

Regulatory Approvals

Completion of the merger and the bank merger are subject to various regulatory approvals, including approvals from the Board of Governors of the Federal Reserve System, or Federal Reserve, and the Montana Division of Banking and Financial Institutions. Notifications and/or applications requesting approvals for the merger or for the bank merger may also be submitted to other federal and state regulatory authorities and self-regulatory organizations. The parties have filed notices and applications to obtain the necessary regulatory approvals of the Federal Reserve and the Montana Division of Banking and Financial Institutions and the approvals of such agencies were received on November 28, 2017 and November 22, 2017, respectively. The regulatory approvals to which the completion of the merger and bank merger are subject are described in more detail under the section entitled “*The Merger — Regulatory Approvals*,” beginning on page 38 of this proxy statement/prospectus.

Table of Contents

No assurance is given as to when, or if, the conditions to the merger will be satisfied or waived, or that the merger will be completed.

Third Party Proposals

TwinCo has agreed to a number of limitations with respect to soliciting, negotiating and discussing acquisition proposals involving persons other than Eagle, and to certain related matters. The merger agreement does not, however, prohibit TwinCo from considering a bona fide unsolicited written acquisition proposal from a third party if certain specified conditions are met.

Termination

The merger agreement may be terminated at any time prior to the effective time of the merger:

•by the mutual consent of Eagle and TwinCo; or

•by Eagle or TwinCo in the event of the breach of any representation, warranty, covenant or agreement by the other party that would prevent any closing condition from being satisfied and such breach cannot be or has not been cured within thirty days of written notice of such breach provided that the right to cure may not extend beyond two business days prior to the “expiration date” described below; or

- by Eagle or TwinCo if approval of the merger agreement by the shareholders of TwinCo is not obtained at the meeting at which a vote was taken; or

•by Eagle or TwinCo if any court or other governmental authority issues a final and non-appealable order permanently prohibiting the merger or the bank merger; or

being satisfied by the closing other than the condition relating to the receipt of required regulatory approvals, then either party has the right to extend the expiration date by an additional three month period; or

by Eagle if any governmental authority has denied any required regulatory approval or requested any application for regulatory approval be withdrawn; or

by Eagle prior to the receipt of approval of the merger from TwinCo shareholders in the event that (i) the TwinCo board of directors or any committee thereof makes a company subsequent determination (see "*The Merger Agreement — TwinCo Board Recommendation*" beginning on page 50 of this proxy statement/prospectus), (ii) the TwinCo board of directors has materially breached its obligations under the merger agreement with respect to third party acquisition proposals or by failing to call, give notice of, convene and hold the special meeting, or (iii) the TwinCo board of directors has agreed to an acquisition proposal; or

by TwinCo in the event that (i) the average volume weighted average price of Eagle's common stock for the 20 trading days ending on the trading day immediately prior to the later of (x) the date on which the last required regulatory consent is obtained or (y) the date on which TwinCo shareholder approval of the merger agreement is obtained, is less than \$15.41 per share, (ii) Eagle's common stock underperforms a peer group index (the Nasdaq Bank Index) by more than 15%, and (iii) Eagle does not elect to increase the stock election consideration by a formula-based amount outlined in the merger agreement; or

Presented below for Eagle and TwinCo is historical, unaudited pro forma combined and pro forma equivalent per share financial data as of and for the twelve months ended December 31, 2016 and as of and for the nine months ended September 30, 2017. The information presented below should be read together with: (i) Eagle's audited consolidated financial statements and accompanying notes included in Eagle's Annual Report on Form 10-K for the fiscal year ended December 31, 2016, and Eagle's unaudited consolidated financial statements and accompanying notes included in Eagle's Quarterly Report on Form 10-Q for the nine months ended September 30, 2017, both of which are incorporated by reference into this proxy statement/prospectus; and (ii) TwinCo's audited consolidated financial statements and accompanying notes for the fiscal year ended December 31, 2016, and unaudited consolidated financial statements and accompanying notes for the nine months ended September 30, 2017, both of which are included elsewhere in this proxy statement/prospectus. The unaudited pro forma combined and pro forma per equivalent share information gives effect to the merger as if the merger had been effective on December 31, 2016, or September 30, 2017, in the case of the book value data, and as if the merger had been effective as of January 1, 2017 or 2016, in the case of the earnings per share and the cash dividends data. The unaudited pro forma data combines the historical results of TwinCo into Eagle's consolidated statement of income. While certain adjustments were made for the estimated impact of fair value adjustments and other acquisition-related activity, they are not indicative of what could have occurred had the acquisition taken place on January 1, 2017 or 2016.

The unaudited pro forma adjustments are based upon available information and certain assumptions that Eagle management believes are reasonable. The unaudited pro forma data, while helpful in illustrating the financial characteristics of the combined company under one set of assumptions, do not reflect the impact of factors that may result as a consequence of the merger or consider any potential impacts of current market conditions of the merger on revenues, expense efficiencies, among other factors. As a result, unaudited pro forma data are presented for illustrative purposes only and do not represent an attempt to predict or suggest future results. Upon completion of the merger, the operating results of TwinCo will be reflected in the consolidated financial statements of Eagle on a prospective basis.

RISK FACTORS

An investment in Eagle common stock in connection with the merger involves risks. Eagle describes below the material risks and uncertainties that it believes affect its business and an investment in the Eagle common stock. In addition to the other information contained in, or incorporated by reference into, this proxy statement/prospectus, including Eagle's Annual Report on Form 10-K for the fiscal year ended December 31, 2016 and the matters addressed under "Forward-Looking Statements," you should carefully read and consider all of the risks and all other information contained in this proxy statement/prospectus in deciding whether to vote to approve the merger agreement. Additional Risk Factors included in Item 1A in Eagle's Annual Report on Form 10-K for the fiscal year ended December 31, 2016 are incorporated herein by reference. You should read and consider those Risk Factors in addition to the Risk Factors listed below. If any of the risks described in this proxy statement/prospectus occur, Eagle's financial condition, results of operations and cash flows could be materially and adversely affected. If this were to happen, the value of the Eagle common stock could decline significantly, and you could lose all or part of your investment.

Risks Associated with the Merger

Because the sale price of Eagle common stock will fluctuate, you cannot be sure of the value of the stock consideration that you will receive in the merger until the closing.

Under the terms of the merger agreement, each share of TwinCo common stock outstanding immediately prior to the effective time of the merger (excluding excluded shares and dissenting shares) will be converted into the right to receive, at the election of the holder thereof: (1) a combination of 11.1540 shares of Eagle common stock and \$247.16 in cash; (2) \$449.38 in cash; or (3) 24.7866 shares of Eagle common stock. The value of the shares of Eagle common stock to be issued to TwinCo shareholders in the merger will fluctuate between now and the closing date of the merger due to a variety of factors, including general market and economic conditions, changes in the parties' respective businesses, operations and prospects and regulatory considerations, among other things. Many of these factors are beyond the control of Eagle and TwinCo. We make no assurances as to whether or when the merger will be completed. TwinCo shareholders should obtain current sale prices for shares of Eagle common stock before voting their shares of TwinCo common stock at the special meeting.

TwinCo shareholders may receive a form of consideration different from what they elect.

Although each TwinCo shareholder may elect to receive all cash or all Eagle common stock in the merger, the pool of cash and the shares of Eagle common stock available for all TwinCo shareholders will be a fixed percentage of the aggregate merger consideration at closing, and will not exceed the aggregate number of shares of Eagle common stock

that would have been issued, and the aggregate amount of cash that would have been paid, to all of the holders of shares of TwinCo common stock had the mixed election consideration of \$247.16 in cash and 11.1540 shares of Eagle common stock been elected with respect to each share of TwinCo common stock (other than excluded shares). As a result, if the aggregate amount of shares with respect to which either cash elections or stock elections have been made would otherwise result in payments of cash or stock in excess of the maximum amount of cash or stock available, and a TwinCo shareholder has chosen the consideration election that exceeds the maximum available, such TwinCo shareholder will receive consideration in part in a form that such shareholder did not choose. This could result in, among other things, tax consequences that differ from those that would have resulted if such TwinCo shareholder had received the form of consideration that the shareholder elected (including the potential recognition of gain for federal income tax purposes if the shareholder receives cash).

Shares of Eagle common stock to be received by holders of TwinCo common stock as a result of the merger will have rights different from the shares of TwinCo common stock.

Upon completion of the merger, the rights of former TwinCo shareholders who receive shares of Eagle common stock in the merger will be governed by the certificate of incorporation, as amended, and bylaws of Eagle. Eagle is a Delaware corporation and TwinCo is a Montana corporation. The rights associated with TwinCo common stock are different from the rights associated with Eagle common stock.

Table of Contents

The market price of Eagle common stock after the merger may be affected by factors different from those currently affecting TwinCo or Eagle.

The businesses of Eagle and TwinCo differ in some respects and, accordingly, the results of operations of the combined company and the market price of Eagle's shares of common stock after the merger may be affected by factors different from those currently affecting the independent results of operations of each of Eagle and TwinCo.

TwinCo shareholders who receive shares of Eagle common stock in the merger will have a reduced ownership and voting interest after the merger and will exercise less influence over management.

TwinCo shareholders currently have the right to vote in the election of the board of directors of TwinCo and on other matters affecting TwinCo. Upon the completion of the merger, TwinCo shareholders who receive shares of Eagle common stock in the merger will be shareholders of Eagle with a percentage ownership in Eagle that is smaller than such shareholder's current percentage ownership of TwinCo. It is currently expected that the former shareholders of TwinCo as a group will receive shares in the merger constituting approximately 8.2% of the outstanding shares of the combined company's common stock immediately after the merger. Because of this, TwinCo shareholders who receive shares of Eagle common stock in the merger will have less influence on the management and policies of the combined company than they now have on the management and policies of TwinCo.

Eagle and TwinCo will be subject to business uncertainties and contractual restrictions while the merger is pending.

Uncertainty about the effect of the merger on employees, customers, suppliers and vendors may have an adverse effect on the business, financial condition and results of operations of TwinCo and Eagle. These uncertainties may impair Eagle's or TwinCo's ability to attract, retain and motivate key personnel, depositors and borrowers pending the consummation of the merger, as such personnel, depositors and borrowers may experience uncertainty about their future roles following the consummation of the merger. Additionally, these uncertainties could cause customers (including depositors and borrowers), suppliers, vendors and others who deal with Eagle or TwinCo to seek to change existing business relationships with Eagle or TwinCo or fail to extend an existing relationship. In addition, competitors may target each party's existing customers by highlighting potential uncertainties and integration difficulties that may result from the merger.

Eagle and TwinCo have a small number of key personnel. The pursuit of the merger and the preparation for the integration in connection therewith may place a burden on each company's management and internal resources. Any significant diversion of management attention away from ongoing business concerns and any difficulties encountered in the transition and integration process could have a material adverse effect on each company's business, financial

condition and results of operations.

In addition, the merger agreement restricts TwinCo from taking certain actions without Eagle's consent while the merger is pending. These restrictions may, among other matters, prevent TwinCo from pursuing otherwise attractive business opportunities, selling assets, incurring indebtedness, engaging in significant capital expenditures in excess of certain limits set forth in the merger agreement, entering into other transactions or making other changes to TwinCo's business prior to consummation of the merger or termination of the merger agreement. These restrictions could have a material adverse effect on TwinCo's business, financial condition and results of operations.

Table of Contents

Eagle may fail to realize the cost savings estimated for the merger.

Although Eagle estimates that it will realize cost savings from the merger when fully phased in, it is possible that the estimates of the potential cost savings could turn out to be incorrect. For example, the combined purchasing power may not be as strong as expected, and therefore the cost savings could be reduced. In addition, unanticipated growth in Eagle's business may require Eagle to continue to operate or maintain some facilities or support functions that are currently expected to be combined or reduced. The cost savings estimates also depend on Eagle's ability to combine the businesses of Eagle and TwinCo in a manner that permits those costs savings to be realized. If the estimates turn out to be incorrect or Eagle is not able to combine the two companies successfully, the anticipated cost savings may not be fully realized or realized at all, or may take longer to realize than expected.

The combined company expects to incur substantial expenses related to the merger.

The combined company expects to incur substantial expenses in connection with completing the merger and combining the business, operations, networks, systems, technologies, policies and procedures of Eagle and TwinCo. Although Eagle and TwinCo have assumed that a certain level of transaction and combination expenses would be incurred, there are a number of factors beyond their control that could affect the total amount or the timing of these expenses. Many of the expenses that will be incurred, by their nature, are difficult to estimate accurately at the present time. Due to these factors, the transaction and combination expenses associated with the merger could, particularly in the near term, exceed the savings that the combined company expects to achieve from the elimination of duplicative expenses and the realization of economies of scale and cost savings related to the combination of the businesses following the completion of the merger. In addition, prior to completion of the merger, each of TwinCo and Eagle will incur or have incurred substantial expenses in connection with the negotiation and completion of the transactions contemplated by the merger agreement. If the merger is not completed, Eagle and TwinCo would have to recognize these expenses without realizing the anticipated benefits of the merger.

Eagle and TwinCo may waive one or more of the conditions to the merger without re-soliciting TwinCo shareholder approval for the merger agreement.

Each of the conditions to the obligations of Eagle and TwinCo to complete the merger may be waived, in whole or in part, to the extent permitted by applicable law, by agreement of Eagle and TwinCo, if the condition is a condition to both parties' obligation to complete the merger, or by the party for which such condition is a condition of its obligation to complete the merger. The boards of directors of Eagle and TwinCo may evaluate the materiality of any such waiver to determine whether amendment of this proxy statement/prospectus and re-solicitation of proxies is necessary. Eagle and TwinCo, however, generally do not expect any such waiver to be significant enough to require re-solicitation of TwinCo's shareholders. In the event that any such waiver is not determined to be significant enough to require re-solicitation of TwinCo's shareholders, the companies will have the discretion to complete the merger without seeking further shareholder approval.

If the merger fails to qualify as a “reorganization” within the meaning of Section 368(a) of the Code, TwinCo shareholders may be required to recognize additional gain or recognize loss on the exchange of their shares of TwinCo common stock in the merger for U.S. federal income tax purposes.

The merger is intended to qualify as a “reorganization” within the meaning of Section 368(a) of the Code, and it is a condition to the obligations of Eagle to complete the merger that Eagle receives a legal opinion to that effect. This opinion will not be binding on the Internal Revenue Service. TwinCo and Eagle have not sought and will not seek any ruling from the Internal Revenue Service regarding any matters relating to the merger, and as a result, there can be no assurance that the Internal Revenue Service will not assert, or that a court would not sustain, a position contrary to any of the conclusions set forth herein. If the merger fails to qualify as a “reorganization” within the meaning of Section 368(a) of the Code, TwinCo shareholders may be required to recognize additional gain or recognize loss on the exchange of their shares of TwinCo common stock in the merger for U.S. federal income tax purposes.

Table of Contents

Regulatory approvals may not be received, may take longer than expected or impose conditions that are not presently anticipated.

Before the transactions contemplated by the merger agreement, including the merger and the bank merger, may be completed, various approvals must be obtained from bank regulatory authorities. These governmental entities may impose conditions on the granting of such approvals. Such conditions or changes and the process of obtaining regulatory approvals could have the effect of delaying completion of the merger or of imposing additional costs or limitations on Eagle following the merger. The regulatory approvals may not be received at all, may not be received in a timely fashion, and may contain conditions on the completion of the merger that are not anticipated or have a material adverse effect. If the consummation of the merger is delayed, including by a delay in receipt of necessary governmental approvals, the business, financial condition and results of operations of each company may also be materially adversely affected.

TwinCo's executive officers and directors have financial interests in the merger that are different from, or in addition to, the interests of TwinCo shareholders generally.

Executive officers of TwinCo negotiated the terms of the merger agreement with Eagle, and the TwinCo board of directors unanimously approved and recommended that TwinCo shareholders vote to approve the merger agreement. In considering these facts and the other information contained in this proxy statement/prospectus, you should be aware that certain TwinCo and Ruby Valley Bank executive officers and directors have financial interests in the merger that are different from, or in addition to, the interests of TwinCo shareholders generally.

The break-up fee and the restrictions on third party acquisition proposals set forth in the merger agreement may discourage others from trying to acquire TwinCo.

Until the completion of the merger, with some limited exceptions, TwinCo is prohibited from initiating, soliciting, knowingly inducing or encouraging, or knowingly taking any action to facilitate, or participating in any discussions or negotiations concerning, a proposal to acquire TwinCo, such as a merger or other business combination transaction, with any person other than Eagle. In addition, TwinCo has agreed to pay to Eagle in certain circumstances a break-up fee equal to \$750,000. These provisions could discourage other companies from trying to acquire TwinCo even though those other companies might be willing to offer greater value to TwinCo shareholders than Eagle has offered in the merger. The payment of any break-up fee could also have an adverse effect on TwinCo's financial condition.

Failure of the merger to be completed, the termination of the merger agreement or a significant delay in the consummation of the merger could negatively impact Eagle and TwinCo.

If the merger is not consummated, the ongoing business, financial condition and results of operations of each party may be materially adversely affected and the market price of Eagle's common stock may decline significantly, particularly to the extent that the current market price reflects a market assumption that the merger will be consummated. If the consummation of the merger is delayed, the business, financial condition and results of operations of each company may be materially adversely affected. If the merger agreement is terminated and TwinCo's board of directors seeks another merger or business combination, TwinCo's shareholders cannot be certain that TwinCo will be able to find a party willing to engage in a transaction on more attractive terms than the merger.

Risks Associated with Eagle's Business

There can be no assurance Eagle will be able to continue paying dividends on its common stock at recent levels.

Eagle may not be able to continue paying quarterly dividends commensurate with recent levels given that the ability to pay dividends on its common stock depends on a variety of factors. The payment of dividends is subject to government regulation in that the regulatory authorities may prohibit banks and bank holding companies from paying dividends that would constitute an unsafe or unsound banking practice. Eagle's ability to pay dividends is subject to certain regulatory requirements. The Federal Reserve generally prohibits a bank holding company from declaring or paying a cash dividend which would impose undue pressure on the capital of subsidiary banks or would be funded only through borrowing or other arrangements that might adversely affect a bank holding company's financial position. The Federal Reserve Board policy is that a bank holding company should not continue its existing rate of cash dividends on its common stock unless its net income is sufficient to fully fund each dividend and its prospective rate of earnings retention appears consistent with its capital needs, asset quality and overall financial condition. The power of the board of directors of an insured depository institution to declare a cash dividend or other distribution with respect to capital is subject to statutory and regulatory restrictions which limit the amount available for such distribution depending upon the earnings, financial condition and cash needs of the institution, as well as general business conditions.

Table of Contents

As a result, future dividends will generally depend on the level of earnings at Opportunity Bank. Opportunity Bank is subject to Montana law and cannot declare a dividend greater than the previous two year's earnings without providing notice to the state. Also, in the event there shall occur an event of default on any of Eagle's debt instruments, Eagle would be unable to pay any dividends on its common stock.

Eagle's business strategy includes significant growth plans, and its financial condition and results of operations could be negatively affected if Eagle fails to grow or fail to manage its growth effectively.

Eagle intends to pursue an organic growth strategy for its business; however, Eagle regularly evaluates potential acquisitions and expansion opportunities. If appropriate opportunities present themselves, Eagle expects to engage in selected acquisitions of financial institutions, branch acquisitions and other business growth initiatives or undertakings. There can be no assurance that Eagle will successfully identify appropriate opportunities, that it will be able to negotiate or finance such activities or that such activities, if undertaken, will be successful.

There are risks associated with Eagle's growth strategy. To the extent that Eagle grows through acquisitions, it cannot ensure that it will be able to adequately or profitably manage this growth. Acquiring other banks, branches or other assets, as well as other expansion activities, involves various risks including the risks of incorrectly assessing the credit quality of acquired assets, encountering greater than expected costs of integrating acquired banks or branches, the risk of loss of customers and/or employees of the acquired institution or branch, executing cost savings measures, not achieving revenue enhancements and otherwise not realizing the transaction's anticipated benefits. Eagle's ability to address these matters successfully cannot be assured. In addition, Eagle's strategic efforts may divert resources or management's attention from ongoing business operations may require investment in integration and in development and enhancement of additional operational and reporting processes and controls and may subject it to additional regulatory scrutiny.

Eagle's growth initiatives may also require it to recruit and retain experienced personnel to assist in such initiatives. Accordingly, the failure to identify and retain such personnel would place significant limitations on Eagle's ability to successfully execute its growth strategy. In addition, to the extent Eagle expands its lending beyond its current market areas, Eagle could incur additional risks related to those new market areas. Eagle may not be able to expand its market presence in its existing market areas or successfully enter new markets.

If Eagle does not successfully execute its acquisition growth plan, it could adversely affect Eagle's business, financial condition, results of operations, reputation and growth prospects. In addition, if Eagle were to conclude that the value of an acquired business had decreased and that the related goodwill had been impaired, that conclusion would result in an impairment of goodwill charge, which would adversely affect Eagle's results of operations. While Eagle believe it will have the executive management resources and internal systems in place to successfully manage its future growth, there can be no assurance growth opportunities will be available or that Eagle will successfully manage its growth.

Anti-takeover provisions in Eagle's certificate of incorporation, by-laws and federal banking laws may make it more difficult for takeover attempts that have not been approved by Eagle's board of directors.

Provisions of Eagle's amended and restated certificate of incorporation, as amended, and by-laws and federal banking laws, including regulatory approval requirements, could make it more difficult for a third party to acquire Eagle, even if doing so would be perceived to be beneficial to Eagle's shareholders. The combination of these provisions effectively inhibits a non-negotiated merger or other business combination, which, in turn, could adversely affect the market price of Eagle's common stock. These provisions could also discourage proxy contests and make it more difficult for holders of Eagle's common stock to elect directors other than the candidates nominated by Eagle's board of directors.

INFORMATION ABOUT THE TWINCO SPECIAL MEETING

This section contains information about the special meeting that TwinCo has called to allow TwinCo shareholders to vote on the approval of the merger agreement. The TwinCo board of directors is mailing this proxy statement/prospectus to you, as a TwinCo shareholder, on or about December 15, 2017. Together with this proxy statement/prospectus, the TwinCo board of directors is also sending you a notice of the special meeting of TwinCo shareholders and a form of proxy that the TwinCo board of directors is soliciting for use at the special meeting and at any adjournments or postponements of the special meeting.

Time, Date, and Place

The special meeting is scheduled to be held on Wednesday, January 17, 2018 at 2:00 p.m., local time, at 107 South Main, Twin Bridges, Montana 59754.

Matters to be Considered at the Meeting

At the special meeting, TwinCo shareholders will be asked to consider and vote on:

a proposal to approve the merger agreement, which we refer to as the “merger proposal”;

a proposal of the TwinCo board of directors to adjourn or postpone the special meeting, if necessary or appropriate, including to permit further solicitation of proxies if there are not sufficient votes at the time of the special meeting to approve the merger agreement, which we refer to as the “adjournment proposal”; and

any other matters as may properly be brought before the special meeting or any adjournment or postponement of the special meeting.

At this time, the TwinCo board of directors is unaware of any other matters that may be presented for action at the special meeting. If any other matters are properly presented, however, and you have completed, signed and submitted your proxy, the person(s) named as proxy will have the authority to vote your shares in accordance with his or her judgment with respect to such matters. A copy of the merger agreement is included in this proxy statement/prospectus as Appendix A, and we encourage you to read it carefully in its entirety.

Recommendation of the TwinCo Board of Directors

The TwinCo board of directors unanimously recommends that TwinCo shareholders vote “FOR” the merger proposal and “FOR” the adjournment proposal. See “*The Merger —TwinCo’s Reasons for the Merger and Recommendations of the TwinCo Board of Directors.*”

Record Date and Quorum

December 13, 2017 has been fixed as the record date for the determination of TwinCo shareholders entitled to notice of, and to vote at, the special meeting and any adjournment or postponement thereof. At the close of business on the record date, there were 40,055 shares of TwinCo common stock outstanding and entitled to vote at the special meeting, held by approximately eight holders of record.

A quorum is necessary to transact business at the special meeting. The presence, in person or by proxy, of the holders of a majority of the outstanding shares of TwinCo common stock entitled to vote at the meeting is necessary to constitute a quorum. Shares of TwinCo common stock represented at the special meeting but not voted, including shares that a shareholder abstains from voting will be counted for purposes of establishing a quorum. Once a share of TwinCo common stock is represented at the special meeting, it will be counted for the purpose of determining a quorum not only at the special meeting but also at any adjournment or postponement of the special meeting. In the event that a quorum is not present at the special meeting, it is expected that the special meeting will be adjourned or postponed.

Table of Contents

Required Vote

The affirmative vote of the holders of two-thirds of the outstanding shares of TwinCo common stock must vote in favor of the proposal to approve the merger agreement. If you vote to “ABSTAIN” with respect to the merger proposal or if you fail to vote on the merger proposal, this will have the same effect as voting “AGAINST” the merger proposal.

The adjournment proposal will be approved if the votes of TwinCo common stock cast in favor of the adjournment proposal exceed the votes cast against the adjournment proposal. If you vote to “ABSTAIN” with respect to the adjournment proposal or if you fail to vote on the adjournment proposal, this will have no effect on the outcome of the vote on the adjournment proposal.

Each share of TwinCo common stock you own as of the record date for the special meeting entitles you to one vote at the special meeting on all matters properly presented at the meeting.

How to Vote

Voting in Person. You can vote in person by submitting a ballot at the special meeting. Nevertheless, we recommend that you vote by proxy as promptly as possible, even if you plan to attend the special meeting. This will ensure that your vote is received. If you attend the special meeting, you may vote by ballot, thereby canceling any proxy previously submitted.

Voting by Proxy. Your proxy card includes instructions on how to vote by mailing in the proxy card. If you choose to vote by proxy, please mark each proxy card you receive, sign and date it, and promptly return it in the envelope enclosed with the proxy card. If you sign and return your proxy without instruction on how to vote your shares, your shares will be voted “FOR” the merger proposal and “FOR” the adjournment proposal. At this time, the TwinCo board of directors is unaware of any other matters that may be presented for action at the special meeting. If any other matters are properly presented, however, and you have signed and returned your proxy card, the person(s) named as proxy will have the authority to vote your shares in accordance with his or her judgment with respect to such matters. Please do not send in your stock certificates with your proxy card. You will receive a separate letter of transmittal and instructions on how to surrender your TwinCo stock certificates for the merger consideration.

YOUR VOTE IS IMPORTANT. WHETHER OR NOT YOU PLAN TO ATTEND THE SPECIAL MEETING IN PERSON, PLEASE MARK, SIGN AND DATE THE ENCLOSED PROXY CARD AND PROMPTLY RETURN IT IN THE ENCLOSED POSTAGE-PAID ENVELOPE. SHAREHOLDERS WHO ATTEND THE

SPECIAL MEETING MAY REVOKE THEIR PROXIES BY VOTING IN PERSON.

Revocation of Proxies

You can revoke your proxy at any time before your shares are voted. You can revoke your proxy by:

submitting another valid proxy card bearing a later date;

attending the special meeting and voting your shares in person; or

delivering prior to the special meeting a written notice of revocation to TwinCo's Corporate Secretary at the following address: 107 South Main, Twin Bridges, Montana 59754.

If you choose to send a completed proxy card bearing a later date or a notice of revocation, the new proxy card or notice of revocation must be received before the beginning of the special meeting. Attendance at the special meeting will not, in and of itself, constitute revocation of a proxy. Your last vote will be the vote that is counted.

Shares Subject to Company Shareholder Support Agreements; Shares Held by Directors

A total of 36,030 shares of TwinCo common stock, representing approximately 90% of the outstanding shares of TwinCo common stock entitled to vote at the special meeting are subject to company shareholder support agreements between Eagle and each of TwinCo's directors and related affiliates. Pursuant to his or her respective company shareholder support agreement, each such director and director-affiliate has agreed to, at any meeting of TwinCo shareholders, however called, or any adjournment or postponement thereof (and subject to certain exceptions), vote (or cause to be voted) his or her shares of TwinCo common stock beneficially owned by such director or director-affiliate:

in favor of the approval of the merger agreement;

against any acquisition proposal, without regard to any recommendation to the shareholders of TwinCo by the board of directors of TwinCo concerning such acquisition proposal, and without regard to the terms of such acquisition proposal, or other proposal made in opposition to or that is otherwise in competition or inconsistent with the transactions contemplated by the merger agreement;

against any agreement, amendment of any agreement, or any other action that is intended or would reasonably be expected to prevent, impede, or, in any material respect, interfere with, delay, postpone, or discourage the transactions contemplated by the merger agreement; and

against any action, agreement, transaction, or proposal that would reasonably be expected to result in a breach of any representation, warranty, covenant, agreement or other obligation of TwinCo in the merger agreement.

Further, without the prior written consent of Eagle, each director and director-affiliate who is party to a company shareholder support agreement has agreed not to sell or otherwise transfer any shares of TwinCo common stock and has agreed that he or she will be bound by certain terms of the merger agreement as if he or she was a party thereto, including by releasing Eagle, its affiliates, and certain related parties from claims related to TwinCo arising prior to the closing of the merger. The foregoing summary of the company shareholder support agreements entered into by TwinCo's directors and director-affiliates, does not purport to be complete, and is qualified in its entirety by reference to the form of company shareholder support agreement attached as Exhibit A to the merger agreement, which is attached as Appendix A to this document.

For more information about the beneficial ownership of TwinCo common stock by each greater than 5% beneficial owner, each director and executive officer and executive officers as a group, see "*Beneficial Ownership of TwinCo Common Stock by Management and Principal Shareholders of TwinCo.*"

Solicitation of Proxies

The proxy for the special meeting is being solicited on behalf of the TwinCo board of directors. TwinCo will bear the entire cost of soliciting proxies from you. TwinCo may use its directors, officers and employees, who will not be specially compensated, to solicit proxies from TwinCo shareholders, either personally or by telephone, facsimile, letter or other electronic means.

THE MERGER

Background of the Merger

As part of its ongoing consideration and evaluation of its long-term prospects and strategies, Eagle's board of directors and senior management regularly review and assess its business strategies and objectives, including strategic opportunities and challenges, and have considered various strategic opportunities, including mergers and acquisitions, all with the goal of enhancing long term value for Eagle shareholders. Over the past couple of years, Eagle's board of directors discussed the Montana banking market and acquisition opportunities generally and identified potential acquisition opportunities in the near term, based on conversations between Eagle's CEO Peter Johnson and other bank CEOs in the state.

From time to time, the board of directors of TwinCo has similarly engaged in reviews and discussions of TwinCo's long-term strategies and objectives, considering ways in which the company might enhance shareholder value and performance in light of competitive and other relevant factors. Generally, these reviews have centered on strategies to improve TwinCo's existing operations or to pursue opportunities in new markets or lines of business. Often these assessments included discussions and analyses of potential merger transactions as a means to enhance or improve shareholder value.

In mid-2015, after considering alternative strategies, the board of directors of TwinCo determined that the best course of enhancing long-term shareholder value was to find a suitable merger partner, and on August 4, 2015 TwinCo engaged Gerrish Smith Tuck ("Gerrish Smith"), a consulting and legal firm, to assist the board in analyzing the potential for such a transaction and in selecting the most appropriate business partner.

During the period from August 2015 through June 2016, representatives of Gerrish Smith and TwinCo's senior management team advanced sale process preparations, including finalizing a targeted buyers list and the completion of customary marketing materials (including a confidential information memorandum and proposed form of nondisclosure agreement). This process also included population of a virtual data room with customary due diligence materials on TwinCo and as commonly requested by prospective buyers. At TwinCo's direction, representatives of Gerrish Smith initially proceeded to make contact with 14 select prospective transaction partners that possessed liquid, attractively valued currencies. During that time, certain members of the senior management team of TwinCo and Ruby Valley Bank, including Kenneth Walsh, Ruby Valley Bank's President and Chief Executive Officer, and representatives of Gerrish Smith evaluated and engaged in discussions regarding several different financial institutions considered to be potentially attractive partners for TwinCo in a strategic business combination.

As a result of this process, TwinCo entered into nondisclosure agreements with prospective buyers who performed varying levels of due diligence. TwinCo's senior executive management held various calls and in-person meetings with the prospective buyers. Similarly, the meetings presented management with initial opportunities for high-level reverse due diligence inquiries. These discussions, communications and correspondences initially resulted in TwinCo receiving four formal letters of interest proposing an acquisition of TwinCo and Ruby Valley Bank. TwinCo thoroughly reviewed each of the proposals with its legal and financial advisors, and eliminated from consideration those organizations whose bid proposals were not determined in the long-term best interest of TwinCo and its shareholders. Over the next few months, TwinCo engaged in further and more comprehensive due diligence with the final select group of potential purchasers and continued to maintain dialog with other organizations that previously had expressed interest. However, none of those further discussions ultimately led to TwinCo entering into a letter of intent with any party and all of those discussions terminated in June 2016.

Beginning in August 2016 and through October 2016, representatives of Gerrish Smith engaged in discussions with representatives of Eagle, including Peter Johnson. In these discussions, Gerrish Smith provided Johnson with certain information, including the name of the bank, along with a brief history, which included TwinCo considering a sale earlier in 2016, which did not come to fruition. The parties agreed to reconvene discussions in early 2017.

In November 2016, Eagle engaged Panoramic Capital Advisors, Inc. ("Panoramic Capital") as a consultant to assist Eagle with its M&A activities.

Table of Contents

In February 2017, Johnson contacted representatives of Gerrish Smith to discuss TwinCo, and Gerrish Smith reached out to Kenneth Walsh and a meeting between Walsh and Johnson was arranged. Johnson and Walsh met in Butte, Montana on March 2, 2017. After this meeting and follow up discussions, TwinCo and Eagle entered into a non-disclosure agreement on March 9, 2017. Eagle then requested additional information from TwinCo and began preparing a letter of interest.

Eagle instructed Panoramic Capital and Nixon Peabody LLP, counsel to Eagle ("Nixon Peabody") to prepare an initial letter of interest that was delivered to TwinCo on March 28, 2017. During the period from March 28, 2017 through May 24, 2017, there were a series of discussions among the parties related to pricing and other items in the letter of interest. The final non-binding letter of interest was delivered by Eagle's CEO Johnson to TwinCo on May 24, 2017, which was accepted by TwinCo's CEO Walsh on May 30, 2017. The letter of interest contemplated an aggregate price range of \$17.8 million to \$18.0 million, which would be finalized after due diligence and confirmed in the definitive merger agreement. In addition, the letter of interest provided that the consideration would be paid in a combination of 50% cash and 50% Eagle common stock.

Eagle began its diligence review, including credit due diligence, of TwinCo in early June 2017. Based on discussions between the parties, TwinCo opened an electronic data room for Eagle to review its due diligence requests and TwinCo's responses during this period. Upon the conclusion of its preliminary review of TwinCo's loan portfolio, representatives of Eagle communicated its continued interest in a strategic business combination. The parties continued to negotiate the principal terms of the transaction.

On July 10, 2017, Nixon Peabody circulated an initial draft of the merger agreement, along with exhibits, based on the terms outlined in the letter of interest and certain revised terms agreed to by the parties, to Gerrish Smith and the parties began negotiations of the terms of the agreement.

On August 4, 2017, Gerrish Smith sent comments on the draft of the merger agreement to Nixon Peabody. On August 7, 2017, Gerrish Smith and Nixon Peabody preliminarily reviewed and discussed issues relating to the terms of the merger agreement. Over the course of the following several weeks, Eagle and its representatives continued negotiations with TwinCo and its representatives with respect to the terms of the potential transaction and the draft merger agreement. The issues raised in these negotiations included the respective covenants of the parties pending closing of the transaction, termination fees payable in certain circumstances and certain price adjustments and pricing mechanics. Representatives of Eagle and Nixon Peabody had multiple telephonic conference calls with representatives of TwinCo and Gerrish Smith to negotiate the terms of the draft merger agreement and ancillary agreements.

On August 15, 2017, Nixon Peabody circulated a revised draft of the merger agreement. On August 22, 2017, Gerrish Smith provided comments on the revised draft merger agreement. On August 23, 2017, Nixon Peabody circulated a revised draft of the merger agreement. Following a conference call among the parties on August 28, Nixon Peabody circulated a revised draft of the merger agreement to the working group on August 29, 2017. The revised draft

reflected, among other things, a modification to the terms that both sides had agreed upon, namely that the consideration was revised to be a combination of 45% Eagle common stock and 55% cash, and an aggregate consideration of \$18 million.

On September 5, 2017, TwinCo's board of directors held a meeting to consider the merger agreement and the transactions contemplated therein. Representatives of Gerrish Smith summarized the merger agreement, the ancillary documents related to the merger agreement and the transactions contemplated therein. Representatives of Gerrish Smith then reviewed the financial aspects of the proposed merger.

Following further discussion, the TwinCo board of directors unanimously (i) determined and declared that the merger agreement, the merger, and the other transactions contemplated by the merger agreement are advisable and in the best interests of TwinCo and its shareholders, (ii) authorized, adopted and approved the merger agreement, the merger and the other transactions contemplated by the merger agreement, (iii) recommended the adoption of the merger agreement, the merger and the other transactions contemplated by the merger agreement to the TwinCo shareholders and (iv) resolved that the merger agreement be submitted to the TwinCo shareholders for adoption thereof.

On September 5, 2017, Eagle's board of directors met in special session to review and consider the merger agreement and the transactions and agreements contemplated by it. The management team made a presentation relating to the strategic and financial considerations and rationale of the transaction. Further to this discussion, a representative of Panoramic Capital reviewed the principal terms of the proposed transaction and the financial impacts of the merger on Eagle and provided comparable transaction analysis for Montana and national bank mergers. At the meeting, Nixon Peabody reviewed for the directors the terms and conditions of the merger agreement, the merger and the various ancillary agreements to be signed in connection with the merger agreement, and engaged in discussions with the board members on such matters. After additional discussion and deliberation, the Eagle board of directors adopted and approved the draft merger agreement and the transactions and agreements contemplated by it (subject to no material terms or conditions being revised) and determined that the merger agreement and the transactions contemplated by it were in the best interests of Eagle and its shareholders.

The parties signed the merger agreement on September 5, 2017 and a press release announcing the transaction was issued on September 6, 2017 prior to the opening of trading in Eagle's common stock. A conference call to discuss the merger was held later that day.

TwinCo's Reasons for the Merger and Recommendation of the TwinCo Board of Directors

TwinCo's board of directors believes that the merger presents an opportunity for TwinCo and its shareholders to become part of a more diversified, larger commercial bank, operating in multiple markets throughout Montana. TwinCo's board of directors believes that the merger will afford Eagle the opportunity to expand and diversify its revenue sources and markets, provide for material earnings per share accretion due to cost savings opportunities, and sustain its robust loan and deposit origination trends in Eagle's current markets and the markets presently served by TwinCo.

The terms of the merger, including the merger consideration, are the result of substantive arm's-length negotiations between representatives of TwinCo and Eagle. In reaching its decision to approve the merger, TwinCo's board of directors consulted with its financial, legal, and accounting advisors regarding the terms of the transaction and with Eagle's management. In approving the merger agreement and the transactions contemplated by the merger agreement, TwinCo's board of directors considered, among other things, the following material factors:

the value of the consideration to be received by TwinCo's shareholders relative to recent trading prices, book value, and earnings per share of TwinCo common stock, including the relationship between the consideration and TwinCo's book value and earnings per share, and the book value and earnings per share of Eagle;

information about Eagle and TwinCo, including the business and financial condition, results of operations, earnings, business prospects, and financial obligations, including financial obligations to be incurred in connection with the

merger;

Eagle's commitment to use its commercially reasonable efforts consistent with its board of directors' evaluation of the best interests of Eagle's shareholders, to provide liquidity for its common stock and shareholders, as discussed under "*The Merger Agreement – Nasdaq Listing*" beginning on page 48 of this proxy statement/prospectus;

the ability of TwinCo's shareholders to choose the form of consideration to be received in the merger, subject to certain limitations as provided in the merger agreement;

the fact that a portion of the merger consideration will consist of shares of Eagle voting common stock, which will allow TwinCo shareholders to participate in the future performance of Eagle's business and synergies resulting from the merger;

the competence, experience, and integrity of the management of both TwinCo and Eagle;

the prospects of the successful execution of the proposed transactions;

the alternatives to the merger, including TwinCo's prospects as an independent financial institution;

the participation of a TwinCo director in the combined company, which the board believed would enhance the strategic benefits that Eagle expects to achieve as a result of the merger;

the competitive and regulatory environment for TwinCo and financial institutions generally;

the fact that the merger will be structured as a tax-free exchange, providing certain tax benefits to the extent that shareholders receive Eagle voting common stock in the merger;

the fact that shareholders can elect to receive up to 55% in cash;

Eagle's history of successful integration of other acquired financial institutions;

Eagle's larger size, which should allow the combined company to compete more effectively through broader product offerings and a larger legal lending limit; and

the potential that Eagle will receive greater attention from investors and potential strategic partners or acquirers due to its larger size.

TwinCo's board of directors also considered potential risks associated with the merger in connection with its deliberations, including the following:

the possibility that Eagle will not be able to obtain liquidity for its common stock and shareholders;

the potential diversion of management attention and resources from the operation of TwinCo's business towards the completion of the merger;

the requirement that TwinCo conduct its business in the ordinary course and subject to certain restrictions prior to the completion of the merger, which may delay or prevent TwinCo from exploiting business opportunities that may arise pending completion of the merger;

the potential for delays in receiving necessary regulatory approvals and in obtaining an order of effectiveness for the registration statement of which this proxy statement/prospectus is a part;

the possibility that Eagle will not be able to achieve anticipated cost savings or successfully integrate TwinCo's business, operations, and employees with those of Eagle; and

the impact of TwinCo's merger-related costs, which TwinCo will incur regardless of whether the merger is consummated, on its financial condition.

The foregoing discussion of the factors and risks considered by TwinCo's board of directors is not exhaustive, but includes the material factors and risks considered by the board of directors. In view of the wide variety of factors and risks considered by TwinCo's board of directors in connection with its evaluation of the merger and the complexity of those matters, the board of directors did not consider it practical to, nor did it attempt to, quantify, rank, or otherwise assign relative weights to the specific factors that it considered in reaching its decision. In considering the factors and risks described above, individual members of TwinCo's board of directors may have given different priority to different factors.

TwinCo's entry into the Merger Agreement was unanimously approved by TwinCo's board of directors on September 5, 2017 and TwinCo's board unanimously recommends that you vote "FOR" the Merger Agreement.

Eagle's Reasons for the Merger

As a part of Eagle's growth strategy, Eagle routinely evaluates opportunities to acquire financial institutions. The acquisition of TwinCo is consistent with Eagle's expansion strategy. Eagle's board of directors, senior management and other officers of Opportunity Bank reviewed the business, financial condition, results of operations and prospects for TwinCo, the market condition of the market area in which TwinCo conducts business, the compatibility of the management and the proposed financial terms of the merger. In addition, management of Eagle believes that the merger will provide opportunities for future growth and provide the potential to realize cost savings. Eagle's board of directors also considered the financial condition and valuation for both TwinCo and Eagle as well as the financial and other effects the merger would have on Eagle's shareholders and stakeholders. The board considered the fact that the acquisition is expected to be accretive, Opportunity Bank's ability to leverage Ruby Valley Bank's agricultural lending expertise, Ruby Valley Bank's strong deposit base and low cost of funds, and that it is a low-risk alternative to de novo expansion into Madison County and Ruby Valley.

While management of Eagle believes that revenue opportunities will be achieved and costs savings will be obtained following the merger, Eagle has not quantified the amount of enhancements or projected the areas of operation in which such enhancements will occur.

In view of the variety of factors considered in connection with its evaluation of the merger, the Eagle board did not find it useful to and did not attempt to quantify, rank or otherwise assign relative weights to factors it considered. Further, individual directors may have given differing weights to different factors. In addition, the Eagle board did not undertake to make any specific determination as to whether any particular factor, or any aspect of any particular factor, was favorable or unfavorable to its ultimate determination. Rather, the board conducted an overall analysis of the factors it considered material, including thorough discussions with, and questioning of, Eagle's management.

Material U.S. Federal Income Tax Consequences of the Merger

The following section constitutes the opinion of Nixon Peabody as to the anticipated material U.S. federal income tax consequences of the merger generally applicable to U.S. holders (as defined below) of TwinCo common stock. These opinions and the following discussion are based on, and subject to, the Code, the treasury regulations promulgated under the Code, existing interpretations, court decisions, and administrative rulings, all of which are in effect as of the date of this proxy statement/prospectus, and all of which are subject to change, possibly with retroactive effect. Any such change could affect the continuing validity of the discussion.

This summary only addresses the material U.S. federal income tax consequences of the merger to the TwinCo shareholders that hold TwinCo common stock as a capital asset within the meaning of Section 1221 of the Code. This

summary does not address all aspects of U.S. federal income taxation that may be applicable to TwinCo shareholders in light of their particular circumstances or to TwinCo shareholders subject to special treatment under U.S. federal income tax law, such as:

shareholders who are not U.S. holders;

pass-through entities or investors in pass-through entities;

financial institutions;

insurance companies;

tax-exempt organizations;

brokers, banks or dealers in securities or currencies;

traders in securities that elect to use a mark-to-market method of accounting;

persons whose functional currency is not the U.S. dollar;

Table of Contents

persons who purchased or sell their shares of TwinCo common stock as part of a wash sale;

shareholders who hold their shares of TwinCo common stock as part of a hedge, straddle, constructive sale or conversion transaction;

regulated investment companies;

estate investment trusts; and

shareholders who acquired their shares of TwinCo common stock pursuant to the exercise of employee stock options or otherwise acquired shares as compensation or through a tax-qualified retirement plan.

In addition, the discussion does not address any alternative minimum tax or any state, local or foreign tax consequences of the merger, nor does it address any tax consequences arising under the unearned income Medicare contribution tax pursuant to the Health Care and Education Reconciliation Act of 2010.

U.S. Holders

For purposes of this summary, the term “U.S. holder” means a beneficial holder of TwinCo common stock that is:

a citizen or resident of the U.S.; or

a corporation (including any entity treated as a corporation for U.S. federal income tax purposes) created or organized under the laws of the U.S. or any of its political subdivisions; or

a trust that: (i) is subject to both the primary supervision of a court within the U.S. and the control of one or more U.S. persons; or (ii) has a valid election in effect under applicable U.S. Treasury regulations to be treated as a U.S. person; or

an estate that is subject to U.S. federal income tax on its income regardless of its source.

If a partnership (including any entity or arrangement that is taxed as a partnership for U.S. federal income tax purposes) holds TwinCo common stock, the tax treatment of a partner will generally depend on the status of the

partners and the activities of the partnership. Partnerships and partners in such a partnership should consult their tax advisers about the tax consequences of the merger to them.

The Merger

The parties intend for the merger to qualify as a “reorganization” within the meaning of Section 368(a) of the Code. It is a condition to Eagle’s obligation to complete the merger that Eagle receive an opinion from Nixon Peabody, dated as of the closing date of the merger, to the effect that the merger will qualify as a “reorganization” within the meaning of Section 368(a) of the Code. In addition, in connection with the filing of the registration statement of which this document is a part, Nixon Peabody has delivered an opinion to Eagle, to the same effect as the opinions described above. These opinions will be based on representation letters provided by TwinCo and Eagle and on customary factual assumptions. None of the opinions described above will be binding on the Internal Revenue Service. TwinCo and Eagle have not sought and will not seek any ruling from the Internal Revenue Service regarding any matters relating to the merger, and as a result, there can be no assurance that the Internal Revenue Service will not assert, or that a court would not sustain, a position contrary to any of the conclusions set forth below. In addition, if any of the representations or assumptions upon which those opinions are based are inconsistent with the actual facts, the United States federal income tax consequences of the merger could be adversely affected. Based on factual representations contained in the representation letters provided by TwinCo and Eagle, and on certain customary factual assumptions, all of which representations and assumptions must continue to be true and accurate as of the effective time of the merger, in the opinion of Nixon Peabody, the merger will qualify as a “reorganization” within the meaning of Section 368(a) of the Code.

Table of Contents

The tax consequences of the merger to a U.S. holder of TwinCo common stock will generally depend upon the form of consideration such U.S. holder receives in the merger.

Exchange for Solely Eagle Common Stock. Pursuant to the merger agreement, upon exchanging all of your shares of TwinCo common stock solely for Eagle common stock (and cash instead of fractional shares of Eagle common stock), you will generally not recognize gain or loss, except with respect to cash received instead of fractional shares of Eagle common stock (see “*Cash Instead of Fractional Shares*” below). Your aggregate tax basis in the Eagle common stock received will be the same as your aggregate tax basis in your TwinCo common stock surrendered in the transaction, reduced by the basis attributable to any fractional share of Eagle common stock deemed sold (as discussed below under the heading “*Cash Instead of a Fractional Share*”). Your holding period for the Eagle common stock received will include the holding period of your TwinCo common stock surrendered.

Exchange for Solely Cash. Pursuant to the merger agreement, upon exchanging all of your shares of TwinCo common stock for solely cash, you will generally recognize gain or loss equal to the difference between the amount of cash you receive and your cost basis in your TwinCo common stock. Any recognized gain will generally be long-term capital gain if your holding period for your TwinCo common stock surrendered is more than one year at the effective time of the merger. The deductibility of capital losses is subject to limitations. In certain circumstances, it is possible that, instead of recognizing gain or loss, you may be required to treat all or part of the cash received in the merger as dividend income. If you have a relatively minimal stock interest in TwinCo and Eagle and you experience a reduction in your proportionate interest in Eagle as a result of the merger generally you should not be treated as recognizing dividend income as a result of the merger.

Exchange for Eagle Common Stock and Cash. Pursuant to the merger agreement, upon exchanging all of your shares of TwinCo common stock for a combination of Eagle common stock and cash, you will generally recognize gain (but not loss) in an amount equal to the lesser of: (1) the amount of cash treated as received in exchange for TwinCo common stock in the merger (excluding any cash received in lieu of a fractional share of Eagle common stock); and (2) the amount of gain realized in the transaction. The amount of gain realized in the transaction will equal the excess, if any, of (a) the sum of the amount of cash treated as received in exchange for TwinCo common stock in the merger (excluding any cash received in lieu of a fractional share of Eagle common stock) plus the fair market value of Eagle common stock (including the fair market value of any fractional share) received in the merger, over (b) your cost basis in the TwinCo common stock exchanged. Any recognized gain will generally be long-term capital gain if your holding period for your TwinCo common stock surrendered is more than one year at the effective time of the merger. It is possible, however, that you would instead be required to treat all or part of such gain as dividend income if your percentage ownership in Eagle (including shares that you are deemed to own under certain attribution rules) after the merger is not meaningfully reduced from what your percentage ownership would have been if you had received solely shares of Eagle common stock rather than a combination of cash and Eagle common stock in the merger, which is referred to as a dividend equivalent transaction. If you have a relatively minimal stock interest in TwinCo and Eagle and you experience a reduction in your proportionate interest in Eagle as a result of the merger generally you should not be treated as having had a dividend equivalent transaction as a result of the merger.

Your aggregate tax basis in the Eagle common stock received (including the basis in any fractional share deemed sold for cash) will be equal to your aggregate tax basis in your TwinCo common stock surrendered in the transaction, decreased by the amount of cash received (other than cash received in respect of a fractional share) and increased by the amount of gain, if any, recognized (but excluding any gain realized in connection with the deemed sale of a fractional share of Eagle common stock as discussed below). Your holding period for the Eagle common stock received will include your holding period of your TwinCo common stock surrendered in exchange therefor. If you have differing tax bases and/or holding periods in respect of your TwinCo common stock, you should consult with a tax advisor with respect to allocation of the Eagle common stock and cash consideration received as between such blocks of your TwinCo common stock, the amount of any gain to be recognized and the possibility of recognizing any loss, and the determination of the tax bases and/or holding periods of the Eagle common stock received.

Table of Contents

Cash Instead of a Fractional Share. If you receive cash in the merger instead of a fractional share interest in Eagle common stock, you will be treated as having received such fractional share in the merger, and then as having received cash in exchange for such fractional share. Gain or loss would be recognized in an amount equal to the difference between the amount of cash received and your adjusted tax basis allocable to such fractional share. Except as described in the section entitled “Dividend Treatment” below, this gain or loss will generally be a capital gain or loss, and will be long-term capital gain or loss if, as of the effective date of the merger, you have held your shares of TwinCo common stock for more than one year.

Backup Withholding and Information Reporting

In general, information reporting requirements may apply to the cash payments made to a U.S. holder in connection with the merger, unless an exemption applies. Backup withholding may be imposed on the above payments if a U.S. holder (1) fails to provide a taxpayer identification number or appropriate certificates or (2) otherwise fails to comply with all applicable requirements of the backup withholding rules.

Any amounts withheld from payments to a U.S. holder under the backup withholding rules are not an additional tax and will be allowed as a refund or credit against its applicable U.S. federal income tax liability, provided the required information is furnished to the IRS. U.S. holders should consult their own tax advisors regarding the application of backup withholding based on their particular circumstances and the availability and procedure for obtaining an exemption from backup withholding.

A U.S. holder of TwinCo common stock who receives Eagle common stock as a result of the merger will be required to retain records pertaining to the merger. Each U.S. holder of TwinCo common stock who is required to file a U.S. federal income tax return and who is a “significant holder” that receives Eagle common stock in the merger will be required to file a statement with such U.S. federal income tax return in accordance with Treasury Regulations Section 1.368-3 setting forth information regarding the parties to the merger, the date of the merger, such holder’s basis in the TwinCo common stock surrendered and the fair market value of Eagle common stock and cash received in the merger. A “significant holder” is a holder of TwinCo common stock who, immediately before the merger, owned at least 5% of the outstanding stock of TwinCo or securities of TwinCo with a basis for U.S. federal income tax purposes of at least \$1 million.

The preceding discussion is for general information purposes only and is not intended to be a complete analysis or description of all potential U.S. federal income tax consequences of the merger. The discussion does not address tax consequences which may vary with, or are contingent on, your individual circumstances. Moreover, the discussion does not address any non-income tax or any foreign, state or local tax consequences of the merger. Accordingly, you are strongly encouraged to consult with your own tax advisor as to the tax consequences of the merger in your particular circumstances, including the applicability and effect of the unearned income Medicare contribution tax pursuant to the Health Care and Education Reconciliation Act of

2010, the alternative minimum tax and any state, local or foreign and other tax laws and of changes in those laws.

Accounting Treatment

The merger will be accounted for using the acquisition method of accounting with Eagle treated as the acquiror. Under this method of accounting, TwinCo's assets and liabilities will be recorded by Eagle at their respective fair values as of the date of completion of the merger. Financial statements of Eagle issued after the merger will reflect these values and will not be restated retroactively to reflect the historical financial position or results of operations of Eagle.

Regulatory Approvals

Under federal law, the merger and bank merger must be approved by the Federal Reserve and the bank merger must also be approved by the Montana Division of Banking and Financial Institutions. Once the Federal Reserve approves the merger, the parties must wait for up to 30 days before completing the merger. With the concurrence of the U.S. Department of Justice and permission from the Federal Reserve, however, the merger may be completed on or after the fifteenth day after approval from the Federal Reserve.

Table of Contents

The Federal Reserve approved the merger and bank merger on November 28, 2017 and the Montana Division of Banking and Financial Institutions approved the bank merger on November 22, 2017.

Appraisal Rights for TwinCo Shareholders

Holders of TwinCo common stock as of the record date are entitled to appraisal rights under the MBCA. Pursuant to Section 35-1-827 of the MBCA, a TwinCo shareholder who does not wish to accept the consideration to be received pursuant to the terms of the merger agreement may dissent from the merger and elect to receive the fair value of his or her shares of TwinCo common stock immediately prior to the date of the special meeting to vote on the proposal to approve the merger agreement. Under the terms of the merger agreement, if holders of 5% or more of the outstanding shares of TwinCo common stock validly exercise their appraisal rights, then Eagle will not be obligated to complete the merger.

In order to exercise appraisal rights, a dissenting TwinCo shareholder must strictly comply with the statutory procedures of Sections 35-1-826 through 35-1-839 of the MBCA, which are summarized below. A copy of the full text of those Sections is included as Appendix B to this proxy statement/prospectus. TwinCo shareholders are urged to read Appendix B in its entirety and to consult with their legal advisors. Failure to adhere strictly to the requirements of Montana law in any regard will cause a forfeiture of any appraisal rights.

Certain TwinCo shareholders are subject to company shareholder support agreements, dated as of September 5, 2017, which provide for, among other things, the obligation of such TwinCo shareholders to vote for, consent to and raise no objections against, and not otherwise impede or delay, any sale of TwinCo. In the event of the foregoing approval, such TwinCo shareholders have also agreed to waive all dissenters' rights, appraisal rights and similar rights in connection with such approved sale. Therefore, if the merger agreement is approved, such TwinCo shareholders will be required to waive their statutory appraisal rights.

BECAUSE OF THE COMPLEXITY OF THE PROVISIONS OF MONTANA LAW RELATING TO DISSENTERS' APPRAISAL RIGHTS, SHAREHOLDERS WHO ARE CONSIDERING DISSENTING FROM THE MERGER ARE URGED TO CONSULT THEIR OWN LEGAL ADVISORS.

Board of Directors and Management of Eagle Following the Merger

The members of the board of directors of Eagle and Opportunity Bank immediately prior to the effective time of the merger will be the directors of the surviving companies plus Kenneth Walsh, President and CEO of Ruby Valley

Bank, will be added to the boards of Eagle and Opportunity Bank. Directors will hold office until their respective successors are duly elected and qualified, or their earlier death, resignation or removal.

The executive officers of Eagle and Opportunity Bank immediately prior to the effective time of the merger will be the executive officers of the surviving companies and will hold office until their respective successors are duly elected and qualified, or their earlier death, resignation or removal.

Information regarding the executive officers and directors of Eagle is contained in documents filed by Eagle with the SEC and incorporated by reference into this proxy statement/prospectus, including Eagle's Annual Report on Form 10-K for the year ended December 31, 2016 and its definitive proxy statement on Schedule 14A for its 2017 annual meeting, filed with the SEC on March 14, 2017. See "*Where You Can Find More Information*" and "*Documents Incorporated by Reference*."

Table of Contents

Interests of TwinCo Directors and Executive Officers in the Merger

In the merger, the directors and executive officers of TwinCo will receive the same merger consideration for their TwinCo shares as the other TwinCo shareholders. In considering the recommendation of the TwinCo board of directors that you vote to approve the merger agreement, you should be aware that some of the executive officers and directors of TwinCo may have interests in the merger and may have arrangements, as described below, that may be considered to be different from, or in addition to, those of TwinCo shareholders generally. The TwinCo board of directors was aware of these interests and considered them, among other matters, in reaching its decision to adopt and approve the merger agreement and to recommend that TwinCo shareholders vote in favor of approving the merger agreement. For a more complete description of TwinCo's reasons for the merger and the recommendations of the TwinCo board of directors, please see the section entitled "*The Merger — Background of the Merger*" and "*The Merger — TwinCo's Reasons for the Merger and Recommendations of the TwinCo Board of Directors*" beginning on page 33 of this proxy statement/prospectus. TwinCo's shareholders should take these interests into account in deciding whether to vote "FOR" the proposal to approve the merger agreement. These interests are described in more detail below.

Change in Control Agreement

Eagle has entered into a change in control agreement with Kenneth Walsh, President and CEO of TwinCo and Ruby Valley. Under Mr. Walsh's change in control agreement, if he experiences a qualifying termination during the two years following the closing of the merger, such individual will be entitled to severance equal to one times his annual salary and bonus, if any, for the most recent completed calendar year and one year of his benefit premium cost. For purposes of the change in control agreement, a qualifying termination occurs if (i) he is terminated by Eagle without cause, (ii) there is a reduction in his annual compensation, (iii) there is a material change in his function, duties, or responsibilities, which change would cause his position to become one of lesser responsibility and importance, (iv) unless consented to by him, a relocation of his principal place of employment by more than 50 miles from its location immediately prior to the change in control.

Director Restrictive Covenant Agreement; Claims Letters

Each member of the TwinCo and Ruby Valley Bank boards of directors have entered into a restrictive covenant agreement, covering a two-year period commencing with the effective time of the merger, with Eagle in the form attached as Exhibit E to the merger agreement attached as Appendix A to this document. However, directors would be permitted to serve on other bank boards within the restricted territory after the first anniversary of the restrictive covenant agreement. In addition, each of the members of the TwinCo and Ruby Valley Bank boards of directors have entered into a claims letter in the form attached as Exhibit D to the merger agreement attached as Appendix A to this proxy statement/prospectus, by which they have agreed to release certain claims against TwinCo, effective as of the effective time of the merger.

Indemnification and Insurance

As described under “*The Merger Agreement —Indemnification and Directors’ and Officers’ Insurance*” beginning on page 49 of this proxy statement/prospectus, after the effective time of the merger, Eagle will indemnify and defend the present and former directors and officers of TwinCo and its subsidiaries against claims pertaining to matters occurring at or prior to the closing of the merger as permitted by TwinCo’s articles of incorporation and bylaws in effect as of the date of the merger agreement and under applicable law. Eagle also has agreed, for a period of three years after the effective time of the merger, to provide coverage to present and former directors and officers of TwinCo pursuant to TwinCo’s existing directors’ and officers’ liability insurance. This insurance policy may be substituted, but must contain at least the same coverage and amounts, and contain terms no less advantageous than the coverage currently provided by TwinCo. In no event shall Eagle be required to expend for the tail insurance a premium amount in excess of 150% of the annual premiums paid by TwinCo for its directors’ and officers’ liability insurance in effect as of the date of the merger agreement.

Table of Contents

THE MERGER AGREEMENT

The following is a summary of the material provisions of the merger agreement. This summary is qualified in its entirety by reference to the merger agreement, a copy of which is included as Appendix A to this proxy statement/prospectus and is incorporated herein by reference. You should read the merger agreement carefully and in its entirety, as it is the legal document governing the merger.

The Merger and the Bank Merger

The boards of directors of Eagle and TwinCo have each unanimously approved and adopted the merger agreement, which provides for the merger of TwinCo with and into Eagle, with Eagle as the surviving company in the merger.

The merger agreement also provides that immediately after the effective time of the merger, Ruby Valley Bank, a Montana state bank and wholly-owned subsidiary of TwinCo, will merge with and into Opportunity Bank, a Montana state bank and wholly owned subsidiary of Eagle, with Opportunity Bank as the surviving bank of such merger. The terms and conditions of the merger of Ruby Valley Bank and Opportunity Bank are set forth in a separate plan of merger and merger agreement (referred to as the “plan of bank merger”), the form of which is attached as Exhibit C to the merger agreement, included as Appendix A to this proxy statement/prospectus. We refer to the merger of Ruby Valley Bank and Opportunity Bank as the “bank merger.”

Closing and Effective Time of the Merger

Unless both Eagle and TwinCo otherwise agree, the closing of the merger will take place at 10:00 a.m., Mountain time, on a date which shall be no later than five business days after all the conditions to the closing (other than conditions to be satisfied at the closing, which shall be satisfied or waived at the closing) have been satisfied or waived in accordance with the terms of the merger agreement, unless another date or time is agreed to by Eagle and TwinCo. Simultaneously with the closing of the merger, Eagle will file articles of merger with the Secretary of State of the State of Montana and a certificate of merger with the Secretary of State of the State of Delaware. The merger will become effective at such time as the articles of merger and certificate of merger are filed or such other time as may be specified in the articles of merger and certificate of merger.

We currently expect that the merger will be completed in the first quarter of 2018, subject to the approval of the merger agreement by TwinCo shareholders and other conditions. However, completion of the merger could be delayed if there is a delay in satisfying any other conditions to the merger. No assurance is made as to whether, or

when, Eagle and TwinCo will complete the merger. See “*The Merger Agreement — Conditions to Completion of the Merger*” on page 53 of this proxy statement/prospectus.

Merger Consideration

Under the terms of the merger agreement, each share of TwinCo common stock outstanding immediately prior to the effective time of the merger (excluding certain shares held by TwinCo, Eagle and their wholly-owned subsidiaries and dissenting shares described below) will be automatically converted into the right to receive, at the election of the holder thereof (subject to the proration procedures described below): (a) a combination of \$247.16 in cash and 11.1540 shares of Eagle common stock; (b) the cash election consideration of \$449.38 in cash; or (c) the stock election consideration of 24.7866 shares of Eagle common stock.

No fractional shares of Eagle common stock will be issued in connection with the merger. Instead, Eagle will make to each TwinCo shareholder who would otherwise receive a fractional share of Eagle common stock a cash payment, without interest and rounded to the nearest whole cent, equal to: (i) the fractional share amount *multiplied by* (ii) the average daily volume weighted average price of Eagle common stock on the Nasdaq Global Market for the 20 trading days preceding the closing date.

The merger consideration will be subject to adjustment depending on TwinCo’s “Adjusted Tangible Stockholders’ Equity,” as defined in the merger agreement, immediately prior to the closing of the merger. If the Adjusted Tangible Stockholders’ Equity is less than \$13,400,000, subject to certain adjustments, the merger consideration will be reduced on a pro rata basis by the amount of such deficiency.

Table of Contents

If the Adjusted Tangible Stockholders' Equity is greater than \$13,400,000, subject to certain adjustments, TwinCo may, upon written notice to Eagle and effective immediately prior to the closing of the merger, declare and pay a special dividend to its shareholders in the amount of such excess.

The stock portion of the merger consideration may be adjusted in certain circumstances based on whether Eagle common stock is trading either higher or lower than prices specified in the merger agreement immediately prior to the closing of the merger, in order to avoid termination of the merger agreement. If the "average closing price" (determined over a 20 trading day period prior to the closing of the merger) of Eagle's common stock exceeds \$20.85 per share and Eagle's stock outperforms the Nasdaq Bank Index by more than 15%, Eagle may terminate the merger agreement, or elect to reduce on a per-share basis the number of shares of Eagle common stock to be issued in the merger.

Conversely, if the "average closing price" is less than \$15.41 per share and Eagle's stock has also underperformed the Nasdaq Bank Index by more than 15%, TwinCo may terminate the merger agreement, unless Eagle elects to increase on a per-share basis the number of shares of Eagle common stock to be issued in the merger. See "*The Merger – Termination.*"

All shares of Eagle common stock received by TwinCo shareholders in the merger will be freely tradable, except that shares of Eagle common stock received by persons who become affiliates of Eagle for purposes of Rule 144 under the Securities Act may be resold by them only in transactions permitted by Rule 144, or as otherwise permitted under the Securities Act.

A TwinCo shareholder also has the right to obtain the fair value of his or her shares of TwinCo common stock in lieu of receiving the merger consideration by strictly following the appraisal procedures under the MBCA. Shares of TwinCo common stock outstanding immediately prior to the effective time of the merger and which are held by a shareholder who does not vote to approve the merger agreement and who properly demands the fair value of such shares pursuant to, and who complies with, the appraisal procedures under the MBCA are referred to as "dissenting shares." See "*The Merger – Appraisal Rights for TwinCo Shareholders*" and *Appendix B – Provisions of Montana Business Corporation Act relating to Appraisal Rights* on pages 39 and B-1, respectively.

If Eagle changes the number of or provides for the exchange of shares of Eagle common stock issued and outstanding prior to the effective time of the merger as a result of a stock split, reverse stock split, stock dividend or distribution, recapitalization, reclassification, exchange or similar transaction with respect to the outstanding Eagle common stock, then the per share stock consideration will be equitably adjusted.

Based upon the closing sale price of the Eagle common stock on the Nasdaq Global Market of \$20.85 on December 12, 2017, the last practicable trading date prior to the printing of this proxy statement/prospectus, the value of the merger consideration was approximately \$479.72.

The value of the shares of Eagle common stock to be issued to TwinCo shareholders in the merger will fluctuate between now and the closing date of the merger. We make no assurances as to whether or when the merger will be completed, and you are advised to obtain current sale prices for the Eagle common stock. See *“Risk Factors — Because the sale price of the Eagle common stock will fluctuate, you cannot be sure of the value of the consideration that you will receive in the merger until the closing.”*

Election and Proration Procedures

Election Materials and Procedures

An election form will be mailed to each holder of record of TwinCo common stock, as of the close of business on the fifth business day prior to such mailing date (the “election form record date”), on a date to be mutually agreed by Eagle and TwinCo that is not more than 45 days nor less than 30 days prior to the anticipated closing date of the merger or on such other date as Eagle and TwinCo mutually agree (the “mailing date”). Eagle will make available one or more election forms as may reasonably be requested from time to time by all persons who become holders or beneficial owners of TwinCo common stock between the election form record date and the close of business on the business day prior to the twenty-fifth day following the mailing date (the “election deadline”).

Table of Contents

Each election form will permit the holder to specify (x) the number of shares of such holder's TwinCo common stock with respect to which such holder makes a mixed election, (y) the number of shares of such holder's TwinCo common stock with respect to which such holder makes a cash election, and (z) the number of shares of such holder's TwinCo common stock with respect to which such holder makes a stock election. Any shares of TwinCo common stock with respect to which the exchange agent has not received an effective, properly completed election form accompanied by related stock certificates on or before the election deadline will be deemed to be "no election shares," and the holders of such no election shares will be deemed to have made a mixed election with respect to such no election shares. Both the cash election and the stock election are subject to proration and adjustment procedures to cause the total amount of cash paid, and the total number of Eagle common shares issued, in the merger to the holders of shares of TwinCo common stock (other than excluded shares), as a whole, to equal as nearly as practicable the total amount of cash and number of shares that would have been paid and issued if all of such shares of TwinCo common stock were converted into the mixed election consideration.

Any election form may be revoked or changed by the authorized person properly submitting such election form, by written notice received by the exchange agent prior to the election deadline. In the event an election form is revoked prior to the election deadline, the shares of TwinCo common stock represented by such election form will become no election shares, except to the extent subsequent election is properly made with respect to any or all of such shares of TwinCo common stock prior to the election deadline. Subject to the terms of the merger agreement and the election form, the exchange agent has the reasonable discretion to determine whether any election, revocation or change has been properly or timely made and to disregard immaterial defects in the election forms, and any good faith decisions of the exchange agent regarding such matters shall be binding and conclusive. None of the Eagle, TwinCo or the exchange agent shall be under any obligation to notify any person of any defect in an election form.

Proration Procedures

If a TwinCo shareholder elects to receive the cash election consideration, and the cash election amount is greater than the available cash election amount, such shareholder will receive:

an amount in cash (without interest) equal to (i) the cash election consideration of \$449.38 *multiplied by* (ii) the cash fraction; and

a number of validly issued, fully paid and non-assessable shares of Eagle common stock equal to the product of (i) the stock election consideration of 24.7866 *multiplied by* (ii) a fraction equal to one *minus* the cash fraction.

If a TwinCo shareholder elects to receive the stock election consideration, and the available cash election amount is greater than the cash election amount, such shareholder will receive:

an amount of cash (without interest) equal to the amount of such excess *divided by* the number of shares of TwinCo common stock for which stock elections were made; and

a number of validly issued, fully paid and non-assessable shares of Eagle common stock equal to the product of (i) the stock election consideration of 24.7866 *multiplied by* (ii) a fraction, the numerator of which will be the difference between (a) the cash election consideration of \$449.38 *minus* (b) the amount of cash calculated in the immediately preceding bullet, and the denominator of which will be the cash election consideration of \$449.38.

Table of Contents

The greater the oversubscription of the stock election, the less stock and more cash a TwinCo shareholder making the stock election will receive. Reciprocally, the greater the oversubscription of the cash election, the less cash and more stock a TwinCo shareholder making the cash election will receive. However, in no event will a TwinCo shareholder who makes the cash election or the stock election receive less cash and more shares of Eagle common stock, or fewer shares of Eagle common stock and more cash, respectively, than a shareholder who makes the mixed election.

No Recommendation Regarding Elections

Neither TwinCo nor Eagle is making any recommendation as to which merger consideration election a TwinCo shareholder should make. If you are a TwinCo shareholder, you must make your own decision with respect to these elections and may wish to seek the advice of your own attorneys or accountants.

Information About the Merger Consideration Elections

The mix of consideration payable to TwinCo shareholders who make the cash election or the stock election will not be known until the results of the elections made by TwinCo shareholders are tallied, which will not occur until near or after the closing of the merger.

Procedures for Converting Shares of TwinCo Common Stock into Merger Consideration

Exchange Agent

Prior to the effective time of the merger, Eagle will designate an exchange agent to act as agent for purposes of conducting the exchange procedures described in the merger agreement (such agent is referred to in this proxy statement/prospectus as the “exchange agent”). The exchange agent shall also act as the agent for TwinCo shareholders for the purpose of receiving and holding their election forms and TwinCo certificates and shall obtain no rights or interests in the shares represented thereby. At or before the effective time of the merger, Eagle will deposit, or cause to be deposited, with the exchange agent the aggregate amount of cash and number of shares of Eagle common stock necessary to satisfy the aggregate merger consideration payable (and any dividends or other distributions with respect thereto).

Transmittal Materials and Procedures

As promptly as practicable after the effective time of the merger (but not more than five business days after the closing date), the exchange agent will send transmittal materials, which will include the appropriate form of letter of transmittal, to holders of record of shares of TwinCo common stock (other than excluded shares and dissenting shares) providing instructions on how to effect the transfer and cancellation of shares of TwinCo common stock in exchange for merger consideration.

After the effective time of the merger, when a TwinCo shareholder delivers a properly executed letter of transmittal and his or her certificates representing shares of TwinCo common stock, the holder of shares of TwinCo common stock will be entitled to receive, and the exchange agent will be required to deliver to the holder, (i) the number of shares of Eagle common stock and an amount in cash that such holder is entitled to receive as a result of the merger (taking into account such holder's merger consideration election) and (ii) any cash in lieu of fractional shares and in respect of dividends or other distributions to which the holder is entitled.

No interest will be paid or accrued on any amount payable upon cancellation of shares of TwinCo common stock. The shares of Eagle common stock issued and cash amount paid in accordance with the merger agreement upon conversion of the shares of TwinCo common stock (including any cash paid in lieu of fractional shares) will be deemed to have been issued and paid in full satisfaction of all rights pertaining to the shares of TwinCo common stock.

If any portion of the merger consideration is to be delivered to a person or entity other than the holder in whose name any surrendered certificate is registered, it will be a condition of such exchange that (i) the certificate surrendered must be properly endorsed or must be otherwise in proper form for transfer and (ii) the person or entity requesting such payment or issuance pays any transfer or other similar taxes required by reason of the payment of the merger consideration to a person or entity other than the registered holder of the certificate surrendered or will establish to the satisfaction of Eagle that such tax has been paid or is not required to be paid. The shares of Eagle common stock constituting the stock portion of the merger consideration may be in uncertificated book-entry form, unless a physical certificate is otherwise required by any applicable law.

Regulatory Matters

This proxy statement/prospectus forms part of a Registration Statement on Form S-4 which Eagle has filed with the SEC. Each of Eagle and TwinCo has agreed to use reasonable best efforts to cause the Registration Statement to be declared effective.

Eagle also agrees to use reasonable best efforts to obtain any necessary state securities law or “blue sky” permits and approvals required to carry out the transactions contemplated by the merger agreement.

Each of Eagle and TwinCo has agreed to use reasonable best efforts to prepare all documentation, to effect all filings and to obtain all permits, consents, approvals and authorizations of all third parties and governmental authorities necessary to consummate the transactions contemplated by the merger agreement, and each of Eagle and TwinCo has agreed to comply with the terms and conditions of such permits, consents, approvals and authorizations and to cause the transactions contemplated by the merger agreement to be consummated as expeditiously as practicable.

Additionally, each of Eagle and TwinCo has agreed to furnish information to the other party, and each party has the right to review and approve in advance all characterizations of the information relating to such party that appear in any filing made in connection with the transactions contemplated by the merger agreement. Each party has agreed to promptly notify and apprise the other party of the substance of any communication from any governmental authority received by such party with respect to the regulatory applications filed solely in connection with the transactions contemplated by the merger agreement.

In connection with seeking regulatory approval for the merger, Eagle is not required to agree to any condition or consequence that would be reasonably likely to have a material and adverse effect on Eagle and its subsidiaries, taken as a whole and after giving effect to the merger, measured on a scale relative to TwinCo and its subsidiaries taken as a whole.

Nasdaq Listing

Eagle has agreed to use reasonable best efforts to cause the shares of Eagle common stock to be issued to the holders of TwinCo common stock in the merger to be approved for listing on the Nasdaq Global Market, subject to official notice of issuance, prior to the effective time of the merger.

Employee Matters

Under the merger agreement, TwinCo agreed, upon Eagle's reasonable request, to facilitate discussions between Eagle and TwinCo employees regarding arrangements to be effective prior to or following the effective time of the merger and, if directed by Eagle, take all actions required to fully fund, terminate or merge any benefit plan of TwinCo. Following the closing, if Eagle terminates a TwinCo benefit plan and there is a comparable Eagle benefit plan, TwinCo employees who continue to be employed with Eagle and its affiliates after closing will be entitled to participate in such Eagle benefit plans to the same extent as similarly-situated employees of Eagle or Opportunity Bank, except for closed or frozen benefit plans. To the extent allowable under Eagle benefit plans, continuing TwinCo employees will be given credit for prior service or employment with TwinCo for all purposes, except to the extent that it would result in duplication of benefits. For continuing TwinCo employees who participate in Eagle benefit plans, Eagle will use commercially reasonable efforts to waive certain pre-existing conditions and waiting periods or evidence of insurability and, to the extent allowed by the applicable insurance company, provide credit for deductibles from the same year and analogous TwinCo benefit plans.

Under the merger agreement, Eagle agreed to provide each full-time employee of TwinCo, other than an employee who is a party to an employment agreement, change in control agreement or other separation agreement that provides a benefit on a termination of employment, who is terminated by Eagle or its subsidiaries (other than for cause) within six months following the effective time with a lump sum severance payment in a specified amount based upon length of service, subject to such employee entering into a release of claims in a form satisfactory to Eagle.

Table of Contents

Indemnification and Directors' and Officers' Insurance

For a period of three years from and after the effective time of the merger, Eagle has agreed to indemnify and hold harmless the present and former directors and officers of TwinCo and Ruby Valley Bank against all costs or expenses, judgments, fines, losses, claims, damages or liabilities incurred in connection with any threatened or actual claim, action, suit, proceeding or investigation, whether civil, criminal, administrative or investigative arising out of actions or omissions of such persons in the course of performing their duties for TwinCo or Ruby Valley Bank or any of their respective subsidiaries occurring at or before the effective time of the merger, to the fullest extent as such persons are indemnified or have the right to advancement of expenses pursuant to the organizational documents of TwinCo or its subsidiaries and the MBCA.

For a period of three years after the effective time of the merger, Eagle will provide directors' and officers' liability insurance that serves to reimburse the present and former officers and directors of TwinCo or its subsidiaries with respect to claims against them arising from acts and omissions occurring before the effective time of the merger (including the transactions contemplated by the merger agreement). The directors' and officers' liability insurance will contain at least the same coverage and amounts, and contain terms and conditions no less advantageous to the indemnified persons as the coverage currently provided by TwinCo. In no event shall Eagle be required to expend for the tail insurance a premium in an aggregate amount in excess of 150% of the annual premiums paid by TwinCo for its directors' and officers' liability insurance in effect as of the date of the merger agreement.

Third Party Proposals

TwinCo has agreed that it will not, and will cause its subsidiaries and their respective officers, directors, employees and representatives and affiliates not to, directly or indirectly: (a) initiate, solicit, knowingly induce or encourage, or knowingly take any action to facilitate the making of, inquiries, offers or proposals which constitute, or could reasonably be expected to lead to an acquisition proposal, (b) participate in any discussions or negotiations regarding any acquisition proposal or furnish or otherwise afford access to any person any non-public information or data with respect to TwinCo or its subsidiaries in connection with any acquisition proposal, (c) release any person from, waive any provisions of, or fail to enforce any confidentiality agreement or standstill agreement, or (d) enter into any agreement with respect to any acquisition proposal or approve or resolve to approve any acquisition proposal or any agreement, agreement in principle or letter of intent relating to any acquisition proposal. An "acquisition proposal" is defined as any inquiry, offer or proposal (other than an inquiry, offer or proposal from Eagle), whether or not in writing, contemplating, relating to, or that could reasonably be expected to lead to, an acquisition transaction. An "acquisition transaction" is defined as: (A) any transaction or series of transactions involving any merger, consolidation, recapitalization, share exchange, liquidation, dissolution or similar transaction involving TwinCo or Ruby Valley Bank that, in any such case, results in any person (or, in the case of a direct merger between such third party and TwinCo, Ruby Valley Bank or any other subsidiary of TwinCo, the shareholders of such third party) acquiring 15% or more of any class of equity of TwinCo or Ruby Valley Bank; (B) any transaction pursuant to which any third party or group acquires or would acquire (whether through sale, lease or other disposition), directly or indirectly, 15% or more of the consolidated assets of TwinCo or Ruby Valley Bank; (C) any issuance, sale or other disposition of (including

by way of merger, consolidation, share exchange or any similar transaction) securities (or options, rights or warrants to purchase or securities convertible into, such securities) representing 15% or more of the votes attached to the outstanding securities of TwinCo or Ruby Valley Bank; (D) any tender offer or exchange offer that, if consummated, would result in any third party or group beneficially owning 15% or more of any class of equity securities of TwinCo or Ruby Valley Bank; or (E) any transaction which is similar in form, substance or purpose to any of the foregoing transactions, or any combination of the foregoing.

Table of Contents

However, the merger agreement provides that at any time prior to the date of the shareholder meeting for TwinCo shareholders to vote on approval of the merger agreement, if TwinCo receives a bona fide unsolicited written acquisition proposal that does not violate the “no shop” provisions in the merger agreement and TwinCo’s board of directors reasonably determines in good faith (after consultation with and having considered the advice of its outside legal counsel and financial advisor) that such acquisition proposal constitutes or could reasonably be expected to lead to a superior proposal and the failure to take such actions would be inconsistent with its fiduciary duties under applicable law, then TwinCo may: (i) enter into a confidentiality agreement with the third party making the acquisition proposal with terms and conditions no less favorable to TwinCo than the confidentiality agreement entered into by TwinCo and Eagle prior to the execution of the merger agreement; (ii) furnish non-public information or data to the third party making the acquisition proposal pursuant to such confidentiality agreement (and provide to Eagle any information not previously provided to Eagle); and (iii) participate in such negotiations or discussions with the third party making the acquisition proposal regarding such proposal. TwinCo must promptly advise Eagle in writing within 24 hours following receipt of any proposal or offer, or of any request for information, or request for any negotiations or discussions, each in connection with any acquisition proposal. TwinCo must furnish a copy of, or a description of the material terms and conditions of such proposal or offer (except materials that constitute confidential reverse due diligence information) and must keep Eagle informed on a reasonably current basis of the status of any proposal, offer, information request, negotiations or discussions.

TwinCo Board Recommendation

The merger agreement generally prohibits TwinCo’s board of directors from making a company subsequent determination (*i.e.*, from (i) withholding, withdrawing, modifying or qualifying in a manner adverse to Eagle the recommendation that the TwinCo shareholders vote to approve the merger agreement and the transactions contemplated thereby, or taking any other action or making any other public statement inconsistent with such recommendation, failing to reaffirm such recommendation within five business days following a request by Eagle, or making any public statement, filing or release inconsistent with such recommendation, (ii) approving, recommending, or endorsing (or publicly proposing to approve, recommend or endorse), any acquisition proposal, (iii) submitting the merger agreement to TwinCo’s shareholders without recommendation or (iv) resolving to take, or publicly announcing an intention to take, any of the foregoing actions). However, prior to the date of the shareholder meeting for TwinCo shareholders to vote on the approval of the merger agreement, the TwinCo board of directors may effect a company subsequent determination if the TwinCo board has determined reasonably and in good faith, after consultation with and considering the advice of its outside legal counsel and its financial advisor, that a bona fide unsolicited written acquisition proposal that it received after the date of the merger agreement (that did not result from a breach of its “no-shop” covenants under the merger agreement) constitutes a superior proposal if, but only if, the TwinCo board determined reasonably and in good faith after consultation with and having considered the advice of its outside legal counsel and its financial advisor, that because of the existence of such superior proposal, the failure to take such actions would be inconsistent with its fiduciary duties under applicable law.

The board of directors of TwinCo may not make a company subsequent determination without providing Eagle with at least five business days’ prior written notice of its intention to take such action and with a reasonably detailed description of the acquisition proposal giving rise to its determination to take such action, and without cooperating and negotiating in good faith with Eagle during such five business day notice period (to the extent Eagle seeks to

negotiate) and taking into account in good faith, at the end of such notice period, any adjustment, amendment or modification of the merger agreement proposed by Eagle and determining reasonably and in good faith, after consultation with and considering the advice of its outside legal counsel and its financial advisor, that such acquisition proposal continues to constitute a superior proposal and that because of the existence of such superior proposal, the failure to take such actions would be inconsistent with its fiduciary duties under applicable law. Any material amendment to any acquisition proposal will require a new notice period as referred to above, except that such notice period shall be three business days.

A “superior proposal” means a bona fide, unsolicited written acquisition proposal (i) that if consummated would result in a third party (or, in the case of a direct merger between such third party and TwinCo, Ruby Valley Bank or any other subsidiary of TwinCo, the shareholders of such third party) acquiring, directly or indirectly, more than 50% of the outstanding shares of TwinCo common stock or more than 50% of the assets of TwinCo and its subsidiaries, taken as a whole, for consideration consisting of cash and/or securities and (ii) that the TwinCo board of directors reasonably determines in good faith, after consultation with its outside financial advisor and outside legal counsel, (A) is reasonably capable of being completed, taking into account all financial, legal, regulatory and other aspects of such proposal, including all conditions contained therein and the person making such acquisition proposal, and (B) taking into account any changes to the merger agreement proposed by Eagle in response to such acquisition proposal, as contemplated by the merger agreement, and all financial, legal, regulatory and other aspects of such acquisition proposal, including all conditions contained therein and the person making such proposal, is more favorable to the shareholders of TwinCo from a financial point of view than the merger.

Table of Contents

If the TwinCo board of directors makes a company subsequent determination and Eagle determines to terminate the merger agreement, TwinCo will be required to pay Eagle a termination fee of \$750,000 in cash. See “*The Merger Agreement — Termination*,” beginning on page 54 of this proxy statement/prospectus and “*The Merger Agreement — Break-Up Fee*” beginning on page 55 of this proxy statement/prospectus.

Notwithstanding any superior proposal or anything contained in the merger agreement, unless the merger agreement has been terminated in accordance with its terms, the TwinCo special meeting shall be convened for the purpose of submitting the merger agreement to the TwinCo shareholders to vote on the approval of such and any other matters contemplated thereby.

Representations and Warranties

The merger agreement contains generally customary representations and warranties of TwinCo and Eagle relating to their respective businesses. Dividends TwinCo's bylaws permit the board to declare and pay dividends from time to time out of the surplus earnings of the corporation, as long as the dividend does not impair the capital of the corporation.

Eagle's bylaws permit the board to declare and pay dividends upon shares of, and authorize repurchase programs for, stock, but only out of funds available for the payment of dividends or repurchase of shares as provided by law.

TwinCo's bylaws provide that the number of directors serving on TwinCo's board of directors will be a variable number of three (3) to five (5) members as determined from time to time by action of the board.

Eagle's bylaws provide that the number of directors serving on Eagle's board of directors will be such number as determined from time to time under direction of the board, subject to any right of the holder of any series of preferred stock then outstanding to election additional directors under specified circumstances, but in no event will be fewer than five (5) directors nor greater than fifteen (15) directors.

Number of Directors

There are currently four (4) directors serving on the TwinCo board of directors.

Each director holds office upon election and until the next annual meeting of shareholders until his or her successor is elected and qualified.

There are currently nine (9) directors serving on the Eagle board of directors divided into three classes.

TWINCO

Election of Directors

TwinCo's bylaws provide that directors shall be elected annually by the shareholders at the annual meeting. Each shareholder has the right to vote, in person or by proxy, the number of shares owned by him, for as many persons as there are directors to be elected, or to cumulate said shares, and give one candidate as many votes as the number of directors multiplied by the number of his shares shall equal, or to distribute them on the same principle among as many candidates as he shall see fit.

TwinCo's bylaws and articles of incorporation do not provide for removal of directors.

Removal of Directors

Under the MBCA, shareholders may remove one or more directors with or without cause. Any director or the entire board of directors may be removed only by a vote of the holders of two-thirds of the shares entitled to vote at an election of directors. If the shareholders have the right to cumulate their votes when electing directors and if less than the entire board is to be removed, a director may not be removed if the votes cast against the director's removal would be sufficient to elect the director if cumulatively voted at an election of the entire board of directors or, if there are classes of directors, at an election of the class of directors of which the director is a part. If the corporation has fewer than 100 shareholders, the entire board of directors may be removed only by a vote of a majority of the shares then entitled to vote.

A director may be removed by the shareholders only at a meeting called for the purpose of removing the director. The meeting notice must state that the purpose, or one of the purposes, of the meeting is removal of the director.

Vacancies on the Board of Directors

TwinCo's bylaws provide that vacancies in the TwinCo board of directors occurring for any reason may be filled for the unexpired terms by the remaining directors at any regular or special directors' meeting.

EAGLE

Each director holds office upon election and until the third succeeding annual meeting of shareholders after their election.

The Eagle board of directors is divided into three classes, with the members of each class of directors serving staggered three-year terms and with approximately one-third of the directors being elected annually. As a result, it would take a dissident shareholder or shareholder group at least two annual meetings of shareholders to replace a majority of the directors of Eagle. Each director holds office for the term for which he or she is elected and until the third succeeding annual meeting of shareholders after their election, subject to such directors' death, resignation, retirement, disqualification, removal from office or other cause.

The DGCL provides that any director or the entire board of directors may be removed, with or without cause, by the holders of a majority of the shares then entitled to vote at an election of directors, except in certain circumstances. Whenever the holders of any class or series are entitled to elect one or more directors, the DGCL provides that the preceding sentence shall apply in respect to the removal without cause of a director or directors to the vote of the holders of the outstanding shares of that class or series and not the vote of the outstanding shares as a whole.

However, Eagle's certificate of incorporation and bylaws provide that directors may be removed from office at any time, but only for cause and only by the affirmative vote of the holders of at least 80% of the voting power of all of the shares entitled to vote generally in the election of directors, voting together as a single class.

Vacancies on the board resulting from death, resignation, retirement, disqualification, removal from office or other cause shall be filled by a majority vote of the directors then in office, and directors so chosen shall hold office for a term

expiring at the annual meeting at which the term of the class to which they have been elected expires. No decrease in the number of directors constituting the board of directors shall shorten the term of any incumbent director.

Notice of Shareholder Meeting
 Notice of each shareholder meeting must be given to each shareholder five days before the date of the meeting. A written waiver of such notice signed by the person or persons entitled thereto shall be equivalent to the giving of such notice.

Eagle’s bylaws provide that written notice of the time and place of every meeting of shareholders and, in the case of a special meeting, the business to be acted on at such meeting shall be given at least 60 days of the first anniversary of the previous year’s annual meeting if such meeting is to be held on a day which is within 30 days of the anniversary of the previous year’s annual meeting, or with respect to any other annual meeting, not later than the close of business on the seventh day following the date of public announcement of such meeting.

Amendments to Bylaws	TwinCo’s bylaws provide that such bylaws may be amended, at any annual meeting of the shareholders, or any special meeting when the notice of which shall have referred to the proposed action.	Eagle’s certificate of incorporation provides that the board shall have the power to make, alter, amend and repeal the bylaws, except that the affirmative vote of 80% of all votes entitled to be cast in the election of directors, voting as a single class, is required for Section 2 of Article II of the bylaws (special meetings) and Sections 1 through 6 of Article III of the bylaws (number of directors, terms of directors, resignation of directors and vacancies, removal of directors, newly created directorships and vacancies, and place and manner or meeting).
Special Meeting of Shareholders	TwinCo’s bylaws provide that special meetings of the shareholders, for any purpose, may be called by the President. Special meetings of the shareholders shall be called by the President if the holders of not less than 10% of the then outstanding shares entitled to vote or on written request from a majority of the directors.	Eagle’s bylaws provide that special meetings of the shareholders, for any purpose or purposes unless prescribed by statute, may be called by the Chairman, Chief Executive Officer, the President or by the board of directors, and shall be called by the Chief Executive Officer at the request of the holders of shares representing not less than 50% of all votes entitled to be cast by all shares of Eagle common stock outstanding.
Quorum	A majority of the issued and outstanding shares entitled to vote, represented in person or by proxy, constitutes a quorum at any shareholder meeting.	Eagle’s bylaws have a similar provision. The shareholders present in person or by proxy at a meeting at which a quorum is present may continue to do business until adjournment, notwithstanding withdrawal of enough shareholders to leave less than a quorum.
Proxy	Under the MBCA, a proxy is valid for eleven months unless a longer period is expressly provided in the appointment form.	Eagle’s bylaws provide that a proxy is valid for three years from the date of its signing, unless the proxy provides for a longer period.

Indemnification of Directors and Officers	TwinCo’s bylaws do not provide for indemnification of directors or officers.	Eagle’s bylaws provide that Eagle shall indemnify its current and former directors and officers serving at the request of Eagle, and may indemnify any employee and agent of Eagle, against liability incurred in connection with that employee made or threatened to be made a party in an action, suit or proceeding, whether criminal, civil, administrative or investigative, by reason of the fact that

with a proceeding, if such person acted in good faith and in a manner he or she reasonably believed to be in, or not opposed to, TwinCo's best interests, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful.

Unless limited by the articles of incorporation, the MBCA requires a corporation to indemnify a director who was wholly successful, on the merits or otherwise, in the defense of any proceeding to which the director was a party because the individual is or was a director of the corporation, against reasonable expenses incurred by the director in connection with the proceeding.

he, his testator or intestate is or was a director or officer of Eagle.

Eagle's bylaws state that the intention of this bylaw is to provide indemnification with the broadest and most inclusive coverage permitted by law (a) at the time of the act or omission to be indemnified against, or (b) so permitted at the time of carrying out such indemnification, whichever of (a) or (b) may be broader or more inclusive and permitted by law to be applicable. If the indemnification permitted by law at this present time, or at any future time, shall be broader or more inclusive than the provisions of this Bylaw, then indemnification shall nevertheless extend to the broadest and most inclusive permitted by law at any time and this Bylaw shall be deemed to have been amended accordingly.

Under the DGCL, a corporation must indemnify its present or former directors and officers against expenses (including attorneys' fees) actually and reasonably incurred to the extent that the officer or director has been successful on the merits or otherwise in defense of any action, suit or proceeding brought against him or by reason of the fact that he or she is or was a director or officer of the corporation.

The DGCL provides that a corporation may indemnify its officers, directors, employees and agents against liabilities and expenses incurred in proceedings if the person acted in good faith and in a manner he or she reasonably believed to be in, or not opposed to, the best interest of the corporation and, with respect to any criminal action, had no reasonable cause to believe that the person's conduct was unlawful.

However, under the DGCL, no indemnification is available in respect of a claim as to which the person has been adjudged to be liable to the corporation, unless and only to the extent that a court determines that in view of all the circumstances, such person is fairly and reasonably entitled to indemnity for such expenses that the court deems proper.

Eagle's certificate of incorporation provides that a director of Eagle shall not be personally liable to Eagle or any of its shareholders for monetary damages for breach of fiduciary duty as a director, except for liability (1) for any breach of the director's loyalty to Eagle or shareholders, (2) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of the law, (3) under Section 174 of the DGCL or (4) for any transaction from which the director derived a personal benefit.

Additionally, the certificate of incorporation provides that Eagle will indemnify to the fullest outlined in the bylaws.

Eagle's certificate of incorporation provides that a business combination with any interested shareholder or any affiliate or associate of any interested shareholder or any person who after such business combination would be an affiliate or associate of such interested shareholder, shall require the approval of the board and the affirmative vote of the holders of at least 80% of the voting power of the then outstanding voting stock which is not owned by the interested shareholder or any affiliate or associate of such interested shareholder. Such affirmative vote shall be required notwithstanding the fact that no vote may be required, or that a lesser percentage may be specified, by law or in any agreement with any national securities exchange or otherwise.

Restrictions on Business Combinations with Significant Shareholders TwinCo's articles of incorporation do not contain any provision regarding business combinations between TwinCo and significant shareholders.

Under the DGCL, a shareholder may dissent from, and receive payments in cash for, the fair value of his or her shares as appraised by the Delaware Court of Chancery in the event of certain mergers and consolidations. However, shareholders do not have appraisal rights if the shares of stock they hold, at the record date for determination of shareholders entitled to vote at the meeting of shareholders to act upon the merger or consolidation, or on the record date with respect to action by written consent, are either (i) listed on a national securities exchange or (ii) held of record by more than 2,000 holders. Further, no appraisal rights are available to shareholders of the surviving corporation if the merger did not require the vote of the shareholders of the surviving corporation. Notwithstanding the foregoing, appraisal rights are available if shareholders are required by the terms of the merger agreement to accept for their shares anything other than (a) shares of stock of the surviving corporation, (b) shares of stock of another corporation that will either be listed on a national securities exchange or held of record by more than 2,000 holders, (c) cash instead of fractional shares or (d) any combination of clauses (a)-(c). Its main office is located at 107 South Main, Twin Bridges, Montana 59754. Ruby Valley Bank is a Montana state bank, which was established in 1917, and is subject to the supervision and regulation of the Montana Division of Banking and Financial Institutions and the Federal Deposit Insurance Corporation. Ruby Valley Bank is a full-service commercial bank, providing a wide range of business and consumer financial services to individual and corporate customers through its two banking offices located in Twin Bridges and Sheridan, Montana, and is headquartered in Twin Bridges, Montana.

At September 30, 2017, TwinCo had total assets of approximately \$95.0 million, total deposits of approximately \$80.3 million, total loans of approximately \$56.3 million, and shareholders' equity of approximately \$14.6 million.

Banking Services

Ruby Valley Bank serves the Madison and surrounding Counties of Southwestern Montana markets and provides a range of agricultural, commercial and consumer banking services to small to medium size businesses, professionals and executives, and individuals. The business model incorporates a community banking relationship approach, delivered by experienced and highly trained professionals. Ruby Valley Bank's range of loan products to consumers and businesses includes, but is not limited to: secured and unsecured loans for owner-occupied and non-owner-occupied real estate, construction, multi-family properties, business assets, agricultural loans, and other consumer loan needs. Ruby Valley Bank also provides a range of depository services to consumers and businesses, including, but not limited to: non-interest bearing and interest bearing demand deposit accounts, savings accounts, money market accounts, and certificates of deposits. Ruby Valley Bank's services also include, but are not limited to: branch banking, ATM, wire, ACH, and online banking products.

The revenues of Ruby Valley Bank are primarily derived from interest on, and fees received in connection with lending activities, from interest and dividends on cash and investment securities, as well as periodic loan sales. The principal sources of funds for Ruby Valley Bank's lending activities are customer deposits, loan repayments, and proceeds from investment securities, as well as its equity. The principal expenses of Ruby Valley Bank include interest paid on deposits, and operating and general administrative expenses. As is the case with banking institutions generally, Ruby Valley Bank's operations are materially and significantly influenced by general economic conditions and by related monetary and fiscal policies of financial institution regulatory agencies, including the Federal Reserve

and the FDIC. Deposit flows and costs of funds are influenced by interest rates on competing investments and general market rates of interest. Lending activities are affected by the demand for financing of real estate, business, and other types of loans, which in turn is affected by the interest rates at which such financing may be offered and other factors affecting local demand and availability of funds. Ruby Valley Bank faces strong competition in the attraction of deposits (the primary source of lendable funds) and in the origination of loans.

Agricultural banking. Ruby Valley Bank is well known in Southwestern Montana as a leader in agricultural banking. Ruby Valley provides operating, term and long term real estate loans. The bank is a certified lender for USDA Farm Service Agency guaranteed loan programs. They also are originators for Farmer Mac secondary market loans. Ruby Valley Bank's experienced staff understands the unique characteristics of agricultural lending which is a large part of their credit portfolio.

Commercial Banking. Ruby Valley Bank focuses its commercial loan originations on small- and mid-sized businesses and such loans are usually accompanied by significant related deposits. Commercial underwriting is driven by cash flow analysis, supported by collateral analysis and review. Commercial loan products include commercial real estate construction and owner occupied and non-owner occupied term and construction loans; working capital loans and lines of credit; demand, term, and time loans; and equipment, inventory and accounts receivable financing. Online banking is available to commercial customers.

Table of Contents

Retail Banking. Ruby Valley Bank's consumer banking activities include consumer deposit and checking accounts. In addition to traditional products and services, Ruby Valley Bank offers additional products and services, such as debit cards, online banking, and electronic bill payment services. Consumer loan products offered by Ruby Valley Bank include consumer loans, and unsecured personal credit lines.

Employees

As of September 30, 2017, Ruby Valley Bank had 18 full-time equivalent employees. The employees are not represented by a collective bargaining unit. Ruby Valley Bank considers relations with employees to be good.

Properties

The main office of TwinCo is located at 107 South Main, Twin Bridges, Montana 59754. Ruby Valley Bank has two branch offices located in Twin Bridges and Sheridan, Montana.

Legal Proceedings

Ruby Valley Bank is periodically a party to or otherwise involved in legal proceedings arising in the normal course of business, such as claims to enforce liens, claims involving the making and servicing of real property loans, and other issues incident to its business. As of the date hereof, management does not believe that there is any pending or threatened proceeding against Ruby Valley Bank which, if determined adversely, would have a material adverse effect on Ruby Valley Bank's financial position, liquidity, or results of operations.

Competition

Ruby Valley Bank encounters strong competition both in making loans and in attracting deposits. In one or more aspects of its business, Ruby Valley Bank competes with other commercial banks, savings and loan associations, credit unions, finance companies, mutual funds, insurance companies, brokerage and investment banking companies, and other financial intermediaries. Many of these competitors have substantially greater resources and lending limits, and may offer certain services that Ruby Valley Bank does not currently provide. In addition, many of Ruby Valley Bank's non-bank competitors are not subject to the same extensive federal regulations that govern bank holding companies and federally insured banks. Recent federal and state legislation has heightened the competitive

environment in which financial institutions must conduct their business, and the potential for competition among financial institutions of all types has increased significantly. There is no assurance that increased competition from other financial institutions will not have an adverse effect on Ruby Valley Bank's operations.

TWINCO'S MANagements DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The words "we", us ', "our", the "Company" and similar terms when used in this section refer to TwinCo, Inc., unless the context indicates otherwise.

Introduction

Our discussion and analysis of earnings and related financial data are presented herein to assist investors in understanding the financial condition of TwinCo at December 31, 2016, and the results of operations for the nine month periods ended September 30, 2017 and 2016, and the year ended December 31, 2016. This discussion should be read in conjunction with TwinCo's Consolidated Financial Statements and related footnotes, presented with this proxy statement/prospectus.

Critical Accounting Policies

Our accounting policies are integral to understanding the results reported. Accounting policies are described in detail in Note 1 of the notes to the Consolidated Financial Statements. The critical accounting policies require management's judgment to ascertain the valuation of assets, liabilities, commitments and contingencies. We have established policies and control procedures that are intended to ensure valuation methods are well controlled and applied consistently from period to period. In addition, the policies and procedures are intended to ensure the process for changing methodologies occurs in an appropriate manner. The following is a brief description of our current accounting policies, involving significant management judgments.

Allowance for Loan Losses

The allowance for loan losses is a valuation allowance for probable incurred credit losses. Loan losses are charged against the allowance when management believes the inability to collect a loan balance is confirmed. Subsequent recoveries, if any, are credited to the allowance. Management estimates the allowance balance required using past loan loss experience, the nature and volume of the portfolio, information about specific borrower situations and estimated collateral values, economic conditions, and other factors. Allocations of the allowance may be made for specific loans, but the entire allowance is available for any loan that, in management's judgment, should be charged-off.

The allowance consists of specific and general components. The specific component relates to loans that are individually classified as impaired. The general component covers loans that are not impaired and is based on historical loss experience, adjusted for current factors.

A loan is impaired when full payment under the terms of the loan agreement is not probable or when the terms of a loan are modified as a result of a borrower experiencing financial difficulties. If a loan is impaired, a portion of the allowance is allocated so the loan is reported, net, at the present value of estimated future cash flows using the loan's existing rate or at the fair value of collateral, if repayment is expected solely from the collateral.

Factors considered by management in determining impairment include payment status, collateral value, and the probability of collecting scheduled principal and interest payments when due. Significant overall risk factors for both the Company's commercial and consumer portfolios include the strength of the real estate market and general economic activity in the Company's market areas, and for agricultural loans include the strength of farmland prices and commodity prices, particularly those related to ranching activities. Loans that experience insignificant payment delays and payment shortfalls generally are not classified as impaired. Management determines the significance of payment delays and payment shortfalls on a case-by-case basis, taking into consideration all of the circumstances surrounding the loan and the borrower, including the length of the delay, the reasons for the delay, the borrower's prior payment record, and the amount of the shortfall in relation to the principal and interest owed.

Table of Contents

Loans for which the terms have been modified and for which the borrower is experiencing financial difficulties are considered troubled debt restructurings and are classified as impaired. Troubled debt restructurings are measured for impairment based upon the present value of estimated future cash flows using the loan's existing rate at inception or at the fair value of collateral, if repayment is expected solely from the collateral. For troubled debt restructurings that subsequently default, TwinCo determines the amount of reserve in accordance with the accounting policy for the allowance for loan losses.

The general component of the allowance covers nonimpaired loans and is based on historical loss experience, adjusted for current factors. The historical loss experience is determined by portfolio segment and is based on the actual loss history experienced by TwinCo over the most recent eight quarters. This actual loss experience is supplemented with other economic factors based on the risks present for each portfolio segment. These economic factors include consideration of the following: levels of and trends in delinquencies and impaired loans; trends in volume and terms of loans; effects of any changes in risk selection and underwriting standards; other changes in lending policies, procedures, and practices; experience, ability, and depth of lending management and other relevant staff; national and local economic trends and conditions; industry conditions; the quality of the loan review system; regulatory change; and effects of changes in credit concentrations.

Goodwill and Intangible Assets

Goodwill is generally determined as the excess of the fair value of the consideration transferred, plus the fair value of any noncontrolling interests in the acquiree, over the fair value of the net assets acquired and liabilities assumed as of the acquisition date. Goodwill and intangible assets acquired in a purchase business combination and determined to have an indefinite useful life are not amortized, but are tested for impairment at least annually. Goodwill is the only intangible asset with an indefinite life on TwinCo's balance sheet.

Valuation of Investment Securities

All of our investment securities are classified as available-for-sale and recorded at current fair value. Unrealized gains or losses, net of deferred taxes, are reported in other comprehensive income as a separate component of shareholders' equity. In general, fair value is based upon quoted market prices of identical assets, when available. If quoted market prices are not available, fair value is based upon valuation models that use cash flow, security structure and other observable information. Where sufficient data is not available to produce a fair valuation, fair value is based on broker quotes for similar assets. Broker quotes may be adjusted to ensure that financial instruments are recorded at fair value. Adjustments may include unobservable parameters, among other things.

We conduct a quarterly review and evaluation of our investment securities to determine if any declines in fair value are other than temporary. In making this determination, we consider the period of time the securities were in a loss position, the percentage decline in comparison to the securities' amortized cost, the financial condition of the issuer, if applicable, and the delinquency or default rates of underlying collateral. We consider our intent to sell the investment securities and the likelihood that we will not have to sell the investment securities before recovery of their cost basis. If impairment exists, credit related impairment losses are recorded in earnings while noncredit related impairment losses are recorded in accumulated other comprehensive income.

Income Tax Status as an S Corporation

Twinco has elected taxation under the provisions of Subchapter S of the Internal Revenue Code. Under those provisions, Twinco neither pays federal corporate income taxes on its taxable income nor is allowed a net operating loss carryover or carryback as a deduction. Instead, the shareholders of Twinco include their respective share of Twinco's consolidated taxable income or loss in their individual income tax returns. Accordingly, no income taxes are reflected in Twinco's consolidated financial statements and related notes, or in Twinco's financial information presented within this proxy statement/prospectus.

Table of Contents

Comparison of Results of Operations for the nine month periods ended September 30, 2017 and 2016, and the year ended December 31, 2016

Net Income

TwinCo's net income for the nine months ended September 30, 2017 and 2016 was \$1.31 million and \$1.48 million, respectively. Net income for the year ended December 31, 2016 was \$1.98 million. The primary reason for the decrease in net income between the nine month periods was a decrease in net interest income after provision for loan losses of \$191,000, partially offset by an increase in other noninterest income of \$24,000.

Net Interest Income/Margin

Comparison of net interest income for the nine months ended September 30, 2017 and 2016

Net interest income consists of interest income generated by earning assets, less interest expense. Net interest income decreased by \$105,000, or 3.4%, to \$3.03 million for the nine months ended September 30, 2017, compared to \$3.13 million for the same period in 2016. The resulting net interest margin (net interest income divided by earning assets) decreased slightly from 4.50% for the nine months ended September 30, 2016 to 4.44% for the nine months ended September 30, 2017.

Total interest and dividend income was \$3.14 million for the nine months ended September 30, 2017 compared to \$3.24 million for the nine months ended September 30, 2016. Interest-earning assets averaged \$90.79 million for the nine months ended September 30, 2017, compared to \$92.76 million for the nine months ended September 30, 2016, a \$1.97 million, or 2.1%, decrease. The decrease was largely due to the decrease in the average balance of investment securities for September 30, 2017 compared to September 30, 2016. The yield on average interest-earning assets decreased 5 basis points ("bps") to 4.61% for the nine months ended September 30, 2017, compared to 4.66% for the nine months ended September 30, 2016. The decrease in the yield on average interest-earning assets was largely due to the decrease in the yield on loans period over period.

Interest expense on deposits was \$113,000 for the nine months ended September 30, 2017 compared to \$108,000 for the nine months ended September 30, 2016. Interest-bearing liabilities averaged \$58.87 million for the nine months ended September 30, 2017, compared to \$59.36 million in average interest-bearing liabilities for the same period in 2016, a \$488,000, or 0.8% decrease. The cost of average interest-bearing liabilities also remained consistent period over period only increasing 1 bps to 0.26% for the nine months ended September 30, 2017, compared to 0.25% for the

same period in 2016.

Provision for Loan Losses

There was no provision for loan losses for the nine months ended September 30, 2017, compared to a credit of \$86,000 for the nine months ended September 30, 2016. The decision not to include a provision in the nine months ended September 30, 2017 resulted from an improvement in the performance of loans, with non-accrual loans falling from \$909,000 at September 30, 2016 to \$606,000 at September 30, 2017, a \$303,000 decrease. In addition, total past due loans decreased from \$1.87 million at September 30, 2016 to \$844,000 at September 30, 2017. The credit for loan losses for the year ended December 31, 2016 was \$86,000. TwinCo's policy is to maintain the allowance for loan losses at a level sufficient to absorb probable incurred losses inherent in the loan portfolio. The allowance is increased by the provision for loan losses, which is a charge to earnings, and is decreased by charge-offs, net of recoveries on prior loan charge-offs. In determining the adequacy of the allowance for loan losses, we consider our historical loan loss experience, the general economic environment, the overall portfolio composition, and other information. As these factors change, the level of loan loss provision changes.

Table of Contents**Noninterest Income**

Noninterest income for the nine months ended September 30, 2017 and September 30, 2016 was \$239,000 and \$215,000, respectively. The fluctuations between periods were the result of the components listed in the following table:

			\$	%	
	Nine Months Ended September 30,		Increase	Increase

Other noninterest income	33	31	2	6.45	%
Total noninterest income	\$239	\$215	\$ 24	11.16	%

As shown in the table above, the primary reason for the \$24,000 increase in noninterest income from the nine months ended September 30, 2016 to the nine months ended September 30, 2017 was largely due to an increase of \$14,000 in service charges on deposit accounts and an increase of \$6,000 in gains on sales of securities available for sale.

Noninterest income for year ended December 31, 2016 was \$295,000. The components of noninterest income were as follows:

Noninterest expense for both the nine months ended September 30, 2017 and 2016 was \$1.95 million. The fluctuations between periods were the result of the components listed in the following table:

Comparison of Balance Sheets at September 30, 2017 and December 31, 2016

Overview

Our total assets increased \$1.26 million, or 1.3%, from December 31, 2016 to September 30, 2017. This was primarily due to an increase in net loans of \$3.50 million and an increase in cash and cash equivalents of \$1.96 million, which was partially offset by a decrease in investment securities available for sale of \$4.69 million.

Investment Securities

We classify our securities as available for sale and they are recorded at fair value. Unrealized holding gains and losses on available for sale securities are included as a separate component of shareholders' equity, net of the effect of deferred income taxes.

We use our securities portfolio primarily as a source of liquidity, as a tool to manage our balance sheet sensitivity and regulatory capital ratios, and as a base from which to pledge assets for repurchase agreements and public deposits. When our liquidity position exceeds current needs and our expected loan demand, other investments are considered as a secondary earnings alternative. As investments mature, they are used to meet current cash needs or they are reinvested to maintain our desired liquidity position. We have designated all of our securities as available for sale to provide flexibility, in case an immediate need for liquidity arises and believe that the composition of the portfolio offers needed flexibility in managing our liquidity position and interest rate sensitivity, without adversely impacting our regulatory capital levels.

The Company purchases only high-grade investment securities. U.S. Government Agency securities are comprised entirely of bonds issued by the Federal Home Loan Bank. U.S. agency mortgage-backed securities are comprised entirely of bonds issued by the Federal Home Loan Mortgage Corporation and Fannie Mae. State and municipal securities are comprised of bonds issued by various states and municipalities, and are all rated "AA" or better by a nationally recognized statistical rating organization. The Federal Home Loan Bank also requires us to maintain a minimum level of investment in their stock, which is shown separately in our consolidated statement of financial position.

Our average balance for available for sale securities for the nine months ended September 30, 2017 was \$32.96 million compared to \$34.32 million for the nine months ended September 30, 2016. However, the yield on average available for sale securities increased 12 bps to 1.97% for the nine months ended September 30, 2017, compared to

1.85% for the nine months ended September 30, 2016. The increase in yield, partially offset by the decrease in the average balance for available for sale securities led to the \$11,000, or 2.3%, increase in investment securities interest income for the nine months ended September 30, 2017 compared to the same period in 2016.

Our available for sale securities portfolio totaled \$29.88 million and \$34.57 million at September 30, 2017 and December 31, 2016, respectively. A net unrealized loss of \$552,000 was recorded at December 31, 2016, compared to a net unrealized net loss of \$274,000 at September 30, 2017.

Loans

Lending income is the most important component of our net interest income and is a major contributor to profitability. The loan portfolio is the largest component of earning assets, and it therefore generates the largest portion of revenue. The absolute volume of loans and the volume of loans as a percentage of earnings assets is an important determinant of net interest margin, as loans are expected to produce higher yields than securities and other earning assets.

Average loans during the nine months ended September 30, 2017 was \$54.58 million, as compared to \$54.44 million for the nine months ended September 30, 2016. The yield on average loans decreased 31 bps to 6.42% for the nine months ended September 30, 2017, compared to 6.73% for the nine months ended September 30, 2016. Loan interest income decreased by \$121,000 for the nine months ended September 30, 2017 compared to the same period in 2016. This decrease was due to the decrease in yield slightly offset by the increase in average loans period over period.

Total loans, net of the allowance for loan losses at September 30, 2017 and December 31, 2016 were \$54.88 million and \$51.38 million, respectively, an increase of \$3.50 million, or 6.8%. The allowance for loan losses was \$1.39 million at September 30, 2017 and \$1.42 million at December 31, 2016, a decrease of \$35,000, or 2.5%.

Agricultural loans: This is the largest category of our loan portfolio. These are loans secured by farmland within our market area and also include agriculture production loans.

Table of Contents

Commercial loans: This category includes commercial real estate, operating and other commercial business lending. There is no significant concentration by type of property in this category but there is a geographical concentration because the majority of loan collateral is located in Madison County, Montana. The borrowers are a mix of small business owner borrowers, professionals, doctors, lawyers, investors, and local real estate developers.

Residential real estate loans: These are predominantly single family home loans originated within our local market areas by employee loan officers. This category includes multifamily and residential construction loans. We do not use loan brokers to originate loans for our own portfolio, nor do we acquire loans outside of our geographical markets.

Consumer loans: The real estate secured portion of this category consists of home equity loans and home equity lines of credit.

Loan concentrations are considered to exist where there are amounts loaned to multiple borrowers engaged in similar activities, which collectively could be similarly impacted by economic or other conditions. Due to the lack of diversified industry and the relative proximity of the markets we serve, we have concentrations in geographic regions, as well as in type of loans funded.

The table below provides a summary of the loan portfolio composition at the periods indicated below.

Credit Quality and Allowance for Loan Losses

We maintain an allowance for loan losses that we believe is adequate to absorb probable incurred losses inherent in our loan portfolio. The allowance is increased by the provision for loan losses, which is a charge to current period earnings and decreased by loan charge-offs net of recoveries of prior period loan charge-offs. Loans are charged against the allowance when we believe collection of the principal is unlikely.

The allowance consists of two components. The first component consists of amounts reserved for impaired loans, as defined by ASC 310. Impaired loans are those loans that management has estimated will not repay as agreed pursuant to the loan contract. Each of these loans is required to have a written analysis supporting the amount of specific reserve allocated to the particular loan, if any. A loan may be impaired (i.e. not expected to repay as agreed), but it may be sufficiently collateralized such that we expect to recover all principle and interest eventually, and therefore no specific reserve is warranted.

The second component is a general reserve on all of our loans other than those identified as impaired and is based on historical loss experience adjusted for current factors. The historical loss experience is determined by portfolio segment and is based on the actual loss history experienced over the most recent eight quarters. This actual loss

experience is supplemented with other economic factors based on the risks present for each portfolio segment. The following portfolio segments have been identified:

Agricultural;

Commercial;

Residential real estate; and

Consumer and other.

The historical loss factors for each portfolio segment is adjusted for current internal and external environmental factors, as well as for certain loan grading factors. The environmental factors that we consider are listed below.

We consider changes in the levels of and trends in past due loans, non-accrual loans and impaired loans, and the volume and severity of adversely classified or graded loans. We also consider levels of and trends in charge-offs and recoveries.

Table of Contents

We consider changes in the nature and volume of the portfolio, in the terms of loans and changes in lending policies, procedures and practices, including changes in underwriting standards and collection, charge-off, and recovery practices not considered elsewhere in estimating credit losses. We also consider changes in the quality of our loan review system.

We consider changes in the experience, ability, and depth of our lending management and other relevant staff and the existence and effect of any concentrations of credit, and changes in the level of such concentrations.

We consider changes in national, regional, and local economic and business conditions and developments that affect the collectability of the portfolio, including the condition of various market segments (national and local economic trends and conditions).

The aggregate of these two components results in our total allowance for loan losses.

In the table below, we have shown the components of our allowance for loan losses at September 30, 2017 and December 31, 2016.

Total loans	\$56,269	\$ 1,385	2.46%	\$52,802	\$ 1,420	2.69%

The general loan loss allowance for nonimpaired loans decreased by \$18,000, to 2.59% of the nonimpaired loan balance outstanding at September 30, 2017, compared to 2.85% at December 31, 2016. The net decrease resulted from changes in historical charge off rates, changes in current environmental factors, and changes in the loan portfolio mix. The loan loss allowance for impaired loans decreased by \$17,000, to 0.0% of the impaired loan balance outstanding at September 30, 2017, compared to 0.48% at December 31, 2016. The net decrease resulted from resolution of specific impaired loans and release of the related specific reserves.

We believe our allowance for loan losses was adequate at September 30, 2017. However, we recognize many factors can adversely impact various segments of our market and customers, and therefore there is no assurance as to the

amount of losses or probable losses which may develop in the future.

Nonperforming loans consist of nonaccrual loans and loans past due 90 days or more and still accruing interest. Nonperforming assets consist of nonperforming loans plus (a) foreclosed real estate (i.e. real estate acquired through foreclosure or deed in lieu of foreclosure); (b) other repossessed assets that are not covered by real estate. We generally place loans on nonaccrual status when they are past due 90 days, or when management believes the borrower's financial condition, after giving consideration to economic conditions and collection efforts, is such that collection of principal and interest per the contractual terms is in doubt. When we place a loan on nonaccrual, interest accruals cease and uncollected interest is reversed and charged against current income. Subsequent collections reduce

the principal balance of the loan until the loan is returned to accrual status or interest is recognized only to the extent received in cash.

The largest component of nonperforming loans is nonaccrual loans, which as of September 30, 2017, totaled \$606,000. Nonaccrual loans were \$837,000 at December 31, 2016. The other component of nonperforming loans are loans past due greater than 90 days and still accruing interest, which as of September 30, 2017 totaled \$174,000. TwinCo had no loans that were past due greater than 90 days and still accruing interest at December 31, 2016. Loans which are past due greater than 90 days are placed on nonaccrual status unless they are both well secured and in the process of collection, which rarely occurs in practice.

We consider a loan to be impaired when full payment according to the terms of the loan agreement is not probable or when the terms of a loan are modified in a troubled debt restructuring. Once the loan has been identified as impaired, a written analysis is performed to determine if there is a potential for a loss. If it is probable a loss may occur, a specific allowance or a partial charge down for that particular loan is then recognized. The loan is then placed on nonaccrual status and included in nonperforming loans. If the analysis indicates a loss is not probable, then no specific allowance or partial charge down is recognized.

Loans that are monitored for impairment pursuant to ASC 310 generally include agricultural, commercial, commercial real estate and construction, single family first mortgages and land development loans. Smaller homogeneous loans such as single family second mortgages and consumer loans are not generally subject to impairment monitoring pursuant to ASC 310, but are analyzed for potential losses based on historical loss factors, current environmental

factors and to some extent loan grading.

Interest income recognized on impaired loans for the nine months ended September 30, 2017 and 2016 was \$99,000 and \$191,000, respectively. Interest income recognized on impaired loans for the year ended December 31, 2016 was \$185,000. The average recorded investment in impaired loans during the nine months ended September 30, 2017 and 2016 was \$3.09 million and \$5.43 million, respectively. The average recorded investment in impaired loans during the year ended December 31, 2016 was \$4.16 million.

Table of Contents

In this current real estate environment it has become more common to restructure or modify the terms of certain loans under certain conditions. In certain circumstances, it may be more beneficial to restructure the terms of a loan and work with the borrower for the benefit of both parties, instead of forcing the property into foreclosure and having to dispose of it in an unfavorable real estate market. The modification of the terms of such loans has included one or a combination of the following: a reduction of the stated interest rate of the loan; an extension of the maturity date at a stated rate of interest lower than the current market rate for new debt with similar risk; or a permanent reduction of the recorded investment in the loan. At September 30, 2017 we had \$1.70 million of troubled debt restructures (TDRs) that are performing pursuant to their modified terms and none that are not performing pursuant to their modified terms. TDRs are included in our impaired loans, whether they are performing or nonperforming.

The table below summarizes our impaired loans and TDRs at the periods indicated.

Our policy is to return nonaccrual TDR loans to accrual status when all the principal and interest amounts due, pursuant to its modified terms, are brought current and future payments are reasonably assured. Our policy also considers the payment history of the borrower in assessing the confidence that future payments are reasonably assured, which typically requires six months of prompt payments. Loans are modified to minimize loan losses when we believe the modification will improve the borrower's financial condition and their ability to repay the loan. We typically do not forgive principal. We generally either reduce interest rates or decrease monthly payments for a temporary period of time and those reductions of cash flows are capitalized into the loan balance. We may also extend maturities, convert balloon loans to longer term amortizing loans, or vice versa, or change interest rates between variable and fixed rate. Each borrower and situation is unique and we try to accommodate the borrower and minimize TwinCo's potential losses. There does not appear to be any significant difference in success rates with one type of concession versus another.

Table of Contents

We are continually analyzing our loan portfolio in an effort to recognize and resolve our problem assets as quickly and efficiently as possible. While we believe we use the best information available at the time to make a determination with respect to the allowance for loan losses, we recognize that many factors can adversely impact various segments of our markets, and subsequent adjustments in the allowance may be necessary if future economic indications or other factors differ from the assumptions used in making the initial determination or if regulatory policies change. We continuously focus our attention on promptly identifying and providing for potential problem loans, as they arise.

As of September 30, 2017, loans that were past-due 30-89 days totaled \$117,000. The table below summarizes our accruing loans past due greater than 30 days and less than 90 days for the periods presented.

Although the total allowance for loan losses is available to absorb losses from all loans, management allocates the allowance among loan portfolio categories for informational and regulatory reporting purposes. Regulatory examiners may require us to recognize additions to the allowance based upon the regulators' judgments about the information available to them at the time of their examination, which may differ from our judgments about the allowance for loan losses.

While no portion of the allowance is in any way restricted to any individual loan or group of loans, and the entire allowance is available to absorb losses from any and all loans, the following table summarizes our allocation of allowance for loan losses by loan category and loans in each category as a percentage of total loans, for the periods presented.

Foreclosed Real Estate

At September 30, 2017, foreclosed real estate was \$135,000 as compared to \$0 at December 31, 2016. The September 30, 2017 foreclosed real estate is related to one commercial real estate property.

Premises and Equipment

Premises and equipment was \$1.12 million at September 30, 2017, compared to \$1.17 million at December 31, 2016. The gradual reduction in the amount of the investment in bank premises and equipment is attributable to normal ongoing depreciation. There have been no material acquisitions of fixed assets during the year ended December 31, 2016 or nine months ended September 30, 2017.

At September 30, 2017, we operated from two banking locations in Twin Bridges and Sheridan, Montana. We currently own all the banking locations.

Deposits

Average total deposits during the nine months ended September 30, 2017 was \$78.55 million, as compared to \$79.59 million for the nine months ended September 30, 2016. The yield on total average deposits was relatively consistent period over period. The yield on total deposits was 0.19% for the nine months ended September 30, 2017, compared to 0.18% for the nine months ended September 30, 2016. Deposit interest income increased slightly by \$5,000 for the nine months ended September 30, 2017 compared to the same period in 2016. This increase was due to the slight increase in yield partially offset by the decrease in total average deposits period over period.

Total deposits increased \$610,000, or 0.8%, to \$80.27 million at September 30, 2017, from \$79.66 million at December 31, 2016. Noninterest checking increased by \$1.41 million to \$21.57 million at September 30, 2017. Savings increased \$1.30 million or 9.2% to \$15.50 million at September 30, 2017. These increases were largely offset by decreases in the other deposit categories. Money markets decreased \$912,000 or 6.0%, to \$14.30 million at September 30, 2017. Certificates of deposit decreased \$875,000 or 4.5%, to \$18.60 million at September 30, 2017. At September 30, 2017, certificates of deposit included \$671,000 in reciprocal brokered certificates through the Certificate of Deposit Account Registry Service (CDARS). At December 31, 2016, certificates of deposit included \$1.18 million in reciprocal brokered certificates through CDARS. Interest bearing checking decreased \$315,000 or

3.0%, to \$10.30 million at September 30, 2017.

Our strategy has been to attract and grow relationships in our core deposit accounts, which we define as non-time deposit accounts, and not aggressively seek deposits based on pricing.

The tables below summarize selected deposit information at and for the periods indicated.

Liquidity and Market Risk Management

Market and public confidence in our financial strength and financial institutions in general will largely determine our access to appropriate levels of liquidity. This confidence is significantly dependent on our ability to maintain sound asset quality and appropriate levels of capital reserves.

Liquidity is defined as the ability to meet anticipated customer demands for funds under credit commitments and deposit withdrawals at a reasonable cost and on a timely basis. We measure our liquidity position by giving consideration to both on- and off-balance sheet sources of and demands for funds on a regular basis.

Liquidity risk involves the risk of being unable to fund assets with the appropriate duration and rate-based liabilities, as well as the risk of not being able to meet unexpected cash needs. Liquidity planning and management are necessary to ensure the ability to fund operations cost-effectively and to meet current and future potential obligations such as loan commitments and unexpected deposit outflows. In this process, we focus on both assets and liabilities and on the manner in which they combine to provide adequate liquidity to meet our needs.

Table of Contents

There are no known trends, commitments or events which are expected to result in a material change in our liquidity.

The Bank is required to maintain minimum levels of liquidity. For internal reporting purposes, the Bank uses policy minimums of 20.0% for its liquidity ratio. The liquidity ratio is the ratio of total liquidity sources to total assets. Liquidity sources include interest bearing deposits in banks and investment securities available for sale. The Bank exceeded these minimum ratios as of September 30, 2017 and December 31, 2016.

Interest rate risk is the potential for loss of future earnings resulting from adverse changes in the level of interest rates. Interest rate risk results from several factors and could have a significant impact on the Company's net interest income, which is the Company primary source of income. Net interest income is affected by changes in interest rates, the relationship between rates on interest bearing assets and liabilities, the impact of interest fluctuations on asset prepayments and the mix of interest bearing assets and liabilities.

Although interest rate risk is inherent in the banking industry, banks are expected to have sound risk management practices in place to measure, monitor and control interest rate exposures. The objective of interest rate risk management is to contain the risks associated with interest rate fluctuations. The process involves identification and management of the sensitivity of net interest income to changing interest rates.

The Bank has established acceptable levels of interest rate risk as follows: Projected net interest income over the next twelve months will not be reduced by more than 10.0% given a change in interest rates of up to 200 basis points (+ or -). Projected net interest income over the next twenty-four months will not be reduced by more than 12.5% given a change in interest rates of up to 200 basis points (+ or -). The following table includes the Banks's net interest income sensitivity analysis.

Capital Resources

Total stockholders' equity at September 30, 2017 was \$14.63 million. At December 31, 2016 total stockholders' equity was \$13.97 million. The \$668,000 net increase from December 31, 2016 to September 30, 2017 is the result of the combination of \$1.31 million in net income and \$278,000 in unrealized gains in securities available for sale partially offset by \$921,000 in cash dividends.

At September 30, 2017, the Bank's internally determined measurement of sensitivity to interest rate movements as measured by a 200 basis point rise in interest rates scenario, increased the economic value of equity ("EVE") by 0.8% compared to a decrease of 6.4% at December 31, 2016. The Bank is within its internal policy limits.

The bank regulatory agencies have established risk-based capital requirements for banks. These guidelines are intended to provide an additional measure of a bank's capital adequacy by assigning weighted levels of risk to asset categories. Banks are also required to systematically maintain capital against such "off-balance sheet" activities as loans sold with recourse, loan commitments, guarantees and standby letters of credit. These guidelines are intended to strengthen the quality of capital by increasing the emphasis on common equity and restricting the amount of loan loss reserves and other forms of equity such as preferred stock that may be included in capital.

Table of Contents

Certain items such as goodwill and other intangible assets are deducted from total capital in arriving at the various regulatory capital measures such as Tier 1 capital and total risk based capital. TwinCo's objective is to maintain its current status and Ruby Valley Bank's current status as a "well-capitalized institution" as that term is defined by its regulators.

Under the terms of the guidelines, banks must meet minimum capital adequacy based upon both total assets and risk-adjusted assets. All banks are required to maintain a minimum ratio of total capital to risk-weighted assets of 8%, a minimum ratio of Tier I capital to risk-weighted assets of 4% and a minimum ratio of Tier 1 capital to average assets of 4% ("leverage ratio"). Adherence to these guidelines has not had an adverse impact on TwinCo.

Selected consolidated capital ratios at September 30, 2017 and December 31, 2016 were as follows:

Effects of Inflation and Changing Prices

The Consolidated Financial Statements included in this proxy statement/prospectus have been prepared in accordance with generally accepted accounting principles, which require the measurement of financial position and operating results in terms of historical dollars without considering the change in the relative purchasing power of money over time due to inflation. Unlike most industrial companies, virtually all of the assets and liabilities of a financial institution are monetary in nature. As a result, interest rates generally have a more significant impact on the performance of a financial institution than the effects of general levels of inflation. Although interest rates do not necessarily move in the same direction or to the same extent as the prices of goods and services, increases in inflation generally have resulted in increased interest rates. In addition, inflation affects financial institutions' increased cost of goods and services purchased, the cost of salaries and benefits, occupancy expense, and similar items. Inflation and related increases in interest rates generally decrease the market value of investments and loans held and may adversely affect liquidity, earnings, and shareholders' equity. Commercial and other loan originations and refinancings tend to slow as interest rates increase, and can reduce our earnings from such activities.

Off-Balance Sheet Arrangements

TwinCo generally does not have any off-balance sheet arrangements, other than approved and unfunded loans and letters and lines of credit to our customers in the ordinary course of business.

Common Stock

Subject to the prior or special rights of holders of shares of preferred stock:

Dividends. The holders of shares of common stock are entitled to any dividends that may be declared by our board of directors out of legally available funds;

Liquidation, Dissolution or Winding Up. In the event of a liquidation, dissolution or winding up of the Company, the holders of shares of our common stock are entitled upon liquidation to share ratably in all assets remaining after payment of liabilities and the satisfaction of the liquidation preferences of any outstanding shares of preferred stock;

Redemption. The holders of shares of our common stock are not subject to, or entitled to the benefits of, any redemption or sinking fund provision;

Conversion. No holder of common stock has the right to convert or exchange any such shares with or into any other shares of capital stock of the Company;

Preemptive Rights. No holder of common stock has preemptive rights; and

Voting. Each share of common stock entitles the holder thereof to one vote, in person or by proxy, on all matters submitted to a vote of stockholders generally. Voting is non-cumulative. The outstanding shares of our common stock are fully paid and non-assessable. Except as specifically provided in the Delaware General Corporation Law (the “DGCL”) or in the Company’s certificate of incorporation or bylaws, the affirmative vote required for stockholder action shall be that of a majority of the shares present in person or represented by proxy at the meeting (as counted for purposes of determining the existence of a quorum at the meeting). Directors are elected by a plurality of the votes cast in the election.

Preferred Stock

The following description of the terms of the preferred stock sets forth the general terms and provisions of the preferred stock to which any prospectus supplement may relate. Other terms of any series of the preferred stock offered by any prospectus supplement will be described in that prospectus supplement. The description of the provisions of the preferred stock set forth below and in any applicable prospectus supplement does not purport to be complete and is subject to and qualified in its entirety by reference to our amended and restated certificate of incorporation and the certificate of designations relating to each series of the preferred stock. The certificate of designations will be filed with the Commission and incorporated by reference in the registration statement of which this prospectus is a part at or prior to the time of the issuance of each new series of preferred stock.

Table of Contents

The preferred stock may be issued from time to time by our board of directors as shares of one or more classes or series. Subject to the provisions of our amended and restated certificate of incorporation and limitations prescribed by law, our board of directors is expressly authorized to adopt resolutions to issue the shares, to fix the number of shares, to change the number of shares constituting any series and to provide for or change the voting powers, designations, preferences and relative, participating, optional or other special rights, qualifications, limitations or restrictions thereof, including dividend rights (including whether dividends are cumulative), dividend rates, terms of redemption (including sinking fund provisions), redemption prices, conversion rights and liquidation preferences of the shares constituting any class or series of the preferred stock, in each case without any action or vote by the holders of common stock.

The issuance of shares of preferred stock, or the issuance of rights to purchase shares of preferred stock, could be used to discourage an unsolicited acquisition proposal. For instance, the issuance of a series of preferred stock might impede a business combination by including class voting rights that would enable the holders to block such a transaction; or the issuance might facilitate a business combination by including voting rights that would provide a required percentage vote of the stockholders. In addition, under some circumstances, the issuance of preferred stock could adversely affect the voting power of the holders of the common stock. Although our board of directors is required to make any determination to issue preferred stock based on its judgment as to the best interests of our stockholders, the board of directors could act in a manner that would discourage an acquisition attempt or other transaction that some or a majority of the stockholders might believe to be in their best interests or in which stockholders might receive a premium for their stock over the then market price of the stock. The board of directors does not currently intend to seek stockholder approval prior to any issuance of currently authorized stock, unless otherwise required by law or the rules of any market on which our securities are traded.

The preferred stock shall have the dividend, liquidation, redemption and voting rights set forth in a prospectus supplement relating to the particular series of the preferred stock. Reference is made to the prospectus supplement relating to the particular series of the preferred stock offered by the prospectus supplement for specific terms, including:

the designation and stated value per share of such preferred stock and the number of shares offered;

the amount of liquidation preference per share;

the initial public offering price at which the preferred stock will be issued;

the dividend rate or method of calculation, the dates on which dividends shall be payable, the form of dividend payment and the dates from which dividends shall begin to cumulate, if any;

any redemption or sinking fund provisions;

any conversion or exchange rights; and

any additional voting, dividend, liquidation, redemption, sinking fund and other rights, preferences, privileges, limitations and restrictions.

The preferred stock will, when issued, be fully paid and nonassessable and new series of preferred stock will not have preemptive rights. The rights of the holders of each series of the preferred stock will be subordinate to the rights of our general creditors.

Certain Anti-Takeover Effects of Certain Provisions of the Company’s Amended and Restated Certificate of Incorporation, Bylaws and the Delaware General Corporation Law

The following discussion is a general summary of the material provisions of Eagle’s Amended and Restated Certificate of Incorporation and Bylaws and certain other regulatory provisions that may be deemed to have an “anti-takeover” effect. The following description of certain of these provisions is necessarily general and reference should be made in each case to the actual document or regulatory provision in question.

Eagle’s Amended and Restated Certificate of Incorporation and Bylaws

Eagle’s Amended and Restated Certificate of Incorporation and Bylaws contain a number of provisions relating to corporate governance and rights of stockholders that might discourage future takeover attempts. As a result, stockholders who might desire to participate in such transactions may not have an opportunity to do so. In addition, these provisions will also render the removal of the board of directors or management of Eagle more difficult.

Prohibition of Cumulative Voting. The Amended and Restated Certificate of Incorporation prohibits cumulative voting for the election of directors.

Restrictions on Removing Directors from Office. The Amended and Restated Certificate of Incorporation provides that directors may be removed only for cause, and only by the affirmative vote of the holders of at least 80% of the voting power of all of our then-outstanding common stock entitled to vote.

Authorized but Unissued Shares. Eagle has authorized but unissued shares of common and preferred stock. Eagle is authorized to issue preferred stock from time to time in one or more series subject to applicable provisions of law, and the board of directors is authorized to fix the designations, and relative preferences, limitations, voting rights, if any, including without limitation, offering rights of such shares (which could be multiple or as a separate class). In the event of a proposed merger, tender offer or other attempt to gain control of Eagle that the board of directors does not approve, it might be possible for the board of directors to authorize the issuance of a series of preferred stock with rights and preferences that would impede the completion of the transaction. An effect of the possible issuance of preferred stock therefore may be to deter a future attempt to gain control of Eagle. The board of directors has no present plan or understanding to issue any preferred stock.

Amendments to Amended and Restated Certificate of Incorporation and Bylaws. Amendments to the Amended and Restated Certificate of Incorporation must be approved by our board of directors and also by at least a majority of the

outstanding shares of our voting stock; provided, however, that approval by at least 80% of the outstanding voting stock is generally required to amend the following provisions:

- (i) the applicability of Section 203 of the Delaware General Corporation Law;
- (ii) the division of the board of directors into three classes;
- (iii) the limitation on voting rights of persons who directly or indirectly beneficially own more than 10% of the outstanding shares of common stock;
- (iv) the indemnification of current and former directors and officers by Eagle;
- (v) the requirement of an 80% stockholder approval for business combination transactions with interested stockholders;
- (vi) the prohibition of stockholder action by written consent;
- (vii) the requirement that the holders of at least 80% of the outstanding shares of common stock must vote to remove directors, and can only remove directors for cause;
- (viii) the limitation of liability of officers and directors to Eagle for money damages; and

Table of Contents

the provision of the Amended and Restated Certificate of Incorporation requiring approval of at least 80% of the (ix) outstanding voting stock to amend the provisions of the Amended and Restated Certificate of Incorporation provided in (i) through (viii) of this list.

The Amended and Restated Certificate of Incorporation also provides that certain bylaws may be amended by the affirmative vote of a majority of our directors or by the stockholders and that specified provisions in the Bylaws may only be amended by the stockholders by the affirmative vote of at least 80% of the total votes eligible to be voted at a duly constituted meeting of stockholders. Any amendment of this supermajority requirement for amendment of the Bylaws would also require the approval of 80% of the outstanding voting stock.

Stockholder Vote Required to Approve Business Combinations with Principal Shareholders. The Amended and Restated Certificate of Incorporation of Eagle requires the approval of the holders of at least 80% of Eagle's outstanding shares of voting stock to approve certain "Business Combinations," as defined therein, and related transactions. Under Delaware law, absent this provision, Business Combinations, including mergers, consolidations and sales of all or substantially all of the assets of a corporation must, subject to certain exceptions, be approved by the vote of the holders of only a majority of the outstanding shares of common stock of Eagle and any other affected class of stock. Under the Amended and Restated Certificate of Incorporation, at least 80% approval of stockholders is required in connection with any transaction involving an interested stockholder (as defined below) except (i) in cases where the proposed transaction has been approved in advance by a majority of those members of Eagle's board of directors who are unaffiliated with the interested stockholder and were directors prior to the time when the interested stockholder became an interested stockholder or (ii) if the proposed transaction meets certain conditions set forth in the Amended and Restated Certificate of Incorporation, which are designed to afford the stockholders a fair price in consideration for their shares in which case, if a stockholder vote is required, approval of only a majority of the outstanding shares of voting stock would be sufficient.

The term "interested stockholder" is defined to include any individual, corporation, partnership or other entity (other than Eagle or its subsidiary) which owns beneficially or controls, directly or indirectly, 15% or more of the outstanding shares of voting stock of Eagle. This provision of the Amended and Restated Certificate of Incorporation applies to any "Business Combination," which is defined to include (i) any merger, consolidation or share exchange of Eagle or any of its subsidiaries with or into any interested stockholder or affiliate of an interested stockholder; (ii) any sale, lease, exchange, mortgage, pledge, transfer, or other disposition to or with any interested stockholder or affiliate of assets of Eagle having an aggregate market value of 10% or more of either the aggregate market value of the total consolidated assets of Eagle or the aggregate market value of the outstanding stock of Eagle; (iii) the issuance or transfer to any interested stockholder or its affiliate by Eagle (or any subsidiary) of any securities of Eagle subject to certain exceptions; (iv) the adoption of any plan for the liquidation or dissolution of Eagle proposed by or on behalf of any interested stockholder or affiliate thereof; (v) any reclassification of securities, recapitalization, merger or consolidation of Eagle which has the effect of increasing the proportionate share of outstanding shares of common stock or any class of equity or convertible securities of Eagle owned directly or indirectly by an interested stockholder or affiliate thereof; (vi) any transaction involving Eagle or any subsidiary that has the effect of increasing the proportionate share of the stock of any class or securities convertible into stock of any class or series owned by the interested stockholder except for immaterial changes due to fractional share adjustments or as a result of stock repurchases not caused by the interested stockholder; and (vii) any receipt by the interested stockholder of the benefit of any loans, advances, guarantees, pledges or other financial benefits provided by or through Eagle or any subsidiary.

Our board of directors believes that the provisions described above or below are prudent and will reduce our vulnerability to takeover attempts and certain other transactions that have not been negotiated with and approved by our board of directors. Our board of directors believes these provisions are in the best interests of Eagle and its stockholders. Our board of directors believes that it will be in the best position to determine the true value of Eagle and to negotiate more effectively for what may be in the best interests of its stockholders. Accordingly, our board of directors believes that it is in the best interests of Eagle and its stockholders to encourage potential acquirers to negotiate directly with the board of directors and that these provisions will encourage such negotiations and discourage hostile takeover attempts. It is also the view of our board of directors that these provisions should not discourage persons from proposing a merger or other transaction at a price reflective of the true value of Eagle and that is in the best interests of all stockholders.

Table of Contents

Takeover attempts that have not been negotiated with and approved by our board of directors present the risk of a takeover on terms that may be less favorable than might otherwise be available. A transaction that is negotiated and approved by our board of directors, on the other hand, can be carefully planned and undertaken at an opportune time in order to obtain maximum value of Eagle for our stockholders, with due consideration given to matters such as the management and business of the acquiring corporation and maximum strategic development of Eagle's assets.

Despite our belief as to the benefits to stockholders of these provisions of Eagle's Amended and Restated Certificate of Incorporation and Bylaws, these provisions may also have the effect of discouraging a future takeover attempt that would not be approved by our board of directors, but pursuant to which stockholders may receive a substantial premium for their shares over then current market prices. As a result, stockholders who might desire to participate in such a transaction may not have any opportunity to do so. Such provisions will also make it more difficult to remove our board of directors and management. Our board of directors, however, has concluded that the potential benefits outweigh the possible disadvantages.

Pursuant to applicable law and, if required, following the approval by stockholders, we may adopt additional anti-takeover provisions in our Amended and Restated Certificate of Incorporation or other devices regarding the acquisition of our equity securities that would be permitted for a Delaware business corporation.

The cumulative effect of the restrictions on acquisition of Eagle contained in our Amended and Restated Certificate of Incorporation and Bylaws and in Delaware law may be to discourage potential takeover attempts and perpetuate incumbent management, even though certain stockholders of Eagle may deem a potential acquisition to be in their best interests, or deem existing management not to be acting in their best interests.

Delaware Corporate Law

In addition, the state of Delaware has a statute designed to provide Delaware corporations, such as Eagle, with additional protection against hostile takeovers. The takeover statute, which is codified in Section 203 of the Delaware General Corporation Law is intended to discourage certain takeover practices by impeding the ability of a hostile acquiror to engage in certain transactions with the target company.

In general Section 203 provides that a "Person" who owns 15% or more of the outstanding voting stock of a Delaware corporation (referred to in Section 203 as an "Interested Shareholder") may not consummate a merger or other business combination transaction with such corporation at any time during the three-year period following the date such "Person" became an Interested Shareholder. The term "business combination" is defined broadly to cover a wide range of corporate transactions including mergers, sales of assets, issuances of stock, transactions with subsidiaries and the receipt of disproportionate financial benefits.

The statute exempts the following transactions from the requirements of Section 203: (i) any business combination if, prior to the date a person became an Interested Shareholder, the board of directors approved either the business combination or the transaction which resulted in the shareholder becoming an Interested Shareholder; (ii) any business combination involving a person who acquired at least 85% of the outstanding voting stock in the transaction in which he became an Interested Shareholder, with the number of shares outstanding calculated without regard to those shares owned by the corporation's directors who are also officers and by certain employee stock plans; (iii) any business combination with an Interested Shareholder that is approved by the board of directors and by a two-thirds vote of the outstanding voting stock not owned by the Interested Shareholder; and (iv) certain business combinations that are proposed after the corporation had received other acquisition proposals and which are approved or not opposed by a majority of certain continuing members of the board of directors. A corporation may exempt itself from the requirements of the statute by adopting an amendment to its certificate of incorporation or bylaws electing not to be governed by Section 203. At the present time, the board of directors does not intend to propose any such amendment.

Bank Regulatory Requirements

The Bank Holding Company Act requires any "bank holding company," as defined in the Bank Holding Company Act, to obtain the approval of the FRB before acquiring 5% or more of our common stock. Any person, other than a bank holding company, is required to obtain the approval of the FRB before acquiring 25% or more of our voting stock and in certain circumstances, more than 10% of our voting stock. Under the Federal Change in Bank Control Act (the "Control Act"), a 60-day prior written notice must be submitted to the FRB if any person, or any group acting in concert, seeks to acquire 10% or more of any class of outstanding voting securities of a bank holding company, unless the FRB determines that the acquisition will not result in a change of control. Under the Control Act, the FRB has 60 days within which to act on such notice taking into consideration certain factors, including the financial and managerial resources of the acquirer, the convenience and needs of the community served by the bank holding company and its subsidiary banks and the antitrust effects of the acquisition.

UNAUDITED PRO FORMA COMBINED CONSOLIDATED FINANCIAL INFORMATION

The following unaudited pro forma combined financial information and explanatory notes are presented to show the impact of the proposed merger with TwinCo on our company's historical financial positions and results of operations under the purchase method of accounting. Under this method of accounting, the assets and liabilities of the company not surviving the merger are, as of the effective date of the merger, recorded at their respective fair values and added to those of the surviving corporation. The unaudited pro forma condensed combined financial information combines the historical financial information of Eagle and TwinCo at and for the nine months ended September 30, 2017, and for the year ended December 31, 2016. The unaudited pro forma combined condensed balance sheet as of September 30, 2017 assumes the merger was consummated on that date. The unaudited pro forma combined consolidated condensed statements of income give effect to the merger as if the merger had been consummated at the beginning of each period presented.

The unaudited pro forma combined condensed financial information is presented for illustrative purposes only and is not necessarily indicative of the actual results that would have occurred if the merger had been consummated during the period or as of the date of which the pro forma data are presented, nor is it necessarily indicative of future results. The pro forma data do not reflect any potential benefits from potential cost savings or synergies expected to be achieved following the merger. The pro forma fair values for assets and liabilities are subject to change as result of final valuation analyses and include no adjustments for evaluation of credit risk, principally related to loans. In addition, the pro forma data assumes no changes to the combined capitalization, such as increases in long-term debt or the repurchase of shares issued in connection with the merger.

The unaudited pro forma combined condensed financial information is based on and should be read in conjunction with the historical consolidated financial statements and the related notes of Eagle, which are incorporated in this document by reference.

NOTES TO UNAUDITED PRO FORMA CONDENSED COMBINED FINANCIAL STATEMENTS

(all amounts are in thousands, except per share data, unless otherwise indicated)

Note 1—Basis of Pro Forma Presentation

The unaudited pro forma combined balance sheet as of September 30, 2017 and the unaudited pro forma combined statements of income for the nine months ended September 30, 2017 and the year ended December 31, 2016 are based on the historical financial statements of Eagle and TwinCo after giving effect to the completion of the merger and the assumptions and adjustments described in the accompanying notes. Such financial statements reflect estimated cost savings of \$.3 million annually, but no revenue synergies expected to result from the merger, or the costs to achieve these cost savings or revenue synergies, or any anticipated disposition of assets that may result from the integration of operations.

The transaction will be accounted for under the acquisition method of accounting in accordance with Accounting Standards Codification (“ASC”) Topic 805, Business Combinations (“ASC 805”). In business combination transactions in which the consideration given is not in the form of cash (that is, in the form of non-cash assets, liabilities incurred, or equity interests issued), measurement of the acquisition consideration is based on the fair value of the consideration given or the fair value of the asset (or net assets) acquired, whichever is more clearly evident and, thus, a more reliable measure.

Under ASC 805, all of the assets acquired and liabilities assumed in a business combination are recognized at their acquisition at their acquisition-date fair value, while transaction costs and restructuring costs associated with the business combination are expensed as incurred. The excess of the acquisition consideration over the fair value of assets acquired and liabilities assumed, if any, is allocated to goodwill. Changes in deferred tax asset valuation allowances and income tax uncertainties after the acquisition date generally affect income tax expense. Subsequent to the completion of the merger, Eagle and TwinCo will finalize an integration plan, which may affect how the assets acquired, including intangible assets, will be utilized by the combined company. For those assets in the combined company that will be phased out or will no longer be used, additional depreciation and possibly impairment charges will be recorded after management completes the integration plan.

The unaudited pro forma information is presented solely for informational purposes and is not necessarily indicative of the combined results of operations or financial position that might have been achieved for the periods or dates indicated, nor is it necessarily indicative of the future results of the combined company.

Note 2—Preliminary Estimated Acquisition Consideration

Had the TwinCo merger occurred on September 30, 2017, the preliminary estimated acquisition consideration is as follows:

	(In Thousands, Except Per Share Data)
Cash consideration	\$9,900
Shares to be issued:	446,773
Price per share at September 30, 2017	\$18.50

Calculated purchase price	\$18,165

Table of Contents**Note 3—Preliminary Estimated Acquisition Consideration Allocation**

Under the acquisition method of accounting, the total acquisition consideration is allocated to the acquired tangible and intangible assets and assumed liabilities of TwinCo based on the estimated fair values as of the closing of the merger. The excess of the acquisition consideration over the fair value of assets acquired and liabilities assumed, if any, is allocated to goodwill.

The allocation of the estimated acquisition consideration with regard to TwinCo is preliminary because the proposed merger has not yet been completed. The preliminary allocation is based on estimates, assumptions, valuations, and other studies which have not progressed to a stage where there is sufficient information to make a definitive allocation. Accordingly, the acquisition consideration allocation unaudited pro forma adjustments will remain preliminary until Eagle management determines the final acquisition consideration and the fair values of assets acquired and liabilities assumed. The final determination of the acquisition consideration allocation is anticipated to be completed as soon as practicable after the completion of the merger and will be based on the value of the Eagle common stock in accordance with the merger agreement. The final amounts allocated to assets acquired and liabilities assumed could differ significantly from the amounts presented in the unaudited pro forma combined consolidated financial statements.

The total preliminary estimated acquisition consideration as shown in the table above is allocated to TwinCo's tangible and intangible assets and liabilities as of September 30, 2017 based on their preliminary estimated fair values as follows.

	(In Thousands)
Cash and cash equivalents	\$ 5,681
Investment securities	29,882
Loans	54,884
OREO	135
Bank premises and equipment	1,123
Other assets	1,450
Intangible assets	926
Goodwill	4,719
Deposits	(80,266)
Other borrowings	-
Other liabilities	(369)
Total preliminary estimated acquisition consideration	\$ 18,165

Approximately \$926,000 has been preliminary allocated to amortizable intangible assets acquired. The amortization related to the preliminary fair value of net amortizable intangible assets is reflected as a pro forma adjustment to the unaudited pro forma condensed combined financial statements.

Identifiable intangible assets. The preliminary fair values of intangible assets were determined based on the provisions of ASC 805, which defines fair value in accordance with ASC Topic 820, *Fair Value Measurements and Disclosures* (“ASC 820”). ASC 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Intangible assets were identified that met either the separability criterion or the contractual-legal criterion described in ASC 805. The preliminary allocation to intangible assets is allocated to core deposit intangibles.

Table of Contents

Goodwill. Goodwill represents the excess of the preliminary estimated acquisition consideration over the preliminary fair value of the underlying net tangible and intangible assets. Among the factors that contributed to a purchase price in excess of the fair value of the net tangible and intangible assets are the skill sets, operations, customer base and organizational cultures that can be leveraged to enable the combined company to build an enterprise greater than the sum of its parts. In accordance with ASC Topic 350, *Intangibles — Goodwill and Other*, goodwill will not be amortized, but instead will be tested for impairment at least annually and whenever events or circumstances have occurred that may indicate a possible impairment. In the event management determines that the value of goodwill has become impaired, the combined company will incur an accounting charge for the amount of the impairment during the period in which the determination is made.

Note 4—Preliminary Unaudited Pro Forma and Acquisition Accounting Adjustments

The unaudited pro forma financial information is not necessarily indicative of what the financial position actually would have been had the merger been completed at the date indicated. Such information includes adjustments which are preliminary and may be revised. Such revisions may result in material changes. The financial position shown herein is not necessarily indicative of what the past financial position of the combined companies would have been, nor necessarily indicative of the financial position of the post-merger periods.

The following unaudited pro forma adjustments result from accounting for the merger, including the determination of fair value of the assets, liabilities, and commitments which Eagle, as the acquirer. The descriptions related to these preliminary adjustments are as follows.

Balance Sheet –

(a) Adjustment of \$1.4 million to cash to reflect seller and buyer expenses paid at closing.

(b) A fair value discount of \$1.4 million to reflect the credit risk of the loan portfolio, net of any adjustment to reflect fair values of loans based on current interest rates of similar loans. The adjustment will be substantially recognized over approximately 3.2 years using an amortization method based upon the expected life of the loans.

Reversal of Ruby Valley Bank's allowance for loan losses of \$1.4 million in accordance with acquisition method of (c) accounting for the merger. No projected increase in loan loss provision is anticipated with the additional loans from Ruby Valley Bank included in the portfolio after the merger close.

An adjustment to reflect the fair value of bank premises and equipment cannot be estimated at this time. We do (d) anticipate that upon receipt of real estate appraisals and other valuation measures, that there will be an adjustment to record bank premises and equipment at fair value when the merger is completed.

(e) An adjustment to reflect the preliminary estimated goodwill of \$4.7 million as a result of this acquisition. As noted above, goodwill is created when the purchase price consideration exceeds the fair value of the assets acquired.

(f) Adjustment to record the core deposit intangible associated with the merger of \$926,000. The fair value of this asset and the related amortization uses an expected life of 10 years. The amortization of the core deposit intangible is expected to increase pro forma pre-tax noninterest expense by \$161,000 in the first year following consummation.

(g) Adjusts the deferred tax liabilities resulting from the acquisition. The estimated increase in deferred tax liability of \$278,000 stems primarily from the fair value adjustments and is preliminary and subject to change based on the final determination of the fair value of assets acquired and liabilities assumed.

(h) Reflects new term debt of \$9.9 million to fund the cash portion of the acquisition. This assumes the cash portion paid to the seller will be borrowed at the time the merger is completed at a rate of 2.25%. Interest expense in the first year of \$223,000 is expected.

(i) Recognition of the equity portion of the merger consideration. The adjustment to common stock represents the \$.01 par value for the 446,773 shares of Eagle common stock issuable in the merger to the holders of TwinCo shares, which rounded to \$4,000. TwinCo common stock of \$76,000 closes out upon the merger close. The TwinCo treasury stock will be closed out at the close. The adjustment to additional paid-in capital represents the amount of equity consideration above the par value of Eagle common stock issuable in the merger, the close out of TwinCo common stock, and the close out of TwinCo treasury stock.

Table of Contents

(j) Adjustment to reflect the Ruby Valley Bank retained earnings closing out to additional paid-in capital.

(k) Reflects an adjustment to eliminate the Ruby Valley Bank accumulated comprehensive income (loss) at the time of the merger closing.

Income Statement – Nine months ended September 30, 2017 and year ended December 31, 2016

Deposits at other banks are expected to diminish thereby reducing the interest income. The reduced interest income (l) will be offset with reduced interest expense from other borrowings. The amounts are considered immaterial and are not adjusted.

(m) Estimated reduction of Ruby Valley Bank non-interest expenses is expected, or \$309,000 annualized reduction.

(n) Represents amortization of core deposit premium. Premium will be amortized over 10 years using the sum-of-years digits method, or \$161,000 in the first year.

(o) Anticipated restructuring costs of \$250,000 are not expected in the first 9-months, and are reflected within the first nine months following the close of the merger.

(p) Reflects the income tax effect of pro forma adjustments based on the estimated blended federal and state tax rate of 30%.

(q) TwinCo is an S corporation and as a result there are no income taxes reflected in its statements of income.

Report of Independent Registered Public Accounting Firm

To the Board of Directors and Stockholders of

TwinCo, Inc. and Subsidiary

We have audited the accompanying consolidated statement of financial condition of **TwinCo, Inc. and Subsidiary (TwinCo)** as of December 31, 2016 and the related consolidated statements of income, comprehensive income, stockholders' equity and cash flows for the year ended December 31, 2016. TwinCo's management is responsible for these financial statements. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of **TwinCo, Inc. and Subsidiary** as of December 31, 2016 and the results of their operations and their cash flows for the year ended December 31, 2016, in conformity with accounting principles generally accepted in the United States of America.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2016

NOTE 1 - SUMMARY OF ACCOUNTING POLICIES

The accounting and reporting policies of TwinCo, Inc. and Subsidiary conform to accounting principles generally accepted in the United States of America (“GAAP”) and to general practice within the banking industry. The following is a summary of the significant accounting and reporting policies:

Organization and Principles of Consolidation

TwinCo, Inc. (“Twinco”) is a bank holding company that owns 100% of the stock of Ruby Valley Bank (“the Bank”). Twinco and the Bank are collectively referred to as “the Company.”

The accompanying consolidated financial statements include the consolidated totals of the accounts of Twinco and the Bank. All significant intercompany accounts and transactions have been eliminated in consolidation.

Nature of Operations

The Company provides a full range of banking and mortgage services to individual and business customers through its two branches located in Twin Bridges and Sheridan, Montana.

The Company is subject to competition from other financial institutions for loans and deposit accounts. The Company is also subject to regulation by certain governmental agencies and undergoes periodic examinations by those regulatory agencies. Twinco’s primary regulator is the Federal Reserve, and the Bank’s primary regulators are the state of Montana Division of Banking & Financial Institutions, and the Federal Deposit Insurance Corporation. Prior to a conversion to a state banking charter in October 2016, the Bank was regulated by the Office of the Comptroller of the Currency.

Use of Estimates

In preparing the financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities as of the date of the statement of financial condition and revenues and expenses for the period. Actual results could differ significantly from those estimates.

Material estimates that are particularly susceptible to significant change in the near-term relate to the determination of the allowance for loan losses and the fair value of financial instruments. In connection with the determination of the allowance for loan losses, management obtains independent appraisals for significant properties and assesses estimated future cash flows from borrowers' operations and the liquidation of loan collateral. In connection with the determination of the fair value of financial instruments, management obtains valuations from a third party investment pricing and interest rate risk modeling provider.

Significant Group Concentrations of Credit Risk

Most of the Company's activities are with customers located within the Company's areas of operations. A majority of the Company's loans are related to agriculture - particularly ranching - including farmland and production activities. The company also has a concentration in commercial loans, including real estate and operating activities. Note 3 discusses the types of lending in which the Company engages. Note 2 discusses the types of securities in which the Company invests.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2016

Cash and Cash Equivalents

Cash and cash equivalents include cash, transaction accounts at other financial institutions and interest bearing balances at the Federal Reserve Bank. For the Statement of Cash Flows, net cash flows are reported for customer loan and deposit transactions.

Balances in transaction accounts at other financial institutions may at times exceed amounts covered by federal deposit insurance. Management regularly evaluates the credit risk associated with other financial institutions and believes that the Company is not exposed to any significant credit risks on cash and cash equivalents. At December 31, 2016, cash at correspondent banks in excess of FDIC insured limits is \$32,000.

The Federal Reserve requires the Company to maintain certain cash reserves. At December 31, 2016, vault cash and Federal Reserve correspondent balances exceeded the reserve requirement of \$444,000.

Certificates of Deposit in Banks

Certificates of deposit in banks are carried at cost and are fully covered by federal deposit insurance, and are classified separately from cash and cash equivalents as the maturities of certificates of deposit in banks exceed 90 days.

Investment Securities

Investment securities are classified as “available for sale” and are stated at estimated fair value, with unrealized gains and losses excluded from earnings and reported in other comprehensive income.

The amortized cost of debt securities classified as available for sale is adjusted for amortization of purchase premiums and accretion of purchase discounts. Premiums and discounts are recognized in interest income using the interest method over the terms of the securities. For mortgage-backed securities, the term of the security is the expected life of the security given estimated paydowns. For other securities, the term of the security is the earlier of final maturity or the expected call date. The Company believes amortization to the call date rather than the final maturity date is insignificant to the financial statements as a whole. Gains and losses on the sale of securities are determined using the specific identification method.

Management evaluates securities for other-than-temporary impairment (“OTTI”) on at least a quarterly basis, and more frequently when economic or market conditions warrant such an evaluation. For securities in an unrealized loss position, management considers the extent and duration of the unrealized loss, and the financial condition and near-term prospects of the issuer. Management also assesses whether it intends to sell, or it is more likely than not that it will be required to sell, a security in an unrealized loss position before recovery of its amortized cost basis. If either of the criteria regarding intent or requirement to sell is met, the entire difference between amortized cost and fair value is recognized as an impairment charge to earnings. For debt securities that do not meet the aforementioned criteria, the amount of impairment is split into two components as follows: 1) OTTI related to credit loss, which is recognized as an impairment charge to earnings, and 2) OTTI related to other factors, which is recognized in other comprehensive income. The credit loss is defined as the difference between the present value of the cash flows expected to be collected and the amortized cost basis. For equity securities, the entire amount of impairment is recognized through earnings.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2016

Federal Home Loan Bank and Federal Reserve Bank Stock

The Company, as a member of the Federal Home Loan Bank system, is required to maintain an investment in the capital stock of the Federal Home Loan of Des Moines. No ready market exists for this stock, and it has no quoted market value and may generally only be redeemed by the Federal Home Loan Bank at par. For reporting purposes, such stock is considered restricted and is carried at cost. The Bank had a similar investment in the stock of the Federal Reserve Bank which was sold in 2016.

Loans

The Company grants real estate, agricultural, commercial and consumer loans to customers. The ability of the Company's borrowers to honor their contracts is dependent upon the real estate and general economic conditions in the Company's lending areas, as well as the strength of agricultural commodity markets and in particular markets related to ranching activities.

Loans that management has the intent and ability to hold for the foreseeable future or until maturity or pay-off are generally reported at their outstanding unpaid principal balances adjusted for charge-offs and the allowance for loan losses. Interest income is accrued on the unpaid principal balance. Loan origination fees are generally recognized as interest income at loan inception. Under GAAP, loan origination fees and loan origination costs should generally be deferred and recognized over the life of the loan as an adjustment of yield; however, the Company believes not deferring and amortizing such fees and costs is insignificant to the financial statements as a whole.

Past due loans are any loans for which payments of interest, principal or both have not been received within the timeframes designated by the loan agreements. Loans with payments in arrears but for which borrowers have resumed making scheduled payments are considered past due until arrearages are brought current. Loans that experience insignificant payment delays or payment shortfalls generally are not considered past due. Management determines the

significance of payment delays and payment shortfalls on a case-by-case basis, taking into consideration all of the circumstances surrounding the loan and the borrower, including the length of the delay, the reasons for the delay, the borrower's prior payment record, and the amount of the shortfall in relation to the principal and interest owed.

The accrual of interest on any loan is discontinued at the time the loan is 90 days past due unless the loan is well secured and in process of collection. Additionally, loans are placed on nonaccrual at an earlier date if collection of principal or interest is considered doubtful. When placing a loan on nonaccrual status, interest accrued to date is generally reversed and is charged against the current year's interest income. Payments received on a loan on nonaccrual status are applied against the balance of the loan. A loan is returned to accrual status when principal and interest are no longer past due and collectibility is no longer doubtful.

Troubled debt restructurings are loans for which concessions in terms have been made as a result of the borrower experiencing financial difficulty. Generally, concessions granted to customers include lower interest rates and modification of the payment stream to lower or defer payments. Interest on troubled debt restructurings is accrued under the new terms if the loans are performing and full collection of principal and interest is expected. However, interest accruals are discontinued on troubled debt restructurings that meet the Company's nonaccrual criteria.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2016

Generally, loans are charged off in whole or in part after they become significantly past due unless the loan is in the process of restructuring or collection efforts are ongoing and deemed likely to be successful. Charge off amounts are determined based upon the carrying amount of loans and the amount estimated to be collectible as determined by analyses of expected future cash flows and the liquidation of loan collateral.

Allowance for Loan Losses

The allowance for loan losses is a valuation allowance for probable incurred credit losses, and is established through a provision for loan losses charged to earnings. Loan losses are charged against the allowance when management believes the uncollectibility of a loan balance is confirmed. Subsequent recoveries, if any, are credited to the allowance.

The allowance consists of specific and general components as follows:

The specific component relates to loans that are considered impaired, and is comprised of valuation allowances calculated on a loan-by-loan basis. Impaired loans are all specifically identified loans for which it is probable that the Company will not collect all amounts due according to the contractual terms of the loan agreement. Factors considered by management in determining whether a loan is impaired include payment status, collateral value, the borrower's financial condition and overall loan quality as determined by an internal loan grading system. Included in impaired loans are all nonaccrual loans and all accruing troubled debt restructurings. Loans that experience insignificant payment delays or payment shortfalls generally are not considered impaired. For impaired loans for which repayment is expected solely from the collateral, impairment is measured based on the fair value of the collateral. For other impaired loans, impairment may be measured based on the fair value of the collateral or on the present value of expected future cash flows discounted at the loan's original effective interest rate. When the measure of the impaired loan is less than the recorded investment in the loan, the impairment is recorded through a valuation allowance.

The general component relates to non-impaired loans, and is based on historical loss experience adjusted for the effects of qualitative factors that are likely to cause estimated credit losses as of the evaluation date to differ from the portfolio's historical loss experience. Qualitative factors include the following: economic conditions; industry conditions; changes in lending policies and procedures; trends in the volume and terms of loans; the experience, ability and depth of lending staff; levels and trends in delinquencies and impaired loans; levels and trends in charge-off and recovery activity; levels and trends of loan quality as determined by an internal loan grading system; portfolio concentrations.

Although the allowance contains a specific component, the entire allowance is available for any loan that, in management's judgment, should be charged off.

On a quarterly basis, management estimates the allowance balance required using the criteria identified above in relation to the relevant risks for each of the Company's major loan segments. Significant overall risk factors for both the Company's commercial and consumer portfolios include the strength of the real estate market and general economic activity in the Company's market areas, and for agricultural loans includes the strength of farmland prices and commodity prices, particularly those related to ranching activities.

TwinCo, Inc. and Subsidiary

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2016

The quality of the Company's loan portfolio is assessed as a function of the levels of past due loans and impaired loans, and internal credit quality ratings which are updated quarterly by management. The ratings on the Company's internal credit scale are an important part of the Company's overall credit risk management process and are considered in the determination of the allowance for loan losses, and are grouped as follows:

Pass - Loans with minimal to average identified credit risk. These loans have borrowers considered creditworthy who have the ability to repay the debt in the normal course of business. Borrowers have a sound primary and secondary repayment source, with sufficient cash generation to meet ongoing debt service requirements. Loans are typically fully secured with marketable, margined collateral.

Special mention - Loans with potential credit weaknesses which deserve management's close attention. If left uncorrected, these potential weaknesses may result in deterioration of repayment prospects or the Company's credit position at some future date. These loans exhibit characteristics such as declining or stressed financial condition of the borrower, and declining or narrow collateral coverage.

Substandard – Loans inadequately protected by the current financial condition and paying capacity of the borrower or the collateral pledged, if any. These loans have a well-defined weakness or weaknesses that jeopardize the repayment of the debt. These loans are characterized by the distinct possibility that the Company will sustain some loss if the deficiencies are not corrected. In some instances, though not all, the weakness or weaknesses in these loans will necessitate nonaccrual treatment.

Doubtful – Loans in this category have all the weaknesses inherent in those classified as Substandard, with the added characteristic that the weaknesses make collection or liquidation in full, on the basis of currently existing facts, conditions and values, highly questionable and improbable. The probability of loss is extremely high, but because of certain important and reasonably specific factors that may work to the advantage and strengthening of the loans, classification as a loss is deferred until more exact status may be determined.

Loss – Loans considered loss are considered uncollectable and of such little value that their continuance as a bankable asset, even with a valuation allowance, is not warranted. This does not mean the loans have no recovery or salvage value, but rather it is not practical or desirable to defer a charge-off even though a partial recovery may be effected in the future. Loans classified as a loss are charged-off in the period they are deemed uncollectible.

Determination of the allowance is inherently subjective as it requires estimates that are susceptible to significant revision as more information becomes available. In addition, various regulatory agencies, as an integral part of their examination process, periodically review the Company's allowance. Such agencies may require the Company to recognize additional losses based on their judgments about information available to them at the time of their examination.

Premises and Equipment

Land is carried at cost. Buildings and equipment are stated at cost less accumulated depreciation. Depreciation expense is computed using the straight-line method over the estimated useful lives of the assets - generally 20 to 40 years for buildings and improvements, and 5 to 10 years for furniture and equipment. Maintenance and repairs, which do not extend the useful lives of premises and equipment, are charged to expense as incurred.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2016

Cash Surrender Value of Life Insurance

The Company has purchased single premium life insurance policies on certain key officers, and is the sole owner and beneficiary of the policies. The policies are carried at the cash amount that would be received if they were to be surrendered, and changes in the cash surrender value are recorded as income or expense in the year of change.

Goodwill

Goodwill resulted from TwinCo's original acquisition of the Bank in prior years, and represents the excess of the purchase price over the fair value of acquired tangible assets and liabilities and identifiable intangible assets. Goodwill is assessed at least annually for impairment, and any impairment losses are recognized in earnings in the period identified.

Income Taxes

The Company has elected taxation under the provisions of Subchapter S of the Internal Revenue Code. Under those provisions, the Company neither pays federal corporate income taxes on its taxable income nor is allowed a net operating loss carryover or carryback as a deduction. Instead, the stockholders of the Company include their respective share of the consolidated taxable income or loss in their individual income tax returns. Accordingly, no income taxes are reflected in the consolidated financial statements. The Company is no longer subject to examination by federal tax authorities for years before 2013.

Treasury Stock

Shares of stock repurchased by the Company are classified as Treasury Stock and carried at the repurchase cost.

Comprehensive Income

Comprehensive income consists of net income and other comprehensive income/loss. The only component of other comprehensive income/loss consists of net unrealized holding gains and losses on available for sale securities, with no related tax effects.

Earnings Per Share

Earnings per share is computed by dividing net income by the weighted average number of shares outstanding. The Company has no dilutive instruments and accordingly reports only basic earnings per share.

Off- Balance Sheet Financial Instruments

In the ordinary course of business, the Company enters into off-balance-sheet financial instruments consisting of commitments to extend credit, unused lines of credit, standby letters of credit and undisbursed loans in process. These financial instruments are recorded in the financial statements when they are funded.

Table of Contents

TwinCo, Inc. and Subsidiary

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2016

The Company is exposed to credit risk on its off-balance sheet financial instruments. In conjunction with the determination of the allowance for loan losses, and using the same criteria, the Company estimates an allowance for probable incurred credit losses on off-balance sheet credit exposures. Provisions for the allowance are recorded as a component of other noninterest expense, and the allowance is carried as a component of other liabilities.

Transfers of Financial Assets

Transfers of financial assets are accounted for as sales when control over the assets has been relinquished and, for loan participations sold, incoming cash flows on the base loan are allocated to all participants on a pro-rata basis. Control over transferred assets is deemed to be relinquished when the assets have been isolated from the Company, the transferee obtains the right (free of conditions that constrain it from taking advantage of that right) to pledge or exchange the transferred assets, and the Company does not maintain effective control over the transferred assets through an agreement to repurchase them before their maturity.

Loss Contingencies

Loss contingencies, including claims and legal actions arising in the ordinary course of business, are recorded as liabilities when the likelihood of loss is probable and an amount or range of loss can be reasonably estimated.

Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants, excluding transaction costs. When measuring fair value, entities should maximize the use of observable inputs and minimize the use of unobservable inputs. The following describes the three levels of inputs that may be used to measure fair value:

Level 1 Inputs - Unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.

Level 2 Inputs— Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3 Inputs—Unobservable inputs that reflect an entity's own assumptions about the assumptions that market participants would use in pricing the assets or liabilities.

Significant Applicable Accounting Standards Updates Not Yet Effective

The Financial Accounting Standards Board recently issued Accounting Standards Update 2016-01, *Financial Instruments – Overall (Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities*. Under the new standard, certain equity investments are required to be carried at fair value, with changes in fair value recognized in net income. This applies to equity investments with readily determinable fair values that are not consolidated or carried on the equity method. Debt securities classified as available-for-sale will continue to be carried at fair value with changes in fair value recorded through other comprehensive income. The standard is effective for the Company beginning January 1, 2019, and is not expected to have a significant impact to the financial statements.

The Financial Accounting Standards Board recently issued Accounting Standards Update 2016-13, *Financial Instruments – Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments*. Under the new standard, the Company will be required to convert from the existing incurred-loss model for determining the allowance for loan losses to an expected-loss model. An expected-loss model will determine the allowance for loan losses balance based upon credit losses expected to be incurred over the life of the loan portfolio, and will consider not only current credit conditions but also reasonably supportable expectations as to future credit conditions. The standard will also require securities held to maturity to be evaluated for impairment under an expected-loss model. The standard is effective for the Company beginning January 1, 2021. The Company has not yet completed an evaluation of the impact on its financial statements and its accounting and reporting practices.

The Financial Accounting Standards Board recently issued Accounting Standards Update 2017-08, *Receivables – Nonrefundable Fees and Other Costs (Subtopic 310-20): Premium Amortization of Purchased Callable Debt Securities*. Under the new standard, the Company will be required to amortize investment purchase premiums on callable securities to the earliest call date. Purchase discounts will continue to be accreted to final maturity. The standard is effective for the Company beginning January 1, 2020, and is not expected to have a significant impact to the financial statements.

Subsequent Events

Management evaluates events occurring subsequent to the balance sheet date, through the date the financial statements are eligible to be issued, to determine whether the events require recognition or disclosure in the financial statements. With respect to the December 31, 2016 financial statements, Management has considered subsequent events through September 26, 2017.

At December 31, 2016, there are 36 mortgage-backed securities with unrealized losses ranging from 0.1% to 3.6% of the securities' amortized cost basis, and five state and municipal securities with unrealized losses ranging from 0.6% to 4.4% of the securities' amortized cost basis. Unrealized losses are due to differences in market yields as compared to yields available at the time securities were purchased, and management has performed analyses of investment credit quality and cash flows and does not believe that any securities are impaired due to reasons of credit quality. The Company has the ability and intent to hold investment securities for a period of time sufficient for a recovery of cost, and fair value is expected to recover as bonds approach maturity. Accordingly, as of December 31, 2016, management believes the impairments detailed in the table above are temporary.

The Company realized \$13,000 in gains and \$8,000 in losses on sales and early redemptions of investment securities in 2016.

Investment securities with a fair value of \$1,660,000 at December 31, 2016 were pledged as collateral on public deposits and for other purposes as required or permitted by law.

NOTE 6 –BORROWED FUNDS

Federal Home Loan Bank

The Company is eligible to borrow from the Federal Home Loan Bank of Des Moines on both a short term and long term basis. The amount of credit available is based on discounted amounts of any loans and investment securities pledged as collateral, subject to a maximum amount based on the Company's asset size. Any outstanding borrowings are also secured by the Company's Federal Home Loan Bank stock. At December 31, 2016, no borrowings are outstanding and the Company is eligible to borrow up to \$11,778,000.

Federal Funds

The Company has unsecured federal funds lines at various correspondent banks with a maximum credit limit of \$4,300,000 at December 31, 2016. No amounts were outstanding under these lines at December 31, 2016. The federal funds lines are uncommitted, and funding requests made by the Company are subject to the lending institution's approval and funding availability at the time of request.

NOTE 7 – SHAREHOLDER EQUITY

Various restrictions limit the extent to which dividends may be paid by the Bank to Twinco. Generally, regulatory approval is required for the Bank to pay dividends in any calendar year that exceed the Bank's net profit for that year combined with its retained profits for the preceding two years. In addition, dividends paid by the Bank would be

prohibited if the effect thereof would cause the Bank's capital to be reduced below applicable minimum capital requirements.

During 2016, the Bank paid \$1,500,000 in dividends to Twinco.

December 31, 2016

NOTE 8 - FINANCIAL INSTRUMENTS WITH OFF-BALANCE SHEET RISK

The Company is a party to financial instruments with off-balance-sheet risk in the normal course of business to meet the financing needs of its customers. These financial instruments include commitments to extend credit and letters of credit. The instruments involve, to varying degrees, elements of credit and interest rate risk in excess of the amount recognized in the balance sheet. The contract amounts of those instruments reflect the extent of involvement the Company has in particular classes of financial instruments.

The Company's exposure to credit loss in the event of non-performance by the other party to the financial instrument for commitments to extend credit and standby letters of credit is represented by the contractual amounts of those instruments. The Company uses the same credit policies in making commitments and conditional obligations as it does for on-balance-sheet instruments.

Commitments to extend credit are agreements to lend to a customer as long as there is no breach of any condition established in the contract. Commitments generally have fixed expiration dates or other termination clauses and may require payment of a fee. Since many of the commitments may expire without being drawn upon, the total commitment amounts do not necessarily represent future cash requirements. The Company evaluates each customer's credit-worthiness on a case-by-case basis. The amount of collateral obtained, if deemed necessary, by the Company upon extension of credit is based on management's credit evaluation of the customer. Collateral held varies, but may include accounts receivable, inventory, property, plant and equipment and real estate.

Standby letters of credit are conditional commitments issued by the Company to guarantee the performance of a customer to a third party. The credit risk involved in issuing letters of credit is essentially the same as that involved in extending loan facilities to customers.

The following financial instruments were outstanding at December 31, 2016 whose contract amounts represent risk (in thousands):

Commitments to extend credit	\$10,061
Standby letters of credit	285
	\$10,346

The Company has established an allowance for losses on unfunded credit commitments as losses are estimated to have occurred. During 2016, there was no provision for losses on unfunded credit commitments. At December 31, 2016, the balance of the allowance for losses on unfunded credit commitments was \$60,000 and is carried as a component of accrued expenses and other liabilities.

NOTE 9 - EMPLOYEE BENEFIT PLAN

The Company has a 401(k) Plan (“the Plan”) in which substantially all employees may participate. The Plan allows employees to make salary deferrals and allows the Company to make safe harbor contributions (equal to 3% of each participant’s eligible compensation), additional matching contributions (up to an additional 2% of each participant’s eligible compensation, for a total of 5% including the safe harbor amount), and discretionary profit sharing contributions. Employees are immediately 100% vested in the Company’s safe harbor contributions, while matching and profit sharing contributions vest over a five-year period. Expense attributable to the plan totaled \$78,000 in 2016.

NOTE 10 - REGULATORY MATTERS

Banks and bank holding companies are subject to various regulatory capital requirements administered by state and federal banking agencies. Capital adequacy guidelines, and additionally for banks prompt corrective action regulations, involve quantitative measures of assets, liabilities, and certain off-balance-sheet items calculated under regulatory accounting practices. Capital amounts and classifications are also subject to qualitative judgments by regulators about components, risk weighting and other factors.

The Basel III Capital Rules became effective for the Bank on January 1, 2015, subject to a phase-in for certain provisions. Quantitative measures established by the Basel III Capital Rules to ensure capital adequacy require the maintenance of minimum amounts and ratios (set forth in the table below) of common equity tier 1 capital, tier 1 capital and total capital (as defined in the regulations) to risk-weighted assets (as defined), and of tier 1 capital to quarterly average assets (as defined).

At December 31, 2016, the Bank's regulatory capital is comprised of the following: 1) Common equity tier 1 capital – consisting of common stock, related paid-in-capital and retained earnings; 2) Additional tier 1 capital – there are no components of tier 1 capital beyond common equity tier 1 capital; 3) Tier 2 capital - consisting of a permissible portion of the allowance for loan losses; and 4) total capital - the aggregate of all tier 1 and tier 2 capital. In connection with the adoption of the Basel III Capital Rules, the Bank elected to opt-out of the requirement to include most components of accumulated other comprehensive income/loss in common equity tier 1 capital.

When fully phased in on January 1, 2019, the Basel III capital rules will require the Bank to maintain a minimum ratio of common equity tier 1 capital to risk-weighted assets of at least 4.5%, plus a 2.5% “capital conservation buffer” (which is added to the 4.5% common equity tier 1 capital ratio as the buffer is phased in, effectively resulting in a minimum ratio of common equity tier 1 capital to risk-weighted assets of 7.0% upon full phase in). The Bank will also be required to maintain a tier 1 capital to risk-weighted assets ratio of 6.0% (8.5% including the capital conservation buffer), a total capital to risk-weighted assets ratio of 8.0% (10.5% including the capital conservation buffer), and a tier 1 capital to quarterly average assets ratio of 4.0%.

The aforementioned capital conservation buffer phases in at 0.625% annually over a four-year period beginning January 1, 2016, and is designed to absorb losses during periods of economic stress. Banking institutions with capital ratios above the base minimums but below the effective minimums (which include the buffer) will face constraints on dividends, equity repurchases and compensation based on the amount of the shortfall.

Table of Contents**TwinCo, Inc. and Subsidiary****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS****December 31, 2016**

The following table presents actual and required capital ratios as of December 31, 2016 for the Bank under the Basel III Capital Rules. The minimum required capital amounts presented include the minimum required capital levels as of December 31, 2016 based on the phase-in provisions of the Basel III Capital Rules and the minimum required capital levels as of January 1, 2019 when the Basel III Capital rules have been fully phased-in, and include the capital conservation buffer. Capital levels required to be considered well capitalized are based on prompt corrective action regulations, as amended to reflect changes under the Basel III Capital Rules.

Regulatory authorities can initiate certain mandatory actions if the Bank fails to meet the minimum capital requirements, which could have a direct and material effect on the Company's financial statements. Management believes, as of December 31, 2016, that the Bank meets all capital adequacy requirements to which it is subject and

that the Bank exceeds the minimum levels necessary to be considered “well capitalized.”

Note 11 - Fair Value MEASUREMENTS AND DISCLOSURES

The following is a description of the Company’s valuation methodologies for assets and liabilities recorded at fair value:

Securities Available for Sale –Debt securities are reported at fair value based upon measurements obtained from an independent pricing service. The fair value measurements for debt securities are determined by quoted market prices, if available (Level 1), or consider observable data that may include dealer quotes, market spreads, cash flows, the U.S. Treasury yield curve, market consensus prepayment speeds, credit information and the bonds’ terms and conditions, among other things (Level 2).

Impaired Loans - The Company does not record loans at fair value on a recurring basis. However, from time to time, valuation allowances are recorded on these loans to reflect (1) the current appraised or market-quoted value of the underlying collateral, or (2) the discounted value of expected cash flows. In some cases, the properties for which market quotes or appraised values have been obtained are located in areas where comparable sales data is limited, outdated, or unavailable. Fair value estimates for impaired loans measured for impairment based upon the value of the collateral are obtained from independent appraisers or other third-party consultants, and for other impaired loans are based on discounted cash flow analyses (Level 3).

--------------------------	----	---	---	----	----

The following summary presents the methodologies and assumptions used to estimate the fair value of the Company’s financial instruments. The Company operates as a going concern and, except for investment securities available for sale, no active market exists for its financial instruments. Much of the information used to determine the fair value is highly subjective and judgmental in nature and, therefore, the results may not be precise. The subjective factors include, among other things, estimates of cash flows, risk characteristics, credit quality and interest rates, all of which are subject to change. Since the fair value is estimated as of the balance sheet date, the amounts that will actually be realized or paid upon settlement or maturity of the various financial instruments could be significantly different.

Cash and Cash Equivalents, Accrued Interest Receivable and Accrued Interest Payable

Fair value approximates the carrying amount as these are assets held for the short term, or liabilities payable in the short term, which would be realized or paid at their carrying amount.

Certificates of Deposit in Banks

Fair value approximates fair value based on the short term nature and minimal balance of these instruments.

Table of Contents

TwinCo, Inc. and Subsidiary

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2016

Investment Securities Available For Sale

Fair value is provided by a third-party investment accounting provider and considers observable data that may include dealer quotes, market spreads, cash flows, the U.S. Treasury yield curve, market consensus prepayment speeds, credit information and the bonds' terms and conditions, among other things.

Nonmarketable Equity Securities

Fair value approximates carrying amount based on the securities' redemption provisions.

Loans, Net

For fixed rate loans, fair value is estimated by discounting contractual future cash flows using current rates at which similar loans would be made to borrowers with similar credit ratings and for the same remaining securities. For variable rate loans, fair value is estimated to be carrying amount due to the re-pricing provisions. Loans are presented net of the allowance for loan losses.

Cash Surrender Value of Life Insurance

Fair value approximates carrying amount based as the policies are carried at their redemption value.

Deposits

Fair value for noninterest-bearing accounts and interest-bearing accounts with no stated maturity approximates carrying amount as these deposits are payable on demand and can be re-priced at any time. Fair value of interest-bearing time deposits is estimated by discounting future contractual cash flows using interest rates currently offered for time deposits of similar remaining maturities.

Off-Balance-Sheet Instruments

Fair value for off-balance-sheet instruments such as unfunded loan commitments and letters of credit is not estimated because of the difficulty in assessing the likelihood and timing of advances, and management believes that it is not feasible or practical to fairly and accurately disclose a fair value for these instruments.

NOTE 1 – BASIS OF PRESENTATION and OTHER ACCOUNTING MATTERS

Basis of Presentation

TwinCo, Inc. (“Twinco”) is a bank holding company that owns 100% of the stock of Ruby Valley Bank (“the Bank”). Twinco and the Bank are collectively referred to as “the Company.”

The accompanying unaudited consolidated financial statements include the consolidated totals of the accounts of Twinco and the Bank, and have been prepared in accordance with the rules and regulations of the Securities and Exchange Commission. Accordingly, they do not include all of the information and footnotes required by accounting principles generally accepted in the United States of America for annual financial statements. However, such information reflects all adjustments (consisting of normal recurring adjustments) which are, in the opinion of management, necessary for a fair presentation of the Company’s financial condition, results of operations, changes in comprehensive income and cash flows for the unaudited interim periods.

The results of operations for the nine month period ended September 30, 2017 are not necessarily indicative of the results to be expected for the year ending December 31, 2017 or any other period. The unaudited consolidated financial statements and notes presented herein should be read in conjunction with the Company’s audited consolidated financial statements and related notes thereto for the year ended December 31, 2016.

Subsequent Events

The Company evaluated subsequent events for potential recognition and/or disclosure through November 17, 2017, date the unaudited consolidated financial statements were issued.

Comprehensive Income

Comprehensive income consists of net income and other comprehensive income/loss. The only component of other comprehensive income/loss consists of net unrealized holding gains and losses on available for sale securities, with no related tax effects.

Earnings Per Share

Earnings per share is computed by dividing net income by the weighted average number of shares outstanding. The Company has no dilutive instruments and accordingly reports only basic earnings per share.

Significant Applicable Accounting Standards Updates Not Yet Effective

The Financial Accounting Standards Board recently issued Accounting Standards Update 2016-01, *Financial Instruments – Overall (Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities*. Under the new standard, certain equity investments are required to be carried at fair value, with changes in fair value recognized in net income. This applies to equity investments with readily determinable fair values that are not consolidated or carried on the equity method. Debt securities classified as available-for-sale will continue to be carried at fair value with changes in fair value recorded through other comprehensive income. The standard is effective for the Company beginning January 1, 2019, and is not expected to have a significant impact to the financial statements.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

September 30, 2017 and 2016

(Unaudited)

The Financial Accounting Standards Board recently issued Accounting Standards Update 2016-13, *Financial Instruments – Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments*. Under the new standard, the Company will be required to convert from the existing incurred-loss model for determining the allowance for loan losses to an expected-loss model. An expected-loss model will determine the allowance for loan losses balance based upon credit losses expected to be incurred over the life of the loan portfolio, and will consider not only current credit conditions but also reasonably supportable expectations as to future credit conditions. The standard will also require securities held to maturity to be evaluated for impairment under an expected-loss model. The standard is effective for the Company beginning January 1, 2021. The Company has not yet completed an evaluation of the impact on its financial statements and its accounting and reporting practices.

The Financial Accounting Standards Board recently issued Accounting Standards Update 2017-08, *Receivables – Nonrefundable Fees and Other Costs (Subtopic 310-20): Premium Amortization of Purchased Callable Debt Securities*. Under the new standard, the Company will be required to amortize investment purchase premiums on callable securities to the earliest call date. Purchase discounts will continue to be accreted to final maturity. The standard is effective for the Company beginning January 1, 2020, and is not expected to have a significant impact to the financial statements.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

September 30, 2017 and 2016

(Unaudited)

At September 30, 2017 there are 34 mortgage-backed securities with unrealized losses and one municipal security with an unrealized loss. None of the unrealized losses on mortgage-backed securities exceed 3% of the securities' amortized cost basis, and the municipal security's unrealized loss is less than 1% of the amortized cost basis. At September 30, 2016, there is one mortgage-backed security with an unrealized losses under 1% of the security's amortized cost basis. Unrealized losses are due to differences in market yields as compared to yields available at the time securities were purchased, and management has performed analyses of investment credit quality and cash flows and does not believe that any securities are impaired due to reasons of credit quality. The Company has the ability and intent to hold investment securities for a period of time sufficient for a recovery of cost, and fair value is expected to recover as bonds approach maturity. Accordingly, as of September 30, 2017, management believes the impairments detailed in the table above are temporary.

The Company realized \$31,000 in gains and \$23,000 in losses on sales and early redemptions of investment securities during the nine months ended September 30, 2017. The Company realized \$8,000 in gains and \$6,000 in losses on sales and early redemptions of investment securities during the nine months ended September 30, 2016.

Investment securities with a fair value of \$1,592,000 and \$1,801,000 at September 30, 2017 and 2016, respectively, were pledged as collateral on public deposits and for other purposes as required or permitted by law.

NOTE 5 –BORROWED FUNDS

Federal Home Loan Bank

The Company is eligible to borrow from the Federal Home Loan Bank of Des Moines on both a short term and long term basis. The amount of credit available is based on discounted amounts of any loans and investment securities pledged as collateral, subject to a maximum amount based on the Company's asset size. Any outstanding borrowings are also secured by the Company's Federal Home Loan Bank stock. At September 30, 2017 and 2016, no borrowings are outstanding. At September 30, 2017 the Company is eligible to borrow up to approximately \$12,000,000.

Federal Funds

The Company has unsecured federal funds lines at various correspondent banks with a maximum credit limit of \$4,300,000 at September 30, 2017. No amounts were outstanding under these lines at September 30, 2017 and 2016. The federal funds lines are uncommitted, and funding requests made by the Company are subject to the lending institutions' approval and funding availability at the time of request.

NOTE 6 – SHAREHOLDER EQUITY

Various restrictions limit the extent to which dividends may be paid by the Bank to Twinco. Generally, regulatory approval is required for the Bank to pay dividends in any calendar year that exceed the Bank's net profit for that year combined with its retained profits for the preceding two years. In addition, dividends paid by the Bank would be prohibited if the effect thereof would cause the Bank's capital to be reduced below applicable minimum capital requirements.

The Bank paid dividends to Twinco totaling \$1,100,000 and \$1,150,000 during the nine months ended September 30, 2017 and 2016, respectively.

NOTE 7 - FINANCIAL INSTRUMENTS WITH OFF-BALANCE SHEET RISK

The Company is a party to financial instruments with off-balance-sheet risk in the normal course of business to meet the financing needs of its customers. These financial instruments include commitments to extend credit and letters of credit. The instruments involve, to varying degrees, elements of credit and interest rate risk in excess of the amount recognized in the balance sheet. The contract amounts of those instruments reflect the extent of involvement the Company has in particular classes of financial instruments.

The Company's exposure to credit loss in the event of non-performance by the other party to the financial instrument for commitments to extend credit and standby letters of credit is represented by the contractual amounts of those instruments. The Company uses the same credit policies in making commitments and conditional obligations as it does for on-balance-sheet instruments.

Commitments to extend credit are agreements to lend to a customer as long as there is no breach of any condition established in the contract. Commitments generally have fixed expiration dates or other termination clauses and may

require payment of a fee. Since many of the commitments may expire without being drawn upon, the total commitment amounts do not necessarily represent future cash requirements. The Company evaluates each customer's credit-worthiness on a case-by-case basis. The amount of collateral obtained, if deemed necessary, by the Company upon extension of credit is based on management's credit evaluation of the customer. Collateral held varies, but may include accounts receivable, inventory, property, plant and equipment and real estate.

Standby letters of credit are conditional commitments issued by the Company to guarantee the performance of a customer to a third party. The credit risk involved in issuing letters of credit is essentially the same as that involved in extending loan facilities to customers.

The Company has established an allowance for losses on unfunded credit commitments as losses are estimated to have occurred. During the nine months ended September 30, 2017 and 2016, there was no provision for losses on unfunded credit commitments. At both September 30, 2017 and 2016, the balance of the allowance for losses on unfunded credit commitments was \$60,000 and is carried as a component of accrued expenses and other liabilities.

NOTE 8 - REGULATORY MATTERS

Banks and bank holding companies are subject to various regulatory capital requirements administered by state and federal banking agencies. Capital adequacy guidelines, and additionally for banks prompt corrective action regulations, involve quantitative measures of assets, liabilities, and certain off-balance-sheet items calculated under regulatory accounting practices. Capital amounts and classifications are also subject to qualitative judgments by regulators about components, risk weighting and other factors.

The Basel III Capital Rules became effective for the Bank on January 1, 2015, subject to a phase-in for certain provisions. Quantitative measures established by the Basel III Capital Rules to ensure capital adequacy require the maintenance of minimum amounts and ratios (set forth in the table below) of common equity tier 1 capital, tier 1 capital and total capital (as defined in the regulations) to risk-weighted assets (as defined), and of tier 1 capital to quarterly average assets (as defined).

The Bank's regulatory capital is comprised of the following: 1) Common equity tier 1 capital – consisting of common stock, related paid-in-capital and retained earnings; 2) Additional tier 1 capital – there are no components of tier 1 capital beyond common equity tier 1 capital; 3) Tier 2 capital - consisting of a permissible portion of the allowance for loan losses; and 4) total capital - the aggregate of all tier 1 and tier 2 capital. In connection with the adoption of the Basel III Capital Rules, the Bank elected to opt-out of the requirement to include most components of accumulated other comprehensive income/loss in common equity tier 1 capital.

When fully phased in on January 1, 2019, the Basel III capital rules will require the Bank to maintain a minimum ratio of common equity tier 1 capital to risk-weighted assets of at least 4.5%, plus a 2.5% “capital conservation buffer” (which is added to the 4.5% common equity tier 1 capital ratio as the buffer is phased in, effectively resulting in a minimum ratio of common equity tier 1 capital to risk-weighted assets of 7.0% upon full phase in). The Bank will also be required to maintain a tier 1 capital to risk-weighted assets ratio of 6.0% (8.5% including the capital conservation buffer), a total capital to risk-weighted assets ratio of 8.0% (10.5% including the capital conservation buffer), and a tier 1 capital to quarterly average assets ratio of 4.0%.

The aforementioned capital conservation buffer phases in at 0.625% annually over a four year period beginning January 1, 2016, and is designed to absorb losses during periods of economic stress. Banking institutions with capital ratios above the base minimums but below the effective minimums (which include the buffer) will face constraints on dividends, equity repurchases and compensation based on the amount of the shortfall.

Table of Contents**TwinCo, Inc. and Subsidiary****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS****September 30, 2017 and 2016****(Unaudited)**

The following table presents actual and required capital ratios as of September 30, 2017 for the Bank under the Basel III Capital Rules. The minimum required capital amounts presented include the minimum required capital levels as of September 30, 2017 based on the phase-in provisions of the Basel III Capital Rules and the minimum required capital levels as of January 1, 2019 when the Basel III Capital rules have been fully phased-in, and include the capital conservation buffer. Capital levels required to be considered well capitalized are based on prompt corrective action regulations, as amended to reflect changes under the Basel III Capital Rules.

Regulatory authorities can initiate certain mandatory actions if the Bank fails to meet the minimum capital requirements, which could have a direct and material effect on the Company's financial statements. Management believes, as of September 30, 2017, that the Bank meets all capital adequacy requirements to which it is subject and that the Bank exceeds the minimum levels necessary to be considered "well capitalized."

Note 9 - Fair Value MEASUREMENTS AND DISCLOSURES

The following is a description of the Company's valuation methodologies for assets and liabilities recorded at fair value:

Securities Available for Sale –Debt securities are reported at fair value based upon measurements obtained from an independent pricing service. The fair value measurements for debt securities are determined by quoted market prices, if available (Level 1), or consider observable data that may include dealer quotes, market spreads, cash flows, the U.S. Treasury yield curve, market consensus prepayment speeds, credit information and the bonds' terms and conditions, among other things (Level 2).

Impaired Loans - The Company does not record loans at fair value on a recurring basis. However, from time to time, valuation allowances are recorded on these loans to reflect (1) the current appraised or market-quoted value of the underlying collateral, or (2) the discounted value of expected cash flows. In some cases, the properties for which market quotes or appraised values have been obtained are located in areas where comparable sales data is limited, outdated, or unavailable. Fair value estimates for impaired loans measured for impairment based upon the value of the collateral are obtained from independent appraisers or other third-party consultants, and for other impaired loans are based on discounted cash flow analyses (Level 3).

Foreclosed Real Estate Held for Sale - The Company does not record foreclosed real estate held for sale at fair value on a recurring basis. Rather, properties are initially recorded at fair value at the time of acquisition, and from time to time valuation allowances are recorded on the properties to reflect any declines in fair value subsequent to acquisition. Valuation allowances may be reversed if property values recover, but increases in value above the amount established at acquisition cannot be recorded. Fair value estimates for foreclosed real estate are obtained from independent appraisers or real estate consultants, depending on the significance of the properties, and are netted against internal estimates of the cost to sell (Level 3). In some cases, the properties for which market quotes or appraised values have been obtained are located in areas where comparable sales data is limited, outdated, or unavailable.

The following table provides the hierarchy and fair value for each major category of assets and liabilities recorded at fair value on a recurring basis:

The following summary presents the methodologies and assumptions used to estimate the fair value of the Company's financial instruments. The Company operates as a going concern and, except for investment securities available for sale, no active market exists for its financial instruments. Much of the information used to determine the fair value is highly subjective and judgmental in nature and, therefore, the results may not be precise. The subjective factors

include, among other things, estimates of cash flows, risk characteristics, credit quality and interest rates, all of which are subject to change. Since the fair value is estimated as of the balance sheet date, the amounts that will actually be realized or paid upon settlement or maturity of the various financial instruments could be significantly different.

Cash and Cash Equivalents, Accrued Interest Receivable, Accrued Interest Payable

Fair value approximates the carrying amount as these are assets held for the short term, or liabilities payable in the short term, which would be realized or paid at their carrying amount.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

September 30, 2017 and 2016

(Unaudited)

Certificates of Deposit in Banks

Fair value approximates fair value based on the short term nature and minimal balance of these instruments.

Investment Securities Available For Sale

Fair value is provided by a third-party investment accounting provider and considers observable data that may include dealer quotes, market spreads, cash flows, the U.S. Treasury yield curve, market consensus prepayment speeds, credit information and the bonds' terms and conditions, among other things.

Nonmarketable Equity Securities

Fair value approximates carrying amount based on the securities' redemption provisions.

Loans, Net

For fixed rate loans, fair value is estimated by discounting contractual future cash flows using current rates at which similar loans would be made to borrowers with similar credit ratings and for the same remaining securities. For variable rate loans, fair value is estimated to be carrying amount due to the re-pricing provisions. Loans are presented net of the allowance for loan losses.

Cash Surrender Value of Life Insurance

Fair value approximates carrying amount based as the policies are carried at their redemption value.

Deposits

Fair value for noninterest-bearing accounts and interest-bearing accounts with no stated maturity approximates carrying amount as these deposits are payable on demand and can be re-priced at any time. Fair value of interest-bearing time deposits is estimated by discounting future contractual cash flows using interest rates currently offered for time deposits of similar remaining maturities.

Off-Balance-Sheet Instruments

Fair value for off-balance-sheet instruments such as unfunded loan commitments and letters of credit is not estimated because of the difficulty in assessing the likelihood and timing of advances, and management believes that it is not feasible or practical to fairly and accurately disclose a fair value for these instruments.

(b) Each share of Company Common Stock owned directly by Buyer, Company or any of their respective Subsidiaries (other than shares in trust accounts, managed accounts and the like for the benefit of customers, or as a result of debts previously contracted) immediately prior to the Effective Time shall be cancelled and retired at the Effective Time without any conversion thereof, and no payment shall be made with respect thereto.

(c) Each share of Company Common Stock (other than Dissenting Shares) issued and outstanding immediately prior to the Effective Time (other than treasury stock and shares described in Section 2.01(b) above) shall be automatically converted into the right to receive, at the election of the holder thereof in accordance with, and subject to, the terms, conditions and procedures set forth in this Article 2 (including the proration procedures in Section 2.02(c)), the following consideration, (collectively the “**Merger Consideration**”), in each case without interest: (i) the combination (such election a “**Mixed Election**”) of (A) \$247.16 in cash (the “**Mixed Cash Consideration**”) and (B) 11.1540 validly issued, fully paid and nonassessable shares of Buyer Common Stock (the “**Mixed Stock Consideration**”), or (ii) (such election, a “**Cash Election**”) \$449.38 in cash (the “**Cash Election Consideration**”), or (iii) (such election, a “**Stock Election**”) 24.7866 validly issued, fully paid and nonassessable shares of Buyer Common Stock (such number of shares of Buyer Common Stock, the “**Stock Election Consideration**”).

(d) If the Adjusted Tangible Stockholders Equity of Company as of the last day of the month prior to the month in which the Effective Time is expected to occur (the “**Measurement Date**”) is less than \$13,400,000, the Mixed Cash Consideration, Mixed Stock Consideration, Cash Election Consideration and Stock Election Consideration shall each be decreased by an amount equal to (i)(x) the difference between \$13,400,000 and the Adjusted Tangible Stockholders' Equity as of the Measurement Date divided by (y) the number of outstanding shares of Company Common Stock as of the Effective Time, divided by (ii) the Cash Election Consideration (rounded to the nearest ten-thousandth). If the Adjusted Tangible Stockholders Equity of Company as of the Measurement Date is greater than \$13,400,000, the Company may, in its discretion, elect to declare and pay a special dividend to its shareholders in such excess amount *provided, however*, the Company provides written notice to the Buyer not less than five (5) Business Days prior to Closing and the dividend is made effective immediately prior to the Effective Time; and *provided further*, the amount of such dividend may be limited to the extent necessary to cause the Merger to effect a

transfer of “substantially all of the properties” of the Company and the Company Bank within the meaning of Section 368(a)(2)(D) of the Code occurs in connection with the Merger and that the sum of the special dividend, the Mixed Cash Consideration and the Cash Election Consideration will be less than or equal to 60% of the aggregate value of the total Merger Consideration, in each case as determined in the sole discretion of Buyer in consultation with its tax counsel. **“Adjusted Tangible Stockholders’ Equity”** shall mean the consolidated stockholders’ equity of Company as set forth on its balance sheet on the Measurement Date calculated in accordance with GAAP, less intangible assets, plus Permitted Expenses aggregating up to \$1,000,000 to the extent they either have been paid or accrued by the Measurement Date and are reflected in GAAP consolidated stockholders’ equity at the Measurement Date, less the amount by which aggregate Permitted Expenses equal or exceed \$1,000,000 to the extent they are neither paid nor accrued at the Measurement Date and are not reflected in GAAP consolidated stockholders’ equity at the Measurement Date. The calculation of the Adjusted Tangible Stockholders’ Equity shall be delivered by Company to Buyer, accompanied by appropriate supporting detail, no later than the close of business on the fourth (4th) Business Day preceding the Closing Date, and such calculation shall be subject to verification and approval by Buyer, which approval shall not be unreasonably withheld.

(b) Buyer shall make available one or more Election Forms as may reasonably be requested from time to time by all Persons who become holders (or beneficial owners) of Company Common Stock between the Election Form Record Date and the close of business on the Business Day prior to the Election Deadline, and Company shall provide to the Exchange Agent all information reasonably necessary for it to perform as specified herein.

(c) Each Election Form shall permit the holder (or the beneficial owner through appropriate and customary documentation and instructions) to specify (x) the number of shares of such holder’s Company Common Stock with respect to which such holder makes a Mixed Election (each such share, a “**Mixed Election Share**”), (y) the number of shares of such holder’s Company Common Stock with respect to which such holder makes a Cash Election (each such share, a “**Cash Election Share**”), and (z) the number of shares of such holder’s Company Common Stock with respect to which such holder makes a Stock Election (each such share, a “**Stock Election Share**”). Any shares of Company Common Stock with respect to which the Exchange Agent has not received an effective, properly completed Election Form (including duly executed transmittal materials included with the Election Form), accompanied by any Certificates to which such Election Form relates, or by an appropriate customary guaranty of delivery of the related Certificates from a member of any registered national securities exchange or a commercial bank or trust company in the United States, on or before 3:00 p.m., Mountain Time, on the twenty-fifth (25th) day following the Mailing Date (or such other time and date as the Buyer and the Company shall agree) (the “**Election Deadline**”) (other than shares of Company Common Stock to be cancelled in accordance with Section 2.01(b) and other than Dissenting Shares) shall be deemed to be “**No Election Shares**,” and the holders of such No Election Shares shall be deemed to have made a Mixed Election with respect to such No Election Shares. Not later than ten (10) Business Days after the Election Deadline, unless the Effective Time has not yet occurred, in which case as soon after the Effective Time as is reasonably practicable, Buyer shall cause the Exchange Agent to effect the following prorations to the Merger Consideration:

(i) If the Cash Election Amount is greater than the Available Cash Election Amount, then each Cash Election Share shall, instead of being converted into the Cash Election Consideration, be converted into the right to receive (A) an amount of cash (without interest) equal to the product of the Cash Election Consideration, *multiplied by* a fraction, the numerator of which shall be the Available Cash Election Amount and the denominator of which shall be the Cash Election Amount (such fraction, the “**Cash Fraction**”), and (B) a number of validly issued, fully paid and nonassessable shares of Buyer Common Stock equal to the product of the Stock Election Consideration *multiplied by* a fraction equal to one (1) minus the Cash Fraction.

(ii) If the Available Cash Election Amount is greater than the Cash Election Amount, then each Stock Election Share shall, instead of being converted into the right to receive the Stock Election Consideration, be converted into the right to receive (A) an amount of cash (without interest) equal to the amount of such excess *divided by* the number of Stock Election Shares, and (B) a number of validly issued, fully paid and nonassessable shares of Buyer Common Stock equal to the product of the Stock Election Consideration *multiplied by* a fraction, the numerator of which shall be the difference between (I) the Cash Election Consideration *minus* (II) the amount calculated in clause (A) of this paragraph, and the denominator of which shall be the Cash Election Consideration.

(d) Any election shall have been properly made only if the Exchange Agent shall have actually received a properly completed Election Form (including duly executed transmittal materials included with the Election Form), accompanied by any Certificates to which such Election Form relates, or by an appropriate customary guaranty of delivery of the related Certificates from a member of any registered national securities exchange or a commercial bank or trust company in the United States, by the Election Deadline. Any Election Form may be revoked or changed by the authorized Person properly submitting such Election Form, by written notice received by the Exchange Agent prior to the Election Deadline. In the event an Election Form is revoked prior to the Election Deadline, the shares of Company Common Stock represented by such Election Form shall become No Election Shares, except to the extent a subsequent election is properly made with respect to any or all of such shares of Company Common Stock prior to the Election Deadline. Subject to the terms of this Agreement and of the Election Form, the Exchange Agent shall have reasonable discretion to determine whether any election, revocation or change has been properly or timely made and to disregard immaterial defects in the Election Forms, and any good faith decisions of the Exchange Agent regarding such matters shall be binding and conclusive. None of Buyer, Buyer Bank, Company, Company Bank or the Exchange Agent shall be under any obligation to notify any Person of any defect in an Election Form.

Section 2.03. *Rights as Shareholders; Stock Transfers.* At the Effective Time, all shares of Company Common Stock, when converted in accordance with Section 2.01(c) above, shall no longer be outstanding and shall automatically be cancelled and retired and shall cease to exist, and each Certificate previously evidencing such shares shall thereafter represent only the right to receive for each such share of Company Common Stock, the Merger Consideration (and any cash in lieu of shares of Buyer Common Stock as set forth in Section 2.04) in accordance with this Article 2 (subject to the provisions of Section 2.07). At the Effective Time, the non-dissenting holders of Company Common Stock shall cease to be, and shall have no rights as, shareholders of Company, other than the right to receive the Merger Consideration (and any cash in lieu of shares of Buyer Common Stock as set forth in Section 2.04) in accordance with this Article 2. After the Effective Time, there shall be no registration of transfers on the stock transfer books of Company of shares of Company Common Stock.

Section 2.04. *Fractional Shares.* Notwithstanding any other provision hereof, no fractional shares of Buyer Common Stock and no certificates or scrip therefor, or other evidence of ownership thereof, will be issued in the Merger and such fractional share interests shall not entitle the owner thereof to vote or to any other rights of a shareholder of Buyer. In lieu thereof, Buyer shall pay or cause to be paid to each non-dissenting holder of a fractional share of Buyer Common Stock, rounded to the nearest one hundredth (1/100th) of a share, an amount of cash (without interest and rounded to the nearest whole cent) determined by multiplying the fractional share interest in Buyer Common Stock to which such holder would otherwise be entitled by the VWAP for the twenty (20) Trading Days preceding the Closing Date.

Section 2.05. *Plan of Reorganization.* It is intended that the Merger shall constitute a reorganization within the meaning of Section 368(a) of the Code, and that this Agreement shall constitute a “plan of reorganization” as that term is used in Sections 354 and 361 of the Code. From and after the date of this Agreement and until the Closing, each party hereto shall use its reasonable best efforts to cause the Merger to qualify as a reorganization under Section 368(a) of the Code.

Section 2.06. *Exchange Procedures.* As promptly as practicable after the Effective Time but in no event later than five (5) Business Days after the Closing Date, and *provided* that Company has delivered, or caused to be delivered, to the Exchange Agent all information that is reasonably required by the Exchange Agent, the Exchange Agent shall mail or otherwise cause to be delivered to each holder of record of shares of Company Common Stock immediately prior to the Effective Time and whose shares of Company Common Stock were converted pursuant to Section 2.01 into the right to receive the Merger Consideration (each, a “**Holder**”) and who has not theretofore submitted its Certificates with an Election Form, a letter of transmittal, which shall (i) specify that delivery shall be effected, and risk of loss and title to the Certificates shall pass, only upon delivery of the Certificates (or affidavits of loss and/or bonds in such amounts as may be required in each case by Buyer or the Exchange Agent in lieu of such Certificate(s)) to the Exchange Agent and shall be in such form and have such other provisions as Buyer may reasonably specify, and (ii) specify instructions for use in effecting the surrender of the Certificates (or affidavits of loss in lieu thereof) in exchange for payment of the Merger Consideration (and any cash in lieu of shares of Buyer Common Stock as set forth in Section 2.04) in accordance with this Article 2 as provided for in this Agreement (the “**Letter of Transmittal**”). Buyer and the Exchange Agent shall be entitled to rely upon the stock transfer books of Company to establish the identity of the Holders, which books shall be conclusive with respect thereto.

Section 2.07. *Dissenting Shares.* Notwithstanding anything in this Agreement to the contrary, shares of Company Common Stock issued and outstanding immediately prior to the Effective Time and held by a shareholder who has not voted in favor of the Merger or consented thereto in writing and who has complied with applicable provisions of the MBCA (“**Dissenting Shares**”) shall not be converted into a right to receive the Merger Consideration, unless such shareholder fails to perfect or withdraws or otherwise loses his, her or its right to appraisal. From and after the Effective Time, a shareholder who has properly exercised such appraisal rights shall not have any rights of a shareholder of Company or the Surviving Entity with respect to shares of Company Common Stock, except those provided under applicable provisions of the MBCA (any shareholder duly making such demand being hereinafter called a “**Dissenting Shareholder**”). A Dissenting Shareholder shall be entitled to receive payment of the appraised value of each share of Company Common Stock held by him in accordance with the applicable provisions of the MBCA, unless, after the Effective Time, such shareholder fails to perfect or withdraws or loses his, her or its right to appraisal, in which case such shares of Company Common Stock shall be converted into and represent only the right to receive the Merger Consideration, without interest thereon, upon surrender of his, her or its Certificates pursuant to Section 2.06. Company shall give Buyer prompt notice of any written demands for appraisal, attempted withdrawals of such demands, and any other instruments served pursuant to applicable Law received by Company relating to shareholders’ rights of appraisal. Buyer shall have the right to direct all discussions, negotiations and proceedings with respect to any such demands for appraisal. Company shall not, except with the prior written consent of Buyer, voluntarily make, or offer to make, any payment with respect to, or settle or offer to settle, any such demand for appraisal. Company shall not waive any failure to timely deliver a written demand for appraisal or the taking of any other action by such Dissenting Shareholder as may be necessary to perfect appraisal rights under the MBCA. Any payments made in respect of Dissenting Shares shall be made by Buyer as the Surviving Entity.

Section 2.08. *Deposit of Merger Consideration.*

(a) Prior to the Effective Time, Buyer shall designate a bank or trust company to act as the exchange agent in connection with the Merger (the “**Exchange Agent**”). The Exchange Agent shall also act as the agent for the Company’s shareholders for the purpose of receiving and holding their Election Forms and Certificates and shall obtain no rights or interests in the shares represented thereby. At or before the Effective Time, Buyer shall deposit, or shall cause to be deposited, with the Exchange Agent (i) evidence of Buyer Common Stock issuable pursuant to Section 2.01(c) in book-entry form equal to the aggregate Buyer Common Stock portion of the Merger Consideration (excluding any fractional share consideration), and (ii) cash in immediately available funds in an amount sufficient to pay the aggregate cash portion of the Merger Consideration and, to the extent then determinable, any cash payable in lieu of shares of Buyer Common Stock as set forth in Section 2.04 (collectively, the “**Exchange Fund**”), and Buyer shall instruct the Exchange Agent to timely pay such consideration in accordance with this Agreement. The cash portion of the Exchange Fund shall be invested by the Exchange Agent as reasonably directed by Buyer; *provided, however*, that no such investment or loss thereon shall affect the amounts payable to Holders of Certificates pursuant to this Article 2.

(b) Any portion of the Exchange Fund that remains unclaimed by the shareholders of Company for one year after the Effective Time (as well as any interest or proceeds from any investment thereof) shall be delivered by the Exchange Agent to Buyer. Any shareholders of Company who have not theretofore complied with this Section 2.08 and Section 2.09(a) shall thereafter look only to Buyer for the Merger Consideration (and any cash in lieu of shares of Buyer Common Stock as set forth in Section 2.04) in accordance with this Article 2 deliverable in respect of each share of Company Common Stock such shareholder held as of immediately prior to the Effective Time, as determined pursuant to this Agreement, in each case without any interest thereon. If outstanding Certificates for shares of Company Common Stock are not surrendered or the payment for them is not claimed prior to the date on which such shares of Buyer Common Stock or cash would otherwise escheat to or become the property of any governmental unit or agency, the unclaimed items shall, to the extent permitted by the law of abandoned property and any other applicable Law, become the property of Buyer (and to the extent not in its possession shall be delivered to it), free and clear of all claims or interest of any Person previously entitled to such property. Neither the Exchange Agent nor any party to this Agreement shall be liable to any Holder represented by any Certificate for any Merger Consideration (or any dividends or distributions with respect thereto) paid to a public official pursuant to applicable abandoned property, escheat or similar Laws.

Section 2.09. *Delivery of Merger Consideration.*

(a) Upon surrender to the Exchange Agent of its Certificate(s) (or an affidavit of loss in lieu thereof) for cancellation to the Exchange Agent or to such other agent or agents as may be appointed by Buyer, together with such letter of transmittal or Election Form duly completed and validly executed in accordance with the instructions thereto, and such other documents as may be required pursuant to such instructions, the holder of such Certificate or Book-Entry Share shall be entitled to receive in exchange therefor the applicable Merger Consideration pursuant to the provisions of this Article 2, any fractional share consideration that such holder has the right to receive pursuant to the provisions of Section 2.04, and any amounts that such holder has the right to receive in respect of dividends or other distributions on shares of Buyer Common Stock in accordance with Section 2.09(c) for each share of Company Common Stock formerly represented by such Certificate, to be mailed within five (5) Business Days following the later to occur of (x) the completion of the proration to the Merger Consideration as described in Section 2.02(c) and (y) the Exchange Agent's receipt of such Certificate (or affidavit of loss in lieu thereof). The Exchange Agent and Buyer, as the case may be, shall not be obligated to deliver cash and/or shares of Buyer Common Stock to a Holder to which such Holder would otherwise be entitled as a result of the Merger until such Holder surrenders the Certificates representing the shares of Company Common Stock for exchange as provided in this Article 2, or, an appropriate affidavit of loss and indemnity agreement and/or a bond in such amount as may be reasonably required in each case by Buyer or the Exchange Agent.

(b) In the event of a transfer of ownership of a Certificate for Company Common Stock that is not registered in the stock transfer records of Company, the Merger Consideration (and any cash in lieu of shares of Buyer Common Stock as set forth in Section 2.04) in accordance with this Article 2 shall be issued or paid in exchange therefor to a person other than the person in whose name the Certificate so surrendered is registered if the Certificate formerly representing such Company Common Stock shall be properly endorsed or otherwise be in proper form for transfer and the person requesting such payment or issuance shall pay any transfer or other similar taxes required by reason of the payment or issuance to a person other than the registered holder of the Certificate, or establish to the reasonable satisfaction of Buyer that the tax has been paid or is not applicable, and the person requesting payment for such Certificate shall have complied with the provisions of the Letter of Transmittal or Election Form. In the event of a dispute with respect to ownership of any shares of Company Common Stock represented by any Certificate, Buyer and the Exchange Agent shall be entitled to tender to the custody of any court of competent jurisdiction any Merger Consideration (and any cash in lieu of shares of Buyer Common Stock as set forth in Section 2.04) represented by such Certificate and file legal proceedings interpleading all parties to such dispute, and will thereafter be relieved with respect to any claims thereto.

(c) All shares of Buyer Common Stock to be issued pursuant to the Merger shall be deemed issued and outstanding as of the Effective Time and if ever a dividend or other distribution is declared by Buyer in respect of the Buyer Common Stock, the record date for which is at or after the Effective Time, that declaration shall include dividends or other distributions in respect of all shares of Buyer Common Stock issuable pursuant to this Agreement. No dividends or other distributions in respect of the Buyer Common Stock shall be paid to any holder of any unsurrendered Certificate until such Certificate (or affidavit of loss and/or a bond in such amount as may be required in each case by Buyer or the Exchange Agent in lieu of such Certificate) is surrendered for exchange in accordance with this Article 2. Subject to the effect of applicable Laws, following surrender of any such Certificate (or affidavit of loss and/or a bond in such amount as may be required in each case by Buyer or the Exchange Agent in lieu of such Certificate(s)), there shall be issued and/or paid to the holder of the whole shares of Buyer Common Stock issued in exchange therefor, without interest, (i) at the time of such surrender, the dividends or other distributions with a record date after the Effective Time theretofore payable with respect to such whole shares of Buyer Common Stock and not paid and (ii) at the appropriate payment date, the dividends or other distributions payable with respect to such whole shares of Buyer Common Stock with a record date after the Effective Time but with a payment date subsequent to surrender.

(d) Buyer (through the Exchange Agent, if applicable) shall be entitled to deduct and withhold from any amounts otherwise payable pursuant to this Agreement to any Holder such amounts as Buyer is required to deduct and withhold under applicable Law. Any amounts so deducted and withheld shall be remitted to the appropriate Governmental Authority and upon such remittance shall be treated for all purposes of this Agreement as having been paid to the Holder in respect of which such deduction and withholding was made by Buyer or the Exchange Agent, as applicable.

Company shall use its reasonable best efforts, subject to applicable Law, to, within ten (10) Business Days after the date hereof, request and confirm the return or destruction of any confidential information provided to any Person (other than Buyer and its Affiliates and its and their representatives) pursuant to any existing confidentiality, standstill or similar agreements to which it or any of its Subsidiaries is a party relating to an Acquisition Proposal.

For purposes of this Agreement, “**Superior Proposal**” means a bona fide, unsolicited written Acquisition Proposal (i) that if consummated would result in a third party (or, in the case of a direct merger between such third party and Company, Company Bank or any other Subsidiary of Company, the shareholders of such third party) acquiring, directly or indirectly, more than 50% of the outstanding Company Common Stock or more than 50% of the assets of Company and its Subsidiaries, taken as a whole, for consideration consisting of cash and/or securities and (ii) that Company Board reasonably determines in good faith, after consultation with its outside financial advisor and outside legal counsel, (A) is reasonably capable of being completed, taking into account all financial, legal, regulatory and other aspects of such proposal, including all conditions contained therein and the Person making such Acquisition Proposal, and (B) taking into account any changes to this Agreement proposed by Buyer in response to such Acquisition Proposal, as contemplated by paragraph (c) of this Section 5.09, and all financial, legal, regulatory and other aspects of such Acquisition Proposal, including all conditions contained therein and the Person making such proposal, is more favorable to the shareholders of Company from a financial point of view than the Merger and the other transactions contemplated by this Agreement.

(b) Notwithstanding Section 5.09(a) or any other provision of this Agreement, prior to the date of the Company Meeting, if, but only if, (A) Company has after the date of this Agreement received a bona fide unsolicited written Acquisition Proposal that did not result from a breach of this Section 5.09, (B) the Company Board reasonably determines in good faith, after consultation with and having considered the advice of its outside financial advisor and outside legal counsel, that (1) such Acquisition Proposal constitutes or could reasonably be expected to lead to a Superior Proposal and (2) the failure to take such actions would be inconsistent with its fiduciary duties under applicable Law, and (C) prior to furnishing or affording access to any information or data with respect to Company or any of its Subsidiaries or otherwise relating to an Acquisition Proposal, Company receives from the Person making such Acquisition Proposal an Acceptable Confidentiality Agreement (it being understood that nothing therein shall have the effect of a standstill provision), Company may take the actions described in clause (ii) of Section 5.09(a) solely with respect to such Acquisition Proposal. Company shall promptly provide to Buyer any non-public information regarding Company or its Subsidiaries provided to any other Person which was not previously provided to Buyer, such additional information to be provided no later than the date of provision of such information to such other party.

(c) Company shall promptly (and in any event within twenty-four (24) hours) notify Buyer in writing if any proposals or offers are received by, any information is requested from, or any negotiations or discussions are sought to be initiated or continued with, Company or the Company Representatives, in each case in connection with any Acquisition Proposal, and such notice shall indicate the name of the Person initiating such discussions or negotiations or making such proposal, offer or information request and the material terms and conditions of any proposals or offers and, in the case of written materials relating to such proposal, offer, information request, negotiations or discussion, providing copies of such materials including e-mails or other electronic communications. (d) Subject to Section 5.09(e), neither the Company Board nor any committee thereof shall (i) withhold, withdraw, change, qualify, amend or modify, or publicly propose to withdraw, change, qualify, amend or modify, in a manner adverse in any respect to the interest of Buyer, in connection with the transactions contemplated by this Agreement (including the Merger), or take any other action or make any other public statement inconsistent with, the Company Recommendation, fail to reaffirm the Company Recommendation within five (5) Business Days following a request by Buyer, or make any public statement, filing or release inconsistent with the Company Recommendation (it being understood that taking a neutral position or no position with respect to an Acquisition Proposal shall be considered an adverse modification of the Company Recommendation); (ii) approve, recommend or endorse, or publicly propose to approve, recommend or endorse, any Acquisition Proposal; (iii) submit this Agreement to Company's shareholders for approval without recommendation; (iv) resolve to take, or publicly announce an intention to take, any of the foregoing actions (each of (i), (ii), (iii) or (iv) a "**Company Subsequent Determination**"); or (v) enter into (or cause Company or any of its Subsidiaries to enter into) any letter of intent, agreement in principle, acquisition agreement or other agreement (A) related to any Acquisition Transaction (other than an Acceptable Confidentiality Agreement entered into in accordance with the provisions of Section 5.09(b)) or (B) requiring Company to abandon, terminate or fail to consummate the Merger or any other transaction contemplated by this Agreement.

(e) Notwithstanding Section 5.09(d), prior to the date of the Company Meeting, the Company Board may make a Company Subsequent Determination (although the Company Subsequent Determination will have no effect on any previously adopted resolutions of the Company Board except as expressly permitted by this paragraph) after the fifth (5th) Business Day following Buyer's receipt of a notice (the "**Notice of Superior Proposal**") from Company advising Buyer that the Company Board has determined reasonably and in good faith, after consultation with and considering the advice of its outside legal counsel and its financial advisor, that a bona fide unsolicited written Acquisition Proposal that it received after the date of this Agreement (that did not result from a breach of this Section 5.09) constitutes a Superior Proposal if, but only if, (i) the Company Board has determined reasonably and in good faith, after consultation with and having considered the advice of outside legal counsel and its financial advisor, that because of the existence of such Superior Proposal the failure to take such actions would be inconsistent with its fiduciary duties under applicable Law (it being understood that the initial determination under this clause (i) will not be considered a Company Subsequent Determination), (ii) during the five (5) Business Day period after receipt of the Notice of Superior Proposal by Buyer (the "**Notice Period**"), Company and the Company Board shall have cooperated and negotiated in good faith with Buyer to make such adjustments, modifications or amendments to the terms and conditions of this Agreement as would enable Company to proceed with the Company Recommendation without a Company Subsequent Determination; *provided, however*, that Buyer shall not have any obligation to propose any adjustments, modifications or amendments to the terms and conditions of this Agreement, and (iii) at the end of the Notice Period, after taking into account any such adjusted, modified or amended terms, if any, as may have been proposed by Buyer since its receipt of such Notice of Superior Proposal, the Company Board has again reasonably and in good faith, after consultation with and considering the advice of its outside legal counsel and its financial advisor, made the determination (A) in clause (i) of this Section 5.09(e) and (B) that such Acquisition Proposal constitutes a Superior Proposal. In the event of any material revisions to the Superior Proposal, Company shall be required to deliver a new Notice of Superior Proposal to Buyer and again comply with the requirements of this Section 5.09(e), except that the Notice Period shall be reduced to three (3) Business Days. Any Notice of Superior Proposal shall include a reasonably detailed description of the Acquisition Proposal subject thereto, including the latest material terms and conditions and the identity of the third party in such Acquisition Proposal (including an unredacted copy of all proposed agreements and other documents with respect to such Acquisition Proposal) or any amendment or supplement thereto.

(f) Nothing contained in this Section 5.09 shall prohibit Company or the Company Board from complying with Company's obligations required under Rule 14e-2(a) promulgated under the Exchange Act; *provided, however*, that any such disclosure relating to an Acquisition Proposal shall be deemed a Company Subsequent Determination unless the Company Board reaffirms the Company Recommendation in such disclosure, in which case, for the avoidance of doubt, such disclosure will not be considered a Company Subsequent Determination.

Section 5.10. *Indemnification.*

(a) For a period of three (3) years from and after the Effective Time, and in any event subject to the provisions of Section 5.10(b), Buyer shall indemnify and hold harmless the present and former directors and officers of Company and Company Bank (the "**Indemnified Parties**"), against all costs or expenses (including reasonable attorney's fees), judgments, fines, losses, claims, damages, or liabilities incurred in connection with any actual or threatened claim, action, suit, proceeding or investigation, whether civil, criminal, administrative or investigative arising out of actions or omissions of such persons in the course of performing their duties for Company or Company Bank or any of their respective Subsidiaries occurring at or before the Effective Time (including the transactions contemplated by this Agreement) (each a "**Claim**"), to the fullest extent as such persons have the right to be indemnified pursuant to the Articles of Incorporation and Bylaws of Company in effect on the date of this Agreement and applicable Law and in connection with any such Claim promptly advance expenses from time to time as incurred, to the same extent as such persons have the right to expense advancement pursuant to the Articles of Incorporation and Bylaws of Company in effect on the date of this Agreement, to the extent permitted by applicable Law, *provided*, the person to whom expenses are advanced provides a reasonable and customary undertaking to repay such advances, if it is ultimately determined that such person is not entitled to indemnification.

(b) Any Indemnified Party wishing to claim indemnification under this Section 5.10 shall promptly notify Buyer upon learning of any Claim, *provided* that, failure to so notify shall not affect the obligation of Buyer under this Section 5.10, unless, and only to the extent that, Buyer is materially prejudiced in the defense of such Claim as a consequence. In the event of any such Claim (whether asserted or claimed prior to, at or after the Effective Time), (i) (A) Buyer shall have the right to assume the defense thereof and Buyer shall not be liable to such Indemnified Parties for any legal expenses or other counsel or any other expenses subsequently incurred by such Indemnified Parties in connection with the defense thereof, unless such Indemnified Party is advised in writing by counsel that the defense of such Indemnified Party by Buyer would create an actual or potential conflict of interest (in which case, Buyer shall not be obligated to reimburse or indemnify any Indemnified Party for the expenses of more than one such separate counsel for all Indemnified Parties, in addition to one local counsel in the jurisdiction where defense of any Claim has been or is to be asserted), and (B) the Indemnified Parties will cooperate in the defense of any such matter, (ii) (x) Buyer shall not be liable for any settlement effected without its prior written consent (which consent shall not be unreasonably withheld or delayed) and (y) Buyer shall not settle any Claim without such Indemnified Party's prior written consent (which consent shall not be unreasonably withheld or delayed) unless in the case of this clause (y) such settlement does not provide for any additional monetary or equitable relief against the Indemnified Party and contains an unconditional release of such Indemnified Party for the matters to which such settlement relates and (iii) Buyer shall have no obligation hereunder to any Indemnified Party if such indemnification would be in violation of any applicable federal or state banking Laws or regulations, or in the event that a federal or state banking agency or a court of competent jurisdiction shall determine that indemnification of an Indemnified Party in the manner contemplated hereby is prohibited by applicable Laws and regulations, whether or not related to banking Laws. All rights to indemnification in respect of any Claim asserted or made prior to the period ending six (6) years after the Effective Time shall continue until the final disposition of such Claim.

(c) For a period of three (3) years following the Effective Time, Buyer will purchase and provide director's and officer's liability insurance (herein, "**D&O Insurance**") that serves to reimburse the present and former officers and directors of Company or its Subsidiaries (determined as of the Effective Time) with respect to claims against such directors and officers arising from acts and omissions occurring before the Effective Time (including the transactions contemplated hereby), which insurance will contain at least the same coverage and amounts, and contain terms and conditions no less advantageous to the Indemnified Parties, as that coverage currently provided by Company, *provided* that, if Buyer is unable to maintain or obtain the insurance called for by this Section 5.10, Buyer will provide as much comparable insurance as is reasonably available (subject to the limitations described below in this Section 5.10(c); and *provided, further*, that officers and directors of Company or its Subsidiaries may be required to make application and provide customary representations and warranties to the carrier of the D&O Insurance for the purpose of obtaining such insurance. In no event shall Buyer be required to expend for such tail insurance a premium amount in excess of an amount equal to 150% of the annual premium paid by Company for D&O Insurance in effect as of the date of this Agreement (the "**Maximum D&O Tail Premium**"). If the aggregate cost of such tail insurance exceeds the Maximum D&O Tail Premium, Buyer shall obtain tail insurance coverage or a separate tail insurance policy with the greatest coverage available for an aggregate cost not exceeding the Maximum D&O Tail Premium or, in the case of a tail insurance policy, the aggregate Maximum D&O Tail Premium for the 3-year period).

(d) If Buyer or any of its successors and assigns (i) shall consolidate with or merge into any other corporation or entity and shall not be the continuing or surviving corporation or entity of such consolidation or merger, or (ii) shall transfer all or substantially all of its property and assets to any individual, corporation or other entity, then, in each such case, proper provision shall be made so that the successors and assigns of Buyer and its Subsidiaries shall assume the obligations set forth in this Section 5.10.

(e) These rights shall survive consummation of the Merger and are intended to benefit, and shall be enforceable by, each Indemnified Party. After the Effective Time, the obligations of Buyer under this Section 5.10 shall not be terminated or modified in such a manner as to adversely affect any Indemnified Party unless the affected Indemnified Party shall have consented in writing to such termination or modification.

(f) Nothing in this Agreement is intended to, shall be construed to or shall release, waive or impair any rights to directors' and officers' insurance claims under any policy that is or has been in existence with respect to Company or any of its Subsidiaries for any of their respective directors, officers or other employees, it being understood and agreed that the indemnification provided for in this Section 5.10 is not prior to or in substitution for any such claims under such policies.

Section 5.11. *Employees; Benefit Plans.*

(a) Company and Company Bank agree, upon Buyer's reasonable request, to facilitate discussions between Buyer and Company Employees a reasonable time in advance of the Closing Date regarding employment, consulting or other arrangements to be effective prior to or following the Effective Time. Prior to the Effective Time, any interaction between Buyer and Company Employees shall be coordinated with Company or Company Bank.

All resolutions, notices, or other documents issued, adopted or executed in connection with the implementation of the first sentence of this Section 5.11(b) shall be subject to Buyer's reasonable prior review and approval, which shall not be unreasonably withheld, conditioned or delayed. Distributions of benefits under any Company 401(a) Plan shall occur in accordance with such plan's terms and applicable Law, and a participant in such plan will be allowed to take, at the participant's option: (x) a direct distribution from such plan; (y) a rollover to an Individual Retirement Account; or (z) a rollover to a tax qualified retirement plan of Buyer or Buyer Bank to the extent the plan sponsored by Buyer or Buyer Bank accepts rollover contributions, if such participant is employed by Buyer or Buyer Bank.

(c) For any Company Benefit Plan terminated by Buyer for which there is a comparable Buyer Benefit Plan of general applicability, Company Employees who are retained by Buyer or Buyer Bank shall be entitled to participate in such Buyer Benefit Plans to the same extent as similarly-situated employees of Buyer or Buyer Bank (it being understood that inclusion of Company Employees in the Buyer Benefit Plans may occur at different times with respect to different plans). To the extent allowable under any Buyer Benefit Plans in which Company Employees participate, Company Employees shall be given credit for prior service or employment with Company or Company Bank (as well as service with any predecessor employer) for purposes of eligibility for and vesting of all benefits under such plans and for purposes of accruals or levels of severance, vacation pay, paid time off or similar benefits; *provided* that the foregoing shall not apply to the extent that it would result in any duplication of benefits. Notwithstanding the foregoing, Buyer may amend or terminate any Buyer Benefit Plan at any time in its sole discretion.

(e) Each full-time employee of Company or Company Bank, other than an employee who is a party to an employment agreement, change in control agreement or other separation agreement that provides a benefit on a termination of employment, who is terminated by Buyer or its Subsidiaries (other than for cause) within six (6) months following the Effective Time shall receive a lump sum severance payment from Buyer or Buyer Bank in accordance with Company Disclosure Schedule 5.11(e) provided that such employee enters into a release of claims for the benefit of Company and Buyer and their Subsidiaries and Affiliates in a form satisfactory to Buyer.

(f) Nothing in this Section 5.11, expressed or implied, is intended to confer upon any other Person (including any Company Employee) any rights or remedies of any nature whatsoever. Without limiting the foregoing, no provision of this Section 5.11 will create any third party beneficiary rights in any current or former employee, director or consultant of Company or its Subsidiaries or ERISA Affiliates, any beneficiary or dependent thereof, or any collective bargaining representative thereof, in respect of continued employment (or resumed employment), compensation, terms and conditions of employment and/or benefits or any other matter. FORM OF COMPANY SHAREHOLDER SUPPORT AGREEMENT

COMPANY SHAREHOLDER SUPPORT AGREEMENT, dated as of September 5, 2017 (this "**Agreement**"), by and between Eagle Bancorp Montana, Inc., a Delaware corporation ("**Eagle**"), and the shareholder identified on the signature pages hereto (the "**Shareholder**").

WHEREAS, concurrently herewith, TwinCo, Inc., a Montana corporation ("**TwinCo**"), Ruby Valley Bank, a Montana chartered commercial bank and wholly owned subsidiary of TwinCo (the "**Bank**"), Opportunity Bank of Montana, a Montana chartered commercial bank and wholly owned subsidiary of Eagle ("**Opportunity Bank**"), and Eagle are entering into an Agreement and Plan of Merger (the "**Merger Agreement**") pursuant to which TwinCo will merge with and into Eagle on the terms and conditions set forth therein, with Eagle surviving such merger (the "**Merger**") and as provided therein the Bank will merge with and into Opportunity Bank (the "**Bank Merger**"), and, in connection therewith, the shares of common stock, par value \$1.00 per share, of TwinCo ("**TwinCo Common Stock**") issued and outstanding immediately prior to the Effective Time, other than any shares to be cancelled pursuant to Section 2.01(b) of the Merger Agreement and any Dissenting Shares, will, without any further action on the part of the holder thereof, be cancelled and extinguished and automatically converted into the right to receive the Merger Consideration as set forth in the Merger Agreement;

WHEREAS, as of the date hereof, the Shareholder is the record and beneficial owner of, and has the right to vote and dispose of, the number of shares of TwinCo Common Stock set forth on the signature page of the Shareholder hereto (such TwinCo Common Stock, together with any other capital stock of TwinCo acquired by the Shareholder after the date hereof whether acquired directly or indirectly, upon the exercise of options or warrants, conversion of convertible securities or otherwise, and any other securities issued by TwinCo that are entitled to vote on the approval of the Merger Agreement held or acquired by the Shareholder (whether acquired heretofore or hereafter), being collectively referred to herein as the "**Shares**");

WHEREAS, receiving the TwinCo Shareholder Approval is a condition to the consummation of the transactions contemplated by the Merger Agreement; and

WHEREAS, as an inducement to Eagle to enter into the Merger Agreement and incur the obligations therein, Eagle has required that the Shareholder enter into this Agreement.

NOW, THEREFORE, in consideration of the foregoing, the mutual covenants and agreements set forth herein, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties hereto agree as follows:

Section 1. Agreement to Vote, Restrictions on Voting and Dispositions, Revocation of Proxies.

(a) Agreement to Vote TwinCo Common Stock. The Shareholder irrevocably and unconditionally hereby agrees that from the date hereof until the Expiration Time, at any meeting (whether annual or special and each adjourned or postponed meeting) of TwinCo's shareholders, however called or in connection with any written consent of TwinCo's shareholders, the Shareholder will (x) appear at such meeting or otherwise cause its Owned Shares (as defined below) to be counted as present thereat for purposes of calculating a quorum and (y) vote or cause to be voted all of the Shares beneficially owned by the Shareholder as of the relevant time (the "**Owned Shares**"), (1) in favor of the approval of the Merger Agreement, (2) against any Acquisition Proposal, without regard to any recommendation to the shareholders of TwinCo by the Board of Directors of TwinCo concerning such Acquisition Proposal, and without regard to the terms of such Acquisition Proposal, or any other proposal made in opposition to or that is otherwise in competition or inconsistent with the transactions contemplated by the Merger Agreement, (3) against any agreement, amendment of any agreement (including the Articles of Incorporation and Bylaws of TwinCo or the Articles of Incorporation and Bylaws of the Bank), or any other action that is intended or would reasonably be expected to prevent, impede, or, in any material respect, interfere with, delay, postpone, or discourage the transactions contemplated by the Merger Agreement, or (4) against any action, agreement, transaction or proposal that would reasonably be expected to result in a breach of any representation, warranty, covenant, agreement or other obligation of TwinCo in the Merger Agreement.

(b) *Restrictions on Transfers.* The Shareholder hereby agrees that, from the date hereof until the Expiration Time, the Shareholder shall not, directly or indirectly, sell, offer to sell, give, pledge, encumber, assign, tender, exchange, grant any option for the sale of or otherwise transfer or dispose of, or enter into any agreement, arrangement or understanding to sell, any Shares (collectively "**Transfer**") other than in connection with bona fide estate planning purposes to his or her affiliates or immediate family members, *provided* that as a condition to such Transfer, such affiliate or immediate family member shall execute an agreement that is identical to this Agreement (except to reflect the change in the identity of the Shareholder) and *provided, further* that the assigning Shareholder shall remain jointly and severally liable for the breaches of any of his or her affiliates or immediate family members of the terms hereof. Any Transfer in violation of this provision shall be void. The Shareholder further agrees to authorize and request TwinCo to notify TwinCo's transfer agent, if any, or registrar that there is a stop transfer order with respect to all of the Shares owned by the Shareholder and that this Agreement places limits on the voting of the Shareholder's Shares.

Section 2. *Non-Solicit.* Except as expressly permitted pursuant to the exceptions set forth in Sections 5.04(a) and 5.09 of the Merger Agreement, the Shareholder shall not, and shall use his or her reasonable best efforts to cause his or her affiliates and each of their respective officers, directors, employees and Representatives not to, directly or indirectly, (i) initiate, solicit, encourage or knowingly facilitate any inquiries or proposals with respect to an Acquisition Proposal, (ii) continue, engage or participate in any negotiations concerning an Acquisition Proposal, (iii) provide any confidential or nonpublic information or data to, or have or participate in any discussions with, any Person relating to an Acquisition Proposal, (iv) approve, recommend, agree to or accept any Acquisition Proposal, (v) solicit proxies or become a participant in a solicitation with respect to an Acquisition Proposal or otherwise encourage or assist any party in taking or planning any action that would reasonably be expected to compete with, restrain or otherwise serve to interfere with or inhibit the timely consummation of the Merger in accordance with the terms of the Merger Agreement, (vi) initiate a shareholders' vote or action by consent of TwinCo's shareholders with respect to an Acquisition Proposal, (vii) except by reason of this Agreement, become a member of a "group" (as such term is used in Section 13(d) of the Exchange Act) with respect to any voting securities of TwinCo that takes any action in support of an Acquisition Proposal, or (viii) approve, endorse or recommend, agree to or accept, or propose to approve, endorse, recommend, agree to or accept, or execute or enter into, any letter of intent, agreement in principle, merger agreement, investment agreement, acquisition agreement, option agreement or other similar agreement related to any Acquisition Proposal.

(ii) *Due Authorization.* This Agreement has been duly executed and delivered by the Shareholder and the execution, delivery and performance of this Agreement by the Shareholder and the consummation of the transactions contemplated hereby have been duly authorized by all necessary action on the part of the Shareholder.

(iii) *Binding Agreement.* Assuming the due authorization, execution and delivery of this Agreement by Eagle, this Agreement constitutes the valid and binding agreement of the Shareholder, enforceable against the Shareholder in accordance with its terms (except in all cases as such enforceability may be limited by applicable bankruptcy, insolvency, reorganization, receivership, conservatorship, moratorium, or similar laws affecting the enforcement of creditors' rights generally and except that the availability of the equitable remedy of specific performance or injunctive relief is subject to the discretion of the court before which any proceeding may be brought).

(iv) *Non-Contravention.* The execution and delivery of this Agreement by the Shareholder does not, and the performance by the Shareholder of his or her obligations hereunder and the consummation by the Shareholder of the transactions contemplated hereby will not violate or conflict with, or constitute a default under, any agreement, instrument, contract or other obligation or any order, arbitration award, judgment or decree to which the Shareholder is a party or by which the Shareholder is bound, or any statute, rule or regulation to which the Shareholder is subject. Except as contemplated by this Agreement, neither the Shareholder nor any of its affiliates (a) has entered into any voting agreement or voting trust with respect to any Shares or entered into any other contract relating to the voting of the Shares or (b) has appointed or granted a proxy or power of attorney with respect to any Shares, in either case, which is inconsistent with the Shareholder's obligations pursuant to this Agreement.

(v) *Ownership of Shares.* Except for restrictions in favor of Eagle pursuant to this Agreement, and except for such transfer restrictions of general applicability as may be provided under the Securities Act, and the "blue sky" laws of the various States of the United States, the Shareholder owns, beneficially and of record, all of the Shareholder's Shares, as applicable, free and clear of any proxy, voting restriction, adverse claim, pledge, security interest, voting trust or agreement, understanding or arrangement, or other encumbrance or lien and has voting power and power of disposition with respect to the Shareholder's Shares with no restrictions on the Shareholder's rights of voting or disposition pertaining thereto and no person other than the Shareholder has any right to direct or approve the voting or disposition of any of the Shareholder's Owned Shares. As of the date hereof, the number of Owned Shares equals the number of Shares set forth on the Shareholder's signature page hereto.

(vi) *Legal Actions.* There is no action, suit, investigation, complaint or other proceeding pending against the Shareholder or, to the knowledge of the Shareholder, any other person or, to the knowledge of the Shareholder, threatened against the Shareholder or any other person that restricts or prohibits (or, if successful, would restrict or prohibit) the exercise by Eagle of its rights under this Agreement or the performance by any party of its obligations under this Agreement.

(vii) *Reliance.* The Shareholder understands and acknowledges that Eagle is entering into the Merger Agreement in reliance upon the Shareholder's execution and delivery of this Agreement and the representations and warranties of the Shareholder contained herein.

(b) Covenants. From the date hereof until the Expiration Time:

(ii) the Shareholder hereby agrees, while this Agreement is in effect, to promptly notify Eagle of the number of any new shares of TwinCo Common Stock acquired by the Shareholder, if any, after the date hereof. (iii) the Shareholder hereby authorizes Eagle and TwinCo to publish and disclose in any announcement or disclosure required by the SEC and any proxy statement filed in connection with the transactions contemplated by the Merger Agreement the Shareholder's identity and ownership of the Owned Shares and the nature of the Shareholder's obligations under this Agreement.

Section 4. Further Assurances. From time to time, at the request of Eagle and without further consideration, the Shareholder shall execute and deliver such additional documents and take all such further action as may be necessary to consummate and make effective the transactions contemplated by this Agreement.

Section 5. Termination. Other than with respect to this Section and Section 7, which shall survive any termination of this Agreement, this Agreement will terminate upon the earliest of (A) the Merger Agreement being approved by the requisite affirmative vote of the shareholders of TwinCo and (B) the date of termination of the Merger Agreement in accordance with its terms (the "Expiration Time"); *provided* that no such termination shall relieve any party hereto from any liability for any breach of this Agreement occurring prior to such termination.

Section 6. Appraisal Rights. The Shareholder hereby waives any rights of appraisal or rights to dissent from the Merger that the Shareholder may have under applicable law, including Sections 35-1-826 through 35-1-839 of the MBCA.

Gentlemen:

This claims letter ("**Claims Letter**") is delivered pursuant to Section 5.23 of that certain Agreement and Plan of Merger, dated as of September 5, 2017 (as the same may be amended or supplemented, the "**Merger Agreement**"), by and among Eagle Bancorp Montana, Inc., a Delaware corporation ("**Buyer**"), Opportunity Bank of Montana, a Montana Bank and wholly owned subsidiary of Buyer ("**Buyer Bank**"), TwinCo, Inc., a Montana corporation ("**Company**"), and Ruby Valley Bank, a Montana bank and wholly owned subsidiary of the Company (the "**Company Bank**"). Section 1. **Claims.** The undersigned does not have, and is not aware of, any claims he or she might have against the Company or Buyer or any of their respective Subsidiaries, except for: (i) compensation and related benefits for

Section 2. ***Releases.*** Upon the Closing, the undersigned hereby fully, finally and irrevocably releases and forever discharges the Company, Buyer, Buyer Bank, the Company Bank and all other Subsidiaries of the Company and Buyer, and their respective directors, officers, employees, agents, attorneys, representatives, Subsidiaries, partners, Affiliates, controlling persons and insurers in their capacities as such, and their respective successors and assigns, and each of them (hereinafter, individually and collectively, the “***Releasees***”) of and from any and all liabilities, losses, claims, demands, debts, accounts, covenants, agreements, obligations, costs, expenses, actions or causes of action of every nature, character or description, now accrued or which may hereafter accrue, without limitation and whether or not in law, equity or otherwise, based in whole or in part on any known or unknown facts, conduct, activities, transactions, events or occurrences, matured or unmatured, contingent or otherwise, which have or allegedly have existed, occurred, happened, arisen or transpired from the beginning of time to the date of the closing of the transactions contemplated by the Merger Agreement, except for the Disclosed Claims (collectively, the “***Claims***”). The undersigned further irrevocably releases, discharges, and transfers to Buyer, as successor to the Company, respectively, all claims, actions and interests of the undersigned in any Intellectual Property of any nature whatsoever created, developed, registered, licensed or used by or for the undersigned or the Company, the Company Bank or any other Subsidiary of the Company (which shall also be considered to be Claims). The undersigned represents, warrants and covenants that no Claim released herein has been assigned, expressly, impliedly, by operation of law or otherwise, and that all Claims released hereby are owned solely by the undersigned, which has the sole authority to release them.

Section 3. ***Forbearance.*** The undersigned shall forever refrain and forebear from commencing, instituting, prosecuting or making any lawsuit, action, claim or proceeding before or in any court, Regulatory Authority, Governmental Authority, Taxing Authority or other authority to collect or enforce any Claims which are released and discharged hereby.

Section 4. ***Miscellaneous.***

(a) This Claims Letter shall be governed by, and construed in accordance with, the laws of the State of Delaware without regard to conflict of laws principles (other than the choice of law provisions thereof).

(b) This Claims Letter contains the entire agreement between the parties with respect to the Claims released hereby, and such Claims Letter supersedes all prior agreements, arrangements or understandings (written or otherwise) with respect to such Claims, and no representation or warranty, oral or written, express or implied, has been made by or relied upon by any party hereto, except as expressly contained herein, or in the Merger Agreement.

(c) This Claims Letter shall be binding upon and inure to the benefit of the undersigned and the Releasees and their respective heirs, legal representatives, successors and assigns.

(d) In the event that a party seeks to obtain or enforce any right or benefit provided by this Claims Letter through Litigation, and in the event that such party prevails in any such Litigation pursuant to which an arbitral panel, court or other Governmental Authority issues a final order, judgment, decree or award granting substantially the relief sought, then the prevailing party shall be entitled upon demand to be paid by the other party, all reasonable costs incurred in connection with such Litigation, including the reasonable legal fees and charges of one counsel, provided no party shall be entitled to any punitive or exemplary damages, which are hereby waived.

(g) The undersigned represents, warrants and covenants that he or she is fully aware of his or her rights to discuss any and all aspects of this matter with any attorney he or she chooses, and that the undersigned has carefully read and fully understands all the provisions of this Claims Letter, and that the undersigned is voluntarily entering into this Claims Letter.

FORM OF RESTRICTIVE COVENANT AGREEMENT

THIS RESTRICTIVE COVENANT AGREEMENT (the “**Agreement**”) is made and entered into as of September 5, 2017, by and between Eagle Bancorp Montana, Inc., a Delaware corporation (“**Buyer**”), and the undersigned director (“**Director**”) of TwinCo, Inc., a Montana corporation (“**Company**”), and/or Ruby Valley Bank, a Montana state bank and wholly-owned subsidiary of Company (the “**Company Bank**” and collectively with Company, “**TwinCo**”), and shall become effective as of the Effective Time of the Merger as provided in the Merger Agreement (defined below).

WHEREAS, Buyer, Opportunity Bank of Montana, a Montana state bank and wholly-owned subsidiary of Buyer (“**Buyer Bank**”), Company and Company Bank are parties to that certain Agreement and Plan of Merger, dated as of September 5, 2017, as the same may be amended or supplemented (the “**Merger Agreement**”), that provides for, among other things, the merger of Company with and into Buyer, and the subsequent merger of Company Bank with and into Buyer Bank;

WHEREAS, Director is a shareholder and director of TwinCo and, as a result of the Merger and pursuant to the transactions contemplated by the Merger Agreement, Director or an Affiliate of Director is expected to receive Merger Consideration in exchange for the shares of Company Common Stock held by Director and/or the Director’s Affiliate;

WHEREAS, prior to the date hereof, Director has served as a member of the Board of Directors of TwinCo, and, therefore, Director has knowledge of the Confidential Information (hereinafter defined);

WHEREAS, as a result of the Merger, Buyer will succeed to all of the Confidential Information, for which Buyer, as of the Effective Time, will have paid valuable consideration and desires reasonable protection; and

WHEREAS, the Merger Agreement contemplates that, upon the execution and delivery of the Merger Agreement by Company, as a condition and inducement to the willingness of Buyer and Buyer Bank to enter into the Merger Agreement, Director will enter into and perform this Agreement.

NOW THEREFORE, for good and valuable consideration, including, without limitation, the Merger Consideration to be received by Director and/or the Director’s Affiliate, the sufficiency and receipt of which is hereby acknowledged,

the parties hereto, intending to be legally bound, covenant and agree as follows:

Section 1. *Certain Definitions.*

(a) “**Affiliated Company**” means, with respect to any specified person or entity, any company or entity controlled by, controlling or under common control with the specified person or entity.

A-E-1

Table of Contents

(b) “**Confidential Information**” means all information regarding TwinCo, Buyer and their Affiliated Companies and any of their respective activities, businesses or customers that is not generally known to persons not employed by TwinCo, Buyer or their respective Affiliated Companies, and that is not generally disclosed publicly to persons not employed by TwinCo, Buyer or their respective Affiliated Companies. “Confidential Information” shall include, without limitation, all customer information, customer lists, confidential methods of operation, lending and credit information, commissions, mark-ups, product/service formulas, information concerning techniques for use and integration of websites and other products/services, current and future development and expansion or contraction plans of TwinCo, Buyer or their respective Affiliated Companies, sale/acquisition plans and contacts, marketing plans and contacts, information concerning the legal affairs of and information concerning the pricing of products and services, strategy, tactics and financial affairs of TwinCo, Buyer or their respective Affiliated Companies. “Confidential Information” also includes any “confidential information,” “trade secrets” or any equivalent term under any applicable federal, state or local law. “Confidential Information” shall not include information that (i) has become generally available to the public other than by the act of one who Director knows (or reasonably should know) does not have the right to disclose such information without violating any right or privilege of TwinCo or Buyer or their respective Affiliated Companies or any duty owed to any of them; (ii) is disclosed to Director or an Affiliate of Director by one who Director knows (or reasonably should know) is not violating any right or privilege of TwinCo or Buyer or their respective Affiliated Companies or any duty owed to any of them (including any disclosure by a customer of TwinCo or Buyer to Director); or (iii) is independently developed by a person or entity without reference to or use of Confidential Information. Director acknowledges and agrees that the trading in Buyer securities using Confidential Information or other material non-public information may violate federal and state securities laws.

(c) Capitalized terms used but not defined herein shall have the same meanings provided in the Merger Agreement.

Section 2. *Restrictive Covenants.*

(a) *Nondisclosure of Confidential Information.* From and after the Effective Time, Director shall not directly or indirectly transmit or disclose any Confidential Information to any Person, or use or permit others to use any such Confidential Information, directly or indirectly, for any purpose for so long as such information remains Confidential Information, without the prior express written consent of the Chief Executive Officer of Buyer, which consent may be withheld in the sole discretion of Buyer’s Chief Executive Officer. Anything herein to the contrary notwithstanding, Director shall not be restricted from disclosing information that is required to be disclosed by law, court order or other valid and appropriate legal process; *provided, however*, that in the event such disclosure is required by law, Director shall (i) if allowed by law or legal process, provide Buyer with prompt written notice of such requirement so that Buyer may seek an appropriate protective order prior to any such required disclosure by Director; and (ii) use commercially reasonable efforts to obtain assurances that any Confidential Information disclosed will be accorded confidential treatment. If, in the absence of a required waiver or protective order, Director is nonetheless, in the opinion of his counsel, required to disclose Confidential Information, disclosure may be made only as to that portion of the Confidential Information that counsel advises Director is legally required to be disclosed.

(b) *Nonrecruitment and Nonhire of Employees.* Director hereby agrees that, for two (2) years following the Effective Time, Director shall not, without the prior written consent of Buyer's Chief Executive Officer, which consent may be withheld at the sole discretion of Buyer's Chief Executive Officer, directly or indirectly solicit or recruit or attempt to solicit or recruit for employment or encourage to leave employment with Buyer or any of its Affiliated Companies or hire, as employee, consultant or otherwise, on his or her own behalf or on behalf of any other Person, (i) any then-current employee of Buyer or any of its Affiliated Companies or (ii) any employee of TwinCo who both (A) worked at TwinCo or any of its Affiliated Companies during Director's services as a director of TwinCo or any of its Affiliated Companies and (B) has not ceased employment with Buyer, TwinCo or any Affiliated Companies, as applicable, during the six (6) month period preceding such solicitation or recruitment. It is acknowledged that general advertisements not specifically targeted at any of the foregoing persons shall not be deemed to violate this provision.

(c) *Nonsolicitation of Customers.* Director hereby agrees that, for two (2) years following the Effective Time, Director shall not, without the prior written consent of Buyer's Chief Executive Officer, which consent may be withheld at the sole discretion of Buyer's Chief Executive Officer, directly or indirectly, on behalf of himself or herself or of anyone other than TwinCo, Buyer or any Affiliated Company, in the Restricted Area (as defined in Section 2(d) below), solicit or attempt to solicit any customer or client, or any prospective customer or client, of TwinCo during Director's services as a director of TwinCo or any of its Affiliated Companies, for the purpose of either (i) providing any Business Activities (as defined in Section 2(d)) or (ii) inducing such customer or client, or prospective customer or client, to cease, reduce, restrict or divert its business with TwinCo, Buyer or any Affiliated Company. It is acknowledged that general advertisements not specifically targeted at customers or clients, or any prospective customers or clients, of TwinCo during Director's services as a director of TwinCo or any of its Affiliated Companies shall not be deemed to violate this provision. Nothing in this Section 2(c) is intended to restrict Director and Director's Affiliates from making decisions regarding the banking relationships (or change in banking relationships) with respect to their own businesses and with respect to any accounts over which they have fiduciary responsibilities.

(d) *Noncompetition.* Director hereby agrees that, for two (2) years following the Effective Time, Director shall not, without the prior written consent of Buyer's Chief Executive Officer, which consent may be withheld at the sole discretion of Buyer's Chief Executive Officer, prepare or apply to commence, or engage or participate in, Business Activities as an officer, director, manager, owner, partner, joint venture, consultant, independent contractor, employee, or shareholder of, or otherwise on behalf of, any other Person, business or enterprise that competes in the Restricted Area with Buyer and its Affiliated Companies with respect to Business Activities. For purposes of this Agreement, "**Business Activities**" shall be any business activities conducted by Buyer, TwinCo or any of their Affiliated Companies, which consist of commercial, agricultural or consumer loans and extensions of credit, letters of credit, commercial and consumer deposits and deposit accounts, securities repurchase agreements and sweep accounts, cash management services, money transfer and bill payment services, Internet or electronic banking, automated teller machines, mortgage loans, and home equity lines of credit. The "**Restricted Area**" shall mean Madison, Beaverhead and Silver Bow counties in Montana. Notwithstanding the foregoing, nothing in this Section 2(d) shall prohibit (i) Director from serving on any board of directors as a non-employee director of a bank or bank holding company located within the Restricted Area (x) after the first (1st) anniversary of the Effective Time or (y) from and after the Effective Time to the extent that Director currently serves on the board of directors of such bank or bank holding company as of the date hereof and such bank or bank holding company is identified on Schedule A hereto; (ii) Director from acquiring or holding, for investment purposes only, less than five percent (5%) of the outstanding securities of any business organization which may compete directly or indirectly with TwinCo, Buyer or any of their Affiliated Companies; or (iii) Director or any of Director's Affiliated Companies from continuing to hold outstanding

securities held by Director and any of Director's Affiliated Companies as of the date of this Agreement so long as such investment in a financial institution engaged in Business Activities in the Restricted Area is disclosed on Schedule A hereto.

(e) *Enforceability of Covenants.* Director acknowledges and agrees that the covenants in this Agreement are direct consideration for a sale of a business and should be governed by standards applicable to restrictive covenants entered into in connection with a sale of a business. Director acknowledges that each of Buyer and its Affiliated Companies have a current and future expectation of business within the Restricted Area and from the current and proposed customers of TwinCo that are derived from the acquisition of TwinCo by Buyer. Director acknowledges that the term, geographic area, and scope of the covenants set forth in this Agreement are reasonable, and agrees that he or she will not, in any action, suit or other proceeding, deny the reasonableness of, or assert the unreasonableness of, the premises, consideration or scope of the covenants set forth herein. Director agrees that his or her position as a director of TwinCo involves duties and authority relating to all aspects of the Business Activities and all of the Restricted Area. Director further acknowledges that complying with the provisions contained in this Agreement will not preclude him or her from engaging in a lawful profession, trade or business, or from becoming gainfully employed. Director and Buyer agree that Director's obligations under the above covenants are separate and distinct under this Agreement, and the failure or alleged failure of Buyer to perform its obligations under any other provisions of this Agreement shall not constitute a defense to the enforceability of this covenant. Director and Buyer agree that if any portion of the foregoing provisions is deemed to be unenforceable because the geography, time or scope of activities restricted is deemed to be too broad, the court shall be authorized to substitute for the overbroad term an enforceable term that will enable the enforcement of the covenants to the maximum extent possible under applicable law. Director acknowledges and agrees that any breach or threatened breach of this covenant will result in irreparable damage and injury to Buyer and its Affiliated Companies and that damages arising out of such breach would be difficult to ascertain. Director hereby agrees that, in addition to all other remedies provided at law or in equity, Buyer will be entitled to exercise all rights including, without limitation, obtaining one or more temporary restraining orders, injunctive relief and other equitable relief, including specific performance in the event of any breach or threatened breach of this Agreement, without the necessity of posting any bond or security (all of which are waived by Director), and to exercise all other rights or remedies, at law or in equity, including, without limitation, the rights to damages.

Section 3. *Successors.*

(a) This Agreement is personal to Director, is not assignable by Director, and none of Director's duties hereunder may be delegated.

Table of Contents

(b) This Agreement may be assigned by, and shall be binding upon and inure to the benefit of Buyer and any of its Affiliated Companies and their successors and assigns.

Section 4. *Miscellaneous.*

(a) *Waiver.* No provision of this Agreement may be modified, waived or discharged unless such waiver, modification or discharge is agreed to in writing signed by Director and Buyer. No waiver by either party hereto at any time of any breach by the other party hereto of, or compliance with, any condition or provision of this Agreement to be performed by such other party shall be deemed a waiver of provisions or conditions at the same or any prior or subsequent time.

(b) *Litigation Expenses.* In the event that a party seeks to obtain or enforce any right or benefit provided by this Agreement through litigation, and in the event that such party prevails in any such litigation pursuant to which an arbitral panel, court or other Governmental Authority issues a final order, judgment, decree or award granting substantially the relief sought, then the prevailing party shall be entitled upon demand to be paid by the other party, all reasonable costs incurred in connection with such litigation, including the reasonable legal fees and charges of counsel.

(c) *Governing Law and Forum Selection.* Buyer and Director agree that this Agreement shall be governed by and construed and interpreted in accordance with the laws of the State of Montana without giving effect to its conflicts of law principles. Director agrees that any action to enforce this Agreement, as well as any action relating to or arising out of this Agreement, shall be filed only in the state and federal courts of Montana. With respect to any such court action, Director hereby (i) irrevocably submits to the personal jurisdiction of such courts; (ii) consents to service of process; (iii) consents to venue; and (iv) waives any other requirement (whether imposed by statute, rule of court, or otherwise) with respect to personal jurisdiction, service of process, or venue. Both parties hereto further agree that the state and federal courts of Montana are convenient forums for any dispute that may arise herefrom and that neither party shall raise as a defense that such courts are not convenient forums.

(d) *Notices.* Any notice, consent, demand, request or other communication given to a party hereto in connection with this Agreement shall be in writing and shall be deemed to have been given such party (i) when delivered personally to such party or (ii) provided that a written acknowledgement of receipt is obtained, five (5) days after being sent by prepaid certified or registered mail or two (2) days after being sent by a nationally recognized overnight courier, to the address (if any) specified below for such party (or to such other address as such party shall have specified by ten (10) days' advance notice given in accordance with this Section 4(d)), or (iii) in the case of Buyer only, on the first business day after it is sent by facsimile to the facsimile number set forth below (or to such other facsimile number as shall have been specified by ten (10) days' advance notice given in accordance with this Section 4(d)), with a confirmation copy sent by certified or registered mail or by overnight courier in accordance with this Section 4(d).

APPENDIX B

Provisions of Montana Business Corporations Act Relating to Appraisal Rights

35-1-826. Definitions. As used in 35-1-826 through 35-1-839, the following definitions apply:

- (1) "Beneficial shareholder" means the person who is a beneficial owner of shares held in a voting trust or by a nominee as the record shareholder.
- (2) "Corporation" includes the issuer of the shares held by a dissenter before the corporate action, or the surviving or acquiring corporation by merger or share exchange of that issuer.
- (3) "Dissenter" means a shareholder who is entitled to dissent from corporate action under 35-1-827 and who exercises that right when and in the manner required by 35-1-829 through 35-1-837.
- (4) "Fair value", with respect to a dissenter's shares, means the value of the shares immediately before the effectuation of the corporate action to which the dissenter objects, excluding any appreciation or depreciation in anticipation of the corporate action unless exclusion would be inequitable.
- (5) "Interest" means interest from the effective date of the corporate action until the date of payment at the average rate currently paid by the corporation on its principal bank loans or, if the corporation has no loans, at a rate that is fair and equitable under all the circumstances.
- (6) "Record shareholder" means the person in whose name shares are registered in the records of a corporation or the beneficial shareholder to the extent of the rights granted by a nominee certificate on file with a corporation.
- (7) "Shareholder" means the record shareholder or the beneficial shareholder.

35-1-827. Right to dissent. (1) A shareholder is entitled to dissent from and obtain payment of the fair value of the shareholder's shares in the event of any of the following corporate actions:

(a) consummation of a plan of merger to which the corporation is a party if:

(i) shareholder approval is required for the merger by 35-1-815 or the articles of incorporation and the shareholder is entitled to vote on the merger; or

(ii) the corporation is a subsidiary that is merged with its parent corporation under 35-1-818;

(b) consummation of a plan of share exchange to which the corporation is a party as the corporation whose shares will be acquired if the shareholder is entitled to vote on the plan;

(c) consummation of a sale or exchange of all or substantially all of the property of the corporation other than in the usual and regular course of business if the shareholder is entitled to vote on the sale or exchange, including a sale in dissolution but not including a sale pursuant to court order or a sale for cash pursuant to a plan by which all or substantially all of the net proceeds of the sale will be distributed to the shareholders within 1 year after the date of sale;

(d) an amendment of the articles of incorporation that materially and adversely affects rights in respect of a dissenter's shares because it:

(i) alters or abolishes a preferential right of the shares;

(ii) creates, alters, or abolishes a right in respect of redemption, including a provision with respect to a sinking fund for the redemption or repurchase of the shares;

(iii) alters or abolishes a preemptive right of the holder of the shares to acquire shares or other securities;

Table of Contents

(iv) excludes or limits the right of the shares to be voted on any matter or to cumulate votes, other than a limitation by dilution through issuance of shares or other securities with similar voting rights; or

(v) reduces the number of shares owned by the shareholder to a fraction of a share if the fractional share created is to be acquired for cash under 35-1-621; or

(e) any corporate action taken pursuant to a shareholder vote to the extent the articles of incorporation, bylaws, or a resolution of the board of directors provides that voting or nonvoting shareholders are entitled to dissent and to obtain payment for their shares.

(2) A shareholder entitled to dissent and to obtain payment for shares under 35-1-826 through 35-1-839 may not challenge the corporate action creating the shareholder's entitlement unless the action is unlawful or fraudulent with respect to the shareholder or the corporation.

35-1-828. Dissent by nominees and beneficial owners. (1) A record shareholder may assert dissenters' rights as to fewer than all the shares registered in the shareholder's name only if the shareholder dissents with respect to all shares beneficially owned by any one person and notifies the corporation in writing of the name and address of each person on whose behalf the shareholder asserts dissenters' rights. The rights of a partial dissenter under this subsection are determined as if the shares as to which the shareholder dissents and the shareholder's other shares were registered in the names of different shareholders.

(2) A beneficial shareholder may assert dissenters' rights as to shares held on the beneficial shareholder's behalf only if the beneficial shareholder:

(a) submits to the corporation the record shareholder's written consent to the dissent not later than the time the beneficial shareholder asserts dissenters' rights; and

(b) does so with respect to all shares of which the beneficial shareholder is the beneficial shareholder or over which the beneficial shareholder has power to direct the vote.

35-1-829. Notice of dissenters' rights. (1) If a proposed corporate action creating dissenters' rights under 35-1-827 is submitted to a vote at a shareholders' meeting, the meeting notice must state that shareholders are or may be entitled to

assert dissenters' rights under 35-1-826 through 35-1-839 and must be accompanied by a copy of 35-1-826 through 35-1-839.

(2) If a corporate action creating dissenters' rights under 35-1-827 is taken without a vote of shareholders, the corporation shall give written notification to all shareholders entitled to assert dissenters' rights that the action was taken and shall send them the dissenters' notice described in 35-1-831.

35-1-830. Notice of intent to demand payment. (1) If proposed corporate action creating dissenters' rights under 35-1-827 is submitted to a vote at a shareholders' meeting, a shareholder who wishes to assert dissenters' rights:

(a) shall deliver to the corporation before the vote is taken written notice of the intent to demand payment for the shareholder's shares if the proposed action is effectuated; and

(b) may not vote the shareholder's shares in favor of the proposed action.

(2) A shareholder who does not satisfy the requirements of subsection (1)(a) is not entitled to payment for the shareholder's shares under 35-1-826 through 35-1-839.

35-1-831. Dissenters' notice. (1) If proposed corporate action creating dissenters' rights under 35-1-827 is authorized at a shareholders' meeting, the corporation shall deliver a written dissenters' notice to all shareholders who satisfied the requirements of 35-1-830.

Table of Contents

(2) The dissenters' notice must be sent no later than 10 days after the corporate action was taken and must:

(a) state where the payment demand must be sent and where and when certificates for certified shares must be deposited;

(b) inform shareholders of uncertificated shares to what extent transfer of the shares will be restricted after the payment is received;

(c) supply a form for demanding payment that includes the date of the first announcement to news media or to shareholders of the terms of the proposed corporate action and that requires the person asserting dissenters' rights to certify whether or not the person acquired beneficial ownership of the shares before that date;

(d) set a date by which the corporation must receive the payment demand, which may not be fewer than 30 nor more than 60 days after the date the required notice under subsection (1) is delivered; and

(e) be accompanied by a copy of 35-1-826 through 35-1-839.

35-1-832. Duty to demand payment. (1) A shareholder sent a dissenters' notice described in 35-1-831 shall demand payment, certify whether the shareholder acquired beneficial ownership of the shares before the date required to be set forth in the dissenters' notice pursuant to 35-1-831(2)(c), and deposit the shareholder's certificates in accordance with the terms of the notice.

(2) The shareholder who demands payment and deposits the shareholder's certificates under subsection (1) retains all other rights of a shareholder until these rights are canceled or modified by the taking of the proposed corporate action.

(3) A shareholder who does not demand payment or deposit the shareholder's certificates when required, each by the date set in the dissenters' notice, is not entitled to payment for the shareholder's shares under 35-1-826 through 35-1-839.

35-1-833. Share restrictions. (1) The corporation may restrict the transfer of uncertificated shares from the date the demand for their payment is received until the proposed corporate action is taken or the restrictions are released under 35-1-835.

(2) The person for whom dissenters' rights are asserted as to uncertificated shares retains all other rights of a shareholder until these rights are canceled or modified by the taking of the proposed corporate action.

35-1-834. Payment. (1) Except as provided in 35-1-836, as soon as the proposed corporate action is taken or upon receipt of a payment demand, the corporation shall pay each dissenter who complied with 35-1-832 the amount the corporation estimates to be the fair value of the dissenter's shares plus accrued interest.

(2) The payment must be accompanied by:

(a) the corporation's balance sheet as of the end of a fiscal year ending not more than 16 months before the date of payment, an income statement for that year, a statement of changes in shareholders' equity for that year, and the latest available interim financial statements, if any;

(b) a statement of the corporation's estimate of the fair value of the shares;

(c) an explanation of how the interest was calculated;

(d) a statement of the dissenter's right to demand payment under 35-1-837; and

(e) a copy of 35-1-826 through 35-1-839.

Table of Contents

35-1-835. Failure to take action. (1) If the corporation does not take the proposed action within 60 days after the date set for demanding payment and depositing certificates, the corporation shall return the deposited certificates and release the transfer restrictions imposed on uncertificated shares.

(2) If after returning deposited certificates and releasing transfer restrictions, the corporation takes the proposed action, it shall send a new dissenters' notice under 35-1-831 and repeat the payment demand procedure.

35-1-836. After-acquired shares. (1) A corporation may elect to withhold payment required by 35-1-834 from a dissenter unless the dissenter was the beneficial owner of the shares before the date set forth in the dissenters' notice as the date of the first announcement to news media or to shareholders of the terms of the proposed corporate action.

(2) To the extent the corporation elects to withhold payment under subsection (1), after taking the proposed corporate action, the corporation shall estimate the fair value of the shares plus accrued interest and shall pay this amount to each dissenter who agrees to accept it in full satisfaction of the dissenter's demand. The corporation shall send with its offer a statement of its estimate of the fair value of the shares, an explanation of how the interest was calculated, and a statement of the dissenter's right to demand payment under 35-1-837.

35-1-837. Procedure if shareholder dissatisfied with payment or offer. (1) A dissenter may notify the corporation in writing of the dissenter's own estimate of the fair value of the dissenter's shares and the amount of interest due and may demand payment of the dissenter's estimate, less any payment under 35-1-834, or reject the corporation's offer under 35-1-836 and demand payment of the fair value of the dissenter's shares and the interest due if:

- (a) the dissenter believes that the amount paid under 35-1-834 or offered under 35-1-836 is less than the fair value of the dissenter's shares or that the interest due is incorrectly calculated;
- (b) the corporation fails to make payment under 35-1-834 within 60 days after the date set for demanding payment; or
- (c) the corporation, having failed to take the proposed action, does not return the deposited certificates or release the transfer restrictions imposed on uncertificated shares within 60 days after the date set for demanding payment.

(2) A dissenter waives the right to demand payment under this section unless the dissenter notifies the corporation of the demand in writing under subsection (1) within 30 days after the corporation made or offered payment for the

dissenter's shares.

35-1-838. Court action. (1) If a demand for payment under 35-1-837 remains unsettled, the corporation shall commence a proceeding within 60 days after receiving the payment demand and shall petition the court to determine the fair value of the shares and accrued interest. If the corporation does not commence the proceeding within the 60-day period, it shall pay each dissenter whose demand remains unsettled the amount demanded.

(2) The corporation shall commence the proceeding in the district court of the county where a corporation's principal office is located or, if its principal office is not located in this state, in Lewis and Clark County. If the corporation is a foreign corporation, it shall commence the proceeding in the county in this state where the principal office of the domestic corporation merged with or whose shares were acquired by the foreign corporation was located or, if the domestic corporation did not have its principal office in the state at the time of the transaction, in Lewis and Clark County.

(3) The corporation shall make all dissenters whose demands remain unsettled, whether or not residents of this state, parties to the proceeding as in an action against their shares, and all parties must be served with a copy of the petition. Nonresidents may be served by certified mail or by publication as provided by law.

(4) The jurisdiction of the district court in which the proceeding is commenced under subsection (2) is plenary and exclusive. The court may appoint one or more persons as appraisers to receive evidence and recommend decision on the question of fair value. The appraisers have the powers described in the order appointing them or in any amendment to it. The dissenters are entitled to the same discovery rights as parties in other civil proceedings.

(5) Each dissenter made a party to the proceeding is entitled to judgment:

(a) for the amount, if any, by which the court finds the fair value of the dissenter's shares plus interest exceeds the amount paid by the corporation; or

(b) for the fair value plus accrued interest of the dissenter's after-acquired shares for which the corporation elected to withhold payment under 35-1-836.

35-1-839. Court costs and attorney fees. (1) The court in an appraisal proceeding commenced under 35-1-838 shall determine all costs of the proceeding, including the reasonable compensation and expenses of appraisers appointed by the court. The court shall assess the costs against the corporation, except that the court may assess costs against all or some of the dissenters, in amounts the court finds equitable, to the extent the court finds dissenters acted arbitrarily, vexatiously, or not in good faith in demanding payment under 35-1-837.

(2) The court may also assess the fees and expenses of counsel and experts for the respective parties, in amounts the court finds equitable:

(a) against the corporation and in favor of any or all dissenters if the court finds the corporation did not substantially comply with the requirements of 35-1-829 through 35-1-837; or

(b) against either the corporation or a dissenter, in favor of any other party, if the court finds that the party against whom the fees and expenses are assessed acted arbitrarily, vexatiously, or not in good faith with respect to the rights provided by 35-1-826 through 35-1-839.

(3) If the court finds that the services of counsel for any dissenter were of substantial benefit to other dissenters similarly situated and that the fees for those services should not be assessed against the corporation, the court may award the counsel reasonable attorney fees to be paid out of the amounts awarded the dissenters who were benefited.

PART II
INFORMATION NOT REQUIRED IN PROSPECTUS

Item 20. Indemnification of Directors and Officers of Eagle

Consistent with Section 145(a) of the DGCL, Eagle may indemnify and, in certain cases, must indemnify, any person who was or is made a party to any action by reason of the fact that he is or was a director, officer, employee or agent of Eagle, or is or was serving at the request of Eagle as a director, officer, employee or agent of another corporation, (1) in the case of a non-derivative action, against judgments, fines, amounts paid in settlement, and reasonable expenses (including attorneys' fees) incurred by him as a result of such action, and (2) in the case of a derivative action, against expenses (including attorneys' fees), if in either type of action he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of Eagle.

This indemnification does not apply, (1) in a derivative action, to matters as to which it is adjudged that the director, officer, employee or agent is liable to Eagle, unless upon court order it is determined that, in view of all the circumstances of the case and despite such adjudication of liability, he is fairly and reasonably entitled to indemnity for expenses, and (2) in a non-derivative action, to any criminal proceeding in which such person had reasonable cause to believe his conduct was unlawful.

Eagle's Amended and Restated Certificate of Incorporation provides that a director of Eagle shall not be personally liable to Eagle or its stockholders for monetary damages for breach of fiduciary duty as a director, except for liability (1) for any breach of the director's duty of loyalty to Eagle or its stockholders, (2) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (3) under Section 174 of the DGCL or (4) for any transaction from which the director derived an improper personal benefit. Additionally, the Amended and Restated Certificate of Incorporation provides that Eagle will indemnify to the fullest outlined in the Bylaws.

Eagle's Bylaws generally provide for indemnification, to the fullest extent authorized by the DGCL, of its officers and directors and persons serving at the request of Eagle in such capacities for other business organizations against all expenses (including attorneys' fees, judgments, fines and amounts paid in settlement) actually and reasonably incurred by reason of his position with Eagle or such other business organizations. In addition, the Bylaws provide that Eagle may provide indemnification to employees and agents of Eagle.

Eagle maintains directors' and officers' liability insurance which provides for payment, on behalf of the directors and officers of Eagle and its subsidiaries, of certain losses of such persons (other than matters uninsurable under law) arising from claims, including claims arising under the Securities Act, for acts or omissions by such persons while acting as directors or officers of Eagle and/or its subsidiaries, as the case may be.

Eagle has entered into indemnification agreements with its directors and its executive officers. Generally, such agreements provide that Eagle will indemnify the director or officer against any expenses or liabilities incurred in connection with any proceeding in which the director or officer may be involved as a party or otherwise, by reason of the fact that the director or officer is or was a director or officer of Eagle or the Bank or by any reason of any action taken by or omitted to be taken by the director or officer while acting as an officer or director of Eagle or the Bank or while serving as a director or officer of Eagle or the Bank is or was serving or has agreed to serve on behalf of or at the request of Eagle or the Bank as a director, officer, employee, or agent of another corporation or partnership, joint venture, trust, or other enterprise. However, the indemnification agreement and the rights and obligations of the parties thereto are subject to the requirements, limitations, and prohibitions of state and federal statutes, rules, regulations, and orders regarding indemnification and prepayment of expenses, legal or otherwise, and liabilities, including, without limitation, section 145 of the DGCL, the DGCL, section 18(k) of the Federal Deposit Insurance Act, and Part 359 of the Federal Deposit Insurance Corporation's Rules and Regulations and any successor regulations thereto. Each director and officer has undertaken to repay Eagle for any costs or expenses paid by Eagle if it is ultimately determined that the director or officer is not entitled to indemnification under the indemnification agreements.

Insofar as indemnification for liabilities arising under the Securities Act of 1933, as amended, may be permitted to Eagle's directors, officers and controlling persons pursuant to the foregoing provisions, or otherwise, Eagle has been advised that, in the opinion of the Securities and Exchange Commission, such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

Item 22. Undertakings.

The undersigned registrant hereby undertakes to file, during any period in which offers or sales are being made, a post-effective amendment to this Registration Statement:

- (i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

- (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

Table of Contents

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

The undersigned registrant hereby undertakes that, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

The undersigned registrant hereby undertakes to remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

The undersigned registrant hereby undertakes as follows: that prior to any public reoffering of the securities registered hereunder through use of a prospectus which is a part of this registration statement, by any person or party who is deemed to be an underwriter within the meaning of Rule 145(c), the issuer undertakes that such reoffering prospectus will contain the information called for by the applicable registration form with respect to reofferings by persons who may be deemed underwriters, in addition to the information called for by the other items of the applicable form.

The registrant undertakes that every prospectus (i) that is filed pursuant to the immediately preceding paragraph, or (ii) that purports to meet the requirements of Section 10(a)(3) of the Act and is used in connection with an offering of securities subject to Rule 415, will be filed as a part of an amendment to the registration statement and will not be used until such amendment is effective, and that, for purposes of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

Edgar Filing: Eagle Bancorp Montana, Inc. - Form S-4/A

The undersigned registrant hereby undertakes to respond to requests for information that is incorporated by reference into the prospectus pursuant to Items 4, 10(b), 11 or 13 of this Form, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means. This includes information contained in documents filed subsequent to the effective date of the registration statement through the date of responding to the request.

The undersigned registrant hereby undertakes to supply by means of a post-effective amendment all information concerning a transaction, and the company being acquired involved therein, that was not the subject of and included in the registration statement when it became effective.
