Item 8.01 Other Events

The Energy Improvement and Extension Act of 2008 (the “Act”) imposed new customer reporting requirements on certain financial intermediaries (“brokers”). The Act now requires every broker that is required to file an information return reporting the gross proceeds of a “covered security” with the Internal Revenue Service (“IRS”) to include in the information return the stockholder’s adjusted basis in the security, and whether any gain or loss with respect to the security is short-term or long-term within the meaning of Internal Revenue Code (“IRC”) Sec. 1222. Under IRC Sec. 6045(g)(3), a “covered security” includes any share of stock in a corporation that was acquired in an account on or after January 1, 2011. Cole Credit Property Trust II, Inc. (the “Company”) has determined that shares of its common stock that were acquired on or after January 1, 2011, including shares issued pursuant to its distribution reinvestment plan, are covered securities under the Act. Thus, stockholders who redeem, sell or otherwise liquidate shares that were purchased on or after January 1, 2011 will receive an information return reporting the gross proceeds from the sale, the adjusted basis of the shares sold, and whether any gain or loss is short-term or long-term within the meaning of IRC Sec. 1222. The Company is required to furnish this statement to stockholders by February 15 of the year following the calendar year in which the covered securities were sold. The Company will also report this information to the IRS.

When determining the adjusted basis of the shares sold, IRC Sec. 6045(g)(2)(B) requires the Company to use the first-in first-out method. When using the first-in first-out method, the Company is required to identify the shares sold in the order that they were acquired. However, as an alternative to the first-in first-out method, the stockholder may notify the Company of a preferred alternative by means of making an adequate identification of the shares to be liquidated prior to the liquidation event.

SIGNATURE
