Report of Independent Auditors

To The Board of Directors and Stockholders

Sabra Health Care REIT, Inc.

We have audited the accompanying Historical Summary of Revenue of Forest Park Medical Center - Frisco (the "Property") for the year ended December 31, 2012.

Management's Responsibility for the Historical Summary of Revenue

Management is responsible for the preparation and fair presentation of the Historical Summary of Revenue in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the Historical Summary of Revenue that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the Historical Summary of Revenue based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Historical Summary of Revenue is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Historical Summary of Revenue. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the Historical Summary of Revenue, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the Property's preparation and fair presentation of the Historical Summary of Revenue in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Property's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the Historical Summary of Revenue. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the Historical Summary of Revenue referred to above presents fairly, in all material respects, the revenues of the Property for the year ended December 31, 2012 in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

We draw attention to Note 2 to the Historical Summary of Revenue, which describes that the accompanying Historical Summary of Revenue of the Property was prepared for the purpose of complying with the rules of the Securities and Exchange Commission and is not intended to be a complete presentation of the Property's revenues. Our opinion is not modified with respect to this matter.

Forest Park Medical Center - Frisco
Notes to Historical Summary of Revenue

1. Business

The accompanying historical summary of revenue relates to the operations of Forest Park Medical Center - Frisco ("Forest Park - Frisco"), consisting of the revenue of one 54-bed acute care hospital and parking structure totaling 346,000 square feet in Frisco, Texas. On October 22, 2013, Sabra Texas Holdings, L.P. ("Sabra Texas"), a subsidiary of Sabra Health Care REIT, Inc. (the "Company"), purchased Forest Park - Frisco for total consideration of \$119.8 million.

2. Summary of Significant Accounting Policies

The accompanying historical summary of revenue was prepared for the purpose of complying with Rule 3-14 of Regulation S-X as promulgated by the Securities and Exchange Commission in connection with the Company's acquisition of Forest Park - Frisco. The historical summary is not representative of the actual operations of Forest Park - Frisco for the period presented nor indicative of future operations; however, the Company is not aware of any material factors relating to Forest Park - Frisco that would cause the reported financial information not to necessarily be indicative of future operating results. Certain expenses, primarily amortization and interest expense, which may not be comparable to the expenses to be incurred by the Company in future operations of Forest Park - Frisco, have been excluded. Additionally, the Company's lease with the tenant is structured in such a way that the tenant is responsible for substantially all of Forest Park - Frisco's operating expenses. As the Company does not expect to incur any operating expenses in the future operations of Forest Park - Frisco, such expenses have been excluded from this historical summary. However, the Company would be required to pay property taxes on Forest Park - Frisco in the event the tenant fails to pay them. The total estimated property taxes for the year ended December 31, 2012 and the nine months ended September 30, 2013 were \$1.0 million and \$0.9 million (unaudited), respectively.

Revenue Recognition

The lease is accounted for as an operating lease, and revenue is recognized on a straight-line basis over the term of the related lease.

Use of Estimates

The preparation of this historical summary in conformity with generally accepted accounting principles in the United States requires management to make estimates and assumptions that affect the reported amounts of revenue during the reporting period. Actual results may differ from these estimates.

Major Tenant

During the year ended December 31, 2012 and for the nine months ended September 30, 2013 (unaudited), Forest Park - Frisco's total rental revenue of \$7.6 million and \$9.8 million, respectively, was attributable to only one tenant.

3. Lease

On December 6, 2010, Forest Park - Frisco entered into a lease agreement with Forest Park Medical Center at Frisco, LLC for the entire acute care hospital and parking structure, with an effective commencement date of June 1, 2012. The lease had an initial term of 20 years, and the tenant has two five-year renewal options.

As of December 31, 2012, the future minimum rental payments due under the non-cancelable operating lease was as follows (in thousands):

Year	Tenant Lease Payments
2013	\$ 10,260
2014	10,526
2015	10,799
2016	11,081
2017	11,372
Thereafter	202,029
	\$256,067

4. Unaudited Interim Statements

The historical summary of revenue for the nine months ended September 30, 2013 is unaudited. As a result, this interim historical summary should be read in conjunction with the historical summary and notes included in the December 31, 2012 historical summary of revenue. The interim historical summary reflects all adjustments that management believes are necessary for the fair presentation of the historical summary of revenue for the interim period presented. These adjustments are of a normal recurring nature. The historical summary of revenue for such interim period is not necessarily indicative of the results for the entire year.

5. Subsequent Events

The Company evaluated all events that have occurred subsequent to December 31, 2012, through December 30, 2013, the date the financial statements were issued.
