## **FORWARD LOOKING STATEMENTS**

There are statements in this current report that are not historical facts and constitute "forward-looking statements" within the meaning of the safe harbor provisions of the U.S. Private Securities Litigation Reform Act of 1995. These forward looking statements can be identified by use of terminology such as "believe," "potential," "may," "will," and similar expressions. You should be aware that these forward-looking statements are subject to risks and uncertainties that are beyond our control, such as the volatility in mineral resources markets, economically insufficient mineralized material, fluctuations in extraction and production costs, and inability to raise capital to continue operations. For a complete discussion of risks, you should refer to our Annual Report on Form 10-K for the year ended December 31, 2012, as filed with the Securities and Exchange Commission, especially Part II, Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations and Part I, Item 1A. Risk Factors. Although management believes that the assumptions underlying the forward looking statements included in this current report are reasonable, they do not guarantee our future performance, and actual results could differ from those contemplated by these forward looking statements. The assumptions used for purposes of the forward-looking statements specified in the following information represent estimates of future events and are subject to uncertainty as to possible changes in economic, legislative, industry, and other circumstances. As a result, the identification and interpretation of data and other information and their use in developing and selecting assumptions from and among reasonable alternatives require the exercise of judgment. To the extent that the assumed events do not occur, the outcome may vary substantially from anticipated or projected results, and, accordingly, no opinion is expressed on the achievability of those forward-looking statements. In the light of these risks and uncertainties, there can be no assurance that the results and events contemplated by the forward-looking statements contained in this current report will in fact transpire. You are cautioned not to place undue reliance on these forward-looking statements, which speak only as of their dates. We do not undertake any obligation to update or revise any forward-looking statements.
