## PROXY STATEMENT

### 2017 ANNUAL MEETING OF STOCKHOLDERS

#### General

We are furnishing this Proxy Statement and the enclosed proxy in connection with the solicitation of proxies by our Board of Directors (the “Board”) for use at the Annual Meeting of Stockholders of Corcept Therapeutics Incorporated (the “Company”) to be held on Wednesday, May 24, 2017 at 8:00 a.m. local time, at 149 Commonwealth Drive, Menlo Park, California 94025 and at any adjournments thereof (the “Annual Meeting”). This Proxy Statement and accompanying proxy card are being first mailed to stockholders on or about April 24, 2017.

#### Who Can Vote

Only holders of our common stock at the close of business on March 31, 2017 (the “Record Date”) are entitled to vote at the Annual Meeting. Stockholders who hold shares of our common stock in “street name” may vote at the Annual Meeting only if they hold a valid proxy from their broker.

#### Shares Outstanding and Quorum

As of the Record Date, there were 113,112,210 shares of our common stock outstanding. A majority of the outstanding shares of our common stock entitled to vote at the Annual Meeting must be present in person or by proxy in order for there to be a quorum at the meeting. Stockholders of record who are present at the meeting in person or by proxy and who abstain from voting, including brokers holding customers’ shares of record who cause abstentions to be recorded at the meeting, will be included in the number of shares present at the meeting for purposes of determining whether a quorum is present.

#### Voting Rights

Each stockholder of record is entitled to one vote at the Annual Meeting for each share of common stock held by such stockholder on the Record Date. Stockholders may vote their shares by using the proxy card enclosed with this Proxy Statement. Stockholders do not have cumulative voting rights. All proxies we receive which are properly voted, whether by signed proxy card or by telephonic or internet voting, that have not been revoked will be voted in accordance with the instructions contained in the proxy. If a proxy is received which does not specify a vote or an abstention, the shares represented by that proxy will be voted (a) for each of the nominees to the Board listed on the proxy card and in this Proxy Statement, (b) for the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2017, (c) for the approval of the compensation of our named executive officers as disclosed in this Proxy Statement and (d) for three years as the frequency of future advisory votes by the stockholders to approve the compensation of our named executive

officers. We are not aware, as of the date hereof, of any matters to be voted upon at the Annual Meeting other than those stated in this Proxy Statement and the accompanying Notice of Annual Meeting of Stockholders. If any other matters are properly brought before the Annual Meeting, the enclosed proxy card gives discretionary authority to the persons named as proxies to vote the shares represented by the proxy card in their discretion.

Votes Required to Approve Each Proposal

Under Delaware law and our Amended and Restated Bylaws, if a quorum exists at the Annual Meeting:

the election of directors (Proposal No. 1), the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31,

1

---

2017 (Proposal No. 2) and the advisory vote to approve the compensation of our named executive officers (Proposal No. 3) will be approved if such proposals receive the affirmative vote of the majority of the votes cast affirmatively or negatively; and

the option of one year, two years or three years that receives a majority of the votes cast by stockholders will be the frequency of future advisory votes by the stockholders to approve the compensation of our named executive officers (Proposal No. 4); however, in the event that no option receives a majority of the votes cast, we will consider the option that receives the most votes to be the option selected by the stockholders.

The holders of a majority of all outstanding shares of our common stock entitled to vote at the meeting, present in person or by proxy, shall constitute a quorum for the Annual Meeting.

Abstentions and broker non-votes will have no impact on the election of directors (Proposal No. 1), the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2017 (Proposal No. 2), the advisory vote to approve the compensation of our named executive officers (Proposal No. 3) or the advisory vote on the frequency of future advisory votes by the stockholders to approve the compensation of our named executive officers (Proposal No. 4). Abstentions and broker non-votes will be counted for purpose of determining whether a quorum exists.

#### Revocability of Proxies

A stockholder of record may revoke a proxy at any time before it is voted at the Annual Meeting by (a) delivering a proxy revocation or another duly executed proxy bearing a later date to the Secretary of our company at 149 Commonwealth Drive, Menlo Park, California 94025 or (b) attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not revoke a proxy unless the stockholder actually votes in person at the meeting.

#### Solicitation of Proxies

The proxy card accompanying this Proxy Statement is solicited by our Board. We will pay all of the costs of soliciting proxies. In addition to solicitation by mail, our officers, directors and employees may solicit proxies personally, or by telephone, without receiving additional compensation. If requested, we will pay brokers, banks and other fiduciaries that hold shares of common stock for beneficial owners the reasonable out-of-pocket cost of forwarding these materials to stockholders.

#### Householding of Proxy Materials

"Householding" is a procedure approved by the Securities and Exchange Commission (the "SEC") under which stockholders who have the same address and last name and do not participate in electronic delivery of proxy materials will receive only one copy of our Proxy Statement from us or a bank, broker or other intermediary, unless one or more of these stockholders notifies us, the bank, broker or other intermediary that they wish to continue to receive individual copies. At the present time, we do not "household" for any of our stockholders of record. However, as explained below, your bank, broker, or other intermediary may be householding your account if you hold your shares in street name.

If you hold shares in street name, your bank, broker or other intermediary may deliver only one copy of our Proxy Statement to multiple stockholders of the same household who share the same address, and may continue to do so, unless your bank, broker or other intermediary has received contrary instructions from one or more of the affected stockholders in the household. If you are such a beneficial holder, contact your bank, broker or other intermediary to

receive a separate set of our proxy materials.

## DIRECTOR NOMINATION

Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee is responsible for identifying individuals qualified to serve as members of the Board, recommending to the independent members of the Board nominees for election as directors and providing oversight with respect to corporate governance and ethical conduct. The Corporate Governance and Nominating Committee's charter is available at [www.corcept.com](http://www.corcept.com). The Committee currently consists of David L. Mahoney (Chairman), Daniel M. Bradbury, Patrick G. Enright and James N. Wilson. Following the 2017 Annual Meeting of Stockholders, assuming the election of each director nominee herein, the Committee will consist of David L. Mahoney (Chairman) and Daniel M. Bradbury. The Corporate Governance and Nominating Committee met four times during 2016. In accordance with the requirements of the NASDAQ Stock Market, director nominees are selected by the independent members of our Board by means of votes in which only independent directors participate.

The information below describes the criteria and process that the Corporate Governance and Nominating Committee uses to evaluate candidates for director.

Board Membership Criteria. The Corporate Governance and Nominating Committee assesses whether candidates possess the experience, skills and judgment to serve on the Board. Although there is no policy regarding diversity in director nominees, both the Corporate Governance and Nominating Committee and the Board seek the talents and backgrounds that would be most helpful to the Company. In particular, the Corporate Governance and Nominating Committee, when recommending director candidates, considers whether a candidate could help the Board represent a diversity of background and experience. The Corporate Governance and Nominating Committee also seeks to ensure that a majority of the directors are independent under the rules of the NASDAQ Stock Market, that the Audit Committee and Compensation Committee are each composed of independent directors, and that members of the Audit Committee possess the accounting and financial expertise the NASDAQ Stock Market and SEC rules require.

Stockholders Proposals for Nominees. The Corporate Governance and Nominating Committee will consider written proposals from stockholders for nominees for director. Such nominations should be submitted to the Secretary of our Company and should include the following information: (a) all information required by Regulation 14A of the Securities Exchange Act of 1934, as amended ("Exchange Act"), including such person's written consent to being named in the proxy statement as a nominee and willingness to serve as a director; (b) the name(s) and address(es) of the stockholder(s) making the nomination and the number of shares of our common stock which are owned beneficially and of record by such stockholder(s); and (c) biographical information and a statement as to the qualifications of the nominee. All of this should be submitted in the time required by our Amended and Restated Bylaws.

Process for Identifying and Evaluating Nominees. The Corporate Governance and Nominating Committee initiates the process for identifying and evaluating nominees to the Board by identifying a slate of candidates who meet the criteria for selection as nominees and have the specific qualities or skills being sought based on input from members of the Board, management and, if the Corporate Governance and Nominating Committee deems appropriate, a third party search firm. In addition, pursuant to the Securities Purchase Agreement, dated as of March 14, 2008, the Corporate Governance and Nominating Committee takes the necessary steps to have one designee of Longitude Venture Partners, L.P., one of our significant stockholders, nominated for election to our Board, subject to compliance with relevant NASDAQ Stock Market rules and regulations and approval of the nominee by the Corporate Governance and

Nominating Committee for so long as Longitude Venture Partners, L.P. beneficially owns at least 5% of our issued and outstanding common stock. As of March 31, 2017, Longitude Venture Partners, L.P. beneficially owned approximately 5.4% of our issued and outstanding common stock.

With respect to candidates for initial election to the Board, the Corporate Governance and Nominating Committee also reviews biographical information and qualifications and checks the candidate's references. Qualified candidates are interviewed by at least one member of the Corporate Governance and Nominating Committee. Serious candidates meet, either in person or by telephone, with all members of the Corporate Governance and Nominating Committee and as many other members of the Board as practicable.

Based on interviews and other information, the Corporate Governance and Nominating Committee evaluates which of the prospective candidates is qualified to serve as a director and whether the Committee should recommend to the independent members of the Board that the Board nominate, or elect to fill a vacancy with, a prospective candidate. Candidates recommended by the Corporate Governance and Nominating Committee are presented to the independent members of the Board for selection as nominees to be presented for the approval of the stockholders or for election to fill a vacancy. The Corporate Governance and Nominating Committee expects that a similar process will be used to evaluate nominees recommended by stockholders.

Nominees to the Board of Directors for the Annual Meeting. The nominees for the Annual Meeting were recommended for selection by the Corporate Governance and Nominating Committee and were selected by the independent members of the Board.

## BOARD MEETINGS AND COMMITTEES

The Board met four times in 2016. In addition to the Corporate Governance and Nominating Committee, which is described above, the Board has Audit and Compensation Committees. The Audit Committee met five times and the Compensation Committee met two times during 2016. The Corporate Governance and Nominating Committee met four times during 2016. Each member of the Board attended 75% or more of the total number of Board meetings and meetings of Board committees on which such Board member served. The independent directors of the Board met in executive sessions four times in 2016.

We encourage our directors to attend the annual stockholder meetings. One of our directors attended the 2016 annual stockholder meeting.

**Audit Committee.** In 2016, the Audit Committee consisted of Daniel N. Swisher, Jr. (Chairman of the Committee), Patrick G. Enright, Reneé D. Galá and David L. Mahoney. Following the 2017 Annual Meeting of Stockholders, assuming the election of each director nominee herein, the Audit Committee will consist of Daniel N. Swisher, Jr. (Chairman of the Committee), Reneé D. Galá and David L. Mahoney. The Board has determined that all members of the Audit Committee are independent under the rules of the NASDAQ Stock Market and that each of them can read and understand financial statements. In addition, the Board has determined that each member of the Audit Committee satisfies the independence requirements of Rule 10A-3(b)(1) of the Exchange Act. After due consideration of all relevant factors, including Mr. Enright's history of service and the percentage of our common stock held by others, the Board determined that Mr. Enright is independent as defined in NASDAQ Listing Rule 5605 and Rule 10A-3 of the Exchange Act. Further, the Board determined that Mr. Enright is not an "affiliated person" of our company who would be ineligible to serve on the Audit Committee. The Board has determined that each of Messrs. Swisher and Mahoney and Ms. Galá qualifies as an "Audit Committee financial expert" as defined by Item 407(d)(5) of Regulation S-K of the Securities Act and the Exchange Act. The purpose of the Audit Committee is to oversee the accounting and financial reporting processes and financial statements audits. The responsibilities of the Audit Committee include appointing and providing for the compensation of the independent registered public accounting firm to conduct the annual audit of our accounts, reviewing the scope and results of the independent audits, reviewing and evaluating internal accounting policies, and approving all professional services to be provided to us by our independent registered public accounting firm. The Audit Committee charter is available at [www.corcept.com](http://www.corcept.com).

**Compensation Committee.** In 2016, the Compensation Committee consisted of G. Leonard Baker, Jr. (Chairman), Daniel M. Bradbury and Daniel N. Swisher, Jr. Following the 2017 Annual Meeting of Stockholders, assuming the election of each director nominee herein, the Compensation Committee will remain the same. The Board has determined that all members of the Compensation Committee are independent under the rules of the NASDAQ Stock Market. The Compensation Committee administers the Company's benefit plans, reviews and administers compensation arrangements with named executive officers, and establishes and reviews our policies relating to the compensation and benefits of our officers and employees. The Compensation Committee's charter permits it to delegate its authority and responsibilities as it deems appropriate to individual members of the Compensation Committee or to a subcommittee of the Compensation Committee. The charter is available at [www.corcept.com](http://www.corcept.com).

## BOARD LEADERSHIP STRUCTURE AND ROLE IN RISK OVERSIGHT

Board Leadership Structure. We are committed to sound corporate governance practices and values independent board oversight as an essential component of strong corporate performance. Six of our eight current directors qualify as independent under the rules of the NASDAQ Stock Market, and, following the 2017 Annual Meeting of Stockholders, assuming the election of each director nominee herein, five of our seven directors will qualify as independent under the rules of the NASDAQ Stock Market. In February 2017, our Board reviewed the independence of each director and considered whether any director has a material relationship with us that could compromise his or her ability to exercise independent judgment in carrying out his or her responsibilities. As a result of this review, our Board determined that the following directors are “independent” under the rules of the NASDAQ Stock Market:

G. Leonard Baker, Jr.

Daniel M. Bradbury

Patrick G. Enright

Reneé D. Galá

David L. Mahoney

Daniel N. Swisher, Jr.

In accordance with our Amended and Restated Bylaws, our Board appoints our officers, including our Chief Executive Officer. Our Board does not have a policy on whether the role of the Chairman of the Board and Chief Executive Officer should be separate and, if it is to be separate, whether the Chairman of the Board should be selected from the non-employee directors or be an employee and if it is to be combined, whether a lead independent director should be selected. Currently, we separate the roles of Chief Executive Officer and Chairman of the Board. The Chief Executive Officer is responsible for setting Corcept’s strategic direction and its day-to-day leadership and performance. The Chairman of the Board provides guidance to the Chief Executive Officer, sets the agenda for Board meetings and presides over meetings of the full Board. Dr. Belanoff, our Chief Executive Officer, is an employee of our company and is therefore not “independent” under the rules of NASDAQ Stock Market. Until June 2016, Mr. Wilson, our Chairman of the Board, was also an employee and is therefore not “independent” under the rules of NASDAQ Stock Market. Mr. Wilson has not been an employee of the Company since June 2016. Our Board believes that its current leadership structure is appropriate for our Company and stockholders.

Risk Oversight. The Board oversees our risk exposures and risk management and the steps management has undertaken to control business and financial risks. The Board reviews our strategic plan at least annually and assesses the risks facing our company. While the Board has ultimate responsibility for the Company’s risk management process, various committees of the Board also have responsibility for risk management. Our Audit Committee oversees management of risks relating to accounting matters, financial reporting and SEC compliance. Our Compensation Committee oversees the management of risks relating to executive compensation. In addition, in setting compensation, the Compensation Committee strives to create incentives that discourage risk-taking that is inconsistent with our business strategy. Our Corporate Governance and Nominating Committee oversees management of risks associated with maintaining independence of our Board and preventing conflicts of interest. Each committee regularly reports to the full Board.

## COMMUNICATIONS WITH DIRECTORS

Stockholders or other interested parties may communicate with any director or committee of our Board by writing to them c/o Secretary, Corcept Therapeutics Incorporated, 149 Commonwealth Drive, Menlo Park, California 94025. Comments or questions regarding our accounting, internal controls or auditing matters will be referred to the Audit Committee. ## CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

As a matter of policy, all related party transactions between us and any of our officers, directors or principal stockholders are reviewed and approved by our Audit Committee, as set forth in its charter, or a majority of the independent and disinterested members of our Board, to ensure they are on terms no less favorable to us than could be obtained from unaffiliated third parties and have bona fide business purposes. In 2016, there were no related party transactions.

**Severance and Change in Control Agreements.** We have entered into severance and change in control agreements with our executive officers. The agreements provide that, if employment is terminated without cause or for good reason regardless of whether it is in connection with a change in control, the executive will be eligible for 12 months of his or her then current base salary and continued health insurance coverage for this same period. In addition, the agreements provide for the full vesting of all outstanding equity awards in the event the executive's employment is terminated without cause or for good reason within 18 months following a change in control.

**Director Indemnification Agreements.** We have entered into indemnification agreements with our directors and executive officers. Such agreements require us, among other things, to indemnify our officers and directors, other than for liabilities arising from willful misconduct of a culpable nature, and to advance their expenses incurred as a result of any proceedings against them as to which they could be indemnified.

See "Director Compensation" for a discussion of our director compensation policy.

## CODE OF ETHICS

We have adopted a Code of Ethics that applies to all of our directors, officers and employees, including our principal executive officer, our principal financial officer and our principal accounting officer, which is available at [www.corcept.com](http://www.corcept.com). We intend to disclose at [www.corcept.com](http://www.corcept.com) any amendment to, or waiver of, any provision of our Code of Ethics applicable to our directors and executive officers required to be disclosed under the rules of the SEC and the NASDAQ Stock Market.

## SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

## EXECUTIVE COMPENSATION

### Compensation Discussion and Analysis

The Compensation Committee has primary responsibility for the design and administration of our executive compensation program. The Compensation Committee's goal is to ensure that we offer compensation that is competitive, rewards good corporate performance and is appropriate for our stage of development as a company. Compensation is designed to encourage a focus on both short- and long-term goals. Direct compensation consists of salary, periodic cash bonuses for the achievement of significant corporate goals and long-term equity incentive awards.

This section discusses the principles underlying our policies with respect to the compensation of the named executive officers named in the "2016 Summary Compensation Table" and the factors that determined the compensation decisions we made in 2016. Our named executive officers for 2016 were Joseph K. Belanoff, M.D., Chief Executive Officer and President; G. Charles Robb, Chief Financial Officer and Secretary; and Robert S. Fishman, Chief Medical Officer.

### Executive Summary

During 2016, we had significant development, operational and commercial accomplishments:

- Increased revenue from the sale of Korlym<sup>®</sup> for the treatment of patients with Cushing's syndrome from \$50.3 million in 2015 to \$81.3 million in 2016, an increase of 62 percent.
- Generated GAAP net income of \$8.1 million in 2016, compared to a loss of \$6.4 million in 2015.
- Generated encouraging efficacy results in our Phase 1/2 trial of Korlym in combination with eribulin (Eisa Inc.'s drug, Halaven<sup>®</sup>) to treat patients with triple-negative breast cancer.
- Began the Phase 2 trial of our next-generation selective cortisol modulator, CORT125134, to treat patients with Cushing's syndrome.
- Began the Phase 1/2 trial of CORT125134 in combination with nab-paclitaxel (Celgene Corporation's drug, Abraxane<sup>®</sup>) to treat patients with a variety of solid-tumor cancers.
- Advanced the pre-clinical development of other compounds from our proprietary series of selective cortisol modulators.

### Executive Compensation 2016 Program Overview

Based on our compensation principles and in light of both company and individual performance, the Compensation Committee took the following actions with respect to the compensation for our named executive officers for 2016:

**Salary.** Effective March 1, 2016, the Compensation Committee approved limited 3.0% increases to the annual base salaries of Dr. Belanoff, Mr. Robb, and Mr. Fishman.

**Bonuses.** In accordance with our practice of awarding bonuses to named executive officers only for the achievement of significant corporate goals, in April 2016, we paid bonuses to all employees of the company, including Drs. Belanoff and Fishman and Mr. Robb, upon the achievement of a key clinical milestone.

**Equity Awards.** In February 2016, the Board approved grants of options to each of our named executive officers. These option awards vest monthly over a four-year period, subject to the named executive officer's continued employment through each applicable vesting date. These awards were given to our named executive officers as an incentive toward their continued service to the company.

## Strong Stockholder Support for our Compensation Decisions

At our annual stockholder meeting in 2014, 99 percent of our stockholders approved the 2013 compensation of our named executive officers and our practice of submitting the compensation of our named executive officers to a non-binding stockholder vote once every three years. In light of this support, the Compensation Committee did not change the design of our compensation programs during 2014, 2015 or 2016. We are seeking an advisory vote on the compensation of our named executive officers and an advisory vote on the frequency of stockholder votes on executive compensation at the Annual Meeting. Unless our Board changes its policy with respect to the frequency of stockholder votes on executive compensation, we expect that our next advisory vote to approve our named executive officers' compensation will be held at our 2020 annual stockholder meeting.

## Compensation Principles and Objectives

Our compensation program is meant to attract, motivate and retain highly qualified executive officers by paying them competitively, consistent with our success and their contributions to it. We set goals designed to link each named executive officer's compensation to our corporate performance, such as the attainment of significant research, development, commercial, operational and financial targets. Because pharmaceutical product development can take many years, a portion of our executives' compensation is determined by achievements that increase stockholder value in the long term.

Except for their salaries, compensation for our named executive officers is performance-based. The Compensation Committee determines the structure and amount of performance-based compensation based on the its members' knowledge of the most effective practices in the biotechnology and specialty pharmaceutical industries.

These are the Compensation Committee's objectives:

- Align executive and stockholder interests in both the short and long term by providing equity awards and bonuses that are tied to company and individual performance.
- Make sure compensation is competitive by relying on the Compensation Committee members' deep expertise and many years' experience with companies both in and outside of the pharmaceutical industry, recognizing that because of our business model and stage of development, there may be few directly comparable companies; and
- Recognize that optimum compensation practices for a company with relatively few employees may be substantially different than those for a larger, more mature company.

To realize its objectives, the Compensation Committee has offered our executives stock option grants that reward significant, sustained increases in our stock market value and discretionary bonuses based on the achievement of key milestones. The Compensation Committee reviews our performance-based compensation offerings at least annually.

The Chairman of the Board and the members of the Compensation Committee are seasoned executives of, consultants to, or venture capitalists with investments in, the biotechnology and specialty pharmaceutical industry. Collectively they have served as board and compensation committee members of many public and privately held companies including NuGen, Jazz Pharmaceuticals, Aimune Therapeutics, Symantec, Illumina, Sunesis Pharmaceuticals and Cerus Corporation. As a result of this extensive involvement in the compensation of executives in these and other companies, we believe that the Chairman of the Board and the members of the Compensation Committee clearly understand the compensation structures and amounts that are necessary to attract, motivate and retain management talent.

## Determination of Compensation

The Compensation Committee reviews the performance of our named executive officers annually. To aid the Compensation Committee in its deliberations, our Chief Executive Officer reviews the performance of all executives other than himself and makes compensation recommendations regarding them. The Compensation Committee bases its review on the Chief Executive Officer's input and on its own evaluation of Corcept and the individual executives' achievements during the period. The Compensation Committee then sets salaries, performance bonuses and grants of stock options, taking into account its members' understanding of compensation practices in the biotechnology and pharmaceutical industry and the members' experiences as executives, consultants, board and compensation committee members, and investors in such companies.

## Tax Considerations

In making its compensation determinations, our Compensation Committee considers the impact of Section 162(m) of the Internal Revenue Code of 1986, as amended, which limits the tax deductibility by us of annual compensation in excess of \$1,000,000 paid to our Chief Executive Officer and any of our three other most highly compensated named executive officers, other than our Chief Financial Officer.

While the tax impact of any compensation arrangement is one factor to be considered, such impact is evaluated in light of the Compensation Committee's overall compensation philosophy and objectives. The Compensation Committee considers ways to maximize the deductibility of executive compensation, while retaining the flexibility to compensate officers in a manner commensurate with their performance and the competitive market for executive talent. The Compensation Committee may award compensation to our named executive officers that may not be fully deductible if it determines that such compensation is in our stockholders' best interests and is consistent with our compensation principles.

## Elements of Executive Compensation

### Base Compensation

The Compensation Committee determines our executives' salaries based on its members' many years of assessing competitive market rates and the salaries required to attract, motivate and retain talented executives. Each year the Compensation Committee reviews the Chief Executive Officer's salary to determine if a change is appropriate based on its assessment of market trends and our company's commercial and clinical performance. The Compensation Committee applies similar scrutiny to the salaries of our other officers, with input from the Chief Executive Officer. No formulaic salary increases are provided to our named executive officers. The Compensation Committee increased the annual base salary for Dr. Belanoff, Mr. Robb, and Mr. Fishman each by 3.0%, effective March 1, 2016, to reflect its assessment of market trends for cost of living increases.

### Performance-Based Compensation

**Cash Bonus.** Although we do not have an annual bonus program, we pay discretionary bonuses from time to time for the achievement of significant corporate goals. The Compensation Committee believes that the best way to ensure that our executives' compensation is aligned with our business objectives and the interests of our stockholders is to pay bonuses when significant milestones are met, such as the approval of a new product, a significant increase in revenue, advancing our pre-clinical and clinical development programs, and successfully building our management and operational capabilities to support growth. The achievement of these types of milestones does not necessarily correspond with annual performance periods. Performance-based cash compensation has been awarded in recent years primarily to recognize the accomplishment of certain value-enhancing milestones such as the growth of our Cushing's syndrome franchise and the achievement of pre-clinical and clinical milestones.

In accordance with our practice of awarding bonuses to named executive officers only for the achievement of significant corporate goals, in March 2016, our Board approved a bonus opportunity for all employees of the company, including Drs. Belanoff and Fishman and Mr. Robb, payable upon the achievement of a key clinical

15

---

milestone relating to the advancement of our oncology development program. In April 2016, this milestone was achieved and bonuses were paid in the following amounts: Dr. Belanoff: \$400,000; Mr. Robb: \$146,000; and Dr. Fishman: \$40,000. The size of these bonuses was based primarily on each such named executive officer's contributions to the achievement of the milestones and, in the case of Dr. Fishman, his tenure with our company.

Long-Term Equity Incentive Program. Our named executive officers, along with all of our employees, are eligible to receive grants of stock options under our 2012 Incentive Award Plan. We believe that equity ownership in our company is necessary to link executive compensation to the performance of our stock and our sustained growth. So far, we have used stock options as our only long-term performance-based equity incentive vehicle because the Compensation Committee believes that stock options maximize an executive officer's incentive to increase our stock price and maximize stockholder value, since there is no financial gain to an executive officer unless our stock price appreciates.

The Compensation Committee typically grants stock options upon a named executive officer joining our company and once per year in connection with its determination of the named executive officer's potential future performance. The Compensation Committee also typically grants stock options following a significant change in job responsibility or in recognition of a significant achievement. The Compensation Committee determines the number of shares underlying each stock option grant based on a number of factors, including the executive officer's salary, such executive officer's contributions to the achievement of our financial and strategic objectives, the value of the stock option at the time of grant, the possible value of the option if we achieve our objectives, and the Compensation Committee's understanding of industry practices and norms. The relative weight given to each of these factors is at the Compensation Committee's discretion. There is no set formula.

To maximize the incentive for continued employment, stock options granted to our named executive officers generally have a four-year vesting schedule, measured from around the date of grant. We have occasionally granted stock options that vest based on the attainment of performance goals. Stock option awards generally expire ten years from the date of the grant, which allows the executive to focus on the creation and sustainment of long-term stockholder value and to have a reasonable opportunity to benefit from price appreciation in our shares. The exercise price of such stock options is 100% of the fair market value of the underlying stock on the date of grant.

In February 2016, the Board approved grants of options to our named executive officers in the following amounts: 550,000 shares to Dr. Belanoff; 150,000 shares to Mr. Robb; and 100,000 shares to Mr. Fishman. These option awards vest in substantially equal monthly installments over a four-year period from the grant date, subject to the named executive officer's continued employment through each applicable vesting date. These awards were given to our named executive officers as an incentive toward their continued service to the company. The size of each award was based on the Compensation Committee's and Board's determination of the recipient's ability to contribute to our future success.

#### Severance and Change in Control Arrangements

We entered into Severance and Change in Control Agreements with each of our named executive officers to encourage continued attention and dedication to duties without distraction should there arise the possibility of a change in control of our company and to help ensure a smooth transition should such a change in control occur. The terms of the agreements are identical. For a detailed description of the Severance and Change in Control Agreements, see "Potential Payments Upon Termination or Change in Control – Severance and Change in Control Agreements" below.

#### Other Elements of Compensation

Our executives are eligible to receive the following retirement and insurance benefits on the same terms as our other employees. Eligibility for all employees begins on the first day of the month coinciding with or immediately

following the first day of employment. These benefits help us attract and retain talented employees in a competitive employment market, where such benefits are common. Each year, we review the benefit package we offer.

401(k) Plan. We have a Section 401(k) Savings/Retirement Plan, or 401(k) Plan, to cover eligible employees of the company and any designated affiliate. The 401(k) Plan permits eligible employees to defer up to 100% of their annual compensation, subject to limitations imposed by the Internal Revenue Code. All contributions are immediately vested and non-forfeitable. We make no matching contributions

Medical Insurance. At our sole cost, we provide each eligible employee and his or her spouse and children with health, dental and vision insurance.

Life and Disability Insurance. At our sole cost, we provide each eligible employee disability and life insurance.

#### Policies with Respect to Equity Compensation Awards

We grant all stock option awards based on the fair market value as of the date of grant. We do not have a policy of granting stock option awards at other than the fair market value of our common stock. The exercise price for each stock option grant is based on the last quoted price per share on the NASDAQ Capital Market on the date of grant. We do not have a policy and do not intend to have a policy or practice to select option grant dates for named executive officers in coordination with the release of material non-public information.

We also have an insider trading policy that prohibits our named executive officers and Board members from engaging in short-term or speculative transactions in our stock, including short sales.

(1) Each unvested option vests and becomes exercisable in substantially equal monthly installments through the fourth anniversary of the vesting commencement date, subject to the named executive officer's continued services through the applicable vesting date.

#### Option Exercises in 2016

The following table includes certain information with regard to options exercised by our named executive officers during 2016.

Name	Option Exercise Number of Shares Acquired	On Exercise	Value Realized on Exercise
	(#)		(\$) <sup>(1)</sup>
Joseph K. Belanoff, M.D.	1,000,000		7,143,297

(1) The value realized on the exercise represents the excess of the sales price or market price at close on the day of the exercise less the exercise price of the shares.

#### Pension Benefits

None of our named executive officers participate in or have account balances in qualified or non-qualified defined benefit plans sponsored by us.

#### Nonqualified Deferred Compensation

None of our named executives participate in or have account balances in non-qualified defined contribution plans or other deferred compensation plans maintained by us.

#### Potential Payments Upon Termination or Change in Control

##### Severance and Change in Control Agreements

We have entered into Severance and Change in Control Agreements with each of our named executive officers. The terms of the agreements are identical. The agreements provide that, if the executive's employment is terminated by us without "cause" or by the executive for "good reason" (as each term is defined in the agreements) prior to or more than 18 months following a change in control, the executive will be eligible to receive 12 months of his or her then current base salary, payable in substantially equal installments in accordance with the company's customary payroll procedures and continued health insurance coverage for up to 12 months following the date of termination. In addition, the agreements provide that in the event the executive's employment is terminated by us without "cause" or by the executive for "good reason" within 18 months following a change in control, the executive will be eligible to receive an amount equal to 12 months of his or her then current base salary payable in a lump sum, continued health insurance coverage for up to 12 months following the date of termination, and full vesting of all outstanding equity awards. The

receipt of any severance will be subject to the executive signing and not revoking a separation agreement and release of claims in a form reasonably acceptable to us within 60 days following executive's termination of employment. No severance will be paid or provided until the separation agreement and release of claims becomes effective.

The following table reflects compensation payable to each of Dr. Belanoff, Mr. Robb and Dr. Fishman under a change in control or various employment termination events. The amounts shown below assume that (i) a change in control of our company occurred and each named executive officer experienced a qualifying termination on December 31, 2016 or (ii) such named executive officer experienced a qualifying termination effective as of December 31, 2016.

Name	Benefit	Termination	Termination Without
		Without Cause or For Good Reason Outside of a Change in Control	Cause or For Good Reason Within 18 Months Following a Change in Control
Joseph K. Belanoff, M.D.	Base Salary	\$615,000	\$615,000
	Accelerated Vesting of Stock Options	—	\$2,525,815 (1)
	Health Benefit	\$33,253	\$33,253
	Total	\$648,253	\$3,174,068
G. Charles Robb	Base Salary	\$374,685	\$374,685
	Accelerated Vesting of Stock Options	—	\$867,920 (1)
	Health Benefit	\$12,112	\$12,112
	Total	\$386,797	\$1,254,717
Robert S. Fishman, M.D.	Base Salary	\$411,363	\$411,363
	Accelerated Vesting of Stock Options	—	\$1,363,289 (1)
	Health Benefit	\$33,253	\$33,253
	Total	\$444,616	\$1,807,905

- (1) For unvested options held by named executive officers as of December 31, 2016, the value ascribed to the change in control acceleration features under the Severance and Change in Control Agreements is calculated as follows:
- For option grants to these individuals where the closing trading price for our company's common stock on the NASDAQ Capital Market as of December 30, 2016, \$7.26, exceeded the exercise price of the option grant, the value of the acceleration benefit on change in control has been calculated as the difference between these prices multiplied by the number of unvested shares in each of these option awards as of that date.
  - There is no value ascribed to any unvested shares for any option grants to these individuals where the exercise price of the option grant equaled or exceeded \$7.26, which was the closing trading price for our company's common stock on the NASDAQ Capital Market as of December 30, 2016.

#### Risk Assessment of Compensation Programs

Our Compensation Committee and Board have determined that our compensation policies, plans and practices are appropriately balanced and do not create risks that will have a material adverse effect on our company. To make this determination, they reviewed the company's compensation policies, plans and practices with a focus on compensation program design, payment methodology, relationship to performance and length of performance period, and oversight and controls as compared to the compensation practices that they have seen in similar companies. During the review, the Compensation Committee noted risk mitigating factors inherent in our compensation practices, including the Compensation Committee's and management's discretion in approving executive and employee compensation and establishing performance goals for short- and long-term compensation plans, the balance between fixed and variable pay and the mix of short- and long-term incentives that encourage consistent performance over a sustained period, and these factors aligned the interests of our named executive officers and employees with those of our stockholders.

## EQUITY COMPENSATION PLAN INFORMATION

The following table provides information as of December 31, 2016 with respect to the shares of our common stock that may be issued under all of our existing equity compensation plans, which consist of the 2012 Incentive Award Plan and the 2004 Equity Incentive Plan.

Plan Category	(a)	(b)	(c)
	Number of Securities to Be Issued upon Exercise of Outstanding Options	Weighted Average Exercise Price of Outstanding Options	Number of Securities Remaining Available for Future Issuance under Equity Compensation Plans (Excluding Securities Reflected in Column(a)) <sup>(2)</sup>

Equity compensation plans not approved by stockholders	—	—	—
<b>Total</b>	<b>17,663,682</b>	<b>\$ 3.63</b>	<b>7,919,076</b>

<sup>(1)</sup>Represents shares of common stock remaining available for future issuance under our 2012 Incentive Award Plan as of December 31, 2016.

<sup>(2)</sup>The 2012 Incentive Award Plan contains an “evergreen” provision that allows for increases on the first day of each year beginning in 2013 and ending in 2022, the lesser of an additional (i) 8,000,000 shares of our common stock, (ii) 4% of the outstanding shares of common stock on the immediately preceding December 31 or (iii) such smaller number of shares determined by the Board. None of our other plans has an “evergreen” provision. On February 10, 2017, the Board authorized an “evergreen” increase in the shares available for grant under the 2012 Plan to be equivalent to 4% of the shares of our common stock outstanding on December 31, 2016, which represented an increase of 4,508,404 shares to the plan.

<sup>(1)</sup> Amounts shown do not reflect compensation actually received by the directors or the actual value that may be recognized by the directors with respect to these awards in the future. Instead, the amounts shown represent the grant date fair value of the awards as calculated under FASB ASC Topic 718. The relevant assumptions used to calculate the value of the option awards are set forth in Part IV – Item 15(1) - Financial Statements, Notes to Financial Statements, Note 8 – “Preferred Stock and Stockholders’ Equity – Stock-Based Compensation Related to Employees and Director Options” in our Annual Report on Form 10-K for the year ended December 31, 2016.

<sup>(2)</sup> As of December 31, 2016, our non-employee directors and Mr. Wilson held options outstanding to purchase the following number of shares: Mr. Baker: 300,000; Mr. Bradbury: 190,000; Mr. Swisher: 120,000; Mr. Enright: 310,000; Mr. Mahoney: 310,000; Ms. Galá: 70,000 shares; and Mr. Wilson: 1,250,000 shares.

- (3) From January 1, 2016 through March 1, 2016, Mr. Wilson was an employee director serving as the Chairman of our board of directors. He received compensation in his role as an employee providing advice and business insight. The amount in “All Other Compensation” column for Mr. Wilson represents the \$91,000 in base salary paid to Mr. Wilson for his services as an employee through March 1, 2016, and bonus compensation awarded to him by the Compensation Committee of \$184,000, constituting a bonus for the achievement of corporate performance goals.
- (4) Dr. Belanoff is a full time employee and a named executive officer and is compensated in that capacity. His compensation as an employee is shown in the “Summary Compensation Table” above. He receives no additional compensation in his capacity as a director. See “Outstanding Equity Awards At Fiscal Year-End” table above for the aggregate number of shares represented by option awards outstanding that have been granted to Dr. Belanoff.
- (5) During 2016, Mr. Wilson, as chairman of the board, was granted an option to purchase 100,000 shares with a grant date fair value of \$251,344, Mr. Swisher, as chairman of the Audit Committee, was granted an option to purchase 50,000 shares with a grant date fair value of \$183,663, and Messrs. Baker, Bradbury, Enright and Mahoney were each granted an option to purchase 30,000 shares with a grant date fair value of \$110,198. All of these awards vest pro-rata over a one-year period at the rate of 8.3334% on the monthly anniversary of the date of grant, subject to continued service.
- (6) Ms. Galá was appointed to our board of directors in June 2016. On June 27, 2016, Ms. Galá was granted an option to purchase 70,000 shares of the Company’s common stock, at an exercise price of \$5.11 per share, the closing price of the Company’s common stock on the Nasdaq Stock Market on the date of grant. The grant date fair value of this option was \$223,684. This option will vest over a 4-year period, with 25 percent vesting on the first annual anniversary of the date of grant and the remainder vesting ratably on each monthly anniversary thereafter until fully vested, subject to Ms. Galá’s continued service.

For 2016, non-employee directors received a director fee from us for their services as members of the Board in the amount of \$40,000 per year. In addition, the Chair and members of the Audit Committee receive fees of \$15,000 and \$10,000, respectively, per year; the Chair and members of the Compensation Committee receive fees of \$13,000 and \$6,500, respectively, per year; the Chair and members of the Corporate Governance & Nominating Committee receive fees of \$8,000 and \$4,500, respectively, per year. Commencing March 1, 2016, the chairman of our board of directors receives an annual cash retainer of \$120,000 in lieu of any other fees. New directors are granted an option to purchase 70,000 shares of common stock in connection with their initial election to the Board. In February 2017, the Board approved a reduction in the initial option grant to 60,000 shares. The initial director options vest with respect to 25% of the shares on the first anniversary of the date of the grant and, thereafter, at the rate of 2.08334% per month, until fully vested, subject to the director’s continued service. Non-employee directors who are reelected at the Annual Meeting each receive a stock option grant of 30,000 shares that vests over one year at the rate of 8.3334% per month from the date of the Annual Meeting until fully vested, subject to the director’s continued service. The Board has also historically approved larger option awards for directors serving certain roles. In 2016, the Board approved an option covering 100,000 shares to Mr. Wilson for his service as Chairman of the Board and an option covering 50,000 shares to Mr. Swisher for his service as Chair of the Audit Committee.

We have entered into a Severance and Change in Control Agreement with James N. Wilson, Chairman of the Board. The agreement with Mr. Wilson provides that if his employment or service on the Board is terminated involuntarily by us without “cause” or by him for “good reason” (as each is defined in the agreement) within 18 months following a change in control all of his outstanding equity awards shall become fully vested. Mr. Wilson will only receive vesting acceleration under this agreement if he signs and does not revoke a separation agreement and release of claims in a form reasonably acceptable to our Company within 60 days following termination of employment. No vesting acceleration will be provided to Mr. Wilson until the separation agreement and release of claims becomes effective.

Each of the members of the Audit Committee meets the independence requirements of the rules of the NASDAQ Stock Market and the SEC.

### Pre-approval of audit-related and non-audit services

Our Audit Committee has adopted a policy and procedures for the pre-approval of audit and permissible non-audit services rendered by our independent registered public accounting firm, Ernst & Young LLP. Under this policy, our Audit Committee must pre-approve all audit and non-audit services performed by the Company's independent auditor in order to ensure that the provision of such services does not impair the auditor's independence. The policy permits the engagement of the independent registered public accounting firm for services that are approved by our Audit Committee in defined categories such as audit services, audit-related services and tax services. Pre-approval may be given as part of our Audit Committee's annual review and approval of the scope and estimated cost of non-audit services that may be provided by the independent registered public accounting firm or on an individual explicit case-by-case basis before the independent registered public accounting firm is engaged to provide each service. The Audit Committee has also delegated to the Chair of the Audit Committee the authority to pre-approve audit and non-audit services not prohibited by law to be performed by our independent registered public accounting firm and associated fees, provided that the Chair shall report any decision to pre-approve such audit or non-audit services and fees to the full Audit Committee at its next regular meeting. ## PROPOSALS TO BE ACTED UPON AT THE ANNUAL MEETING

### PROPOSAL 1

#### ELECTION OF DIRECTORS

At the Annual Meeting, the stockholders will vote on the election of seven directors, each to serve until the annual meeting of stockholders in 2018 and until their successors are duly elected and qualified. The independent members of the Board have selected, and the Board has unanimously nominated, G. Leonard Baker, Jr., Joseph K. Belanoff, M.D., Daniel M. Bradbury, René D. Galá, David L. The proxies being solicited will be voted for the nominees at the Annual Meeting. Directors will be elected by a plurality of the votes cast, in person or by proxy, at the Annual Meeting, assuming a quorum is present. Stockholders do not have cumulative voting rights in the election of directors.

#### Recommendation of the Board

The Board of Directors unanimously recommends a vote “FOR” the election of the nominees as listed above.

Unless otherwise instructed, it is the intention of the persons named in the accompanying proxy card to vote shares represented by properly executed proxy cards for the election of the nominees as listed above.

### PROPOSAL 2

#### RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

At the Annual Meeting, the stockholders will be asked to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2017. Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting and will have the opportunity to make statements if they desire to do so. Such representatives are also expected to be available to respond to appropriate questions.

#### Recommendation of the Board

The Board of Directors unanimously recommends a vote “FOR” the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2017.

### PROPOSAL 3

#### ADVISORY VOTE ON THE

#### COMPENSATION OF NAMED EXECUTIVE OFFICERS

We intend for our executive compensation program to attract and retain a talented, entrepreneurial and creative team of executives who will provide leadership for our company’s success in promoting Korlym for the treatment of patients with Cushing’s syndrome and successfully managing the pre-clinical and clinical development of our cortisol modulation platform. We accomplish this goal in a manner consistent with our strategy, competitive practice, sound

corporate governance principles, and stockholder interests and concerns. We believe the compensation program for the named executive officers is closely aligned with the long-term interests of our stockholders and was instrumental in helping us perform well in 2016.

Stockholders are urged to read the Executive Compensation section of this Proxy Statement, including the Compensation Discussion and Analysis, or CD&A, section which discusses our compensation policies and

procedures, and the 2016 compensation for our named executive officers. The Compensation Committee and the Board believe that our compensation policies and procedures are effective in advancing our goals and furthering the interests of our stockholders.

In accordance with Section 14A of the Securities Exchange Act, we are including in this Proxy Statement a separate, non-binding stockholder vote on executive compensation. We are asking you to approve, on an advisory basis, the compensation of our named executive officers listed in the 2016 Summary Compensation Table included in this Proxy Statement, as described in the Executive Compensation section of this Proxy Statement, including the CD&A and the related compensation tables and other narrative executive compensation disclosure contained therein.

Stockholders have the opportunity to vote “for” or “against” or to “abstain” from voting on the following non-binding resolution relating to executive compensation:

“RESOLVED, that the stockholders of the Company approve, on an advisory basis, the compensation of the Company’s named executive officers, as disclosed in the Compensation Discussion and Analysis, compensation tables and narrative discussion of this Proxy Statement.”

Although the advisory vote is non-binding, the Compensation Committee and the Board will review the results of the vote. The Compensation Committee will consider our stockholders’ concerns to the extent there is any significant vote against the named executive officer compensation as disclosed in this Proxy Statement and take them into account in future determinations concerning our executive compensation program. The Board therefore recommends that you indicate your support for our compensation policies and procedures for our named executive officers, as outlined above. Unless our Board changes its policy with respect to the frequency of stockholder votes on executive compensation, we expect to hold our next such vote at the 2020 Annual Meeting of Stockholders.

#### Recommendation of the Board

The Board unanimously recommends that stockholders vote, on an advisory basis, FOR the approval of the compensation of the named executive officers as described in the CD&A, the compensation tables and the narrative discussion of this Proxy Statement.

#### PROPOSAL 4

#### ADVISORY VOTE ON THE FREQUENCY OF THE VOTE

#### ON COMPENSATION OF NAMED EXECUTIVE OFFICERS

In accordance with Section 14A of the Securities Exchange Act, we are including in this Proxy Statement a separate stockholder vote on how frequently the advisory vote described under Proposal No. 3 — the “Advisory Vote on Compensation of Named Executive Officers”, or the “say on pay” advisory vote, should occur, which is referred to herein as the “frequency advisory vote”. We are providing stockholders the option of selecting a frequency of one, two or three years, or abstaining. As with the say on pay advisory vote, the vote described in this Proposal No. 4 is non-binding.

The Board has determined that providing stockholders with the say on pay advisory vote once every three years will be the most effective means for conducting and responding to the say on pay advisory vote based on a number of

considerations, including the following:

- ◆ Our compensation program is designed to induce and reward performance over a multi-year period;
- ◆ A three-year cycle will provide investors sufficient time to evaluate the effectiveness of our short- and long-term compensation strategies and the related business outcome of the Company;

27

---

• A three-year vote cycle gives the Board and the Compensation Committee sufficient time to thoughtfully respond to stockholders' sentiments and to implement any necessary changes to our executive compensation policies and procedures; and

• The Board will continue to engage with our stockholders on executive compensation during the period between stockholder votes. As discussed under "Communications with Directors," the Company provides stockholders an opportunity to communicate with the Board, including on issues of executive compensation.

Based on the factors discussed, the Board has determined to recommend that future say on pay advisory votes occur every three years until the next frequency advisory vote. Stockholders are not being asked to approve or disapprove the Board's recommendation, but rather to indicate their choice among the following frequency options: one year, two years or three years, or to abstain from voting.

While the Board has determined that providing stockholders with the say on pay advisory vote once every three years is advisable, and therefore recommends that you approve a triennial vote, the Compensation Committee and the Board will consider our stockholders' concerns and take them into account in determining how frequently the say on pay advisory vote occurs.

#### Recommendation of the Board

The Board unanimously recommends that stockholders select every "three years" on the proposal recommending the frequency of the say on pay advisory vote.

#### OTHER MATTERS

As of the time of preparation of this Proxy Statement, neither the Board nor management intends to bring before the meeting any business other than the matters referred to in the Notice of Annual Meeting and this Proxy Statement. If any other business should properly come before the meeting, or any adjournment or postponement thereof, the persons named in the proxy will vote on such matters according to their discretion.

STOCKHOLDER PROPOSALS FOR THE 2018 ANNUAL MEETING

Pursuant to Rule 14a-8 under the Exchange Act, stockholder proposals for inclusion in the proxy statement of the Board of Directors for the 2018 Annual Meeting of Stockholders must be received by us at 149 Commonwealth Drive, Menlo Park, California 94025, on or before December 25, 2017 and must otherwise comply with Rule 14a-8 under the Exchange Act. However, if the date of the 2018 Annual Meeting of Stockholders is changed by more than 30 days from the anniversary date of our 2017 Annual Meeting of Stockholders, such deadline pursuant to Rule 14a-8 under the Exchange Act will instead be a reasonable time before we begin to print and send our proxy materials. If we are not notified by the deadline under Rule 14a-8 under the Exchange Act of a proposal to be brought before the 2018 Annual Meeting of Stockholders by a stockholder, then proxies held by management may provide the discretion to vote against such proposal even though it is not discussed in the proxy statement for such meeting.

In addition, regardless of whether a proposal is included in our proxy statement, our Amended and Restated Bylaws provide that advance notice of a stockholder's proposal to be brought before the 2018 Annual Meeting of Stockholders, including director nominations, must be delivered to the Secretary of our company at our principal executive offices not earlier than one hundred twenty (120) days (December 25, 2017) and not later than ninety (90) days (January 24, 2018) prior to the anniversary of the mailing date of the proxy materials for the previous year's annual meeting. Our Amended and Restated Bylaws also provide that in the event that the annual meeting is advanced by more than 30 days prior to or delayed by more than 60 days after the anniversary date of the preceding year's annual meeting, this advance notice must be received not later than the close of business on the later of (i) the 120th day prior to such annual meeting or (ii) the 10th day following the day on which public announcement of the date of such meeting is first made.

Each stockholder's notice must contain the following information as to each matter the stockholder proposes to bring before the annual meeting: (a) a brief description of the business desired to be brought before the annual meeting, the reasons for conducting such business at the annual meeting and any material interest in such business of each Proposing Person (as defined in the Company's Amended and Restated Bylaws), (b) the text of the proposal or business (including the text of any resolutions proposed for consideration), (c) a reasonably detailed description of all agreements, arrangements and understandings (i) between or among any of the Proposing Persons or (ii) between or among any Proposing Person and any other record or beneficial holder(s) or persons(s) who have a right to acquire beneficial ownership at any time in the future of the shares of any class or series of the Corporation (including their names) in connection with the proposal of such business by such stockholder, and (d) any other information relating to such item of business that would be required to be disclosed in a proxy statement or other filing required to be made in connection with solicitations of proxies in support of the business proposed to be brought before the meeting pursuant to Section 14(a) of the Exchange Act. A copy of the full text of the provisions of our Amended and Restated Bylaws dealing with stockholder nominations and proposals is available to stockholders from our Secretary upon written request.

AVAILABLE INFORMATION

We are subject to the informational requirements of the Securities Exchange Act of 1934, as amended, and, in accordance therewith, file reports, proxy statements and other information with the U.S. Securities and Exchange Commission. Reports, proxy statements and other information filed by us may be inspected without charge and copies obtained upon payment of prescribed fees from the Public Reference Section of the U.S. Securities and Exchange Commission at 100 F Street, NE, Washington, D.C. 20549, or by way of the U.S. Securities and Exchange Commission's website at [www.sec.gov](http://www.sec.gov).
