Item 1.01 Entry into a Material Definitive Agreement.

Summary of Material Definitive Agreement. CSG Systems International, Inc. (“CSG”) currently generates a material portion of its revenues from DISH Network Corporation (“DISH”) under a multi-year Master Subscriber Management System Agreement that runs through December 31, 2017 (the “Current Agreement”). For the quarter ended June 30, 2017, CSG generated 11% of its total revenues from DISH under the Current Agreement, making DISH CSG’s third largest client.

On August 11, 2017, CSG entered into an amendment to its Current Agreement with DISH (the “Amended Agreement”).

The key terms and conditions of the Amended Agreement are as follows:

•The Amended Agreement extends CSG’s contractual relationship with DISH for an additional four years, through December 31, 2021.

•Consistent with the previous agreements, the fees to be generated under the Amended Agreement will be based primarily on monthly per unit charges for CSG’s cloud and related solutions, and other various ancillary services. Certain of the per-unit fees are subject to annual inflationary price escalators.

•The Amended Agreement includes minimum commitments for the number of DISH customer accounts to be serviced on CSG’s platform.

•The Amended Agreement contains certain rights and obligations of both parties, including the following key items: (i) the termination of the Agreement under certain conditions; (ii) various service level commitments; and (iii) remedies and limitation on liabilities associated with specified breaches of contractual obligations.

Under the Amended Agreement, CSG provided DISH a small per-unit pricing discount in-line with the extended contract term through December 31, 2021, and the roll out of additional products and services by DISH. As a result, CSG revenues from DISH under the New Agreement going forward are highly dependent on the number of customer accounts DISH maintains on CSG’s platform, and the level of additional products and services DISH may choose to purchase from CSG.

The anticipated revenue impact in both the near and long terms may vary depending on the actual level of products and services consumed by DISH. The revenue impact from the Amended Agreement is only an estimate and actual results may vary depending upon a variety of factors. CSG undertakes no duty to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. CSG wishes to ensure that such forward-looking statements are accompanied by meaningful cautionary statements, so as to ensure to the fullest extent possible, the protections of the safe harbor established in the Private Securities Litigation Reform Act of 1995. See “Risk Factors Related to Forward-Looking Statements” below for additional discussions on forward-looking statements.

A copy of the amendment, with confidential information redacted, will be filed as an exhibit to CSG's Form 10-Q for the quarter ended September 30, 2017.

**Risk Factors Related to Forward-Looking Statements.** This report contains forward-looking statements (as defined under the Securities Act of 1933, as amended) relative to expectations concerning CSG's business. These forward-looking statements are based on assumptions about a number of important factors, and involve risks and uncertainties that could cause actual results to differ materially from estimates contained in the forward-looking statements. CSG is subject to risk in its business generally, or the Agreement specifically. Readers are therefore encouraged to review CSG's risk factors and related information as described in CSG's reports on Forms 10-K and 10-Q and other filings made with the SEC.
