Your Board and management look forward to greeting those shareholders able to attend the meeting in person.

This year, we will again be using the “Notice and Access” method of providing proxy materials to shareholders via the Internet. We believe that this process provides shareholders with a convenient and quick way to access the proxy materials and vote, while allowing us to conserve natural resources and reduce the costs of printing and distributing the proxy materials. We will mail to most of our shareholders a Notice of Internet Availability of Proxy Materials containing instructions on how to access our proxy statement and the Form 10-K and vote electronically via the Internet. This notice will also contain instructions on how to receive a paper copy of the proxy materials. All shareholders who do not receive a notice will receive a paper copy of the proxy materials by mail or an electronic copy of the proxy materials by email.

The accompanying Notice of Annual Meeting of Shareholders and Proxy Statement describe proposals to be acted upon at the Annual Meeting. Please give these materials your prompt attention. Then, we ask that you vote by internet, telephone or by mail, as set forth in the voting instructions or proxy card that are included with these materials, to

ensure that your shares are represented and voted at the meeting. Shareholders who attend the meeting may withdraw their proxy and vote in person if they wish to do so. Your vote is important, so please act at your earliest convenience.

We appreciate your continued interest in Central Pacific Financial Corp.

Sincerely,

***Record Date, Outstanding Securities and Voting Rights***

The Board fixed the close of business on February 24, 2017 as the record date (the "Record Date") for the determination of the shareholders of the Company entitled to notice of and to vote at the Meeting. Only holders of record of shares of the Company's Common Stock ("Common Stock") at the close of business on the Record Date will be entitled to vote at the Meeting and at any adjournment or postponement of the Meeting. There were 30,802,958 shares of the Company's Common Stock, no par value, issued and outstanding on the Record Date, held by approximately 3,548 holders of record. There are no other classes of shares of the Company's capital stock outstanding.

Each holder of Common Stock will be entitled to one (1) vote, in person or by proxy, for each share of Common Stock standing in the holder's name on the books of the Company as of the Record Date on any matter submitted to the vote of the shareholders.

***Quorum***

The required quorum for the transaction of business at the Meeting is a majority of the total outstanding shares of Common Stock entitled to vote at the Meeting, either present in person or represented by proxy. Abstentions will be included in determining the number of shares present at the Meeting for the purpose of determining the presence of a quorum.

***Broker Authority to Vote***

Under the rules of the National Association of Securities Dealers, Inc., member brokers generally may not vote shares held by them in street name for customers unless they are permitted to do so under the rules of any national securities exchange of which they are a member. Under the rules of the New York Stock Exchange, Inc. ("NYSE"), a member broker who holds shares in street name for customers has the authority to vote on certain "routine" proposals if it has transmitted proxy soliciting materials to the beneficial owner but has not received instructions from that owner. NYSE member brokers will not be permitted to vote on proposal numbers 1, 2 or 3 unless they receive instructions from their customers. NYSE rules permit member brokers that do not receive instructions from their customers, to vote on proposal number 4 as discussed above in their discretion.

***Vote Required to Approve the Proposals***

The following chart sets forth the required vote to approve each proposal to be considered and voted upon at the Meeting, and the effect of “Withhold” votes, abstentions, and broker non-votes.

<b>Proposal</b>	<b>Required Vote</b>	<b>Effect of “Withhold” Votes, Abstentions, Broker Non-Votes</b>
Proposal 1—Election of Directors	Affirmative vote of a plurality of the shares of Common Stock present in person or by proxy and entitled to vote.	“Withhold” votes will have the effect of a vote AGAINST the election of directors. Broker non-votes will have no effect on the voting for the election of directors.
Proposal 2—Proposal relating to an advisory (non-binding) vote on executive compensation (“Say-On-Pay”)	Affirmative vote of a majority of the shares of Common Stock represented and voting on the matter.	Abstentions and broker non-votes will have no effect in calculating the votes on this matter.
Proposal 3—Proposal Relating to an Advisory (Non-Binding) Vote on frequency of advisory “Say-On-Pay” vote	Affirmative vote of a majority of the shares of Common Stock represented and voting on the matter.	Abstentions and broker non-votes will have no effect in calculating the votes on this matter.
Proposal 4—Ratification of the appointment of KPMG LLP as the Company’s independent registered public accounting firm for the fiscal year ending December 31, 2017.	Affirmative vote of a majority of the shares of Common Stock represented and voting on the matter.	Abstentions and broker non-votes will have no effect in calculating the votes on this matter.

Additional information regarding each of these proposals is provided in the section titled DISCUSSION OF PROPOSALS RECOMMENDED BY THE BOARD OF DIRECTORS (for Proposals 1 through 4 above).

The following is the Board’s recommendation with respect to each of the proposals to be considered and voted upon at the Meeting:

**Proposal 1—The Board recommends a vote “FOR” the election of all nominees as directors.**

**Proposal 2—The Board recommends a vote “FOR” the compensation of the Company’s named executive officers (“Say-On-Pay”).**

**Proposal 3** The Board recommends a vote “FOR” setting the frequency of the advisory “Say-On-Pay” vote on an annual basis.

**Proposal 4** The Board recommends a vote “FOR” ratification of the appointment of KPMG LLP as the Company’s independent registered public accounting firm for the fiscal year ending December 31, 2017.

It is not anticipated that any matters will be presented at the Meeting other than as set forth in the accompanying Notice of the Meeting and this Proxy Statement. If any other matters are presented properly at the Meeting, however, the proxy will be voted by the proxy holders in accordance with the recommendations of the Board or, if no recommendation is given, in their own discretion.

### *Voting*

You may vote by internet, telephone or by mail, as set forth in the voting instructions or proxy card that is provided to you.

**Voting by Internet or Telephone.** Voting by internet or telephone is fast and convenient and your vote is immediately confirmed and tabulated. The internet and telephone voting procedures are designed to authenticate votes cast by use of a personal identification number which is provided with your voting instructions. These procedures allow shareholders to appoint a proxy to vote their shares and to confirm that their instructions have been properly recorded. If you vote by internet or telephone, you do not have to mail in a proxy card, but your vote must be received by the voting deadline set forth in your voting instructions.

**Voting by Mail.** If you wish to vote by mail, you may request a paper copy of these materials which will include a proxy card. If you vote by proxy card, be sure to complete, sign, date and mail your proxy card in the accompanying postage-prepaid envelope by the voting deadline set forth on the proxy card.

If your shares are held by a bank, broker or other nominee, please follow the instructions provided with your proxy materials to determine if internet or telephone voting is available. If your bank or broker does make internet or telephone voting available, please follow the voting instructions provided by your bank or broker.

If you vote by internet or by telephone, you should not return a proxy card.

### ***Revocability of Proxies***

Any shareholder who executes and delivers a proxy has the right to revoke it at any time before it is exercised by filing with the Corporate Secretary of the Company an instrument revoking it or a duly executed proxy bearing a later date. A proxy may also be revoked by attending the Meeting and voting in person at the Meeting. Subject to such revocation, all shares represented by a properly executed proxy received in time for the Meeting will be voted by the proxy holders in accordance with the instructions on the proxy. If your shares are held in street name, you should follow the instructions of your broker, bank or nominee regarding the revocation of proxies.

### ***Solicitation of Proxies***

This solicitation of proxies is made on behalf of the Board and the Company will bear the costs of the preparation of proxy materials and the solicitation of proxies for the Meeting. It is contemplated that proxies will be solicited principally through the mail, but directors, officers and regular employees of the Company or its subsidiary, Central Pacific Bank (the "Bank"), may solicit proxies personally, by telephone, electronically or by other means of communication. Although there is no formal agreement to do so, the Company may reimburse banks, brokerage houses and other custodians, nominees and fiduciaries for their reasonable expenses in forwarding these proxy materials to beneficial owners. The Company has retained D.F. King & Co., Inc. to assist it in connection with the solicitation of proxies for a fee of approximately \$8,500, plus reimbursement of expenses.

### *Audit Committee*

The Audit Committee held eight (8) meetings during 2016. The responsibilities of the Audit Committee are described below under the subheading “REPORT OF THE AUDIT COMMITTEE.” The Audit Committee operates under a Charter adopted by the Board. The Charter of the Audit Committee is available on the Company’s website ([www.centralpacificbank.com](http://www.centralpacificbank.com)). The current members of the Company’s Audit Committee are Earl E. Fry (Chair), Christine H. H. Camp and Wayne K. Kamitaki, each of whom is “independent” within the meaning of the listing standards of the NYSE and the rules of the SEC. The Board has also determined that each member is financially literate, as such qualification is defined under the rules of the NYSE, that each member has accounting or related financial management expertise, as such qualification is defined under the rules of the NYSE, and that each member is an “audit committee financial expert” within the meaning of the rules of the SEC. Neither Ms. Camp nor Mr. Kamitaki serves on the audit committee of any other publicly registered company. Mr. Fry serves on the audit committee of two other publicly listed companies: Hawaiian Holdings Inc. and Xactly Corporation.

Pursuant to the Company’s Audit Committee Charter, the Audit Committee reviews and evaluates all related party transactions that are material to the financial statements pursuant to the Company’s Policy Regarding Transactions with Related Persons, and determines conflicts of interest pursuant to the Company’s Code of Conduct & Ethics and pursuant to its Code of Conduct & Ethics for Senior Financial Officers. In addition, certain loans to directors and executive officers and their related interests are subject to the lending restrictions set forth in Federal Reserve Board Regulation O and the lending policies and procedures of the Bank. Each director and executive officer is required to report to the Company transactions with the Company in which they have an interest.

### *Compensation Committee*

The Compensation Committee held six (6) meetings during 2016. The Compensation Committee’s primary purpose is to assist the Board in discharging the Board’s responsibilities relating to compensation of the Company’s executive officers by evaluating and recommending to the Board approval of executive officer benefit, bonus, incentive compensation, severance, equity-based or other compensation plans, policies and programs of the Company and providing all required disclosures on executive compensation for inclusion in the Company’s Proxy Statement. The functions of the Compensation Committee are further described in “COMPENSATION OF DIRECTORS AND EXECUTIVE OFFICERS” below, under the subheading “COMPENSATION DISCUSSION AND ANALYSIS.” The Charter of the Compensation Committee is available on the Company’s website ([www.centralpacificbank.com](http://www.centralpacificbank.com)). Rose, each of whom is “independent” within the meaning of the listing standards of the NYSE, is a “non-employee director” within the meaning of Rule 16b-3 of the Exchange Act and is an “outside director” within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended.

*Interaction with Consultants*

From time-to-time, the Compensation Committee seeks advice from outside experts in the compensation field. The Compensation Committee has historically engaged a compensation consultant to provide input on both Board and executive compensation issues. In 2016 the Committee retained McLagan, an AonHewitt Company. McLagan is a compensation consulting and performance benchmarking firm focused exclusively on the financial services sector.

In 2016, the Compensation Committee engaged McLagan to provide market benchmarking information and advisory services related to executive compensation plan design features, positioning to market, regulatory compliance, and with respect to the review and development of various incentive plans. McLagan was engaged directly by the Compensation Committee and McLagan consultants reported directly to the Compensation Committee for its services in these capacities. The Compensation Committee discusses, reviews, and approves all consulting projects performed by McLagan and periodically reviews the relationship with McLagan and considers competitive proposals from other firms.

The Compensation Committee considered the independence of McLagan in light of SEC rules and NYSE listing standards. The Compensation Committee requested and received a report from McLagan addressing the independence of McLagan and its consultants, including the following factors: (1) other services provided to the Company by McLagan; (2) fees paid by the Company as a percentage of Aon's total revenue; (3) policies or procedures maintained by McLagan that are designed to prevent a conflict of interest; (4) any business or personal relationships between the consultants and a member of the Compensation Committee; (5) any Company Common Stock owned by the consultants; and (6) any business or personal relationships between our executive officers and the consultants. The Compensation Committee discussed these considerations as well as other considerations and concluded that the work performed by McLagan and its consultants involved in the engagement did not raise any conflict of interest.

### ***Governance Committee***

The Governance Committee held two (2) meetings during 2016. The Governance Committee is responsible for promoting the best interests of the Company and its shareholders through the implementation of sound corporate governance principles and practices, including identifying individuals qualified to become Board members, recommending nominees for directors of the Company, reviewing the qualifications and independence of the members of the Board and its committees, reviewing and monitoring the Company's Corporate Governance Guidelines, monitoring the Board's and the Company's compliance regarding changes in corporate governance practices and laws and leading the Board in its annual review of the performance of the Board. The Charter of the Governance Committee and the Company's Corporate Governance Guidelines are available on the Company's website ([www.centralpacificbank.com](http://www.centralpacificbank.com)). The current members of the Company's Governance Committee are Crystal K. Rose (Chair), Christine H. H. Camp, Wayne K. Kamitaki, Paul J. Kosasa, and Duane K. Kurisu, each of whom is "independent" within the meaning of the listing standards of the NYSE.

### ***Director Resignation Policy***

On January 28, 2009, the Board adopted a "Director Resignation Policy" which provides that at any shareholder meeting at which directors are subject to an uncontested election, any nominee for director who receives a greater number of votes "withheld" from his or her election than votes "for" such election shall tender a letter of resignation to the Board for consideration by the Governance Committee. The Governance Committee shall recommend to the Board the action to be taken with respect to such offer of resignation. The Board shall act promptly with respect to each such letter of resignation and shall notify the director concerned of its decision. Any director who tenders his or her resignation pursuant to this provision shall not participate in the Governance Committee or Board action regarding whether to accept his or her resignation offer.

### ***Director Independence and Relationships***

Dean who is Executive Chair, A. Catherine Ngo who is President and Chief Executive Officer, and Lance A. Mizumoto who is a former director and former Chief Operating Officer, of the Company and the Bank) are "independent" within the meaning of the rules of the NYSE. ### ***Loans to Related Persons***

The Bank, which is a wholly-owned subsidiary of the Company, has made (in addition to the loans specified in the "Director Independence and Relationships" section immediately preceding this section) loans to directors and executive officers, their immediate family members, and companies in which they have an interest, in the ordinary course of its business as a bank. These loans were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans with persons not related to the Bank and do not involve more than the normal risk of collectability or present other unfavorable features.

### ***Policy Regarding Transactions with Related Persons***

The Company has a Board approved written policy (“Policy Regarding Transactions with Related Persons”) which sets forth the process and procedures for the review, approval, ratification and disclosure of any transaction with a related person (“transaction” and “related person” being as defined by Item 404 of SEC Regulation S-K). Transactions with related persons that affect a director’s independence are reviewed by the Company’s Governance Committee. Transactions with related persons that involve loans are reviewed by the Bank’s Board Directors’ Loan Committee. All other transactions with related persons that are material to the financial statements are reviewed by the Company’s Audit Committee.

### ***Board Leadership Structure and Risk Oversight***

The Company’s Board has no policy with respect to the separation of the offices of Chairman, President and Chief Executive Officer. It is the Board’s view that rather than having a rigid policy, the Board, with the advice and assistance of its Governance Committee, and upon consideration of all relevant factors and circumstances, will determine, as and when appropriate, whether the offices of Chairman, President and Chief Executive Officer should be separate. Since June 1, 2014, Crystal K. Rose has served as Lead Independent Director and as Chair of the Governance Committee of the Company’s and the Bank’s Board of Directors. Ms. Rose previously served as Chair of the Board of Directors of the Company and the Bank from April 20, 2011 through May 31, 2014. John C. Dean, former Chief Executive Officer of the Company and the Bank, currently serves as Executive Chair of the Company’s and the Bank’s Board of Directors. A. Catherine Ngo currently serves as President and Chief Executive Officer for the Company and the Bank and also serves on the Company’s and Bank’s Board of Directors. Eight (8) of the ten (10) Company’s and Bank’s Board of Directors are independent outside (non-management) directors. As the Board’s former Chair and now as its Lead Independent Director, Ms. Rose previously presided over and once again presides over all meetings of the non-management directors in executive sessions, acts as liaison and facilitates communications between the Board and the principal executive officer, and ensures independent Board governance and oversight of management. In addition, all members of the Board’s Audit Committee, Compensation Committee, and Governance Committee are comprised of independent, non-management directors. The Company believes that the current structure ensures sufficient Board independence from management while also optimizing the efficiency and effectiveness of the Board and management in the oversight of the Company and the Bank, and also supports and provides for orderly transition and succession.

The Company is a one-bank holding company, with the Bank being the Company’s only bank subsidiary. All of the directors on the Company’s Board also serve on the Bank’s Board of Directors. In addition, all of the Company’s directors who serve on the Company’s Audit Committee, Compensation Committee and Governance Committee also serve on those same board level committees at the Bank. Ernst & Young, the Company’s and Bank’s internal auditor, reports directly to the Company’s and Bank’s respective Audit Committees. In addition, the Bank also has an additional board level Trust Committee and Directors’ Loan Committee which provide board level oversight over the Bank’s trust activities and lending activities, respectively. The Company’s and Bank’s Audit Committees perform the required and

customary risk oversight functions of an Audit Committee, which include, overseeing accounting, auditing, internal controls, legal and regulatory matters, financial reporting and financial risk. The Company's and the Bank's Compensation Committees perform the required and customary risk oversight functions of a Compensation Committee, which include, overseeing the Company's and Bank's compliance with any laws, rules and regulations applicable to the Company's and Bank's compensation practices, plans and programs, and to ensure that compensation is not structured in a way which will encourage unnecessary or excessive risk taking. The Company's and Bank's Chief Financial Officer and Chief Legal Officer report regularly to the Company's and Bank's Audit Committees. The Company's and Bank's Chief Credit Officer is required to report regularly to the Bank's Directors' Loan Committee.

### ***Code of Conduct & Ethics***

The Company is committed to promoting and fostering ethical conduct and sound corporate governance principles. The Company has a Code of Conduct & Ethics applicable to all employees, officers and directors of the Company. In addition, the Company also has a supplemental Code of Conduct & Ethics for Senior Financial Officers, which is applicable to the Chief Executive Officer, President, Chief Financial Officer, Controller, any other principal financial officer or principal accounting officer and any other person fulfilling and/or performing any similar role, function or capacity. Both of the aforementioned Codes of Conduct & Ethics are available on the Company's website ([www.centralpacificbank.com](http://www.centralpacificbank.com)).

### ***Director Education***

Board members are invited to attend the Federal Deposit Insurance Corporation San Francisco Region Directors' College Program which is designed to educate bank directors about their fiduciary role and responsibilities, and about regulatory issues and current issues faced by the banking industry. The 2016 attendees from the Company were Saedene K. Ota, Crystal K. Rose, Christine H. H. Camp and A. Catherine Ngo.

### ***Director Nomination Process***

***Director Qualifications.*** The Governance Committee is responsible for reviewing the qualifications and independence of director nominees in accordance with the criteria set forth in the Company's Corporate Governance Guidelines. The general criteria considered include independence, diversity, age, skills, experience and other relevant considerations in the context of the needs of the Board. Diversity is considered and desired and is viewed in a broad context; we seek Board members from different professions, industries, backgrounds, experiences, cultures, ethnicities, races, and gender, who can represent Hawaii's multi-cultural, multi-ethnic, and multi-racial population and community.

***Identifying and Evaluating Nominees.*** The Board seeks to identify candidates for director positions that are best qualified and suited to meet the needs of the Company and to present these candidates for shareholder approval, as and when director positions become open and available. The Governance Committee will first identify, review, evaluate and recommend to the Board, nominees for director positions. The Board will then vote whether or not to recommend such nominees to the Company's shareholders for election. In identifying potential director nominees, the Governance Committee will search within the State of Hawaii and may search outside the State of Hawaii for any potential director candidates, and in this regard, may utilize the services of a professional search firm. While the same general criteria set forth above shall be applied in evaluating a candidate's qualifications, it is difficult to enumerate all of the attributes, skills and qualities that the Governance Committee and/or Board may, at any given point in time, determine, consider and value in evaluating, selecting and recommending director nominees. Accordingly, the Governance Committee and the Board exercise their discretion and consider any circumstances, experiences, attributes, skills, qualities, and factors applicable to any director nominee with the intent and purpose of having the best qualified and suited directors serving on the Board at all times, as well as ensuring that the Board as a whole is diverse and well rounded. The Board may enlist the services of a third party to conduct a background check or other investigation in order to determine whether a candidate meets any criteria.

***Shareholder Nominees.*** In accordance with the policies set forth in the Company's Corporate Governance Guidelines and the Company's Bylaws (as amended), the Governance Committee will consider properly submitted director nominees for election at the 2018 Annual Meeting of Shareholders recommended by shareholders if such recommendations are received in writing not less than ninety (90) calendar days nor more than one hundred twenty (120) calendar days prior to the first anniversary date of the annual meeting for the preceding year (such anniversary date, April 28, 2018), and comply with all other applicable requirements set forth in said Corporate Governance Guidelines and Bylaws (as amended). Shareholder recommendations should be addressed to the Company's Corporate Secretary, P.O. Box 3590, Honolulu, Hawaii 96811. In addition, shareholders may bring nominations directly before an annual meeting by giving timely notice in writing to the Company's Corporate Secretary within the same ninety (90) to one hundred twenty (120) calendar day period prior to the first anniversary date of the annual meeting for the preceding year (such anniversary date, April 28, 2018) and complying with all other applicable requirements set forth in the Company's Bylaws.

Any such communication may be directed to the attention of the Chair of the Board or the Chair of any Board Committee (such as, for example, the Chair of the Audit Committee or the Chair of the Governance Committee) or to the Lead Independent Director or to the non-management or independent directors. Respectfully submitted by the current members of the Audit Committee of the Board:

Earl E. Fry, Chair  
Christine H. H. Camp  
Wayne K. Kamitaki

(a) Board Members, A. Catherine Ngo and Lance A. Mizumoto (who resigned on November 30, 2016) are omitted from this table because their compensation is disclosed in the Summary Compensation Table.

Included in this column are fees payable in cash, but which the Directors were permitted to elect to receive in the form of equity. The Directors listed below elected to receive 100% of their fees in equity through the Directors (b)Deferred Compensation (DDC) Plan, under which stock is purchased on the market in round lots of 100 shares; therefore, actual amounts paid in equity were less than 100% of total fees. The amounts in this column include the following payments made in stock:

Wayne K. Kamitaki received 1,700 shares (in addition to those listed in column (c)) having a fair market value of \$24.5425 per share, a total value of \$41,723. Remaining fees of \$4,101 were paid to him in cash.

Colbert M. Matsumoto received 2,000 shares (in addition to those listed in column (c)) having a fair market value of \$24.5836 per share, a total value of \$49,167. Remaining fees of \$4,207 were paid to him in cash.

Saedene K. Ota received 1,700 shares (in addition to those listed in column (c)) having a fair market value of \$24.6231 per share, a total value of \$41,859. Remaining fees of \$3,819 were paid to her in cash.

Included in this column are fees required to be received in the form of equity, which are paid in shares of CPF common stock either issued from the 2013 Stock Compensation Plan or purchased through the Directors Deferred Compensation (DDC) Plan. In June 2016, the Board of Directors approved a revision to the Directors' fee schedule, (c) which required Directors to receive 50% of total fees in the form of equity. For Directors who elected equity through the DDC Plan, stock is purchased on the market in round lots of 100 shares; therefore, actual percentages paid in equity may have resulted in less than 50% of total fees. The fees required to be received in equity and paid in equity were as follows:

Christine H. H. Camp received 2,100 shares having a fair market value of \$24.5547 per share, a total of \$51,565. Remaining fees of \$55,935 were paid to her in cash.

Earl E. Fry received 2,200 shares having a fair market value of \$24.5665 per share, a total value of \$54,046. Remaining fees of \$60,954 were paid to him in cash.

Wayne K. Kamitaki received 1,800 shares having a fair market value of \$24.5425 per share, a total value of \$44,176.

Paul J. Kosasa received 1,778 shares having a fair market value of \$25.30 per share, a total value of \$44,983. Remaining fees of \$45,017 were paid to him in cash.

Duane K. Kurisu received 2,115 shares having a fair market value of \$24.82 per share, a total value of \$52,494. Remaining fees of \$52,506 were paid to him in cash.

Colbert M. Matsumoto received 2,100 shares having a fair market value of \$24.5836 per share, a total value of \$51,626.

Saedene K. Ota received 1,800 shares having a fair market value of \$24.6231 per share, a total value of \$44,322.

Crystal K. Rose received 2,400 shares having a fair market value of \$24.5327 per share, a total value of \$58,878. Remaining fees of \$66,122 were paid to her in cash.

This column represents the compensation John C. Dean earned as an Executive Chair and employee of the Company. He earned a base salary of \$225,000, received an annual incentive of \$75,000, and earned other (g) compensation (total of \$51,819), including \$1,512 in parking benefits, \$3,048 in group life fringe benefits, \$10,359 in 401(k) Company contributions, \$29,652 in transportation services and \$7,248 in security services.

1. John C. Dean is an employee of the Company, and therefore, his figures represent compensation as an employee.

For each of Messrs. Fry, Kosasa and Matsumoto and Ms. Camp and Ms. Rose, the 216 vested unexercised stock (b) options represent options that were granted on March 11, 2009, as their Company annual Board retainer in lieu of cash.

***Directors Deferred Compensation Plan***

The Company maintains a Directors Deferred Compensation Plan under which each non-employee director of the Company and the Bank may elect to defer all or a portion of his or her annual retainer. Under the Directors Deferred Compensation Plan, a participating director may elect from various payment alternatives, but full payout must occur no later than the tenth (10th) anniversary of separation from service. Under the Directors Deferred Compensation Plan, deferred amounts are valued based on corresponding investments in certain investment funds offered by the Bank's Trust Division which are selected by the director. No plan earnings are considered to be "above-market" or "preferential" and as a result no amounts are reported in column (f) of the Directors Compensation table on the previous page. The Directors Deferred Compensation Plan is a nonqualified deferred compensation plan under which distributions are made from the general assets of the Company under the direction and oversight of the Compensation Committee.

## COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis (“CD&A”) discusses our 2016 executive compensation program as it relates to the individuals serving as the Company’s Chief Executive Officer (“CEO”), A. Catherine Ngo, Chief Financial Officer (“CFO”), David S. Morimoto, the three (3) other most highly paid executive officers, Glenn K.C. Ching, Executive Vice President, Chief Legal Officer & Division Manager, Risk Management, Blenn A. Fujimoto, Executive Vice President, Specialized Markets and Arnold D. Martines, Executive Vice President, Commercial Markets, and one (1) former executive officer, Lance A. Mizumoto, former Chief Operating Officer, whose employment terminated during 2016. We refer to all of these executive positions as our Named Executive Officers (“NEOs”).

### *Executive Summary*

Under the oversight of our Compensation Committee of the Board of Directors (the “Committee”), our executive compensation program is designed to attract, retain and incent talented individuals to lead our organization to achieve sustained growth and strong performance for the long term. It includes base pay set at or near the market median, while considering the breadth and scope of each position, with variable incentive opportunities that meet or exceed market based on achieving or exceeding key performance objectives. The performance measures used in 2016 to determine the funding level of the Annual Incentive Compensation Plan and the vesting of performance shares under the Annual Long Term Equity Grant Program were 2016 Net Income and 2018 Return on Assets, respectively.

### *2016 Executive Compensation Highlights*

**Executive Team Realignment** Effective January 1, 2016, based on Board approval, Glenn K.C. Ching was appointed Executive Vice President, Chief Legal Officer & Division Manager, Risk Management. Effective September 1, 2016, based on Board approval, the Company implemented an executive team realignment, in which Lance A. Mizumoto was appointed Vice Chair, Chief Operating Officer, Blenn A. Fujimoto was appointed an officer of the Company and a member of the Managing Committee and Arnold D. Martines was appointed Executive Vice President, Commercial Markets.

Lance A. Mizumoto resigned from the Company on November 30, 2016.

**Strong incentive compensation with short and long term performance alignment.** In 2016, our incentive compensation goal was based on budgeted Net Income (GAAP), the same as the year prior. Two thirds (2/3) of the Long Term Equity grant is based on targeted 2018 Return on Assets (ROA), which cliff vests after attainment of the ROA target and one-third (1/3) of the Long Term Equity grant vests with time.

Type of Compensation	Earnings Opportunity	Relevant Performance Metric	2016 Outcomes
Cash	<p>Executive Incentive Pool funding is subject to attainment of 85% of Net Income goal at which the incentive pool will be funded at 50%. Maximum funding is 150% based on attainment of 110% of Net Income goal.</p>	<p>2016 Net Income compared to 2016 Budgeted Net Income</p>	<p>Pool funding based on Net Income achieved was calculated at 135% of target funding, with an additional 3% of the calculated amount added to pool funding as a result of exceeding a Customer Experience goal. Management used the discretion to give the incentive dollars earned as a result of exceeding the Customer Experience goal to increase the funding of the non-Managing Committee incentive pool. The Compensation Committee reduced the ICP awards for our CEO and Chief Credit Officer by 20%, and our CFO by 10% as a result of the management identified weakness in internal controls over financial reporting relating to determining the allowance for loan and lease losses, which is described in our Form 10-K for the year ended December 31, 2016. Payouts vary based on attainment of corporate, business plan and personal goals.</p> <p>107% of Net Income Target Achieved</p>

**We believe our CEO pay is consistent with our Solid Financial Performance.** The Company continued to realize solid growth on its balance sheet and ended the year with \$5.4 billion in assets, primarily due to a strong increase in loan balances across all lines of business. Asset quality improved with a significant reduction in non-performing assets. An increase in operating expense was offset by higher gains in net interest income and non-interest income, resulting in solid improvement in the efficiency ratio. Net income increased by 2.5%, year-over-year, and together with a strong capital position, allowed for the successful execution of a stock repurchase program. In addition quarterly cash dividends continued in 2016 with an increase to \$0.16 per share in the third quarter. Other significant milestones were achieved in the Bank’s business plan, including operational streamlining and the launch of our enterprise data warehouse, which centralized key customer data. Key factors contributing to the Company’s financial performance in 2016 included the improving economic and business conditions in the State of Hawaii, as well as a focused strategy on building and strengthening customer relationships. Significant highlights for the year ended December 31, 2016 were as follows:

Net income was \$47.0 million compared to \$45.9 million in 2015

Return On Assets was 0.90% compared to 0.92% in 2015

Efficiency ratio improved to 66.7% compared to 68.9% in 2015

Total loans and leases increased by \$313.4 million, or by 9.8%, over 2015

Total deposits increased by \$174.8 million, or by 3.9%, over 2015

Capital returned to shareholders through stock repurchases of approximately 797,000 shares, or 2.5% of common shares outstanding as of 12/31/15

Increase in quarterly cash dividend from \$0.14 to \$0.16 per share in the 3rd quarter

Non-performing assets declined by 43% to \$9.2 million at year-end 2016 compared to \$16.2 million at year-end 2015

**Emphasis on variable pay for our CEO.** A significant portion of our CEO's target compensation is comprised of variable short and long term pay. The exhibit below shows the target compensation for the President & CEO, as of January 1, 2016 compared to compensation for CEOs in the peer group at the median.

**CEO Target Pay Mix  
CPF/CPB vs. Peers**

1. Peer group data is of our Compensation Peer Group based on an analysis completed by McLagan in July 2016.
2. Fixed pay represents base salary.
3. Variable pay represents annual cash incentives and the annual Long Term Equity grant.

***Key Areas of Focus and Results for 2016.***

**Focus on the Long Term**

The long term incentive performance goal (applicable to 2/3rds of the 2016 Long Term Equity Grant) cliff vests after the attainment of 2018 targeted ROA.

**Focus on Improving Efficiencies**

We continue to focus on improving processes, upgrading systems and reducing expenses as evidenced by the continued improvement in the Efficiency Ratio.

**Focus on the Employees**

Hand in hand with customer experience is employee experience. A key area of focus is our recognition as an employer of choice as evidenced by high employee morale and pride of association.

**Focus on Shareholder Support**

99.51% approval from shareholders in our most recent Say on Pay vote for 2016.

(vote submitted annually)

**Focus on the Customer**

Our customer experience program has continued to progress and remained a major focus for 2016. We strive to strengthen our customer service culture and make customer experience a competitive advantage.

## *Compensation Governance*

The Company's executive compensation program is supported by strong corporate governance and Board oversight. The Committee meets on a regular basis and routinely meets in executive sessions without management present.

### **Executive Compensation Governance and Practices**

#### **Oversight and Governance**

**Independent Oversight of Executive Compensation.** The Board Compensation Committee (comprised of independent directors) oversees and makes recommendations to the Board of Directors on compensation matters as it relates to all NEO's. The Committee also evaluates and recommends to the Board, appropriate policies and decisions relative to executive officer compensation and benefits, including oversight design and administration of executive compensation programs and the Company's compensation policies, practices, and incentive plans for non-executives. It also oversees preparation of executive compensation disclosures for inclusion in our Proxy Statement.

**Independent Board Members.** Subject to the recommendation of the Board Compensation Committee, all of the independent directors of the Board review and approve the compensation for the President & CEO.

**Independent Compensation Consultant.** The Committee has retained McLagan, an Aon Hewitt company, an independent executive compensation consulting firm for the financial services industry, to provide advice and recommendations on Board and executive compensation matters under the oversight and responsibilities as defined by the Compensation Committee Charter. The Committee in its sole discretion selects the consultant, approves their fees and defines their scope of responsibilities.

**Independent Legal Advisor.** The Committee retains an independent legal advisor, Manatt Phelps & Phillips, LLP, to ensure executive compensation decisions comply with all legal and regulatory requirements.

**Active Committee engagement.** In 2016, the Committee held six (6) meetings to discuss compensation matters.

#### **Alignment with**

#### **Shareholder Interests**

**Equity Ownership Guidelines.** Our NEOs and Board members are subject to robust equity ownership guidelines, which require our President & CEO to retain and hold four (4) times annual base salary in value of shares and our Directors to receive a minimum of fifty percent (50%) of their fees in equity.

#### **Compensation Management & Risk Mitigation**

**Compensation Risk Management.** Committee oversight includes evaluating and monitoring the Company's compensation programs, policies, and practices, which could have a material adverse effect on the risk profile of the overall Company. The Committee conducts at least semi-annual

reviews with the Committee appointed senior risk officer to confirm that all incentive and bonus compensation plans, structures and arrangements, including those for NEOs, do not have a reasonable likelihood to encourage excessive and unnecessary risk taking and do not pose a threat to the overall value of the Company and annual reviews with the independent compensation consultant and independent legal advisor. The overall finding from these reviews is that the Company does not believe its plans, policies and practices individually or in their entirety encourage unnecessary or excessive risks that were reasonably likely to have a material adverse effect on the Company or threaten the overall value of the Company.

**Incentive Plan Risk Management.** Our Annual Cash Incentive Plan is subject to threshold performance at which the incentive pool is funded at 50% of target funding level. At maximum performance, the incentive pool is capped at 150% of target funding level.

**Long Term Equity Grant Risk Management.** Cliff vesting applies to the performance share portion of the annual Long Term Equity Grant, which comprises 2/3rds of the total grant. The award is capped at 150% of target grant.

**No Hedging.** Pursuant to our Company Stock Trading Policy, executive officers and Board members are not permitted to engage in transactions that hedge their investments in Company equity.

## Executive Compensation Governance and Practices

### Executive Compensation

#### Features

**Competitive Peer Analysis.** Compensation decisions are made considering the compensation and performance data of our Compensation Peer Group. All components of executive compensation are reviewed at least annually with consultation of the Committee selected compensation consulting firm.

**No Employment Agreements.** None of the NEOs are covered under employment agreements that provide for any additional payments or benefits beyond what is generally available to all other employees if they terminate their employment for good reason, are terminated by the Company without cause, or they voluntarily resign, assuming no change-in-control occurred.

**Executive Benefits.** Our executives receive the same retirement, health and welfare and other benefits generally available to all employees. As noted in footnote (i) following the “Summary Compensation Table”, certain NEOs have received company-provided transportation services and spousal travel.

**No 280G Excise Tax Gross-ups.** Our executives are not entitled to any Section 280G excise tax gross-up payments.

**Executive Retirement Benefits.** Our executives are eligible to participate in the same 401(k) Plan as all other employees and the same Non-Qualified Deferred Compensation Plan available to a select group of management and highly compensated employees and are subject to the same eligibility requirements. Two NEOs earned a benefit under the Central Pacific Financial Corp. Defined Benefit Retirement plan prior to the plan being frozen on December 31, 2002. Benefits under this plan were provided to all other employees eligible to participate in the plan prior to it being frozen.

One NEO is eligible to receive a fully vested nonqualified retirement benefit under a Supplemental Executive Retirement Plan (SERP) Agreement effective July 1, 2005.

### *Executive Compensation Philosophy and Objectives*

The central principle of our compensation philosophy is that executive compensation should align with shareholders’ interests, without encouraging excessive and unnecessary risk that could threaten the overall value of the Company. The executive compensation program is designed to:

**Drive performance relative to our strategic plan** and goals, including financial performance.

**Balance the risk of short-term operational objectives** with the need to build long-term sustainable value.

**Align executives' long-term interests with those of shareholders** by placing a portion of total compensation at risk, contingent on the Company's performance, without encouraging unnecessary and excessive risks that threaten the overall value of the Company.

**Attract and retain highly qualified executives** to achieve our goals and to maintain an executive management group that can provide success and stability in leadership.

Deliver compensation effectively, **providing value to the executive** in an appropriately risk-controlled and cost-efficient manner.

**Allow flexibility** in responding to changing laws, accounting standards, and business needs, as well as the constraints and dynamic conditions in the markets in which we do business.

Be supported by **strong corporate governance**, including oversight by the Company's Board.

Our compensation program has multiple pay components, including a fixed annual base salary, variable annual cash incentive pay, fixed and variable annual long-term equity grants, and other benefits. We believe that over the long term, a combination of pay components is essential to drive executives to achieve strategic operating and financial goals. There is no set formula to determine the mix of the various pay components and the use of the components may change from year to year based on the Company's circumstances, market conditions, and competitive market for executive talent. We discuss each of the pay components and the role they play in our overall compensation structure, in the "Compensation Framework" section.

### *Say-on-Pay*

The Company is required to hold a separate non-binding shareholder vote to approve the compensation of its NEO's, as disclosed pursuant to the compensation disclosure rules of the SEC. This proposal, commonly known as a "Say-On-Pay" proposal, permits shareholders to endorse or not endorse the Company's executive compensation program. Because the shareholders' vote is advisory, it is not binding on the Board. However, when setting compensation and in determining compensation policies, the Committee took into account the results of the April 2016 shareholder advisory vote on executive compensation and will continue to consider the outcome of this vote each year.

Our shareholders approved the compensation of our NEOs as disclosed in the Proxy Statement for the 2016 annual meeting. 99.51% of our shareholders voted in favor of the Company's executive compensation program. The Committee believes that the result of this vote is evidence that the Company's compensation policies and decisions are in the best interests of its shareholders and currently expects to apply similar principles going forward.

### *Compensation Committee Activity and Key Initiatives During 2016*

The Committee evaluates existing compensation program components on an ongoing basis to maintain the Company's competitive position to meet the goal of attracting, retaining, and motivating key executives without encouraging unnecessary and excessive risk that could pose a threat to the overall value of the Company.

**Role of Executives in Compensation Committee Deliberations.** The Committee may request that the Executive Chair and/or the President & CEO be present at Committee meetings to discuss executive compensation and evaluate the performance of both the Company and individual executives. Other executives may be requested to attend Committee meetings to provide pertinent financial, legal, or operational information. Executives in attendance may provide their insights and suggestions, but only independent Committee members may vote on decisions regarding executive compensation and other Company compensation matters for recommendation to the Board.

The President & CEO and the Executive Chair do not provide recommendations for their own compensation. The Committee may discuss compensation with them, but the Committee makes final deliberations in an executive session. Based on these deliberations, the Committee submits its recommendations to the entire group of independent members of the Board for approval. Compensation decisions for the President & CEO are based on a variety of factors including but not limited to, Company performance, regulatory restrictions and guidance, periodic market reviews, and recommendations from independent external executive compensation consultants and legal counsel. For all other executives, the Committee considers the President & CEO's proposals. For all of the NEOs, including the President & CEO, the Committee obtains and considers input from outside advisors including review of market and peer

compensation data and trends in making its recommendations to the Board.

In 2016, the Committee completed the following initiatives and actions related to executive compensation:

**Incentive Plan Review.** Reviewed and discussed the various compensation and incentive arrangements regarding their merits and to confirm they do not encourage any unnecessary and excessive risk that may threaten the value of the Company. These reviews included analysis and feedback from the designated senior risk officer (“SRO”), our SVP, Director of Enterprise Risk Management & Internal Audit & Credit Review, as well as, consultation and perspective from Human Resources, Finance, Compliance, Corporate Legal, Credit and Risk, outside legal counsel and executive compensation consultants, where appropriate.

**Executive Appointments & Compensation Actions.** In connection with our planned executive realignment in September 2016, the Committee retained McLagan to review executive compensation. Details on compensation actions taken by the Board are reflected in the “2016 Executive Compensation” section.

#### **Executive Incentive Plan Actions**

Approved the 2015 Annual Incentive Compensation Plan payments for Managing Committee members, including NEOs, based on the achievement of corporate, business plan and personal goals.

Reviewed the 2015 performance of the former Chairman & CEO and determined an overall performance score used to determine his Annual Incentive Plan payment.

Approved the 2016 Long Term Equity grant plan design for Managing Committee members, including NEOs.

Approved the 2016 Annual Incentive Compensation Plan performance goals, which aligned with the Board approved 2016 Business Plan.

Approved the 2017 Long Term Equity grant plan design for Managing Committee members, including NEOs. Two-thirds of the grant cliff vests after the third year, based on attainment of a future three-year average ROA target. Performance equity opportunity is capped at 150% of target. The remaining one-third vests ratably with time over three years.

### **Board and Committee Performance and Compensation Actions**

Reviewed results of the 2015 Compensation Committee Self-Assessment.

Approved changes in Board compensation equity requirements.

### **Other Committee Actions**

Reviewed the independence of McLagan and its consultants.

Received a 2016 regulatory update from McLagan.

Approved an update to the Compensation Peer Group.

Updated and approved the Stock Ownership guidelines to align with new executive appointments.

Reviewed executive and director stock ownership levels as related to the Stock Ownership Guidelines.

Reviewed and approved executive restructure, including reporting structure, compensation changes and one-time equity grants for new appointments.

### ***Pay Level and Benchmarking***

Benchmarking is an important part of our executive compensation review process. It includes an external review against peer companies and an internal review, based on pay equity, job scope, responsibility and experience. McLagan, an executive compensation consulting firm, is retained to provide consultation to the Committee on the Company's NEO compensation as compared to our peers.

The Committee retained McLagan in July 2016 to conduct a market analysis using our Compensation Peer Group in preparation for our executive realignment effective September 1, 2016. McLagan also was asked to report market data for all Managing Committee members. Target total compensation following the September 1, 2016 adjustments, including base pay, short-term cash incentives, long-term equity grant and other compensation for our top five executives was 35% below the market median on average compared to the Compensation Peer Group. Details on the Compensation Peer Group are provided below in the section titled "Compensation Peer Group".

Compensation was evaluated based on target cash and equity award levels including the 2017 proposed Annual Long-Term Equity Program, with equity awards allocated over the relevant performance period for each NEO. Each of the NEOs fell within an appropriate range of the market median after taking into account each NEO's unique value and contribution to the Company, individual performance, experience, internal pay equity relationships, and individual roles versus the benchmark positions.

### *Compensation Peer Group*

The Committee reviews the Compensation Peer Group's composition on an annual basis and modifies the group as necessary to ensure alignment with the Company's compensation philosophy, structure, and targeted performance levels. For the 2016 analysis of executive compensation, the Compensation Peer Group was adjusted by eliminating two banks that were no longer relevant for comparison based upon their asset size and adding five new banks that met the selection criteria. The resulting group is comprised of 23 peers, with median assets of \$5.4 billion.

When benchmarking is used to help determine the actual pay levels of each NEO, the Committee compares comparable positions in the Peer Group and also considers issues of internal pay equity, scope of responsibilities and experience.

The criteria used to select the Peer Group were as follows:

1. Publicly-traded United States banks with executive compensation reported in public filings.
2. Focus on Western banks with assets ranging between \$2.5 billion and \$8 billion plus Territorial Bancorp Inc. and Columbia Banking Systems Inc., and non-Western banks in major metropolitan areas with assets ranging between \$3 billion and \$8 billion.
3. Excludes TARP banks and Thrifts.
4. Excludes banks with currently outstanding public severe enforcement actions.

The selection criteria resulted in a group of twenty three (23) peers. The Company was positioned at the forty-sixth (46th) percentile in terms of asset size at the time of most recent comprehensive review of the Peer Group members.

The Committee approved the following Peer Group for compensation benchmarking for 2016.

*2016 Executive Compensation*

*Compensation Framework*

<b>Annual Cash Compensation</b>	<b>Component and Purpose</b>	<b>2016 Highlights</b>
	<p><b>Base Salary</b></p> <p><i>Fixed-base pay that reflects each executive’s position, individual performance, experience, and expertise. In general, our compensation structure sets base pay at approximately the 50th percentile relative to peer banks.</i></p>	<p>Certain NEOs received an adjustment to base salary due to promotions and/or changes in job responsibilities.</p>
	<p><b>Annual Cash Incentives</b></p> <p><i>Provides variable compensation based on achievement of Company, Business Plan and Personal objectives.</i></p>	<p><b><i>Funding of the 2016 Annual Cash Incentive Plan (“ICP”) Pool</i></b></p> <p>No change in funding methodology from 2015 to 2016.</p> <p>Funding of the pool is determined and approved by the Committee and is subject to Net Income performance against our annual target (budget).</p> <p>Based on the Company’s Net Income performance against target, it was calculated that the pool should be funded at 135% of target funding.</p> <p>An additional multiplier was available in the plan if the average customer experience goal was exceeded. This resulted in an additional three percent (3%) funding of the incentive pool. Management recommended and the Committee approved the additional funding be allocated to Non-Managing committee employees.</p>
		<p><b><i>Individual ICP Awards.</i></b></p>

Individual awards are determined based on pool funding, overall corporate, business plan and personal performance.

ICP payments are prorated for three (3) NEOs due to promotions, market adjustments and/or salary changes during 2016.

Individual awards were reduced by 20% for our CEO and Chief Credit Officer, and 10% for our CFO as a result of the management identified weakness in internal controls over financial reporting relating to determining the allowance for loan and lease losses.

For 2016, incentive plan payments for NEOs ranged between 43% to 84% of base salary, (prorated for NEOs receiving base salary adjustments in 2016).

Consistent with prior years, the Committee continued to use a mix of performance-based PSUs and time-based RSUs.

#### **Performance Share Units (PSUs)**

*Provides incentives to motivate and retain executives and to reward for long term Return on Assets (ROA) performance against target.*

2/3rds of the annual grant is in PSUs that cliff vests after three years based on attainment of 2018 target ROA.

1/3rd of annual grant is in RSUs that step vests with one-third vesting each year for three years.

Messrs Ching, Fujimoto and Martines received special grants of RSUs at time of promotion. These grants step vest with time over a 5 year period.

#### **Restricted Stock Units (RSUs)**

*Provides incentives for retention and long-term creation of shareholder value over the three year period.*

**Goal tied to longer performance period.** To balance the use of Net Income, which is used to fund the annual cash incentive plan, the long term incentive equity compensation performance metric is Return on Assets, (“ROA”), in which the ROA goal is tied to target ROA for the third year in the three year vesting period. (i.e. awards granted 2016 will vest based on 2018 ROA).

Executives receive the same health, welfare and retirement benefits generally available to all other employees.

#### **Health, Welfare, Retirement Programs and Perquisites**

The company provided transportation services and spousal travel benefits for certain NEOs in 2016

### **Long Term Equity Incentive Compensation**

### **Benefits & Perks**

*Salary*

We pay our executives cash salaries intended to be competitive and consider the executive's experience, performance, responsibilities, and past and potential contribution to the Company. The objective of paying salary is to provide a base level of compensation to fairly reflect the executive's job and scope of the role performed within the Company. There is no specific weighting applied to the factors considered in setting the level of base salaries, and the Committee uses its own judgment and expertise in determining appropriate salaries within the parameters of our compensation philosophy and objectives, with the guidance and support from an independent executive compensation consultant. While there continues to be a strong focus on collaboration and teamwork, modest adjustments have been made to base salaries over time to recognize the differences in the scope of the positions and individual contributions.

In making salary decisions, the Committee also considers the positioning of projected total compensation with target-level performance incentives. Because we set incentive opportunities as a percentage of salary, changes in salary have a compound effect on total compensation. Before recommending salary changes to the Board, the Committee reviews the projected total compensation based on the proposed salaries, considering both internal and external equity, and confirms that total compensation for the CEO and other NEOs are appropriately aligned with the market.

The base salaries of all NEOs were within acceptable ranges of the peer benchmarks. The table below shows the NEOs' annual base salaries at the beginning of 2016 and any change to annual base salaries during the year, if applicable.

### ***Annual Variable Cash Compensation***

We use annual variable cash compensation to focus executives' attention on current strategic priorities to drive achievement of short-term corporate objectives and to align their interests with our shareholders. Our NEOs participate in an Annual Incentive Compensation Plan under which the Committee approved an incentive pool with funding tied to threshold achievement of eighty-five percent (85%) of budgeted Net Income. At threshold, the incentive pool is funded at fifty percent (50%); funding increases based on the level of Net Income results and is capped at one hundred fifty percent (150%). Actual opportunity for each executive is based on a percentage of base pay. If the pool funding is in excess of the collective formula amounts for NEOs, the remaining balance may be provided as a funded discretionary distribution to NEOs based on performance and/or may be used to increase the incentive opportunity available to non-NEOs.

Budgeted Net Income for 2016 was set during the 2016 budgeting process and was determined with consideration of our continued improvement and outlook in financial performance, including loan and deposit growth, credit risk profile, operational efficiencies and capital position.

In line with our 2016 customer experience initiative, we included a customer experience multiplier in the incentive pool funding calculation, which based on the Company's overall customer feedback score, could increase or decrease the final pool by ten percent (10%).

Incentive pool funding based on actual results is summarized in the table below with maximum funding capped at one hundred fifty percent (150%) of target funding.

Description	Net Income	Pool Funding %	Incentive Pool Funding
Threshold Funding @ 85% of Net Income Target	\$37,207,900	50	% \$619,515
Target Funding @ 100% of Net Income Target <sup>1</sup>	\$43,774,000	100	% \$1,239,030
Maximum Funding @ 110% of Net Income Target	\$48,151,400	150	% \$1,858,545
Actual 2016 Net Income @ 107.35% of Target Net Income	\$46,992,000	135	% \$1,672,691
Customer Experience Goal Multiplier <sup>2</sup>		3	% \$50,181
Approved Incentive Pool Funding		135	% \$1,672,691

Target incentive pool funding is based on target incentive opportunity as a percentage of base pay for all participants in the Executive Annual Incentive Compensation Plan, including individual participants beyond the NEOs.

<sup>2</sup> Management recommended and the Committee approved the transfer of the Customer Experience multiplier funding to the incentive pool for non-Managing Committee employees.

The pool funding percentage is calculated using the following interpolation table:

% of Net Income Target	Pool Funding
85% to 89%	50% to 70%

90%	to	99%	75%	to	98%
100%			100%		
101%	to	110%	105%	to	150%

Performance goals are focused on a common set of corporate and business plan goals aligned with the board approved budget, annual business plan, and a variety of personal performance goals, focused on financial results, leadership and development.

A summary of the incentive opportunities and goal weightings is as follows:

Executive	Target Incentive Opportunity as a % of Base Salary	Annual Performance Goal Categories				
	Effective Date	Corporate	Business Plan	Personal		
	1/1/2016	Goal Weighting				
A. Catherine Ngo	65 %	70%	15 %	15 %

Glenn K. C. Ching	30 %	50%	40 %	10 %		
Blenn A. Fujimoto	30 %	30%	35 %	35 %		
Arnold D. Martines <sup>1</sup>	25 %	30%	35 %	35 %		
Lance A. Mizumoto <sup>2</sup>	55 %	60%	20 %	20 %		

1. The change in the incentive opportunity for Arnold D. Martines is a result of his promotion effective September 1, 2016.

2. Lance A. Mizumoto resigned on November 30, 2016.

Achievement of performance goals is based on a five point rating scale as follows:

e. Change in annual incentive opportunity commensurate with the adjustments noted in column “c” above.

f. Total incentive target opportunity prorated for NEO’s receiving base pay and/or incentive opportunity changes during 2016.

g. Total target incentive opportunity based on achieving 107% of net income goal. Award opportunity calculated at 135% of target (column “f”)

l. The plan allows for a discretionary adjustment as recommended by management and approved by the Compensation Committee.

Calculated award amounts are rounded to the nearest \$10,000

Blenn A. Fujimoto and Arnold D. Martines received an upward adjustment of \$10,000 and \$30,000 respectively, as a result of expanded responsibilities received due to the departure of the Chief Operating Officer.

Final award for A. Catherine Ngo was reduced by 20% and for David S. Morimoto by 10% as a result of the management identified weakness in internal controls over financial reporting relating to determining the allowance for loan and lease losses.

*Long-Term Incentives*

We use long-term incentives (“LTIs”) to encourage ownership, foster retention, and align executives’ interests with the long-term interests of shareholders.

In 2016, the Committee recommended to the Board and the Board approved a long-term equity grant with both performance and time features. The incentive opportunity for each NEO as well as the plan design was developed in consultation with compensation consultants, McLagan. The amount of equity received by each NEO was determined as a percentage of base salary as follows:

Name	2016 Equity Opportunity as a % of Base Pay	
A. Catherine Ngo	75	%
David S. Morimoto <sup>1</sup>	40	%
Glenn K.C. Ching	35	%
Blenn A. Fujimoto	35	%
Arnold D. Martines <sup>1</sup>	30	%
Lance A. Mizumoto	65	%

Effective September 1, 2016, the Compensation Committee approved an increase in equity grant opportunity for 1. both David S. Morimoto and Arnold D. Martines to 50% and 35% respectively. These changes were made to further recognize David S. Morimoto for his role as Chief Financial Officer and for the promotion of Arnold D. Martines.

On February 16, 2016, the NEOs received long-term equity grants of PSUs and RSUs under the 2013 Stock Compensation Plan, with the PSUs subject to performance vesting and the RSUs subject to time vesting. For each performance vested portion, the performance criteria was based on 2018 target return on assets (ROA) of 0.90%, which upon attainment, shares will cliff-vest on February 15, 2019, with the number of shares then to be issued based upon the level of attainment of 2018 ROA. The 2018 target ROA goal was established in light of future interest rate expectations and the resulting impact on the Company’s forecasted net interest margin.

The performance criteria and target goal for the 2016 LTI Plan are described below.

With respect to one-third (1/3) of the grant, vesting is time-based, wherein the grant vests in equal installments over a three-year period.

With respect to the PSUs comprising two-thirds (2/3) of the grant, vesting of shares is subject to attainment of 90% (threshold) of Board approved 2018 target ROA of 0.90%. If the threshold is not achieved, all PSUs will be forfeited. If the threshold is achieved, the actual number of shares earned will be based on the level of ROA achievement, with a stretch opportunity capped at 150% of target.

The number of RSUs and PSUs granted on February 16, 2016 to NEOs is provided in the Grants of Plan-Based Awards table.

In 2016, the Committee also recommended to the Board long-term equity grants for NEO promotions and executive realignments. The opportunity for each impacted NEO, as well as the plan design, was developed in consultation with compensation consultants, McLagan. The NEOs who received a grant due to promotion or executive realignment are as follows:

Commensurate with Glenn K.C. Ching's promotion to Executive Vice President, Chief Legal Officer & Division Manager, Risk Management on January 1, 2016, the Board approved a grant of RSUs, valued at \$125,000, to Mr. Ching. The grant vests in equal installments over a five-year period. On February 16, 2016, 6,154 RSUs (valued at \$124,988 based on the closing share price of \$20.31) were granted to Mr. Ching.

Commensurate with Blenn A. Fujimoto's appointment to the Managing Committee on September 1, 2016, the Board approved a grant of RSUs, valued at \$100,000, to Mr. Fujimoto. The grant vests in equal installments over a five-year period. On November 15, 2016, 3,350 RSUs (valued at \$99,998 based on the closing share price of \$29.85) were granted to Mr. Fujimoto.

Commensurate with Arnold D. Martines' promotion to Executive Vice President, Commercial Markets on September 1, 2016, the Board approved a grant of RSUs, valued at \$100,000, to Mr. Martines. The grant vests in equal installments over a five-year period. On November 15, 2016, 3,350 RSUs (valued at \$99,998 based on the closing share price of \$29.85) were granted to Mr. Martines.

### ***Other Compensation***

NEOs are provided the same level of benefits as all other employees. As such, they are eligible to participate in the Company 401(k) Retirement Savings Plan which provides for a Company match, as well as standard health, life and disability policies. In addition NEOs receive certain perquisites such as transportation services and spousal travel benefits. The total amounts of these items are reflected in the “All Other Compensation” column of the Summary Compensation Table. The Committee believes that these items enhance the effectiveness of our key executives and are consistent with industry practices in comparable banking companies. The Committee regularly reviews the benefits and perquisites we provide.

### ***Adjustment or Recovery of Awards***

Our long-term incentive plan currently permits us to cancel or terminate outstanding awards for any reason (which would include misstated or restated financial results). In addition, Section 304 of the Sarbanes-Oxley Act mandates the recovery of incentive awards that would not have otherwise have been paid in the event we are required to restate our financial statements due to noncompliance with any financial reporting requirements as a result of misconduct. In that case, the CEO and CFO must reimburse us for (1) any bonus or other incentive or equity-based compensation received during the twelve (12) months following the first public issuance of the non-complying document, and (2) any profits realized from the sale of our securities during those twelve (12) months. Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the “Dodd-Frank Act”) requires the Securities and Exchange Commission to direct national securities exchanges to prohibit the listing of any security that fails to adopt a compliant clawback policy for any current or former executive officer if the company is required to file a financial restatement as a result of material noncompliance with applicable securities laws. This clawback applies to incentive-based compensation during the 3-year period preceding the date on which the issuer is required to prepare an accounting restatement, based on the erroneous data, in excess of what would have been paid to the executive officer under the accounting restatement. The NYSE has proposed but has not yet finalized rules implementing Section 954 of the Dodd-Frank Act.

### ***Timing of Equity Grants***

On October 25, 2006, we adopted guidelines regarding the equity grant process and related controls. The guidelines, which were reviewed and readopted (with minor changes) on May 20, 2011, are to help ensure that all equity grants are reported and disclosed correctly and accurately, are properly accounted for, and receive proper tax treatment. The grant guidelines are designed to avoid making regular grants during a regularly scheduled Company blackout period, to avoid having the timing of grant dates be affected by material nonpublic information, and to confirm the use of no less than the closing price of our stock on the grant date. Grants take place on the fifteenth (15<sup>th</sup>) day of February, May, August and November or the next available trading day if the fifteenth falls on a holiday or weekend.

**Stock Ownership Guidelines**

On May 31, 2012, the Board reinstated stock ownership guidelines applicable to all Board members and executive officers of the Company and Bank. The purpose of the guidelines is to define ownership expectations for these individuals to more closely align with our shareholders.

The following is a summary of the Stock Ownership Guidelines:

<b>Position</b>	<b>Multiple of Base Pay or # of Shares</b>	<b>Timeframe to Achieve Multiple</b>
Executive Chair and Non-Employee Directors	25,000 Shares	5 years
		5 years
President & CEO	50% of the after-tax net amount of shares granted and vested after May 1, 2012 until such time as the amount of ownership has a market value of 4 times annual base salary	<i>Should the multiple not be achieved within the stated timeframe, 100% of the net, after-tax shares vested after the end of the timeframe, must be held until the multiple is achieved.</i>
		5 years
Executive Vice President	50% of the after-tax net amount of shares granted and vested after May 1, 2012 until such time as the amount of ownership has a market value of 1 ½ times annual base salary	<i>Should the multiple not be achieved within the stated timeframe, 100% of the net, after-tax shares vested after the end of the timeframe, must be held until the multiple is achieved.</i>

### ***Employment Agreements***

None of the current NEOs has an employment agreement with the Company and each is employed on an “at will” basis.

### ***Change-In-Control Agreement***

None of our NEOs has a Change-In-Control agreement. All NEOs hold unvested options or restricted stock units granted under the Company’s 2004 Stock Compensation Plan or the 2013 Stock Compensation Plan. Recent awards under these plans provide for accelerated vesting upon a change-in-control only in the event that employment also terminates in connection with the change-in-control. See the “Potential Payments Upon Change-in-Control” section later in this document.

### ***Tax and Accounting Considerations***

We consider tax and accounting implications in designing our compensation programs. For example, in selecting long-term incentive compensation elements, the Committee reviews the projected expense amounts and expense timing associated with alternative types of awards. Under current accounting rules (i.e., Financial Accounting Standard ASC Topic 718), we must expense the grant-date fair value of share-based grants such as restricted stock, restricted stock units, performance shares, and SARs settled in our stock. The grant-date fair value is amortized and expensed over the service period or vesting period of the grant. In contrast, awards that are not share-based (e.g., phantom stock) are expensed based on a value that may fluctuate widely over the vesting period and is not fixed at grant date. In selecting appropriate incentive devices, the Committee reviews extensive modeling analyses and considers the related tax and accounting issues. Section 162(m) of the Internal Revenue Code generally places a limit on the tax deduction for non-performance based compensation in excess of \$1 million paid to the chief executive officer and the other three most highly compensated executive officers (excluding the chief financial officer) in a taxable year. The Committee has retained the flexibility, however, to pay compensation including incentive compensation, that would not be considered performance based for purposes of Section 162(m) of the Internal Revenue Code, and as a result may not be deductible by us for income tax purposes because the Committee believes that doing so permits it to take into consideration factors that are consistent with the best interests of our shareholders.

### ***Conclusion***

The Committee and the Board believe that it is important to provide market-based compensation that will attract and retain highly talented executives with the appropriate competencies and skills necessary for the Company’s continued success. Such compensation would include the full range of compensation components, including incentive awards

that vary with financial performance, based on achieving our strategic plan and goals without encouraging excessive and unnecessary risk that could threaten the overall value of the Company. Equally important is the need to maintain shareholder confidence and to comply with regulatory executive compensation restrictions and guidance by developing appropriate compensation structures.

Therefore, the Committee evaluates our compensation program and its related components on an ongoing basis. Adjustments are made to the compensation structure as appropriate to maintain the Company's competitive position for executive talent, consistent with our compensation philosophy and objectives, and within the parameters of regulatory restrictions and guidance. The Committee intends this Compensation Discussion and Analysis to provide full, transparent disclosure of what we believe to be a thoughtfully designed compensation structure which focuses on the achievement of short-term objectives, and affirms the philosophy for driving long-term shareholder value.

Relationships that members of the Committee have had and/or maintain with the Company are described in the "Corporate Governance and Board Matters-Director Independence and Relationships" section.

## **EXECUTIVE COMPENSATION**

The table below summarizes the total compensation earned by each of the NEOs for the fiscal year ended December 31, 2016, 2015 and 2014 to the extent such executives served as NEOs during such periods. The material terms of compensation of the NEOs are discussed above in the "Compensation and Discussion Analysis".

(c) For year 2016, this column represents actual salary earned at year-end 2016.

(e) For year 2016, this column represents the value of PSUs and RSUs granted on February 16, 2016, at the closing share price of \$20.31. With respect to PSUs, which were two-thirds (66.67%) of the grant, vesting is subject to

attainment of a threshold of 90% of Board approved 2018 target return on assets (ROA). If threshold is not achieved, all PSUs will be forfeited. If threshold is achieved, PSUs will cliff vest on February 15, 2019. Actual PSUs earned will be based on 2018 ROA results, with a stretch opportunity capped at 150% of target. The PSUs granted in 2016 were valued based on the probability that 2018 ROA will be achieved at 100% of 2018 target ROA. Based on the closing price of \$20.31 at the time of grant, the value of the PSUs (66.67% of the total) that the NEOs are eligible to receive at the maximum performance level is as follows: A. Catherine Ngo - \$299,979, David S. Morimoto - \$95,985, Glenn K.C. Ching - \$80,489, Blenn A. Fujimoto - \$80,489, Arnold D. Martines - \$54,553. With respect to the remaining one-third (33.33%) portion of the grant, vesting is time-based, whereby shares vest equally over a three-year period.

Lance A. Mizumoto resigned on November 30, 2016, prior to vesting of his February 16, 2016 PSU and RSU grant of a total of 10,721 shares (equivalent in value to \$217,744, based on the closing share price of \$20.31 at time of grant), and such PSU and RSU grants were therefore forfeited.

Commensurate with Glenn K.C. Ching's appointment to Executive Vice President, Chief Legal Officer & Division Manager, Risk Management in January 2016, this column also includes the value of RSUs granted to Mr. Ching on February 16, 2016. Based on the closing share price of \$20.31 at the time of grant, the value of RSUs granted was \$124,988. Vesting of shares is time-based, in equal annual installments over a five-year period.

Commensurate with the executive realignment in September 2016, for Messrs. Fujimoto and Martines, this column also includes the value of RSUs granted on November 15, 2016. Based on the closing share price of \$29.85 at the time of grant, the value of RSUs granted were as follows: Blenn A. Fujimoto - \$99,998 and Arnold D. Martines - \$99,998. Vesting of shares is time-based, in equal annual installments over a five-year period.

(g) For year 2016, this column represents a Board-approved annual cash incentive for the NEOs, based on corporate, business plan and personal performance results.

Due to Lance A. Mizumoto's resignation on November 30, 2016, he did not receive a cash incentive for 2016.

(h) David S. Morimoto and Blenn A. Fujimoto have an accrued benefit under the Central Pacific Financial Corp. Defined Benefit Retirement Plan which was earned prior to the plan being frozen on December 31, 2002. For 2015, nothing is reported in the Summary Compensation Table for Mr. Morimoto, as there was a decrease of \$3,091 in the actuarial present value of his benefit between December 31, 2014 and December 31, 2015. Between December 31, 2015 and December 31, 2016, the benefit value increased by \$4,473 for Mr. Morimoto and \$2,669 for Mr. Fujimoto. Also included in this column for Mr. Fujimoto, is the change in value to his Supplemental Executive Retirement Plan (SERP) agreement, which increased by \$817 between December 31, 2015 and December 31, 2016.

(i) This column represents other compensation earned by the NEOs, including, but not limited to, 401(k) Company contributions, transportation services, travel, and service awards, as detailed below, for each NEO during 2015. The

table below further details “All Other Compensation” reported in the Summary Compensation Table.

#### **NON-QUALIFIED DEFERRED COMPENSATION**

On July 1, 2008, the Company implemented a non-qualified deferred compensation plan that allows employees (including the NEOs) with an annual base salary of \$120,000 or greater to defer up to 80% of base pay and/or 100% of annual bonuses and commissions earned for a specified year on a pre-tax basis. The plan does not feature any matching or other contributions from the Company. David S. Morimoto elected to defer 8% of his 2016 base salary, equivalent in value to \$19,900; and Blenn A. Fujimoto elected to defer 50% of his 2015 annual incentive (paid in 2016), equivalent in value to \$50,000, under the Central Pacific Bank Deferred Compensation Plan in 2016.

A participant is always 100% vested in his or her deferred amounts. Deferred amounts under the Central Pacific Bank Deferred Compensation Plan are subject to adjustment for increase or decrease in value based on hypothetical investment measurement funds in one or more of the available measurement funds chosen by the participant. The

participant's deferred amounts are generally payable beginning on the earliest to occur of (a) a specified time chosen by the participant, (b) the participant's death, (c) the participant's disability, (d) a separation from service (either at the time of separation or six (6) months after the separation in the case of a key employee), or (e) an "unforeseeable emergency." For distributions due to a disability or upon a separation from service due to retirement, the participant may choose to receive deferred amounts as a lump-sum payment or in annual installments over a period not to exceed fifteen (15) years. Distributions for all other events are made in the form of a lump sum.

The Bank's obligations with respect to the deferred amounts under the Central Pacific Bank Deferred Compensation Plan are payable from its general assets. The assets are at all times subject to the claims of the Company's general creditors.

Set forth below is information regarding the amounts deferred by or for the benefit of the NEOs in 2016.

The funding of the Annual Incentive Compensation Plan requires a minimum level of overall Company performance before any individual incentive award can be made. The incentive pool is funded upon achieving a minimum of 85% of budgeted Net Income. At threshold, the incentive pool is funded at fifty percent (50%); thereafter, funding increases based on the level of Net Income results and capped at one hundred fifty percent (150%). In addition, in 2016 we included a customer experience multiplier to the incentive pool calculation, which based on the Company's overall customer feedback score, could increase or decrease the final pool by plus or minus ten percent (10%).

In January 2017, the Committee approved the payment of cash incentives to NEOs. The Company achieved 107% of the performance Net Income target which equated to incentive pool funding at 135% of target. Individual target incentives are based on a percentage of salary. Actual award payouts are reflected under "(e)", "Target" and were calculated based on corporate, business plan, and personal performance results.

Lance A. Mizumoto resigned on November 30, 2016 and received no cash incentive for 2016.

2. On February 16, 2016, the NEOs received a Board approved grant, with the following features:

One-third (33.33%) of the grant - RSUs vest based on time equally over a three-year period.

Two-thirds (66.67%) of the grant - PSUs vest based on attainment of Board approved 2018 target ROA of 0.90% (target). If 90% of target (threshold) is not achieved, all shares will be forfeited. If threshold is achieved, the actual number of shares earned will be based on the level of ROA achievement, with a stretch opportunity capped at 150% of target shares.

Due to Lance A. Mizumoto's resignation on November 30, 2016, all RSUs and PSUs granted on February 16, 2016 (total 10,721) were forfeited.

Commensurate with Glenn K.C. Ching's appointment to Executive Vice President, Chief Legal Officer & Division 3. Manager, Risk Management, on January 1, 2016, Mr. Ching received a Board approved grant of RSUs. The award vests in equal annual installments over a five year period on February 15 of each year.

Commensurate with the executive realignment in September 2016, on November 15, 2016 Messrs. Fujimoto and 4. Martines, received a Board approved grant of RSUs. The award vests in equal annual installments over a five year period on November 15 of each year.

## PENSION BENEFITS

The Central Pacific Financial Corp. Defined Benefit Retirement Plan (the "Retirement Plan") provides retirement benefits for eligible employees based on the employee's years of credited service and their highest average annual salaries in a 60 consecutive month period of service. The Company froze the Retirement Plan on December 31, 2002 and the benefits under the plan were completely frozen and not subject to increase for any additional years of service or increase in average annual salary. David S. Morimoto and Blenn A. Fujimoto are participants in the Retirement Plan.

On July 1, 2005, the Company entered into a Supplemental Executive Retirement Plan ("SERP") agreement with Blenn A. Fujimoto. The SERP was provided in order to retain and promote executive loyalty, diligence, and performance, and support the executive's economic security during retirement. Mr. Fujimoto's SERP benefit was subject to a vesting schedule over a ten (10) year period beginning on July 1, 2005, with relatively low vesting increments initially to encourage retention.

As a result of his transfer to Central Pacific HomeLoans on May 1, 2010, Mr. Fujimoto's SERP benefit was frozen and he no longer continued to accrue benefits under the plan. Mr. Fujimoto was credited with ten (10) years of service under the plan, which equals the number of years he was actually employed at the Company at that time. For vesting purposes, Mr. Fujimoto was credited with 10 years of service and is fully vested in the SERP benefit.

The SERP provides for a benefit equal to an annuity payable for life starting at age 65. After twenty (20) years of service, the plan provides a retirement benefit of 65% of the final three-year average of salary and bonus, reduced by other company-funded retirement benefits. Mr. Fujimoto has elected to receive his benefits in equal monthly installments over a period of 10 years. The annuity amount on which the SERP benefit is based is equal to 65% of final average compensation, defined as the average base salary plus annual bonuses paid during the three years prior to termination, adjusted for years of service, not to exceed 75% of final average compensation and reduced by the actuarial equivalent of 50% of the monthly benefit under the Social Security Act and any other retirement benefits provided by the Company.

A summary of benefits under the Retirement Plan for David S. Morimoto and Blenn A. Fujimoto; and benefits under the SERP Agreement for Blenn A. Fujimoto, are listed below:

#### **POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL**

The narrative and tables below summarize the estimated amounts payable to each NEO under various termination scenarios, assuming they had occurred on December 31, 2016. The Company does not currently maintain employment agreements with any of the NEOs that provide for termination-related compensation. In addition, none of the NEOs employed as of December 31, 2016 were eligible to receive any payments at, following, or in connection with any termination or change-in-control of the Company beyond those available generally to all salaried employees.

#### ***Payments Upon Termination for Good Reason, Termination without Cause, or Resignation***

None of the NEOs are covered under employment agreements that provide for any additional payments or benefits beyond those generally available to other employees if they terminate their employment for good reason, are terminated by the Company without cause, or they voluntarily resign, assuming a change-in-control has not occurred.

Lance Mizumoto resigned from the Company effective November 30, 2016 and did not receive any compensation related to his termination. Upon his resignation, Mr. Mizumoto forfeited all unvested equity.

#### ***Potential Payments Upon a Change-in-Control***

As of December 31, 2016, each of the NEOs held unvested options or restricted stock units (“RSUs”), granted under the Company’s 2004 Stock Compensation Plan or the 2013 Stock Compensation Plan. However, for awards granted under the 2013 Stock Compensation Plan for the NEOs, if a change-in-control occurs, the vesting on all outstanding equity awards will only accelerate for an NEO whose employment terminates in connection with the change-in-control.

The table below shows the amounts to which each NEO would be entitled upon a change-in-control as of December 31, 2016 assuming: 1) a change-in-control occurs without an associated termination of employment and 2) employment terminates in connection with a change-in-control. These values represent amounts beyond what each NEO would receive upon voluntary termination as of December 31, 2016.

*Accelerated Vesting of Equity Awards<sup>1</sup>*

	Change-in-Control	Change-in-Control with Associated Termination
A. Catherine Ngo	—	1,516,815
David S. Morimoto	—	442,335
Glenn K.C. Ching	—	473,196
Blenn A. Fujimoto	—	636,794
Arnold D. Martines	—	316,693

Each of the NEOs held unvested equity as of December 31, 2016. The values shown reflect the intrinsic value of 1. accelerated stock options and restricted stock units based on the Company’s closing stock price on December 31, 2016 of \$31.42 per share.

*Payments Upon Termination for Cause*

If the Company terminates any NEO's employment for cause, it will not make any payments or provide any benefits beyond what is generally available to other employees in this termination scenario.

*Payments Upon Death or Disability*

Upon death or disability, each officer (or the officer's estate) will receive benefits under the Company's disability plan or payments under the life insurance plan, as appropriate. These benefits are generally available to all employees of the Company. Aside from these payments, upon death or disability as of December 31, 2016, none of the NEOs would receive accelerated vesting of outstanding equity or any additional payments above what they would otherwise be entitled to receive upon voluntary termination.

## **DISCUSSION OF PROPOSALS RECOMMENDED BY THE BOARD OF DIRECTORS**

### **PROPOSAL 1 ELECTION OF DIRECTORS**

The Board recommends the election of the ten (10) nominees listed below as directors, to serve a one-year term expiring at the 2018 Annual Meeting of Shareholders and until their respective successors are elected and qualified or until their earlier death, resignation, retirement, disqualification, or removal from office.

Christine H. H. Camp  
John C. Dean  
Earl E. Fry  
Wayne K. Kamitaki  
Paul J. Kosasa  
Duane K. Kurisu  
Colbert M. Matsumoto  
A. Catherine Ngo  
Saedene K. Ota  
Crystal K. Rose

For more information regarding the background of each of the nominees for director, see the sections titled “ELECTION OF DIRECTORS” and “DIRECTORS’ AND EXECUTIVE OFFICERS’ INFORMATION.” The persons named as “proxy” in the voting instructions or form of proxy provided with these materials will vote the shares represented by all validly returned proxies in accordance with the specifications of the shareholders returning such proxies. If at the time of the Meeting any of the nominees named above should be unable to serve, the discretionary authority provided in the proxy will be exercised to vote for such substitute nominee or nominees, if any, as shall be designated by the Board.

The election of directors requires a plurality of the votes cast “FOR” the election of the directors by the shares entitled to vote in the election at a meeting at which a quorum is present. Accordingly, the ten (10) directorships to be filled at the meeting will be filled by the ten (10) nominees receiving the highest number of “FOR” votes.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” ALL TEN (10) NOMINEES.**

**PROPOSAL 2:  
ADVISORY (NON-BINDING) VOTE TO APPROVE EXECUTIVE COMPENSATION**

The Company is required to submit to shareholders a separate non-binding shareholder vote to approve the compensation of NEO's, as disclosed pursuant to the compensation disclosure rules of the SEC (which disclosure includes the Compensation Discussion and Analysis, the compensation tables and any related material).

This proposal, commonly known as a "Say-On-Pay" proposal permits shareholders to endorse or not endorse the Company's executive compensation program through the following resolution:

"Resolved, that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion is hereby APPROVED."

Because the shareholders' vote is advisory, it will not be binding on the Board. However, the Compensation Committee will take into account the outcome of the vote when considering future executive compensation arrangements.

Currently the Say-On-Pay vote, as determined by the Board following a shareholder advisory vote at the 2011 Annual Meeting of Shareholders, is to be held annually. The Board has resubmitted an annual recommendation for the Say-On-Pay vote as set forth in Proposal 3. The next scheduled Say-On-Pay vote after the Meeting will occur at the 2018 Annual Meeting of Shareholders.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THIS PROPOSAL**

**PROPOSAL 3:  
ADVISORY (NON-BINDING) VOTE ON THE FREQUENCY OF THE ADVISORY  
VOTE ON EXECUTIVE COMPENSATION**

At the meeting, the shareholders will vote on a non-binding, advisory proposal regarding the frequency of the advisory shareholder vote on executive compensation discussed in Proposal 2 in this proxy statement. Shareholders will have the opportunity to cast an advisory vote on whether the shareholder vote on executive compensation should occur every one, two or three years. Shareholders may also abstain from voting on the matter.

Because your vote is advisory, it will not be binding upon the Company or the Board. However, the Board will take into account the outcome of the vote when considering the frequency of the advisory shareholder vote on executive compensation. Your advisory vote will not be construed (i) as overruling a decision by the Company or the Board, (ii) to create or imply any change to the fiduciary duties of the Company or the Board, (iii) to create or imply any additional fiduciary duties for the Company or the Board, or (iv) to restrict or limit the ability of shareholders to make proposals for inclusion in proxy materials related to executive compensation.

The Board believes that a non-binding shareholder vote on executive compensation should occur every year because it provides the highest level of accountability and communication by enabling the non-binding shareholder vote to approve the compensation of our named executive officers to correspond with the most recent executive compensation information presented in our proxy statement for our annual meetings of shareholders. Accordingly, the Board recommends voting for an advisory shareholder vote on executive compensation every year.

We emphasize, however, that you are not voting to approve or disapprove the Board's recommendation. Instead, your proxy card provides you with four options regarding this non-binding, advisory proposal. You may cast an advisory vote for the shareholder vote on executive compensation to occur every one, two or three years, or you may abstain from voting on the matter.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR AN ANNUAL ADVISORY VOTE  
ON EXECUTIVE COMPENSATION**

**PROPOSAL 4:  
RATIFICATION OF THE APPOINTMENT OF INDEPENDENT  
REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee has appointed KPMG LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2017. KPMG LLP audited the Company's financial statements for the fiscal year ended December 31, 2016, and has audited the Company's financial statements since the Company's inception in 1982. Representatives of KPMG LLP are expected to attend the Meeting. The representatives are expected to be available to respond to appropriate questions and will have an opportunity to make a statement, if they desire to do so.

The Company is asking its shareholders to ratify the selection of KPMG LLP as its independent registered public accounting firm (as it has done in prior years) because it believes it is a matter of good corporate practice. If the Company's shareholders do not ratify the selection, the Audit Committee will reconsider whether to retain KPMG LLP, but may still retain them. Even if the selection is ratified, the Audit Committee, in its discretion, may change the appointment at any time during the year if it determines that such a change would be in the best interests of the Company and its shareholders.

**Services Rendered by and Fees Paid to Independent Registered Public Accounting Firm.** The following sections describe the services rendered by KPMG LLP to the Company, and fees paid by the Company to KPMG LLP for such services, for the fiscal years ended December 31, 2015 and December 31, 2016. KPMG LLP acted as the independent registered public accounting firm for the Company for the fiscal years ended December 31, 2015 and December 31, 2016 and performed the Company's audit services in fiscal years 2015 and 2016.

**Audit Fees.** The audit fees include only fees that are customary under generally accepted auditing standards as established by the Auditing Standards Board (United States) and in accordance with the auditing standards of the Public Company Accounting Oversight Board (United States) and are the aggregate fees the Company incurred for professional services rendered for the audit of the Company's annual financial statements, the audit of internal controls over financial reporting, reviews of the financial statements included in the Company's Quarterly Reports on Form 10-Q, and regulatory and statutory engagements related to the aforementioned statements. Audit fees were \$1,267,000 for the fiscal year ended December 31, 2015, and \$1,169,000 for the fiscal year ended December 31, 2016, respectively.

**Audit-Related Fees.** Audit-related fees include fees for assurance and related services that are related to the performance of the audit of the financial statements, but are not reported under audit fees. These services include audits of the Company's retirement plans, internal audit quality assurance reviews and audits of financial statements and internal controls for the mortgage banking activities. Audit-related fees were \$126,000 for the fiscal year ended December 31, 2015, and \$173,000 for the fiscal year ended December 31, 2016, respectively.

**Tax Fees.** Tax fees include only fees the Company incurred for professional services rendered for preparation of the Company's tax return, tax filings, and tax consulting. Tax fees were \$193,000 for the fiscal year ended December 31, 2015, and \$42,000 for the fiscal year ended December 31, 2016, respectively. Tax fees decreased in the fiscal year ended December 31, 2016 due to the Company utilizing a different public accounting firm for the preparation of the Company's tax return.

**All Other Fees.** All other fees include the fees billed for services rendered by KPMG LLP other than those services covered above. For the fiscal years ended December 31, 2015 and December 31, 2016, there were no other fees billed.

The Audit Committee of the Board established a policy in 2003 to pre-approve all services provided by KPMG LLP. Each service to be provided by KPMG LLP is presented for pre-approval at the Audit Committee's regular meeting or presented to the Chair of the Audit Committee for pre-approval under delegated authority and presented to the Audit Committee at their next regular meeting. All engagements with KPMG LLP that commenced during 2004 and since then have been pre-approved in accordance with the pre-approval policy.

The Audit Committee considered whether the provision of audit-related services, tax services, and all other services is compatible with maintaining the independence of KPMG LLP.

The Board has submitted its appointment of KPMG LLP for ratification by the Company's shareholders. The affirmative vote of the holders of at least a majority of the shares of Common Stock represented and entitled to vote at the Meeting will be required for passage of this proposal.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THIS PROPOSAL.**

## PROPOSALS OF SHAREHOLDERS

Shareholder proposals intended to be considered for inclusion in the Company's Proxy Statement and voted on at the Company's regularly scheduled 2018 Annual Meeting of Shareholders must be received at the Company's offices at 220 South King Street, Honolulu, Hawaii 96813, Attention: Corporate Secretary, by no later than one hundred twenty (120) calendar days before the first anniversary date of the release of this Proxy Statement, (i.e. by no later than November 10, 2017) pursuant to Rule 14a-8 of the Securities Exchange Act of 1934, as amended. Applicable SEC rules and regulations govern the submission of shareholder proposals and the Company's consideration of them for inclusion in next year's proxy statement and form of proxy. For any proposal that is not submitted for inclusion in next year's proxy statement (as described above), but is instead sought to be presented directly at next year's annual meeting, SEC rules permit management to vote proxies in its discretion if (a) the Company receives notice of the proposal before the close of business on January 24, 2018 and advises shareholders in next year's proxy statement about the nature of the matter and how management intends to vote on the matter, or (b) does not receive notice of the proposal prior to the close of business on January 24, 2018.

The Company's Bylaws contain procedures that shareholders must follow to present business at a meeting of shareholders if such business is not specified in the Proxy Statement. A shareholder may obtain a copy of these procedures from the Company's Corporate Secretary. In addition to other applicable requirements, for business to be properly brought before the 2018 Annual Meeting of Shareholders, a shareholder must give notice of the matter to be presented at the Meeting in a proper written form to the Company's Corporate Secretary. The Corporate Secretary must receive this written notice at the principal offices of the Company not less than ninety (90) calendar days nor more than one hundred twenty (120) calendar days prior to the anniversary date of the preceding year's annual meeting (April 28, 2018). Shareholder proposals not made in accordance with these requirements may be disregarded by the chairperson of the Meeting.

## **OTHER BUSINESS**

The Board knows of no other business that will be presented for consideration at the Meeting other than as stated in the Notice of Meeting. If, however, other matters are properly brought before the Meeting, it is the intention of the persons named in the form of proxy to vote the shares represented thereby on such matters in accordance with the recommendation of the Board or, if no recommendation is given, in their own discretion.
