Free Writing Prospectus Filed Pursuant to Rule 433 Dated December 8, 2016 Registration Statement No. 333-210880 Relating to Prospectus Dated July 1, 2016 FREE WRITING PROSPECTUS CIM Commercial Trust Corporation Investor Presentation Q3 2016 CIM Commercial Trust Corporation (the "Company") has filed a registration statement (including a prospectus and prospectus supplements) with the Securities and Exchange Commission ("SEC") for the offering to which this communication relates. Before you invest, you should read the prospectus and the prospectus supplements related to that registration statement and other documents the Company has filed with the SEC for more complete information about the Company and this offering. You may get these documents for free by visiting EDGAR on the SEC's website at www.sec.gov, the Company's website at <http://investors.cimcommercial.com/index.cfm> or by contacting Evolv Capital at 844-EVO-ALTS or info@evoalts.com.

IMPORTANT DISCLOSURES **FORWARD-LOOKING STATEMENTS** The information set forth herein contains "forward-looking statements." You can identify these statements by the fact that they do not relate strictly to historical or current facts or they discuss the business and affairs of CIM Commercial

Edgar Filing: CIM Commercial Trust Corp - Form FWP

Trust Corporation ("CIM Commercial" or "CMCT") on a prospective basis. Further, statements that include words such as "may," "will," "project," "might," "expect," "believe," "anticipate," "intend," "could," "would," "estimate," "continue," "pursue," or "should" or the negative or other words or expressions of similar meaning, may identify forward-looking statements. CIM Commercial bases these forward-looking statements on particular assumptions that it has made in light of its experience, as well as its perception of expected future developments and other factors that it believes are appropriate under the circumstances.

The forward-looking statements are necessarily estimates reflecting the judgment of CIM Commercial and involve a number of risks and uncertainties that could cause actual results to differ materially from those suggested by the forward-looking statements. These forward-looking statements are subject to risks, uncertainties and other factors, including those set forth in CIM Commercial's Annual Report on Form 10-K for the fiscal year ended December 31, 2015.

As you read and consider the information herein, you are cautioned to not place undue reliance on these forward-looking statements. These statements are not guarantees of performance or results and speak only as of the date hereof. These forward-looking statements involve risks, uncertainties and assumptions. In light of these risks and uncertainties, there can be no assurance that the results and events contemplated by the forward-looking statements contained herein will in fact transpire. New factors emerge from time to time, and it is not possible for CIM Commercial to predict all of them. Nor can CIM Commercial assess the impact of each such factor or the extent to which any factor, or combination of factors may cause results to differ materially from those contained in any forward-looking statement. CIM Commercial undertakes no obligation to publicly update or release any revisions to these forward-looking statements to reflect events or circumstances after the date hereof or to reflect the occurrence of unanticipated events, except as required by law. 2

Thriving Urban Areas Improving demographics Broad public support for CIM's investment approach Evidence of private investment from other institutional investors Underserved niches in the community's real estate infrastructure Potential to invest a minimum of \$100 million of opportunistic equity within five years CIM believes that its community qualification process provides it with a significant competitive advantage when making urban real estate investments. Since 1994, CIM has qualified 103 communities in high barrier-to-entry sub-markets and has invested in 61 of the communities. The qualification process generally takes between 6 months and 5 years and is a critical component of CIM's investment evaluation. CIM examines the characteristics of a market to determine whether the district justifies the extensive efforts CIM undertakes in reviewing and making potential investments in its Qualified Communities. The communities are located in both primary and secondary urban centers, which can encompass (1) transitional urban districts and growth markets adjacent to Central Business Districts ("CBDs") and/or (2) well-established, thriving urban areas including major CBDs.

FUNDS FROM OPERATIONS Q9 CIM COMMERCIAL We believe that FFO is a widely recognized and appropriate measure of the performance of a REIT and that it is frequently used by securities analysts, investors and other interested parties in the evaluation of REITs, many of which present FFO when

Edgar Filing: CIM Commercial Trust Corp - Form FWP

reporting their results. FFO represents net income (loss), computed in accordance with GAAP, excluding gains (or losses) from sales of real estate, real estate depreciation and amortization, and adjustments for non-controlling interests. We calculate FFO in accordance with the standards established by the National Association of Real Estate Investment Trusts ("NAREIT"). Like any metric, FFO should not be used as the only measure of our performance because it excludes depreciation and amortization and captures neither the changes in the value of our real estate properties that result from use or market conditions nor the level of capital expenditures and leasing commissions necessary to maintain the operating performance of our properties, all of which have real economic effect and could materially impact our operating results. Other REITs may not calculate FFO in accordance with the standards established by the NAREIT; accordingly, our FFO may not be comparable to those other REITs' FFO. Therefore, FFO should be considered only as a supplement to net income as a measure of our performance and should not be used as a supplement to or substitute measure for cash flow from operating activities computed in accordance with GAAP. FFO should not be used as a measure of our liquidity, nor is it indicative of funds available to fund our cash needs, including our ability to pay dividends. FFO for the year-to-date period may differ from the sum of quarterly FFO amounts due to the method of computing FFO in the respective periods. In addition, the per share adjustments to net income attributable to stockholders per share are calculated independently for each adjustment and may not be additive due to rounding.

05/08/2022 Junior Subordinated Notes 27,070 LIBOR + 3.25% 03/30/2035 OTHER 412,070 TOTAL DEBT 945,627\$ Q Excludes \$38.2 million of
secured borrowings-government guaranteed loans, which represent sold loans which are treated as secured borrowings because the loan sales did not meet the
derecognition criteria provided for in ASC 860-30, Secured Borrowing and Collateral. ² Excludes premiums, discounts and debt issuance costs. ³ At
September 30, 2016, the interest rates applicable to the components of CIM Commercial's Unsecured Credit Facility were based on LIBOR plus an applicable
spread determined by CIM Commercial's maximum leverage ratio, as defined. In June 2016, all outstanding borrowings under the Unsecured Credit Facility
were repaid. At September 30, 2016, \$0 was outstanding under the credit facility and \$200 million was available for future borrowings, as we permanently
reduced the revolving credit commitment under the credit facility to \$200 million. ⁴ The credit facility was set to mature in September 2016 and prior to
maturity, we exercised the first of two one year extension options through September 2017. ⁵ The Unsecured Term Loan Facility ranks pari passu with CIM
Commercial's Unsecured Credit Facility; covenants under the Unsecured Term Loan Facility are substantially the same as those in the Unsecured Credit
Facility. At September 30, 2016, the interest rate was based on LIBOR plus an applicable spread determined by CIM Commercial's maximum leverage ratio, as
defined in the credit agreement. With some exceptions, any prepayment of the Unsecured Term Loan Facility prior to May 2017 will be subject to a
prepayment fee up to 2% of the outstanding principal amount. ⁶ The interest rate of the loan has been effectively converted to a fixed rate of 3.16% until May 8,
2020 through interest rate swaps. CIM COMMERCIAL

NET OPERATING INCOME RECONCILIATIONS 22 CIM Commercial internally evaluates the operating performance and financial results of its segments based on segment net operating income which is defined as rental and other property income and expense reimbursements less property related

Edgar Filing: CIM Commercial Trust Corp - Form FWP

expenses, and excludes non-property income and expenses, interest expense, depreciation and amortization, corporate related general and administrative expenses, gain (loss) on sale of real estate, transaction costs and provision for income taxes. We also evaluate the operating performance and financial results of our operating segments using cash basis NOI. We define cash basis NOI as segment NOI adjusted to exclude the effect of the straight lining of rents, acquired above/below market lease amortization, and other adjustments required by GAAP. Segment NOI and cash basis NOI are not a measure of operating results or cash flows from operating activities as measured by GAAP and should not be considered an alternative to income from continuing operations, or to cash flows as a measure of liquidity, or as an indication of our performance or of our ability to pay dividends. All companies may not calculate segment NOI or cash basis NOI in the same manner. We consider segment NOI and cash basis NOI to be useful performance measures to investors and management because, when compared across periods, they reflect the revenues and expenses directly associated with owning and operating our properties and the impact to operations from trends in occupancy rates, rental rates, and operating costs, providing a perspective not immediately apparent from income from continuing operations.

Additionally, we believe that cash basis NOI is helpful to investors because it eliminates straight line rent and other non-cash adjustments to revenue and expenses. Below and on the next page is a reconciliation of our cash basis Net Operating Income ("cash NOI") to segment net operating income and net income for the nine months ended September 30, 2016 and 2015 and the twelve months ended December 31, 2015.

IMPORTANT DISCLOSURES Assets and Equity Under Management Assets Under Management (“AUM”), or Gross AUM, represents (i)(a) for real assets, the aggregate total gross assets (GAV) at fair value, including the shares of such assets owned by joint venture partners and co-investments, of all of CIM’s

Edgar Filing: CIM Commercial Trust Corp - Form FWP

advised accounts (each an “Account” and collectively, the “Accounts”) or (b) for operating companies, the aggregate GAV less debt, including the shares of such assets owned by joint venture partners and co-investments, of all of the Accounts (not in duplication of the assets described in (i)(a)), plus (ii) the aggregate unfunded commitments of the Accounts, as of September 30, 2016 (“Report Date”). The GAV is calculated in accordance with U.S. generally accepted accounting principles on a fair value basis (the “Book Value”) and generally represents the investment’s third-party appraised value as of the Report Date, or as of December 31, 2015 plus capital expenditures through the Report Date, as adjusted further by the result of any partial realizations and quarterly valuation adjustments based upon management’s estimate of fair value, in each case through the Report Date other than as described below with respect to CIM REIT. The only investment currently held by CIM REIT consists of shares in CIM Commercial Trust Corporation, a publicly traded company; the Book Value of CIM REIT is determined by assuming the underlying assets of CMCT are liquidated based upon management’s estimate of fair value. CIM does not presently view the price of CMCT’s publicly-traded shares to be a meaningful indication of the fair value of the CIM REIT’s interest in CMCT due to the fact that the publicly-traded shares of CMCT represent less than 3% of the outstanding shares of CMCT and are thinly-traded. Equity Under Management (“EUM”), or Net AUM, represents (i) the aggregate NAV of the Accounts (as described below), plus (ii) the aggregate unfunded commitments of the Accounts. The NAV of each Account is based upon the aggregate amounts that would be distributable (prior to incentive fee allocations) to such Account assuming a “hypothetical liquidation” of the Account on the date of determination, assuming that: (x) investments are sold at their Book Value (as defined above); (y) debts are paid and other assets are collected; and (z) appropriate adjustments and/or allocations between equity investors are made in accordance with applicable documents, in each case as determined in accordance with applicable accounting guidance. Net Asset Value We have established an estimated NAV per share of Common Stock of \$23.20. The determination of estimated NAV involves a number of subjective assumptions, estimates and judgments that may not be accurate or complete. Further, different firms using different property-specific, general real estate, capital markets, economic and other assumptions, estimates and judgments could derive an estimated NAV that could be significantly different from our estimated NAV. Additionally, our estimated NAV does not give effect to changes in value, investment activities, capital activities, indebtedness levels, and other various activities occurring after December 31, 2015 that would have an impact on our estimated NAV (other than the tender offer as described in CIM Commercial’s S-11/A filed with the Securities and Exchange Commission on September 21, 2016). 24
