2017 Proxy Statement

ABOUT THE PROXY STATEMENT

Questions and Answers

What is the purpose of the Annual Meeting?

At the Annual Meeting, our stockholders will be asked to consider and act upon the following matters:

Election of Ira S. Kaplan and Dr. Yacov A. Shamash to serve as members of the Company's Board of Directors for terms expiring at the Company's first annual meeting following the end of its 2020 fiscal year;

An advisory vote on the compensation of Named Executive Officers as disclosed in this Proxy Statement;

An advisory vote on the frequency of future advisory votes on the compensation of Named Executive Officers;

Ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the 2018 fiscal year;

Approval of an increase in the number of shares of Common Stock available under our 2000 Plan and related actions; and

Such other business as may properly come before the Annual Meeting or any adjournment or postponement thereof.

Who may attend the Annual Meeting?

Only Stockholders of the Company and its invited guests may attend the Annual Meeting. Proof of ownership of Comtech Common Stock, along with personal identification (such as a driver's license or passport), must be presented in order to be admitted to the Annual Meeting.

If your shares are held in the name of a bank, broker or other holder of record and you plan to attend the Annual Meeting in person, you must bring a brokerage statement or other proof of ownership as of the close of business on October 24, 2017 to be admitted to the Annual Meeting. Please note that a street-name stockholder who wishes to vote in person at the Annual Meeting will need to provide a legal proxy from its bank, broker or other holder of record.

Who is entitled to vote at the Annual Meeting?

Only stockholders of record at the close of business on October 24, 2017, the record date for the Annual Meeting, are entitled to receive notice of and vote at the Annual Meeting. If you hold your shares through a bank, broker or other nominee and intend to vote in person at the Annual Meeting, you will need to provide a legal proxy from your bank, broker or other holder of record.

What are the voting rights of stockholders?

Each share of our Common Stock is entitled to one vote. There is no cumulative voting.

When are the proxy materials first being sent or given to stockholders?

The Notice of the Annual Meeting, Proxy Statement and form of proxy or voting instruction card are being mailed starting on or about November 16, 2017.

2017 Proxy Statement 1

ABOUT THE PROXY STATEMENT

How do stockholders vote?

Stockholders may vote at the Annual Meeting in person or by proxy. Whether or not you plan to attend the Annual Meeting in person, we urge you to vote by doing one of the following:

Vote by Mail: You can vote your shares by mail by completing, signing, dating and returning your proxy card in the postage-paid envelope provided.

Vote by Telephone: You can also vote your shares by calling the number (toll-free in the United States and Canada) indicated on your proxy card at any time and following the recorded instructions.

Vote via the Internet: You can vote your shares via the Internet by going to the website address for Internet voting indicated on your proxy card and following the steps outlined on the secure website.

If you are a beneficial owner, or you hold your shares in “street name,” please follow the instructions provided by your bank, broker or other holder of record with respect to voting your shares.

If a stockholder gives a proxy, how are the shares voted?

Proxies received by us will be voted at the Annual Meeting in accordance with the instructions given by you on the proxy card that you return or by telephone or Internet.

If you sign and return your proxy card, but do not give voting instructions, your shares will be voted by the persons named as proxies on your proxy card on each matter in accordance with the recommendation of the Board of Directors or, if no recommendation is made by the Board of Directors, in the discretion of the proxies. The proxies named on the proxy card are Fred Kornberg, Chairman, Chief Executive Officer (“CEO”) and President of Comtech and Michael D. Porcelain, Senior Vice President and Chief Financial Officer (“CFO”) of Comtech.

Under the rules that govern brokers and nominees who have record ownership of shares that are held in “street name” for account holders (who are the beneficial owners of the shares), brokers and nominees have the discretion to vote such shares on routine matters, but not on other matters. At the Annual Meeting, only the ratification of the appointment of Deloitte & Touche LLP as the Company’s independent registered public accounting firm for fiscal 2018 (Proposal No. 4) is a matter considered routine under applicable rules. Accordingly, brokers and nominees will not have discretionary authority to vote on the following matters at the Fiscal 2017 Annual Meeting of Stockholders:

- ☐ The election of members to our Board of Directors;
- ☐ The advisory vote on the compensation of Named Executive Officers as disclosed in this Proxy Statement;
- ☐ The advisory vote on the frequency of future advisory votes on the compensation of Named Executive Officers; and
- ☐ The proposed amendment to our 2000 Plan and related items.

If a broker or nominee has not received voting instructions from an account holder and does not have discretionary authority to vote shares on a particular item, a “broker non-vote” occurs.

ABOUT THE PROXY STATEMENT

It is possible that matters other than those described in this Proxy Statement may be brought before stockholders at the Annual Meeting. If we were not aware of the matter a reasonable time before the mailing of this Proxy Statement, the proxies will vote your shares on the matter as recommended by the Board of Directors or, if no recommendation is given, the proxies will vote your shares in their discretion. In any event, the proxies will comply with the rules of the Securities and Exchange Commission ("SEC") when acting on your behalf on a discretionary basis. At the date of this Proxy Statement, we had not received any notice regarding any other matter to come before the Annual Meeting.

How are proxies changed or revoked?

You may change any vote by proxy or revoke a proxy before it is exercised by filing with the Secretary of Comtech a notice of revocation, by submitting a duly executed later-dated proxy by mail, telephone or via the Internet, or by attending the Annual Meeting and voting in person by ballot. If you hold shares through a bank or brokerage firm, you must contact that bank or brokerage firm to revoke any prior voting instructions. Attendance at the Annual Meeting will not by itself constitute revocation of a proxy.

What should I do if I receive more than one proxy card?

If you hold your shares in multiple accounts or registrations, or in both registered and street name, you will receive a proxy card for each account. Please execute and return each proxy card or, if you choose to vote by telephone or by Internet, please vote using each proxy you receive. Only your latest dated proxy for each account will be voted.

How many shares are outstanding and what constitutes a quorum?

At the close of business on October 24, 2017, the record date for the Annual Meeting, 23,617,448 shares of Common Stock were outstanding. Stockholders entitled to vote at least a majority of the shares that all stockholders are entitled to vote must be present at the Annual Meeting in person or by proxy to constitute a quorum for the transaction of business. "Abstentions" and broker non-votes count for purposes of determining whether a quorum is present.

What vote is required to approve each item?

Election of Two Directors. The election of the two director nominees will require the affirmative vote of a majority of the shares voted in person or by proxy.

Approval (on an advisory basis) of the Compensation of the Named Executive Officers. In order to be approved on an advisory basis, this proposal must receive the affirmative vote of a majority of the shares voted in person or by proxy.

Selection of the Frequency of Future Executive Compensation Advisory Votes. Since Proposal No. 3 is an advisory vote with multiple choices, the provisions of our By-Laws regarding the vote required to "approve" a proposal are not applicable to this matter. Abstentions and broker non-votes will not be counted as expressing any preference. We will consider the frequency that receives the highest number of votes cast by stockholders to be the frequency that has been selected by stockholders. However, because this vote is advisory and non-binding on us or our Board in any way, our Board may decide that it is in our and our stockholders' best interests to hold an advisory vote on executive compensation more or less frequently than the option selected by our stockholders.

Ratification of Selection of Accounting Firm. The ratification of the selection of Deloitte & Touche LLP as our independent registered public accounting firm for fiscal 2018 will require the affirmative vote of a majority of the shares voted in person or by proxy.

2017 Proxy Statement 3

ABOUT THE PROXY STATEMENT

Approval of our Amended 2000 Stock Incentive Plan and Related Items. The approval of our amended 2000 Plan and related items will require the affirmative vote of a majority of the shares voted in person or by proxy on the proposal.

Other Matters. Approval of any other matter that comes before the Fiscal 2017 Annual Meeting of Stockholders generally will require the affirmative vote of a majority of the shares voted in person or by proxy although a different number of affirmative votes may be required, depending on the nature of such matter.

How do abstentions and broker non-votes affect the outcome of a vote?

Abstentions and broker non-votes with respect to any matter for which the vote required is a majority of the shares voted in person or by proxy on the proposal (i.e., the election of two directors, the advisory vote on executive compensation, the ratification of Deloitte & Touche LLP and the approval of the amended 2000 Plan) will not affect the outcome of such vote because abstentions and broker non-votes are not considered to be votes cast under our By-Laws or under the laws of the State of Delaware (our state of incorporation). Abstentions and broker non-votes will be considered shares present for purposes of quorum.

What does our Board of Directors recommend?

The Board of Directors unanimously recommends that you vote by proxy as follows:

• Proposal No. 1 - FOR the election of the two nominees proposed by the Company for election as directors;

• Proposal No. 2 - FOR the proposal to approve (on an advisory basis) the compensation of Named Executive Officers as disclosed in this Proxy Statement;

• Proposal No. 3 - ONE YEAR for the proposal (on an advisory basis) regarding the frequency of executive compensation advisory votes;

• Proposal No. 4 - FOR the ratification of the selection of Deloitte & Touche LLP as our independent registered public accounting firm for fiscal 2018; and

• Proposal No. 5 - FOR the approval of an increase in the number of shares of Common Stock available under our 2000 Plan and related actions.

Other Business and Information

We have enclosed our Annual Report for fiscal 2017 together with this Proxy Statement. No material contained in the Annual Report is to be considered a part of the proxy solicitation material.

The Board of Directors does not know of any other matters to be presented at the Fiscal 2017 Annual Meeting of Stockholders. If other matters do come before the Fiscal 2017 Annual Meeting of Stockholders, the persons acting pursuant to the proxy will vote on them in their discretion.

Proxies may be solicited by mail, email, fax, telephone, telegram, and personally by directors, officers and other employees of Comtech who will not receive incremental pay as a result of any potential solicitation. The Company has also engaged Innisfree M&A Incorporated (“Innisfree”) to assist it in connection with soliciting proxies and has agreed to pay Innisfree a fee not to exceed \$15,000, plus reimbursement of expenses. The Company has agreed to

indemnify Innisfree against certain liabilities relating to or arising out of the engagement.

2017 Proxy Statement 4

ABOUT THE PROXY STATEMENT

The Company will request banks, brokers and other custodians, nominees and fiduciaries to forward proxy soliciting material to beneficial owners of shares held of record by such persons and obtain their voting instructions. The Company will reimburse such persons at approved rates for their expenses in connection with the foregoing activities.

The cost of soliciting proxies will be borne by Comtech.

A complete list of stockholders entitled to vote at the Fiscal 2017 Annual Meeting of Stockholders will be available for inspection beginning November 25, 2017 at the Company's headquarters located at 68 South Service Road, Suite 230, Melville, New York 11747.

Our Internet website is www.comtechtel.com, and we make available on our website our filings with the SEC including annual reports, quarterly reports, current reports and any amendments to those filings. We also use our website to disseminate other material information to our investors (on the Home Page and in the "Investor Relations" section). Among other things, we post on our website our press releases and information about our public conference calls (including the scheduled dates, times and the methods by which investors and others can listen to those calls), and we make available for replay webcasts of those calls and other presentations.

We use social media and the Internet to communicate with investors, including information about our stockholder meetings. Information and updates about our Fiscal 2017 Annual Meeting have been and will continue to be posted on our website at www.comtechtel.com in the "Investor Relations" section. The reference to our website address does not constitute incorporation by reference of any other information contained therein into this Proxy Statement.

The Fiscal 2017 Annual Meeting of Stockholders may be adjourned from time to time without notice other than by announcement at the Annual Meeting.

We have previously adopted a procedure approved by the SEC called "householding." Under this procedure, unless we have received contrary instructions from a stockholder, we satisfy the delivery requirements for proxy materials with respect to two or more stockholders sharing the same address by delivering a single proxy statement and annual report to the address of those stockholders. Each stockholder who participates in householding will continue to receive a separate proxy card. This procedure reduces our printing costs and postage fees. If you wish to participate in householding for future Annual Meetings or are currently participating in householding and wish to receive separate copies of the proxy materials for the Fiscal 2017 Annual Meeting of Stockholders or future Annual Meetings, then please contact the Secretary of the Company by writing to 68 South Service Road, Suite 230, Melville, New York 11747 or calling (631) 962-7000. We will promptly deliver separate copies of the proxy materials for the Fiscal 2017 Annual Meeting of Stockholders upon receiving your request.

Other Business

Our Board of Directors does not presently intend to bring any other business before the Annual Meeting, and, so far as known to our Board of Directors, no matters are to be brought before the Annual Meeting, except as specified in the Notice of Annual Meeting. As to any business that may properly come before the Annual Meeting, however, it is intended that proxies, in the form enclosed, will be voted in respect thereof in accordance with the judgment of the persons voting such proxies.

The Board's Oversight Role

Our Board of Directors oversees the management of our business, in accordance with Delaware General Corporation Law and our Certificate of Incorporation and By-Laws. Members of our Board of Directors are kept informed of our business through discussions with our CEO and other officers, by reviewing materials provided to them, and by participating in regular and special meetings of our Board of Directors and its committees. The Board and its committees also confer, as needed, with independent financial, executive compensation and other advisors. In addition, to promote open discussion among our non-employee directors, those directors meet in scheduled executive sessions without the participation of any member of management, including our CEO.

2017 Proxy Statement 12

BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

Our Governance Policies and Guidelines

Our Board of Directors has adopted Corporate Governance Policies and Guidelines. These policies and guidelines, in conjunction with the Company's Certificate of Incorporation and By-Laws, and the charters of the committees of the Board of Directors, form the framework for the governance of the Company.

The following is a summary of the key components of our Corporate Governance Policies and Guidelines (which can be found at our web site at <http://www.comtechtel.com/directors.cfm>):

• Directors should have high professional and personal ethics and values, and should have experience in areas of particular significance to the long-term creation of stockholder value.

• Directors must have sufficient time to carry out their duties and limit their service on public company boards to no more than five (inclusive of the Company).

Each member of our Board of Directors must at all times exhibit high standards of integrity and ethical behavior and adhere to our Standards of Business Conduct. We require directors as well as employees to certify in writing on an annual basis that they have read and will abide by such standards. In addition, Directors must avoid any conflict between their own interests and the interests of the Company in dealing with suppliers, customers, and other third parties, and in the conduct of their personal affairs.

• Unless requested by the Board of Directors to remain, an employee director is expected to resign from the Board of Directors at the time employment terminates.

• The Board of Directors shall hold executive sessions of independent directors as necessary, but at least once a year.

The Board of Directors shall regularly consider succession plans addressing the potential resignation or unavailability of our CEO, and shall regularly consider and discuss with our CEO his plans addressing the potential resignation or unavailability of the executive officers reporting to our CEO. These plans are discussed by the Board of Directors at least annually.

• Directors are encouraged to talk directly to any member of management regarding any questions or concerns the directors may have. Members of senior management, as appropriate, can attend Board meetings, if invited.

The Board of Directors and each committee of the Board have the authority to retain and discharge independent advisors as the Board of Directors and any such committee deems necessary, including the sole authority to approve the advisors' fees.

• The Board of Directors and each committee conducts a self-evaluation annually. The Nominating and Governance Committee oversees each such annual self-evaluation.

• Non-employee directors are required to hold an equity ownership interest in Company stock with a market value of at least six times their respective annual cash retainer. Our CEO is required to hold an equity ownership interest in Company stock with a market value of at least six times his annual base salary. All other executive officers are required to hold an equity ownership interest of at least 20,000 shares or shares with a market value of at least two times their respective annual base salary, whichever is less. Until applicable equity ownership guidelines are met, non-employee directors and executive officers are required to hold any shares received from the exercise of stock options or the delivery of shares pursuant to a restricted stock-based award or similar awards issued in fiscal 2011 or

later, less the number of shares used for the payment of any related exercise price and applicable taxes.

- The Audit Committee of the Board of Directors maintains guidelines for the review, approval or ratification and disclosure of “related person transactions” as defined by SEC rules.

2017 Proxy Statement 13

BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

The Chairperson of the Nominating and Governance Committee (and if different, our Lead Independent Director) shall receive copies of stockholder communications directed to non-management directors.

Independent Directors

Our Board of Directors has a long-standing commitment to sound and effective corporate governance, the foundation of which is our Board's policy that a substantial majority of our directors should be independent. We have only one director who is an employee of the Company (our Chairman of the Board, Mr. Fred Kornberg, who is also our CEO).

Our Board of Directors has determined that each of our five other directors has no relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director, and that each otherwise meets the independence requirements of the NASDAQ Stock Market ("NASDAQ").

Executive sessions of the independent directors occur without the presence of the CEO. The Board believes that executive sessions of the independent directors and the existence of a Lead Independent Director play important roles in the governance structure of Comtech.

In fiscal 2017, the independent directors held six executive sessions. These sessions included discussion on a wide range of strategic matters.

Board Leadership Structure

The Chairman of the Board is Fred Kornberg. As CEO, Mr. Kornberg is responsible for general oversight of our businesses and the various executive management teams that are responsible for our day-to-day operations, and he is accountable directly to the full Board of Directors. As Chairman, Mr. Kornberg's in-depth knowledge of our Company's strategic priorities and operations enables him to facilitate effective communication between management and the Board and see to it that key issues and recommendations are brought to the attention of the Board. Our Board believes that, in light of our two complementary business segments, this streamlined leadership structure is currently appropriate for our Company as it enhances the ability of our business segments to operate flexibly to maximize responsiveness to our customers.

Edwin Kantor serves as our Lead Independent Director. As Lead Independent Director, Mr. Kantor presides at meetings of the Board in the absence, or upon the request, of the CEO; presides at executive sessions of the independent directors with authority to call additional executive sessions or meetings of the independent directors (and communicating with our CEO, as appropriate, concerning matters arising from such executive sessions); approves Board meeting dates and agendas, as well as certain information packages provided to directors, and in consultation with the CEO, recommends matters for the Board to consider; serves as a liaison between independent directors and the members of senior management; and evaluates, along with the members of the Executive Compensation Committee of the Board, the performance of the Company's CEO.

We believe our overall Board leadership structure allows the Board to appropriately perform its oversight functions.

BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

Risk Management, Environmental Compliance and Workplace Safety

In connection with its oversight responsibilities, the Board of Directors has established certain committees, including the Audit Committee, Nominating and Governance Committee, Executive Compensation Committee, and the Science and Technology Committee, which periodically assess the various significant risks that we face. These risks include financial, competitive, operational, compensation-related and technological risks. Any such risk oversight that is not specifically assigned to a Committee comes within the purview of the Audit Committee. The Board (and its various Committees) administers its risk oversight responsibilities through our CEO and our CFO who, together with our other NEOs and other management of the Company's operating subsidiaries, review and assess the operations of the businesses as well as management's identification, assessment and mitigation of the material risks affecting our operations. The Board (and its various Committees) also periodically engages outside advisors who help assess risk.

Given social trends and global initiatives to both monitor and reduce a company's impact on the environment and to ensure workplace safety, our Board of Directors is fully committed to a policy of compliance with all such applicable rules and regulations. To that end, our Board will periodically assess the need for the establishment of other Board level committees. We believe we have a successful track record of maintaining compliance with the various global environmental standards and initiatives that are applicable to our business segments.

Committees of the Board of Directors

Nominating and Governance

The Nominating and Governance Committee is responsible for, among other things, identifying and evaluating candidates for election as members of our Board of Directors and reviewing matters concerning corporate governance policy, including responding to any stockholder concerns about corporate governance, Board of Directors and committee self-evaluations.

In seeking and evaluating prospective members of our Board of Directors, our Nominating and Governance Committee considers the nature and scope of our business activities, and the capacity of our Board of Directors to provide oversight and positive contributions in areas of particular significance to the long-term creation of stockholder value. Areas of experience and capability that our Nominating and Governance Committee particularly believes should be represented on our Board of Directors include operational, accounting and finance, and technology experience related to our business.

The Nominating and Governance Committee identifies nominees first by evaluating the current members of the Board of Directors willing to continue in service. If any member of the Board does not wish to continue in service, or if the Nominating and Governance Committee or the Board of Directors decides not to re-nominate a member for re-election, the Nominating and Governance Committee will identify the required skills, background and experience of a new nominee, taking into account prevailing business conditions, and will source relevant candidates and present candidates to the Board of Directors. In connection with the identification of possible new directors, the Nominating and Governance Committee seeks diversity of professional experience, education, skill, gender, race, ethnic or national origin, age and other qualities and attributes as compared to the current Board members. These factors are important as a diverse Board can provide different perspectives to Board discussions and decisions.

In evaluating director candidates, the Nominating and Governance Committee generally considers the following factors:

- our needs with respect to the particular competencies and experience of our directors;

the knowledge, skills and background of candidates, in light of prevailing business conditions and the knowledge, skills, background and experience already possessed by other members of our Board of Directors;

familiarity with our business and businesses similar or analogous to ours; and

2017 Proxy Statement 15

BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

financial acumen and corporate governance experience.

Our Nominating and Governance Committee also believes that individual candidates should also demonstrate high levels of commitment, adequate availability to actively participate in our Board of Directors' affairs, and high levels of integrity and sensitivity to current business and corporate governance trends. Before recommending a candidate to our Board of Directors, all members of our Nominating and Governance Committee will participate in interviews with the candidate and our Nominating and Governance Committee will seek to arrange meetings between the candidate and other members of our Board of Directors. Candidates are typically identified by our Board of Directors, including with the assistance of a global search firm experienced in director candidate searches. Our Nominating and Governance Committee will consider individuals recommended by stockholders. A stockholder who wishes to recommend a candidate for consideration by the Nominating and Governance Committee should do so in writing addressed to the Nominating and Governance Committee Chairman at Comtech Telecommunications Corp., 68 South Service Road, Suite 230, Melville, NY 11747. Candidates recommended by stockholders will be considered according to the same standards of perceived Comtech need and potential individual contribution as are applied to candidates from other sources.

Our Board of Directors has determined that each member of our Nominating and Governance Committee meets the independence requirements of NASDAQ. Our Nominating and Governance Committee's Charter and our Corporate Governance Policy and Guidelines are available on our website at www.comtechtel.com, under the link for "Board of Directors" in the "Investor Relations" section.

During fiscal 2017, our Nominating and Governance Committee held two meetings.

Audit

Our Audit Committee functions include engaging our independent registered public accounting firm; directing, as necessary, investigations into accounting, finance and internal control matters; reviewing the plan and results of audits with our independent registered public accounting firm; overseeing our internal audit function; reviewing with management our internal accounting controls, evaluating related party transactions, engaging and discharging our independent registered public accounting firm, and approving services to be performed by such firm and related fees.

Our Board of Directors has determined that all members of our Audit Committee are qualified to be members of the Committee in accordance with NASDAQ requirements and meet the independence criteria set forth in the rules of the SEC. Our Board of Directors has determined that each of Messrs. Paul and Waldman qualifies as "audit committee financial experts," as defined by SEC rules, based on their education, background and experience.

Our Audit Committee's Charter is available on our website at www.comtechtel.com under the link for "Board of Directors" in the "Investor Relations" section. During fiscal 2017, our Audit Committee held six meetings.

Executive Compensation

Our Executive Compensation Committee (referred to throughout this proxy by name or by "ECC") of our Board of Directors considers and authorizes remuneration arrangements for our executive officers. The ECC also constitutes our Stock Option Committee which administers our stock incentive plan. The ECC determines the terms of performance-based awards for our executive officers, and negotiates the terms of any employment-related agreements with our executive officers. In addition, the ECC monitors the aggregate share usage under our stock incentive programs and potential dilution of the equity-based programs, except with respect to the application of our Company's 2000 Stock Incentive Plan to non-employee directors.

From time to time, the ECC retains executive compensation consulting firms to advise and assist it with respect to certain executive compensation matters. The ECC has utilized Arthur J. Gallagher & Co. (“Gallagher & Co.”), an independent executive compensation consulting firm to assist them on certain compensation matters. The ECC has the sole authority to set Gallagher & Co.’s compensation and/or to terminate the services of Gallagher & Co. Gallagher & Co. provides no other services to Comtech, other than those relating to executive and director compensation. The ECC has determined that Gallagher & Co. has no conflict of interest and is independent in its role as compensation consultant to the ECC.

2017 Proxy Statement 16

BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

The ECC often requests our CEO and CFO to be present at meetings where executive compensation and corporate and individual performance are discussed and evaluated by the ECC or the Board of Directors. At these meetings and at other times, these executives provide insight, suggestions and recommendations, as requested by the ECC, regarding executive compensation matters. The ECC also meets with our CEO to discuss his respective compensation package and his recommendations for other executives. Ultimately, decisions regarding compensation for our NEOs are made by the ECC.

Only ECC members are allowed to vote on decisions made regarding executive compensation, and these votes generally take place during the “executive session” portion of the ECC meetings, when members of management are not present.

Our Board of Directors has determined that each member of the ECC meets the independence requirements of NASDAQ. The ECC’s Charter is available on our website at www.comtechtel.com under the link for “Board of Directors” in the “Investor Relations” section.

The ECC held six meetings during the past fiscal year.

Science and Technology

Our Science and Technology Committee was established during fiscal 2017 to assist the Board of Directors with respect to its general oversight of significant scientific and technological aspects of the Company's businesses and operations. The Committee's functions include reviewing the Company's overall technology strategy and effectiveness of its research, development and manufacturing programs; scientific and technological aspects of new product development; receiving management reports on emerging science and technology issues that may impact the Company's overall business strategy; and reviewing the science and technology aspects of significant business development opportunities.

Our Board of Directors has determined that all members of our Science and Technology Committee are qualified to be members of the Committee based on their scientific and technological backgrounds and experience. The Committee Charter is available on our website www.comtechtel.com under the link for "Board of Directors" in the "Investor Relations" section. During fiscal 2017, our Science and Technology Committee held one meeting.

Executive

Except as limited by law, our Executive Committee has the authority to act upon all matters requiring Board of Directors approval. In practice, our Executive Committee has been tasked, when necessary, with finalizing the logistics and administrative tasks associated with decisions that have been vetted by the full Board of Directors. During fiscal 2017, the Executive Committee did not hold any meetings.

Attendance

Our Board of Directors has adopted a policy which encourages directors, if practicable and time permitting, to attend our annual meetings of stockholders, either in person, by telephone or by other similar means of live communications (including video conference or webcast). All incumbent directors, who were serving as directors at the time, attended our Fiscal 2016 Annual Meeting of Stockholders in person.

At that date, (3) Messrs. Kantor, Kaplan, Paul, Shamash, and Waldman each received 6,579 restricted stock units, each with a fair value of \$18.24. At July 31, 2017, Messrs. Kaplan, Kantor, and Waldman held 9,125 unvested restricted stock units, Mr. Paul held 1,447 unvested restricted stock units and 8,869 unvested restricted stock, and Dr. Shamash held 8,857 unvested restricted stock units.

BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

In fiscal 2017, each non-employee director received an annualized cash retainer of \$50,000. On an annualized basis non-employee directors received additional compensation as follows: (i) Mr. Paul, as the Chairman of the Nominating and Governance Committee, received an additional fee of \$7,500 and, as a member of the Audit Committee, received an additional fee of \$10,000; (ii) Mr. Kantor, as the Lead Independent Director, received an additional fee of \$30,000 and, as a member of the Executive Compensation Committee, received an additional fee of \$5,000 and, as a member of the Nominating and Governance Committee, received an additional fee of \$2,500; (iii) Mr. Kaplan, as the Chairman of the Executive Compensation Committee, received an additional fee of \$15,000 and, as a member of the Nominating and Governance Committee, received an additional fee of \$2,500 and, as a member of the Science and Technology Committee, received an additional fee of \$2,500; (iv) Mr. Waldman, as the Chairman of the Audit Committee, received an additional fee of \$25,000 and, as a member of the Executive Compensation Committee, received an additional fee of \$5,000; and (v) Dr. Shamash, as the Chairman of the Science and Technology Committee, received an additional fee of \$7,500 and, as a member of the Audit Committee, received an additional fee of \$10,000. Directors may elect to receive fully-vested stock units in lieu of cash retainer amounts. Each director serving at fiscal year-end also received an equity award, granted shortly after fiscal year-end, valued at approximately \$120,000. No meeting fees are paid. Directors are reimbursed reasonable expenses for attending meetings.

For fiscal 2018, cash fees for service as a director are currently as follows:

Director's Annual Retainer	\$50,000
Lead Independent Director Retainer	30,000
Committee Chair Fees	
Audit Committee	25,000
Executive Compensation Committee	15,000
Nominating and Governance Committee	7,500
Science and Technology Committee	7,500
Committee Member Fees	
Audit Committee	10,000
Executive Compensation Committee	5,000
Nominating and Governance Committee	2,500
Science and Technology Committee	2,500

The value of the annual equity award to each director will be determined near the end of the fiscal year. For fiscal 2017, the equity award value was \$120,000.

Restricted stock units and restricted stock granted to non-employee directors have a vesting period of three years, with 25% of such award vesting on each of the first and second anniversaries of grant, and 50% vesting on the third anniversary of grant subject to accelerated vesting upon death of the director or a change-in-control of the Company. Restricted stock units are convertible into shares of Common Stock on a one-for-one basis, generally at the time of termination of service as a director, or earlier in certain circumstances.

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Discussion and Analysis

The Executive Compensation Committee ("ECC") determines the compensation of all our executive officers. This compensation discussion and analysis ("CD&A") focuses on our Named Executive Officers ("NEOs") and should be read in conjunction with the "Summary Compensation Table" and other compensation tables in this Proxy Statement.

Overview

In recent years, the ECC has made important modifications and enhancements to our executive compensation program including: (i) establishing total direct compensation targets for each NEO, (ii) establishing annual non-equity incentive award opportunities based on targeted dollar amounts for each NEO (previously, these opportunities were calculated based on a percentage of pre-tax profit), (iii) significantly reducing the maximum annual non-equity incentive payout opportunity for all of our NEOs, (iv) introducing long-term performance shares (often referred to as performance-based restricted stock units) with challenging three-year performance goals for Adjusted EBITDA and revenue, (v) eliminating all remaining Internal Revenue Code Section 280G tax "gross-up" entitlements for our NEOs, (vi) requiring that a minimum of 70% of a given financial goal provided for in our annual non-equity incentive awards be met before any payout may be made in respect of that goal, (vii) adopting mandatory equity ownership guidelines for both NEOs and non-employee directors, (viii) issuing performance-based restricted stock units as a component of annual equity awards for our NEOs in contrast to our historical practice of solely awarding stock options, and (ix) paying significant portions of annual incentives in share units to further align the interests of executives with the interests of stockholders. In deciding on these modifications and enhancements, the ECC considered stockholder feedback, including a desire to see greater portion of compensation paid to, or earnable by, our NEOs in the form of variable compensation that is tied to our financial performance.

The ECC believes that these modifications and enhancements to our executive compensation program in recent years were appropriate and have played an important role in further incentivizing our NEOs to guide our company to success. The ECC also believes that our NEOs' skills and experience are critical and will drive long-term total stockholder returns. Since we began implementing these changes, our stockholders have in the past four years supported our say-on-pay proposals by votes that exceeded 95%, a strong endorsement of our executive compensation program.

The ECC believes that our executive compensation program is designed to produce long-term business success and is based on a pay-for-performance philosophy.

In determining financial and personal performance goals and award opportunities at the beginning of fiscal 2017, the ECC established targets intended to motivate our executive officers to achieve strong results despite difficult global business conditions that our NEOs were facing. As such, the established fiscal 2017 non-equity incentive plan performance goals were deemed challenging and, to some extent, constituting, "stretch" goals at target.

Fiscal 2017 was the first full year of operations that included TeleCommunication Systems, Inc. ("TCS"), which we acquired during fiscal 2016. By most measures, the TCS acquisition approximately doubled the size of Comtech. The combined strengths of Comtech and TCS have positioned Comtech as a leader in a number of advanced technology solution markets, with a number of new product and services offerings made possible by the merger. Comparisons of fiscal 2017 results to fiscal 2016 should be considered with an understanding that the TCS acquisition had far more impact on fiscal 2017 results than in the previous fiscal year.

COMPENSATION DISCUSSION AND ANALYSIS

Fiscal 2017 results included the following:

Revenues in fiscal 2017 increased to \$550.4 million, up from \$411.0 million in fiscal 2016;

Fiscal 2017 company-wide book-to-bill ratio (bookings divided by net sales) was 0.93;

GAAP operating income for fiscal 2017 was \$37.0 million, compared to a GAAP operating loss of \$0.6 million in fiscal 2016;

GAAP net income for fiscal 2017 was \$15.8 million, compared to net loss for fiscal 2016 of \$7.7 million;

Adjusted EBITDA (a non-GAAP measure) was \$70.7 million in fiscal 2017, up from \$48.1 million in fiscal 2016, a 47.0% increase. For a definition and explanation of how "adjusted EBITDA" is calculated from the Company's audited financial statements, see page 61 of our Fiscal 2017 Annual Report on Form 10-K, in the section entitled "Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations - Comparison of Fiscal 2017 and 2016 - Adjusted EBITDA," filed with the SEC on September 27, 2017;

GAAP diluted earnings per share ("EPS") was \$0.67 in fiscal 2017, compared to (\$0.46) in fiscal 2016;

- Cash flow from operating activities in fiscal 2017 was \$66.7 million, and aggregate principal amount of indebtedness was reduced by \$63.7 million during the year; and
- From July 31, 2016 to July 31, 2017 (our fiscal 2017), our one-year total stockholder return was approximately 42.3%. At July 31, 2017, our closing stock price was \$18.00 per share.

The ECC considered other factors in addition to our financial performance in evaluating the performance of our management team. These included, particularly, the success of the management team in integrating the TCS acquisition and the settlement of certain TCS intellectual property matters. We enter fiscal 2018 with a backlog of \$446.2 million, expanded product and service offerings and a pipeline of opportunities that give us reason to be excited about our future prospects. For a definition and explanation of how we calculate "backlog," see page 11 of our Fiscal 2017 Annual Report on Form 10-K, in the section entitled "Item 1, BUSINESS - Backlog," filed with the SEC on September 27, 2017.

We have issued guidance for fiscal 2018 targeting revenues in the range of \$550.0 to \$575.0 million, with EPS in the range of \$0.41 - \$0.44 per share.

During the first quarter of fiscal 2017, we announced that Mr. Kornberg, our Chairman of the Board, resumed his role as Chief Executive Officer and President. These changes were made at the time Dr. Stanton D. Sloane resigned as Chief Executive Officer and President. References in this Compensation Discussion and Analysis to our NEOs refer to those NEOs who served through all or most of the fiscal year, and exclude Dr. Sloane except where otherwise specifically indicated.

Our fiscal 2017 performance exceeded threshold requirements for payouts to our NEOs under our annual incentive program. Results for a number of the performance metrics, particularly non-GAAP pre-tax profit, non-GAAP adjusted EBITDA and non-GAAP free cash flow, exceeded target levels, and in some cases exceeded the maximum targeted level. This performance had a positive effect on payouts. Payouts to certain of the NEOs were also enhanced by the NEO's achievement of individual performance goals (such individual performance can contribute up to 25% of the targeted annual incentive payout).

Looking forward, the ECC believes that our executive compensation program is appropriately designed to incentivize our executives to grow our business and drive positive long-term stockholder returns, and that our senior executives are critical to the future success of our business.

2017 Proxy Statement 21

COMPENSATION DISCUSSION AND ANALYSIS

Response to Say-on-Pay Advisory Votes and Stockholder Feedback

At our fiscal 2016, 2015, 2014, and 2013 annual meetings, 96.5%, 95.4%, 98.5% and 98.8%, respectively, of the shares voted were voted in favor of our executive compensation program, noteworthy increases from the 75.8% and 68.4% favorable votes in fiscal 2012 and 2011, respectively.

The ECC believes these highly supportive votes are attributable to: (i) the comprehensive review of our executive compensation program performed by the ECC over the past several years, (ii) the ECC's response to stockholder feedback and comments of certain leading proxy advisory firms; and (iii) the changes implemented by the ECC to our executive compensation plan.

Goals and Objectives of Our Executive Compensation Program

The principal goals of our executive compensation program for our NEOs are to help us attract, motivate and retain the talent required to develop and achieve our strategic and operating goals, with a view to maximizing stockholder value.

The ECC intends for our executive compensation program to support our growth-oriented business strategy by motivating and rewarding management activities that create long-term stockholder value.

Our key executive officer compensation objectives are to:

- Attract and retain the key leadership talent required to successfully execute our business strategy;
- Align executive pay with performance, both annual and long-term;
- Ensure internal equity that reflects the relative contribution of each executive officer;
- Strongly link the interests of executives to those of our stockholders and other key constituents;
- Keep our executive compensation practices transparent; and
- Administer executive compensation in a cost-effective and tax-efficient manner.

We seek to achieve these goals by placing a major portion of the executives' total compensation at risk, in the form of annual non-equity incentive awards and long-term equity incentive awards. The ECC believes that our overall compensation program has resulted in and will continue to result in long-term alignment with our stockholders.

Annual non-equity incentives are intended to motivate and reward our NEOs' efforts and contributions to our business success, as measured by key performance metrics. Cash bonuses can be paid separately to reward other accomplishments. Stock options and long-term performance shares create compensation opportunities intended to align management's long-term interests with those of our stockholders and to promote long-term service. Such cash and stock-based compensation components have been critical factors in attracting and retaining key employees and are intended to contribute to a high level of executive commitment to our business success.

The ECC assesses the performance of our NEOs in light of business conditions and based on the efforts and effectiveness of each individual NEO as well as their collective efforts. The ECC also exercises its judgment as to the appropriate sharing between management and stockholders of the benefits of our business success. We also intend that

the levels of compensation available to executive officers be fair internally, as compared to each other, and competitive in the marketplace.

2017 Proxy Statement 22

COMPENSATION DISCUSSION AND ANALYSIS

The ECC believes our executive compensation program needs to be competitive so that we can retain our senior executive officers who have demonstrated their leadership, commitment and overall importance to our organization. These executives may be sought by other firms or may have other interests. A competitive program likewise is critical to our ability to attract new executives who share our values and commitment and who have demonstrated the abilities needed to add value to Comtech.

Determination of Compensation Opportunities for NEOs

Overview and Components of Fiscal 2017 Compensation Opportunities

The ECC has historically utilized a “pay-for-performance” policy in developing and allocating compensation elements between long-term and short-term, and allocating between cash and non-cash compensation, which has resulted in significant growth and stockholder value creation when viewed over a number of years despite difficult market conditions.

In making decisions regarding our executive officer compensation, ECC members also draw upon their general knowledge and understanding of what executive officers of other companies are earning, particularly in our industry, information that has been derived from publicly available information such as other public company SEC filings, published reports on executive compensation and the Company’s participation in benchmark studies. The ECC also has the ability to engage independent advisors and has done so in the past.

The ECC has established a policy of establishing compensation opportunities for our NEOs that we refer to as “targeted total direct compensation,” i.e. the targeted total of the compensation components identified in the “Summary Compensation Table,” but excluding items contained in “All Other Compensation,” for each NEO. The ECC expects that targeted total direct compensation for an executive will be competitive with market levels of compensation and, as illustrated in the graph below, that the mix of compensation for any given fiscal year will include a substantial portion of “at risk” and incentive-based compensation.

COMPENSATION DISCUSSION AND ANALYSIS

The following table summarizes the components of total direct compensation for fiscal 2017:

Components of Total Direct Compensation For Fiscal 2017

Annual Non-Equity Incentive Awards	Long-Term Equity Incentive Awards	Long-Term Performance Shares	
<p>These awards may be settled in cash or share units if at least 70% of financial goals and/or certain personal goals are determined to be achieved by the ECC.</p> <p>Financial goals for our Chairman and CEO, our CFO and our COO, who have company-wide responsibilities are Annual pre-tax profit, free cash flow and Base adjusted EBITDA (each, as defined, is a Salary non-GAAP financial metric). Our other + two NEOs' goals were based on pre-tax profit, free cash flow and bookings. All NEOs, other than our Chairman and CEO received five specific personal goals.</p> <p>If 70% of a financial goal is deemed not achieved, the allocated amount of non-equity incentive award for that goal would be zero.</p>	<p>Restricted Stock</p> <p>Awards vesting over five years, providing for strong retention and promoting long-term service to the Company, while aligning the interests of executives with those of shareholders.</p>	<p>These awards are payable within a range of 70% to 200% of target financial goals relating to revenues and adjusted EBITDA in the 3-year performance period are achieved.</p> <p>If 70% of a given financial goal is deemed not achieved, the allocated amount of long-term performance shares would be zero in respect of that goal.</p>	<p>Total Direct Compensation =for Fiscal 2017</p>

In establishing specific targeted total direct compensation in fiscal 2017 for each individual NEO, the ECC has not adopted a formal benchmarking policy. As discussed below, the ECC has considered prior independent studies prepared by Steven Hall & Partners ("Steven Hall"), an independent executive compensation consulting firm engaged at the time by the Committee and an update to that study prepared by Arthur J. Gallagher & Co. ("Gallagher & Co."), another independent executive compensation consulting firm. These studies provided the ECC with an understanding of the competitive range of total direct compensation for executives in comparable positions at comparably sized companies in our industry.

When determining individual components of targeted total direct compensation, each NEO's base salary is set by the ECC and the remainder of targeted total direct compensation is apportioned approximately 50% to annual non-equity incentive compensation and 50% to long-term equity incentive awards, with the long-term equity incentive award component then apportioned approximately 50% each to restricted stock and long-term performance shares, both valued at the grant date. The ECC, after discussions with our Chairman and CEO, determined final targeted total direct compensation for fiscal 2017 for each NEO as summarized in the table below:

NEO	Targeted Total Direct Compensation
Fred Kornberg (1)	\$2,860,000
Michael D. Porcelain	1,148,000
Michael Galletti	1,015,890

Richard L. Burt	1,107,000
John Branscum, Jr.	1,045,000

(1) Mr. Kornberg's employment agreement entitles him to target Total Direct Compensation of \$3,000,000 in each full fiscal year. This amount was lower in fiscal 2017 because Mr. Kornberg's employment agreement became effective after the start of fiscal 2017.

2017 Proxy Statement 24

COMPENSATION DISCUSSION AND ANALYSIS

Actual fair values of equity awards caused small variations from these targeted amounts. The targeted total direct compensation of Messrs. Kornberg, Porcelain and Branscum were unchanged from the prior fiscal year. Mr. Galletti's targeted total direct compensation amount was set upon his commencing employment in September 2016; the amount in the table above is pro-rated based on his period of service (the annualized amount would be \$1,200,000). Mr. Burt's total direct compensation shown above reflects an increase of 4.7% from the prior fiscal year, reflecting broadened operational duties during a portion of the fiscal year.

The following discusses each individual component of total direct compensation in more detail:

Annual Base Salary – Base salaries paid to our executive officers are intended to be generally competitive with those paid to executives holding comparable positions at comparably sized companies in our industry. The ECC reviews base salaries each year and, as appropriate, makes upward adjustments based on the ECC's assessment of the executive officer's individual performance, taking into consideration the operating and financial performance of our operations for which the executive is responsible. The ECC also considers the budgeted level of merit increases for all employees generally in determining salary adjustments for executive officers.

The ECC reviews public information regarding competitive levels of salary in our industry, but has not established a policy of targeting a particular benchmarked level. The ECC's determinations regarding salary reflect a degree of subjectivity and business judgment as to the performance and competitiveness of salary levels for each individual NEO's position.

For fiscal 2017, the salaries of our NEOs, other than the COO who commenced service in September 2016, were unchanged from the prior fiscal year. The annual salary rates for fiscal 2017 were as follows:

NEO	Salary
Fred Kornberg	\$760,000
Michael D. Porcelain	408,000
Michael Galletti	338,630(1)
Richard L. Burt	385,000
John Branscum, Jr.	325,000

(1) This is the pro-rated amount of an annualized salary of \$400,000

Cash Bonuses – The ECC has the ability to award cash bonuses (as defined by SEC rules and regulations and generally referring to discretionary bonuses rather than bonuses based on attaining pre-set goals) to our NEOs. Such bonuses are intended to motivate and reward achievement of corporate objectives by creating the potential to earn compensation for achieving subjective or non-specific financial and performance goals.

Cash bonuses include one-time cash awards such as sign-on bonuses to a newly hired NEO and cash bonuses to an NEO for extraordinary performance. The ECC does not routinely award annual cash bonuses to NEOs.

In fiscal 2017, none of our NEOs received cash bonuses as defined by the SEC rules.

COMPENSATION DISCUSSION AND ANALYSIS

Non-equity Incentive Plan Awards – Non-equity incentive plan compensation is intended to motivate our NEOs to achieve annual operating objectives and goals that are designed to enhance long-term stockholder value. Non-equity incentive award opportunities are based on targeted dollar amounts for each NEO and include specified target, threshold (for example, 70% of financial goals must be achieved) and maximum payout levels for each financial goal and are further subject to an aggregate non-equity incentive plan award cap, set as a multiple of annual salary.

Non-equity incentive awards are subject to the terms and conditions of our 2000 Stock Incentive Plan, are intended to qualify as “performance-based” under Section 162(m) of the Internal Revenue Code and may be settled, as determined by the ECC, in cash or share units. In certain cases, our NEOs may receive a pro-rata portion of their award, including situations such as death and disability. In certain situations, settlements of awards may require the execution of an acknowledgment and release in favor of the Company.

In fiscal 2017, non-equity incentive award performance goals for each of our NEOs as shown in the table below, were established early in the fiscal year:

Fiscal 2017 Weighting of Non-Equity Incentive Goals
and Total Target and Maximum Amounts Payable (both in dollars)

Goals (as defined)	Fred Kornberg	Michael D. Porcelain	Michael Galletti	Richard L. Burt	John Branscum, Jr.	
Pre-tax profit	33.3	% 25.0	% 25.0	% 25.0	% 25.0	%
Adjusted EBITDA	33.3	% 25.0	% 25.0	% -	-	
Bookings	-	-	-	25.0	% 25.0	%
“Free” cash flow	33.3	% 25.0	% 25.0	% 25.0	% 25.0	%
Five personal goals	-	25.0	% 25.0	% 25.0	% 25.0	%
Total Percentage	100.0	% 100.0	% 100.0	% 100.0	% 100.0	%
Total Target Amount	\$950,000	\$370,000	\$296,301 (1)	\$361,000	\$360,000	
Maximum Amount	\$1,425,000	\$647,500	\$518,527	\$577,500	\$487,500	

(1) This is the pro-rated amount of an annualized target annual incentive of \$350,000.

Non-equity incentive awards are subject to the full negative discretion of the ECC, except that, in the case of our Chairman and CEO, his amended and restated employment agreement as in effect for fiscal 2017, entitled him to a target annual incentive opportunity that, when combined with his base salary, totaled \$2.86 million in fiscal 2017 and precluded the exercise of negative discretion if the pre-set financial performance goals were achieved. If an executive does not achieve at least 70% for one financial goal and does not meet any of their personal goals (as applicable), the amount payable to the executive would be zero. In addition, NEOs with responsibilities for specific business units are subject to a cap on the payout specified as a maximum percentage of the business units’ pre-tax profit. For fiscal 2017 non-equity incentive awards, the pre-tax profit goals for the NEOs were reduced compared to fiscal 2016, but were viewed by the ECC as challenging based on our results in fiscal 2016 and planning for fiscal 2017 and reasonably achievable if management successfully executed our business strategy.

COMPENSATION DISCUSSION AND ANALYSIS

The actual fiscal 2017 non-equity incentive goals for each NEO are illustrated in the below table:

Fiscal 2017 Non-Equity Incentive Goals

Based on its review of Comtech's business activity and planning going into fiscal 2017, the ECC established fiscal 2017 non-equity incentive financial and personal goals at levels deemed challenging and, to some extent, constituting “stretch” goals at target. Specifically, in establishing goals, among other items, the ECC considered our long-term strategy, our fiscal 2017 business plan, the expected contribution of TCS in its first full year as part of Comtech, prior fiscal years’ achievements, known opportunities and our share repurchase and cash dividend programs.

Financial goals for Messrs. Kornberg, Porcelain and Galletti were based on projected consolidated results and financial goals for Messrs. Burt and Branscum were based on the business operations for which they were responsible. Personal goals reduce the risk that our annual non-equity incentive program could provide an incentive to favor short-term results over long-term performance. Significant input on all of the performance goals was received from our Chairman and CEO and all goals were summarized on an annual “Goal Sheet” that was acknowledged by each individual NEO. The threshold, target and maximum award payout opportunities established as specified dollar amounts for each of our NEOs are shown in the “Table of Grants of Plan-Based Awards that Occurred in Fiscal 2017.”

2017 Proxy Statement 27

COMPENSATION DISCUSSION AND ANALYSIS

For the Chairman and CEO, CFO and COO, fiscal 2017 performance on all three financial goals exceeded the target levels. Pre-tax profit was achieved at a level of 194% of the target, although the payout level for this performance goal was capped at 150%. Similarly, the achieved level of free cash flow was 768% for the Chairman and CEO and for the CFO, and 688% for the COO, but the payout levels for these performance goals were capped at 150%. In the case of the CFO and COO, the capped value for these metrics -- 150% rather than 194% for pre-tax profit, 150% rather than the potential maximum of 200% for free cash flow -- represented an exercise of negative discretion by the ECC. Adjusted EBITDA performance, in the case of the Chairman and CEO and the CFO, was achieved at 118% of the target level and, in the case of the COO, was achieved at the 101% level; payout levels for this component of the annual incentive award corresponded to the above-target level of achievement.

The ECC determined to pay out all or a substantial portion of the NEOs' 2017 annual incentive awards in the form of share units. Doing so increased the alignment of management with stockholders, and provides an added incentive to management to continue and accelerate the business momentum developed in fiscal 2017. The share units do not require further service for vesting, but are deferred as to settlement for a period of one year.

The final awards in fiscal 2017 for each of our NEOs are reflected in the "Summary Compensation Table" as "Non-equity incentive plan compensation" and are summarized below:

	Fred Kornberg	Michael D. Porcelain	Michael Galletti	Richard L. Burt	John Branscum, Jr.

(1) Approximately 3.6% of the share units were simultaneously withheld, with the cash value applied to cover Medicare and related tax withholdings.

The specific level of business-unit performance targets, the pre-tax profits cap on the payout, the actual achievement of business-unit results, detailed personal performance goals and related achievement are not disclosed in this proxy statement because these items are confidential business information, the disclosure of which would result in competitive harm for the Company.

COMPENSATION DISCUSSION AND ANALYSIS

Detailed Description of Methodology and Mechanical Calculation

The final non-equity incentive awards payable as a percentage of targeted amounts for fiscal 2017 (as shown in the table on the previous page), were determined by a mechanical calculation that was ultimately reviewed and approved by the ECC, after consideration of any negative discretion.

In any given fiscal year, the final non-equity incentive award payable as a percentage of the total targeted amount for each NEO can range from 0% to a maximum of 175% (or 150% in the case of the Chairman and CEO). If actual financial results for any specific financial goal are above target levels, the NEO could earn up to 200% (or 150% in the case of the Chairman and CEO) of their targeted payout for that specific goal. Either an individual personal performance goal is achieved and results in earning 5% for that goal (up to 25% for all five personal goals), or that goal is not achieved and no amount is earned in respect of that personal goal. As such, if all actual financial results were at or above the maximum performance level and the NEO met all five personal goals, the resulting non-equity incentive payout would equal 175% of the NEO's specific total non-equity incentive target (in dollars) (or 150% in the case of our Chairman and CEO, for whom no personal goals were specified). If the ECC determines that actual financial result for any financial performance goal for an individual NEO (including our Chairman and CEO) was less than 70% of the target, the NEO would not receive a payout tied to that specific goal. If an executive does not achieve at least 70% for one financial goal and does not meet any of their personal goals (as applicable), the amount payable to the executive would be zero. Fiscal 2017 non-equity incentive awards were settled mostly by issuance of share units and, for some NEO's, with a small portion settled in cash. In fiscal 2018, the maximum amount an NEO, other than the CEO, could earn for any specific financial goal, was reduced from 200% to 150%.

To further explain how our annual incentive awards were determined, the calculation and related methodology is illustrated below, using Mr. Kornberg's final fiscal 2017 non-equity incentive award:

Determine the percentage achievement of actual performance for each specific financial performance goal by dividing the actual dollar achievement by the pre-established target. For example, in fiscal 2017, for Mr. Kornberg: (i) the percentage achievement for his pre-tax profit goal (as defined below) was 150%, which was the maximum level determined because the achieved level, calculated by taking the achieved level of \$33,987,234 and dividing it by the target of \$17,500,000 was approximately 194%; (ii) the percentage achievement for his adjusted EBITDA goal (as defined below) was approximately 118% which was calculated by taking the achieved adjusted EBITDA of \$82,724,859 and dividing it by the target of \$70,000,000; and (iii) the percentage achievement for his free-cash flow goal (as defined below) was 150%, which was the maximum level determined because the achieved level, calculated by taking \$65,355,000 and dividing it by the target of \$8,500,000, exceeded the pre-defined maximum performance level. In each case, the threshold requirement that at least 70% of the target performance level be achieved was met.

Determine the amounts payable for the achievement of all financial goals. The amount payable for each financial goal is determined by multiplying the percentage achievement by the individual NEO's total targeted non-equity incentive award (in dollars) and then multiplying that result by the original weighting assigned to arrive at an amount payable. Each amount payable is added together to arrive at the total amount payable for all financial goals. For example, in fiscal 2017, Mr. Kornberg's percentage achievement for his pre-tax profit goal was 150.0%, which was multiplied by \$950,000 and then multiplied by 33.3% to arrive at \$475,000 (adjusted for rounding). His percentage achievement for his adjusted EBITDA goal was approximately 118.18%, which was multiplied by \$950,000 and then multiplied by 33.3% to arrive at \$374,232 (adjusted for rounding). His percentage of achievement for his free cash flow goal was 150.0%, which was multiplied by \$950,000 and then multiplied by 33.3% to arrive at \$475,000. The sum of these amounts equals \$1,324,232 (adjusted for rounding).

COMPENSATION DISCUSSION AND ANALYSIS

Determine the amount payable for the achievement of personal goals. This amount is calculated by multiplying the number of personal goals achieved by 5% and multiplying the result by the individual NEO's total targeted non-equity incentive award (in dollars). Either a personal performance goal is achieved and results in earning 5% for that goal, or that goal is not achieved and no amount is payable in respect of that personal goal. In the case of Mr. Kornberg, no personal goals were assigned. (The results achieved by other NEOs with regard to their personal goals are shown in the table above.)

Add the amounts payable for all financial goals and personal goals to calculate an amount potentially payable to the NEO. For NEOs with responsibility for particular business units, adjust this amount downward if the calculated payout would exceed the pre-set cap on payout as a percentage of the business unit's pre-tax profit. At this point, the ECC can determine whether it will exercise negative discretion, and in some cases, amounts of the calculated incentive award will be voluntarily reallocated to other employees in the NEO's business unit. For example, given the Company's strong team-based approach and general philosophy regarding executive compensation, after discussion with Mr. Kornberg, the ECC reduced Mr. Kornberg's non-equity incentive award of for fiscal 2017 by approximately \$125,000 (to a total of \$1,299,118 which was approximately 136.8% of the fiscal 2017 total target amount of \$950,000), in order to reallocate that amount as an award to other employees. The ECC exercised its discretion to allocate an additional amount of \$65,021 to the CFO, at the recommendation of the Chairman and CEO and in recognition of the CFO's contributions to what turned out to be a successful fiscal 2017. However, as discussed above, the ECC exercised negative discretion in capping the achievement level for two components of the CFO's award at 150%, so that the net exercise of all discretion by the ECC was negative with respect to the CFO by \$29,462. The ECC also determined to exercise its reserved discretion to reduce the COO's calculated annual incentive payout by approximately \$106,000, to reallocate to other employees. With respect to Mr. Branscum, the ECC exercised negative discretion of \$16,591 related to its assessment of the resolution of a contract matter with a supplier.

Use and Definitions of Pre-tax Profit, adjusted EBITDA, "Free" Cash Flow, and Bookings

The ECC utilized pre-tax profits, adjusted EBITDA, bookings, and free cash flow, as financial performance goals for the annual non-equity incentive program for fiscal 2017. The ECC believes that the pre-tax profit measure is an appropriately broad financial measure that does not create distorted incentives that might impel undue risk taking. Likewise, the ECC believes that adjusted EBITDA, bookings, and free cash flow are effective performance metrics because we use these metrics in our business planning, and they appropriately align our executives' interests with the creation of long-term stockholder value.

The financial measures -- pre-tax profit, adjusted EBITDA, and free cash flow -- utilized under the non-equity incentive plan -- are non-GAAP measures due to adjustments we make to the corresponding GAAP financial measures. The ECC believes these adjustments make the performance measures fairer and more accurate as a year-over-year comparison, and the ECC keeps the probable effects of adjustments in mind in setting the annual target level for these performance metrics.

For fiscal 2017, the calculation of our pre-tax profit, for purposes of our annual non-equity incentives, began with our GAAP income before provision for taxes and then was adjusted to eliminate certain effects including: (i) stock-based compensation expense recorded pursuant to FASB ASC Topic 718, (ii) the amortization of newly acquired intangibles with finite lives relating to the acquisition of a trade or business, (iii) any adjustments required by the adoption of new accounting standards, (iv) certain costs associated with exit or disposal activities accounted for pursuant to FASB ASC Topic 420, (v) expenses associated with the termination of employees under FASB ASC Topics 420, 712 or 715 and related rules, (vi) impairment loss on goodwill or long-lived assets, (vii) expenses incurred in connection with a potential or actual business combination, (viii) expenses related to potential or actual change-in-control matters, and (ix) any extraordinary item.

2017 Proxy Statement 30

COMPENSATION DISCUSSION AND ANALYSIS

In fiscal 2017, we utilized an adjusted EBITDA performance metric for NEOs with company-wide responsibilities. This adjusted EBITDA metric was based first on GAAP net income and then adjusted to eliminate the expense of taxes, interest, depreciation and amortization. For fiscal 2017, in the case of the Chairman and CEO and the CFO, the ECC determined not to adjust the achieved performance level of adjusted EBITDA to eliminate the benefits resulting from the settlement of certain TCS intellectual property matters. The ECC based this decision on the fact that the Chairman and CEO and CFO drove these settlement negotiations to a successful conclusion. For the COO, the ECC adjusted the achieved level of Adjusted EBITDA to eliminate the benefit resulting from certain intellectual property litigation settlements based on the fact that the COO had not been actively involved in overseeing or managing the litigation settlements. This adjustment for the COO was consistent with our presentation of adjusted EBITDA included in our Management Discussion and Analysis in our Annual Report on Form 10-K.

The definition of “free” cash flow is calculated starting with our cash flow from operations as defined by GAAP. This figure is then reduced by the level of capital expenditures incurred by Comtech (or the applicable business operations) for property, plant and equipment (net of write-offs) and, for NEOs with company-wide responsibilities, by the amount of dividends paid by Comtech. The ECC adjusted the free cash flow amount for the Chairman and CEO and the CFO to reflect the cash flow benefits of certain litigation settlements, but these adjustments had no impact on payout levels because, with or without the adjustment, free cash flow performance exceeded the 150% maximum level.

Bookings are based on the receipt of a purchase order from a customer and exclude any awards from the U.S. government or similar entity for which budgetary funding was not yet appropriated. For certain large, multi-year contracts with state and local governments (and their agencies) where we provide safety and security solutions, although funding is dependent on future budgets being approved, bookings are based on the estimated full value of the contracts given the critical nature of the services being provided and the positive historical experience of such budgets being passed.

Non-Equity Incentive Compensation Paid to Former CEO

On September 28, 2016, we entered into a Transition Agreement with Dr. Sloane, who had served as CEO from January 26, 2015 to October 6, 2016. In connection with his resignation, in addition to compensation for fiscal 2016, the Company agreed to award him an incentive award of \$22,000 for the portion of fiscal 2017 during which he was employed. Such amount was negotiated with Dr. Sloane, and the Company received a release from Dr. Sloane.

Long-term Equity Incentive Awards. In fiscal 2017, the ECC granted approximately 50% of non-salary total direct compensation to each of our NEOs in the form of long-term equity incentive awards. For each NEO, the long-term equity incentive awards were partly in restricted stock and partly in long-term performance shares, in roughly equal parts. The ECC believes these types of share-based awards align the NEOs’ interests with those of our stockholders. The vesting terms of our equity awards provide a strong inducement for our executive officers to remain in long-term service to Comtech, and the inclusion of long-term performance goals in the performance shares promotes execution of our business strategy. These equity incentive awards are issued pursuant to our 2000 Stock Incentive Plan. Prior to fiscal 2017, the Company granted a portion of long-term incentive awards as stock options. The ECC determined instead to grant restricted stock with five-year vesting periods in fiscal 2017, in order to provide a strong element promoting retention largely independent of stock price changes.

The targeted dollar amount of compensation allocable to restricted stock and long-term performance shares was converted into an estimated number of awards based on an estimated grant-date fair value (with rounding applied). Actual amounts awarded to our NEOs in fiscal 2017 in the form of restricted stock and long-term performance shares are reflected in the “Summary Compensation Table” as “Stock Awards”. The ECC in most cases intended that the two

types of awards be granted in approximately equal valued amounts, valuing the long-term performance shares assuming achievement of the target level of performance, but for some NEOs these award values differed to a small degree based on the ECC's judgment as to the appropriate weighting of the two types of awards.

2017 Proxy Statement 31

COMPENSATION DISCUSSION AND ANALYSIS

In determining the actual amount of annual grants of long-term equity awards for each respective NEO, the ECC considered the estimated grant-date fair value of the awards. The ECC also considered each individual NEO's past and expected overall performance and his potential impact on our future success, and held a view toward maintaining aggregate internal pay equity. The ECC did not alter the level of long-term equity awards based on the built-up value, or absence of built-up value, of previously granted awards, or value realized by executives from previously granted awards.

The long-term performance shares granted in fiscal 2017 vest and entitle the recipient to receive shares of the Company's Common Stock based on achievement of revenue and adjusted EBITDA goals (equally weighted) for the performance period of fiscal 2017 through fiscal 2019. The ECC believes that long-term performance shares provide appropriate incentives for management to focus on long-term financial results, and that these performance goals correlate with the value of our Common Stock.

In order to receive any shares under a long-term performance share award, an NEO must achieve 70% or more of at least one goal. If the performance goals are achieved at a level of 70% of target, the threshold level, the threshold number of long-term performance shares will be earned. A maximum of 200% of the long-term performance shares can be earned for achievement of the performance goals at the 200% level. The fiscal 2017 awards provide for potential payout when at least 70% of an individual goal for one year or two years was met, and when the executive does not voluntarily terminate his employment or incur termination for cause before the end of the full three-year period. Long-term performance shares not earned based on one-year and two-year performance remain earnable based on three-year performance. If performance is achieved at a level between the threshold and target or between target and maximum, the payout level is determined through straight-line interpolation. The specific target levels for long-term performance share goals are not disclosed in this proxy statement because such data is confidential business information, the disclosure of which would result in competitive harm that could have an adverse effect on the Company.

The fair value of the fiscal 2017 long-term performance shares was based on the market value of our Common Stock at the grant date. Dividend equivalents will be credited on outstanding awards, to be earned, if and only to the extent the long-term performance shares are earned and become vested. For purposes of valuing these awards as a component of total direct compensation, the ECC valued the long-term performance shares using the target number (the accounting fair value of the target number of long-term performance shares is reflected in the "Stock Awards" column of the "Summary Compensation Table").

The ECC believes that the long-term equity awards granted in fiscal 2017, will promote the creation of long-term value for stockholders. The number of shares of restricted stock and long-term performance shares granted in fiscal 2017 to each NEO, and their estimated fair values, were as follows:

COMPENSATION DISCUSSION AND ANALYSIS

Named Executive Officer	Number of Shares of Restricted Stock Awards Granted	Target Number of Long-Term Performance Share Units Granted (1)	Estimated Fair Value of Awards at Grant Date
Fred Kornberg	38,783	48,669	\$1,149,994
Michael D. Porcelain	14,231	14,231	374,275
Michael Galletti (2)	12,817	16,021	380,950
Richard L. Burt	14,704	12,923	362,939
John Branscum, Jr.	13,846	13,846	364,150

As of July 31, 2017, the long-term performance shares granted in fiscal 2015 reached the conclusion of their performance period. For these awards, for NEOs with company-wide responsibilities, the threshold performance goal for adjusted EBITDA was exceeded and the target performance goal for revenues was exceeded, with the aggregate performance level being 89.5% of target, resulting in Mr. Kornberg earning 17,894 shares and Mr. (1) Porcelain earning 6,263 shares. In the case of Mr. Branscum, for whom the performance goals were tied to the business units for which he is responsible, the aggregate performance level was 81.6% of target, resulting in his earning 4,081 shares. In the case of Mr. Burt, the threshold performance levels for these awards were not achieved, so the long-term performance shares did not vest. Mr. Galletti was not an employee in fiscal 2015 and therefore did not hold any of these long-term performance shares.

The numbers of shares of restricted stock and target number of long-term performance shares were pro-rated based (2) on Mr. Galletti's start date after the commencement of fiscal 2017; the annualized fair value of these awards was targeted at \$450,000.

With the exception of the restricted stock awards and long-term performance shares granted to Mr. Galletti and a portion of the restricted stock granted to Mr. Burt, the restricted stock and long-term performance shares were granted in early August 2016 with a grant-date fair value per share of \$13.15. We granted long-term equity awards to Mr. Galletti in September 2016, with a grant date fair value per share of \$13.21. We granted a small portion of Mr. Burt's restricted stock in late August 2016, with a grant date fair value per share of \$12.95.

All restricted stock granted in fiscal 2017 provided for vesting at 20% per year on the first five anniversary dates of the grant date. The long-term performance shares vest as described above. All equity awards are subject to accelerated vesting in specified circumstances.

Prior to his departure from Comtech, in fiscal 2017 we granted restricted stock to Dr. Sloane, as reflected in the Grants of Plan-Based Awards - 2017 table. This award was revoked by the Company upon his departure in October 2016.

As of July 31, 2017, based on fiscal 2016 and 2017 performance, long-term performance shares potentially issuable for performance during the fiscal 2016 through fiscal 2018 performance period and the fiscal 2017 through fiscal 2019 performance period have met interim performance goals for the earning of shares as follows: Mr. Kornberg - 35,797 shares; Mr. Porcelain - 10,655 shares; Mr. Galletti - 4,357 shares; Mr. Burt - 1,570 shares; and Mr. Branscum - 5,364 shares.

Other Annual Compensation and Benefits – Although direct compensation, in the form of salary, non-equity incentive awards and long-term equity incentive awards provide most of the compensation to each NEO, we also provide for the

following items of additional compensation:

Retirement savings are provided by our tax qualified 401(k) plan, in the same manner available to all U.S. employees. This plan includes an employer matching contribution that is intended to encourage employees (including our NEOs) to save for retirement.

2017 Proxy Statement 33

COMPENSATION DISCUSSION AND ANALYSIS

Health, life and disability benefits are offered to NEOs in the same manner available to all of our U.S. employees. However, our Chairman and CEO has elected to enroll in a non-Company sponsored healthcare plan. We provide additional life insurance policies for our Chairman and each of our NEOs.

Perquisites are provided at modest levels to NEOs, primarily in the form of an automobile allowance. Our Chairman and CEO also receives a monthly expense allowance. These perquisites are intended to recognize senior employee status.

Other Policies and Practices

Employment Agreements and Change-in-Control Practices

The ECC generally has relied on our history of fair treatment of NEOs as a basis for not entering into employment agreements, other than with Mr. Kornberg (and previously with Dr. Sloane). Our employment agreements have been intended to promote careful and complete documentation and understanding of employment terms, prevent uncertainty regarding those terms, promote good disclosure of those terms, help meet regulatory requirements under tax laws and other regulations and avoid frequent renegotiation of the employment terms.

We have entered into change-in-control agreements (or in the case of our Chairman and CEO, change-in-control provisions are included in his employment agreement) because we believe they provide important protection to our NEOs, in the form of improved job security, and also provide us a number of important benefits. First, it permits our NEOs to evaluate a potential change-in-control transaction while relatively free of concern for his or her own situation, minimizing the conflict between his or her own interests and those of our stockholders. Second, transactions take time to unfold, and ensuring a stable management team can help to preserve our operations in order to enhance the value delivered to the buyer – and thus the price paid to our stockholders – from a transaction. Third, if a transaction falls through, keeping our management team intact can help us to continue our business without undue disruption. Finally, the ECC believes that one of our greatest strengths is our management and workforce, so job security and protection is provided so that an acquirer could be expected to pay more to acquire the Company with the team remaining intact after the acquisition.

Chairman's Employment Agreement - Mr. Kornberg had agreed to serve as Executive Chairman for the one-year period beginning on the date Dr. Sloane commenced employment, which was January 26, 2015, and thereafter to consult with and advise the CEO and other members of Company management as requested by the CEO. In September 2016, Mr. Kornberg agreed to resume serving as our CEO and President, while continuing to serve as Chairman.

Key provisions of our Chairman and CEO's employment agreement, as it affected service in fiscal 2017, were as follows:

• Annual base salary of \$760,000 (subject to periodic review and increase).

• An annual incentive at a target amount that, when added to annual salary, equals \$3.0 million for each full fiscal year. Reimbursement for term life insurance with a face value equal to the higher of (i) \$3.5 million and (ii) five times Mr. Kornberg's then-effective base salary.

Certain payments and benefits following termination of employment, as described in the section entitled "Summary and Table of Potential Payments Upon Termination or Following a Change-in-Control." Mr. Kornberg is required to execute a release of claims in favor of Comtech in order to receive severance.

Covenants for the protection of our business, including covenants relating to confidentiality of business information, non-solicitation of employees and non-competition (extending for two years after employment ends), cooperation in litigation, return of Comtech property and non-disparagement.

A term expiring on December 31, 2019 (an amendment to the employment agreement extending the term past July 31, 2017 was adopted in November 2016).

2017 Proxy Statement 34

COMPENSATION DISCUSSION AND ANALYSIS

The employment agreement with Mr. Kornberg includes a “double-trigger” change-in-control provision that provides for severance payments and other benefits if circumstances constituting “Good Reason” (as defined in his employment agreement) arise within 2.5 years after a change-in-control and Mr. Kornberg elects to terminate employment for Good Reason. The agreement does not, however, provide any tax “gross-up” entitlement if payments under the agreement following a change-in-control were to subject him to the federal golden parachute excise tax. Instead, the agreement provides that payments under the agreement would be reduced if doing so, and thereby avoiding the excise tax, would place Mr. Kornberg in a better after-tax position. If the excise tax is triggered, however, it will be payable by Mr. Kornberg without reimbursement by the Company. In the fourth quarter of fiscal 2017, the ECC amended the CEO’s employment agreement to conform the severance calculation formula to changes made to the change-in-control agreements of NEOs, discussed in greater detail below.

Former CEO’s Employment Agreement - Key provisions of the employment agreement with Dr. Sloane, as it applied during the part of fiscal 2017 in which he served as CEO, were as follows:

- An annual base salary of \$575,000 (subject to periodic review and increase).
- Eligibility to participate in our annual incentive program and to receive long-term incentive awards.
- Housing near our headquarters and reimbursement of living expenses during the first two years of employment.
- Certain payments and benefits following termination of employment, as described in the section entitled “Summary and Table of Potential Payments Upon Termination or Following a Change-in-Control.” No tax gross-up for golden parachute excise taxes and related taxes was provided.
- Covenants for the protection of our business, including covenants relating to confidentiality of business information, non-solicitation of employees and non-competition (extending for 12 months after employment ends), cooperation in litigation, return of Comtech property and non-disparagement.
- A term expiring on January 26, 2018.

On September 28, 2016, in connection with Dr. Sloane’s resignation from Comtech, we entered into a Transition Agreement with Dr. Sloane (the “Sloane Transition Agreement”). Under the terms of the Sloane Transition Agreement, Dr. Sloane agreed to be available to Comtech to provide transition and consulting services for one year. The Sloane Transition Agreement also provided, in lieu of payments and benefits under his Employment Agreement, that Dr. Sloane would be entitled to accrued benefits (as defined) through October 6, 2016 (the effective date of the Sloane Transition Agreement), continued payment of his base salary for twelve months thereafter, a lump sum payment of \$300,000 in respect of fiscal 2016 and fiscal 2017 annual incentive compensation (of which \$278,000 represents fiscal 2016 annual incentive compensation based on actual performance, and of which \$22,000 represents fiscal 2017 annual incentive compensation based on actual performance and prorated through the date of resignation), \$1,200 per month for medical coverage for a period of six months, and accelerated vesting of time based vesting requirements under equity awards granted by the Company to Dr. Sloane in his capacity as an employee (171,220 previously unvested stock options and 18,054 target long-term performance shares granted in fiscal 2016). The Sloane Transition Agreement provided for continued survival of post-termination restrictive covenants contained in his employment agreement, and all payments under the Sloane Transition Agreement were conditioned on the former CEO executing a release of claims in favor of the Company.

COMPENSATION DISCUSSION AND ANALYSIS

Transition Agreement with COO - On September 28, 2017, Michael Galletti, COO of the Company, changed positions and was appointed Senior Advisor, Business Development, for our Government Solutions Segment. On October 4, 2017, we entered into a Transition Agreement with Michael Galletti (the "Galletti Transition Agreement"), under which we agreed his employment by Comtech will end on January 12, 2018. Under the Galletti Transition Agreement, Mr. Galletti became vested in 4,357 shares, constituting the final payout of the long-term performance shares granted September 28, 2016. He also retains the 12,267 vested share units granted in payment of his fiscal 2017 non-equity incentive plan payout. All other unvested equity awards (including dividend equivalents payable) held by Mr. Galletti have been canceled and forfeited. Mr. Galletti will continue to receive his salary during the transition period, but he is not eligible for a non-equity incentive award in fiscal 2018 and his change-in-control agreement is no longer in effect.

Change-in-Control Agreements with our NEOs other than Mr. Kornberg - We have entered into change-in-control agreements with our NEOs, other than the Chairman and CEO, which provide for certain payments in the event of a change-in-control followed by an involuntary termination of the NEO's employment. Similar to our CEO's employment agreement, these agreements include "double-trigger" change-in-control provisions and do not provide for any tax "gross-up" entitlements. These agreements are described further in the section entitled "Summary and Table of Potential Payments Upon Termination or Following a Change-in-Control." We had a similar change-in-control agreement with Dr. Sloane in effect during the portion of fiscal 2017 in which he served as CEO.

In the first quarter of fiscal 2017, the ECC further modified the change-in-control agreements for those NEOs to provide that, during an NEO's first 30 months of service the severance multiplier would be the number of months of service divided by 12, rather than the standard multiplier of 2.5. Under the agreements, the amount of severance payable upon an involuntary termination during a 24-month protection period following a change in control would be the applicable multiplier times the NEOs' annual compensation. The aforementioned changes were intended to require an NEO to have service time prior to any payments. Annual compensation previously had been defined as annual base salary (the higher of that base salary in effect at the time of termination or at the time of the change in control) plus average annual incentive awards (including equity granted in payment of any part of the annual incentive award) in the three full fiscal years prior to termination. The ECC amended the agreements to define annual compensation as such annual base salary plus the three-fiscal-year average of such annual incentive awards plus the grant date fair value of long-term equity awards granted or any other equity awards paid, payable, or granted during the relevant period in lieu of the relevant annual non-equity incentive compensation for that fiscal year. Such change was made to reflect the continued use and importance of long-term equity awards as part of annual targeted compensation. The ECC also amended the employment agreement of the Chairman and CEO to conform his severance formula to define annual compensation generally in the same way as in the NEOs' change-in-control agreements.

Indemnification Agreements

We have also entered into indemnification agreements with all of our NEOs and each member of our Board of Directors that provide for indemnification by the Company against certain liabilities incurred in the performance of their duties.

Minimum Equity Ownership Guidelines and Mandatory Holding Periods

Our Board of Directors has adopted minimum equity ownership guidelines and related holding requirements for our NEOs and our non-employee directors. The Board believes these guidelines align our NEOs' and our non-employee directors' interests with the interests of our stockholders.

The minimum equity ownership guidelines for our NEOs and our non-employee directors are as follows:

Title	Minimum Equity Ownership Interest
-------	-----------------------------------

Chairman, CEO and President	6x annual base salary
Non-Employee Directors	6x annual base cash retainer
All Other NEOs	Lower of 2x annual base salary or 20,000 shares

2017 Proxy Statement 36

COMPENSATION DISCUSSION AND ANALYSIS

As of July 31, 2017, all of our then serving NEOs held equity positions that met their full applicable guidelines, except Mr. Galletti who was within the phase-in period for that position. As of July 31, 2017, all of our non-employee directors had met the full equity ownership guidelines, except Lawrence J. Waldman and Yacov A. Shamash, both of whom are within their phase-in period of approximately six years allowed for them to meet the equity ownership guidelines.

In establishing our equity ownership guidelines, our Board of Directors considered that the specified ownership levels are considered to be “robust” under the polices issued by Institutional Shareholder Services Inc. (“ISS”), a leading proxy advisory services firm for many of our institutional stockholders. NEOs that join Comtech or are promoted in the future must satisfy these guidelines within approximately six years of attaining such position.

In connection with the adoption of the minimum equity ownership guidelines shown above, the Board of Directors also modified the annual equity compensation for non-employee directors to provide for a grant of restricted stock units rather than stock options, unless the director has already met the minimum equity ownership guidelines as of December 31 of the year prior to grant. A non-employee director granted restricted stock units receives an award with a value of approximately \$120,000. Thus, the grant of restricted stock units does not change the aggregate value of equity compensation granted to a non-employee director in any given fiscal year. Once a director has reached their minimum equity ownership, he can once again receive annual grants of stock options.

Until applicable minimum equity ownership guidelines are met, non-employee directors and executive officers are required to hold any shares received from the exercise of stock options issued in fiscal 2011 or later or the delivery of shares pursuant to a restricted stock-based award, less the number of shares used for the payment of any related exercise price and applicable taxes. Once executive officers or non-employee directors have met their applicable equity ownership guideline, they are required to maintain their minimum equity ownership interest through the end date of their employment or directorship.

The ECC can waive or defer an individual’s compliance with the equity ownership guidelines if it determines that compliance would impose an undue financial hardship on the individual or if it is not in our best interests to apply these guidelines to that individual. In order to facilitate compliance with the equity ownership guidelines, the ECC can determine that an individual NEO’s annual non-equity incentive plan award may be settled in the form of share units, with the number of share units to be granted based on the fair market value of the Common Stock underlying the share units at the time the annual non-equity incentive award otherwise would have been settled (or a later date specified by the ECC).

Recoupment Policy

Our non-equity incentive award payouts and equity awards made to all of our NEOs are subject to a recoupment policy (often referred to as a “clawback” policy). Under the recoupment policy, under certain circumstances, including if the NEO were to engage in certain activities that would be grounds for termination for cause, or if the employee were to engage in competition with us or other specified activities detrimental to us (i) the NEO would be required to forfeit a specified portion of the annual non-equity incentive award, and (ii) the NEO would forfeit all equity awards (whether or not vested) and would be required to repay the Company the full value (if any) of such awards that the NEO received.

The recoupment policy with respect to the equity awards applies through the date that is the later of (i) one year following the termination of the NEO’s employment, or (ii) one year following the NEO engaging in such activities.

A specified portion of non-equity incentive payouts may also be forfeited if, during the 12 months after payment to the NEO, the NEO voluntarily terminates employment. This provision was waived in connection with the separation

from service of Dr. Sloane, in regards to all of his non-equity incentive payouts.

COMPENSATION DISCUSSION AND ANALYSIS

Insider Trading Policy

We recognize that our NEOs and directors may sell shares from time to time in the open market to realize value to meet financial needs and diversify their holdings, particularly in connection with exercises of stock options. All such transactions are required to comply with our insider trading policy.

When selling their Comtech shares, our executives and non-employee directors are encouraged to utilize SEC Rule 10b5-1 trading plans.

Hedging Policy

We have a policy that precludes our NEOs and directors from short selling or buying exchange-traded put options or call options associated with our stock, without the advance approval of the ECC. We aim to restrict these transactions because they could serve to “hedge” the risk of owning our stock and otherwise can be highly speculative transactions with respect to our stock.

Tax Deductibility of NEO Compensation

Section 162(m) of the Internal Revenue Code generally limits our annual tax deduction to \$1.0 million, per executive, for compensation paid to our CEO and certain NEOs. Under the rules of Section 162(m), compensation paid to our CFO is not subject to this limitation. Certain forms of compensation are also exempt from this deductibility limit, one of which is qualifying “performance-based compensation.”

We structure our non-equity incentive awards with the intent that they be substantially deductible without limitation under Section 162(m). Performance shares also have terms that we intend to make the shares qualify for full tax deductibility under Section 162(m), but restricted stock grants generally do not qualify as performance-based compensation for purposes of Section 162(m).

The ECC retains authority to approve non-tax deductible compensation. The ECC intends to exercise this authority in circumstances in which it concludes that making these payments enhance our Company’s ability to attract, retain and appropriately reward executives and therefore is in the best interests of our Company and its stockholders.

Independent Reviews of Executive Compensation

In the past several years, the ECC has engaged independent executive compensation consulting firms to perform reviews of our executive compensation and to validate certain feedback that we heard from certain of our stockholders. In fiscal 2015 and fiscal 2016, the ECC engaged the executive compensation consulting firm Gallagher & Co. The ECC considered the six factors specified under applicable NASDAQ listing standards and other relevant information concerning potential conflicts of interest, and determined that Gallagher & Co. is independent. Prior to fiscal 2015, the ECC had retained Steven Hall, an executive compensation consulting firm determined by the ECC to be independent.

The review process undertaken by the ECC in fiscal 2013 - fiscal 2016, including the results of compensation studies provided by the ECC’s independent compensation consultants, is discussed in detail in the Compensation Discussion and Analysis portion of our 2014 - 2016 proxy statements. Because the ECC determined to make no significant changes in the levels of compensation of our NEOs for fiscal 2017, it did not obtain and review an updated compensation study in the period leading into fiscal 2017 or during the fiscal year.

The ECC believes that a number of factors make our compensation program appropriate:

-

The management team, including the Chairman and CEO has extensive experience and an outstanding track record in the telecommunications equipment industry;

The completion of the TCS acquisition in fiscal 2016 represents a transformational event for Comtech. The management team has a history of successful integration of acquisitions and product innovation, and the fiscal 2017 results and outlook for fiscal 2018 are further evidence of this. These efforts will be crucial for the future success of Comtech;

2017 Proxy Statement 38

COMPENSATION DISCUSSION AND ANALYSIS

Even in the face of challenging business conditions, management has delivered consistent operational profitability;

The Company's cash position and cash flow provides our Board with the opportunity to pay annual dividends and the ability to make acquisitions. The ECC believes that our NEOs have a superior record of deploying capital productively; and

Our corporate executive team is lean. Our corporate NEOs oversee functions, such as legal, information technology, investor relations, and administration that, at many companies, have a separate department led by a senior executive officer. As such, benchmark comparisons of actual compensation based on title alone may not be fully comparable to the responsibilities of a given Comtech executive.

The ECC believes that our NEOs' skills and experience are critical and will drive long-term total stockholder returns and that each of our individual NEOs' fiscal 2017 compensation is well aligned with our fiscal 2017 performance and our long-term stockholder returns.

Executive Compensation Committee Interlocks and Insider Participation

During fiscal 2017, Messrs. Kaplan, Kantor, and Waldman served as members of our Executive Compensation Committee. No member of our Executive Compensation Committee (i) is or was, during fiscal year 2017, an employee or an officer of Comtech or its subsidiaries, (ii) was previously an officer of Comtech or subsidiaries or, (iii) has any relationship requiring disclosure as a related party transaction.

During fiscal 2017, no executive officer of Comtech served as a director or a member of the compensation committee of another company whose executive officers served on the compensation committee of Comtech. In fiscal 2018, Mr. Porcelain became a director, chairman of the audit committee and member of the executive compensation committee of Air Industries Group. No interlock was created as a result of this appointment.

The information contained in the "Executive Compensation Committee Report" is not to be deemed to be "soliciting material" or to be "filed" with the SEC, nor is such information to be incorporated by reference into any future filings under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that we specifically incorporate it by reference into such filings.

(1) Our Chairman, CEO and President and our former CEO and former President had employment agreements in effect in fiscal 2017, but our other NEOs did not. The significant provisions of these agreements, including termination provisions, are further described under the headings “Other Policies and Practices” and “Summary and Table of Potential Payments Upon Termination or Following a Change-in-Control.”

(2) These amounts represent the aggregate grant date fair value of stock options, calculated in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718 (“FASB ASC Topic 718”), granted in fiscal 2015, 2016 and 2017. Assumptions used in the calculation of these amounts are discussed in Note 11 to our consolidated audited financial statements for the fiscal year ended July 31, 2017, included in our Annual Report on Form 10-K filed with the SEC on September 27, 2017.

(3) These amounts represent the aggregate grant date fair value of grants of performance-based restricted stock units (considered Performance Shares under our 2000 Stock Incentive Plan) and shares of restricted stock, calculated in accordance with FASB ASC Topic 718, granted in fiscal 2015, 2016 and 2017. Assumptions used in the calculation of these amounts are discussed in Note 11 to our consolidated audited financial statements for the fiscal year ended July 31, 2017, included in our Annual Report on Form 10-K filed with the SEC on September 27, 2017. Performance-based restricted stock units awarded in fiscal 2017 have a three-year performance period (fiscal 2017 through fiscal 2019). The number of restricted stock units that may be earned based on performance over the full

performance period can range from 70% of the target number if performance goals are achieved at the threshold performance level, to 200% of the target number if performance goals are achieved at the maximum performance level. See "Compensation Discussion and Analysis and the Table of Grants of Plan-Based Awards - Fiscal 2017."

No part of the restricted stock units will be earned if such performance fails to reach the threshold performance level for at least one of the performance goals. The amounts included for fiscal 2017 in this column are the grant date fair values of the target number of performance-based restricted stock units together with the fair values of the full number of shares of restricted stock granted to the indicated NEO. In fiscal 2017, stock awards included restricted stock as follows: Mr. Kornberg, \$509,996; Dr. Sloane, \$379,325; Mr. Galletti, \$169,313; Mr. Porcelain, \$187,138; Mr. Burt, \$193,001; and Mr. Branscum, \$182,075. No such awards were issued in fiscal 2015 or 2016. If the performance goals for the three-year performance period were to be achieved at the maximum levels, the grant-date fair value of the performance-based restricted stock units included in the amounts in this column would have been as follows: Mr. Kornberg, \$1,279,995 (rather than \$639,997); Mr. Galletti, \$423,275 (rather than \$211,637); Mr. Porcelain, \$374,275 (rather than \$187,138); Mr. Burt, \$339,875 (rather than \$169,937); and Mr. Branscum, \$364,150 (rather than \$182,075). Dividend equivalents accrue as cash amounts on the 2017 restricted stock unit awards granted, subject to the same performance-based vesting requirements that apply to the granted restricted stock units. Dividends accrue on restricted stock subject to the same vesting requirements that apply to the granted shares of restricted stock. For Dr. Sloane, this amount for fiscal 2017 represents the aggregate grant date fair value of 28,846 shares of restricted stock granted in fiscal 2017, which grant was revoked upon his resignation as the Chief Executive Officer and President of the Company on October 6, 2016.

FISCAL 2017 COMPENSATION TABLES

Non-equity incentive plan compensation for each fiscal year was settled at or shortly after fiscal year end upon final approval by the ECC and subject to the issuance of the Company's annual audited financial statements.

(4) Awards granted in fiscal 2015 and 2016 were settled in cash. Awards granted in fiscal 2017 were settled mostly in fully vested share units and, for some NEOs, a small portion settled in cash. The details of the determination of the fiscal 2017 non-equity incentive plan compensation for our NEOs are discussed in the section of this Proxy Statement entitled "Compensation Discussion and Analysis."

See "Details of All Other Compensation" table below. With the exception of Dr. Sloane and Mr. Galletti, who were employed for a portion of fiscal 2017, amounts in this table reflect amounts reported in each individual NEO's IRS (5) Form W-2 relating to the calendar year that ended during such fiscal year. For Dr. Sloane, the amount in this column for fiscal 2017 includes payments to Dr. Sloane in connection with Dr. Sloane resigning as the Chief Executive Officer and President of the Company under the Sloane Transition Agreement.

Our fiscal 2017 non-equity incentive awards were granted under our 2000 Stock Incentive Plan and, in the case of Mr. Kornberg, also included an amount payable under his employment agreement. Amounts presented as “Threshold” assume all personal goals (if applicable) were achieved, and all financial performance goals were met at the threshold level (i.e., 70% of target). Amounts presented as “Maximum” assume all personal goals (if applicable) were achieved, and all financial performance goals were met at the maximum level (i.e., 150% of target in the case of the Chairman and CEO, and 200% of target in the case of other NEOs).

The amounts footnoted in the column "All Other Stock Awards: Number of Shares of Stock or Units" are share units granted at the end of the fiscal year as a partial or full payout of the awards described in the columns headed "Estimated Future Payouts Under Fiscal 2017 Non-Equity Incentive Plan Awards." The final fiscal 2017 non-equity incentive plan award payable is included in the Summary Compensation Table in the column headed "Non-Equity Incentive Plan Compensation," as described in Note (4) to the "Summary Compensation Table - Fiscal 2017."

Performance-based restricted stock units were granted pursuant to our 2000 Stock Incentive Plan, and are considered Performance Shares under the terms of the plan. See Note (3) to the "Summary Compensation Table – Fiscal 2017."

For stock awards, this amount represents the grant-date fair value of the target number of performance-based restricted stock units and the grant-date fair value of the full number of shares of restricted stock and share units.

Represents shares of restricted stock granted to Dr. Sloane during fiscal 2017, which were revoked upon his resignation as the Chief Executive Officer and President of the Company on October 6, 2016.

(1) Each option granted subsequent to June 2, 2009, vests as to 20% of the underlying shares on each of the first five anniversaries of the grant date. The options granted are subject to accelerated vesting in the event of a change-in-control, except in limited circumstances.

(2) Each restricted stock unit award granted before fiscal 2015 vests as to 20% of the underlying shares on the date that the ECC determines that the performance measure relating to the stock awards has been met. Assuming the performance measure has been met, the remaining 80% of the underlying shares vest 20% each on the first through fourth anniversaries of the date that the first 20% vested. Each restricted stock unit award granted during fiscal 2015, fiscal 2016 and fiscal 2017 vests over a three-year performance period that ends on July 31, 2017, July 31, 2018 and July 31, 2019, respectively, if pre-established performance goals are attained. The number of outstanding performance shares included in the above table, and the related payout values, assume achievement of the pre-established goals at a target level. Unless an NEO has elected deferral, one share of Common Stock will be issued for each share earned on each vesting date. Market value is based on the closing price of our Common Stock on July 31, 2017 of \$18.00 per share.

(3) In connection with Dr. Sloane resigning as the Chief Executive Officer and President of the Company, all of Dr. Sloane's equity awards granted prior to fiscal 2017 were either cashed out, forfeited, or expired pursuant to their terms and/or the Sloane Transition Agreement and awards made in fiscal 2017 were revoked upon his resignation as the Chief Executive Officer of the Company.

(3) The aggregate earnings in fiscal 2017 reflect changes in the market value of the Company's Common Stock during fiscal 2017, increased by accrued dividend equivalents, which equaled the cash dividends per share paid to our stockholders in fiscal 2017 for each deferred share credited to the participant as of the dividend payment date.

(4) In accordance with SEC rules, the grant-date value of the share-denominated compensation that was originally deferred was previously reported in the "Summary Compensation Table" for the applicable fiscal year.

Summary and Table of Potential Payments Upon Termination or Following a Change-in-Control

In this section, we describe our commitments, in effect during fiscal 2017, under agreements and plans to provide payments in connection with terminations of employment and in connection with a change-in-control. In the discussion, we refer to our current Chairman, CEO and President who was serving in those capacities at fiscal year end as the "Chairman," and we refer to our former CEO and President, who served in those capacities during a portion of the first quarter of fiscal 2017, as the "former CEO." Terms of the Chairman's employment agreement applicable in fiscal 2018 are described above under the heading "Other Policies and Practices."

Severance Arrangements and Transition Agreements

Except for agreements with our Chairman and our former CEO, we did not have in place employment agreements providing for severance for terminations prior to a change-in-control with any of our NEOs in fiscal 2017. All NEOs (other than our Chairman and former CEO) participated in our company-wide severance plan, which provides U.S. employees, who are terminated by us without cause, with severance payments equal to two weeks of salary for less than five years of service, three weeks of salary for five or more years of service but less than fifteen years of service, and four weeks of salary for fifteen or more years of service. Severance under the plan is not based on annual incentives such as cash bonuses, non-equity incentive awards or equity-based awards, and the plan does not provide

outplacement services or subsidized medical coverage.

2017 Proxy Statement 45

FISCAL 2017 COMPENSATION TABLES

As detailed in the chart below, the employment agreement of our Chairman required severance payments in the event either was terminated in specified circumstances. Subject to a release of claims in favor of the Company, the Chairman would have been entitled to liquidated damages in the event that, prior to a change-in-control, we terminated his employment not for cause or he terminated employment due to our material breach of a term in the employment agreement. The amount of these liquidated damages would have been equal to his base salary payable for the remainder of the employment term (which would have expired December 31, 2019 under terms then in effect) plus a payment equal to one-twelfth of his actual total direct compensation for the full fiscal 2017 year, which approximated \$267,500, times the number of whole months until the expiration of the employment term, less the amount of base salary payable during such period, plus a payment of \$22,500 and continued life insurance coverage through December 31, 2021. We would have been liable also for certain attorneys' fees incurred in enforcing the executive's rights under the agreement.

On September 28, 2016, we entered into the Sloane Transition Agreement. For details of actual payments made under the Sloane Transition Agreement, see "Compensation Discussion and Analysis - Other Policies and Practices - Employment Agreements and Change-In-Control Practices - Former CEO's Employment Agreement."

On September 27, 2017, in connection with Mr. Galletti's separation from Comtech, we entered into the Galletti Transition Agreement. For details of payments and benefits payable under the Galletti Transition Agreement, see "Compensation Discussion and Analysis - Other Policies and Practices - Employment Agreements and Change-In-Control Practices - Transition Agreement with COO."

Change-in-Control Agreements and Change-in-Control Payments

In fiscal 2017, in the event of a change-in-control and certain qualifying terminations of employment relating to a change-in-control, we would have been required to make specified payments to our Chairman under the terms of his employment agreement and to our other NEOs under the terms of their change-in-control agreements.

Our change-in-control agreements (or change-in-control provisions in the referenced employment agreements) contained "double-trigger" clauses. In other words, before any individual NEO could receive any change-in-control payments, two events must have occurred: (i) a Change-in-Control (as defined in the 2000 Stock Incentive Plan) and (ii) the individual NEO's existing employment relationship ends either due to a termination not for cause or the NEO terminates the then existing employment relationship for "good reason" (as that term is defined in the agreement) during a twenty-four month protection period (or 30 months in the case of our Chairman) after the occurrence of a change-in-control. Good reason includes the assignment of any duties inconsistent in any material adverse respect with the individual NEO's original position, authorities or responsibilities, a material reduction in compensation (as defined in the agreement), and the relocation of employment to a location more than fifty miles from the location of the individual NEO's principal place of employment prior to the change-in-control. Providing this improved job security is important in order that we can retain executives through the disruption of a change-in-control and thereafter. In addition, these provisions are intended to be fair and competitive to aid in attracting and retaining experienced executives.

Upon a change-in-control and qualifying termination in fiscal 2017, our NEOs would have received payments based on the level or "tier" to which the NEO is assigned which was based on an assessment of market competitiveness and is shown in the table below:

FISCAL 2017 COMPENSATION TABLES

Title	Tier	Summary of Change-in-Control Amounts Payable
Chairman	1	<p>The change-in-control payments multiplier would be the greater of 2.5 or the number of years remaining under the terms of the employment agreement (2.5 years remained at July 31, 2017) for base salary and 2.5 for the average annual incentive award paid or payable for the three fiscal years prior to the year in which the change-in-control occurred. Annual incentive in any year in which long-term performance shares are granted will include the grant-date fair value of those awards. Certain other benefits, shown in the table below, would also be payable.</p> <p>Medical insurance for the longer of (i) 24 months and (ii) until December 31, 2019, and life insurance through December 31, 2021.</p> <p>Cash equal to up to 2.5 times (based on length of service) the sum of the annual base salary in effect and the average of annual incentive awards paid or payable for the three fiscal years prior to the termination of employment. Annual incentive in any year in which long-term performance shares are granted will include the grant-date fair value of those awards. Certain other benefits, shown in the table below, would also be payable.</p>
All Other NEOs	2	<p>Cash equal to up to 2.5 times (based on length of service) the sum of the annual base salary in effect and the average of annual incentive awards paid or payable for the three fiscal years prior to the termination of employment. Annual incentive in any year in which long-term performance shares are granted will include the grant-date fair value of those awards. Certain other benefits, shown in the table below, would also be payable.</p>

All of our NEOs, other than our Chairman, serving as of July 31, 2017, had change-in-control agreements that provided for the following:

With respect to each individual NEO's annual incentive award for the fiscal year in progress at the date of their qualifying termination (as that term is defined) and their annual incentive award for any previously completed year for which a final annual incentive award has not yet been determined, awards will vest as follows:

- (i) any award based on pre-set performance goals based on the level of actual achievement of such performance goals through the earlier of the end of the performance period or the date of termination; and
- (ii) any discretionary award as of the date of termination based on a level consistent with the level of annual incentives (as a percentage of base salary) of other executives of comparable rank whose annual incentives are based on pre-set performance goals, but in an amount not less than the pro rata amount of the individual NEO's average prior years' annual incentive amount referred to above.

For a period of up to one year following the 24-month protected period after the change-in-control, termination of the individual NEO's employment by us not for cause or by the individual NEO for good reason (as defined in the agreement) would entitle them to receive a payment equal to 1.5 times the sum of their base salary and their average annual incentive awards actually paid or payable for performance in the three fiscal years preceding the year in which the change-in-control occurs.

None of our change-in-control agreements, the Chairman's employment agreement, nor the two referenced transition agreements contained provisions that provided for a tax "gross-up" if change-in-control payments were to trigger "golden parachute" excise taxes. In the event that the amounts payable to the individual NEO in connection with a change-in-control and their termination thereafter are subject to the golden parachute excise tax, the payment to be made to the individual NEO may be reduced if the reduction would provide the individual NEO with a greater after-tax amount than would be the case if no such reduction took place.

Under the change-in-control agreements for our NEOs other than our Chairman, each individual NEO would be eligible, subject to compliance with certain post-employment restrictions, for company-provided health-care benefits

in the event of a termination in connection with a change-in-control. In addition, each agreement prohibits an individual NEO from competing (as defined) with us for a period of one-year after a change-in-control. The initial term of the change-in-control agreements is two years, with annual renewals thereafter.

FISCAL 2017 COMPENSATION TABLES

Except with respect to Dr. Sloane, the summary table below takes into consideration the circumstances of the event and the additional payments that each NEO would be entitled to under the agreements described and the 2000 Stock Incentive Plan, assuming the event occurred as of July 31, 2017. The amounts shown for Dr. Sloane represent the actual payments and benefits that have been made pursuant to the Sloane Transition Agreement. In accordance with SEC rules, company-wide benefits and plans (including severance payments described above) that are generally available to all salaried employees and are non-discriminatory are excluded. Amounts shown are calculated without regard to the potential for reduction in order that the executive not incur a golden parachute excise tax.

(1) For all NEOs other than Dr. Sloane, these amounts represent the aggregate value of stock-based awards (including the value of in-the-money stock options) as of July 31, 2017 that would become vested as a direct result of the applicable termination or upon a change-in-control. The performance-based restricted stock units granted in 2015, 2016 and 2017 would become vested upon a change-in-control if replacement awards providing equivalent rights and benefits were not granted, but not otherwise. If vesting accelerates for such awards, the restricted stock units

will be deemed to be earned at the higher of the target level or the actual performance level to-date projected to be continued through the end of the performance period. For purposes of this table it is assumed that such awards would have vested as of July 31, 2017 (i.e., that they would not be assumed in the transaction), and the applicable level of such vesting would have been the target level. These aggregate values do not reflect the value of stock-based awards based on their remaining term, and do not discount the value of awards based on the portion of the vesting period elapsed at the date of the termination event or change-in-control. Market value and in-the-money value are based on the closing price of our Common Stock, \$18.00, on July 31, 2017. For Dr. Sloane, this amount represents the value of the Long-Term Performance Shares held by Dr. Sloane for which the time-vesting was accelerated pursuant to the Sloane Transition Agreement, with the payout made based on actual performance achieved through the date of Dr. Sloane's resignation as the Chief Executive Officer and President.

- (2) The non-equity incentive plan awards represent the amount that would have been payable without the use of the ECC's negative discretion.

- (3) For NEOs, other than Dr. Sloane, health and life insurance continuation amounts are estimates based on the current plan in which the executive officer is enrolled and will vary in amount for a given executive officer based on the actual plan and actual costs following termination of employment. Mr. Kornberg has voluntarily elected to discontinue participation in the Company's medical insurance program and enrolled in a non-Company sponsored healthcare plan. For Dr. Sloane, this amount represents the actual amount paid to Dr. Sloane pursuant to the Sloane Transition Agreement for six months of medical coverage premium payments.

FISCAL 2017 COMPENSATION TABLES

For Dr. Sloane the table reflects the actual payments and benefits that have been made pursuant to the Sloane (4) Transition Agreement as a result of Mr. Sloane's resignation as the Chief Executive Officer and President of the Company. This amount constitutes payment of \$575,000, equal to twelve months' base salary, plus payment of \$300,000 in respect of fiscal 2016 and fiscal 2017 annual incentive compensation.

Other than payments to Dr. Sloane, none of the above payments have actually been made to any of the NEOs. The actual payments and benefits that would be made to each NEO under each circumstance can only be known once a qualifying event occurs. For a description of the actual payments to our former CEO in connection with his termination of employment, see the "Compensation Discussion and Analysis - Other Policies and Practices - Employment Agreements and Change-In-Control Practices - Former CEO's Employment Agreement."

Securities Authorized for Issuance Under Equity Compensation Plans Equity Compensation Information Table

The following table sets forth information as of July 31, 2017 regarding our compensation plans and the Common Stock we may issue under the plans.

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights, and conversion of stock units, restricted stock units and performance shares (1)	Weighted-average exercise price of outstanding options, warrants and conversion of stock units, restricted stock units and performance shares (1)	Number of securities remaining available for future issuance under equity compensation plans (2)
Equity compensation plans approved by stockholders	2,913,773	\$21.65	1,781,036
Equity compensation plans not approved by stockholders	—	—	—
Total	2,913,773	\$21.65	1,781,036

The number reported in this column assumes that long-term performance shares are earned at 200% of the target number of long-term performance shares. See Note (3) to the "Summary Compensation Table - Fiscal 2017." Stock (1) units, restricted stock units and performance shares are convertible into shares of our Common Stock on a one-for-one basis, subject to certain vesting and other requirements, and do not require the payment of an exercise price. As such, for these awards, the weighted average exercise price reflected in the above table assumes a zero exercise price. The weighted average exercise price of stock option awards only was \$28.60 as of July 31, 2017.

(2)

Includes 601,418 shares available for issuance under the Comtech Telecommunications Corp. Employee Stock Purchase Plan. That plan permits employees to purchase shares at a discount from fair market value of up to 15% of the market price of our Common Stock at the beginning or end of each calendar quarter. 1,179,618 shares remained available for issuance under the 2000 Stock Incentive Plan for either stock options, stock appreciation rights (which constitute options, warrants or rights for purposes of this table), restricted stock, restricted stock units, and other full-value awards.

AUDIT COMMITTEE AND OTHER MATTERS

Certain Relationships and Related Transactions

Policies and Procedures Regarding Related Party Transactions

Our Standards of Business Conduct provide that transactions with related parties, as defined in the Standards of Business Conduct, must be communicated to the Corporate Compliance Officer and, as applicable, the Audit Committee. Effective November 18, 2016, the Audit Committee responsibilities involve evaluating related party transactions, including all transactions between the Company and any of its directors, executive officers, family members of directors and executive officers, and companies in which any director, executive officer or family member is known to be employed or is known to be a partner, principal or in a similar position. Prior to November 18, 2016, the Nominating and Governance Committee was responsible for evaluating such transactions.

In addition, our Corporate Governance Guidelines adopted by the Audit Committee provide that, without the prior approval of a majority of disinterested members of the full Board of Directors and, if required by applicable listing standards, the Company will not make significant charitable contributions to organizations in which a director or family member of the director is affiliated, enter into consulting contracts with (or otherwise provide indirect compensation to) a director, or enter into any relationships or transactions (other than service as a director and Board of Directors committee member) between the Company and the director (or any business or nonprofit entity or organization in which the director is a general partner, controlling stockholder, officer, manager, or trustee, or materially financially interested).

When evaluating any related party transaction, the Audit Committee considers, among other matters, the terms of the proposed transaction or arrangement, as compared to the terms that could reasonably be expected to be obtained from an unrelated party, and whether the proposed transaction or arrangement is in the best interests of the Company and its stockholders.

Certain Transactions

We lease a 46,000 square foot facility in Melville, New York from a partnership controlled by our Chairman, CEO and President. This facility has been used by our Government Solutions segment for manufacturing, engineering, sales and other administration functions for many years. In June 2011, in connection with our lease expiring in December 2011, our Nominating and Governance Committee of the Board of Directors performed a comprehensive assessment to determine: (i) whether or not the facility met our current and future business requirements, and (ii) what terms and conditions we should consider in potentially negotiating a new lease. In determining current and future business requirements, the Nominating and Governance Committee considered detailed operational requirements prepared by appropriate management levels within our RF microwave amplifiers segment. In determining the terms and conditions that we should consider, our Nominating and Governance Committee obtained written reports from three independent commercial real estate firms regarding prevailing rents for comparable facilities in the general vicinity. Our annual rent for this facility was approximately \$617,000 for fiscal 2017. The lease provides for our use of the premises as they exist through December 2021 with an option, exercisable by us, for an additional ten-year period. Additionally, we have a right of first refusal in the event of a sale of the facility.

The son of Mr. Burt (a Senior Vice President of the Company and President of Comtech Systems, Inc.) is employed by our Company as a Vice President of International Marketing and his aggregate compensation (including salary and incentive sales commissions) for fiscal 2017 of approximately \$365,000 was comparable with other Comtech employees in similar positions.

PROPOSALS

PROPOSAL NO. 2 - APPROVE
(ON AN ADVISORY BASIS) COMPENSATION OF THE
NAMED EXECUTIVE OFFICERS AS DISCLOSED
IN THIS PROXY STATEMENT
ttt

Our Board of Directors recommends a vote
FOR the proposal to approve compensation of
the Named Executive Officers as disclosed in this Proxy Statement.

The ECC believes that compensation of our executive officers in fiscal 2017 met the objectives of our program which were to foster long-term business success using a pay-for-performance philosophy.

We are providing stockholders with the opportunity to cast an advisory vote on the compensation of our Named Executive Officers (“NEOs”) as disclosed in this Proxy Statement, including in the section entitled “Compensation Discussion and Analysis,” the compensation tables and other executive compensation disclosures. Stockholders are being asked to vote on the following resolution:

Resolved, that the stockholders approve the compensation of Comtech’s executive officers named in the Summary Compensation Table, as disclosed in Comtech’s Proxy Statement dated November 16, 2017, including the Compensation Discussion and Analysis, the compensation tables and other executive compensation disclosures.

Although this proposal is advisory and not binding, the ECC, which is comprised solely of independent directors and is responsible for making decisions regarding the amount and form of compensation paid to our executive officers, will carefully consider the stockholder vote on this matter, along with other expressions of stockholder views it receives on specific policies and desirable actions. In each case, the ECC will seek to understand the concerns that influenced the vote and address them in making future decisions affecting our executive compensation program.

Please refer to the sections of this Proxy Statement entitled “Compensation Discussion and Analysis” and “Fiscal 2017 Compensation Tables” for a detailed discussion of our executive compensation principles and practices, the fiscal 2017 compensation of our NEOs, and changes implemented in our program for fiscal 2017.

We urge you to read these sections of the proxy statement and the related compensation tables closely in determining how to vote on this matter.

PROPOSALS

PROPOSAL NO. 3 – PROPOSAL REGARDING THE FREQUENCY (ON AN ADVISORY BASIS) OF EXECUTIVE COMPENSATION ADVISORY VOTES

ttt

Our Board of Directors recommends you vote for a frequency of "say-on-pay" votes of ONE YEAR.

In accordance with the Dodd-Frank Wall Street Reform and Consumer Protection Act, we will ask stockholders for an advisory vote on the question of how frequently Comtech should seek the advisory stockholder vote to approve the compensation of our Named Executive Officers ("NEOs"). The advisory stockholder vote to approve NEO compensation is often referred to as the "say-on-pay" vote; Proposal No. 2 is such a "say-on-pay" proposal. This Proposal No. 3 is often referred to as a "say-on-frequency" vote.

We are soliciting your advisory vote on whether to have the "say-on-pay" vote at the annual meeting of stockholders every one, two or three years.

We value the opinion of our stockholders and encourage communication regarding our executive compensation policies and practices. The Board believes that a "say-on-pay" vote every year will provide us with valuable feedback from our stockholders on our executive compensation policies and practices. In light of our Board's belief that stockholders of other companies have strongly favored annual "say-on-pay" votes, we view an annual frequency as a corporate governance best practice. Accordingly, the Board recommends that stockholders vote for "one year" as the frequency for our "say-on-pay" advisory votes.

Although, as an advisory vote, this proposal is not binding upon Comtech or the Board, the Board expects that it will adopt as Comtech's policy the frequency for "say-on-pay" votes that is chosen by a plurality of Comtech stockholders voting on this matter.

We urge you to read these sections of the proxy statement and the related compensation tables closely in determining how to vote on this matter.

PROPOSAL NO. 4 – RATIFICATION OF SELECTION OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

ttt

Our Board of Directors recommends a vote FOR the ratification of the selection of Deloitte & Touche LLP as our independent registered public accounting firm.

Our Board of Directors has selected Deloitte & Touche LLP (“Deloitte”) as our independent registered public accounting firm for the 2018 fiscal year, subject to ratification by our stockholders. If our stockholders do not ratify the selection of Deloitte, it will be reconsidered by our Board of Directors. Even if the selection is ratified, our Audit Committee, in its discretion, may direct the selection of a different independent registered public accounting firm at any time during the year if our Audit Committee determines that such a change would be in our stockholders’ best interests. Representatives of Deloitte are expected to be present at the Fiscal 2017 Annual Meeting of Stockholders, with the opportunity to make a statement, should they so desire, and to be available to respond to appropriate questions.

Our Audit Committee reviews each service performed by Deloitte on a case-by-case basis before approving all audit or permissible non-audit services. Our Audit Committee has concluded that the non-audit services provided by Deloitte are compatible with maintaining the independent registered public accounting firm’s independence.

Principal Accountant Fees and Services

The following is a summary of the fees billed to us for the fiscal year ended July 31, 2016 and fees billed to or payable by us for the fiscal year ended July 31, 2017 by Deloitte for professional services rendered:

Fee Category	Fiscal 2017 Fees	Fiscal 2016 Fees
Audit fees (1)	\$1,146,000	1,178,000
Tax fees (2)	122,000	135,000
All other fees (3)	12,000	889,000
Total fees	\$1,280,000	2,202,000

Audit fees consist of fees for assurance and related services that are reasonably related to the performance of the audit of our annual financial statements and review of the interim financial statements included in quarterly reports (1) or services that are normally provided in connection with statutory and regulatory filings or engagements. Audit fees include fees related to the audit of our report on internal control over financial reporting, issuance of consents, and statutory audits of certain foreign subsidiaries.

(2) Tax fees consist of fees billed for professional services regarding federal, state and international tax compliance, tax advice and tax planning.

All other fees primarily relate to Comtech's SEC comment letter, minimum statutory withholdings and year-end (3) stock grant compensation. In fiscal 2016, all other fees primarily related to additional services performed as a result of our June 2016 \$95.0 million equity offering and fees associated with our acquisition of TCS.

PROPOSALS

PROPOSAL NO. 5 – APPROVAL OF AN AMENDMENT TO OUR
2000 STOCK INCENTIVE PLAN TO INCREASE THE NUMBER
OF SHARES OF OUR COMMON STOCK AVAILABLE
UNDER THE 2000 PLAN

ttt

Our Board of Directors recommends a vote
FOR the approval of an amendment to our
2000 Stock Incentive Plan.

At the Fiscal 2017 Annual Meeting of Stockholders, stockholders will be asked to approve an amendment to our 2000 Stock Incentive Plan (the “2000 Plan”) to increase the share reserve available under the 2000 Plan by 900,000 shares. Our stockholders approved the 2000 Plan and prior amendments at our Annual Meetings of Stockholders in 1999, 2006, 2007, 2009, 2012 and 2016. On November 15, 2017, the Board of Directors approved our amended 2000 Plan, subject to approval by our stockholders, to, among other things, increase the available share reserve under the 2000 Plan by 900,000 shares (see “Increase in Share Reserve” below).

As a result of the TCS acquisition, we have doubled our employee base and need to increase our shares available for stock awards to remain competitive. The Board of Directors believes that it is desirable to increase the share reserve so that we can continue to meet the goals of our equity incentive program of attracting, retaining and motivating our executives and employees and linking their interests with those of our stockholders through long-term equity-based compensation. If the proposed increase in the share reserve is not approved by our stockholders, we may be unable to maintain our current new hire and annual equity grant practices, which would put us at a significant competitive disadvantage in attracting and retaining talent. We would also be compelled to replace equity incentive awards with cash awards, which may not align the interests of our executives and employees with those of our stockholders and our long-term business strategy as effectively as equity incentive awards.

Increase in Share Reserve

The following table shows the aggregate number of shares subject to outstanding equity awards under the 2000 Plan (our only current equity award plan) as of July 31, 2017, together with the shares that would be available for future awards if the proposed amended 2000 Plan is approved by stockholders. If approved by stockholders, the amended 2000 Plan would add 900,000 shares to the current reserve under the 2000 Plan, effective November 15, 2017. We refer to the shares subject to outstanding equity awards plus those available for future equity awards as “overhang”:

Shares subject to outstanding awards ⁽¹⁾	2,686,072
Shares to be available for future awards ⁽²⁾	2,079,618
Total share “overhang” ⁽³⁾	4,765,690
Percentage of outstanding shares (diluted) ⁽⁴⁾	16.8%

⁽¹⁾ Includes 1,855,875 outstanding stock options, 252,089 outstanding performance shares at target, and 578,108 outstanding restricted stock units, shares of restricted stock and share units.

⁽²⁾The shares would be available for all types of awards under the 2000 Plan.

⁽³⁾

If the proposed amendment to the 2000 Plan is approved by our stockholders, the number of shares stated in Section 4.1 of the 2000 Plan would be 10,362,500. This number includes the shares (as adjusted for stock splits) delivered under equity awards since the inception of the 2000 Plan approximately 17 years ago. The “overhang” number presents the full number of shares that potentially would be deliverable under the amended 2000 Plan going forward.

Outstanding shares (the denominator in this calculation) include all common stock outstanding at July 31, 2017 (4) plus the potential dilution from issuance of shares reserved for outstanding awards and available for future awards under the 2000 Plan as proposed to be amended.

2017 Proxy Statement 56

PROPOSALS

Other Recent Amendments to the 2000 Plan

Since the time our stockholders last approved amendments to the 2000 Plan at the Fiscal 2016 Annual Meeting of Stockholders, the Board of Directors has approved certain amendments to the 2000 Plan that were not subject to stockholder approval. These amendments include the following:

Effective November 15, 2017, in order to better align the terms of the 2000 Plan with best market practices, the Board of Directors of Comtech amended the 2000 Plan to provide that all awards made on or after November 15, 2017, unless otherwise determined by the Committee, will not vest upon a change-in-control of Comtech, and instead will vest only upon an involuntary termination without cause (as defined in the 2000 Plan) within two years following a change-in-control of Comtech.

The foregoing amendments are reflected in the summary of the 2000 Plan set forth below.
Purpose of the 2000 Plan

The 2000 plan helps us in a number of ways:

- To attract, retain, motivate and reward employees, non-employee directors and consultants;
- To strengthen the mutuality of interests between our employees, directors and consultants and our stockholders; and
- To provide a means for qualifying awards under tax provisions so that performance-based compensation may be tax deductible by Comtech.

The Board of Directors and the ECC intend to continue to use awards linked to shares of Common Stock and cash-based incentive awards to provide incentives for the achievement of important operational and/or financial performance objectives and to promote our long-term success. In particular, we believe that in a competitive environment for qualified executive and other personnel, our ability to provide equity-based awards will continue to be a key factor in the recruitment and retention of such personnel. As a result, recruitment, retention and motivation of employees, non-employee directors, and consultants are the basis for participation in the 2000 Plan.

Overview of Awards Under the 2000 Plan

The 2000 Plan authorizes a broad range of awards, including:

- stock options;
- stock appreciation rights (“SARs”);
- restricted stock, a grant of actual shares subject to a risk of forfeiture and restrictions on transfer;
- performance units;
- restricted stock units (“RSUs”), a right to receive shares at a specified future date, subject to a risk of forfeiture;
- stock units, a right to receive shares at a specified future date;
- other stock-based awards;
- performance shares or other stock-based performance awards; these are in effect deferred stock or restricted stock awards that may be earned by achieving specific performance objective; and
- cash incentive awards earnable by achievement of specific performance objectives.

Vote Required for Approval

The approval of the share limit increase under our amended 2000 Stock Incentive Plan and related actions will require the affirmative vote of a majority of the shares voted in person or by proxy.

Reasons for Stockholder Approval

We seek approval by stockholders of an amendment to the 2000 Plan to increase the share reserve available under the 2000 Plan in order to meet the requirements of the NASDAQ Global Marketplace and because our Board of Directors regards such stockholder approval to be consistent with corporate governance best practices.

2017 Proxy Statement 57

PROPOSALS

Restrictions on Repricing

The 2000 Plan includes a restriction providing that, without stockholder approval, we will not amend or replace options or SARs previously granted under the 2000 Plan in a transaction that constitutes a “repricing.” The transactions that would require stockholder approval include amending an outstanding option or SAR to reduce its exercise price, substituting a new option or SAR at a lower exercise price or base price for a surrendered option or SAR, issuing any other type of award or paying cash in exchange for the surrender of an option or SAR at a time that its exercise price or base price exceeds the current market price of common stock or if the new award or cash has a value in excess of the then in-the-money value of the surrendered option or SAR. Adjustments to the exercise price or number of shares subject to an option or SAR and similar adjustments to all types of awards, to reflect the effects of a stock split or certain other corporate transactions, will not require separate stockholder approval, however.

Summary of the 2000 Plan

The following is a summary of the material terms of the 2000 Plan, as amended. This summary does not purport to be complete and is subject to, and qualified in its entirety by, the full text of the 2000 Plan. A copy of the 2000 Plan, restated to reflect all prior amendments and the proposed amendments, has been filed with the SEC with this Proxy Statement as Appendix A.

Administration

The 2000 Plan is administered and interpreted by a committee or subcommittee of the Board of Directors appointed from time to time by the Board of Directors (the “Committee”), consisting of two or more non-employee directors, each of whom is intended to be a non-employee director as defined in Rule 16b-3 under the Securities Exchange Act of 1934, an outside director as defined under Code Section 162(m), an independent director under NASDAQ Marketplace Rules and qualified under any independence requirement that may be enacted under the Dodd-Frank Act. Currently, our ECC serves as the Committee for the 2000 Plan. With respect to equity award grants to non-employee directors, the 2000 Plan is administered by our Board of Directors (and references to the Committee are deemed to refer to our Board of Directors for this purpose).

Subject to the terms and limitations set forth in the 2000 Plan (including limitations in the current 2000 Plan specifying the amount and terms of stock options and other equity awards automatically granted to non-employee directors), the Committee has the full authority to administer and interpret the 2000 Plan, to grant discretionary awards under the 2000 Plan, to determine the persons to whom awards will be granted, to determine the types of awards to be granted, to determine the terms and conditions of each award and approve the form of award agreements, to determine the number of shares of Common Stock to be covered by each award and to make all other determinations in connection with the 2000 Plan and awards thereunder as the Committee, in its sole discretion, deems necessary or desirable.

The terms and conditions of individual awards are set forth in written agreements, which are to be consistent with the terms of the 2000 Plan. The 2000 Plan authorizes grants of equity awards to be made until November 18, 2026. Awards granted prior to the expiration of the 2000 Plan may extend beyond the applicable expiration date. Grants of cash incentive awards and other performance-based awards are authorized until the annual meeting of stockholders in the fifth year following the year in which stockholders have most recently re-approved the performance criteria for such awards.

Eligibility and Types of Awards

Under the 2000 Plan, all employees and consultants of Comtech and its affiliates (1,813 employees as of July 31, 2017, including temporary employees and contractors), including prospective employees and consultants, are eligible to be granted nonqualified stock options, SARs, restricted stock, RSUs, performance shares, performance units, stock units, cash-based incentive awards and other stock-based awards and awards providing benefits similar to those listed

above which are designed to meet the requirements of non-U.S. jurisdictions. For purposes of the 2000 Plan, Comtech's "affiliates" include (i) any parent or subsidiary of Comtech (as those terms are defined in Section 424 of the Code), (ii) any entity that is more than 50% controlled by Comtech or any of its affiliates, and (iii) any entity in which Comtech or any of its affiliates hold a material equity interest and which is designated as an "Affiliate" by the Committee.

2017 Proxy Statement 58

PROPOSALS

In addition, employees of Comtech and its affiliates that qualify as subsidiaries or parent corporations (within the meaning of Section 424 of the Code) are eligible to be granted incentive stock options (“ISOs,” an award that provides for more favorable tax treatment to the participant) under the 2000 Plan. Under the 2000 Plan, non-employee directors of Comtech are eligible to receive nondiscretionary grants of nonqualified stock options, or, for non-employee directors who have not satisfied our minimum equity ownership interest requirements, an automatic grant of RSUs. In addition, under the 2000 Plan, non-employee directors who have satisfied the minimum equity ownership requirements, and who are therefore not subject to such automatic grants of RSUs, may elect to receive restricted stock or RSUs of equivalent fair value in lieu of the annual grant of stock options, and non-employee directors may also elect to receive stock units in lieu of cash compensation.

Available Shares, Share Counting Provisions and Per-Person Limits

As stated above, the proposed amendment would increase the number of shares of Common Stock reserved and available under the 2000 Plan by 900,000.

Under the 2000 Plan, if an award expires unexercised or is forfeited, terminated or canceled for any reason, or repurchased by us (this includes a settlement in cash), the number of shares counted against the share limit in respect of the award but not delivered will again be available for awards under the 2000 Plan. The 2000 Plan prohibits liberal share recycling and provides that the number of shares available for grant under the 2000 Plan will be reduced by (i) the total number of options, SARs or other stock-based awards (subject to exercise) that have been exercised, regardless of whether any of the shares of Common Stock underlying such awards are not actually issued to the participant as the result of a net settlement, (ii) the total number of shares of Common Stock underlying any stock-settled SAR that has been exercised regardless of whether a lesser number of shares of Common Stock have been delivered, (iii) any shares of Common Stock used to pay any exercise price on any award granted under the 2000 Plan that is subject to exercise (including, without limitation, any options, SARs or other stock-based awards (subject to exercise)) and (iv) any shares of Common Stock used to satisfy tax withholding obligation with respect to any and all awards granted under the 2000 Plan. In addition, the 2000 Plan provides shares of Common Stock repurchased by us on the open market using proceeds from the exercise of any award will not increase the number of shares available for future awards under the 2000 Plan. None of the shares currently available under the 2000 Plan resulted from such a “recapture” of shares.

The maximum number of shares of Common Stock with respect to which any option, SAR or award of performance units (not treated as a cash incentive award) or performance shares or award of restricted stock for which the grant of such award or lapse of the relevant restriction period is subject to attainment of pre-established performance goals (in accordance with Code Section 162(m)) which may be granted under the 2000 Plan during any fiscal year to any individual is 225,000 shares per type of award, provided that the maximum number of shares of Common Stock for all types of such qualifying awards granted to the participant does not exceed 225,000 during any fiscal year (the “162(m) Per-Person Share Limit”). To the extent that shares of Common Stock for which awards are permitted to be granted to an individual during a fiscal year are not covered by an award in a fiscal year, the number of shares of Common Stock available for awards to such individual will automatically increase in subsequent fiscal years until used.

For awards denominated in cash, including cash incentive awards, the 2000 Plan contains an annual per person limit to meet requirements under Code Section 162(m). A participant may potentially earn cash incentive awards up to his or her “annual limit” in any fiscal year. The annual limit for each individual is \$4.0 million plus the amount of the participant’s unused annual limit as of the close of the previous fiscal year. A participant uses up his or her annual limit in a given year based on the maximum potential amount of the incentive award authorized by the Committee, even if the actual amount earned is less than the maximum. Performance units payable solely in cash are subject to the limit on cash incentive awards (together with any cash incentives granted) and performance units denominated in cash but payable in either cash or shares are subject to the limit on share awards unless, in connection with the grant, the

Committee specifies that the limit to be applied to the award will be the cash incentive award limit, even if the award may potentially be settled in share units.

2017 Proxy Statement 59

PROPOSALS

The aggregate number of shares of Common Stock available under the 2000 Plan, the maximum number of shares that may be granted (including annual per-person limits on share grants), the number of shares underlying option grants and to which other awards relate, exercise prices, performance conditions tied to share price, and other award terms are subject to appropriate adjustment by the Committee in the event of changes in our capital structure or business by reason of certain corporate transactions or events, including stock splits, spin-offs, extraordinary dividends, and other equity restructurings.

On October 24, 2017, the closing price of our Common Stock in the NASDAQ Global Select Market was \$21.70 per share.

Awards under the 2000 Plan

The following describes awards that may be granted to employees or consultants, except where specific reference is made to non-employee directors.

Stock Options. The Committee may grant nonqualified stock options and ISOs (grantable only to employees) to purchase shares of Common Stock. The Committee determines the number of shares of Common Stock subject to each option, the term of each option (up to ten years), the exercise price, the vesting schedule, and the other material terms of each option. No ISO or nonqualified stock option may have an exercise price less than the fair market value of the Common Stock at the time of grant.

Options are exercisable at such times and subject to such terms and conditions as determined by the Committee at grant, and the exercisability of such options may be accelerated by the Committee in its sole discretion (except as limited under Internal Revenue Code Section 409A). Payment of an option's exercise price may be made: (i) in cash or by check, bank draft or money order, (ii) to the extent allowable by law, through a broker-assisted "cashless exercise" procedure, or (iii) on such other terms and conditions as may be acceptable to the Committee, which may include net exercises in which option shares are withheld to satisfy the exercise price.

Stock Appreciation Rights. The Committee may grant SARs either with a stock option which may be exercised only at such times and to the extent the related option is exercisable ("Tandem SAR") or independent of a stock option ("Non-Tandem SARs"). A SAR is a right to receive a payment either in cash or Common Stock, as the Committee may determine, equal in value to the excess of the fair market value of one share of Common Stock on the date of exercise over the base price per share established in connection with the grant of the SAR. The base price per share covered by a SAR is the exercise price per share of the related option in the case of a Tandem SAR and is the closing price of the Common Stock on the date of grant in the case of a Non-Tandem SAR.

Restricted Stock. The Committee may award "restricted" shares of Common Stock. Upon the award of restricted stock, the recipient has all rights of a stockholder with respect to the shares, including the right to receive dividends and the right to vote the shares of restricted stock, but until the award becomes vested the restricted stock is subject to a risk of forfeiture if performance and/or service conditions are not met, and the restricted stock is non-transferable until it is no longer subject to a risk of forfeiture. Awards of restricted stock are subject to minimum vesting requirements of (i) one year for awards of restricted stock that are subject to performance-based vesting requirements and (ii) three years for awards of restricted that are subject to service-based vesting requirements (with such award vesting as to no more than one-third of the Common Stock subject thereto on each of the first and second anniversaries of the date of grant). Recipients of restricted stock are required to enter into a restricted stock agreement with us which states the restrictions to which the shares are subject and the criteria or date or dates on which such restrictions will lapse. Dividends on restricted stock will be subject to the same performance or service-based vesting requirements that apply to the restricted stock.

PROPOSALS

Restricted Stock Units and Stock Units. The Committee may award RSUs or stock units. A stock unit is a contractual commitment to deliver a share of Common Stock to a participant at a future date. An RSU is a stock unit that is subject to a risk of forfeiture if performance and/or service conditions are not met. Until shares are delivered in settlement of an RSU or stock unit, the participant has no rights of a stockholder to vote or to receive dividends on the underlying shares, although generally the participant granted an RSU or stock unit may also be granted a right to receive "dividend equivalents." Dividend equivalents are payments equal in value to dividends that would have been received if the underlying shares had been issued and outstanding and held by the participant at the record date for a dividend paid on Common Stock. Awards of RSUs are subject to minimum vesting requirements of (i) one year for awards of RSUs that are subject to performance-based vesting requirements and (ii) three years for awards of RSUs that are subject to service-based vesting requirements (with such award vesting as to no more than one-third of the RSUs subject thereto on each of the first and second anniversaries of the date of grant). Stock units generally will not have vesting conditions, but the terms of grant or amounts granted must come within the limited exceptions to the minimum vesting requirements set forth in the preceding sentence. Dividend equivalents on unvested RSUs will be subject to the same performance and service vesting requirements that apply to the RSU.

Cash Incentive Awards, Performance Units and Performance Shares. The Committee may grant performance shares entitling recipients to receive a fixed number of shares of Common Stock or the cash equivalent thereof, as determined by the Committee in its sole discretion, upon the attainment of performance goals established by the Committee during a performance period specified by the Committee. The Committee may grant performance units or cash incentive awards entitling recipients to receive a value payable in cash or, in the case of performance units, a cash amount that will be converted to shares of Common Stock at a specified date, to be settled at that date in shares or at a later date in cash or shares as determined by the Committee. Cash incentive awards and performance units will be earned only by the attainment of performance goals established by the Committee for a specified performance cycle. Cash incentive awards may include annual incentive awards. Awards of performance shares and performance share units are subject to minimum vesting requirements of (i) one year for such awards that are subject to performance-based vesting requirements and (ii) three years for such awards that are subject to service-based vesting requirements (with such award vesting as to no more than one-third of the Common Stock subject thereto on each of the first and second anniversaries of the date of grant). Dividend equivalents may be credited on performance shares, with any amounts credited to be subject to the same performance and service vesting requirements that apply to the performance share.

Other Stock-Based Awards. The Committee may grant awards of Common Stock and other awards that are valued in whole or in part by reference to, or are payable in or otherwise based on, Common Stock. These awards may be granted either alone or in addition to or in tandem with other awards. Other stock-based awards are subject to minimum vesting requirements of (i) one year for such awards that are subject to performance-based vesting requirements and (ii) three years for such awards that are subject to service-based vesting requirements (with such award vesting as to no more than one-third of the Common Stock subject thereto on each of the first and second anniversaries of the date of grant). Dividend equivalents on unvested other stock-based awards will be subject to the same performance and service vesting requirements that apply to the award. The Committee also determines the purchase price to be paid, if any, by a recipient to purchase other stock-based awards (including shares of Common Stock or stock units). The purchase of shares of Common Stock, stock units or other stock-based awards may be made on either an after-tax or pre-tax basis, as determined by the Committee; provided, however, that if the purchase is made on a pre-tax basis, such purchase will be made pursuant to a deferred compensation program established by the Committee, which will be deemed to be part of the 2000 Plan.

Performance Goals

The 2000 Plan sets out performance goals that the Committee may use in creating performance-based awards that are intended to qualify for full tax deductibility by Comtech under Code Section 162(m). Awards may be granted to

participants who are not deemed likely to be covered by Code Section 162(m) with performance conditions and other terms different from those needed in an award intended to meet Code Section 162(m) requirements. This section describes performance award terms intended to meet Code Section 162(m) requirements.

2017 Proxy Statement 61

PROPOSALS

If the grant of an award, the lapse of a relevant restriction, or the earning or vesting of an award or right to exercise an award, including cash incentive awards, is to be based on the attainment of objective performance goals, the Committee will establish the performance goals, formulae or standards and the amount of the award to become earned or vested applicable to each recipient while the outcome of the performance goals are substantially uncertain. Such performance goals may incorporate provisions for not applying (or adjusting for) changes in accounting methods, corporate transactions (including, without limitation, dispositions and acquisitions) and other similar events or circumstances. Code Section 162(m) requires that performance awards be based upon objective performance measures.

Such performance goals will be based on one or more of the following criteria (“Performance Criteria”): (i) revenues; (ii) income before income taxes and extraordinary items, net income, income before income tax and stock based compensation expense, earnings before income tax, earnings before interest, taxes, depreciation and amortization or a combination of any or all of the foregoing; (iii) after-tax or pre-tax profits; (iv) operational cash flow; (v) level of, reduction of, or other specified objectives with regard to limiting the level of increase in our bank debt or other long-term or short-term public or private debt or other similar financial; (vi) earnings per share or earnings per share from continuing operations; (vii) return on capital employed or return on invested capital; (viii) after-tax or pre-tax return on stockholders’ equity; (ix) economic value added targets based on a cash flow return on investment formula; (x) fair market value of the shares of Common Stock; and (xi) the growth in the value of an investment in the Company’s Common Stock assuming the reinvestment of dividends. Such performance goals may be based upon the attainment of specified levels of Comtech’s (or a subsidiary, division or other operational unit of Comtech) performance under one or more of these measures, as a pre-specified level of achievement, a level of achievement relative to prior performance, or a level of performance relative to the performance of other corporations. To the extent permitted under the Code, the Committee may: (i) designate additional business criteria on which the performance goals may be based; (ii) retain discretion to consider other types of performance or other circumstances, as an exercise of “negative discretion,” so long as one or more of the objective Performance Criteria has been achieved, and (iii) adjust or modify the Performance Criteria, including by specifying that particular items of income or expense will be included or excluded from the Performance Criteria. Our cash annual incentive awards to named executive officers are granted under the 2000 Plan. The terms of these types of awards are discussed in greater detail in the section “Compensation Discussion and Analysis.”

Change-in-Control

With respect to awards that were granted prior to November 15, 2017, unless it was determined otherwise by the Committee at the time of grant, and except to the extent the applicable award agreement, the recipient’s employment agreement or other agreement approved by the Committee provided otherwise, accelerated vesting or lapsing of restrictions of equity awards will occur upon a change-in-control of Comtech (as defined in the 2000 Plan), except that stock options may instead be assumed or substituted by the acquirer as provided in the 2000 Plan, in which case the Committee can determine that the stock options will not be subject to accelerated vesting. Effective November 15, 2017, in order to better align the terms of the 2000 Plan with best market practices, the Board of Directors of Comtech amended the 2000 Plan to provide that all awards made on or after November 15, 2017, unless otherwise determined by the Committee, will not vest upon a change-in-control of Comtech, and instead will vest, in the case of an employee, only upon an involuntary termination without cause (as defined in the 2000 Plan) within two years following a change-in-control of Comtech. Upon a change-in-control of Comtech, options or other equity awards granted to non-employee directors would generally vest if the director fails to stand for reelection, fails to be reelected, or is removed or resigns at the request or instruction of a person or entity effecting the Change in Control, in each case occurring on or after the occurrence of a Change in Control.

PROPOSALS

Non-Employee Director Equity Awards

The 2000 Plan authorizes the automatic grant of nonqualified stock options to each non-employee director, without further action by the Board of Directors or the stockholders. However, the 2000 Plan provides for an automatic grant of RSUs in lieu of the annual grant of nonqualified stock options to non-employee directors to the extent needed for them to meet minimum equity ownership interest requirements. In addition, under the 2000 Plan, non-employee directors who have satisfied the minimum equity ownership requirements, and who are therefore not subject to such automatic grants of RSUs, may elect to receive restricted stock or RSUs of equivalent fair value in lieu of the annual grant of stock options, and non-employee directors may also elect to receive stock units in lieu of cash compensation. Except for the way in which the awards are granted and the vesting terms (as discussed above), the principal terms of stock options, restricted stock, RSUs and stock units are the same as described above for awards granted to employees. The exercise price per share of such options is the closing price of the Common Stock at the time of grant. The term of each such option is five years, unless otherwise determined by the Committee at the time of grant.

The equity awards are granted to a non-employee director on an annual basis, with a newly appointed director receiving a pro-rata annual grant. The annual fair value of the equity awards granted to each non-employee director currently is set at \$120,000. Options granted to non-employee directors are to vest and become exercisable, at the rate of 25% effective on the first and second anniversaries of the grant date and 50% on the third anniversary of the grant date, provided that the option may be vested only during the continuance of his or her service as a director of Comtech unless the Committee exercises its discretion to accelerate or extend the vesting of the stock options. All options granted to non-employee directors and not previously exercisable will become fully exercisable upon death and options granted to non-employee directors prior to November 15, 2017, vest immediately upon a change-in-control of Comtech (as defined in the 2000 Plan). Options granted to non-employee directors on or after November 15, 2017, unless otherwise determined by the Committee, vest fully and become exercisable if the director fails to stand for reelection, fails to be reelected, or is removed or resigns at the request or instruction of a person or entity effecting the Change in Control in each case occurring on or after the occurrence of a Change in Control. If restricted stock or RSUs are granted to non-employee directors in lieu of options, those awards would vest (including accelerated vesting) at the same time as the options would have vested.

Amendment and Termination

The Board of Directors or Committee may at any time amend any or all of the provisions of the 2000 Plan, or suspend or terminate it entirely, retroactively or otherwise. However, no amendment may be made without the approval of the Company's stockholders in accordance with the laws of the State of Delaware, to the extent required under Section 162(m) of the Code or, to the extent applicable to ISOs, Section 422 of the Code, which would: (i) increase the aggregate number of shares of Common Stock that may be issued; (ii) increase the 162(m) Per-Person Share Limits; (iii) change the classification of employees, non-employee directors or consultants eligible to receive awards; (iv) decrease the minimum exercise price of any stock option or SAR; (v) extend the maximum option term; (vi) materially alter the Performance Criteria; or (vii) require stockholder approval in order for the 2000 Plan to continue to comply with the applicable provisions of Section 162(m) of the Code or, to the extent applicable to ISOs, Section 422 of the Code.

Under these rules, however, stockholder approval will not necessarily be required for all amendments which might increase the cost of the 2000 Plan or broaden eligibility, such as amendments that change the aggregate fair value of the annual grant of an equity award to each non-employee director. However, stockholder approval is required for re-pricing transactions, as discussed above.

Unless the 2000 Plan is terminated earlier, if the amendment is approved by stockholders, the authorization to grant new equity awards will terminate in 2026 and the authorization to grant awards intended to satisfy the provisions of Code Section 162(m) will terminate in 2021.

PROPOSALS

Vesting, Forfeiture and Acceleration. The Committee may, in its discretion, determine the vesting schedule of options and other awards (subject to the minimum vesting requirements, discussed above), the circumstances that will result in forfeiture of the awards, the post-termination exercise periods of options and similar awards, and the events that will result in acceleration of the ability to exercise and the lapse of restrictions, or the expiration of any deferral period, on any award. Deferral periods and any acceleration of the settlement of an award that constitutes a deferral of compensation under Code Section 409A are subject to the limitations under Section 409A.

Other Terms of Awards. Certain awards may be settled in cash, stock, other awards or other property, in the discretion of the Committee. The Committee may require or permit participants to defer the settlement of all or part of an award in accordance with such terms and conditions as the Committee may establish, including payment or crediting of interest or dividend equivalents on any deferred amounts. The Committee may condition distributions under awards on the payment of taxes such as by withholding a portion of the stock or other property to be distributed (or receipt of previously acquired stock or other property surrendered by the participant) in order to satisfy tax obligations. Awards granted under the 2000 Plan generally may not be pledged or otherwise encumbered and are not transferable except by will or by the laws of descent and distribution, or to a designated beneficiary upon the participant's death, except the Committee may permit transfers of non-qualified stock options for estate-planning purposes, except that transfers for value are not permitted.

Awards under the 2000 Plan are generally granted without a requirement that the participant pay consideration in the form of cash or property for the grant (as distinguished from the exercise of a stock option or SAR), except to the extent required by law.

Our Company may grant cash or equity awards apart from the 2000 Plan, subject to any applicable regulatory restrictions. Thus, the 2000 Plan is not the exclusive means by which cash, including cash bonuses and incentive awards, and equity awards may be granted to employees, non-employee directors and consultants. The 2000 Plan is not subject to the requirements of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), nor is it a qualified plan under Section 401(a) of the Code.

Certain Federal Income Tax Consequences Relating to the 2000 Plan

Our Company believes that under current law as in effect at November 15, 2017, the following Federal income tax consequences generally would arise with respect to awards under the 2000 Plan taxable under U.S. income tax laws:

Options and SARs that are not deemed to be deferral arrangements under Code Section 409A would have the following tax consequences: (i) the grant of an option or a SAR will create no federal income tax consequences for the participant or Comtech; (ii) a participant will not have taxable income upon exercising an option which is an ISO, except that the alternative minimum tax may apply; (iii) upon exercising an option which is not an ISO, the participant generally must recognize ordinary income equal to the difference between the exercise price and the fair market value of the freely transferable and non-forfeitable shares acquired on the date of exercise; and (iv) upon exercising a SAR, the participant must generally recognize ordinary income equal to the cash or the fair market value of the shares received.

Upon a disposition of shares acquired upon exercise of an ISO before the end of the applicable ISO holding periods, the participant must generally recognize ordinary income equal to the lesser of (i) the fair market value of the ISO shares at the date of exercise minus the exercise price or (ii) the amount realized upon the disposition of the ISO shares minus the exercise price. For all options, a participant's sale of shares acquired by exercise generally will result in short-term or long-term capital gain or loss measured by the difference between the sale price and the participant's tax "basis" in such shares. The tax "basis" normally is the exercise price plus any amount he or she recognized as ordinary income in connection with the option's exercise. A participant's sale of shares acquired by exercise of a SAR generally

will result in short-term or long-term capital gain or loss measured by the difference between the sale price and the participant's tax basis in the shares, which normally is the amount he or she recognized as ordinary income in connection with the SAR's exercise.

2017 Proxy Statement 64

PROPOSALS

Comtech normally can claim a tax deduction equal to the amount recognized as ordinary income by a participant in connection with the exercise of an option or SAR, but no tax deduction relating to a participant's capital gains. We will not be entitled to any tax deduction with respect to an ISO if the participant holds the shares for the applicable ISO holding period before selling the shares.

We intend that awards other than options and SARs that result in a transfer to the participant of cash or shares or other property generally will have terms that comply with or are exempt from Code Section 409A, which regulates deferred compensation. If no restriction on transferability or substantial risk of forfeiture applies to amounts distributed to a participant, the participant generally must recognize ordinary income equal to the cash or the fair market value of shares actually received. Thus, for example, if we grant an award of stock units that has vested or provides for deferral of receipt of cash or shares under a vested award, the participant should not become subject to income tax until the time at which shares or cash are actually distributed, and our Company normally will be entitled to claim a tax deduction at that time. On the other hand, if a restriction on transferability and substantial risk of forfeiture applies to shares or other property actually distributed to a participant under an award (such as, for example, a grant of restricted stock), the participant generally must recognize ordinary income equal to the fair market value of the transferred amounts at the earliest time either the transferability restriction or the substantial risk of forfeiture lapses. In all cases, Comtech can claim a tax deduction in an amount equal to the ordinary income recognized by the participant, except as discussed below. A participant may elect to be taxed at the time of grant of restricted stock rather than upon lapse of restrictions on transferability or the risk of forfeiture, but if the participant later forfeits such shares or property he or she would not be entitled to any income tax deduction for the value of the shares or property on which he or she previously paid tax.

Any award that is deemed to be a deferral arrangement (not excluded or exempted under applicable regulations) will be subject to Code Section 409A. Certain participant elections and the timing of distributions relating to such awards must meet requirements under Code Section 409A in order for income taxation to be deferred upon vesting of the award and tax penalties avoided by the participant. Some options and SARs may be subject to Code Section 409A, which regulates deferral arrangements. In such case, the distribution to the participant of shares or cash relating to the award would have to meet certain restrictions in order for the participant not to be subject to tax and a tax penalty at the time of vesting. One significant restriction would be a requirement that the distribution not be controlled by the participant's discretionary exercise of the option or SAR if the exercise period exceeds certain limits.

Assuming an award of RSUs, stock units, performance shares, performance units or other stock-based awards meets the requirements of Section 409A (as a deferral of compensation or as compensation excluded from regulation under Section 409A) the distribution of shares or cash under the award would result in the participant realizing ordinary income at the time of distribution, with the amount of ordinary income equal to the distribution date value of the shares or cash (less any purchase price actually paid). This would be the tax treatment for non-employee directors who receive RSUs or stock units in lieu of stock options under the proposed amendment to the 2000 Plan. We would be entitled to a tax deduction at the time shares are delivered or cash paid at the distribution date.

As discussed above, compensation that qualifies as "performance-based" compensation is excluded from the \$1.0 million deductibility cap of Code Section 162(m), and therefore remains fully deductible by the company that pays it. Under the 2000 Plan, (i) options and SARs, (ii) incentive and performance awards to employees the Committee expects to be named executive officers (other than the CFO) at the time compensation is received, and (iii) certain other awards that are conditioned upon achievement of performance goals are intended to qualify as such "performance-based" compensation. A number of requirements must be met in order for particular compensation to qualify, however, so there can be no assurance that such compensation under the 2000 Plan will be fully deductible under all circumstances. In addition, other awards under the 2000 Plan, such as non-performance-based restricted stock, RSUs and stock units, generally will not qualify, so that compensation paid to certain executives in connection

with such awards, to the extent it and other compensation subject to Section 162(m)'s deductibility cap exceed \$1.0 million in a given year, may not be deductible by Comtech as a result of Section 162(m). Compensation to certain employees resulting from vesting of awards in connection with a change-in-control or termination following a change-in-control also may be non-deductible under Code Section 280G. See "Potential Termination and Change-in-Control Payments."

PROPOSALS

The foregoing provides only a general description of the application of federal income tax laws to certain awards under the 2000 Plan. This discussion is intended for the information of stockholders considering how to vote at the Fiscal 2017 Annual Meeting of Stockholders and not as tax guidance to participants in the 2000 Plan, as the consequences may vary with the types of awards made, the identity of the recipients and the method of payment or settlement. Different tax rules may apply, including in the case of variations in transactions that are permitted under the 2000 Plan (such as payment of the exercise price of an option by surrender of previously acquired shares). The summary does not address in any detail the effects of other federal taxes (including possible “golden parachute” excise taxes) or taxes imposed under state, local or foreign tax laws.

New Plan Benefits Under the 2000 Plan

Because future awards under the 2000 Plan will be granted in the discretion of the Committee, the type, number, recipients, and other terms of such awards cannot be determined at this time. Information regarding our recent practices with respect to annual and long-term incentive awards and stock-based compensation under our existing 2000 Plan is presented in the “Summary Compensation Table” and these related tables: “Grants of Plan-Based Awards,” “Outstanding Equity Awards at Fiscal Year-End,” and “Options Exercised and Stock Vested,” elsewhere in this Proxy Statement, in the “Compensation Discussion and Analysis,” section above, and in our financial statements for the fiscal year ended July 31, 2017 contained in the Annual Report which accompanies this Proxy Statement.

If stockholders decline to approve the increase in the number of shares available for awards under the 2000 Plan, we will not implement the amendments that require shareholder approval.

PURPOSE

The purpose of The Comtech Telecommunications Corp. 2000 Stock Incentive Plan is to enhance the profitability and value of the Company for the benefit of its stockholders by enabling the Company: (i) to offer employees of, and Consultants to, the Company and its Affiliates stock-based incentives and other equity interests in the Company and cash-based incentive Awards, thereby creating a means to attract, retain, motivate and reward such individuals and, through awards with a value based on the value of Company stock, to strengthen the mutuality of interests between such individuals and the Company's stockholders; and (ii) to make equity based awards to Non-Employee Directors, thereby creating a means to attract, retain and reward such Non-Employee Directors and strengthen the mutuality of interests between Non-Employee Directors and the Company's stockholders.

ARTICLE II

DEFINITIONS

For purposes of this Plan, the following terms shall have the following meanings:

2.1 "Acquisition Event" has the meaning set forth in Section 4.2(d).

2.2 "Affiliate" means each of the following: (i) any Subsidiary; (ii) any Parent; (iii) any corporation, trade or business (including, without limitation, a partnership or limited liability company) which is directly or indirectly controlled 50% or more (whether by ownership of stock, assets or an equivalent ownership interest or voting interest) by the Company or one of its Affiliates; and (iv) any other entity in which the Company or any of its Affiliates has a material equity interest and which is designated as an "Affiliate" by resolution of the Committee.

A-1

2.3 "Award" means any award under this Plan of any: (i) Stock Option; (ii) Stock Appreciation Right; (iii) Restricted Stock; (iv) Performance Share; (v) Performance Unit; (vi) Restricted Stock Unit; (vii), Stock Unit, (viii) Other Stock-Based Award; (ix) other award providing benefits similar to (i) through (viii) designed to meet the requirements of a Foreign Jurisdiction; or (x) cash incentive Award awarded under Section 10.1. An Award other than a cash incentive Award is referred to as an "Equity Award."

2.4 "Board" means the Board of Directors of the Company.

With respect to a Participant's Termination of Directorship, "cause" shall mean an act or failure to act that constitutes cause for removal of a director under applicable Delaware law.

2.6 "Change in Control" has the meaning set forth in Article XIV.

2.7 "Code" means the Internal Revenue Code of 1986, as amended. Any reference to any section of the Code shall also be a reference to any successor provision.

and (iv) as may be applicable, "independent" as provided pursuant to the rules promulgated by the Securities and Exchange Commission under The Dodd-Frank Wall Street Reform and Consumer Protection Act; provided, however, that if and to the extent that no Committee exists which has the authority to administer this Plan, the functions of the Committee shall be exercised by the Board and all references herein to the Committee shall be deemed to be references to the Board; and (b) with respect to the application of this Plan to Non-Employee Directors, the Board. If for any reason the appointed Committee does not meet any of the requirements of clauses (a)(i) – (iv) above, such noncompliance shall not affect the validity of Awards, grants, interpretations or other actions of the Committee.

2.9 "Common Stock" means the common stock, \$.10 par value per share, of the Company.

2.10 "Company" means Comtech Telecommunications Corp., a Delaware corporation, and its successors by operation of law.

SHARE AND OTHER LIMITATIONS

A-12

4.1 Shares.

(a) General Limitation. The aggregate number of shares of Common Stock which may be issued or used for reference purposes under this Plan or with respect to which Equity Awards may be granted shall not exceed 10,362,500 shares of Common Stock (subject to any increase or decrease pursuant to Section 4.2) with respect to all types of Equity Awards (such aggregate number of shares includes shares already issued pursuant to Equity Awards granted under the Plan since its original inception). The shares of Common Stock available under this Plan may be either authorized and unissued Common Stock or Common Stock held in or acquired for the treasury of the Company.

(b) Share Recycling (subject to Section 4.1(c) Limitations on Share Recycling).

If any Stock Option or Stock Appreciation Right granted under this Plan expires, terminates or is canceled for any reason without having been exercised in full or, with respect to Stock Options, the Company repurchases any Stock Option, the number of shares of Common Stock underlying such unexercised or repurchased Stock Option or any unexercised Stock Appreciation Right shall again be available for the purposes of Equity Awards under this Plan. If any shares of Restricted Stock, Performance Shares, Performance Units, Restricted Stock Units or Stock Units awarded under this Plan to a Participant are forfeited or repurchased by the Company for any reason, the number of forfeited or repurchased shares of Restricted Stock, or shares of Common Stock underlying any Performance Share, Performance Unit, Restricted Stock Unit or Stock Unit Awards shall again be available for the purposes of Equity Awards under this Plan. If a Tandem Stock Appreciation Right is granted or a Limited Stock Appreciation Right is granted in tandem with a Stock Option, such grant shall only apply once against the maximum number of shares of Common Stock which may be issued under this Plan.

(c) Limitations on Share Recycling.

Notwithstanding anything else herein, (i) the total number of Stock Options, Stock Appreciation Rights or Other Stock-Based Awards (subject to exercise) that have been exercised, regardless of whether any of the shares of Common Stock underlying such Awards are not actually issued to the Participant as the result of a net settlement, (ii) the total number of shares of Common Stock underlying any stock-settled Stock Appreciation Right that has been exercised regardless of whether a lesser number of shares of Common Stock have been delivered, (iii) any shares of Common Stock used to pay any exercise price on any Award granted under the Plan that is subject to exercise (including, without limitation, any Stock Options, Stock Appreciation Rights or Other Stock-Based Awards (subject to exercise)) and (iv) any shares of Common Stock used to satisfy tax withholding obligation with respect to any and all Awards granted under the Plan, shall in each case be counted against the limits set forth in Section 4.1(a) and shall no longer be

available for purposes of granting Equity Awards under this Plan. In addition, shares of Common Stock repurchased by the Company on the open market using proceeds from the exercise of any Award shall not increase the number of shares available for future grant of Awards hereunder.

- (d) Individual Participant Limitations. (i) The maximum number of shares of Common Stock subject to any Award of Stock Options, Stock Appreciation Rights, Performance Shares or shares of Restricted Stock for which the grant of such Award or the lapse of the relevant Restriction Period is subject to the attainment of Performance Goals in accordance with Section 8.3(a)(ii) herein which may be granted under this Plan during any fiscal year of the Company to each Eligible Employee or Consultant shall be 225,000 shares per type of Award (which shall be subject to any increase or decrease pursuant to Section 4.2), provided that the maximum number of shares of Common Stock for all types of Equity Awards does not exceed 225,000 (which shall be subject to any increase or decrease pursuant to Section 4.2) during any fiscal year of the Company. If a Tandem Stock Appreciation Right is granted or a Limited Stock Appreciation Right is granted in tandem with a Stock Option, it shall apply against the Eligible Employee's or Consultant's individual share limitations for both Stock Appreciation Rights and Stock Options.
- (ii) There are no annual individual Eligible Employee or Consultant share limitations on Restricted Stock for which the grant of such Award or the lapse of the relevant Restriction Period is not subject to attainment of Performance Goals in accordance with Section 8.3(a)(ii) hereof.
- (iii) Performance Units payable solely in cash shall be deemed to be cash incentive awards subject to the limitation in Section 4.1(d)(v), and Performance Units payable in cash or in shares of Common Stock shall be subject to the limitation in Section 4.1(d)(i) unless the Committee has, no later than the time performance goals are specified for the Performance Units, designated such Performance Units as cash incentive awards potentially settleable in shares, in which case the Performance Units shall be subject to the limitation in Section 4.1(d)(v).
- (iv) The individual Participant limitations set forth in this Section 4.1(d)(i) – (iv) shall be cumulative; that is, to the extent that shares of Common Stock for which Equity Awards are permitted to be granted to an Eligible Employee or a Consultant during a fiscal year are not covered by an Award to such Eligible Employee or Consultant in a fiscal year, the number of shares of Common Stock available for Equity Awards to such Eligible Employee or Consultant shall automatically increase in the subsequent fiscal years during the term of the Plan until used.
- (v) The maximum potential amount earnable under all cash incentive Awards granted under this Plan for any fiscal year of the Company

to each Eligible Employee shall be such Eligible Employee's "Annual Limit," which in each fiscal year shall be \$4 million plus the amount of the Eligible Person's unused Annual Limit as of the close of the previous fiscal year. This limitation is separate and not affected by the number of Awards granted during such fiscal year subject to the limitations under Section 4.1(d)(i) – (iv). For this purpose, (i) the potential amount earnable means the maximum amount potentially payable, without regard to whether it is to be paid currently or on a deferred basis or continues to be subject to any service requirement or other non-performance condition, (ii) a Participant's Annual Limit is used to the extent an amount may be potentially earned or paid under a cash incentive Award, regardless of whether such amount is in fact earned or paid, and (iii) a cash incentive Award is "granted" for the earliest fiscal year included in the Performance Cycle for that Award, regardless of whether the terms of the Award do or do not create a legal right on the part of the Participant ultimately to receive a payment with respect to such Award.

4.2 Changes.

(a) The existence of this Plan and the Awards granted hereunder shall not affect in any way the right or power of the Board or the stockholders of the Company to make or authorize any adjustment, recapitalization, reorganization or other change in the Company's capital structure or its business, any merger or consolidation of the Company or any Affiliate, any issue of bonds, debentures, preferred or prior preference stock ahead of or affecting Common Stock, the dissolution or liquidation of the Company or any Affiliate, any sale or transfer of all or part of the assets or business of the Company or any Affiliate or any other corporate act or proceeding.

(b) Subject to the provisions of Section 4.2(d), in the event of any such change in the capital structure or business of the Company by reason of any stock split, reverse stock split, stock dividend, combination or reclassification of shares, recapitalization, or other change in the capital structure of the Company, merger, consolidation, spin-off, reorganization, partial or complete liquidation, issuance of rights or warrants to purchase any Common Stock or securities convertible into Common Stock, or any other corporate transaction or event having an effect similar to any of the foregoing and effected without receipt of consideration by the Company, then the aggregate number and kind of shares which thereafter may be issued under this Plan, the number and kind of shares or other property (including cash) to be issued upon exercise of an outstanding Stock Option or other Awards granted under this Plan and the purchase price thereof, the per share performance goals established under any Award, the number and kind of shares to be issued to Non-Employee Directors pursuant to Article XIII, and the individual participation limits set forth in Section 4.1(d) (other than those based on cash limitations) shall be appropriately adjusted consistent with such change in such manner as the Committee deems equitable to prevent substantial dilution or enlargement of the rights granted to, or available for, Participants under this Plan, and any such

adjustment shall be final, binding and conclusive on the Company and all Participants and employees and their respective heirs, executors, administrators, successors and assigns. In furtherance of the foregoing, each outstanding Award shall confer on the Participant a legal right to an appropriate adjustment of the Award in the event of an "equity restructuring" within the meaning of FASB ASC Topic 718. Notwithstanding the foregoing, the Committee shall not make any adjustments pursuant to this Section 4.2 that would subject a Participant to additional tax or penalties under Section 409A of the Code, without the Participant's consent.

(c) Fractional shares of Common Stock resulting from any adjustment in Options or Awards pursuant to Section 4.2(a) or (b) shall be aggregated until, and eliminated at, the time of exercise by rounding-down for fractions less than one-half and rounding-up for fractions equal to or greater than one-half. No cash settlements shall be made with respect to fractional shares eliminated by rounding. Notice of any adjustment shall be given by the Committee to each Participant whose Award has been adjusted and such adjustment (whether or not such notice is given) shall be effective and binding for all purposes of this Plan.

(d) In the event of a merger or consolidation in which the Company is not the surviving entity or in the event of any transaction that results in the acquisition of substantially all of the Company's outstanding Common Stock by a single person or entity or by a group of persons and/or entities acting in concert, or in the event of the sale or transfer of all or substantially all of the Company's assets (all of the foregoing being referred to as "Acquisition Events"), then the Committee may, in its sole discretion, terminate all outstanding Stock Options and Stock Appreciation Rights, effective as of the date of the Acquisition Event, by delivering notice of termination to each Participant at least 30 days prior to the date of consummation of the Acquisition Event, in which case during the period from the date on which such notice of termination is delivered to the consummation of the Acquisition Event, each such Participant shall have the right to exercise in full all of his or her Stock Options and Stock Appreciation Rights that are then outstanding (without regard to any limitations on exercisability otherwise contained in the Stock Option or Award Agreements), but any such exercise shall be contingent upon and subject to the occurrence of the Acquisition Event, and, provided that, if the Acquisition Event does not take place within a specified period after giving such notice for any reason whatsoever, the notice and exercise pursuant thereto shall be null and void.

If an Acquisition Event occurs but the Committee does not terminate the outstanding Stock Options and Stock Appreciation Rights pursuant to this Section 4.2(d), then the provisions of Section 4.2(b) shall apply.

4.3 Minimum Purchase Price. Notwithstanding any provision of this Plan to the contrary, if authorized but previously unissued shares of Common

Stock are issued under this Plan, such shares shall not be issued for a consideration which is less than as permitted under applicable law.

4.4 Assumption of Awards. Awards that were granted prior to the Effective Date under the (i) Comtech Telecommunications Corp. 1982 Incentive Stock Option Plan (the "1982 Plan"), and (ii) the Comtech Telecommunications Corp. 1993 Incentive Stock Option Plan, as amended, shall be transferred and assumed by this Plan as of the Effective Date. Notwithstanding the foregoing, such Awards shall continue to be governed by the terms of the applicable agreement in effect prior to the Effective Date.

4.5 Minimum Restriction and Vesting Period. Notwithstanding any other provision of the Plan to the contrary, effective September 21, 2011, with respect to any Award of Restricted Stock, Performance Shares, Performance Units, Restricted Stock Units, or Other Stock-Based Award which by its terms does not require the recipient of the Award to pay a per share exercise price or purchase price equal to the Fair Market Value of the underlying Common Stock at the grant date (collectively, "Full-Value Awards"), (i) the Restriction Period with respect to any such Award of Restricted Stock, (ii) the Performance Period with respect to any such Award of Performance Shares, (iii) the Performance Unit Cycle with respect to any such Award of Performance Units and (iv) the vesting period with respect to any such Restricted Stock Unit or any such Other Stock-Based Award that is payable in shares of Common Stock granted on or after such date shall be no less than (A) one year, if the lapsing of restrictions or vesting of the Full-Value Award is based (in whole or in part) on the attainment of one or more Performance Goals, and (B) three years, if the lapsing of restrictions or vesting of the Full-Value Award is based solely on the continued performance of services by the Participant (with the restrictions thereto lapsing or the Full-Value Award becoming vested as to no more than one-third (1/3rd) of the Common Stock subject thereto on each of the first and second anniversaries of the date of grant); provided, that, subject to the terms of the Plan, the Committee may (at the time of grant or thereafter) provide for the earlier lapsing of restrictions or the vesting of the Full-Value Award in the event of a Change of Control or a Participant's Retirement, death or Disability; and provided further, that, subject to the limitations set forth in Section 4.1(a), Full-Value Awards with respect to up to five percent (5%) of the total number of Shares reserved for Awards under the Plan may be granted that are not subject to the foregoing limitations.

4.6 Dividends and Dividend Equivalents. Notwithstanding any other provision of the Plan to the contrary, any rights granted hereunder to a Participant under an Award granted on or after September 21, 2011 to receive or retain dividends or dividend equivalents with respect to the shares of Common Stock underlying any Full-Value Award (with respect to which the lapsing of the restrictions subject thereto or the vesting thereof is based (in whole or in part) on the attainment of one or more Performance Goals), shall be subject to the same

vesting and/or forfeiture conditions (performance-based, service-based or otherwise) as are applicable to such Full-Value Award.

ARTICLE V

ELIGIBILITY

5.1 **General Eligibility.** All Eligible Employees and Consultants and prospective employees of and Consultants to the Company and its Affiliates are eligible to be granted Non-Qualified Stock Options, Stock Appreciation Rights, Restricted Stock, Performance Shares, Performance Units, Restricted Stock Units, Stock Units, Other Stock-Based Awards, awards providing benefits similar to each of the foregoing designed to meet the requirements of Foreign Jurisdictions under this Plan, and cash incentive Awards. Eligibility for the grant of an Award and actual participation in this Plan shall be determined by the Committee in its sole discretion. The vesting and exercise of Awards granted to a prospective employee or Consultant are conditioned upon such individual actually becoming an Eligible Employee or Consultant.

5.2 **Incentive Stock Options.** All Eligible Employees of the Company, its Subsidiaries and its Parent (if any) are eligible to be granted Incentive Stock Options under this Plan. Eligibility for the grant of an Award and actual participation in this Plan shall be determined by the Committee in its sole discretion.

5.3 **Non-Employee Directors.** Non-Employee Directors are only eligible to receive an Award of Stock Options, Restricted Stock, Restricted Stock Units and Stock Units in accordance with Article XIII of the Plan.

5.4 **Service Recipient Stock.** Notwithstanding anything herein to the contrary, no Option or SAR under which a Participant may receive Common Stock may be granted under the Plan to an Eligible Employee, prospective employee, Consultant or Non-Employee Director of the Company or any of its Affiliates if such Common Stock does not constitute "service recipient stock" for purposes of Section 409A of the Code with respect to such Eligible Employee, prospective employee, Consultant or Non-Employee Director, unless such Option or SAR is structured in a manner intended to comply with, or be exempt from, Section 409A of the Code.

ARTICLE VI
STOCK OPTIONS

6.1 Stock Options. Each Stock Option granted hereunder shall be one of two types: (i) an Incentive Stock Option intended to satisfy the requirements of Section 422 of the Code; or (ii) a Non-Qualified Stock Option.

6.2 Grants. The Committee shall have the authority to grant to any Eligible Employee one or more Incentive Stock Options, Non-Qualified Stock Options or both types of Stock Options (in each case with or without Stock Appreciation Rights). To the extent that any Stock Option does not qualify as an Incentive Stock Option (whether because of its provisions or the time or manner of its exercise or otherwise), such Stock Option or the portion thereof which does not qualify, shall constitute a separate Non-Qualified Stock Option. The Committee shall have the authority to grant any Consultant one or more Non-Qualified Stock Options (with or without Stock Appreciation Rights). Notwithstanding any other provision of this Plan to the contrary or any provision in an agreement evidencing the grant of a Stock Option to the contrary, any Stock Option granted to an Eligible Employee of an Affiliate (other than an Affiliate which is a Parent or a Subsidiary) shall be a Non-Qualified Stock Option.

6.3 Terms of Stock Options. Stock Options granted under this Plan shall be subject to the following terms and conditions, and shall be in such form and contain such additional terms and conditions, not inconsistent with the terms of this Plan, as the Committee shall deem desirable:

(a) Exercise Price. The exercise price per share of Common Stock purchasable under a Stock Option shall be determined by the Committee at the time of grant, but shall not be less than 100% of the Fair Market Value of the share of Common Stock at the time of grant; provided, however, that if an Incentive Stock Option is granted to a Ten Percent Stockholder, the exercise price shall be no less than 110% of the Fair Market Value of the Common Stock.

(b) Stock Option Term. The term of each Stock Option shall be fixed by the Committee; provided, however, that no Stock Option shall be exercisable more than 10 years after the date such Stock Option is granted; and further provided that the term of an Incentive Stock Option granted to a Ten Percent Stockholder shall not exceed 5 years.

(c) Exercisability. Stock Options shall be exercisable at such time or times and subject to such terms and conditions as shall be determined by the Committee at grant. If the Committee provides, in its discretion, that any Stock Option is exercisable subject to certain limitations (including, without limitation, that such Stock Option is exercisable only in installments or within certain time periods), the Committee may waive such limitations on the exercisability at any

time at or after grant in whole or in part (including, without limitation, waiver of the installment exercise provisions or acceleration of the time at which such Stock Option may be exercised), based on such factors, if any, as the Committee shall determine, in its sole discretion.

(d) Method of Exercise. Subject to whatever installment exercise and waiting period provisions apply under subsection (c) above, Stock Options may be exercised in whole or in part at any time and from time to time during the Stock Option term by giving written notice of exercise to the Secretary of the Company specifying the number of shares to be purchased. Such notice shall be accompanied by payment in full of the purchase price as follows: (i) in cash or by check, bank draft or money order payable to the order of the Company; (ii) to the extent permitted by law, if the Common Stock is traded on a national securities exchange, The Nasdaq Stock Market LLC or quoted on a national quotation system sponsored by the Financial Industry Regulatory Authority, through a "cashless exercise" procedure whereby the Participant delivers irrevocable instructions to a broker satisfactory to the Company to deliver promptly to the Company an amount equal to the purchase price; or (iii) on such other terms and conditions as may be acceptable to the Committee (including, without limitation, the relinquishment of Stock Options or by payment in full or in part in the form of Common Stock owned by the Participant (and for which the Participant has good title free and clear of any liens and encumbrances) based on the Fair Market Value of the Common Stock on the payment date as determined by the Committee). No shares of Common Stock shall be issued until payment therefore, as provided herein, has been made or provided for.

(e) Incentive Stock Option Limitations. To the extent that the aggregate Fair Market Value (determined as of the time of grant) of the Common Stock with respect to which Incentive Stock Options are exercisable for the first time by an Eligible Employee during any calendar year under this Plan and/or any other stock option plan of the Company, any Subsidiary or any Parent exceeds \$100,000, such Options shall be treated as Non-Qualified Stock Options. In addition, if an Eligible Employee does not remain employed by the Company, any Subsidiary or any Parent at all times from the time an Incentive Stock Option is granted until 3 months prior to the date of exercise thereof (or such other period as required by applicable law), such Stock Option shall be treated as a Non-Qualified Stock Option. Should any provision of this Plan not be necessary in order for the Stock Options to qualify as Incentive Stock Options, or should any additional provisions be required, the Committee may amend this Plan accordingly, without the necessity of obtaining the approval of the stockholders of the Company.

(f) Form, Modification, Extension and Renewal of Stock Options. Subject to the terms and conditions and within the limitations of this Plan, Stock Options shall be evidenced by such form of agreement or grant as is approved by the Committee, and the Committee may (i) modify, extend or renew outstanding Stock Options granted under this Plan; provided that the rights of a Participant are

not reduced without his consent; provided further, that any such modification, extension or renewal is intended to be structured to comply with Section 409A of the Code, to the extent applicable, and (ii) accept the surrender of outstanding Stock Options (up to the extent not theretofore exercised) and authorize the granting of new Stock Options in substitution therefor (to the extent not theretofore exercised). Notwithstanding the foregoing, unless approved by stockholders of the Company, (i) an outstanding Option or SAR may not be modified to reduce the exercise price thereof, (ii) no new Option or SAR at a lower exercise price or base price may be substituted for a surrendered Option or SAR, and (iii) no other Award may be issued or cash may be paid in exchange for the surrender of an Option or SAR at a time that the exercise or base price of such Option or SAR exceeds the current Fair Market Value of a share of Common Stock or if such new Award or cash has a value in excess of the then in-the-money value of the surrendered Option or SAR, provided that adjustments or substitutions in accordance with Section 4.2 are not subject to this stockholder approval requirement.

(g) Other Terms and Conditions. Stock Options may contain such other provisions, which shall not be inconsistent with any of the terms of this Plan, as the Committee shall deem appropriate; provided, however, that Stock Options shall not provide for the automatic grant of the same number of Stock Options as the number of shares of Common Stock used to pay for the exercise price of Stock Options or shares of Common Stock used to pay withholding taxes (i.e., “reloads”).

(h) Detrimental Activity. Unless otherwise determined by the Committee at grant, (i) in the event the Participant engages in Detrimental Activity prior to any exercise of the Stock Option, all Stock Options (whether vested or unvested) held by the Participant shall thereupon terminate and expire, (ii) as a condition of the exercise of a Stock Option, the Participant shall be required to certify (or shall be deemed to have certified) at the time of exercise in a manner acceptable to the Company that the Participant is in compliance with the terms and conditions of the Plan and that the Participant has not engaged in, and does not intend to engage in, any Detrimental Activity, and (iii) in the event the Participant engages in Detrimental Activity during the one year period following the later of (x) Participant's Termination of Employment or (y) the date the Stock Option is exercised, that any Stock Options shall be immediately forfeited (whether or not then vested) and the Company shall be entitled to recover from the Participant at any time within one year after the later of (x) or (y), and the Participant shall pay over to the Company, an amount equal to any gain realized as a result of the exercise of any Stock Options (whether at the time of exercise or thereafter).

ARTICLE VII

STOCK APPRECIATION RIGHTS

7.1 Tandem Stock Appreciation Rights. Stock Appreciation Rights may be granted in conjunction with all or part of any Stock Option (a "Reference Stock Option") granted under this Plan ("Tandem Stock Appreciation Rights"). In the case of a Non-Qualified Stock Option, such rights may be granted either at or after the time of the grant of such Reference Stock Option. In the case of an Incentive Stock Option, such rights may be granted only at the time of the grant of such Reference Stock Option. Consultants shall not be eligible for a grant of Tandem Stock Appreciation Rights granted in conjunction with all or part of an Incentive Stock Option.

7.2 Terms and Conditions of Tandem Stock Appreciation Rights. Tandem Stock Appreciation Rights shall be subject to such terms and conditions, not inconsistent with the provisions of this Plan, as shall be determined from time to time by the Committee, including Article XII and the following:

- (a) Term. A Tandem Stock Appreciation Right or applicable portion thereof granted with respect to a Reference Stock Option shall terminate and no longer be exercisable upon the termination or exercise of the Reference Stock Option, except that, unless otherwise determined by the Committee, in its sole discretion, at the time of grant, a Tandem Stock Appreciation Right granted with respect to less than the full number of shares covered by the Reference Stock Option shall not be reduced until and then only to the extent the exercise or termination of the Reference Stock Option causes the number of shares covered by the Tandem Stock Appreciation Right to exceed the number of shares remaining available and unexercised under the Reference Stock Option.
- (b) Exercisability. Tandem Stock Appreciation Rights shall be exercisable only at such time or times and to the extent that the Reference Stock Options to which they relate shall be exercisable in accordance with the provisions of Article VI and this Article VII.
- (c) Method of Exercise. A Tandem Stock Appreciation Right may be exercised by a Participant by surrendering the applicable portion of the Reference Stock Option. Upon such exercise and surrender, the Participant shall be entitled to receive an amount determined in the manner prescribed in this Section 7.2. Stock Options which have been so surrendered, in whole or in part, shall no longer be exercisable to the extent the related Tandem Stock Appreciation Rights have been exercised.
- (d) Payment. Upon the exercise of a Tandem Stock Appreciation Right, a Participant shall be entitled to receive up to, but no more than, an amount in Common Stock equal in value to the excess of the Fair Market Value of one share

of Common Stock over the option price per share specified in the Reference Stock Option, multiplied by the number of shares in respect of which the Tandem Stock Appreciation Right shall have been exercised.

(e) Deemed Exercise of Reference Stock Option. Upon the exercise of a Tandem Stock Appreciation Right, the Reference Stock Option or part thereof to which such Stock Appreciation Right is related shall be deemed to have been exercised for the purpose of the limitation set forth in Article IV of this Plan on the number of shares of Common Stock to be issued under this Plan.

(f) Detrimental Activity. Unless otherwise determined by the Committee at grant, (i) in the event the Participant engages in Detrimental Activity prior to any exercise of Tandem Stock Appreciation Rights, all Tandem Stock Appreciation Rights (whether vested or unvested) held by the Participant shall thereupon terminate and expire, (ii) as a condition of the exercise of a Tandem Stock Appreciation Right, the Participant shall be required to certify (or shall be deemed to have certified) at the time of exercise in a manner acceptable to the Company that the Participant is in compliance with the terms and conditions of the Plan and that the Participant has not engaged in, and does not intend to engage in, any Detrimental Activity, and (iii) in the event the Participant engages in Detrimental Activity during the one year period following the later of (x) Participant's Termination of Employment or (y) the date the Tandem Stock Appreciation Right is exercised, that any Tandem Stock Appreciation Rights shall be immediately forfeited (whether or not then vested) and the Company shall be entitled to recover from the Participant at any time within one year after the later of (x) or (y), and the Participant shall pay over to the Company, an amount equal to any gain realized as a result of the exercise (whether at the time of exercise or thereafter).

7.3 Non-Tandem Stock Appreciation Rights. Non-Tandem Stock Appreciation Rights may also be granted without reference to any Stock Option granted under this Plan.

7.4 Terms and Conditions of Non-Tandem Stock Appreciation Rights. Non-Tandem Stock Appreciation Rights shall be subject to such terms and conditions, not inconsistent with the provisions of this Plan, as shall be determined from time to time by the Committee, including Article XII and the following:

(a) Term. The term of each Non-Tandem Stock Appreciation Right shall be fixed by the Committee, but shall not be greater than ten (10) years after the date the right is granted.

(b) Exercisability. Non-Tandem Stock Appreciation Rights shall be exercisable at such time or times and subject to such terms and conditions as shall be determined by the Committee at grant. If the Committee provides, in its discretion, that any such right is exercisable subject to certain limitations

(including, without limitation, that it is exercisable only in installments or within certain time periods), the Committee may waive such limitation on the exercisability at any time at or after grant in whole or in part (including, without limitation, waiver of the installment exercise provisions or acceleration of the time at which rights may be exercised), based on such factors, if any, as the Committee shall determine, in its sole discretion.

(c) Method of Exercise. Subject to whatever installment exercise and waiting period provisions apply under subsection (b) above, Non-Tandem Stock Appreciation Rights may be exercised in whole or in part at any time and from time to time during the term, by giving written notice of exercise to the Company specifying the number of Non-Tandem Stock Appreciation Rights to be exercised.

(d) Payment. Upon the exercise of a Non-Tandem Stock Appreciation Right a Participant shall be entitled to receive, for each right exercised, up to, but no more than, an amount in cash and/or Common Stock (as chosen by the Committee in its sole discretion at grant, or thereafter if no rights of a Participant are reduced) equal in value to the excess of the Fair Market Value of one share of Common Stock on the date the right is exercised over the Fair Market Value of one share of Common Stock on the date the right was awarded to the Participant; provided, that if payment is made in cash such payment shall be structured to comply with Section 409A of the Code, to the extent applicable.

(e) Detrimental Activity. Unless otherwise determined by the Committee at grant, (i) in the event the Participant engages in Detrimental Activity prior to any exercise of Non-Tandem Stock Appreciation Rights, all Non-Tandem Stock Appreciation Rights (whether vested or unvested) held by the Participant shall thereupon terminate and expire, (ii) as a condition of the exercise of a Tandem Stock Appreciation Right, the Participant shall be required to certify (or shall be deemed to have certified) at the time of exercise in a manner acceptable to the Company that the Participant is in compliance with the terms and conditions of the Plan and that the Participant has not engaged in, and does not intend to engage in, any Detrimental Activity, and (iii) in the event the Participant engages in Detrimental Activity during the one year period following the later of (x) Participant's Termination of Employment or (y) the date the Non-Tandem Stock Appreciation Right is exercised, that any Non-Tandem Stock Appreciation Rights shall be immediately forfeited (whether or not then vested) and the Company shall be entitled to recover from the Participant at any time within one year after the later of (x) or (y), and the Participant shall pay over to the Company, an amount equal to any gain realized as a result of the exercise (whether at the time of exercise or thereafter).

7.5 Limited Stock Appreciation Rights. The Committee may, in its sole discretion, grant a Tandem Stock Appreciation Right or a Non-Tandem Stock Appreciation Right as a Limited Stock Appreciation Right. Limited Stock Appreciation Rights may be exercised only upon the occurrence of a Change in

Control or such other event as the Committee may, in its sole discretion, designate at the time of grant or thereafter. Upon the exercise of limited Stock Appreciation Rights, except as otherwise provided in an Award agreement, the Participant shall receive in cash or Common Stock, as determined by the Committee, an amount equal to the amount (i) set forth in Section 7.2(d) with respect to Tandem Stock Appreciation Rights, or (ii) set forth in Section 7.4(d) with respect to Non-Tandem Stock Appreciation Rights, as applicable.

ARTICLE VIII

RESTRICTED STOCK

8.1 Awards of Restricted Stock. Shares of Restricted Stock may be issued to Eligible Employees or Consultants either alone or in addition to other Awards granted under this Plan. The Committee shall determine the eligible persons to whom, and the time or times at which, grants of Restricted Stock will be made, the number of shares to be awarded, the price (if any) to be paid by the recipient (subject to Section 8.2), the time or times within which such Awards may be subject to forfeiture, the vesting schedule and rights to acceleration thereof, and all other terms and conditions of the Awards. The Committee may condition the grant or vesting of Restricted Stock upon the attainment of specified performance goals, including established Performance Goals in accordance with Section 162(m) of the Code, or such other factors as the Committee may determine, in its sole discretion.

8.2 Awards and Certificates. An Eligible Employee or Consultant selected to receive Restricted Stock shall not have any rights with respect to such Award, unless and until such Participant has delivered to the Company a fully executed copy of the applicable Award agreement relating thereto and has otherwise complied with the applicable terms and conditions of such Award. Further, such Award shall be subject to the following conditions:

(a) Purchase Price. The purchase price of Restricted Stock shall be fixed by the Committee. Subject to Section 4.3, the purchase price for shares of Restricted Stock may be zero to the extent permitted by applicable law, and, to the extent not so permitted, such purchase price may not be less than par value.

(b) Acceptance. Awards of Restricted Stock must be accepted within a period of 90 days (or such shorter period as the Committee may specify at grant) after the Award date by executing a Restricted Stock Award agreement and by paying whatever price (if any) the Committee has designated thereunder.

(c) Legend. Each Participant receiving shares of Restricted Stock shall be issued a stock certificate in respect of such shares of Restricted Stock, unless the Committee elects to use another system, such as book entries by the transfer agent, as evidencing ownership of shares of Restricted Stock. Such certificate shall be

registered in the name of such Participant, and shall bear an appropriate legend referring to the terms, conditions, and restrictions applicable to such Award, substantially in the following form:

"The anticipation, alienation, attachment, sale, transfer, assignment, pledge, encumbrance or charge of the shares of stock represented hereby are subject to the terms and conditions (including forfeiture) of The Comtech Telecommunications Corp. 2000 Stock Incentive Plan (the "Plan") and an Agreement entered into between the registered owner and the Company dated _____. Copies of such Plan and Agreement are on file at the principal office of the Company."

(d) Custody. The Committee may require that any stock certificates evidencing such shares be held in custody by the Company until the restrictions thereon shall have lapsed and that, as a condition to the grant of such Award of Restricted Stock, the Participant shall have delivered a duly signed stock power, endorsed in blank, relating to the Common Stock covered by such Award.

8.3 Restrictions and Conditions on Restricted Stock Awards. Subject to Section 4.5, shares of Restricted Stock awarded pursuant to this Plan shall be subject to Article XII and the following restrictions and conditions:

(a) Restriction Period; Vesting and Acceleration of Vesting. (i) The Participant shall not be permitted to Transfer shares of Restricted Stock awarded under this Plan during the period or periods set by the Committee (the "Restriction Period") commencing on the date of such Award, as set forth in the Restricted Stock Award agreement and such agreement shall set forth a vesting schedule and any events which would accelerate vesting of the shares of Restricted Stock. Within these limits, based on service, attainment of Performance Goals pursuant to Section 8.3(a)(ii) below and/or such other factors or criteria as the Committee may determine in its sole discretion, the Committee may provide for the lapse of such restrictions in installments in whole or in part, or may accelerate the vesting of all or any part of any Restricted Stock Award and/or waive the deferral limitations for all or any part of any Restricted Stock Award.

(ii) Objective Performance Goals, Formulae or Standards. If the grant of shares of Restricted Stock or the lapse of restrictions is based on the attainment of Performance Goals, the Committee shall establish the Performance Goals and the applicable vesting percentage of the Restricted Stock Award applicable to each Participant or class of Participants in writing prior to the beginning of the applicable fiscal year or at such later date as otherwise determined by the Committee and while the outcome of the Performance Goals are substantially uncertain. Such Performance Goals may incorporate provisions for disregarding (or adjusting for) changes in accounting methods, corporate transactions (including, without limitation, dispositions and acquisitions) and other similar type events or circumstances. With regard to a Restricted Stock Award that is intended to

comply with Section 162(m) of the Code, to the extent any such provision would create impermissible discretion under Section 162(m) of the Code or otherwise violate Section 162(m) of the Code, such provision shall be of no force or effect. The applicable Performance Goals shall be based on one or more of the Performance Criteria set forth in Exhibit A hereto.

(b) Rights as Stockholder. Except as provided in this subsection (b) and subsection (a) above and as otherwise determined by the Committee, the Participant shall have, with respect to the shares of Restricted Stock, all of the rights of a holder of shares of Common Stock of the Company including, without limitation, the right to receive any dividends, the right to vote such shares and, subject to and conditioned upon the full vesting of shares of Restricted Stock, the right to tender such shares. The Committee may, in its sole discretion, determine at the time of grant that the payment of dividends shall be deferred until, and conditioned upon, the expiration of the applicable Restriction Period.

(c) Lapse of Restrictions. If and when the Restriction Period expires without a prior forfeiture of the Restricted Stock subject to such Restriction Period, the certificates for such shares shall be delivered to the Participant. All legends shall be removed from said certificates at the time of delivery to the Participant except as otherwise required by applicable law.

(d) Detrimental Activity. Unless otherwise determined by the Committee at grant, each Award of Restricted Stock shall provide that in the event the Participant engages in Detrimental Activity prior to, or during the one year period following the later of Termination of Employment or any vesting of Restricted Stock, the Committee may direct (at any time within one year thereafter) that all unvested Restricted Stock shall be immediately forfeited to the Company and that the Participant shall pay over to the Company an amount equal to the gain realized at the time of vesting of any Restricted Stock.

ARTICLE IX

PERFORMANCE SHARES

9.1 Award of Performance Shares. Performance Shares may be awarded either alone or in addition to other Awards granted under this Plan. Subject to Section 4.5, the Committee shall, in its sole discretion, determine the Eligible Employees and Consultants to whom and the time or times at which such Performance Shares shall be awarded, the duration of the period (the "Performance Period") during which, and the conditions under which, a Participant's right to Performance Shares will be vested and the other terms and conditions of the Award in addition to those set forth in Section 9.2.

Each Performance Share awarded shall be referenced to one share of Common Stock. Except as otherwise provided herein, the Committee shall condition the right to

payment of any Performance Share Award upon the attainment of objective Performance Goals established pursuant to Section 9.2(c) below and such other non-performance based factors or criteria as the Committee may determine in its sole discretion.

9.2 Terms and Conditions. A Participant selected to receive Performance Shares shall not have any rights with respect to such Awards, unless and until such Participant has delivered a fully executed copy of a Performance Share Award agreement evidencing the Award to the Company and has otherwise complied with the following terms and conditions:

- (a) Earning of Performance Share Award. At the expiration of the applicable Performance Period, the Committee shall determine the extent to which the Performance Goals established pursuant to Section 9.2(c) are achieved and the percentage of each Performance Share Award that has been earned.
- (b) Payment. Following the Committee's determination in accordance with subsection (a) above, shares of Common Stock or, as determined by the Committee in its sole discretion, the cash equivalent of such shares shall be delivered to the Participant, in an amount equal to such Participant's earned Performance Share Award. Notwithstanding the foregoing, except as may be set forth in the agreement covering the Award, the Committee may, in its sole discretion and in accordance with Section 162(m) of the Code, award an amount less than the earned Performance Share Award and/or subject the payment of all or part of any Performance Share Award to additional vesting and forfeiture conditions as it deems appropriate.
- (c) Objective Performance Goals, Formulae or Standards. The Committee shall establish the objective Performance Goals for the earning of Performance Shares based on a Performance Period applicable to each Participant or class of Participants in writing prior to the beginning of the applicable Performance Period or at such later date as permitted under Section 162(m) of the Code and while the outcome of the Performance Goals are substantially uncertain. Such Performance Goals may incorporate, if and only to the extent permitted under Section 162(m) of the Code, provisions for disregarding (or adjusting for) changes in accounting methods, corporate transactions (including, without limitation, dispositions and acquisitions) and other similar type events or circumstances. To the extent any such provision would create impermissible discretion under Section 162(m) of the Code or otherwise violate Section 162(m) of the Code, such provision shall be of no force or effect. The applicable Performance Goals shall be based on one or more of the Performance Criteria set forth in Exhibit A hereto.
- (d) Dividends and Other Distributions. At the time of any Award of Performance Shares, the Committee may, in its sole discretion, award an Eligible Employee or Consultant the right to receive the cash value of any dividends and other distributions that would have been received as though the Eligible Employee or Consultant had held each share of Common Stock referenced by the earned

Performance Share Award from such date as the Committee may specify (but not earlier than the beginning of the Performance Period) until the actual distribution to such Participant of the related share of Common Stock or cash value thereof. Such amounts, if awarded, shall be paid to the Participant as and when the shares of Common Stock or cash value thereof are distributed to such Participant and, at the discretion of the Committee, may be paid with interest from the applicable dividend payment date until such amounts and any earnings thereon are distributed. The applicable rate of interest shall be determined by the Committee in its sole discretion; provided, however, that for each fiscal year or part thereof, the applicable interest rate shall not be greater than the Treasury Rate. Alternatively, the Committee may provide that any cash dividend equivalents shall be converted to additional Performance Shares as of the applicable dividend payment date, to be settled by delivery of shares of Common Stock or cash value thereof.

(e) Detrimental Activity. Unless otherwise determined by the Committee at grant, each Award of Performance Shares shall provide that in the event the Participant engages in Detrimental Activity prior to, or during the one year period following the later of Termination of Employment or any vesting of Performance Shares, the Committee may direct (at any time within one year thereafter) that all unvested Performance Shares shall be immediately forfeited to the Company and that the Participant shall pay over to the Company an amount equal to the gain realized at the time of vesting of any Performance Shares.

ARTICLE X

CASH INCENTIVE AWARDS AND PERFORMANCE UNITS

10.1 Cash Incentive Awards. Cash incentive Awards may be awarded either alone or in addition to other Awards granted under this Plan. The Committee shall, in its sole discretion, determine the Eligible Employees and Consultants to whom and the time or times at which such cash incentive Awards shall be awarded, the duration of the period (the "Performance Cycle") during which, and the conditions under which, a Participant shall earn the cash incentive Award and the other terms and conditions of the Award in addition to those set forth in Section 10.3. Cash incentive Awards granted with a Performance Cycle of one year shall be designated as "Annual Incentive Awards."

Cash incentive Awards shall be awarded in a dollar amount or a formula that will ultimately yield a dollar amount, as determined by the Committee. Except as otherwise provided herein, the Committee shall condition the right to payment of any cash incentive Award upon the attainment of at least one objective Performance Goal established pursuant to Section 10.3(a) and such other factors or criteria as the Committee may determine in its sole discretion.

Cash incentive Awards under this Section 10.1 may be settled and paid only if stockholders of the Company previously have approved the amendment and restatement of the Plan containing the authorization of cash incentive Awards in this Section 10.1.

10.2 Awards of Performance Units. Performance Units may be awarded either alone or in addition to other Awards granted under this Plan. Subject to Section 4.5, the Committee shall, in its sole discretion, determine the Eligible Employees and Consultants to whom and the time or times at which such Performance Units shall be awarded, the duration of the period (the "Performance Unit Cycle") during which, and the conditions under which, a Participant's right to Performance Units will be vested and the other terms and conditions of the Award in addition to those set forth in Section 10.3.

Performance Units shall be awarded in a dollar amount determined by the Committee and shall be converted to a referenced number of shares of Common Stock based on the Fair Market Value of shares of Common Stock at the conversion date designated by the Committee (such designation may occur at any time, but no conversion may reference a market price from a date preceding the designation date).

Upon conversion, each Performance Unit shall be referenced to one share of Common Stock. Except as otherwise provided herein, the Committee shall condition the right to payment of any Performance Unit Award upon the attainment of objective Performance Goals established pursuant to Section 10.3(a) and such other non-performance based factors or criteria as the Committee may determine in its sole discretion. The cash value of any fractional Performance Unit Award subsequent to conversion to shares of Common Stock shall be treated as a dividend or other distribution under Section 10.3(e) to the extent any portion of the Performance Unit Award is earned.

10.3 Terms and Conditions. The cash incentive Awards or Performance Units awarded pursuant to this Article X shall be subject to the following terms and conditions:

(a) Performance Goals. The Committee shall establish the objective Performance Goal or Goals for the earning of cash incentive Awards or Performance Units based on a Performance Cycle or Performance Unit Cycle applicable to each Participant or class of Participants in writing prior to the beginning of the applicable Performance Cycle or Performance Unit Cycle or at such later date as permitted under Section 162(m) of the Code and while the outcome of the Performance Goal or Goals is substantially uncertain. Such Performance Goals may incorporate, if and only to the extent permitted under Section 162(m) of the Code, provisions for disregarding (or adjusting for) changes in accounting methods, corporate transactions (including, without limitation, dispositions and acquisitions) and other similar type events or circumstances. To the extent any such provision would create impermissible discretion under Section 162(m) of the Code or otherwise violate Section 162(m) of the Code, such provision

shall be of no force or effect. The applicable Performance Goals shall be based on one or more of the Performance Criteria set forth in Exhibit A hereto.

(b) Vesting. At the expiration of the Performance Cycle or Performance Unit Cycle, the Committee shall determine and certify in writing the extent to which the Performance Goals have been achieved, and the corresponding extent to which a cash incentive Award or a Performance Unit has been earned in respect of each Participant.

(c) Payment. Subject to the applicable provisions of the Award agreement and this Plan, at the expiration of the Performance Cycle or Performance Unit Cycle or any vesting period extending beyond the Performance Cycle or Performance Unit Cycle, cash or, with respect to Performance Units, shares of Common Stock (as the Committee may determine in its sole discretion at grant, or thereafter if no rights of a Participant are reduced), shall be delivered to the Participant in payment of any earned and vested cash incentive Award or any earned and vested Performance Units covered by the Performance Unit Award. Notwithstanding the foregoing, except as may be set forth in the agreement covering the Award, the Committee may, in its sole discretion, and to the extent applicable and permitted under Section 162(m) of the Code, award an amount less than the earned cash incentive Award or earned Performance Unit Award and/or subject the payment of all or part of any such Award to additional vesting and forfeiture conditions or conditions mandating the deferral of settlement of the Award as it deems appropriate. If an Award is deferred such Award shall not increase (between the date on which the Award is credited to any deferred compensation program applicable to such Participant and the payment date) by an amount that would result in such deferral being deemed as an "increase in the amount of compensation" under Section 162(m) of the Code.

(d) Accelerated Vesting. Subject to Section 4.5, based on service, performance and/or such other factors or criteria, if any, as the Committee may determine, the Committee may, at or after grant, accelerate the date of earning or vesting of all or any part of any cash incentive Award or Performance Unit Award and/or waive the deferral limitations for all or any part of such Award, except that no acceleration or waiver may affect the time of settlement of an Award that constitutes a deferral of compensation under Section 409A of the Code except as permitted under applicable regulations and guidance under Section 409A.

(e) Dividends and Other Distributions. At the time of any Award of Performance Units, the Committee may, in its sole discretion, award an Eligible Employee or Consultant the right to receive the cash value of any dividends and other distributions that would have been received as though the Eligible Employee or Consultant had held each share of Common Stock referenced by the earned Performance Unit Award from such date as the Committee may specify (but not earlier than the beginning of the Performance Cycle or Performance Unit Cycle) until the actual distribution to such Participant of the related share of Common

Stock or cash value thereof. Such amounts, if awarded, shall be paid to the Participant as and when the shares of Common Stock or cash value thereof are distributed to such Participant and, at the discretion of the Committee, may be paid with interest from the applicable dividend payment date until such amounts and any earnings thereon are distributed. The applicable rate of interest shall be determined by the Committee in its sole discretion; provided, however, that for each fiscal year or part thereof, the applicable interest rate shall not be greater than the Treasury Rate.

(f) **Detrimental Activity.** Unless otherwise determined by the Committee at grant, each Award of Performance Units shall provide that in the event the Participant engages in Detrimental Activity prior to, or during the one year period following the later of Termination of Employment or any vesting of Performance Units, the Committee may direct (at any time within one year thereafter) that all unvested Performance Units shall be immediately forfeited to the Company and that the Participant shall pay over to the Company an amount equal to the gain realized at the time of vesting of any Performance Units which had vested in the period referred to above.

ARTICLE XI

OTHER STOCK-BASED AWARDS

11.1 **Other Awards.** Other Stock-Based Awards (including, without limitation, Restricted Stock Units and Stock Units) may be granted either alone or in addition to or in tandem with Stock Options, Stock Appreciation Rights, Restricted Stock, Performance Shares or Performance Units.

Subject to the provisions of this Plan, the Committee shall have authority to determine the persons to whom and the time or times at which such Awards shall be made, the number of shares of Common Stock to be awarded pursuant to such Awards, and all other conditions of the Awards. The Committee may also provide for the grant of Common Stock under such Awards upon the completion of a specified performance period.

11.2 **Terms and Conditions.** Subject to Section 4.5, Other Stock-Based Awards made pursuant to this Article XI shall be subject to the following terms and conditions:

(a) **Non-Transferability.** Subject to the applicable provisions of the Award agreement and this Plan, shares of Common Stock subject to Awards made under this Article XI may not be Transferred prior to the date on which the shares are issued, or, if later, the date on which any applicable restriction, performance or deferral period lapses.

(b) **Dividends.** Unless otherwise determined by the Committee at the time of Award, subject to the provisions of the Award agreement and this Plan, the

recipient of an Award under this Article XI shall be entitled to receive, currently or on a deferred basis, dividends or dividend equivalents with respect to the number of shares of Common Stock covered by the Award, as determined at the time of the Award by the Committee, in its sole discretion. Dividend equivalents shall confer upon the recipient the right to be credited, as of dividend payment dates, with the equivalent value (in cash or shares) of any dividends and other distributions that would have been received as though the Eligible Employee or Consultant had held each share of Common Stock referenced by the Award under this Article XI from such date as the Committee may specify (but not earlier than the Grant Date of the Award) until the date such Award vests, is distributed or expires. Dividend equivalents accrued as a cash obligation and to be paid to the Participant after the dividend payment date may, at the discretion of the Committee, be paid with interest from the applicable dividend payment date until such amounts and any earnings thereon are distributed. The applicable rate of interest shall be determined by the Committee in its sole discretion; provided, however, that for each fiscal year or part thereof, the applicable interest rate shall not be greater than the Treasury Rate. Alternatively, the Committee may provide any cash dividend equivalents shall be converted to additional Other Stock-Based Awards as of the applicable dividend payment date, to be settled by delivery of shares of Common Stock or cash value thereof.

(c) Vesting. Any Award under this Article XI and any Common Stock covered by any such Award shall vest or be forfeited to the extent so provided in the Award agreement, as determined by the Committee, in its sole discretion.

(d) Waiver of Limitation. The Committee may, in its sole discretion, waive in whole or in part any or all of the limitations imposed hereunder (if any) with respect to any or all of an Award under this Article XI.

(e) Price. Common Stock or Other Stock-Based Awards issued on a bonus basis under this Article XI may be issued for no cash consideration; Common Stock or Other Stock-Based Awards purchased pursuant to a purchase right awarded under this Article XI shall be priced as determined by the Committee. Subject to Section 4.3, the purchase price of shares of Common Stock or Other Stock-Based Awards may be zero to the extent permitted by applicable law, and, to the extent not so permitted, such purchase price may not be less than par value. The purchase of shares of Common Stock or Other Stock-Based Awards may be made on either an after-tax or pre-tax basis, as determined by the Committee; provided, however, that if the purchase is made on a pre-tax basis, such purchase shall be made pursuant to a deferred compensation program established by the Committee, which will be deemed a part of this Plan.

(f) Detrimental Activity. Other Stock-Based Awards under this Article XI and any Common Stock covered by any such Award shall be forfeited in the event the Participant engages in Detrimental Activity under such conditions set forth by the Committee in the Award agreement.

ARTICLE XII

NON-TRANSFERABILITY AND TERMINATION
OF EMPLOYMENT/CONSULTANCY

12.1 Non-Transferability. No Stock Option, Stock Appreciation Right, Performance Unit, Performance Share or Other Stock-Based Award shall be Transferable by the Participant otherwise than by will or by the laws of descent and distribution or following death of the Participant pursuant to a beneficiary designation authorized by the Committee. All Stock Options and all Stock Appreciation Rights shall be exercisable, during the Participant's lifetime, only by the Participant. Tandem Stock Appreciation Rights shall be Transferable, to the extent permitted above, only with the underlying Stock Option. Shares of Restricted Stock under Article VIII may not be Transferred prior to the date on which shares are issued, or, if later, the date on which any applicable restriction, performance or deferral period lapses. No Award shall, except as otherwise specifically provided by law or herein, be Transferable in any manner, and any attempt to Transfer any such Award shall be void, and no such Award shall in any manner be liable for or subject to the debts, contracts, liabilities, engagements or torts of any person who shall be entitled to such Award, nor shall it be subject to attachment or legal process for or against such person. Notwithstanding the foregoing, the Committee may determine at the time of grant or thereafter, that a Non-Qualified Stock Option that is otherwise not transferable pursuant to this Section 12.1 is transferable to a Family Member in whole or in part and in such circumstances, and under such conditions, as specified by the Committee, except no transfer or other disposition for value shall be permitted. A Non-Qualified Stock Option that is transferred to a Family Member pursuant to the preceding sentence may not be subsequently transferred otherwise than by will or by the laws of descent and distribution.

12.2 Termination of Employment or Termination of Consultancy. The following rules apply with regard to the Termination of Employment or Termination of Consultancy of a Participant:

- (a) Rules Applicable to Stock Options and Stock Appreciation Rights. Unless otherwise determined by the Committee at grant or, if no rights of the Participant are reduced, thereafter:
 - (i) Termination by Reason of Death, Disability or Retirement. If a Participant's Termination of Employment or Termination of Consultancy is by reason of death, Disability or Retirement, all Stock Options and Stock Appreciation Rights held by such Participant may be exercised, to the extent exercisable at the Participant's Termination of Employment or Termination of Consultancy, by the Participant (or, in the case of death, by the legal representative of the Participant's estate) at any time within a period of one year from the date of such Termination of

Employment or Termination of Consultancy, but in no event beyond the expiration of the stated terms of such Stock Options and Stock Appreciation Rights; provided, however, that, in the case of Retirement, if the Participant dies within such exercise period, all unexercised Stock Options and Non-Tandem Stock Appreciation Rights held by such Participant shall thereafter be exercisable, to the extent to which they were exercisable at the time of death, for a period of one year from the date of such death, but in no event beyond the expiration of the stated term of such Stock Options and Non-Tandem Stock Appreciation Rights.

(ii) Involuntary Termination Without Cause. If a Participant's Termination of Employment or Termination of Consultancy is by involuntary termination without Cause, all Stock Options and Stock Appreciation Rights held by such Participant may be exercised, to the extent exercisable at Termination of Employment or Termination of Consultancy, by the Participant at any time within a period of 90 days from the date of such Termination of Employment or Termination of Consultancy, but in no event beyond the expiration of the stated term of such Stock Options and Stock Appreciation Rights.

(iii) Voluntary Termination. If a Participant's Termination of Employment or Termination of Consultancy is voluntary (other than a voluntary termination described in Section 12.2(a)(iv)(B) below), all Stock Options and Stock Appreciation Rights held by such Participant may be exercised, to the extent exercisable at Termination of Employment or Termination of Consultancy, by the Participant at any time within a period of 30 days from the date of such Termination of Employment or Termination of Consultancy, but in no event beyond the expiration of the stated terms of such Stock Options and Stock Appreciation Rights. Notwithstanding the foregoing, effective for Stock Options and Stock Appreciation Rights granted on or after October 19, 2000, if a Participant's Termination of Employment or Termination of Consultancy is voluntary, all Stock Options and Stock Appreciation Rights held by such Participant shall thereupon terminate and expire as of the date of such Termination of Employment or Termination of Consultancy.

(iv) Termination for Cause. If a Participant's Termination of Employment or Termination of Consultancy (A) is for Cause or (B) is a voluntary termination (as provided in subsection (iii) above) within 90 days after an event which would be grounds for a Termination of Employment or Termination of Consultancy for Cause, all Stock Options and Stock Appreciation Rights held by such Participant shall thereupon terminate and expire as of the date of such Termination of Employment or Termination of Consultancy.

(b) Rules Applicable to Restricted Stock. Subject to the applicable provisions of the Restricted Stock Award agreement and this Plan, upon a Participant's Termination of Employment or Termination of Consultancy for any reason during the relevant Restriction Period, all Restricted Stock still subject to restriction will vest or be forfeited in accordance with the terms and conditions established by the Committee at grant or thereafter.

(c) Rules Applicable to Performance Shares and Performance Units. Subject to the applicable provisions of the Award agreement and this Plan, upon a Participant's Termination of Employment or Termination of Consultancy for any reason during the Performance Period, the Performance Unit Cycle or other period or restriction as may be applicable for a given Award, the Performance Shares or Performance Units in question will vest (to the extent applicable and to the extent permissible under Section 162(m) of the Code) or be forfeited in accordance with the terms and conditions established by the Committee at grant or thereafter.

(d) Rules Applicable to Other Stock-Based Awards. Subject to the applicable provisions of the Award agreement and this Plan, upon a Participant's Termination of Employment or Termination of Consultancy for any reason during any period or restriction as may be applicable for a given Award, the Other Stock-Based Awards in question will vest or be forfeited in accordance with the terms and conditions established by the Committee at grant or thereafter.

ARTICLE XIII

NON-EMPLOYEE DIRECTOR GRANTS

13.1 Awards. The terms of this Article XIII shall apply only to Awards of Stock Options, Restricted Stock Units, Restricted Stock and Stock Units granted to Non-Employee Directors.

13.2 Stock Option Grants. Without further action by the Board or the stockholders of the Company, each Non-Employee Director shall, subject to the terms of the Plan, be granted:

(a) Initial Option Grant.

(i) Effective January 13, 2012 through December 10, 2015 (the "December Effective Date"), Stock Options to purchase shares of Common Stock as of the date the Non-Employee Director begins service as a Non-Employee Director on the Board (such date, the "Service Commencement Date"), provided that the Non-Employee Director began service on or after the Effective Date, in an amount determined as follows (subject to increase or decrease pursuant to Section 4.2): the number of shares of Common Stock subject to such Stock Options shall be equal to the product of 15,000 and a fraction, the numerator of which shall be equal to 365 minus the

number of days that have elapsed since the previous “NED Grant Date” (as defined below), and the denominator of which is 365; and

(ii) Effective after the December Effective Date, Stock Options to purchase shares of Common Stock as of the Service Commencement Date, provided that the Non-Employee Director began service after the Effective Date, in an amount (subject to increase or decrease pursuant to Section 4.2) that is the product of (A) Stock Options to purchase that number of shares of Common Stock having a Black-Scholes value of \$100,000 as of the Service Commencement Date, and (B) a fraction, the numerator of which shall be equal to 365 minus the number of days that have elapsed since the previous NED Grant Date, and the denominator of which is 365 (with any fractional share rounded down to the nearest whole share), provided, however, effective on and after August 9, 2016 (the “August Effective Date”), Stock Options to purchase shares of Common Stock as of the Commencement Date, provided that the Non-Employee Director began service on or after the August Effective Date, in an amount (subject to increase or decrease pursuant to Section 4.2) that is the product of (A) Stock Options to purchase that number of shares of Common Stock having a Black-Scholes value of \$120,000 as of the Service Commencement Date, and (B) a fraction, the numerator of which shall be equal to 365 minus the number of days that have elapsed since the previous NED Grant Date, and the denominator of which is 365 (with any fractional share rounded down to the nearest whole share); and

(b) Annual Option Grant.

(i) Subject to Sections 13.5(a), 13.5(b) and 13.6(a), effective January 13, 2012 through the December Effective Date, in addition to Stock Options granted pursuant to (a) above, Stock Options to purchase 15,000 shares of Common Stock (subject to increase or decrease pursuant to Section 4.2) as of June 2 of each calendar year or, if a different date, the date the Company grants annual equity awards under the Plan to the employees of the Company (such date, the “NED Grant Date”) commencing June 2, 2011 through the December Effective Date, provided he or she has not, as of such NED Grant Date, experienced a Termination of Directorship; and

(ii) Subject to Sections 13.5(a), 13.5(b) and 13.6(a), (x) effective after the December Effective Date, in addition to Stock Options granted pursuant to (a) above, Stock Options to purchase that number of shares of Common Stock having a Black-Scholes value of \$100,000 (subject to increase or decrease pursuant to Section 4.2) as of June 2 of each calendar year or, if a different date, the NED Grant Date commencing after the December Effective Date, provided he or she has not, as of such NED Grant Date, experienced a Termination of Directorship and (y) effective from and

after the August Effective Date, in addition to Stock Options granted pursuant to (a) above, Stock Options to purchase that number of shares of Common Stock having a Black-Scholes value of \$120,000 (subject to increase or decrease pursuant to Section 4.2) as of June 2 of each calendar year or, if a different date, the NED Grant Date commencing on or after the August Effective Date, provided he or she has not, as of such NED Grant Date, experienced a Termination of Directorship. The applicable number of Stock Options granted each calendar year to a Non-Employee Director pursuant to Section 13.2(b)(i) or (ii) is hereinafter referred to as an "Annual Option."

13.3 Non-Qualified Stock Option. Stock Options granted under this Article XIII shall be Non-Qualified Stock Options.

13.4 Terms of Stock Options. Stock Options granted under this Article XIII shall be subject to the following terms and conditions, and shall be in such form and contain such additional terms and conditions, not inconsistent with the terms of this Plan, as the Board shall deem desirable:

(a) Stock Option Price. The Stock Option price per share of Common Stock purchasable under a Stock Option shall equal 100% of the Fair Market Value of the share of Common Stock on the NED Grant Date.

(b) Stock Option Term. The term of each Stock Option granted (i) prior to August 1, 2005, shall be ten (10) years, (ii) on or after August 1, 2005 and prior to the December Effective Date, shall be five (5) years, and (iii) on or after the December Effective Date, shall be five (5) years unless otherwise determined by the Committee at or prior to grant, provided that in no event shall the term of any Stock Option exceed ten (10) years.

(c) Exercisability. Stock Options granted to Non-Employee Directors pursuant to Section 13.2 shall vest and become exercisable (i) for Stock Options granted prior to August 1, 2005, on the first anniversary of the NED Grant Date, (ii) for Stock Options granted on or after August 1, 2005 and prior to the December Effective Date, in installments over a three (3) year period commencing on the NED Grant Date at the rate of 25% effective on the first and second anniversaries of the NED Grant Date and 50% on the third anniversary of the NED Grant Date, and (iii) for Stock Options granted on or after the December Effective Date, unless otherwise determined by the Committee at or prior to grant, in installments over a three (3) year period commencing on the NED Grant Date at the rate of 25% effective on the first and second anniversaries of the NED Grant Date and 50% on the third anniversary of the NED Grant Date; provided that, except as otherwise determined by the Committee at or prior to grant with respect to any Stock Option granted on or after the December Effective Date, or except as otherwise specifically provided herein, the Stock Option may become vested only during the period prior to his or her Termination of Directorship.

(d) Method of Exercise. Subject to whatever waiting period provisions apply under subsection (c) above, Stock Options may be exercised in whole or in part at any time and from time to time during the Stock Option term, by giving written notice of exercise to the Company specifying the number of shares to be purchased. Such notice shall be accompanied by payment in full of the purchase price as follows: (i) in cash or by check, bank draft or money order payable to the Company; (ii) to the extent permitted by law, if the Common Stock is traded on a national securities exchange, through a "cashless exercise" procedure whereby the Participant delivers irrevocable instructions to a broker satisfactory to the Company to deliver promptly to the Company an amount equal to the purchase price; or (iii) such other arrangement for the satisfaction of the purchase price, as the Board may accept. If and to the extent determined by the Board in its sole discretion at or after grant, payment in full or in part may also be made in the form of Common Stock owned by the Participant (and for which the Participant has good title free and clear of any liens and encumbrances) based on the Fair Market Value of the Common Stock on the payment date. No shares of Common Stock shall be issued until payment, as provided herein, therefore has been made or provided for.

(e) Form, Modification, Extension and Renewal of Stock Options. Subject to the terms and conditions and within the limitations of this Plan, Stock Options granted under this Article XIII shall be evidenced by such form of agreement or grant as is approved by the Committee, and the Committee may (i) modify, extend or renew outstanding Stock Options granted under this Section XIII; provided that the rights of a Participant are not reduced without his consent; provided further, that any such modification, extension or renewal is intended to be structured to comply with Section 409A of the Code, to the extent applicable, and (ii) accept the surrender of outstanding Stock Options (up to the extent not theretofore exercised) and authorize the granting of new Stock Options in substitution therefor (to the extent not theretofore exercised). Notwithstanding the foregoing, unless approved by stockholders of the Company, (i) an outstanding Option may not be modified to reduce the exercise price thereof, (ii) no new Option at a lower exercise price or base price may be substituted for a surrendered Option, and (iii) no other Award may be issued or cash may be paid in exchange for the surrender of an Option at a time that the exercise or base price of such Option exceeds the current Fair Market Value of a share of Common Stock or if such new Award or cash has a value in excess of the then in-the-money value of the surrendered Option, provided that adjustments or substitutions in accordance with Section 4.2 are not subject to this stockholder approval requirement.

(f) Termination of Directorship. The following rules apply with regard to Stock Options upon the Termination of Directorship:

(i) Termination of Directorship by Reason of Death, Disability or Otherwise Ceasing to be a Director. Except as otherwise provided herein, upon the Termination of Directorship by reason of death, Disability, resignation, failure to stand for reelection or failure to be reelected or

otherwise, all outstanding Stock Options exercisable and not exercised shall remain exercisable to the extent exercisable on such date of Termination of Directorship by the Participant or, in the case of death, by the Participant's estate or by the person given authority to exercise such Stock Options by his or her will or by operation of law, at any time prior to the expiration of the stated term of such Stock Option.

(ii) Cancellation of Options. Except as provided herein or in Section 13.4(g), no Stock Options that were not exercisable as of the date of Termination of Directorship shall thereafter become exercisable upon a Termination of Directorship for any reason or no reason whatsoever, and such Stock Options shall terminate and become null and void upon a Termination of Directorship. Notwithstanding the foregoing, the Committee shall be authorized, in its sole discretion, at any time on or prior to the date of the Termination of Directorship, to provide, based on such factors, if any, as the Committee may determine, that any outstanding Stock Options that are not exercisable as of the date of Termination of Directorship shall thereafter continue to become exercisable in accordance with the original terms of such Stock Options as if a Termination of Directorship never occurred. Notwithstanding anything herein to the contrary, if a Non-Employee Director's Termination of Directorship is for Cause, all Stock Options held by the Non-Employee Director shall thereupon terminate and expire as of the date of termination.

(g) Acceleration of Exercisability. (i) All Stock Options granted to a Non-Employee Director and not previously exercisable shall become fully exercisable upon such Director's death, (ii) all Stock Options granted to Non-Employee Directors prior to November 15, 2017, and not previously exercisable shall become fully exercisable immediately upon a Change in Control (as defined in Section 14.2), and (iii) all Stock Options granted to Non-Employee Directors on or following November 15, 2017, and not previously exercisable shall become fully exercisable immediately upon the Non-Employee Director's Termination of Directorship due to a failure to stand for reelection, failure to be reelected, or removal or resignation at the request or instruction of a person or entity effecting the Change in Control, in each case occurring or on after the occurrence of a Change in Control. In addition, the Committee may accelerate the vesting and exercisability of any such Stock Option at any time at or after grant in whole or in part, based on such factors, if any, as the Committee shall determine, in its sole discretion.

(h) Detrimental Activity. For Stock Options granted to Non-Employee Directors on or after September 21, 2011, unless otherwise determined by the Committee at grant, (i) in the event the Non-Employee Director engages in Detrimental Activity prior to any exercise of the Stock Option, all such Stock Options (whether vested or unvested) held by the Non-Employee Director shall thereupon terminate and expire, (ii) as a condition of the exercise of a Stock Option,

the Non-Employee Director shall be required to certify (or shall be deemed to have certified) at the time of exercise in a manner acceptable to the Company that the Non-Employee Director is in compliance with the terms and conditions of the Plan and that the Non-Employee Director has not engaged in, and does not intend to engage in, any Detrimental Activity, and (iii) in the event the Non-Employee Director engages in Detrimental Activity during the one year period following the later of (x) Non-Employee Director's Termination of Directorship or (y) the date the Stock Option is exercised, any such Stock Options shall be immediately forfeited (whether or not then vested) and the Company shall be entitled to recover from the Non-Employee Director at any time within one year after the later of (x) or (y), and the Non-Employee Director shall pay over to the Company, an amount equal to any gain realized as a result of the exercise of any Stock Options (whether at the time of exercise or thereafter).

13.5 Terms of Restricted Stock Units. RSUs granted under this Article XIII shall be subject to the following terms and conditions, and shall be in such form and contain such additional terms and conditions, not inconsistent with the terms of this Plan, as the Board shall deem desirable:

(a) Automatic Grant. Effective as of September 21, 2011, a Non-Employee Director who as of the December 31 of the calendar year prior to a NED Grant Date (the "Determination Date") has not satisfied his minimum Company stock ownership requirement under the Ownership Guidelines shall be automatically granted, without further action by the Non-Employee Director, Committee or the stockholders of the Company, in lieu of all or a portion of the Annual Option that otherwise would have been granted to the Non-Employee Director on such NED Grant Date, a number of RSUs determined by the Committee in its sole discretion by converting the Stock Options that the Non-Employee Director would otherwise have received on the NED Grant Date to RSUs by dividing the Black-Scholes value of such Stock Options on the NED Grant Date by the Fair Market Value of a share of Common Stock on the NED Grant Date up to the number of RSUs equal to the number of shares of Common Stock necessary for the Non-Employee Director to have satisfied his minimum stock ownership requirement under the Ownership Guidelines as of the Determination Date. Any fractional Stock Options or RSUs, as applicable, resulting from the foregoing calculations shall be eliminated by rounding-down for fractions less than one-half and rounding-up for fractions equal to or greater than one-half. No cash settlements or other Award shall be made with respect to fractional Stock Options or RSUs, as applicable, eliminated by rounding. Any Stock Options that remain following the foregoing calculations shall, subject to Sections 13.5(b) and 13.6(a), be granted to the Non-Employee Director on the NED Grant Date in accordance with Section 13.2(b).

(b) Election. Effective as of September 21, 2011, a Non-Employee Director may elect, without further action by the Committee or the stockholders of the Company, to be granted, in lieu of all or a portion of the Annual Option that,

subject to Section 13.5(a), otherwise would have been granted to the Non-Employee Director on such NED Grant Date, the number of RSUs equal to the Black-Scholes value on the NED Grant Date of the Stock Options that the Non-Employee Director has elected not to receive on the NED Grant Date divided by the Fair Market Value of the Common Stock on the NED Grant Date, as determined by the Committee in its sole discretion. Any fractional RSU resulting from the foregoing calculation shall be eliminated by rounding-down for fractions less than one-half and rounding-up for fractions equal to or greater than one-half. No cash settlements or other Award shall be made with respect to fractional RSUs eliminated by rounding. Any election pursuant to this Section 13.5(b) shall be in writing delivered to the Committee on an election form prescribed by, and acceptable to, the Committee and in accordance with the procedures established by the Committee, and must be delivered by the Non-Employee Director by either (i) no later than the December 31 of the calendar year prior to the calendar year in which the relevant NED Grant Date is scheduled to occur, (ii) within thirty (30) days of his first becoming a Non-Employee Director, or (iii) by such other deadline, approved in advance by the Committee, that is compliant with Section 409A of the Code and does not result in constructive receipt of income by the Non-Employee Director.

(c) Vesting. RSUs granted to Non-Employee Directors pursuant to this Section 13.5 (i) prior to the December Effective Date, shall vest in installments over a three (3) year period, commencing on the NED Grant Date, at the rate of 25% effective on the first and second anniversaries of the NED Grant Date and 50% on the third anniversary of the NED Grant Date, and (ii) on or after the December Effective Date, shall vest, unless otherwise determined by the Committee at or prior to grant, in installments over a three (3) year period, commencing on the NED Grant Date, at the rate of 25% effective on the first and second anniversaries of the NED Grant Date and 50% on the third anniversary of the NED Grant Date; provided that, except as otherwise determined by the Committee at or prior to grant with respect to any RSUs granted on or after the December Effective Date, or except as otherwise specifically provided herein, the RSUs may become vested only during the period prior to his or her Termination of Directorship.

(d) Acceleration of Vesting. All unvested RSUs granted to a Non-Employee Director shall become fully vested upon (i) such Non-Employee Director's death, (ii) solely with respect to RSUs granted to a Non-Employee Director prior to November 15, 2017, a Change in Control, or (iii) solely with respect to RSUs granted to a Non-Employee Director on or following November 15, 2017, upon such Non-Employee Director's Termination of Directorship due to a failure to stand for reelection, failure to be reelected, or removal or resignation at the request or instruction of a person or entity effecting the Change in Control, in each case occurring on or after the occurrence of a Change in Control. In addition, the Committee may accelerate the vesting of any such RSU at any time at or after grant in whole or in part, based on such factors, if any, as the Committee shall determine, in its sole discretion.

Within thirty (30) days following the Non-Employee Director's Termination of Directorship for any reason other than a Termination of Directorship for Cause, the Non-Employee Director shall receive one share of Common Stock for each vested RSU held by the Non-Employee Director as of the date of the Non-Employee Director's Termination of Directorship, the ownership of which shall be recognized by the Company through an uncertificated book entry credited to a book entry account maintained by the Company (or its designee) on behalf of the Non-Employee Director or such other method (including the issuance of stock certificate) as determined by the Company in its sole discretion.

(e) Form and Modification of Restricted Stock Units. Subject to the terms and conditions and within the limitations of this Plan, RSUs granted under this Article XIII shall be evidenced by such form of agreement or grant as is approved by the Committee, and the Committee may modify outstanding RSUs granted under this Section XIII; provided that the rights of a Participant are not reduced without his consent; provided further, that any such modification is intended to be structured to comply with Section 409A of the Code, to the extent applicable.

(f) Termination of Directorship. Except as otherwise provided in Section 13.5(d) hereof, RSUs that are not vested as of the date of a Non-Employee Director's Termination of Directorship for any reason shall terminate and be forfeited in their entirety as of the date of such Termination of Directorship. Notwithstanding anything herein to the contrary, in the event of a Non-Employee Director's Termination of Directorship for Cause, the Non-Employee Director's RSUs (whether vested or unvested) shall terminate and be forfeited in their entirety as of the date of such Termination of Directorship.

(g) Detrimental Activity. Unless otherwise determined by the Committee at grant, each Award of RSUs shall provide that in the event the Non-Employee Director engages in Detrimental Activity prior to, or during the one year period following the later of Termination of Directorship or any vesting of RSUs, the Committee may direct (at any time within one year thereafter) that all unvested RSUs and all vested but unpaid RSUs shall be immediately forfeited to the Company and that the Non-Employee Director shall pay over to the Company the amount realized from any RSUs or any Common Stock paid in connection therewith.

(h) Dividends. Unless otherwise determined by the Committee at the time of Award, subject to the provisions of the Award agreement and this Plan, the recipient of RSUs under this Section 13.5 shall be entitled to receive, currently or on a deferred basis, dividends or dividend equivalents with respect to the number of shares of Common Stock covered by the Award, as determined at the time of the Award by the Committee, in its sole discretion. Dividend equivalents shall confer upon the recipient the right to receive the cash value of any dividends and other distributions that would have been received as though the Non-Employee Director

had held each share of Common Stock referenced by the RSU from such date as the Committee may specify (but not earlier than the Grant Date of the Award) until the actual distribution to such Participant of the related share of Common Stock or cash value thereof. Such amounts, if awarded and to be paid to the Participant as and when the shares of Common Stock or cash value thereof are distributed to such Participant, may, at the discretion of the Committee, be paid with interest from the applicable dividend payment date until such amounts and any earnings thereon are distributed. The applicable rate of interest shall be determined by the Committee in its sole discretion; provided, however, that for each fiscal year or part thereof, the applicable interest rate shall not be greater than the Treasury Rate. Alternatively, the Committee may provide that such cash dividend equivalents will be deemed reinvested in additional RSUs as of the applicable dividend payment date, to be settled by delivery of shares of Common Stock or cash value thereof at the same time as such deferred cash dividend equivalents would have been settled hereunder.

13.6 Terms of Restricted Stock Awards. Restricted Stock granted under this Article XIII shall be subject to the following terms and conditions, and shall be in such form and contain such additional terms and conditions, not inconsistent with the terms of this Plan, as the Board shall deem desirable:

(a) Election. Effective as of September 21, 2011, a Non-Employee Director may elect, without further action by the Committee or the stockholders of the Company, to be granted, in lieu of all or a portion of the Annual Option that, subject to Section 13.5(a), otherwise would have been granted to the Non-Employee Director on such NED Grant Date, the number of shares of Restricted Stock equal to the Black-Scholes value on the NED Grant Date of the Stock Options that the Non-Employee Director has elected not to receive on the NED Grant Date divided by the Fair Market Value of the Common Stock on the NED Grant Date, as determined by the Committee in its sole discretion. Any fractional share of Restricted Stock resulting from the foregoing calculation shall be eliminated by rounding-down for fractions less than one-half and rounding-up for fractions equal to or greater than one-half. No cash settlements or other Award shall be made with respect to fractional shares of Restricted Stock eliminated by rounding. Any election pursuant to this Section 13.6(a) shall be in writing delivered to the Committee on an election form prescribed by, and acceptable to, the Committee and in accordance with the procedures established by the Committee, and must be delivered by the Non-Employee Director by either (i) no later than the December 31 of the calendar year prior to the calendar year in which the relevant NED Grant Date is scheduled to occur, (ii) within thirty (30) days of his first becoming a Non-Employee Director, or (iii) effective as of June 5, 2013, by such other deadline, approved in advance by the Committee, that is compliant with Section 409A of the Code and does not result in constructive receipt of income by the Non-Employee Director.

A Non-Employee Director who elects to receive Restricted Stock shall not have any rights with respect to such Award, unless and until such Participant has delivered to the Company a fully executed copy of the applicable Award agreement relating thereto and has otherwise complied with the applicable terms and conditions of such Award. Further, such Award shall be subject to the following conditions:

- (i) Purchase Price. The purchase price for shares of Restricted Stock shall be zero to the extent permitted by applicable law, and, to the extent not so permitted, such be the lowest permissible price.
 - (ii) Acceptance. Awards of Restricted Stock must be accepted within a period of 90 days (or such shorter period as the Committee may specify at grant) after the Award date by executing a Restricted Stock Award agreement and by paying whatever price (if any) required by law.
 - (iii) Legend. Each Participant receiving shares of Restricted Stock shall be issued a stock certificate in respect of such shares of Restricted Stock, unless the Committee elects to use another system, such as book entries by the transfer agent, as evidencing ownership of shares of Restricted Stock. Such certificate shall be registered in the name of such Participant, and shall bear an appropriate legend referring to the terms, conditions, and restrictions applicable to such Award, substantially in the following form:
"The anticipation, alienation, attachment, sale, transfer, assignment, pledge, encumbrance or charge of the shares of stock represented hereby are subject to the terms and conditions (including forfeiture) of The Comtech Telecommunications Corp. 2000 Stock Incentive Plan (the "Plan") and an Agreement entered into between the registered owner and the Company dated _____. Copies of such Plan and Agreement are on file at the principal office of the Company."
(iv) Custody. The Committee may require that any stock certificates evidencing such shares be held in custody by the Company until the restrictions thereon shall have lapsed and that, as a condition to the grant of such Award of Restricted Stock, the Participant shall have delivered a duly signed stock power, endorsed in blank, relating to the Common Stock covered by such Award.
- (b) Restrictions and Conditions. Shares of Restricted Stock awarded pursuant to this Plan shall be subject to the following restrictions and conditions:
- (i) Vesting. Shares of Restricted Stock granted to Non-Employee Directors pursuant to Section 13.6(a) (i) prior to the December Effective Date, shall vest in installments over a three (3) year period, commencing on the NED Grant Date, at the rate of 25% effective on the first and second anniversaries of the NED Grant Date and 50% on the third

anniversary of the NED Grant Date, and (ii) on or after the December Effective Date, shall vest, unless otherwise determined by the Committee at or prior to grant, in installments over a three (3) year period, commencing on the NED Grant Date, at the rate of 25% effective on the first and second anniversaries of the NED Grant Date and 50% on the third anniversary of the NED Grant Date; provided that, except as otherwise determined by the Committee at or prior to grant with respect to any shares of Restricted Stock granted on or after the December Effective Date, or except as otherwise specifically provided herein, the shares of Restricted Stock may become vested only during the period prior to his or her Termination of Directorship. Notwithstanding the foregoing, all unvested shares of Restricted Stock granted to Non-Employee Directors pursuant to Section 13.6(a) shall become fully vested upon (i) such Non-Employee Director's death, (ii) solely with respect to shares of Restricted Stock granted to a Non-Employee Director prior to November 15, 2017, a Change in Control, or (iii) solely with respect to shares of Restricted Stock granted to a Non-Employee Director on or following November 15, 2017, upon such Non-Employee Director's Termination of Directorship due to a failure to stand for reelection, failure to be reelected, or removal or resignation at the request or instruction of a person or entity effecting the Change in Control, in each case occurring on or after the occurrence of a Change in Control. In addition, the Committee may accelerate the vesting of any such shares of Restricted Stock at any time at or after grant in whole or in part, based on such factors, if any, as the Committee shall determine, in its sole discretion. The Participant shall not be permitted to Transfer shares of Restricted Stock awarded under Section 13.6(a) prior to vesting.

(ii) Rights as Stockholder. Except as otherwise determined by the Committee, the Participant shall have, with respect to the shares of Restricted Stock, all of the rights of a holder of shares of Common Stock of the Company including, without limitation, the right to receive any dividends, the right to vote such shares and, subject to and conditioned upon the full vesting of shares of Restricted Stock, the right to tender such shares. The Committee may, in its sole discretion, determine at the time of grant that the payment of dividends shall be deferred until, and conditioned upon, the vesting of the underlying shares of Restricted Stock.

(iii) Lapse of Restrictions. If and when shares of Restricted Stock vest, the certificates for such shares shall be delivered to the Participant. All legends shall be removed from said certificates at the time of delivery to the Participant except as otherwise required by applicable law.

(iv) Form and Modification of Restricted Stock Awards. Subject to the terms and conditions and within the limitations of this Plan, shares of Restricted Stock granted under this Article XIII shall be evidenced by such form of agreement or grant as is approved by the Committee, and the

Committee may modify outstanding Restricted Stock Awards granted under this Section XIII; provided that the rights of a Participant are not reduced without his consent; provided further, that any such modification is intended to be structured to comply with Section 409A of the Code, to the extent applicable.

(v) Termination of Directorship. Except as otherwise provided herein and in Section 13.6(b)(i) hereof, shares of Restricted Stock that are not vested as of the date of a Non-Employee Director's Termination of Directorship for any reason shall terminate and be forfeited in their entirety as of the date of such Termination of Directorship. Notwithstanding the foregoing, the Committee shall be authorized, in its sole discretion, at any time on or prior to the date of the Termination of Directorship, to provide, based on such factors as the Committee may determine, in its sole discretion, that any shares of Restricted Stock that are not vested as of the date of Termination of Directorship shall thereafter continue to vest in accordance with the original terms of such shares of Restricted Stock as if a Termination of Directorship never occurred. Notwithstanding anything herein to the contrary, in the event of a Non-Employee Director's Termination of Directorship for Cause, the Non-Employee Director's shares of Restricted Stock (whether vested or unvested) shall be forfeited in their entirety as of the date of such Termination of Directorship.

(c) Detrimental Activity. Unless otherwise determined by the Committee at grant, each Award of Restricted Stock shall provide that in the event the Non-Employee Director engages in Detrimental Activity prior to, or during the one year period following the later of Termination of Directorship or any vesting of Restricted Stock, the Committee may direct (at any time within one year thereafter) that all unvested Restricted Stock shall be immediately forfeited to the Company and that the Non-Employee Director shall pay over to the Company the amount realized at the time of vesting of any Restricted Stock.

13.7 Terms of Stock Units. Stock Units granted under this Article XIII shall be subject to the following terms and conditions, and shall be in such form and contain such additional terms and conditions, not inconsistent with the terms of this Plan, as the Board shall deem desirable:

(a) Election. Effective as of September 21, 2011, a Non-Employee Director may elect, without further action by the Committee or the stockholders of the Company, to be granted on the date the relevant cash retainer payment was scheduled to be paid (the "Retainer Payment Date"), in lieu of all or a portion of the Non-Employee Director's annual cash retainer that would have been paid to the Non-Employee Director, the number of Stock Units equal to the amount of the cash retainer that the Non-Employee Director has elected not to receive divided by the Fair Market Value of the Common Stock on the Retainer Payment Date, as determined by the Committee in its sole discretion. Any fractional Stock Unit

resulting from the foregoing calculation shall be eliminated by rounding-down for fractions less than one-half and rounding-up for fractions equal to or greater than one-half. No cash settlements or other Award shall be made with respect to fractional Stock Units eliminated by rounding. Any election pursuant to this Section 13.7(a) shall be in writing delivered to the Committee on an election form prescribed by, and acceptable to, the Committee and in accordance with the procedures established by the Committee, and must be delivered by the Non-Employee Director by either (i) no later than the December 31 of the calendar year prior to the calendar year in which the relevant cash retainer payment is scheduled to be paid, (ii) within thirty (30) days of his first becoming a Non-Employee Director or (iii) by such other deadline, approved in advance by the Committee, that is compliant with Section 409A of the Code and does not result in constructive receipt of income by the Non-Employee Director.

(b) Vesting. Prior to the December Effective Date, Stock Units granted to Non-Employee Directors pursuant to Section 13.7(a) shall be fully vested on the date of grant. On or after the December Effective Date, Stock Units granted to Non-Employee Directors pursuant to Section 13.7(a) shall be fully vested on the date of grant unless otherwise provided by the Committee at or prior to grant.

(c) Payment. Within thirty (30) days following the Non-Employee Director's Termination of Directorship for any reason other than a Termination of Directorship for Cause, the Non-Employee Director shall receive one share of Common Stock for each Stock Unit held by the Non-Employee Director as of the date of the Non-Employee Director's Termination of Directorship, the ownership of which shall be recognized by the Company through an uncertificated book entry credited to a book entry account maintained by the Company (or its designee) on behalf of the Non-Employee Director or such other method (including the issuance of stock certificate) as determined by the Company in its sole discretion.

(d) Form and Modification of Stock Units. Subject to the terms and conditions and within the limitations of this Plan, Stock Units granted under this Article XIII shall be evidenced by such form of agreement or grant as is approved by the Committee, and the Committee may modify outstanding Stock Units granted under this Section XIII; provided that the rights of a Participant are not reduced without his consent; provided further, that any such modification is intended to be structured to comply with Section 409A of the Code, to the extent applicable.

(e) Termination of Directorship. Notwithstanding anything herein to the contrary, in the event of a Non-Employee Director's Termination of Directorship for Cause, the Non-Employee Director's Stock Units shall terminate and be forfeited in their entirety as of the date of such Termination of Directorship.

(f) Detrimental Activity. Unless otherwise determined by the Committee at grant, each Award of Stock Units shall provide that in the event the Non-Employee Director engages in Detrimental Activity prior to, or during the one

year period following the later of Termination of Directorship or any grant of Stock Units, the Committee may direct (at any time within one year thereafter) that all Stock Units shall be immediately forfeited to the Company and that the Non-Employee Director shall pay over to the Company the amount realized from any Stock Units or any Common Stock paid in connection therewith.

(g) Dividends. Unless otherwise determined by the Committee at the time of Award, subject to the provisions of the Award agreement and this Plan, the recipient of Stock Units under this Section 13.7 shall be entitled to receive, currently or on a deferred basis, dividends or dividend equivalents with respect to the number of shares of Common Stock covered by the Award, as determined at the time of the Award by the Committee, in its sole discretion. Dividend equivalents shall confer upon the recipient the right to receive the cash value of any dividends and other distributions that would have been received as though the Non-Employee Director had held each share of Common Stock referenced by the Stock Unit from such date as the Committee may specify (but not earlier than the Grant Date of the Award) until the actual distribution to such Participant of the related share of Common Stock or cash value thereof. Such amounts, if awarded and to be paid to the Participant as and when the shares of Common Stock or cash value thereof are distributed to such Participant, may, at the discretion of the Committee, be paid with interest from the applicable dividend payment date until such amounts and any earnings thereon are distributed. The applicable rate of interest shall be determined by the Committee in its sole discretion; provided, however, that for each fiscal year or part thereof, the applicable interest rate shall not be greater than the Treasury Rate. Alternatively, the Committee may provide that such cash dividend equivalents will be deemed reinvested in additional Stock Units as of the applicable dividend payment date, to be settled by delivery of shares of Common Stock or cash value thereof at the same time as such deferred cash dividend equivalents would have been settled hereunder.

13.8 Changes.

(a) The Awards to a Non-Employee Director shall be subject to Sections 4.2(a), (b) and (c) of the Plan and this Section 13.8, but shall not be subject to Section 4.2(d).

(b) If the Company shall not be the surviving corporation in any merger or consolidation, or if the Company is to be dissolved or liquidated, then, unless the surviving corporation assumes the Stock Options or substitutes new Stock Options which are determined by the Board in its sole discretion to be substantially similar in nature and equivalent in terms and value for Stock Options then outstanding, upon the effective date of such merger, consolidation, liquidation or dissolution, any unexercised Stock Options shall expire without additional compensation to the holder thereof; provided, that, the Board shall deliver notice to each Non-Employee Director at least 30 days prior to the date of consummation of such merger, consolidation, dissolution or liquidation which would result in the expiration of the

Stock Options and during the period from the date on which such notice of termination is delivered to the consummation of the merger, consolidation, dissolution or liquidation, such Participant shall have the right to exercise in full, effective as of such consummation, all Stock Options that are then outstanding (without regard to limitations on exercise otherwise contained in the Stock Options) but contingent on occurrence of the merger, consolidation, dissolution or liquidation, and, provided that, if the contemplated transaction does not take place within a 90 day period after giving such notice for any reason whatsoever, the notice, accelerated vesting and exercise shall be null and void and, if and when appropriate, new notice shall be given as aforesaid.

ARTICLE XIV

CHANGE IN CONTROL PROVISIONS

14.1 Benefits. In the event of a Change in Control of the Company, except as otherwise provided by the Committee upon the grant of an Award, the Participant shall be entitled to the following benefits:

(a) Awards granted to Participants prior to November 15, 2017, shall be treated in accordance with the terms of the Plan as in effect prior to such date.

(b) Except to the extent provided in the applicable Award agreement, the Participant's employment agreement with the Company or an Affiliate, as approved by the Committee, or other written agreement approved by the Committee (as such agreement may be amended from time to time), with respect to any Award granted to a Participant other than a Non-Employee Director on or after November 15, 2017, if such Participant has an involuntary Termination without Cause at any time during the two (2) year period commencing on a Change in Control, then all outstanding Awards of such Participant that were granted to such Participant on or after November 15, 2017, but prior to the Change in Control (including any Alternative Option granted to such Participant in substitution of any Stock Option pursuant to Section 14.1(d) below) shall be fully vested on the date of such Termination and any such Awards that provide for Participant elected exercise shall be immediately exercisable in their entirety on the date of such Termination.

(c) The Committee, in its sole discretion, may provide for the purchase of any Stock Option by the Company or an Affiliate for an amount of cash equal to the excess of the Change in Control Price (as defined below) of the shares of Common Stock covered by such Stock Options, over the aggregate exercise price of such Stock Options. For purposes of this Section 14.1, Change in Control Price shall mean the higher of (i) the highest price per share of Common Stock paid in any transaction related to a Change in Control of the Company, or (ii) the highest Fair Market Value per share of Common Stock at any time during the sixty (60) day period preceding a Change in Control; provided, however, that for the

avoidance if doubt the Change in Control price shall not exceed the fair market value of the Common Stock at the time of purchase as determined in accordance Section 409A of the Code.

(d) Notwithstanding anything to the contrary herein, unless the Committee provides otherwise at the time a Stock Option is granted hereunder or thereafter, no acceleration of exercisability shall occur with respect to such Stock Options if the Committee reasonably determines in good faith, prior to the occurrence of the Change in Control, that the Stock Options shall be honored or assumed, or new rights substituted therefore (each such honored, assumed or substituted stock option hereinafter called an "Alternative Option"), by a Participant's employer (or the parent or a subsidiary of such employer) immediately following the Change in Control, provided that any such Alternative Option must meet the following criteria:

- (i) the Alternative Option must be based on stock which is traded on an established securities market, or which will be so traded within 30 days of the Change in Control;
- (ii) the Alternative Option must provide such Participant with rights and entitlements substantially equivalent to or better than the rights, terms and conditions applicable under such Stock Option, including, but not limited to, an identical or better exercise schedule;
- (iii) the Alternative Option must have economic value substantially equivalent to the value of such Stock Option (determined at the time of the Change in Control); and
- (iv) the Alternate Option must be structured in a manner intended to comply with Section 409A of the Code to avoid any adverse tax consequences thereunder, to the extent applicable.

For purposes of Incentive Stock Options, any assumed or substituted Stock Option shall comply with the requirements of Treasury Regulation § 1.424-1 (and any amendments thereto).

(e) Notwithstanding anything else herein, the Committee may, in its sole discretion, provide for accelerated lapsing of restrictions on an Award or accelerated vesting of an Award, as applicable, at any time.

14.2 Change in Control. A "Change in Control" shall be deemed to have occurred:

- (a) upon any "person" as such term is used in Sections 13(d) and 14(d) of the Exchange Act (other than the Company, any trustee or other fiduciary holding securities under any employee benefit plan of the Company, or any company owned, directly or indirectly, by the stockholders of the Company in

- substantially the same proportions as their ownership of Common Stock of the Company), becoming the owner (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of securities of the Company representing 30% or more of the combined voting power of the Company's then outstanding securities;
- (b) during any period of two (2) consecutive years (the "Board Measurement Period"), individuals who at the beginning of such period constitute the Board of Directors, and any new director (other than a director designated by a person who has entered into an agreement with the Company to effect a transaction described in paragraph (a), (c), or (d) of this section) or a director whose initial assumption of office occurs as a result of either an actual or threatened election contest (as such term is used in Rule 14a-11 of Regulation 14A promulgated under the Exchange Act) or other actual or threatened solicitation of proxies or consents by or on behalf of a person other than the Board of Directors of the Company whose election by the Board of Directors or nomination for election by the Company's stockholders was approved by a vote of at least two-thirds of the directors then still in office who either were directors at the beginning of the two-year period or whose election or nomination for election was previously so approved, cease for any reason to constitute at least a majority of the Board of Directors; provided, that with respect to any payment pursuant to an Award granted under this Plan on or after September 21, 2011 that is triggered upon a Change in Control and that constitutes "non-qualified deferred compensation" pursuant to Section 409A of the Code, the Board Measurement Period shall be reduced from any period of two consecutive years to any period of twelve consecutive months;
- (c) upon a merger or consolidation of the Company with any other corporation, other than a merger or consolidation which would result in the voting securities of the Company outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity) more than 50% of the combined voting power of the voting securities of the Company or such surviving entity outstanding immediately after such merger or consolidation; provided, however, that a merger or consolidation effected to implement a recapitalization of the Company (or similar transaction) in which no person (other than those covered by the exceptions in (a) above) acquires more than 50% of the combined voting power of the Company's then outstanding securities shall not constitute a Change in Control of the Company; or
- (d) upon approval by the stockholders of the Company of a plan of complete liquidation of the Company or an agreement for (or for Awards granted on or after September 21, 2011, the consummation of) the sale or disposition by the Company of all or substantially all of the Company's assets other than the sale or disposition of all or substantially all of the assets of the Company to a person or persons who beneficially own, directly or indirectly, at least 50% or more of the combined voting power of the outstanding voting securities of the Company at the time of the sale; provided, that with respect to any payment pursuant to an Award

granted under this Plan on or after September 21, 2011 that is triggered upon a Change in Control and that constitutes “non-qualified deferred compensation” pursuant to Section 409A of the Code, stockholder approval of a plan of liquidation of the Company shall not constitute a Change in Control.

ARTICLE XV

TERMINATION OR AMENDMENT OF PLAN

Notwithstanding any other provision of this Plan, the Board or the Committee may at any time, and from time to time, amend, in whole or in part, any or all of the provisions of this Plan (including any amendment deemed necessary to ensure that the Company may comply with any regulatory requirement referred to in Article XVII), or suspend or terminate it entirely, retroactively or otherwise; provided, however, that, unless otherwise required by law or specifically provided herein, the rights of a Participant with respect to Awards granted prior to such amendment, suspension or termination, may not be impaired without the consent of such Participant and, provided further, without the approval of the shareholders of the Company in accordance with the laws of the State of Delaware, to the extent required by the applicable provisions of Rule 16b-3 or Section 162(m) of the Code, or, to the extent applicable to Incentive Stock Options, Section 422 of the Code, no amendment may be made which would (i) increase the aggregate number of shares of Common Stock that may be issued under this Plan; (ii) increase the maximum individual Participant limitations for a fiscal year under Section 4.1(d); (iii) change the classification of employees, directors or Consultants eligible to receive Awards under this Plan; (iv) decrease the minimum option price of any Stock Option or Stock Appreciation Right; (v) extend the maximum option period under Section 6.3; (vi) materially alter the Performance Criteria for the Award of Restricted Stock, Performance Units, Performance Shares or cash incentive Awards as set forth in Exhibit A; or (vii) require stockholder approval in order for this Plan to continue to comply with the applicable provisions of Section 162(m) of the Code or, to the extent applicable to Incentive Stock Options, Section 422 of the Code. In no event may this Plan be amended without the approval of the stockholders of the Company in accordance with the applicable laws of the State of Delaware to increase the aggregate number of shares of Common Stock that may be issued under this Plan, decrease the minimum exercise price of any Stock Option or Stock Appreciation Right, or to make any other amendment that would require stockholder approval under the rules of any exchange or system on which the Company's securities are listed or traded at the request of the Company.

The Committee may amend the terms of any Award theretofore granted, prospectively or retroactively, but, subject to Article IV above or as otherwise specifically provided herein, no such amendment or other action by the Committee shall impair the rights of any holder without the holder's consent.

ARTICLE XVI
UNFUNDED PLAN

16.1 Unfunded Status of Plan. This Plan is intended to constitute an "unfunded" plan for incentive and deferred compensation. With respect to any payments as to which a Participant has a fixed and vested interest but which are not yet made to a Participant by the Company, nothing contained herein shall give any such Participant any rights that are greater than those of a general unsecured creditor of the Company.

ARTICLE XVII
GENERAL PROVISIONS

17.1 Legend. The Committee may require each person receiving shares pursuant to an Award under this Plan to represent to and agree with the Company in writing that the Participant is acquiring the shares without a view to distribution thereof. In addition to any legend required by this Plan, the certificates for such shares may include any legend which the Committee deems appropriate to reflect any restrictions on Transfer.

All certificates for shares of Common Stock delivered under this Plan shall be subject to such stop transfer orders and other restrictions as the Committee in its sole discretion may deem advisable under the rules, regulations and other requirements of the Securities and Exchange Commission, any stock exchange upon which the Common Stock is then listed or any national securities exchange system upon whose system the Common Stock is then quoted, any applicable Federal or state securities law, and any applicable corporate law, and the Committee may cause a legend or legends to be put on any such certificates to make appropriate reference to such restrictions.

17.2 Other Plans. Nothing contained in this Plan shall prevent the Board from adopting other or additional compensation arrangements, subject to stockholder approval if such approval is required; and such arrangements may be either generally applicable or applicable only in specific cases.

17.3 Right to Employment/Directorship/Consultancy. Neither this Plan nor the grant of any Award hereunder shall give any Participant or other employee, Non-Employee Director or Consultant any right with respect to continuance of employment, directorship or Consultancy by the Company or any Affiliate, nor shall they be a limitation in any way on the right of the Company or any Affiliate by which an employee is employed or a Non-Employee Director or Consultant is retained to terminate his employment, directorship or Consultancy at any time.

17.4 Withholding of Taxes. The Company shall have the right to deduct from any payment to be made to a Participant, or to otherwise require, prior to the issuance or delivery of any shares of Common Stock or the payment of any cash hereunder, payment by the Participant of, any Federal, state or local taxes required by law to be withheld. Upon the vesting of Restricted Stock (or other Award that is taxable upon vesting), or upon making an election under Code Section 83(b), a Participant shall pay all required withholding to the Company.

Any such withholding obligation with regard to any Participant may be satisfied, subject to the consent of the Committee, by reducing the number of shares of Common Stock otherwise deliverable or by delivering shares of Common Stock already owned. Any fraction of a share of Common Stock required to satisfy such tax obligations shall be disregarded and the amount due shall be paid instead in cash by the Participant.

17.5 Listing and Other Conditions.

(a) As long as the Common Stock is listed on a national securities exchange or system sponsored by a national securities association, the issue of any shares of Common Stock pursuant to an Award shall be conditioned upon such shares being listed on such exchange or system. The Company shall have no obligation to issue such shares unless and until such shares are so listed, and the right to exercise any Stock Option with respect to such shares shall be suspended until such listing has been effected.

(b) If at any time counsel to the Company shall be of the opinion that any sale or delivery of shares of Common Stock pursuant to an Award is or may in the circumstances be unlawful or result in the imposition of excise taxes on the Company under the statutes, rules or regulations of any applicable jurisdiction, the Company shall have no obligation to make such sale or delivery, or to make any application or to effect or to maintain any qualification or registration under the Securities Act or otherwise with respect to shares of Common Stock or Awards, and the right to exercise any Stock Option shall be suspended until, in the opinion of said counsel, such sale or delivery shall be lawful or will not result in the imposition of excise taxes on the Company.

(c) Upon termination of any period of suspension under this Section 17.5, any Award affected by such suspension which shall not then have expired or terminated shall be reinstated as to all shares available before such suspension and as to shares which would otherwise have become available during the period of such suspension, but no such suspension shall extend the term of any Stock Option.

(d) A Participant shall be required to supply the Company with any certificates, representations and information that the Company requests and otherwise cooperate with the Company in obtaining any listing, registration, qualification, exemption, consent or approval the Company deems necessary or appropriate.

17.6 **Governing Law.** This Plan and actions taken in connection herewith shall be governed and construed in accordance with the laws of the State of Delaware (regardless of the law that might otherwise govern under applicable Delaware principles of conflict of laws).

17.7 **Construction.** Wherever any words are used in this Plan in the masculine gender they shall be construed as though they were also used in the feminine gender in all cases where they would so apply, and wherever any words are used herein in the singular form they shall be construed as though they were also used in the plural form in all cases where they would so apply.

17.8 **Other Benefits.** No Award payment under this Plan shall be deemed compensation for purposes of computing benefits under any retirement plan of the Company or its subsidiaries nor affect any benefits under any other benefit plan now or subsequently in effect under which the availability or amount of benefits is related to the level of compensation, unless otherwise specifically stated in such other benefit plan.

17.9 **Costs.** The Company shall bear all expenses included in administering this Plan, including expenses of issuing Common Stock pursuant to any Awards hereunder.

17.10 **No Right to Same Benefits.** The provisions of Awards need not be the same with respect to each Participant, and such Awards to individual Participants need not be the same in subsequent years.

17.11 **Death/Disability.** The Committee may in its discretion require the transferee of a Participant to supply it with written notice of the Participant's death or Disability and to supply it with a copy of the will (in the case of the Participant's death) or such other evidence as the Committee deems necessary to establish the validity of the transfer of an Award. The Committee may also require that the agreement of the transferee to be bound by all of the terms and conditions of this Plan.

17.12 **Section 16(b) of the Exchange Act.** All elections and transactions under this Plan by persons subject to Section 16 of the Exchange Act involving shares of Common Stock are intended to comply with any applicable exemptive condition under Rule 16b-3. The Committee may establish and adopt written administrative guidelines, designed to facilitate compliance with Section 16(b) of the Exchange Act, as it may deem necessary or proper for the administration and operation of this Plan and the transaction of business thereunder.

17.13 **Section 409A of the Code**

(a) Although the Company does not guarantee the particular tax treatment of an Award granted under the Plan, Awards made under the Plan are intended to comply with, or be exempt from, the applicable requirements of Section

409A of the Code and the Plan and any Award agreement hereunder shall be limited, construed and interpreted in accordance with such intent. Notwithstanding anything herein to the contrary, any provision in this Plan that is inconsistent with Section 409A of the Code shall be deemed to be amended to comply with Section 409A of the Code and to the extent such provision cannot be amended to comply therewith, such provision shall be null and void. In no event whatsoever shall the Company or any of its Affiliates be liable for any additional tax, interest or penalties that may be imposed on a Participant by Section 409A of the Code or any damages for failing to comply with Section 409A of the Code.

(b) Notwithstanding anything in the Plan or in an Award to the contrary, the following provisions shall apply to any Award granted under the Plan that constitutes “non-qualified deferred compensation” pursuant to Section 409A of the Code (a “409A Covered Award”):

(i) A termination of employment shall not be deemed to have occurred for purposes of any provision of a 409A Covered Award providing for payment upon or following a termination of the Participant’s employment unless such termination is also a “Separation from Service” within the meaning of Code Section 409A and, for purposes of any such provision of the 409A Covered Award, references to a “termination,” “termination of employment” or like terms shall mean Separation from Service. Notwithstanding any provision to the contrary in the Plan or the Award, if the Participant is deemed on the date of the Participant’s Termination to be a “specified employee” within the meaning of that term under Section 409A(a)(2)(B) of the Code and using the identification methodology selected by the Company from time to time, or if none, the default methodology set forth in Code Section 409A, then with regard to any such payment under a 409A Covered Award, to the extent required to be delayed in compliance with Section 409A(a)(2)(B) of the Code, such payment shall not be made prior to the earlier of (i) the expiration of the six (6)-month period measured from the date of the Participant’s Separation from Service, and (ii) the date of the Participant’s death. All payments delayed pursuant to this Section 13.13(b)(i) shall be paid to the Participant on the first day of the seventh month following the date of the Participant’s Separation from Service or, if earlier, on the date of the Participant’s death.

(ii) Whenever a payment under a 409A Covered Award specifies a payment period with reference to a number of days, the actual date of payment within the specified period shall be within the sole discretion of the Company.

17.14 Severability of Provisions. If any provision of this Plan shall be held invalid or unenforceable, such invalidity or unenforceability shall not affect

any other provisions hereof, and this Plan shall be construed and enforced as if such provisions had not been included.

17.15 Headings and Captions. The headings and captions herein are provided for reference and convenience only, shall not be considered part of this Plan, and shall not be employed in the construction of this Plan.

17.16 Electronic Communications. Notwithstanding anything else herein to the contrary, any Award agreement, notice of exercise of an Option or Non-Tandem Stock Appreciation Right, or other document or notice required or permitted by this Plan that is required to be delivered in writing may, to the extent determined by the Committee, be delivered and accepted electronically. Signatures may also be electronic if permitted by the Committee. The term “written agreement” as used in the Plan shall include any document that it is delivered and/or accepted electronically.

A further restatement of the Plan was approved by the Board and effective on December 10, 2015, and incorporates amendments effective on December 10, 2015 with respect to Section 13.2 of the Plan to change the method for determining the initial and annual grants of Stock Options to Non-Employee Directors and to provide the Committee with discretion over the vesting of Non-Employee Director grants and the term of Stock Options. A further amendment to the Plan was approved by the Board so that effective as of August 9, 2016, the grant date fair value of Non-Employee Director annual equity Awards was set at \$120,000. A further restatement of the Plan was approved by the Board effective on November 18, 2016, increasing the number of shares of Common Stock available for Awards under the Plan, re-approving the material terms of the Performance Criteria under the Plan, extending the term of the Plan for an additional 10 years, clarifying the provisions of the Plan relating to share counting and reducing the number of Shares subject to Full-Value Awards that may be granted without being subject to minimum vesting requirements, with the provisions relating to the increase in the number of shares available under the Plan, the re-approval of the material terms of the Performance Criteria and extending the term of the Plan for an additional 10 years being approved by

stockholders on December 8, 2016. This restatement of the Plan was approved by the Board and effective on November 15, 2017 and incorporates amendments effective on November 15, 2017 and, as approved by stockholders, on December 5, 2017 (including increasing the number of shares of Common Stock available for Awards under the Plan and providing that Awards made to participants on or after November 15, 2017, unless otherwise determined by the Committee, shall not automatically vest and become exercisable upon a Change in Control, but instead such Awards shall automatically vest and become fully exercisable if the Participant experiences an involuntary Termination without Cause within two years following a Change in Control), with the provisions relating to the increase in the number of shares available under the Plan being subject to stockholder approval.

ARTICLE XIX

TERM OF PLAN

No Award shall be granted pursuant to this Plan on or after November 18, 2026, but Awards granted prior to such date may extend beyond that date. The foregoing notwithstanding, any Awards, the vesting or payment of which is conditioned on the satisfaction of Performance Criteria intended to qualify as "performance-based compensation" under Section 162(m) of the Code may be granted until the date of the first Annual Meeting of Stockholders that occurs in the fifth year following the year in which the Company's stockholders last previously re-approved the Performance Criteria or approved other designated performance goals (even if this deadline extends past the date at which other Awards may be granted under the Plan).

EXHIBIT A

PERFORMANCE CRITERIA

Performance Goals established for purposes of conditioning the grant of an Award of Restricted Stock based on performance or the vesting of performance-based Awards of Restricted Stock, Performance Units, Performance Shares and/or cash incentive Awards shall be based on one or more of the following performance criteria ("Performance Criteria"): (i) the attainment of certain target levels of, or a specified percentage increase in, revenues, income before income taxes and extraordinary items, net income, income before income tax and stock based compensation expense, earnings before income tax, earnings before interest, taxes, depreciation and amortization or a combination of any or all of the foregoing; (ii) the attainment of certain target levels of, or a percentage increase in, after-tax or pre-tax profits including, without limitation, that attributable to continuing and/or other operations; (iii) the attainment of certain target levels of, or a specified increase in, operational cash flow; (iv) the achievement of a certain level of, reduction of, or other specified objectives with regard to limiting the level of increase in, all or a portion of, the Company's bank debt or other long-term or short-term public or private debt or other similar financial obligations of the Company, which may be calculated net of such cash balances and/or other offsets and adjustments as may be established by the Committee; (v) the attainment of target levels of or a specified percentage increase in earnings per share or earnings per share from continuing operations; (vi) the attainment of certain target levels of, or a specified increase in return on capital employed or return on invested capital; (vii) the attainment of certain target levels of, or a percentage increase in, after-tax or pre-tax return on stockholders' equity; (viii) the attainment of certain target levels of, or a specified increase in, economic value added targets based on a cash flow return on investment formula; (ix) the attainment of certain target levels of or specified increases in the fair market value of the shares of the Company's common stock; and (x) the growth in the value of an investment in the Company's common stock assuming the reinvestment of dividends. For purposes of item (i) above, "extraordinary items" shall mean all items of gain, loss or expense for the fiscal year determined to be extraordinary or unusual in nature or infrequent in occurrence or related to a corporate transaction (including, without limitation, a disposition or acquisition) or related to a change in accounting principle, all as determined in accordance with standards established by Opinion No. 30 of the Accounting Principles Board. The Committee may specify that specific items of income or expense may be included or excluded from the calculation of achievement of any of the foregoing Performance Criteria.

In addition, such Performance Criteria may be based upon the attainment of specified levels of Company (or subsidiary, division or other operational unit of the Company) performance under one or more of the measures described above relative to the performance of other corporations. To the extent permitted under Code Section 162(m), but only to the extent permitted under Code Section 162(m) (including, without limitation, compliance with any requirements for stockholder approval), the Committee may: (i) designate additional business criteria on which the Performance Criteria may be based or (ii) adjust, modify or amend the aforementioned business criteria.
