PROXY STATEMENT
of
THE EASTERN COMPANY

for the Annual Meeting of Shareholders
To Be Held on May 1, 2019

The Board of Directors of The Eastern Company ("Eastern," the "Company," "we," "us" or "our") is furnishing this proxy statement in connection with its solicitation of proxies for use at the 2019 Annual Meeting of Shareholders and at any adjournment thereof (the "Annual Meeting"). This proxy statement is first being furnished to shareholders on or about March 14, 2019.

GENERAL INFORMATION REGARDING VOTING AT THE ANNUAL MEETING

The Board of Directors of Eastern (the "Board") has fixed the close of business on March 1, 2019 as the record date for determining the shareholders entitled to notice of, and to vote at, the Annual Meeting. On the record date, there were 6,231,409 outstanding shares of Eastern common stock, no par value ("Common Shares"), with each Common Share entitled to one vote.

The presence, in person or by proxy, of holders of a majority of the voting power of the Common Shares entitled to vote at the Annual Meeting is necessary to constitute a quorum.

Shares represented by Eastern's proxy card will be voted at the Annual Meeting, either in accordance with the directions indicated on the proxy card, or, if no directions are indicated, in accordance with the recommendations of the Board of Directors contained in this Proxy Statement and on the form of proxy. If a proxy is signed and returned without specifying choices, the Common Shares represented thereby will be voted (1) FOR the proposal to elect: Mr. Fredrick D. DiSanto, Mr. John W. Everets, Mr. Charles W. Henry, Mr. Michael A. McManus, Jr., Mr. James A. Mitarotonda, Mrs. Peggy B. Scott and Mr. August M. Vlak to the Board of Directors; (2) FOR the approval of the compensation of the named executive officers; and (3) FOR the proposal to appoint Fiondella, Milone & LaSaracina LLP as the Company's independent registered public accounting firm. The Company is not aware of any matters other than those set forth herein which will be presented for action at the Annual Meeting. If other matters should be presented, the persons named in the proxy intend to vote such proxies in accordance with their best judgment.

If you submit a proxy and then wish to change your vote, you will need to revoke the proxy that you have submitted. A shareholder may revoke his or her proxy at any time before it is exercised by voting in person at the Annual Meeting or by timely delivery of a properly executed, later-dated proxy card or a written revocation of his or her proxy. A later-dated proxy card or written revocation must be received before the Annual Meeting by the Corporate Secretary of the Company, at 112 Bridge Street, P.O. Box 460, Naugatuck, CT 06770-0460, or it must be delivered to the Corporate Secretary of the Company at the Annual Meeting before proxies are exercised. You may also revoke your proxy by submitting a new proxy via the Internet at www.proxyvote.com, or by a later telephone vote, no later than 11:59 p.m. Eastern Time on April 30, 2019. Attendance at the Annual Meeting does not, without further action, revoke the appointment of a proxy; however, it may be revoked either by giving notice of revocation or voting in person at the Annual Meeting before your proxy is exercised.

The Common Shares are listed under the ticker symbol "EML" on The NASDAQ Stock Market LLC ("NASDAQ").

Solicitation of Proxies

The cost of solicitation of proxies will be borne by the Company. On approximately March 14, 2019, we mailed a Notice of internet availability of Proxy Materials advising our shareholders that they could view all of the proxy

materials online or request a paper or e-mail copy of the proxy materials. This online access format expedites the delivery of materials, reduces printing and postage costs and reduces the environmental impact of our Annual Meeting.

You may receive a paper or e-mail copy of the proxy materials free of charge by requesting a copy through one of the following methods:

- 1) BY INTERNET: www.proxyvote.com
- 2) BY TELEPHONE: 1-800-579-1639
- 3) BY E-MAIL: sendmaterial@proxyvote.com

Voting at the Annual Meeting

Except in the case of a contested election, directors will be elected by a majority of the votes cast by the shares entitled to vote in the election of directors at the annual meeting of shareholders at which a quorum is present. Consequently, a nominee will be elected as a director if the votes cast for the nominee's election as a director exceed the votes cast against such nominee's election as a director. However, in a contested election, directors will be elected by a plurality of the votes cast at the annual meeting of shareholders. An election will be considered to be contested if, as of the record date for the annual meeting of shareholders, there are more nominees for election to the Board of Directors than there are positions on the Board of Directors to be filled by election at the annual meeting. Because the election of directors at this year's Annual Meeting is not a contested election, a nominee for election as a director at the Annual Meeting will be elected if the votes cast for the nominee exceed the votes cast against the nominee.

If a director is subject to reelection in an uncontested election by a majority of the votes cast, but a majority of the votes are cast against his or her reelection, then the Board will request that the director tender his or her resignation. The Board will nominate for election or reelection as a director only those candidates who agree to tender, promptly following the annual meeting of shareholders at which they are elected or reelected as a director, irrevocable resignations that will be effective upon: (a) their failure to receive the required vote at the annual meeting of shareholders at which they face reelection; and (b) the acceptance of such resignation by the Board. In addition, the Board will fill vacancies on the Board and new directorships only with candidates who agree to tender, promptly following their appointment to the Board, the same form of resignation tendered by other directors. If an incumbent director fails to receive the required vote for reelection, the Board will act on an expedited basis to determine whether to accept or reject the director's resignation. A director whose resignation is under consideration must abstain from participating in any decision regarding that resignation.

Each matter to be acted upon at the Annual Meeting other than the election of directors will be approved if the votes cast in favor of the matter exceed the votes cast opposing the matter.

An abstaining vote or a broker "non-vote" is considered to be present for purposes of determining a quorum but is not deemed to be a vote cast. A broker "non-vote" occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner. As a result, abstentions and broker "non-votes" are not included in the tabulation of the voting results for the election of directors or the other matters to be acted on at the Annual Meeting, each of which requires the approval of a majority of the votes cast, and therefore do not have the effect of votes of opposition in such tabulations.

The Board of Directors recommends voting:

FOR the election of Mr. Fredrick D. DiSanto, Mr. John W. Everets, Mr. Charles W. Henry, Mr. Michael A. McManus, Jr., Mr. James A. Mitarotonda, Mrs. Peggy B. Scott and Mr. August M. Vlak as directors.

FOR the approval of the compensation of the named executive officers.

FOR the ratification of the appointment of Fiondella, Milone & LaSaracina LLP as the Company's independent registered public accounting firm for the 2019 fiscal year.

Item No. 1

ELECTION OF DIRECTORS

At the Annual Meeting, seven directors will be elected to serve for one-year terms, which expire in 2020 or until his or her successor is duly elected and qualified. Mr. Fredrick D. DiSanto, Mr. John W. Everets, Mr. Charles W. Henry, Mr. Michael A. McManus, Jr., Mr. James A. Mitarotonda, Mrs. Peggy B. Scott and Mr. August M. Vlak, are the Company's nominees for election at the Annual Meeting. Six of the nominees are current directors whose terms expire in 2019. On February 25, 2019, Mrs. Scott was nominated as a director for election at the Annual Meeting by the Nominating and Corporate Governance Committee.

Unless otherwise specified in your proxy, the persons with power of substitution named in the proxy card will vote your shares FOR the Company's nominees. If a nominee is unable or unwilling to accept nomination, the proxies will be voted for the election of such other person as may be recommended by the Board. However, the Board has no reason to believe that the Company's nominees will be unavailable for election at the Annual Meeting. Approval of this resolution requires the affirmative vote of a majority of the votes duly cast by the Common Shares represented at the Annual Meeting that are entitled to vote on the matter.

The Board of Directors recommends a vote FOR the election of Mr. Fredrick D. DiSanto, Mr. John W. Everets, Mr. Charles W. Henry, Mr. Michael A. McManus, Jr., Mr. James A. Mitarotonda, Mrs. Peggy B. Scott and Mr. August M. Vlak as directors.

Each director has furnished the biographical information set forth below with respect to his or her present principal occupation, business and other affiliations. Information regarding each director's beneficial ownership of equity securities of the Company is provided under "Security Ownership" in this proxy statement. Unless otherwise indicated, each director has been employed in the principal occupation or employment listed for at least the past five years.

We are asking our shareholders to cast a non-binding advisory vote to approve the compensation of our named executive officers (each a "named executive officer" and collectively, the "named executive officers") described in the Compensation Discussion and Analysis and in the tabular and accompanying narrative disclosure regarding named executive officer compensation. We encourage you to read the Compensation Discussion and Analysis and the tables and narratives beginning on page 18 for the 2018 compensation of our named executive officers.

AUDIT COMMITTEE FINANCIAL EXPERT

The Board of Directors has determined that all audit committee members are financially literate and are independent under the current listing standards of NASDAQ. The Board has also determined that Fredrick D. DiSanto, John W. Everets and Michael A. McManus, Jr. qualify as "audit committee financial experts" as defined by SEC rules adopted pursuant to the Sarbanes-Oxley Act of 2002.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee oversees the Company's financial reporting process on behalf of the Board. The Board adopted a revised written charter for the Audit Committee on February 4, 2004.

Management has the primary responsibility for the financial statements and the reporting process, including the system of internal control. The independent registered public accounting firm is responsible for expressing an opinion on the conformity of those statements with generally accepted accounting principles in the United States. Within this framework, the Audit Committee has reviewed and discussed the audited financial statements included in the Annual Report on Form 10-K with the independent registered public accounting firm and management. In connection therewith, the Audit Committee reviewed with the independent registered public accounting firm their judgments as to the quality and the acceptability of the Company's accounting principles; the reasonableness of significant judgments; the clarity of disclosures in the financial statements; and other related matters as required to be discussed under generally accepted auditing standards in the United States.

In addition, the Audit Committee has discussed with the independent registered public accounting firm the independence of such firm from management and from the Company, including the matters in the written disclosures required by the Public Company Accounting Oversight Board, including Auditing Standards Nos. 1301 (Communication with Audit Committees) and the Independence Standards Board, and has considered the compatibility of non-audit services with such firm's independence.

The Audit Committee also discussed with the Company's independent registered public accounting firm the overall scope and plan for their audit, their evaluation of the Company's internal control and the overall quality of the Company's financial reporting. The Audit Committee held five meetings with the Company's independent registered public accounting firm, both with and without management present, during fiscal year 2018.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 29, 2018 for filing with the SEC. The Audit Committee has recommended, and the Board of Directors has approved, subject to shareholder ratification, the selection of Fiondella, Milone & LaSaracina LLP as the Company's independent registered public accounting firm for the 2019 fiscal year.

Based on a review of the copies of such reports and written representations from certain reporting persons that no such reports were required for those persons, the Company believes that all reports for the Company's directors, officers and 10% beneficial owners that were required to be filed under Section 16 during the fiscal year ended December 29, 2018 were timely filed.

THE BOARD OF DIRECTORS AND COMMITTEES

The Board is committed to sound corporate governance practices and believes that our current corporate governance practices enhance the Company's ability to achieve its goals and enable the Board to govern the Company with the highest standards of integrity. In 2018, the Board adopted new Board Governance Guidelines that codify its practices. The Board Governance Guidelines, the Company's Code of Business Conduct and Ethics, as adopted by the Board on February 4, 2004 and the charters of our Executive, Audit, Compensation, Nominating and Corporate Governance and Pension Investment Review Committees are available for review at the Company website at www.easterncompany.com.

The current leadership structure of the Board allows it to perform its duties effectively and efficiently considering the relatively small size of the Company. In 2018, the Board held ten meetings. All six current Directors attended more than 75% of the meetings held.

The Board of Directors conduct annual self-evaluations to assess the effectiveness, processes, skills, functions and other matters relevant to the Board as a whole or to each particular committee. Results of the evaluations are summarized and discussed at Board and committee meetings for the purpose of improving the effectiveness of the Board and committees.

Because of the Company's diversified engineering, manufacturing and marketing activities, risk oversight responsibilities are focused generally on the Board's overall assessment of broad and general business and economic conditions in the market sectors in which the Company operates. With Board oversight, the executive management team's planning and review and extensive Sarbanes-Oxley compliance testing of internal controls substantiates the credibility of the Company's financial reporting and operating controls.

The Board is provided with detailed and timely financial and operating communications, including the nature of significant capital projects as well as other important business matters indicating business trends and economic projections that might affect the Company's businesses.

Board's Role in Company Strategy and Leadership

The Board has an active role in the Company's overall strategies. Each year, the Board conducts a comprehensive, in-depth review of the Company's long-term strategy and annual operating plan and actively monitors and reviews management's progress in executing both throughout the year. In addition, throughout the year the Board conducts individual segment strategy reviews with segment leadership.

The Board recognizes that one of its most important duties is to endure continuity in the Company's senior leadership by overseeing the development of executive talent and planning for the effective succession of the Company's CEO and the executive leadership team. In order to ensure that the succession planning and leadership development process supports and enhances the Company's strategic objectives, the Board regularly consults with the CEO on the Company's organizational needs, its leadership pipeline and the succession plans for critical leadership positions.

The Role of the Board in Corporate Social Responsibility

Corporate social responsibility is deeply ingrained in our work, and has been for over a century. Our businesses are committed to solving customers' complex safety and security challenges. Every day, the products that our businesses design and manufacture protect people who use them from injury and safeguard property against damage or loss. We

know that our first obligation is to the people who come to work at each of our businesses, and we are committed to our goal of zero reportable accidents. The Board conducts an annual review of the health and safety of our employees. Finally, our businesses seek to minimize their environmental impact and embrace sustainable material recycling practices in our operations.

Board Committees

The Company's Board of Directors has five standing committees: the Executive Committee, Audit Committee, Compensation Committee, Nominating and Corporate Governance Committee and Pension Investment Review Committee. Each committee is composed of four independent Directors with the exception of the Executive Committee, which has three members.

13

The President and Chief Executive Officer is not a member of the Executive Committee, Audit, Compensation, and Nominating and Corporate Governance Committees.

Executive Committee. The Executive Committee, acting with the full authority of the Board of Directors, approves minutes, monthly operating reports, capital expenditures, banking matters, and other issues requiring immediate attention when the Board is not in session. The members of the Executive Committee include Charles W. Henry, Michael A. McManus, Jr. and James A. Mitarotonda. In 2018, the Executive Committee did not meet.

Audit Committee. The Audit Committee advises the Board of Directors and provides oversight on matters relating to the Company's financial reporting process, accounting functions and internal controls, and the qualifications, independence, appointment, retention, compensation and performance of the Company's independent registered public accounting firm. The Audit Committee also provides oversight with respect to legal compliance, ethics programs, and cyber risk management. The members of the Audit Committee include Fredrick D. DiSanto, John W. Everets, Charles W. Henry and Michael A. McManus, Jr. During 2018, the Audit Committee held five meetings.

Compensation Committee. The Compensation Committee is responsible for establishing basic management compensation, incentive plan goals, and all related matters, as well as determining stock incentive grants to employees. The Board adopted the charter of the Compensation Committee on December 13, 2006. The members of the Compensation Committee include John W. Everets, Charles W. Henry, Michael A. McManus, Jr. and James A. Mitarotonda. During 2018, the Compensation Committee held five meetings.

Nominating and Corporate Governance Committee. The Board adopted the charter of the Nominating and Corporate Governance Committee on May 21, 2015. As defined by the rules and regulations of NASDAQ, the independent members of the Board include all of the members of the Board other than the President and Chief Executive Officer. The independent directors select and recommend to the Board the nomination of individuals for election to the Board. The members of the Nominating and Corporate Governance Committee include John W. Everets, Charles W. Henry, Michael A. McManus, Jr. and James A. Mitarotonda. During 2018, the Nominating and Corporate Governance Committee held four meetings.

Pension Investment Review Committee. In 2017, the Board established the Pension Investment Review Committee and adopted the Committee's charter. The committee is responsible for reviewing the Company's qualified retirement plans. The members of the Pension Investment Review Committee include Fredrick D. DiSanto, John W. Everets, Charles W. Henry and August M. Vlak. The Pension Investment Review Committee held four meetings in 2018.

Board Composition

Each member of the Board must have the ability to apply sound business judgment and must be able to exercise his or her duties of loyalty and care. Candidates for the position of director must exhibit proven leadership capabilities and high integrity, exercise high level responsibilities within their chosen careers, and have an ability to quickly grasp complex principles of business and finance. In general, candidates will be preferred to the extent they hold an established executive level position in business, finance, law, education, research, government or civic activities. When current members of the Board of Directors are considered for nomination for reelection, their prior contributions to the Board of Directors, their performance and their meeting attendance records are taken into account.

With the aim of developing a diverse, experienced and highly-qualified Board of Directors, the Nominating and Corporate Governance Committee is responsible for developing and recommending to the Board the desired qualifications, expertise and characteristics of members of the Board, including qualifications that the Nominating and Corporate Governance Committee believes are necessary for one or more of the members of the Board to possess.

Since selecting qualified directors requires consideration of many factors and will be influenced by the particular needs of the Board from time to time, the Board has not adopted a specific set of minimum qualifications, qualities or skills that are necessary for a nominee to possess, other than those that are necessary to meet U.S. legal, regulatory and NASDAQ listing requirements and the provisions of our Certificate of Incorporation, Bylaws, and charters of the Board Committees. When considering nominees, the Nominating and Corporate Governance Committee takes into consideration many factors, including a candidate's independence, integrity, skills, financial and other expertise, experience, knowledge about our business or the

14

industries in which we operate and ability to devote adequate time and effort to responsibilities of the Board. The brief biographical description of each director set forth in Item 1 of this Proxy Statement includes the individual experience, qualifications, attributes and skill of each Director that led to the conclusion that each director should serve as a member of our Board.

The Board does not have a formal or informal policy with respect to diversity but believes that the Board, taken as a whole, should embody a diverse set of skills, knowledge, experiences and backgrounds appropriate in light of the Company's needs, and in this regard also subjectively takes into consideration the diversity (with respect to race, gender and national origin) of the Board when considering director nominees. As part of its commitment to increase diversity on its Board of Directors, the Governance and Nominating Committee of the Board is nominating Mrs. Scott to serve as a director of the Company in 2019 and intends to nominate at least one additional female Director in 2020.

Pursuant to the Company's Corporate Governance Guidelines, the Board examines whether the role of Chairman and Chief Executive Officer should be combined and may determine to separate or combine the offices of Chairman and CEO as it deems appropriate. Since January 1, 2016, the Company has separated the positions of Chairman of the Board and Chief Executive Officer. The Board of Directors believe that having a separate Chairman allows the Chief Executive Officer to focus on the day-to-day management of the Company while enabling the Board of Directors to maintain an independent perspective on the activities of the Company and executive management.

Director Nomination Process

The Nominating and Corporate Governance Committee considers director nominees who are identified by the directors, by the shareholders, or through another source. The Nominating and Corporate Governance Committee may also use the services of a third party search firm to assist in the identification or evaluation of Director candidates, as the committee deems necessary or appropriate.

Shareholders wishing to submit the names of qualified candidates for possible nomination to the Nominating and Corporate Governance Committee may make such a submission by sending the information described in the Company's Bylaws to the Board (in care of the Secretary of the Company). This information generally must be submitted not more than 90 days nor less than 60 days prior to the first anniversary of the preceding year's annual meeting of shareholders.

The Nominating and Corporate Governance Committee will make a preliminary assessment of each proposed nominee based upon his or her resume and biographical information, the individual's willingness to serve as a director, and other background information. When considering nominees, the Nominating and Corporate Governance Committee takes into consideration many factors, including a candidate's independence, integrity, skills, financial, diversity and other expertise, experience, knowledge about our business or the industries in which we operate and ability to devote adequate time and effort to responsibilities of the Board. This information is evaluated against the criteria described above and the specific needs of the Company at the time. Based upon a preliminary assessment of the candidate(s), those who appear best suited to meet the needs of the Company may be invited to participate in a series of interviews, which are used as a further means of evaluating potential candidates. On the basis of information learned during this process, the Nominating and Corporate Governance Committee will determine which nominee(s) they will recommend for election to the Board of Directors. The Nominating and Corporate Governance Committee use the same process for evaluating all nominees, regardless of the original source of the nomination.

Board Independence

The Board is currently composed of six members, five of whom are independent. Our Corporate Governance and Nominating Committee conducts an annual review and makes a recommendation to the full Board as to whether each of our directors meets the applicable independence standards of the NASDAQ Marketplace Rule 4200(a)(15). In accordance with the NASDAQ standards, our Board of Directors has adopted categorical standards for director independence, including heightened standards applicable to members of our Audit and Compensation Committees. A director will not be considered independent unless the Board of Directors determines that the director has no material relationship with the Company (directly, or a partner, stockholder or officer of an organization that has a material relationship with the Company). The Board has determined that each of the current directors, except August M. Vlak, has no material relationship with the Company other than as a director and is independent within the listing standards of the NASDAQ. In making its independence determinations, the Board of Directors has broadly considered all relevant facts and circumstances.

POLICIES AND PROCEDURES CONCERNING RELATED PERSONS TRANSACTIONS

Our Code of Business Conduct and Ethics prohibits all conflicts of interest between the Company and any of its directors, officers and employees, except under guidelines approved by the Board or the Board Committees. A conflict of interest exists whenever an individual's private interests interfere or conflict in any way (or even appear to interfere or conflict) with the interests of the Company. Employees are encouraged to report any conflicts of interest, or potential conflicts of interest, to their supervisors or superiors. However, if an employee does not believe it appropriate or if he or she is not comfortable approaching his or her supervisors or superiors, then the employee may contact either the Chairman of the Audit Committee or Company counsel.

To identify related party transactions, each year the Company requires our directors and executive officers to complete a questionnaire that identifies any transaction with the Company or any of its subsidiaries in which the director or executive officer or members of his or her family have an interest. If any related party transactions are reported, the Board reviews them to determine if the potential for a prohibited conflict of interest exists. Prior to its review, the Board will require full disclosure of all material facts concerning the relationship and financial interest of the relevant individuals in the transaction. Each year, our directors and executive officers also review our Code of Business Conduct and Ethics.

The Board has determined that no transactions occurred since the beginning of 2018 involving any director, director nominee or executive officer of the Company, any known 5% shareholder of the Company or any immediate family member of any of the foregoing persons (together "related persons") that would require disclosure as a "related person transaction."

COMPENSATION DISCUSSION AND ANALYSIS

Our named executive officers for fiscal year 2018 were:

August M. Vlak President and Chief Executive Officer
John L. Sullivan III Vice President and Chief Financial Officer

Compensation Governance

The Compensation Committee recommends to the Board policies and processes for the regular and orderly review of the performance and compensation of the Company's senior executive management personnel, including the President and Chief Executive Officer. The Compensation Committee reviews and approves corporate goals and objectives relevant to compensation of the Company's Chief Executive Officer and other executive officers; recommends to the Board of Directors and/or the Company's Management with respect to compensation of executives other than named executive officers and administers the Company's stock plan, The Eastern Company 2010 Executive Stock Incentive Plan, and all other equity-based plans from time to time. The Compensation Committee regularly reviews, administers, and when necessary recommends changes to the Company's stock incentive and performance-based compensation plans.

The Compensation Committee is comprised of members of the Board, none of whom may be an active or retired officer or employee of the Company or any of its subsidiaries. Members of the Compensation Committee are appointed annually by the Board. Messrs. Michael A. McManus, Jr., John W. Everets, Charles W. Henry, and James A. Mitarotonda are the members of the Compensation Committee. Mr. McManus has been the Chairman of the Compensation Committee since July 29, 2015. The Compensation Committee held five meetings during the fiscal year ended December 29, 2018. Neither the Compensation Committee nor management engaged any compensation consultant during fiscal year 2018.

This Compensation Discussion and Analysis focuses on:

- The guiding principles and objectives underlying the Company's compensation program, including the performance levels that the program is designed to reward; and
- A description of each of the components of the compensation program, including an explanation as to why these elements were selected as the preferred means to achieve the compensation program's objectives, and how the amount of each element of compensation is determined.

Principles and Objectives of the Compensation Program

The Company's compensation program and policy are designed to attract, motivate, retain and reward highly qualified executives and employees and to reinforce the relationship between individual performance and business results in a manner that aligns the interests of executives and shareholders.

At our 2018 annual meeting of shareholders, our shareholders were asked to vote on a non-binding resolution relating to the compensation of the Company's named executive officers. The advisory vote requested that shareholders vote for a resolution approving of the compensation of the Company's named executive officers, which resolution was adopted by the Shareholders. The Compensation Committee has considered the results of this advisory vote, and has deemed it to indicate the Shareholders' approval of the Company's compensation package, which is designed to be competitive and to encourage executive retention. An advisory vote at our 2017 annual meeting of shareholders requested the shareholders to determine the frequency with which the compensation of the named executive officers would be presented for a Shareholder vote. The Shareholders elected to have such a vote every year. Based on the

Shareholders' vote, the Board has adopted a policy whereby an advisory vote on the compensation of the named executive officers will be held every year. Shareholders will not be required to vote again on the frequency of the shareholder vote for the compensation of the named executive officers until 2023. See Item No. 2 – Advisory Vote on the Compensation of the named executive officers.

On June 27, 2016, the Board adopted an incentive compensation clawback policy as part of the Board's ongoing efforts to strengthen the Company's corporate governance and risk management. The policy is designed to ensure that incentive compensation is awarded based on accurate financial and operating data and the correct calculation of the Company's performance against incentive targets. The policy requires the Compensation Committee to seek the recovery of incentive compensation in the event of fraud or misconduct or a restatement of the financial or operating results of the Company that results in the payment of inflated incentive compensation.

17

On March 6, 2018, the Board adopted an anti-hedging policy that prohibits Restricted Persons (as defined in such policy) from short-term trading, taking short positions, or hedging in Company Shares.

The following principles guide the Company's compensation practices as applied to all executives.

Compensation levels should be sufficiently competitive to attract and retain highly qualified executives and employees.

The Company endeavors to pay compensation at levels consistent with prevailing levels of compensation for similar positions in the geographic areas in which the Company maintains operations, in order to enable the Company to attract and retain the talent needed to achieve its business objectives. The Compensation Committee has used various sources to evaluate the competitiveness and overall structure of executive compensation and non-employee director compensation.

Compensation should be aligned with performance.

The Company believes that a significant portion of executive compensation should take the form of annual incentives based on the annual results of operations achieved by the Company and its subsidiaries as well as long-term value creation. The Company believes that its practice of paying annual incentives based on individual and overall results of operations supports an integrated business model.

The Company's incentive compensation program is balanced between short- and long-term incentive compensation. Short-term incentive compensation—in the form of annual cash incentive awards—is awarded based on annual financial performance and operational goals. This design achieves our objective of offering superior pay for superior performance. Long-term incentive compensation is an important component of the Company's total compensation for executives. The Company's long-term incentive compensation program grants stock options, stock appreciation rights and restricted stock awards at appropriate times and in appropriate amounts to serve as a long-term performance incentive. The Compensation Committee believes that the Company's long-term incentive program provides executives with the opportunity to increase their ownership in the Company, thereby more closely aligning the best interest of the shareholders and the executives. The Company does not maintain minimum share ownership requirements for any executive.

Compensation should reflect an individual's position and responsibility, and compensation for named executive officers should be more heavily weighted toward incentive pay.

Total compensation should generally increase with position and responsibility. Employees in named executive officer positions have greater roles and responsibilities associated with achieving the Company's performance goals, and should thus have a greater portion of their compensation tied to the achievement of those goals. Accordingly, a greater percentage of compensation for more senior positions, particularly those with the greatest responsibility for driving achievement of performance targets, is paid in the form of potential short- and long-term incentive pay as a percent of salary.

Components of the Compensation Program

Base salary

Base salaries are set after referencing market data for similar positions from the Towers Watson Data Services survey report on Top Management Compensation in the manufacturing sector.

The compensation of the Company's President and Chief Executive Officer, August M. Vlak, is determined pursuant to the terms and conditions of an employment agreement between Mr. Vlak and the Company, entered into effective January 1, 2018. In 2018, the Compensation Committee recommended, and the Board approved, a base salary for Mr. Vlak of \$450,000. Effective January 1, 2019, Mr. Vlak received an increase of 2.5% in his base salary to \$461,250.

The compensation of named executive officer, John L. Sullivan III, Vice President and Chief Financial Officer, is determined annually by the Compensation Committee and approved by the Board. Mr. Sullivan's base salary was \$323,500 for the year ended December 31, 2018. Effective January 1, 2019, Mr. Sullivan received an increase of 2.9% in his base salary to \$333,000.

Total base salary compensation of Messrs. Vlak and Sullivan is below the average level, of comparable organizations in the New England region of the United States as reported in the Towers Watson Data Services survey.

18

Short-Term Incentives — Annual Cash Incentives

For fiscal year 2018, the named executive officers were eligible to receive short-term incentive compensation based on the annual performance of the Company. Short-term incentives were based on specific goals in the Company's annual operating plan, as approved by the Board on December 11, 2017 and subsequently adjusted to reflect one-time costs and earnings associated with the acquisition of Load N Lock, Systems, Inc. ("Load N Lock") on June 1, 2018. Eighty percent of the short-term incentive for August M. Vlak, President and Chief Executive Officer, was determined by the Company's 2018 earnings per share and twenty percent was determined by working capital efficiency of the Company. Working capital was defined as the combined current assets less current liabilities less cash of the businesses. Working capital efficiency is calculated as the average quarterly working capital divided by sales. The Company's adjusted earnings per share goal was \$1.84, including adjustments for one-time costs and earnings associated with the acquisition of Load N Lock. The Company's working capital efficiency goal for 2018 was 24%. Fifty percent of the short-term incentive for the named executive officer, John L. Sullivan III, Vice President and Chief Financial Officer was determined by the Company's 2018 earnings per share, thirty percent was determined by working capital efficiency of the Company and twenty percent was determined by achievement of personal goals. All incentive payments are subject to final approval by the Compensation Committee.

During 2018, if the Company achieved its earnings per share and working capital efficiency goals, Mr. Vlak was eligible to earn a total short-term incentive equal to 100% of his base salary. The threshold for earning each component of the short-term incentive was achieved at 80% of the goal. At 80% achievement of each goal, Mr. Vlak was eligible to earn 50% of the associated short-term incentive. If the Company achieved less than 80% of a goal, Mr. Vlak was not eligible to earn the associated short-term incentive. At 125% achievement of each goal, Mr. Vlak was eligible to earn 135% of the associated short-term incentive. Mr. Vlak was eligible to earn a maximum short-term incentive of 175% of his base compensation.

During 2018, if the Company achieved its earnings per share, working capital efficiency and personal goals, Mr. Sullivan was eligible to earn a total short-term incentive equal to 40% of his base salary. The threshold for earning each component of the short-term incentive was achieved at 80% of the goal. At 80% achievement Mr. Sullivan was eligible to earn 20% of the associated short-term incentive. If the Company achieved less than 80% of a goal, Mr. Sullivan was not eligible to earn the associated short-term incentive. At 125% achievement of each goal, Mr. Sullivan was eligible to earn 54% of the associated short-term incentive. Mr. Sullivan was eligible to earn a maximum short-term incentive of 67% of his base compensation.

During 2018, Mr. Vlak earned an annual cash incentive of \$563,252, equal to 125.2% of his base salary. Long-term incentives and performance based SAR's

On March 2, 2017 the named executive officers were granted Stock Appreciation Rights (SAR's) which vest over a three-year period, the 2017 - 2019 performance cycle, provided certain performance goals are achieved. At the time of the grant the exercise price of \$19.10 per unit was equal to 100% of the fair market value of a share of common stock of the Company on the date of the grant of the SAR. The performance goal is the Return on Invested Capital (ROIC) achieved in each of the three fiscal years ending December 2017, December 2018 and December 2019. The ROIC is defined as the Company's average annual fixed assets, intangible assets, and current assets; reduced by the sum of the Company's average annual current liabilities and cash.

On February 7, 2018 the named executive officers were granted Stock Appreciation Rights (SAR's) which vest February 1, 2021, the 2020 performance cycle, provided certain performance goals are achieved. At the time of the grant the exercise price of \$ 24.90 per unit was equal to 100% of the fair market value of a share of common stock of the Company on the date of the grant of the SAR. The performance goal is the Company's Book Value at the close of December of fiscal year 2020. The Company's Book Value is defined as the total assets minus the value of total liabilities as recorded on the Company's balance sheet.

On February 25, 2019 the named executive officers were granted Stock Appreciation Rights (SAR's) which vest February 1, 2022, the 2021 performance cycle, provided certain performance goals are achieved. At the time of the grant the exercise price of \$26.30 per unit was equal to 100% of the fair market value of a share of common stock of the Company on the date of the grant of the SAR. The performance goal is the Company's Book Value at the close of December of fiscal year 2021. The Company's Book Value is defined as the total assets minus the value of total liabilities as recorded on the Company's balance sheet.

The performance cycles are as follows:

Retirement and Other Post-Termination Plans

401(k) Plan

The Company maintains a savings and investment plan (the "SIP Plan") for eligible employees, including executive officers. An eligible employee who participates in the SIP Plan may execute a salary reduction agreement requiring the Company to reduce his or her taxable earnings by a percentage of his or her compensation (as elected by the participant) and to contribute that amount to the SIP Plan. The amount of the contribution could not exceed \$18,500 for calendar year 2018, plus an additional \$6,000 catch-up contribution for those participants ages 50 and older.

If an employee executes such a salary reduction agreement, the Company will make a matching contribution to the SIP Plan on behalf of the employee. For 2018, the matching contribution equaled 50% of that portion of an employee's salary reduction contribution that did not exceed 6% of his or her compensation.

Effective June 1, 2016, the SIP Plan was amended to increase the non-discretionary profit sharing contribution to 3%, and eligibility for the profit sharing contribution was extended to all non-union U.S. employees. The SIP Plan was also amended to provide for a non-discretionary contribution (the "transitional credit") for certain non-union U.S. employees who were eligible to participate in the Salaried Employees Retirement Plan of The Eastern Company (the "Salaried Plan"). The amount of this non-discretionary contribution ranges from 0% to 4% of compensation, based on the age of the individual on June 1, 2016.

Earnings in excess of \$275,000 for calendar year 2018 cannot be taken into account under the SIP Plan. An employee is fully vested in his or her salary reduction contributions and the earnings on those contributions. An employee will become vested in any matching contributions, transitional credits, and non-discretionary profit sharing contributions, and the earnings thereon, under a graded vesting schedule, with full vesting after completing five years of service or upon reaching age 65. Employees who are participating in the SIP Plan may direct that their account balances be invested in one or more investment options offered under the plan.

Retirement Benefits

On April 5, 2016, the Board passed a resolution freezing benefit accruals under the Salaried Plan, effective as of May 31, 2016. As a result, compensation and years of service earned after May 31, 2016 are not taken into account in determining the amount of a member's retirement benefit.

An employee reaches his or her normal retirement date and can begin benefits without reduction upon reaching age 65 (or, if later, the earlier of the attainment of age 70 or the completion of five years of participation in the plan). An employee reaches his or her early retirement date when he or she reaches age 55 after completing 20 years of service. An employee who is eligible for early retirement can elect to begin to receive his or her benefits on an actuarially reduced basis. In addition, if an employee's age and years of service equal at least 90, the employee can elect to begin to receive his or her benefits with a smaller reduction for early commencement than is otherwise applicable for early retirement.

Pension Benefits Table

The following table provides certain information regarding the present value of accumulated benefits under the Company's qualified and nonqualified defined benefit pension plans as of the last day of the 2018 fiscal year:

August M. Vlak	Salaried Employees Retirement Plan of The Eastern Company(2)	2	\$ 0	-
John L. Sullivan III	Salaried Employees Retirement Plan of The Eastern Company (3)	42	\$1,731,762	-

(2) The defined benefit plan was frozen before Mr. Vlak had accrued any benefits under the plan.

(3) Under the defined benefit plan, Mr. Sullivan is eligible for early retirement.

COMPENSATION COMMITTEE REPORT

We, the Compensation Committee of the Board of Directors of the Company, have reviewed and discussed the Compensation Discussion and Analysis set forth above with management and, based on such review and discussions, have recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement and, through incorporation by reference to this proxy statement, in the Company's Annual Report on Form 10-K for the fiscal year ended December 29, 2018.

Compensation Committee:

Michael A. McManus, Chairman
John W. Everets
Charles W. Henry
James A. Mitarotonda

CEO PAY RATIO DISCLOSURE

Our philosophy is to pay our employees competitively with similar positions in the applicable labor market. We follow this approach, whether it be an executive salary level position or an hourly wage job at a foreign division.

Following is a reasonable estimate, calculated in accordance with applicable SEC rules, of the ratio of the annual total compensation of our Chief Executive Officer to the median annual total compensation of our employees for the fiscal year ended December 29, 2018.

- the median of the annual total compensation of all employees of the Company was \$27,316 and
- the annual total paid compensation of our Chief Executive Officer, as reported in the Summary Compensation Table included on Page 23 of this proxy statement, was \$1,013,252.
- based on this information, the ratio of the annual total compensation is estimated to be 37:1

To identify the median of the annual total compensation of all our employees, as well as to determine the annual total compensation of our median employee, we compiled payroll data for all U.S. and non-U.S. full-time employees who were employed for the full year of 2018. Of these individuals, 650 were U.S. employees and 653 were non-U.S. employees.

The median employee is an hourly worker at our Greenwald Industries Division in Chester, Connecticut who, in 2018, earned the U.S. dollar equivalent of \$27,316.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During the 2018 fiscal year, no member of the Compensation Committee was, or had previously been, an officer or employee of the Company or its subsidiaries or had any direct or indirect material interest in a transaction with the Company or in a business relationship with the Company that would require disclosure under the applicable rules of the Securities and Exchange Commission. In addition, no interlocking relationship existed between any member of the Compensation Committee or an executive officer of the Company, on the one hand, and any member of the compensation committee (or committee performing equivalent functions, or the full Board of Directors) or an executive officer of any other entity,

on the other hand.

STOCK BASED AWARDS

On April 28, 2010, the shareholders approved The Eastern Company 2010 Plan, which by its terms will expire either on February 9, 2020 or upon any earlier termination date established by the Board of Directors. The 2010 Plan authorizes the grant of incentive stock options and non-qualified stock options to purchase Common Shares, the grant of shares of restricted stock, and the grant of other stock-based awards (such as stock appreciation rights). The Compensation Committee determines the terms and conditions of the awards granted under the 2010 Plan, subject to the terms of the 2010 Plan. Awards may be granted to salaried officers and other key employees of the Company, whether or not such employees are also serving as directors of the Company. The 2010 Plan also provides for the grant of nonqualified stock options to non-employee directors of the Company. The total amount of Common Shares with respect to which awards may be granted under the 2010 Plan shall not exceed in the aggregate 500,000 shares.

The purchase price of the Common Shares subject to each incentive stock option granted under the 2010 Plan may not be less than the fair market value of the Common Shares on the date of grant. The purchase price of Common Shares subject to non-qualified stock options granted under the 2010 Plan, and the price (if any) which must be paid to acquire a share of restricted stock granted under the 2010 Plan, is set by the Compensation Committee. All non-qualified stock options granted to date under prior stock option plans have required a purchase price equal to 100% of the fair market value of the Common Shares on the date of the grant.

Incentive stock options generally may not be granted under the 2010 Plan to any employee who owns more than ten percent (10%) of the Company's voting stock at the time of such grant. Incentive stock options must be exercised within ten years. Non-qualified stock options must be exercised within the period set forth in the 2010 Plan or, if the 2010 Plan permits, within the period established by the Compensation Committee. Moreover, options may not be exercised more than three months after termination of employment or termination of service as a director. However, in the case of death or disability, the option may be exercised within one year after death or disability by the estate of such named executive officer. The three month period is also extended to one year for an optionee who terminates employment or terminates service as a director at or after reaching age sixty-five (65).

Grants of Plan-Based Awards. On March 2, 2017, on February 7, 2018 and on February 25, 2019, the Compensation Committee granted stock appreciation rights under the 2010 Plan as follows: August M. Vlak – 20,000, 20,000 and 12,000, respectively and John L. Sullivan III – 10,000, 10,000 and 5,000, respectively. Vesting of all stock appreciation rights is subject to performance targets. Under the long term incentive plan, no cash incentives were awarded to any named executive officers during the fiscal year ended December 29, 2018. Stock Appreciation Rights (SARs) entitle the recipient to a payment in shares equal to the appreciation in the Company's stock over a 5-year period. When recipients elect to exercise their SARs, the Company will multiply the total number of exercised SARs by the difference between the Company's closing share price on the exercise date and the SAR strike price. This multiplication will determine the total value of the exercised SARs. The total value of the exercised SARs will be divided by the closing share price on the exercise date to determine the number of shares awarded to the recipient. The SAR strike price is determined by the Company's closing share price on the date of the Compensation Committee's decision to grant SARs. Vesting of all stock appreciation rights is subject to performance targets. The annual performance targets for vesting of the stock appreciation rights are based on the Company's 2017, 2018, and 2019 return on invested capital for 2017 awards. The 2018 and 2019 awards are based on achieving a book value target.

OPTIONS EXERCISED IN FISCAL 2018

The named executive officers did not exercise any stock options or stock appreciation rights during the fiscal year ended December 29, 2018, and the named executive officers did not own any shares of restricted stock which vested during the fiscal year ended December 29, 2018.

OUTSTANDING EQUITY AWARDS AT FISCAL YEAR-END

The following table displays the units of unvested stock appreciation rights held by each of the named executive officers at the end of fiscal year 2018. There have been no stock options granted by the Company for the named executive officers and there are no outstanding stock options.

August M. Vlak	26,666	\$ 145,662	-	\$0
John L. Sullivan, III,	13,333	72,831	-	0

On March 2, 2017, the Compensation Committee granted stock appreciation rights under the 2010 Plan as follows: August M. Vlak – 20,000; and John L. Sullivan III – 10,000. The stock appreciation rights have an exercise price of \$19.10 (equal to the fair market value of a Common Share on the date of grant), and will vest on a three-year schedule based on performance targets set by the Board of Directors and become exercisable on a graded schedule over a period of five years. The named executive officer must remain an employee of the Company on each applicable vesting date and the Company must meet certain performance targets for vesting of the stock appreciation rights based on the Company's 2017, 2018, and 2019 return on invested capital.

On February 25, 2019, the Compensation Committee affirmed the partial vesting of the stock appreciation rights granted in 2017, based on the Company's actual 2018 return on invested capital. The Compensation Committee approved vesting of stock appreciation rights for the following named executive officers: August M. Vlak – 6,667; and John L. Sullivan III – 3,333 as of February 1, 2019.

On February 7, 2018, the Compensation Committee granted stock appreciation rights under the 2010 Plan as follows: August M. Vlak – 20,000; and John L. Sullivan III – 10,000. The stock appreciation rights have an exercise price of \$24.90 (equal to the fair market value of a Common Share on the date of grant), and will vest on February 1, 2021 based on performance targets set by Board of Directors. The stock appreciation rights become exercisable over a period of 5 years (provided that the named executive officer remains an employee of the Company on each applicable vesting date and the Company meets certain performance thresholds prescribed in the stock appreciation rights agreement). The performance target for vesting of the stock appreciation rights are based on the Company's book value on February 1, 2021.

TERMINATION OF EMPLOYMENT AND CHANGE IN CONTROL ARRANGEMENTS

Employment Agreement

On January 16, 2018, the Company entered into an amended and restated employment agreement (the "Amended and Restated Employment Agreement") with August M. Vlak, the Company's President and Chief Executive Officer. The Amended and Restated Employment Agreement supersedes the employment agreement executed on March 29, 2016 and was retroactively effective January 1, 2016. The initial term of the Amended and Restated Employment Agreement is from January 1, 2018 through December 31, 2018. However, the Amended and Restated Employment Agreement will be automatically renewed for additional one year terms, unless either party provides notice of nonrenewal at least 60 days prior to the end of the term. The Amended and Restated Employment Agreement automatically renewed for another one year term from January 1, 2019 through December 31, 2019. The Amended and Restated Employment Agreement sets forth Mr. Vlak's employment duties, compensation and additional benefits, as well as certain noncompetition, nonsolicitation and nondisclosure covenants.

Under the terms of the Amended and Restated Employment Agreement, in the event of Mr. Vlak's death, termination by the Company without cause, termination by Mr. Vlak for good reason or due to a constructive termination, or when certain requirements are met in the event of a change in control, the Company will pay Mr. Vlak (i) any accrued compensation, including earned but unpaid base salary, reimbursement for reasonable and necessary expenses, accrued but unused vacation pay, the unpaid portion of any earned annual bonus for the fiscal year preceding termination, a pro-rated portion of the actual bonus, and vested accrued employee benefits; (ii) an amount equal to one times Mr. Vlak's annual base salary; and (iii) an amount equal to one times Mr. Vlak's target annual bonus for the year of termination. However, the change in control benefits will be reduced to the extent necessary to avoid the applicability of Section 280G of the Internal Revenue Code. All payments by the Company are subject to the execution of a release and waiver.

The following table provides certain information regarding the benefits payable under the termination of employment and change in control agreement for Mr. Vlak. The payments under the change in control agreement are based on compensation received for the fiscal year ending December 29, 2018, assuming a change in control becomes effective December 29, 2018.

	Absent a change in control		Following a change in control	
	Termination For Cause	Termination Without Cause	Termination For Cause	Termination Without Cause
August M. Vlak Lump sum -		\$1,013,252	-	\$1,013,252

RISK ASSESSMENT OF COMPENSATION POLICIES AND PRACTICES

Management and the Compensation Committee have reviewed the existing incentive compensation programs in which executives who are not named executive officers participate, in order to establish that such programs do not create risks that are reasonably likely to have a material adverse effect on the Company. Incentive compensation programs exist at the Corporate Office and at the Company's divisions, and no particular division carries a significant portion of the Company's overall risk profile. Stock incentive awards are also available under the Company's 2010 Executive Stock Incentive Plan. These awards are determined based upon guidelines set by the Chief Executive Officer and are reviewed and approved by the Compensation Committee. The cash incentive compensation program for corporate

executives is subject to performance parameters and dollar limitations approved by the Compensation Committee. Cash incentive programs at the Company divisions are based upon attainment of specific financial performance goals that are developed on a basis consistent with the division's financial goals. These programs are approved by the Chief Executive Officer. In conclusion, management has determined that the existing incentive programs applicable to non-named executive officers and the Company's 2010 Executive Stock Incentive Plan do not create risks that are reasonably likely to have a material adverse effect on the Company.
