Item 2: Management's Discussion and Analysis of Financial Condition and Results of Operations.

Material Changes in Financial Condition:

The Company's liquidity is affected primarily by the business success, securities prices and marketability of its investee companies and by the amount and timing of new or incremental investments it makes, as well as the availability of borrowing under its credit lines.

During the nine-month period ending March 31, 2006, the investments value decreased by \$60,709. This change is mainly due to the decrease in trading value of investments in CPVD and Ajay. At March 31, 2006, the total net fair market value of investment in CPVD common stock was \$26,607 whereas the total value of investment in Ajay was \$4,529. The ProGolf.com investment decreased slightly from \$1.56 per share at June 30, 2005 to \$1.377 per share at March 31, 2006. The total net fair value of the ProGolf.com investment was \$206,550 and \$234,000 at March 31, 2006 and June 30, 2005, respectively.

Current liabilities increased by \$71,906, and net assets value decreased by \$130,111 during the nine month period ended March 31, 2006.

Liquidity and Capital Resources.

Currently, the Company's investment activity and operations are restricted by its limited working capital position. Capital required for the Company's investment activities, if available, would be generated from new investments, the sale of portfolio securities or from additional offerings of the Company's restricted and legended common stock, of which there can be no assurance of success in any such efforts. The ability of the Company to sell restricted portfolio held securities is dependent on market conditions over which the Company has no control. The Company had no material commitments for capital expenditures, as of March 31, 2006.

Item 2. Management's Discussions and Analysis (Continued)

Results of Operations

Three months ended March 31, 2006 compared to three months ended March 31, 2005.

The Company had a net loss from operations of \$18,642 for the three month period ended March 31, 2006 as compared to a net loss of \$31,332 for the three month period ended March 31, 2005. The decrease in losses for the three month period ended March 31, 2006 is mainly due to the decrease in professional fees, including legal expenses.

Professional expenses were \$4,605 and \$15,004 for the three month period ended March 31, 2006, and 2005, respectively. The decrease is mainly due to a decrease in legal fees. Also, other general and administrative expense decreased from \$3,218 for the three month period ended March 31, 2005 to \$967 for the three month period ended March 31, 2006. This change was mainly due to shareholders meeting expenses incurred in early 2005.

The Company had \$22,044 and \$74,327 of unrealized losses on investments for the three month period ended March 31, 2006 and 2005, respectively. The change is mainly due to the decrease in the fair value of the CPVD and Ajay investments during the three month period ended March 31, 2006.

The Company had a \$0.058 and \$0.152 decrease in net assets per share for the three month period ended March 31, 2006 and 2005, respectively. The change is mainly due to the decrease in unrealized losses on investments for this period, and the decrease in legal expenses.

Results of Operations

Nine months ended March 31, 2006 compared to nine months ended March 31, 2005.

The Company had a net loss from operations of \$69,401 for the nine month period ended March 31, 2006 as compared to a net loss of \$506,679 for the nine month period ended March 31, 2005, which was mainly due to the loss from the sale of a portion of investments portfolio in December 2005.

Professional expenses were \$30,874 and \$69,075 for the nine month period ended March 31, 2006, and 2005, respectively. The decrease is mainly due to a decrease in legal fees. Also, other general and administrative expenses were \$2,348 for the nine months ended March 31, 2005, a decrease of \$4,131 from the same period last year. This was mainly due to shareholder meeting expenses incurred in early 2005.

For the nine month period ended March 31, 2006, unrealized losses on investments were \$60,709 compared to unrealized gains of \$2,811 for the same period last year. The change is mainly due to the decrease in the fair value of investments in CPVD and Ajay during the nine months ended March 31, 2006.

Net assets per share decreased by \$0.187 and \$0.724 for the nine months ended March 31, 2006, and 2005, respectively. This improvement is mainly due to the decrease in losses from operations for the period ended March 31, 2006.
