FOR IMMEDIATE RELEASE

TrustCo Announces First Quarter 2007 Results

Glenville, New York - April 17, 2007 TrustCo Bank Corp NY (TrustCo, Nasdaq: TRST) today announced that net income for the first quarter of 2007 was \$12.3 million compared to \$12.4 million for 2006. Diluted earnings per share were \$0.164 for the first quarters of 2007 and 2006. Return on average assets and

return on average equity were 1.57% and 21.67% for the first quarter of 2007 compared to 1.73% and 20.75% for the first quarter of 2006.

First quarter results were positively affected by the recent adoption of a new accounting standard relative to fair value accounting for certain financial instruments. TrustCo selected the fair value option allowed by this new standard for \$517 million of longer duration, lower yielding US Agency securities from the available for sale portfolio. TrustCo recorded the January 1, 2007 unrealized loss on these securities as an \$8.6 million cumulative effect adjustment, net of tax, to undivided profits at that time. As provided by in this new accounting standard, this one time charge to undivided profits will not be recognized in current earnings. Commenting on the adoption of the new accounting standard, Robert J. McCormick, President and Chief Executive Officer stated, "We believe this was a unique opportunity for TrustCo which will have a positive impact on our ability to manage the interest rate risk of our balance sheet, shorten the duration of the investment portfolio, create additional liquidity and potentially benefit interest income, net income and earnings per share during the remainder of 2007 as well as future periods." As a result of these actions, TrustCo also recognized \$3.4 million of unrealized pretax trading gains during the first quarter which will be offset in the second quarter with realized trading losses of \$2.7 million as a result of the subsequent sale of these assets. Had TrustCo not adopted this new accounting standard in the first quarter, net income would have been \$10.2 million and diluted earnings per share would have been \$0.136 for the first quarter of 2007. Commenting on the first quarter results of \$10.2 million excluding the unrealized

trading account gain, Mr. McCormick noted "We are delighted by this 9.4% increase in net income over the fourth quarter of 2006 and are encouraged about the results for the remainder of 2007."

The growth of TrustCo's deposits and loans continue to show impressive results. For the quarter ended March 31, 2007, average deposits were up \$269.0 million or 10.2% compared to March 31, 2006. Average loans also showed similar results up \$285.5 million or 19.1% compared to the same period in 2006. Much of the success can be attributed to the branch growth initiative. During the first quarter of 2007 TrustCo opened two offices to bring the total to 93 with many new branches planned in the markets currently served.

TrustCo has again been nationally recognized. In its April 2007 edition, the US Banker Magazine, a leading industry publication, listed the top 150 mid-tier banks in the country. TrustCo ranked 6th best. Commenting on this article, Mr. McCormick stated "In an era of shrinking interest rate margins, due to the flat or inverted yield curve, TrustCo continues to be ranked as one of the top banks in the nation. We have accomplished this through diligent expense controls and being ever mindful of asset quality."

Further Mr. McCormick noted "There has been a lot of talk in the news lately of banks and mortgage companies that have suffered losses due to their involvement in the subprime mortgage lending area. Subprime loans are mortgage loans to borrowers who do not qualify for conventional loans due to poor credit, employment issues, etc. Trustco Bank has never been involved in subprime lending. We have always believed that mortgage loans are our most important asset and growth is never an excuse to sacrifice credit quality."

Nonperforming loans continue at low levels. At the end of the first quarter nonperforming loans were 0.45% of total loans outstanding. In addition, the allowance for loan losses is 4.4 times nonperforming loans.

The Board of Directors declared in February 2007 a quarterly cash dividend of \$0.16 per share, which shareholders received in early April. This dividend equates to an annualized yield of 6.75% based on the March 31, 2007 closing stock price.

As previously announced the TrustCo Annual Meeting will be held May 14, 2007 at 10:00 am at Mallozzi's Restaurant and Banquet House in Rotterdam, New York.

TrustCo Bank Corp is a \$3.2 billion bank holding company and through its subsidiary, Trustco Bank, operates 95 offices in New York, New Jersey, Vermont, Massachusetts, and Florida.

In addition, the Bank operates a full service Trust Department. The common shares of TrustCo are traded on The NASDAQ Global Select Market under the symbol TRST.
