Item 1. Business

General

Foodarama Supermarkets, Inc., a New Jersey corporation formed in 1958, operates a chain of twenty-three supermarkets located in Central New Jersey, as well as two liquor stores and two garden centers, all licensed as ShopRite. We also operate a central food processing facility to supply our stores with meat, various prepared salads, prepared foods and other items, and a central baking facility which supplies our stores with bakery products. The Company is a member of Wakefern, the largest retailer owned food cooperative warehouse in the United States and owner of the ShopRite name. The Company operates in one industry segment, the retail sale of food and non-food products, primarily in the Central New Jersey region.

The Company has incorporated the concept of "World Class" supermarkets into its operations. "World Class" supermarkets are significantly larger than conventional supermarkets and feature fresh fish-on-ice, prime meat service butcher departments, in-store bakeries, international foods including Chinese, sushi and kosher sections, meals to go, salad bars, snack bars, bulk foods and pharmacies. We have also introduced many of these features into our conventionally sized supermarkets through extensive renovations; these stores are considered "Mini-World Class" supermarkets. Currently, nineteen of our stores are "World Class", two are "Mini-World Class" and two are conventional supermarkets.

Store Expansion and Remodeling

We believe that significant capital investment is critical to our operating strategy and we are continuing our program to upgrade our existing stores, replace outdated locations and open new "World Class" supermarkets within our core market area of Central New Jersey.

In fiscal year 2002, a replacement store in Middletown, New Jersey was opened. Additionally, after fiscal year end, a replacement store in Woodbridge, New Jersey was opened on December 4, 2002 and on January 8, 2003 a new location was opened in Ewing, New Jersey. Over the next three years the Company plans to

Edgar Filing: FOODARAMA SUPERMARKETS INC - Form 10-K

open three replacement and four new stores and expand three existing locations as well as build a new state of the art bakery commissary. Construction has started on one replacement store, the expansion of two locations, a new store and the bakery commissary. All of these stores are in Central New Jersey and will be "World Class" operations.

Technology

Automation and computerization are important to the Company's operations and competitive position. All stores utilize IBM 4690 software for the scanning checkout systems. The hardware for the point of sale ("POS") systems was replaced in our stores in fiscal 1999 and 2000. This POS upgrade brought all of our stores to a state of the art level with increased processing speed and enhanced marketing capabilities. These systems improve pricing accuracy, enhance productivity and reduce checkout time for customers. During fiscal 2002 automated checkout systems were installed in two locations. These systems were also installed in the new Woodbridge and Ewing, New Jersey stores in the first quarter of fiscal 2003. This system will provide improved customer service, especially during peak volume periods, and labor scheduling benefits to the Company. Additionally, all stores have IBM RS/6000 processors, which were replaced with the current version of this equipment in 1999. A frame relay communications network is being used for high speed transmission and collection of data. This system replaced slower telephone lines. The increased speed improves our ability to access, review for accuracy and analyze data. During fiscal 2002 the infrastructure for improved wireless communications was installed in all of our stores and ISDN circuits were installed which serve as a back up system for the frame relay. The use of these systems allows the Company to offer its customers debit and credit card payment options as well as participation in Price Plus, ShopRite's preferred customer program, and the ShopRite co-branded credit card. By presenting the scannable Price Plus card or the ShopRite co-branded card, customers can be given electronic discounts, receive credit for the value of ShopRite in-ad Clip Less coupons and cash personal checks. Also, customers receive a 1% future rebate when paying with the ShopRite credit card.

We are also using other in-store computer systems. Computer generated ordering is installed in all stores. This system is designed to reduce inventory levels and out of stock positions, enhance shelf space utilization and reduce labor costs. In all stores, meat, seafood and delicatessen prices are maintained on department computers for automatic weighing and pricing. Additionally, all stores have computerized time and attendance systems which are used for, among other things, automated labor scheduling, and most stores have computerized energy management systems. We also utilize a direct store delivery receiving and pricing system for most items not purchased through Wakefern in order to provide cost and retail price control over these products, and computerized pharmacy systems which provide customer profiles, retail price control and third-party billing. The Company has also installed computer based training systems in all stores. The system is presently being used to train all new checkout and produce department personnel. Modules for other departments are currently being developed.

4

In addition, all field merchandisers and operations supervisors are equipped with laptop personal computers. This provides field personnel with current labor and product information to facilitate making accurate and timely decisions. Communication among the Company's stores, our executive offices and Wakefern has been improved with the installation of Lotus Notes.

Industry Segment and Principal Products

Wakefern Food Corporation

The Company owns a 15.6% interest in Wakefern, a New Jersey corporation organized in 1946, which provides purchasing, warehousing and distribution services on a cooperative basis to its shareholder members, including the Company, who are operators of ShopRite or alternate format supermarkets. As required by the Wakefern By-Laws, repayment of the Company's obligations to Wakefern is personally guaranteed by Joseph J. Saker, Richard J. Saker and Thomas A. Saker. These personal guarantees are required of any 5% shareholder of the Company who is active in the operation of the Company. Wakefern and its 38 shareholder members operate approximately 203 supermarkets of which Wakefern owns and operates 51 locations. Products bearing the ShopRite label accounted for approximately 18% of the Company's total sales for the fiscal year ended November 2, 2002. Wakefern maintains warehouses in Elizabeth, South Brunswick and Woodbridge, New Jersey which handle a full line of groceries, meats, frozen foods, produce, bakery, dairy and delicatessen products and health and beauty aids, as well as a number of non-food items. Wakefern also operates a grocery and perishable products warehouse in Wallkill, New York.

Wakefern's professional advertising staff and its advertising agency develop and place most of the Company's advertising on television, radio and in major newspapers. We are charged for these services based on various formulas which account for the estimated proportional benefits we receive. In addition, Wakefern charges us for, and provides the Company with, product and support services in numerous administrative functions. These include insurance, supplies, technical support for communications and electronic payment systems, equipment purchasing and the coordination of coupon processing. Additionally, we sublease two supermarkets from Wakefern. See Item 2. Properties.

Wakefern distributes, as a patronage dividend to each of its members, a share of its net earnings in proportion to the dollar volume of business transacted by each member with Wakefern during each fiscal year. The Company's

5

participation percentage was 12.2% for fiscal 2002. See Note 4 of Notes to Consolidated Financial Statements.

Although Wakefern has a significant in house professional staff, it operates as a member cooperative and senior executives of the Company spend a substantial amount of their time working on Wakefern committees overseeing and

Edgar Filing: FOODARAMA SUPERMARKETS INC - Form 10-K

directing Wakefern purchasing, merchandising and various other programs.

Wakefern licenses the ShopRite name to its shareholder members and provides a substantial and extensive merchandising program for the ShopRite label. Except for the license to use the name "ShopRite", we do not believe that the ownership of or rights in patents, trademarks, licenses, franchises and concessions is material to our business. The locations at which we may open new supermarkets under the name ShopRite are subject to the approval of Wakefern's Site Development Committee. Under circumstances specified in its By-Laws, Wakefern may refuse to sell merchandise to, and may repurchase the Wakefern stock of, any shareholder member. Such circumstances include certain unapproved transfers by a shareholder member of its supermarket business or its capital stock in Wakefern, unapproved acquisition by a shareholder member of certain supermarket or grocery wholesale supply businesses, the conduct of a business in a manner contrary to the policies of Wakefern, the material breach of any provision of the Wakefern By-Laws or any agreement with Wakefern or a determination by Wakefern that the continued supplying of merchandise or services to such shareholder member would adversely affect Wakefern.

Wakefern requires each shareholder to invest in Wakefern's capital stock to a maximum of \$550,000 for each store operated by such shareholder member. The precise amount of the investment is computed according to a formula based on the volume of each store's purchases from Wakefern.

Under its By-Laws, all bills for merchandise and other indebtedness are due and payable to Wakefern weekly and, if these bills are not paid in full, an additional 1% service charge is due on the unpaid portion. Wakefern requires its shareholder members to pledge their Wakefern stock as collateral for payment of their obligations to Wakefern. The Company's investment in Wakefern was \$11,805,000 as of November 2, 2002 and November 3, 2001. We also have an investment in another company affiliated with Wakefern which was \$953,000 as of November 2, 2002 and November 3, 2001. See Note 4 of Notes to Consolidated Financial Statements.

Since September 18, 1987, the Company has had an agreement, amended in 1992, with Wakefern and all other shareholders of Wakefern, which provides for certain commitments by, and restrictions on, all shareholders of Wakefern. Under the agreement, each shareholder, including the Company, agreed to purchase at least 85% of its merchandise in certain defined product categories from Wakefern. The Company fulfilled this obligation during the 52 week period ended November 2, 2002. If any shareholder fails to meet these purchase requirements, it must make payments to Wakefern (the "Compensatory Payments") based on a formula designed to compensate Wakefern for the profit lost by it by virtue of its lost warehouse volume. Similar payments are due if Wakefern loses volume by reason of the sale of one or more of a shareholder's stores, any shareholder's merger with another entity or the transfer of a controlling interest in the shareholder. Subject to a right of first refusal granted to Wakefern, sales of certain under facilitated stores are permitted free of the restrictions of the agreement. Also, the restrictions of the agreement do not apply if volume lost by a shareholder by the sale of a store is made up by such shareholder by increased volume of new or existing stores and, in any event, the Compensatory Payments otherwise required to be made by the shareholder to Wakefern are not required if the sale is made to Wakefern, another shareholder of Wakefern or to a purchaser which is neither an owner or operator of a chain of 25 or more supermarkets in the United States, excluding any ShopRite supermarkets in any area in which Wakefern operates. The agreement extends for an indefinite term and is subject to termination ten years after the approval by a vote of 75% of the outstanding voting stock of Wakefern.

6

The loss of, or material change in, our relationship with Wakefern (neither of which is considered likely) could have a significant adverse impact on the

Edgar Filing: FOODARAMA SUPERMARKETS INC - Form 10-K

Company's business. The failure of Wakefern to fulfill its obligations or another member's insolvency or withdrawal from Wakefern could result in additional costs to the remaining members. On November 22, 2000 Big V Supermarkets, Inc. ("Big V"), a member of Wakefern, similar in sales volume to the Company, filed for reorganization under Chapter 11 of the U.S. Bankruptcy Code and indicated its intent to depart from Wakefern. Big V was unsuccessful in its challenge to provisions in its agreements with Wakefern which require, among other things, withdrawing members to make a payment to Wakefern to make up for the resulting loss of volume to the cooperative. On July 12, 2002 Wakefern reported that it had closed on its purchase of substantially all of the assets of Big V for approximately \$185 million in cash and assumed liabilities. It is not possible to predict at this time what effect the operation of Big V stores by Wakefern will have on the Company.

We also purchase products and items sold in our supermarkets from a variety of sources other than Wakefern. Neither the Company nor, to the best of our knowledge, Wakefern has experienced or anticipates experiencing any unique material difficulties in procuring products and items in adequate quantities.

Competition

The supermarket business is highly competitive. The Company competes directly with a number of national and regional chains, including A&P, Pathmark, Wegmans, Acme, Stop & Shop and Foodtown, as well as various local chains, other ShopRite members and numerous single-unit stores. We also compete with warehouse club stores which charge a membership fee, are non-unionized and operate larger units. Additional competition comes from drug stores, discount general merchandise stores, fast food chains and convenience stores.

Many of the Company's competitors have greater financial resources and sales. As most of our competitors offer substantially the same type of products, competition is based primarily upon price, and particularly in the case of meat, produce, bakery, delicatessen, and prepared foods, on quality. Competition is also based on service, location, appearance of stores and on promotion and advertising. The Company believes that its membership in Wakefern and the ShopRite brand name allow it to maintain a low-price image while providing quality products and the availability of a wide variety of merchandise including numerous private label products under the ShopRite brand name. We also provide clean, well maintained stores, courteous and quick service to the customer and flexibility in tailoring the products offered in each store to the demographics of the communities we service. The supermarket business is characterized by narrow profit margins, and accordingly, our viability depends primarily on our ability to maintain a relatively greater sales volume and more efficient operations than our competitors.

Over the last two years many changes took place in our marketplace. Pathmark, one of our principal competitors, completed a reorganization, exiting Chapter 11 in September 2000. This restructuring of Pathmark is reported to have eliminated almost one billion dollars of debt which was converted to common stock. Edwards, another formidable competitor, has changed its name and format to Stop & Shop, an affiliated company. Grand Union filed for bankruptcy under Chapter 11 and sold almost all of its stores. Many of the Grand Union locations in our trading area are now operating as Stop & Shop and Pathmark. The impact of these changes has strengthened competition in our already highly competitive marketplace.

Regulatory and Environmental Matters

Our stores and facilities, in common with those of the industry in general, are subject to numerous existing and proposed Federal, State and local regulations which regulate the discharge of materials into the environment or

Edgar Filing: FOODARAMA SUPERMARKETS INC - Form 10-K

otherwise protect the environment, establish occupational safety and health standards and cover other matters, including the licensing of the Company's pharmacies and two liquor stores. Additionally, as a company with publicly traded securities, we are subject to the requirements of the Sarbanes-Oxley Act of 2002 signed into law on July 30, 2002. We believe our operations are in compliance with such existing regulations and are of the opinion that compliance with the regulations has not had and will not have any material adverse effect on our capital expenditures, earnings or competitive position.

Employees

As of December 31, 2002, the Company employed approximately 6,400 persons, of whom approximately 5,850 are covered by collective bargaining agreements. 76% of the employees are part time and almost all of these employees are covered by the collective bargaining agreements. Although the Company has historically maintained favorable relations with its unionized employees, it could be affected by labor disputes. Most of our competitors are similarly unionized. The Company is a party to seven collective bargaining agreements expiring on various dates from April 2003 to August 2006. The bargaining agreement with the United Food and Commercial Workers Local 1360 expired in February 2002 and has been renegotiated. The new contract expires February 2006.

By virtue of the nature of the Company's supermarket operations, information concerning backlog, seasonality, major customers, government contracts, research and development activities and foreign operations and export sales is not relevant.

Item 2. Properties

The Company's twenty-three supermarkets, all of which are leased, range in size from 31,000 to 101,000 square feet with sales area averaging 75 percent of the total area. All stores are air-conditioned, have modern fixtures and equipment, have their own ample parking facilities and are located in suburban areas.

Leases for 20 of the Company's 23 existing supermarkets expire on various dates from 2003 through 2028. We are leasing one location, which will be replaced, on a month to month basis. Two of our supermarkets are subleased from Wakefern and these subleases expire in 2006 and 2008, respectively. Upon expiration of these subleases, the underlying leases for these supermarkets will be assigned to and assumed by us if certain conditions, which include the absence of defaults by the Company in its obligations to Wakefern and our lenders, and the maintenance of a specified level of net worth, are satisfied. The terms of these leases expire in 2021 and 2018, respectively. Except for the two subleases with Wakefern, one lease expiring in 2003 and the one month to month lease, all leases contain renewal options ranging from 5 to 25 years. Eight leases require, in addition to a fixed rental, a further rental payment based on a percentage of the annual sales in excess of a stipulated minimum. The minimum has been exceeded in one of the eight locations in the last fiscal year. Most leases also require us to pay for insurance, common area maintenance and real estate taxes. Five additional leases have been signed for supermarket locations, two of which will be replacements for existing stores and three for new locations. Additionally, two new leases have been signed for existing locations which will be expanded and remodeled and a lease has been executed for a new bakery commissary. The terms of the supermarket leases are substantially similar to the terms of the leases for our existing supermarkets. The Company has experienced delays in the opening of certain new stores because of extensive governmental approvals required to develop new retail properties in New Jersey.

Also, we are subject to a lease covering our executive and principal administrative offices containing approximately 18,000 square feet in Howell, New Jersey. The Company also leases 57,000 square feet of space used for its

Edgar Filing: FOODARAMA SUPERMARKETS INC - Form 10-K

existing bakery operations and storage in Howell, New Jersey, and 50,000 square feet of space used for storage in Lakewood, New Jersey. Upon the completion of

8

the new bakery facility under construction, the Company anticipates that the existing bakery facility will be used for storage. The Company owns meat and prepared foods processing facilities in Linden, New Jersey, which is the only real property owned by us. In addition, we are a party to an additional three leases for locations where we no longer conduct supermarket operations; two of these locations have been sublet to non-affiliated persons. In most instances these stores have been sublet at terms at least substantially equivalent to the Company's obligations under its prime lease. See Notes 10 and 14 of Notes to Consolidated Financial Statements.

Item 3. Legal Proceedings

On March 27, 2002, Melvin Jules Bukiet, on behalf of himself and acting as trustee for the benefit of minors Madeline Bukiet, Miles Bukiet and Louisa Bukiet (together, the "Plaintiffs"), commenced a shareholders derivative action against the Company, as nominal defendant, and against all five members of the Board of Directors, Joseph J. Saker, Richard J. Saker, Charles T. Parton, Albert A. Zager and Robert H. Hutchins (together, the "Defendants"), in their capacities as directors and/or officers of the Company. This lawsuit, which was filed in the Superior Court of New Jersey, Middlesex County, Chancery Division (the "Court"), alleges that the Defendants have breached their fiduciary duties to the Company and its shareholders and sought to "enrich and entrench themselves at the shareholders' expense" through their previous recommendation, implementation and administration of the 2001 Stock Incentive Plan (the "2001 Plan"), which was approved by the Company's shareholders on April 4, 2001, and by proposing an amendment to the 2001 Plan to increase the number of shares of Common Stock available for issuance by 65,000 shares and an amendment to the Company's amended and restated certificate of incorporation (the "Certificate of Incorporation") to create a classified Board of Directors consisting of five classes of directors, with only one class standing for election in any year for a five-year term. The shareholders of the Company approved the amendments to the 2001 Plan and the Certificate of Incorporation on May 8, 2002.

The parties to the litigation have tentatively agreed on a settlement proposal, subject to, among other things, approval by the Court and by the Company's director and officer liability insurance carrier. Pursuant to the terms of the proposed settlement, 1) the Company's five-year classified board will be eliminated and the Defendants will agree not to submit any proposal to the shareholders of the Company in connection with the implementation of a classified board for five years from the date of final approval of the settlement; 2) the 2001 Plan will be amended so that the maximum number of shares that can be awarded to any individual thereunder shall be 50,000; and 3) the 2001 Plan will be amended to require that the exercise price of any options or other stock based compensation granted thereunder, following the date of final approval of the settlement, shall be equal to the closing market price of the Company's stock on the date of grant. In addition, Joseph J. Saker, Chairman and Chief Executive Officer of the Company, will return to the Company 10,000 stock options previously awarded to him under the 2001 Plan. The Plaintiffs have also informed the Defendants that they intend to seek an award of attorneys fees, however, it is not possible to predict the amount of the fees that may be awarded.

Additionally, in the ordinary course of our business, we are party to various legal actions not covered by insurance. Although a possible range of loss cannot be estimated, it is the opinion of management, that settlement or resolution of these proceedings will not, in the aggregate, have a material adverse impact on the financial condition or results of operations of the Company.

Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations

CRITICAL ACCOUNTING POLICIES AND ESTIMATES

Critical accounting policies are those accounting policies that management believes are important to the portrayal of the Company's financial condition and results and require management's most difficult, subjective or complex judgments, often as a result of the need to make estimates about the effect of matters that are inherently uncertain.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Impairment of Goodwill

Goodwill is amortized on a straight-line basis over periods from 15 to 36 years. The carrying amount of goodwill is reviewed whenever events or changes in circumstances indicate that it may not be recoverable. We use an estimate of the future undiscounted net cash flows of the acquired business over the remaining life of the asset in measuring whether the assets are recoverable. Where such estimate of the future undiscounted cash flows is less than the carrying amount of goodwill, a potential impairment exists.

We are required to adopt the provisions of Statement of Financial Accounting Standards ("SFAS") No. 142, "Goodwill and Other Intangible Assets" beginning November 3, 2002. This statement requires that goodwill no longer be amortized, and it requires instead that goodwill be tested at least annually for impairment. If the carrying value of goodwill were determined to be greater than its estimated fair value under the impairment test, then it would be written down to its estimated fair value.

The discontinuance of goodwill amortization is not expected to have a significant effect on our future results of operations. We have not completed a transitional impairment test, as required by SFAS No. 142.

Patronage Dividends

As a stockholder of Wakefern, the Company earns a share of Wakefern's earnings, which is distributed as a "patronage dividend". This dividend is based on a distribution of Wakefern's operating profits for its fiscal year, which ends the Saturday closest to September 30, in proportion to the dollar volume of business done by each member of Wakefern during that fiscal year. Patronage dividends are recorded as a reduction of cost of goods sold. The Company accrues estimated patronage dividends due from Wakefern quarterly based on an estimate of the annual Wakefern patronage dividend and an estimate of the Company's share of this annual dividend based on the Company's estimated proportional share of the dollar volume of business transacted with Wakefern that year. These estimates are based on both historical patronage dividend percentages and

Edgar Filing: FOODARAMA SUPERMARKETS INC - Form 10-K

the current volume of merchandise purchased from Wakefern.

Workers' Compensation Insurance

From June 1, 1991 to May 31, 1997 we maintained workers' compensation insurance with various carriers on a retrospective basis where claims within certain limits remain the responsibility of the Company. We have established reserve amounts based upon our evaluation of the status of claims still open as of November 2, 2002 and loss development factors used by the insurance industry. As of November 2, 2002, the worker's compensation reserve totaled approximately \$663,000. Such reserve amount is only an estimate and there can be no assurance that our eventual workers' compensation obligations will not exceed the amount of the reserve. However, we believe that any difference between the amount recorded for our estimated liability and the costs of settling the actual claims would not be material to the results of operations.

12

FINANCIAL CONDITION AND LIQUIDITY

As of September 26, 2002 the Company and its lenders entered into The Third Amended and Restated Revolving Credit and Term Loan Agreement (as amended, the "Credit Agreement"). The Credit Agreement is secured by substantially all of the Company's assets and increased the total lending commitment to \$80,000,000, including a revolving credit facility (the "Revolving Note") of up to \$35,000,000, a term loan (the "Term Loan") in the amount of \$25,000,000 and a capital expenditures facility (the "Capex Facility") of up to \$20,000,000. The outstanding balances on the prior term loan (\$5,000,000) and capital expenditures facility (\$10,652,662) were incorporated into the Term Loan. The Credit Agreement will mature December 31, 2007. The Term Loan is to be paid in quarterly principal payments of \$1,250,000 commencing January 1, 2003. The Capex Facility provides for the payment of interest only on its outstanding balance, an unused facility fee of .75% until December 31, 2004 and fixed quarterly principal payments thereafter based on a seven year amortization schedule with a balloon payment due December 31, 2007. Interest rates float on the revolving credit facility, Term Loan and Capex Facility at the Base Rate (defined below) plus 1.50%, 2.00% and 2.00%, respectively. The Base Rate is the rate which is the greater of (i) the bank prime loan rate as published by the Board of Governors of the Federal Reserve System, or (ii) the Federal Funds rate, plus .50%. Additionally, the Company has the ability to use the London Interbank Offered Rate ("LIBOR") plus 3.25% to determine the interest rate on the revolving credit facility and LIBOR plus 3.75% to determine the interest rate on the Term Loan and Capex Facility. Other terms and conditions under the Credit Agreement, including (a) the amount of permitted additional new indebtedness; (b) the amount of permitted capitalized lease obligations; (c) the amount of capital expenditures; (d) covenant requirements and (e) certain definitions, have been modified to reflect the additional term of the Credit Agreement and the Company's financial and operational plan. Additionally, the Company is allowed to repurchase its Common Stock for an aggregate purchase price not to exceed \$1,000,000, subject to certain conditions and limitations, under the Credit Agreement. For the year ended November 2, 2002, the value of the accrued benefits under the Company's pension plans exceeded the aggregate fair market value of the assets of such plans by \$3,020,000, \$20,000 more than the amount permitted under the Credit Agreement. This event of default was waived by the Company's lenders.

As of November 2, 2002 the Company owed \$25,000,000 on the Term Loan and had not borrowed under the Capex Facility.

The Company's compliance with the major financial covenants under the Credit Agreement was as follows as of November 2, 2002:

Financial	Credit	Actual (As defined in the

On December 31, 1999 the Company financed the purchase of \$1,527,000 of POS hardware in 17 operating locations. The financing bears interest at 7.60% and is payable in monthly installments over its three year term.

No cash dividends have been paid on the Common Stock since 1979, and we have no present intentions or ability to pay any dividends in the near future on our Common Stock. The Credit Agreement does not permit the payment of any cash dividends on the Company's Common Stock.

Working Capital:

At November 2, 2002, November 3, 2001 and October 28, 2000, the Company had working capital deficiencies of \$590,000, \$6,907,000 and \$1,215,000, respectively. The Company normally requires small amounts of working capital since inventory is generally sold at approximately the same time that payments to Wakefern and other suppliers are due and most sales are for cash or cash equivalents. Working Capital improved in fiscal 2002 primarily as the result of the increase in receivables and other current assets. This increase relates primarily to receivables due from landlords for construction allowances for the Woodbridge and Ewing, New Jersey locations. A portion of these receivables is currently in dispute as a result of litigation with the landlord over the correct commencement date of the lease for the new Woodbridge location. The Company denies the landlord's allegations, and the amount and timing of collection of the construction allowances will depend upon the outcome of the litigation. When collected, the proceeds from these receivables will be used to reduce the Revolving Note which is classified as long-term borrowings. This will result in a corresponding decrease in working capital. The balance of accounts receivables consist primarily of returned checks due the Company, coupon receivables, third party pharmacy insurance claims and organization charge accounts. The terms of most receivables are 30 days or less. The allowance for uncollectible accounts is large in comparison to the amount of accounts receivable because the allowance consists primarily of a reserve for returned checks which are not written off until all collection efforts are exhausted.

Working capital decreased in fiscal 2001 primarily as the result of the net increase in accounts payable and accrued expenses of \$5,050,000 over the increase in inventory. This increase relates primarily to cost of merchandise and capital expenditures for the new Middletown, New Jersey store, opened November 14, 2001, as well as accrued occupancy costs related to the 53rd week of fiscal 2001.

Edgar Filing: FOODARAMA SUPERMARKETS INC - Form 10-K

Working capital decreased in fiscal 2000 primarily as the result of the net increase in accounts payable and accrued expenses of \$3,035,000 over the increase in inventory, which related primarily to cost of merchandise and operating expenses for the new Branchburg and Wall Township, New Jersey stores. Additionally, the current portion of long-term debt, primarily related to equipment financing, increased.

Working capital ratios were as follows:

November 2, 2002	.99 to 1.00
November 3, 2001	.90 to 1.00
October 28, 2000	.98 to 1.00

Cash flows (in millions) were as follows:

Fiscal 2002 capital expenditures totaled \$21,019,000 with depreciation of \$14,175,000 compared to \$17,047,000 and \$12,840,000, respectively for fiscal 2001 and \$16,750,000 and \$11,524,000, respectively for fiscal 2000. The increase

14

in depreciation in fiscal 2002 was the result of the purchase of equipment and leasehold improvements, as well as the capitalized real estate lease, for the Middletown store opened in November 2001 and a full year of depreciation for the three locations remodeled in fiscal 2001. The increase in depreciation in fiscal 2001 was the result of the purchase of equipment and leasehold improvements for the three locations remodeled during fiscal 2001 and a full year of depreciation for the locations opened in fiscal 2000. The increase in depreciation in fiscal 2000 was the result of the purchase of equipment and leasehold improvements for the two new locations as well as two additional real estate capitalized leases. Capital expenditures increased in fiscal 2002, fiscal 2001 and fiscal 2000 as the result of the purchase of equipment and leasehold improvements for the locations opened in December 2002 and January 2003, projects currently in process for a new store, the expansion and remodeling of an existing location and the new bakery commissary, the new store opened in fiscal 2001, locations remodeled in fiscal 2001 and the two locations opened in fiscal 2000.

In fiscal 2002 long-term debt increased \$26,220,000 due to the capitalization of a real estate lease for the location opened in the year and an increase in borrowings under the Credit Agreement. These increases were partially offset by cash generated by operations used to pay down existing debt.

In fiscal 2001 net long-term debt decreased \$5,959,000 as the result of payments made to reduce the balances outstanding under existing debt. The source of these payments was cash generated by operations and an increase in the revolving credit facility of \$929,000.

In fiscal 2000 long-term debt increased \$25,499,000 due to the capitalization of real estate leases for the two locations opened in the year, the financing of POS hardware and equipment for two new locations and the restructuring of borrowings under the then Credit Agreement. These increases were partially offset by cash generated by operations used to pay down a portion of the balances outstanding under the revolving credit facility and other existing debt.

For the year ended November 2, 2002, the Company repurchased a total of

Edgar Filing: FOODARAMA SUPERMARKETS INC - Form 10-K

102,853 shares of Common Stock. 101,553 of these shares were purchased in privately negotiated transactions and the remaining 1,300 shares were acquired in open market transactions. 6,377 of these shares were owned by a member of the family of Joseph J. Saker, the Company's Chairman, and were purchased for an average of \$39.52 per share. \$4,523,670, or an average of \$43.98 per share, was expended for the purchase of the 102,853 shares. Since the announcement of the stock repurchase program in June 2001, the Company has repurchased 131,923 shares for \$5,591,597 or an average of \$42.39 per share.

During the year ended November 3, 2001, the Company repurchased a total of 29,070 shares of Common Stock. 25,070 of these shares were purchased in privately negotiated transactions. 7,000 of these shares were owned by the Estate of Mary Saker, of which the Company's Chairman, Joseph J. Saker, is a co-executor, and 18,000 shares were owned by certain members of Mr. Saker's family. \$1,067,927, or an average of \$36.74 per share, was expended for the purchase of the 29,070 shares.

At November 2, 2002, the Company had \$10,000,000 of available credit, under its revolving credit facility. The Company has capital commitments (net of landlord contributions) of \$15,443,000 for equipment and \$5,268,000 for leasehold improvements related to the four stores (two of which have subsequently opened) under construction as of November 2, 2002. The Credit Agreement will adequately meet our operating needs, scheduled capital expenditures and debt service for fiscal 2003.

During the fiscal year 2002, the Business Tax Reform Act was passed in the State of New Jersey. This legislation is effective for tax years beginning on or after January 1, 2002 (fiscal 2003). Taxpayers would pay an Alternative Minimum Assessment ("AMA"), which would be based upon either New Jersey gross receipts or New Jersey gross profits, if the AMA exceeds the tax based on net income. The Company is evaluating the impact that this legislation will have on its results of operation, financial position and cash flow for fiscal 2003.

RESULTS OF OPERATIONS

Sales:

The Company's sales were \$963.6 million, \$945.3 million and \$866.4 million, respectively in fiscal 2002, 2001 and 2000. This represents an increase of 1.9 percent in 2002 and an increase of 9.1 percent in 2001. These changes in sales levels were the result of the opening of a replacement store in November 2001, the full year of operations in fiscal 2001 of two locations opened in February and April 2000 and the 53rd week in fiscal 2001. The locations opened in November 2001 and April 2000 replaced smaller, older stores. Comparable store sales increased 1.6% in fiscal 2002 and 3.8% in fiscal 2001. Comparable store sales in fiscal 2002 were partially offset by decreased sales in certain of the Company's stores affected by competitive store openings.

Comparable store sales in the fourth quarter of fiscal 2002 decreased 1.3% when compared to the fourth quarter of fiscal 2001 on a comparable 13 week basis. This decrease was primarily due to a softening in the economy, the effect of competitive store openings and the impact of deflation in certain product categories.

Gross Profit:

Gross profit totaled \$245.1 million in fiscal 2002 compared to \$234.2 million in fiscal 2001 and \$208.9 million in fiscal 2000. Gross profit as a percent of sales was 25.4% in fiscal 2002, 24.8% in fiscal 2001 and 24.1% in fiscal 2000.

The increase in fiscal 2002 of gross profit as a percentage of sales was primarily due to improved product mix, the contribution of the new location in

Edgar Filing: FOODARAMA SUPERMARKETS INC - Form 10-K

Middletown, New Jersey, more efficient commissary operations, an increase in patronage dividends from Wakefern and a reduction in product loss through improved shrink control. These increases were offset in part by programs implemented in certain of the Company's stores to address competitive store openings.

In fiscal 2001 gross profit as a percentage of sales increased primarily as a result of improved product mix, the contribution of the new locations, the completion of promotional programs initiated by the Company for the locations opened in fiscal 2000, a reduction in product loss through improved shrink control and more efficient commissary operations, partially offset by the completion of Wakefern incentive programs for the new locations opened in the prior fiscal year.

The increase in fiscal 2000 of gross profit as a percentage of sales was primarily due to improved product mix, reduced Wakefern assessment as a percentage of sales and Wakefern incentive programs for the new locations opened in fiscal 2000, partially offset by promotional programs for the new locations opened in the current year period, the completion of Wakefern incentive programs for the new locations opened in fiscal 1998 and the adoption of the Last-In-First-Out ("LIFO") method of inventory valuation for grocery and nonfood categories. See Note 1 of Notes to Consolidated Financial Statements - Merchandise Inventories.

Patronage dividends applied as a reduction of the cost of merchandise sold were \$7,124,000, \$6,515,000 and \$5,903,000 for the last three fiscal years. This translates to .74%, .69% and .68% of sales for the respective periods.

Selling, general and administrative expenses increased as a percent of sales when comparing fiscal 2002 to fiscal 2001. Increases in labor and related fringe benefits, depreciation, other store expenses, which include Wakefern support services and debit/credit card and bank service fees, administration expense and pre-opening costs were partially offset by decreases in occupancy and selling expense. The increase in labor and related fringe benefits was the result of additional personnel for the new Middletown store, increased sales in service intensive departments and contractual increases in fringe benefit costs. Depreciation expense increased as the result of the purchase of equipment and leasehold improvements, as well as the capitalized real estate lease, for the Middletown store opened in November 2001 and a full year of depreciation for the three locations remodeled in fiscal 2001. Other store expenses increased as the result of increases in debit/credit card fees and the increased utilization of the cards by our customers. Administration expense increased primarily due to increases in fringe benefit costs. Pre-opening costs are related to the new

Edgar Filing: FOODARAMA SUPERMARKETS INC - Form 10-K

Middletown store opened in November 2001. Occupancy decreased due to the accounting for the new Middletown store's lease as a capitalized lease. Under this method the costs of the lease are expensed as depreciation and interest. Formally, the old Middletown store's lease was an operating lease and the costs of the lease were expensed as rent. Selling expense declined as the result of changes in certain promotional programs. As a percentage of sales, labor and related fringe benefits increased .67%, depreciation increased .09%, other store expenses increased .05%, administration increased .09% and pre-opening costs increased .02%. These increases were partially offset by decreases in occupancy of .09% and selling expense of .04%. Pre-opening costs were \$246,000 in fiscal 2002.

Selling, general and administrative expenses increased as a percent of sales when comparing fiscal 2001 to fiscal 2000. Increases in labor and related fringe benefits, administrative expense, occupancy, depreciation, other store expenses, which include Wakefern support services and debit/credit card fees, and a decrease in miscellaneous income were partially offset by decreases in advertising, pre-opening costs and reserve for closed store expense. The increase in labor and related fringe benefits was the result of additional personnel for all of fiscal 2001 for the two new stores opened during fiscal 2000 and increased sales in service intensive departments. Administrative expense increased as the result of increases in employee incentive programs and the charges related to the stock incentive plan. Occupancy increased due to increased costs for CAM, real estate taxes and sanitation. Depreciation expense increased due to a full year of depreciation for the equipment, leasehold improvements and the capitalized leases for the two stores opened in fiscal 2000 and additional depreciation related to the three stores remodeled in fiscal 2001. Other store expenses increased due to increases in charges for certain Wakefern programs. Miscellaneous income decreased due to a lack of income from the sale of recycled cardboard. Selling expense increased in dollars but declined as a percentage of sales. Pre-opening costs in fiscal 2001 related to the new Middletown store which did not open until November 14, 2001 while two stores were opened in fiscal 2000. The decrease in the reserve for closed store expense relates primarily to the expensing in fiscal 2000 of anticipated expenses for a location closed in April 2000 when the new Wall Township store opened. As a percentage of sales, labor and related fringe benefits increased .30%, administrative expense increased .21%, occupancy increased .06%, depreciation increased .05%, other store expenses increased .05% and miscellaneous income decreased .08%. These increases were partially offset by

17

decreases in selling expense of .05%, pre-opening costs of .09% and reserve for closed store expense of .16%. Pre-opening costs were \$114,000 in fiscal 2001.

Amortization expense decreased in fiscal 2002 to \$463,000 compared to \$576,000 in fiscal 2001 and \$679,000 in fiscal 2000. The decrease in fiscal 2002, as compared to fiscal 2001, was the result of decreased amortization of deferred escalation rents partially offset by increased amortization of deferred financing costs. The decrease in fiscal 2001, as compared to fiscal 2000, was also the result of decreased amortization of deferred escalation rents partially offset by increased amortization of deferred financing costs. See Note 1 of Notes to Consolidated Financial Statements -Intangibles and Deferred Financing Costs.

Interest Expense:

Interest expense totaled \$8.2 million in fiscal 2002 compared to \$7.6 million in fiscal 2001 and \$7.1 million in fiscal 2000. The increase in fiscal 2002, as compared to fiscal 2001, was due to an increase in average outstanding debt, including capitalized lease obligations partially offset by a decrease in the average interest rate paid on debt. The increase in fiscal 2001, as compared to fiscal 2000, was due to an increase in the average outstanding debt in fiscal 2001, including capitalized lease obligations, partially offset by a decrease in

Edgar Filing: FOODARAMA SUPERMARKETS INC - Form 10-K

the average interest rate paid on the debt.

Income Taxes:

The Company recorded a tax provision of \$2.2 million in fiscal 2002, \$2.6 million in fiscal 2001 and \$1.6 million in fiscal 2000. See Note 13 of Notes to Consolidated Financial Statements.

Net Income:

The Company had net income of \$3,240,000 or \$3.01 per diluted share in fiscal 2002 compared to net income of \$3,938,000 or \$3.50 per diluted share in fiscal 2001. EBITDA for fiscal 2002 were \$28,076,000 as compared to \$27,342,000 in fiscal 2001.

Fiscal 2000 resulted in net income of \$2,382,000 or \$2.13 per diluted share. EBITDA for fiscal 2000 were \$22,914,000.

Weighted average diluted shares outstanding were 1,076,030 for fiscal 2002, 1,124,192 for fiscal 2001 and 1,117,290 for fiscal 2000.

RECENT ACCOUNTING PRONOUNCEMENTS

In June 2001, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 142 ("SFAS 142"), "Accounting for Goodwill and Other Intangible Assets" which is effective for fiscal years beginning after December 15, 2001. SFAS 142 discontinues the practice of amortizing goodwill and indefinite lived intangible assets and initiates an annual review for impairment. Impairment would be examined more frequently if certain indicators are encountered. Intangible assets with a determinable useful life will continue to be amortized over that period. The Company is currently assessing, but has not yet determined, the impact of SFAS 142 on its financial position and results of operations. The Company plans to adopt SFAS 142 in the first quarter of fiscal year 2003.

In June 2001, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 143 ("SFAS 143"), "Accounting for Asset Retirement Obligations," which is effective for fiscal years beginning after June 15, 2002, with early application encouraged. SFAS 143 addresses financial accounting and reporting for obligations associated with the retirement of tangible long-lived assets and the associated asset retirement costs. The Company plans to adopt SFAS 143 in the first quarter of fiscal year 2003 and believes that it will have no impact on its financial position or results of operations.

18

Effective November 4, 2001 the Company adopted Statement Of Financial Accounting Standards No. 144 ("SFAS 144"), "Accounting for the Impairment or Disposal of Long-Lived Assets". SFAS 144 requires, among other things, the application of one accounting model for long-lived assets that are impaired or to be disposed of by sale. There was no significant impact from the adoption of SFAS 144 in fiscal year 2002.

In April 2002, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 145 ("SFAS 145"), "Recission of FASB Statements No. 4, 44 and 64, Amendment of FASB Statement No. 13, and Technical Corrections," which is effective for fiscal years beginning after May 15, 2002, with earlier application encouraged. Under SFAS 145, gains and losses from extinguishment of debt will no longer be aggregated and classified as an extraordinary item, net of related income tax effect, on the statement of earnings. The Company plans to adopt SFAS 145 in the first quarter of fiscal year 2003 and believes that it will have no impact on its financial position or results of operations.

Edgar Filing: FOODARAMA SUPERMARKETS INC - Form 10-K

In June 2002, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 146 ("SFAS 146"), "Accounting for Costs Associated with Exit or Disposal Activities," which is effective for exit or disposal activities that are initiated after December 31, 2002, with early application encouraged. SFAS No. 146 requires recognition of a liability for the costs associated with an exit or disposal activity when the liability is incurred, as opposed to when the entity commits to an exit plan as required under EITF Issue No. 94-3. SFAS 146 will primarily impact the timing of the recognition of costs associated with any future exit or disposal activities. The Company plans to adopt SFAS 146 in the first quarter of fiscal year 2003 and is in the process of evaluating the impact of the adoption on our financial statements.

Effective November 4, 2001, the Company adopted the Emerging Issues Task Force Issue No. 01-09 ("EITF 01-09"), "Accounting for Consideration Given by a Vendor to a Customer (Including a Reseller of the Vendor's Products)." EITF 01-09 codifies and reconciles the consensus on all or specific issues of EITF 00-14, "Accounting for Certain Sales Incentives," EITF 00-22, "Accounting for 'Points' and Certain Other Time-Based or Volume-Based Sales Incentives Offers, and Offers for Free Products or Services to be Delivered in the Future," and EITF 00-25, "Vendor Income Statement Characterization of Consideration Paid to a Reseller of the Vendor's Products," which address various aspects of the accounting for consideration given by a vendor to a customer or a reseller of the vendor's products. The adoption of EITF 01-09 did not have an impact on the Company's financial position or results of operations.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company's executive officers and directors, and persons who own more than ten percent of a registered class of the Company's equity securities, to file reports of ownership and changes of ownership on Forms 3, 4 and 5 with the Securities and Exchange Commission ("SEC"). Executive officers, directors and greater than ten percent shareholders are required by SEC regulation to furnish the Company with copies of all Forms 3, 4 and 5 they file.

Based solely on the Company's review of the copies of such forms it has received, the Company believes that, during the fiscal year ended November 2, 2002, all of its executive officers, directors and greater than ten percent beneficial owners complied with all filing requirements applicable to them with respect to reports required to be filed by Section 16(a) of the Exchange Act.

Item 11. Executive Compensation

- (1) Incentive compensation paid or accrued pursuant to the Company's Incentive Compensation Plans (the "Incentive Plans"). The Incentive Plans were adopted by the Company's Board of Directors ("Board of Directors" or "Board") for each of the fiscal years presented in the table to attract, retain and motivate non-union salaried employees by providing incentive compensation awards in cash. The Board administers the Incentive Plans, which includes designating non-union salaried employees eligible to

22

participate in the Incentive Plans and awarding incentive compensation to the eligible employees, subject to the Company achieving certain specified levels of pre-tax profit. In administering the Incentive Plans, the Board took into account the recommendations of the Company's executive officers, except that determinations made with respect to the Company's Chief Executive Officer and Chief Operating Officer were made solely by the Company's independent directors.

- (2) These amounts represent the projected annual benefit at retirement as of the end of each fiscal year for the applicable named executive officer under the Company's Supplemental Executive Retirement Plan (the "SERP"), which was approved by the Board on January 17, 1989. Amounts payable at retirement under the SERP range from 40% to 50% of the employee's highest average compensation over a five-year period less primary Social Security, pension plan benefits and 401(k) benefits and are payable until death, but for a minimum of 120 months. This Plan covers seven executive officers and other key employees and is intended to supplement the Company's retirement benefits. Such amounts are not payable until the earlier of the death, disability or retirement of the covered employee. The Company anticipates paying for benefits as they become due out of current operating income.

The SERP provides for a pre-retirement death benefit of one-half the amount payable upon retirement, actuarially computed, payable to the

Edgar Filing: FOODARAMA SUPERMARKETS INC - Form 10-K

employee's beneficiary over 120 months. If the employee dies after retirement, such employee's beneficiary will receive the same benefit the employee would have received if the employee had lived for 120 months. During fiscal 2002, the Company recorded \$475,000 of deferred compensation expense with respect to the SERP.

- (3) Represents amounts contributed by the Company under its 401(k) Plan (the "401(k) Plan"). The Company maintains a 401(k) Plan for all qualified non-union employees. Employees are eligible to participate in the 401(k) Plan after completing one year of service (1,000 hours) and attaining age 21. Employee contributions are discretionary to a maximum of 30% of compensation but may not exceed \$11,000 per year. The Company has elected to match 25% of the employee's contributions up to 6% of employee eligible compensation not exceeding \$200,000. The Company may make additional discretionary contributions. These discretionary contributions amounted to 2% of eligible compensation for the three calendar years ending December 31, 2002.
- (4) Represents options to purchase shares of the Company's Common Stock, granted pursuant to the Company's 2001 Stock Incentive Plan, described more particularly in Notes (1) and (2) in the table below captioned "Aggregated Option Exercises in the Fiscal Year Ended November 2, 2002 and Year-End Option Values." See Item 3. "Legal Proceedings."

Saker and Richard J. Saker are assignable to any of their respective children or grandchildren who are employed by the Company at the store manager or higher level. The options granted to Messrs. Joseph J. Saker and Richard J. Saker, which include 10,000 shares subject to currently exercisable options, vest quarterly from the Grant Date over a five year period. All other stock options granted vest, per individual, 250 shares on the Grant Date and 250 shares on each anniversary of the Grant Date thereafter for the next three years. See Item 3. "Legal Proceedings."

Pension Plan

The Company maintains a defined benefit pension plan for eligible employees. Full vesting occurs after five years of service. Benefits upon retirement prior to age 65 are reduced actuarially. Benefits under the plan are determined by a formula equal to .6% times the highest five consecutive year average of a participant's compensation from the commencement of employment through September 30, 1997, times the total years of service at September 30, 1997. The plan also provides for lump sum payments, which are payable under certain circumstances. The table set forth below specifies the estimated annual benefits payable upon normal retirement at age 65. Pursuant to a resolution adopted by the Board on September 24, 1997, years of service and benefit accruals for participants in the plan were frozen effective September 30, 1997. In lieu of contributions to the defined benefit pension plan for the three calendar years ended December 31, 2002, the Board has approved contributions to the 401(k) Plan in an amount equal to the sum of (a) two percent (2%) of the eligible compensation of 401(k) Plan participants; and (b) \$.25 for every \$1.00

24

contributed to the 401(k) Plan by the participants for up to 6% of the participant's eligible compensation. The Company did not make any contributions to the 401(k) Plan prior to freezing benefit accruals under the defined benefit pension plan.

For purposes of vesting benefits under the Pension Plan, the Company has

credited Richard J. Saker with 23 years of service; Michael Shapiro with 3 years of service; Joseph J. Saker, Jr. with 21 years of service; and Carl L. Montanaro with 35 years of service. The highest five consecutive year average, or pro-rated portion thereof, of compensation through September 30, 1997 for each of the Company's Named Officers, after giving effect to applicable limitations under the Internal Revenue Code of 1986, as amended, is as follows: Richard J. Saker - \$150,000; Michael Shapiro - \$150,000, Carl Montanaro - \$119,000, and Joseph J. Saker, Jr. - \$99,000.

Mr. Joseph J. Saker received a lump sum distribution of \$403,878 in January 1995, representing the amount of his vested interest in the Pension Plan.

Directors' Compensation

All non-employee directors receive, in addition to reimbursement for their reasonable expenses associated with attendance at meetings of the Board, an annual retainer fee of \$15,000 payable quarterly in advance (prior to June of 2002 the annual retainer fee was \$12,000), and a participation fee of \$1,000 for each meeting of the Board attended. All non-employee members of the Audit Committee receive, in addition to reimbursement for their reasonable expenses associated with attendance at Audit Committee meetings, a fee of \$1,000 for each Audit Committee meeting attended if held on a day other than a day on which a Board meeting is held, and a fee of \$500 for each Audit Committee meeting attended if held on the same day as a meeting of the Board. All non-employee members of the Stock Option Committee receive, in addition to reimbursement for their reasonable expenses associated with attendance at Stock Option Committee meetings, a fee of \$500 for each Stock Option Committee meeting attended if held on a day other than a day on which a Board meeting is held.

The Company paid a total of \$68,250 during the fiscal year ended November 2, 2002 to directors who are not employees of the Company.

25

Compensation Committee Interlocks and Insider Participation in Compensation Decisions

For the fiscal year ended November 2, 2002, the full Board of Directors performed the functions of a board compensation committee. Executive officers who served on the Board were Mr. Joseph J. Saker, Chairman of the Board and Chief Executive Officer, and Mr. Richard J. Saker, President, Chief Operating Officer, and Secretary. The Board acted on matters of compensation for the Chief Executive Officer and the Chief Operating Officer, with each of such officers abstaining from any compensation decisions relating specifically to them.

Compensation Report of the Board of Directors

The Company's independent directors are responsible for determining the compensation of the Company's Chief Executive Officer and its Chief Operating Officer. These two officers do not limit their functions to the distinct parameters typically associated with their respective titles. Instead, they actively share the responsibilities attendant to both of these offices in their management of the business. Accordingly, a comparative assessment of the compensation paid for their respective positions is impracticable, because a comparison of compensation based on mutually-exclusive job titles would not yield results commensurate with the combined contributions of these officers.

In order to arrive at an appropriate level of compensation for the Company's Chief Executive Officer and Chief Operating Officer for the fiscal year ended November 2, 2002, the independent directors considered a variety of factors presented in this report. The Company's independent directors not only reviewed market compensation levels for chief executive officers and chief

Edgar Filing: FOODARAMA SUPERMARKETS INC - Form 10-K

operating officers of similarly-sized grocery retailing organizations throughout the country, but they also considered a "management service fee" approach to this determination. The management service fee concept uses competitive data to evaluate appropriate relative compensation levels between a corporation's chief executive officer and chief operating officer in circumstances where the duties of these offices overlap. This concept more accurately recognizes the value to the Company of the shared efforts of its senior management and the importance of such efforts in achieving seamless management succession.

The Company's financial performance and other achievements during the fiscal year ended November 3, 2001 were considered by the Company's independent directors in determining compensation levels for the Company's Chief Executive Officer and Chief Operating Officer for fiscal 2002. Sales, income from operations, EBITDA and net income increased substantially in fiscal 2001 despite difficult market conditions. In addition, Foodarama stock proved to be one of the top performing securities listed on the American Stock Exchange in 2001.

In addition, during the fiscal year ended November 2, 2002, the Company's Chief Operating Officer assumed the duties and responsibilities associated with representing the Company with Wakefern, including serving as a member of the Wakefern Board of Directors. These responsibilities had previously been undertaken by the Company's Chief Executive Officer. The independent directors took this shift of responsibility into consideration when making compensation decisions. In addition, the independent directors considered the fact that both the Chief Executive Officer and Chief Operating Officer of the Company have personally guaranteed significant amounts of indebtedness owed by the Company to Wakefern.

After careful consideration of the various factors, including, among others, the facts referenced above, the independent directors determined that the base salaries for both the Chief Executive Officer and Chief Operating Officer should be increased for the fiscal year ended November 2, 2002. See "Executive Compensation - Summary Compensation Table."

The Company's Chief Executive Officer and Chief Operating Officer make determinations with respect to cash compensation paid to other executive officers of the Company. In addition to considering market comparisons, salaries paid to executive officers are based on the executive's level of responsibility, experience in his role, and overall performance and the condition of the Company and the economy at large.

26

The Company's Board is responsible for administration of the Company's 2002 Incentive Compensation Plan. Pursuant to the 2002 Incentive Compensation Plan, the Company has undertaken to pay incentive compensation to designated employees if it achieved certain adjusted pre-tax profit levels. The terms of the Company's 2002 Incentive Compensation Plan are generally consistent with the terms of incentive compensation plans adopted and approved by the Company for prior fiscal years. Pursuant to the Company's 2002 Incentive Compensation Plan, the Board awarded cash incentive compensation to certain non-union salaried employees of the Company, including Mr. Joseph J. Saker and Mr. Richard J. Saker. See "Executive Compensation - Summary Compensation Table."

The Stock Option Committee of the Board of Directors, which consists of its outside directors, administers the Company's 2001 Plan. The 2001 Plan enables the Company to grant stock-based and other forms of incentives, including stock options, stock appreciation rights, phantom stock, and restricted stock, among others. The Stock Option Committee may select from among these types of awards, and may combine different types of awards within individual grants, to establish individual grants affording long-term incentives, for the purpose of better aligning the interests of the Company's management with those of its shareholders. The Stock Option Committee did not grant any awards to the

Edgar Filing: FOODARAMA SUPERMARKETS INC - Form 10-K

Company's key executives and directors during the fiscal year ended November 2, 2002.

Section 162(m) of the Internal Revenue Code places a limit of \$1,000,000 (per person) on the amount of compensation that may be deducted by a public company in any year for compensation paid to each of a corporation's Named Officers. Qualifying performance based compensation is not subject to the deduction limit if certain requirements are satisfied. The grant of options to the Named Officers in 2001, under the 2001 Plan, does not qualify as performance based compensation. The exercise of these options could result in deductible compensation in excess of the limit imposed by Section 162(m). The Board of Directors may award compensation that may be non-deductible under Section 162(m) when, in the exercise of its business judgment, such award would be in the best interests of the Company. The Section 162(m) limitation has not yet had any effect upon the Company and its ability to deduct, for tax purposes, compensation paid to its Named Officers.

The Company's independent directors believe that the best interests of the Company and its shareholders are served by the Company's current compensation programs. The Board members will continue to review the Company's compensation plans periodically to determine what changes, if any, should be implemented to their structure, taking into account the Company's financial condition and performance.

Item 13. Certain Relationships and Related Transactions

(a) Transactions with Management and Certain Business Relationships

As required by the By-Laws of Wakefern Food Corporation ("Wakefern"), a retailer-owned food distribution corporation which provides purchasing, warehousing and distribution services to the Company as well as other retail supermarket chains, the obligations owed by the Company to Wakefern are personally guaranteed by Joseph J. Saker, Richard J. Saker and Thomas A. Saker. As of November 2, 2002 the Company was indebted to Wakefern in the amount of approximately \$31,935,000 for current charges in the ordinary course of business. Wakefern presently requires each of its shareholders to invest up to \$550,000 in Wakefern's non-voting capital stock for each store operated by it, computed in accordance with a formula based on the volume of such store's purchases from Wakefern. As of November 2, 2002, the Company had a 15.6% investment in Wakefern of \$11,805,000. As a shareholder member of Wakefern, the Company earns a share of any annual Wakefern patronage dividend. The dividend is based on the distribution of operating profits on a pro rata basis in proportion to the dollar volume of business transacted by each member with Wakefern during each fiscal year. As of November 2, 2002, the Company was indebted in connection with an investment in Wakefern. The debt of \$1,315,000 was non-interest bearing and payable in scheduled installments over a period of up to six years.

The Company also has an investment in Insure-Rite, Ltd., another company affiliated with Wakefern, of \$953,000 as of November 2, 2002. Insure-Rite, Ltd. provides the Company with a portion of its liability insurance coverage with the balance paid through Wakefern to a private carrier. The Company paid \$4,364,000 for such insurance coverage in fiscal 2002 and believes that such amount is comparable to the amount that would be charged by a similarly situated unaffiliated general liability and property insurer.

The Company leases from Joseph J. Saker, the Chairman of the Company, and his wife, doing business as Saker Enterprises, a 57,000 square foot supermarket in Freehold, New Jersey, under a lease which expires on December 31, 2018, and provides for four five year extension options. The Company also leases from Saker Enterprises a 5,200 square foot garden center building and 5,000 square feet of yard area under a lease expiring December 31, 2003 and 9,000 square feet of space for its liquor store under a lease expiring December 31, 2003, both of which are located in the same shopping center as the supermarket. During the fiscal year ended November 2, 2002, an aggregate amount for rent (including taxes and insurance) of \$891,000 was paid by the Company to Saker Enterprises

Edgar Filing: FOODARAMA SUPERMARKETS INC - Form 10-K

for the supermarket, garden center and liquor store.

The Company subleases from Wakefern a supermarket in East Windsor, New Jersey under a sublease expiring in 2008. The Company also subleases from Wakefern a supermarket in Marlboro, New Jersey under a sublease expiring in 2006. During the fiscal year ended November 2, 2002, aggregate amounts for rent of \$1,090,000 and \$837,000 were paid by the Company to Wakefern for the East Windsor supermarket and the Marlboro supermarket, respectively. Upon expiration of these subleases, the underlying leases will be assigned to and assumed by the Company provided that certain conditions, which include the absence of defaults by the Company in its obligations to Wakefern and the Company's lenders, and the maintenance of a specified level of net worth, are satisfied. The term of the leases for the East Windsor and Marlboro supermarkets expire in 2018 and 2021, respectively.

During the fiscal year ended November 2, 2002, in connection with the stock repurchase program announced by the Company on June 8, 2001, the Company repurchased a total of 102,853 shares of which 101,553 shares were repurchased in privately negotiated transactions. 6,377 of these shares were owned by a member of the family of Joseph J. Saker, the Company's Chairman, and were purchased for an average price per share of \$39.52.

The Company believes that the terms of the foregoing transactions are comparable to those available from non-affiliated persons under similar circumstances.

33

(b) Indebtedness of Management

None.

FOODARAMA SUPERMARKETS, INC. AND SUBSIDIARIES
Notes to Consolidated Financial Statements
(Tabular dollars in thousands, except per share amounts)

Note 1 - Summary of Significant Accounting Policies

Nature of Operations

Foodarama Supermarkets, Inc. and Subsidiaries (the "Company"), operate 22 ShopRite supermarkets, primarily in Central New Jersey. The Company

Edgar Filing: FOODARAMA SUPERMARKETS INC - Form 10-K

is a member of Wakefern Food Corporation ("Wakefern"), the largest retailer-owned food cooperative in the United States.

Fiscal Year

The Company's fiscal year ends on the Saturday closest to October 31. Fiscal 2002 consists of the 52 weeks ended November 2, 2002, fiscal 2001 consists of the 53 weeks ended November 3, 2001 and fiscal 2000 consists of the 52 weeks ended October 28, 2000.

Principles of Consolidation

The consolidated financial statements include the accounts of the Company and its wholly owned subsidiaries. All significant intercompany accounts and transactions have been eliminated.

Revenue Recognition

Revenues from the sale of products are recognized at the point of sale to the Company's customers. Vendor rebates and credits that relate to the Company's buying and merchandising activities are recognized as earned.

Industry Segment

The Company operates in one industry segment, the retail sale of food and nonfood products, primarily in the Central New Jersey region.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Fair Value of Financial Instruments

Cash and cash equivalents, receivables and accounts payable are reflected in the consolidated financial statements at carrying value which approximates fair value because of the short-term maturity of these instruments. The fair value of long-term debt was approximately equivalent to its carrying value, due to the fact that the interest rates currently available to the Company for debt with similar terms are approximately equal to the interest rates for its existing debt. As the Company's investments in Wakefern can only be sold to Wakefern for approximately the amount invested, it is not practicable to estimate the fair value of such stock. Determination of the fair value of related party receivables and long-term debt - related party is not practicable due to their related party nature.

Cash Equivalents

The Company considers all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents.

FOODARAMA SUPERMARKETS, INC. AND SUBSIDIARIES
Notes to Consolidated Financial Statements
(Tabular dollars in thousands, except per share amounts)

Note 1 - Summary of Significant Accounting Policies - (continued)

Merchandise Inventories

Merchandise inventories are stated at the lower of cost or market. Approximately 82% of merchandise inventories, consisting primarily of

Edgar Filing: FOODARAMA SUPERMARKETS INC - Form 10-K

grocery and nonfood items, are valued by the LIFO (last-in, first-out) method of inventory valuation while the remaining inventory items are valued by the FIFO (first-in, first-out) method with cost being determined under the retail method.

If the FIFO method had been used for the entire inventory, inventory at November 2, 2002 and November 3, 2001 would have been \$2,020,000 and \$1,623,000 higher, respectively.

Property and Equipment

Property and equipment is stated at cost and is depreciated on a straight-line basis over the estimated useful lives ranging between three and ten years for equipment, the shorter of the useful life or lease term for leasehold improvements, and twenty years for buildings. Repairs and maintenance are expensed as incurred.

Property and equipment under capital leases are recorded at the lower of fair market value or the net present value of the minimum lease payments. They are depreciated on a straight-line basis over the shorter of the related lease terms or its useful life.

Investments

The Company's investments in its principal supplier, Wakefern, and in Insure-Rite, are stated at cost (see Note 4).

Intangibles

Intangibles consist of goodwill and favorable operating lease costs. Goodwill is being amortized on a straight-line basis over periods from 15 to 36 years. The favorable operating lease costs are being amortized on a straight-line basis over the terms of the related leases, which range from 12 to 24 years.

Long-Lived Assets

The Company reviews the carrying values of its long-lived assets for possible impairment whenever circumstances indicate the carrying amount of an asset may not be recoverable. An impairment is recognized to the extent the sum of the undiscounted estimated future cash flow expected to result from the use of the asset is less than the carrying value.

Deferred Financing Costs

Deferred financing costs are being amortized over the life of the related debt using the effective interest method.

Postretirement Benefits other than Pensions

The Company accrues for the cost of providing postretirement benefits, principally supplemental income payments and limited medical benefits, over the working careers of the officers in the plan.

F-8

Note 1 - Summary of Significant Accounting Policies (continued)

Postemployment Benefits

The Company accrues for the expected cost of providing postemployment benefits, primarily short-term disability payments, over the working careers of its employees.

Advertising

Edgar Filing: FOODARAMA SUPERMARKETS INC - Form 10-K

Advertising costs are expensed as incurred. Advertising expense was \$8.6, \$8.8 and \$8.5 million for the fiscal years 2002, 2001 and 2000, respectively.

Store Closing Costs

The costs, net of amounts expected to be recovered, are expensed upon the closing of a store. It is reasonably possible that these estimates may change in the near term. Operating results continue to be reported until a store is closed.

Stock Option Plan

The Company has elected to follow Accounting Principles Board Opinion No. 25, "Accounting for Stock Issued to Employees," ("APB 25") and related interpretations in accounting for its employee stock options. Under this method, compensation cost is measured as the amount by which the market price of the underlying stock exceeds the exercise price of the stock option at the date at which both the number of options granted and the exercise price are known.

Earnings Per Share

Earnings per common share are based on the weighted average number of common shares outstanding. Diluted earnings per share amounts are based on the weighted average number of common shares outstanding, plus the incremental shares that would have been outstanding upon the assumed exercise of all diluted stock options, subject to antidilution limitations.

Recent Accounting Pronouncements

In June 2001, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 142 ("SFAS 142"), "Accounting for Goodwill and Other Intangible Assets," which is effective for fiscal years beginning after December 15, 2001. SFAS 142 discontinues the practice of amortizing goodwill and indefinite lived intangible assets and initiates an annual review for impairment. Impairment would be examined more frequently if certain indicators were encountered. Intangible assets with a determinable useful life will continue to be amortized over that period. The Company is currently assessing but has not yet determined the impact of SFAS 142 on its financial position and results of operations. The Company plans to adopt SFAS 142 in the first quarter of fiscal year 2003.

Recent Accounting Pronouncements - (continued)

In June 2001, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 143 ("SFAS 143"), "Accounting for Asset Retirement Obligations," which is effective for fiscal years beginning after June 15, 2002, with early application encouraged. SFAS 143 addresses financial accounting and reporting for obligations associated with the retirement of tangible long-lived assets and the associated asset retirement costs. The Company plans to adopt SFAS 143 in the first quarter of fiscal year 2003 and believes that it will have no impact on its financial position or results of operations.

Effective November 4, 2001 the Company adopted Statement of Financial

Edgar Filing: FOODARAMA SUPERMARKETS INC - Form 10-K

Accounting Standards No. 144 ("SFAS 144"), "Accounting for the Impairment or Disposal of Long-Lived Assets". SFAS 144 requires, among other things, the application of one accounting model for long-lived assets that are impaired or to be disposed of by sale. There was no significant impact from the adoption of SFAS 144 in fiscal year 2002.

In April 2002, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 145 ("SFAS 145"), "Rescission of FASB Statements No. 4, 44 and 64, Amendment of FASB Statement No. 13, and Technical Corrections," which is effective for fiscal years beginning after May 15, 2002, with earlier application encouraged. Under SFAS 145, gains and losses from extinguishment of debt will no longer be aggregated and classified as an extraordinary item, net of related income tax effect, on the statement of earnings. The Company plans to adopt SFAS 145 in the first quarter of fiscal year 2003 and believes that it will have no impact on its financial position or results of operations.

In June 2002, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 146 ("SFAS 146"), "Accounting for Costs Associated with Exit or Disposal Activities," which is effective for exit or disposal activities that are initiated after December 31, 2002, with early application encouraged. SFAS 146 requires recognition of a liability for the costs associated with an exit or disposal activity when the liability is incurred, as opposed to when the entity commits to an exit plan as required under EITF Issue No. 94-3. SFAS 146 will primarily impact the timing of the recognition of costs associated with any future exit or disposal activities. The Company plans to adopt SFAS 146 in the first quarter of fiscal year 2003 and is in the process of evaluating the impact of the adoption on its financial statements.

Effective November 4, 2001, the Company adopted the Emerging Issues Task Force Issue No. 01-09 ("EITF 01-09"), "Accounting for Consideration Given by a Vendor to a Customer (Including a Reseller of the Vendor's Products)." EITF 01-09 codifies and reconciles the consensus on all or specific issues of EITF 00-14, "Accounting for Certain Sales Incentives," EITF 00-22, "Accounting for 'Points' and Certain Other Time-Based or Volume-Based Sales Incentives Offers, and Offers for Free Products or Services to be Delivered in the Future," and EITF 00-25, "Vendor Income Statement Characterization of Consideration Paid to a Reseller of the Vendor's Products," which address various aspects of the accounting for consideration given by a vendor to a customer or a reseller of the vendor's products. The adoption of EITF 01-09 did not have an impact on the Company's financial position or results of operations.

Wakefern Food Corporation

As required by Wakefern's By-Laws, all members of the cooperative are required to make an investment in the common stock of Wakefern for each supermarket operated ("Store Investment Program"), with the exact amount per store computed in accordance with a formula based on the volume of each store's purchases from Wakefern. The maximum required investment per store was \$550,000 at November 2, 2002, November 3, 2001 and October 28, 2000. During fiscal 2000 and 1999, the required investment in Wakefern increased, resulting in a total increase in the investment by \$1,039,000 in 2000 and \$1,286,000 in 1999, and a related increase in the obligations due Wakefern for the same amount, respectively. This increase in the obligation is non-interest bearing and is payable over four years, with two years currently remaining. The Company has an investment in Wakefern of \$11,805,000 at November 2, 2002 and November 3, 2001, representing a 15.6% and 12.3% interest in Wakefern, respectively. Wakefern is operated on a cooperative basis for its members. The shares of stock in Wakefern are assigned to and held by Wakefern as collateral for any obligations due Wakefern. In addition, the obligations to Wakefern are personally guaranteed by the principal officers/shareholders of the Company. As of November 2, 2002 and November 3, 2001, the Company was obligated to Wakefern for \$1,315,000 and \$2,212,000, respectively, for the increase in its required investment (see Note 8).

The Company also has an investment of approximately 10.0% in Insure-Rite, Ltd., a company affiliated with Wakefern, which was \$953,000 at November 2, 2002 and November 3, 2001. Insure-Rite, Ltd. provides the Company with a portion of its liability insurance coverage with the balance paid through Wakefern to a private insurer. Insurance premiums paid to Insure-Rite, Ltd. and through Wakefern for fiscal years 2002, 2001 and 2000 were \$4,364,000, \$3,819,000 and \$3,528,000, respectively.

Note 4 - Related Party Transactions - (continued)

Wakefern Food Corporation - (continued)

As a stockholder member of Wakefern, the Company earns a share of an annual Wakefern patronage dividend. The dividend is based on the distribution of operating profits on a pro rata basis in proportion to the dollar volume of business transacted by each member with Wakefern during each fiscal year. It is the Company's policy to accrue quarterly an estimate of the annual patronage dividend. The Company reflects the patronage dividend as a reduction of the cost of merchandise in the consolidated statements of operations. In addition, the Company also receives from Wakefern other product incentives and rebates. For fiscal 2002, 2001 and 2000, total patronage dividends and other product

Edgar Filing: FOODARAMA SUPERMARKETS INC - Form 10-K

incentives and rebates were \$10,706,000, \$9,909,000 and \$9,273,000, respectively.

At November 2, 2002 and November 3, 2001, the Company has current receivables due from Wakefern of approximately \$8,903,000 and \$8,970,000, respectively, representing patronage dividends, vendor rebates, coupons and other receivables due in the ordinary course of business and a noncurrent receivable representing a deposit of approximately \$1,735,000 and \$1,593,000, respectively.

In September 1987, the Company and all other stockholder members of Wakefern entered into an agreement with Wakefern, as amended in 1992, which provides for certain commitments and restrictions on all stockholder members of Wakefern. The agreement contains an evergreen provision providing for an indefinite term and is subject to termination ten years after the approval of 75% of the outstanding voting stock of Wakefern. Under the agreement, each stockholder, including the Company, agreed to purchase at least 85% of its merchandise in certain defined product categories from Wakefern and, if it fails to meet such requirements, to make payments to Wakefern based on a formula designed to compensate Wakefern for its lost profit. Similar payments are due if Wakefern loses volume by reason of the sale of one or more of a stockholder's stores, merger with another entity or on the transfer of a controlling interest in the stockholder.

The Company fulfilled its obligation to purchase a minimum of 85% in certain defined product categories from Wakefern for all periods presented. The Company's merchandise purchases from Wakefern, including direct store delivery vendors processed by Wakefern, approximated \$641, \$647 and \$588 million for the fiscal years 2002, 2001 and 2000, respectively.

Wakefern charges the Company for, and provides the Company with support services in numerous administrative functions. These services include advertising, insurance, supplies, technical support for communications and in-store computer systems, equipment purchasing, and the coordination of coupon processing.

In addition to its investment in Wakefern, which carries only voting rights, the Company's President serves as a member of Wakefern's Board of Directors and its finance committee. Several of the Company's officers and employees also hold positions on various Wakefern committees.

During the fiscal year ended November 3, 2001 the Company incurred \$214,000 of construction management fees relating to this entity and these amounts have been included in property and equipment. Note 7 - Long-term Debt - (continued)

The Company has a revolving credit and term loan agreement which was amended and assigned to three financial institutions on January 7, 2000 and further amended on May 11, 2001 and August 7, 2001, January 25, 2002 and March 29, 2002. On September 26, 2002 the Credit Agreement was further amended and restated (as amended, the "Credit Agreement"). The Credit Agreement is collateralized by substantially all of the Company's assets, provides for a total commitment of \$80,000,000 (previously \$58,000,000) and matures December 31, 2007 (previously matured December 31, 2004). The Credit Agreement provides the Company with the option to convert portions of the debt to Eurodollar loans, as

Edgar Filing: FOODARAMA SUPERMARKETS INC - Form 10-K

defined in the Credit Agreement, which have interest rates indexed to LIBOR. The Credit Agreement consists of a Revolving Note, a Term Loan and a Capital Expenditure Facility.

The Credit Agreement (a) increases the total amount available to the Company under the Revolving Note to \$35,000,000 from \$28,000,000, subject to the borrowing base limitation of 65% of eligible inventory; (b) increases the amount of permitted new indebtedness throughout the term of the Credit Agreement to more closely meet the Company's projected borrowing needs; (c) increases the amount of indebtedness attributable to capitalized lease obligations over the term of the Credit Agreement to more closely track new real estate lease obligations; (d) increases capital expenditures ("Capex") relating to New/Replacement Store Projects over the term of the Credit Agreement; (e) increases capital expenditures relating to Adjusted Capex over the term of the Credit Agreement; (f) restores amounts available under the Capex Facility to \$20,000,000 from the \$8,000,000 available prior to September 26, 2002 and extends the expiration date of the period during which the Company may borrow against the Capex Facility to December 31, 2004 from June 30, 2002. In addition the balance outstanding on the Capex Facility of \$10,652,662 (the "Capex Loans"), which included \$4,000,000 borrowed during fiscal 2002, was combined with the Term Loan; (g) the Term Loan was increased to \$25,000,000 by combining the then outstanding Term Loan of \$5,000,000 with the Capex Loans plus an additional funding amount of \$9,347,338; (h) allows the Company to repurchase an additional \$1,000,000 of its common stock subject to certain conditions and limitations, previously the Company was permitted and it utilized \$5,600,000 (this amount was increased from \$5,000,000 to \$5,600,000 as part of the amendments dated January 25, 2002 and March 29, 2002) to repurchase its' common stock (see Note 12); (i) allows for loans to employees not to exceed \$50,000 in the aggregate; (j) increases the interest rate on the Revolving Note from prime plus .50% or LIBOR plus 2.50% to prime plus 1.50% or LIBOR plus 3.25%, increases the interest rate on the Term Loan and Capex Facility from prime plus .75% or LIBOR plus 2.75% to prime plus 2.00% or LIBOR plus 3.75%; and (k) amends certain definitions. Other terms and conditions of the Credit Agreement previously reported upon by the Company have not been modified.

The Revolving Note has an overall availability of \$35,000,000, not to exceed 65% of eligible inventory, and provides for availability of up to \$4,500,000 for letters of credit. The Revolving Note bears interest at prime plus 1.50% or LIBOR plus 3.25%.

Pro forma information regarding net income and earnings per share is required by Statement 123, and has been determined as if the Company had accounted for its employee stock options under the fair value method of that Statement. The fair value for these options was estimated at \$22.93 on the date of grant using the Black-Scholes option-pricing model.

The Black-Scholes option valuation model was developed for use in estimating the fair value of traded options, which have no vesting restrictions and are fully transferable. In addition, option valuation models require the input of highly subjective assumptions including the expected stock price volatility. Because the Company's employee stock options have characteristics significantly different from those of traded options, and because changes in the subjective input assumptions can materially affect the fair value estimate, in management's opinion, the existing models do not necessarily provide a reliable single measure of the fair value of its employee stock options.

During the fiscal year 2002, the Business Tax Reform Act was passed in the State of New Jersey. This legislation is effective for tax years beginning on or after January 1, 2002 (fiscal 2003). Taxpayers would pay an "Alternative Minimum Assessment" ("AMA"), which would be based upon either New Jersey Gross Receipts or New Jersey Gross Profits, if the AMA exceeds the tax based on net income. An election must be made in the first year to use either the Gross Profits or Gross Receipts method and must be kept in place for five years, at which time the election may be changed. The Company is evaluating the impact that this legislation will have on its results of operations, financial position and cash flow for fiscal 2003.

Note 14 -Commitments and Contingencies

Legal Proceedings

The Company is involved in various legal actions and claims arising in the ordinary course of business. Management believes that the outcome of any such litigation and claims will not have a material effect on the Company's financial position or results of operations.

Shareholder Lawsuit

On March 27, 2002, certain shareholders (the "Plaintiffs") filed a derivative action against the Company, as nominal defendant, and against all five members of the Board of Directors (together, the "Defendants"), in their capacities as directors and/or officers of the Company. The lawsuit alleges that the Defendants breached their fiduciary duties to the Company and its shareholders and sought to "enrich and entrench themselves at the shareholders' expense" through their previous recommendation, implementation and administration of the 2001 Stock Incentive Plan (the "2001 Plan"), which was approved by the Company's shareholders on April 4, 2001, and by proposing an amendment to the 2001 Plan to increase the number of shares of Common Stock available for issuance by 65,000 shares and an amendment to the Company's amended and restated certificate of incorporation (the "Certificate of Incorporation") to create a classified Board of Directors consisting of five classes of directors, with only one class standing for election in any year for a five-year term. The shareholders of the Company approved the amendments to the 2001 Plan and the Certificate of Incorporation on May 8, 2002 (see Note 11).

Note 14 -Commitments and Contingencies - (continued)

Shareholder Lawsuit - (continued)

The parties to the litigation have tentatively agreed on a settlement proposal, subject to, among other things, approval by the Court and by the Company's director and officer liability insurance carrier. Pursuant to the terms of the proposed settlement, 1) the Company's five-year classified board will be eliminated and the Defendants will agree not to submit any proposal to the shareholders of the Company in connection with the implementation of a classified board for five years from the date of final approval of the settlement; 2) the 2001 Plan will be amended so that the maximum number of shares that can be awarded to any individual thereunder shall be 50,000; and 3) the 2001 Plan will be amended to require that the exercise price of any options or other stock based compensation granted thereunder following the date of final approval of the settlement shall be equal to the closing market price of the Company's stock on the date of grant. In addition

Edgar Filing: FOODARAMA SUPERMARKETS INC - Form 10-K

the Chairman and Chief Executive Officer of the Company, will return to the Company 10,000 stock options previously awarded to him under the 2001 Plan. The Plaintiffs have also informed the Defendants that they intend to seek an award of attorney's fees, however, it is not possible to predict at this time the amount of fees that may be awarded.

Commitments

At November 2, 2002 the Company had capital commitments (net of landlord contributions) of \$5,268,000 for leasehold improvements and \$15,443,000 for equipment.

Guarantees

The Company remains contingently liable under leases assumed by third parties. As of November 2, 2002, the minimum annual rental under these leases amounted to approximately \$1,697,000 expiring at various dates through 2011. The Company has not experienced and does not anticipate any material nonperformance by such third parties.

Note 15 - Retirement and Benefit Plans

Defined Benefit Plans

The Company sponsors two defined benefit pension plans covering administrative personnel and members of a union. Employees covered under the administrative pension plan earned benefits based upon a percentage of annual compensation and could make voluntary contributions to the plan. Employees covered under the union pension benefit plan earn benefits based on a fixed amount for each year of service. The Company's funding policy is to pay at least the minimum contribution required by the Employee Retirement Income Security Act of 1974. The plans' assets consist primarily of publicly traded stocks and fixed income securities. As of November 2, 2002, and November 3, 2001, the plans' assets included common stock of the Company with a fair value of \$1,004,000 and \$1,516,000, respectively.

Note 15 -Retirement and Benefit Plans - (continued)

Defined Benefit Plans - (continued)

The discount rate used in determining the actuarial present value of the projected benefit obligation ranged from 7.00% to 7.25% at November 2, 2002, and 7.25% to 8.00% at November 3, 2001. The expected long-term rate of return on plan assets was 8% at November 2, 2002 and November 3, 2001.

On September 30, 1997, the Company adopted an amendment to freeze all future benefit accruals relating to the plan covering administrative personnel. A curtailment gain of \$55,000 was recorded related to this amendment.

At November 2, 2002 and November 3, 2001, the accumulated benefit obligation exceeded the fair value of the plans' assets in both defined benefit plans. The provisions of Statement of Financial Accounting Standards No. 87 ("SFAS 87"), "Employers' Accounting for Pensions," require recognition in the balance sheet of an additional minimum liability and related intangible asset for pension plans with accumulated benefits in excess of plan assets; any portion of such

Edgar Filing: FOODARAMA SUPERMARKETS INC - Form 10-K

additional liability which is in excess of the plan's prior service cost is reflected as a direct charge to equity, net of related tax benefit. Accordingly, at November 2, 2002 and November 3, 2001, a liability of \$5,119,000 and \$3,399,000, respectively, was included in other long-term liabilities, an intangible asset equal to the prior service cost of \$292,000 and \$199,000, respectively, is included in other assets, and a charge of \$2,896,000 and \$1,920,000 net of deferred taxes of \$1,931,000 and \$1,280,000, respectively, is reflected as a minimum pension liability in shareholders' equity in the Consolidated Balance Sheet.

Multi-Employer Plans

Health, welfare, and retirement expense was approximately \$13,240,000 in fiscal 2002, \$10,440,000 in fiscal 2001 and \$9,155,000 in fiscal 2000, under plans covering union employees. Such plans are administered through the unions involved. Under federal legislation regarding such pension plans, a company is required to continue funding its proportionate share of a plan's unfunded vested benefits in the event of withdrawal (as defined by the legislation) from a plan or plan termination. The Company participates in a number of these pension plans and may have a potential obligation as a participant. The information required to determine the total amount of this contingent obligation as well as the total amount of accumulated benefits and net assets of such plans, is not readily available. However, the Company has no present intention of withdrawing from any of these plans, nor has the Company been informed that there is any intention to terminate such plans.

401(k)/Profit Sharing Plan

The Company maintains an employee 401(k) Savings Plan (the "Plan") for all qualified non-union employees. Employees are eligible to participate in the Plan after completing one year of service (1,000 hours) and attaining age 21. Employee contributions are discretionary to a maximum of 30% of compensation, to a maximum of \$11,000. The Company matches 25% of the employees' contributions up to 6% of employee compensation. The Company has the right to make additional discretionary contributions, which are allocated to each eligible employee in proportion to their eligible compensation, which was 2% for fiscal years 2002, 2001 and 2000. 401(k) expense for the fiscal years 2002, 2001 and 2000 was approximately \$630,000, \$607,000 and \$507,000, respectively.

Stat. Ann. §14A 9-2 and §14A 9-2 of the New Jersey Business Corporation Act, as follows:

ARTICLE I NAME OF CORPORATION.

Edgar Filing: FOODARAMA SUPERMARKETS INC - Form 10-K

The name of the Corporation is Foodarama Supermarkets, Inc.

ARTICLE II DATE OF ADOPTION AND TEXT OF AMENDMENTS. The following amendment (the "Amendment") to the Amended and Restated Certificate of Incorporation of the Corporation, as amended, was adopted by the shareholders of the Corporation (the "Shareholders") by a vote of two-thirds of the votes cast by the holders of shares entitled to vote thereon at the Corporation's Annual Meeting of Shareholders, which was held on May 8, 2002.

Article Sixth of the Corporation's Amended and Restated Certificate of Incorporation is amended to read in its entirety as follows:

The number of directors of the Corporation shall be the number, not less than three (3) nor more than eleven (11), fixed from time to time by the Board of Directors. The Board of Directors shall be divided into five classes, designated Class I, Class II, Class III, Class IV and Class V, as nearly equal in number as possible, and the term of office of directors of one class shall expire at each annual meeting of shareholders, and in all cases as to each director until his successor shall be elected and shall qualify (except in cases where no successor is elected due to a reduction in the size of the Board of Directors) or until his earlier resignation, removal from office, death or incapacity. The initial term of office of directors of Class I shall expire at the annual meeting of shareholders in 2003; that of Class II shall expire at the annual meeting of shareholders in 2004; that of Class III shall expire at the annual meeting of shareholders in 2005; that of Class IV shall expire at the annual meeting of shareholders in 2006; and that of Class V shall expire at the annual meeting in 2007; and in all cases as to each director until his successor shall be elected and shall qualify (except in cases where no successor is elected due to a reduction in the size of the Board of Directors) or until his earlier resignation, removal from office, death or incapacity. At each annual meeting of shareholders after 2002, the number of directors equal to the number of directors of the class whose term expires at the time of such meeting (or, if less, the number of directors properly nominated and qualified for election) shall be elected by a plurality vote of the shareholders to hold office until the fifth succeeding annual meeting of shareholders after their election and until their successors are elected and qualify. Additional directorships resulting from an increase in the number of directors shall be apportioned

among the classes as equally as possible. Vacancies, including vacancies created by an increase in the size of the Board of Directors, shall be filled by the affirmative vote of a majority of the remaining Board of Directors, though less than a quorum, but any such director so elected shall hold office until the next succeeding annual meeting of shareholders. At such annual meeting, such director or a successor to such director shall be elected and qualified in the class to which such director is assigned to hold office for the term or remainder of the term of such class. Directors shall be assigned to each class in accordance with a resolution or resolutions adopted by the Board of Directors. Any election or removal of a director by the Corporation's shareholders shall be undertaken by a vote of the shareholders at a meeting thereof and shall not be effected by written consent. The directors need not be residents of the State of New Jersey and the directors need not be shareholders of the Corporation. This subsection (a) of this Article Sixth shall not be amended, altered or repealed except by the affirmative vote of the holders of not less than sixty-six and two-thirds percent (66-2/3%) of the combined voting power of the then-outstanding shares of stock of the Corporation entitled to vote generally in the election of directors, voting together as a single class.

ARTICLE III APPROVAL OF AMENDMENTS.

Edgar Filing: FOODARAMA SUPERMARKETS INC - Form 10-K

The Corporation has Nine Hundred Eighty-Five Thousand, Three Hundred and Sixty Seven (985,367) shares of Common Stock outstanding, the holders of which were entitled to vote to approve the Amendment. Mr. Thomas Maiale
GMAC Business Credit, LLP

January 7, 2003

Dear Tom:

As we move ahead to finalize our financial statements for fiscal 2002, there are a few matters relating to the Loan Agreement that require attention.

Edgar Filing: FOODARAMA SUPERMARKETS INC - Form 10-K

Specifically, we have determined that the aggregate present value of all accrued benefits under all Foodarama Pension Plans exceeds the aggregate fair market value of the assets of such plans by \$3,019,000, \$19,000 more than permitted under the Loan Agreement. In addition, Foodarama is obliged to make certain amendments to the Local 1360 Pension Plan in order to conform with changes in the law. Finally, we received a letter from Eran Zur, a Nevada attorney, concerning certain claims of patent infringement that may be asserted by the Lemelson Foundation against the Company.

The underfunding of the Pension Plan relates to Section 4.10(vi). With respect to the amendment to the Pension Plan, the provisions of the Loan Agreement that deal with ERISA and employee benefit plans are Sections 4.10, 6.07 and 7.14. The amendments to the 1360 plan were made to conform with the Family and Medical Leave Act of 1993, the Unemployment Compensation Amendments of 1992, the Employee Retirement Income Security Act of 1974 and Sections 401(a) and 501(a) of the Internal Revenue Code of 1986. The Lemelson claims relate to Section 4.06.

Inasmuch as these events necessitate a waiver of events of default, please contact me so that we can discuss these issues as well as processing the waiver. Thank you for your attention to this matter.

Very truly yours,
FOODARAMA SUPERMARKETS, INC.

Schedule 4.06(a)

Litigation

1. Foodarama v. Hilltop Supermarkets, Inc. and Franklin Center Associates. Docket No. MID-L-3156-01. Foodarama has been named in an action regarding its Franklin Township store. On April 26, 2002, summary judgment was entered in favor of Foodarama. Plaintiff, Hilltop Supermarkets, Inc. has filed a motion for reconsideration, and has hired a new attorney. The motion for reconsideration was denied and Hilltop Supermarkets, Inc. has appealed the court's decision. The appeal is still pending with Foodarama's brief due on February 3, 2003. The claim against Foodarama was for approximately \$450,000 and the court dismissed the complaint. The court did, however, award Hilltop Supermarkets, Inc. the additional rent under the lease for the months of September 2000 and October 2000, because a formal extension of the lease was negotiated for those two months over one year prior to the lapsing of the lease term. Further, the court found that the assignment pursuant to which Foodarama took possession of the lease allowed for extensions of the lease, and therefore the extension obligated Foodarama to pay the additional rent (\$36,000) to Hilltop Supermarkets, Inc. Foodarama successfully cross-moved to have this liability shifted to Franklin Center Associates. By way of background, Foodarama took an assignment of the lease at the Franklin Township store from the Plaintiff Hilltop Supermarkets, Inc., and through a variety of agreements was required to pay a fee to the Plaintiff, Hilltop Supermarkets, Inc., above and beyond the rent paid to the landlord Franklin Center Associates. Foodarama did not renew the lease with

Edgar Filing: FOODARAMA SUPERMARKETS INC - Form 10-K

Franklin Center Associates as it was contemplated that it would open a new store in North Brunswick at a different site. Although Foodarama did not renew the lease it retained possession of the premises, and paid rent on a month-to-month basis as a month-to-month tenant to the landlord, Franklin Center Associates. The Plaintiff's claim against Franklin Center Associates was that it was required and obligated to provide the Plaintiff with notice that the lease was not renewed and allow an additional thirty (30) days for the Plaintiff to renew the lease itself and exercise the options under the lease. Franklin Center Associates was granted summary judgment motion on this issue.

2. Foodarama v. Unclaimed Freight, Inc. Docket No. MON-L-986-02. Unclaimed Freight ("Unclaimed Freight") was a sublessee of property leased by Foodarama and located in Reading, Pennsylvania. Foodarama had an ongoing dispute with the landlord regarding Foodarama's obligation to make repairs to the roof of the leased premises and other repairs required upon surrender of the leased premises. Foodarama and the landlord agreed to a cost of repairs of approximately \$107,000. Foodarama believes it has a right to recover this amount from the sub-tenant, Unclaimed Freight. Foodarama's outside counsel has filed a lawsuit on behalf of Foodarama against Unclaimed Freight for amounts allegedly due upon the termination of Foodarama's lease with the landlord, and its sublease to Unclaimed Freight. The amount in controversy is approximately \$107,000. Unclaimed Freight has refused to pay the amount due which Foodarama believes is payable pursuant to the terms of the sublease and the prime lease. The suit alleges breach of lease/contract. The sublease came to be assigned to an entity known as UFC, Inc., by way of an order issued from the United States Bankruptcy Court relating to the bankruptcy of UFC, Inc.'s predecessor, Valley Advisors, Inc. Valley Advisors, Inc. was the original sublessor. Service has been effectuated only upon the related entity Unclaimed Freight LLC. This defendant filed a motion to dismiss in lieu of an answer, and that motion has been denied. Discovery is continuing.

3. Carmen J. Maggio, Chapter 7 Trustee Of Carmen Forgione & Sons, Inc. v. Foodarama Supermarkets, Inc. Docket No. MON-L-5006-01. Carmine J. Maggio ("Maggio") Chapter 7 Trustee of Carmine Forgione & Sons, Inc. ("Forgione"), filed

a complaint against Foodarama in October, 2001, claiming that Foodarama owes \$27,709.88 for waste disposal services rendered by the bankrupt, Forgione. Foodarama has filed an answer denying all allegations. The Company's records show something less than \$27,709.88 is due, and confirmed approximately \$15,000 was due. Plaintiff has accepted 12,500. Recently, Plaintiff's counsel has amended the complaint to add a second claim. Upon further review of the bankrupt entities records an additional claim for unpaid invoices of \$80,000 has been made. This information has just been recently sent to Foodarama for review.

4. Melvin Jules Bukiet, et al, v. Foodarama Supermarkets, Inc. et al. Docket No. MID-C-101-02. This lawsuit was filed in the Superior Court of New Jersey, Middlesex County Chancery Division, alleging that the directors and the named officers breached their fiduciary duties to the Company's shareholders through their previous recommendation, implementation and administration of the 2001 Stock Incentive Plan, and by proposing that the shareholders adopt the amendments to the 2001 Stock Incentive Plan and to the Company's certificate of incorporation. The plaintiffs allege that the actions have been taken to enrich and entrench the defendants at the shareholders' expense. The plaintiffs have asked the court, among other things, to reverse previous grants of options to the defendants under the 2001 Stock Incentive Plan and to enjoin the Company from submitting the proposals described above to shareholders at the 2002 annual meeting. A motion to dismiss the complaint was filed on June 7, 2002. On November 1, 2002, plaintiffs filed a motion seeking leave to amend their complaint to add additional claims. The motions have been fully briefed and, depending on the resolution of a tentative settlement, will be argued orally.

Edgar Filing: FOODARAMA SUPERMARKETS INC - Form 10-K

5. Levin Properties, L.P. v. Foodarama. Levin Properties, L.P. is Foodarama's landlord of a new store located in Woodbridge, New Jersey. The new store is located in the same shopping center as a previous store leased from the landlord to Foodarama. The landlord and Foodarama did not execute a new lease for the new store. Instead, the landlord and Foodarama executed a modification of the lease for the previous store, which, among other things, modifies the lease to demise to Foodarama the new store in place of the previous store. On or about January 13, 2003, the landlord commenced a suit against Foodarama seeking, among other things, a declarative determination as to various payment obligations under the lease. The claim arises out of a dispute as to the correct commencement date for the payment of an increased rental amount under the lease. Under the lease, Foodarama was to construct the new store. The landlord was then required to reimburse Foodarama for certain construction costs up to \$3,400,000 upon terms more particularly set forth in the lease. The landlord is currently withholding payment to Foodarama of a portion of those construction funds as a setoff against the increase in rental payments which the landlord alleges should have commenced on January 18, 2002. The landlord alleges that the total amount of Foodarama's delinquency in rental payments was \$877,030.36 as of October 10, 2002, and further alleges that, as a result of the alleged rental delinquency, landlord is entitled to an additional \$534,186 security deposit under the lease. Foodarama alleges that the increase in rental payments should not have commenced before December 2002, and that, therefore, there is no material delinquency in the payment of rent. The construction funds currently being withheld by the landlord are approximately \$850,000. Additional construction funds which are or will become due from the landlord to Foodarama are approximately \$850,000. Foodarama intends to assert a counterclaim against the landlord to collect payment from the landlord of funds advanced by Foodarama for the construction of the new store.

6. Symbol Technologies, Inc. v. Lemelson Medical, Educational & Research Foundation Limited Partnership. Symbol Technologies, Inc. ("Symbol"), is a supplier of bar code and/or machine vision equipment. The Lemelson Medical, Educational & Research Foundation Limited Partnership ("Lemelson") is the owner

of several patents related to bar-code and machine vision equipment. In July of 1999, seven bar code manufacturers, including Symbol, jointly filed a lawsuit in Nevada federal court against Lemelson seeking a declaration that patents asserted by Lemelson against end uses of bar code equipment are invalid, unenforceable and not infringed. Symbol alleges that the suit was filed to protect the manufacturers' customers, who have received letters from Lemelson requesting licensing fees for use of the bar code and/or machine vision equipment. In March of 2000, the Symbol lawsuit was combined with another suit that was filed against Lemelson by Cognex Corporation ("Cognex"), which also was seeking a declaration that Lemelson patents that claim to cover bar code and/or machine vision equipment are invalid, unenforceable, and not infringed. The trial began in the U.S. District Court of Nevada (Las Vegas), on or about November 18, 2002, and concluded on or about January 17, 2003. Cognex has advised that the parties will be submitting post trial briefs, which are due on or before May 16, 2003, and that the judge is not expected to issue his decision before the end of July 2003. Foodarama is not a party to this litigation, however, in December of 2002, Foodarama received a letter from an attorney representing Lemelson. In the letter, the attorney alleges that Lemelson is the holder of certain patents related to bar code and machine vision equipment and that the validity of the patents is the subject of the pending litigation in Nevada. The attorney for Lemelson further alleges that, provided the validity of the patents is upheld, Lemelson intends to pursue legal action against Foodarama.
