ITEM 8.01. OTHER EVENTS

On July 3, 2006 General Motors Corporation (GM) issued a news release announcing June 2006 sales. The release is as follows:

Highest Monthly Sales Of 2006: GM Delivers 413,473 Vehicles
Sales up 15.2 Percent Compared To May
Launch Vehicles Continue Momentum
Highest Market Share of 2006 Anticipated

DETROIT - General Motors' dealers in the United States sold 413,473 new cars and trucks in June, the company's best sales performance year-to-date, up 15.2 percent, or about 68,000 units, compared with May.

"I am proud of our June sales results, especially since they reflect our highest sales month so far this year," said Mark LaNeve, General Motors North America vice president, Vehicle Sales, Service and Marketing. "Our launch vehicles had their best sales results so far this year, as evidenced by the sales gains of our all-new full-size utilities. We also had strong sales of the Chevrolet Impala (30,716 vehicles), HHR (9,503), Buick Lucerne (10,690), Pontiac G6 (17,074) and Torrent (4,789)."

GM posted strong passenger car sales with Pontiac leading the way, up 28.7 percent over May and up 12.1 percent over June 2005 on the strength of G6 and G6 convertible hardtop sales. G6 set an all-time sales record and is up 39.9 percent for the first six months of the year. Solstice continues to be one of the hottest cars in the country, and the Torrent crossover also achieved an all-time sales record, up 35.8 percent over May. Other GM divisions posted solid results with Saturn sales up 49.1 percent over May levels. Chevrolet small cars posted robust sales with Cobalt up 21.9 percent, and Aveo up 23.5 percent, compared with May. Also, Impala sales were up 24.6 percent over May.

On the truck side of the market, GM sold 33,148 2007 full-size utilities (including Luxury) in June. Total sales of all GM launch vehicles were up 21.8 percent compared with May and accounted for 25.5 percent of GM's total deliveries for the month. The success of GM's launch vehicles is one of the key components of GM's North America turnaround plan.

"Our customers have told us that success in the marketplace depends on a combination of great new products, strong brands and segment-leading fuel economy, and that is exactly the turnaround strategy we are executing," LaNeve said.

Edgar Filing: GENERAL MOTORS CORP - Form 8-K

Chevrolet HHR, Equinox, Saturn Vue and Pontiac Torrent pushed total small utility sales up 25.3 percent compared with a year ago. HHR had its best retail sales month since launch setting an all-time sales record for June and CYTD.

GM sports cars also posted solid June sales results, with a 60.1 percent improvement compared with year-ago levels. Corvette sales were up 21.6 percent and Pontiac Solstice and Saturn Sky continue their brisk sales, with Solstice remaining on dealers' lots an average of 13 days and Sky remaining on lots 10 days.

GM's luxury utilities posted strong sales in June, with the all-new 2007 Cadillac Escalade selling 2,604 units; 2007 Escalade ESV selling 1,782 units; and Cadillac SRX sales increasing 31.6 percent compared with one year ago with 2,489 units sold.

GM will continue to introduce an array of new vehicles throughout 2006, including the Saturn AURA, all-new Chevrolet Silverado and GMC Sierra full-size pickups, the fuel-efficient Saturn Vue Green Line Hybrid, and GMC Acadia and Saturn Outlook crossovers.

June 2005 was the strongest sales month in 19 years with 558,092 deliveries. Compared with last year, June 2006 sales were down 25.9 percent with total car sales down 2.3 percent, and truck sales down 36.8 percent.

"By any measure ... quality of share, launch performance, mix and revenue ... June was a very solid month for GM. Comparing our total volume with last year's employee discount-driven phenomenon is like comparing a home run to a grand slam. Either way, you are scoring runs," said LaNeve.

Certified Used Vehicles

June sales for all certified GM brands, including GM Certified Used Vehicles, Cadillac Certified Pre-Owned Vehicles, Used Cars from Saturn, Saab Certified Pre-Owned Vehicles and HUMMER Certified Pre-Owned Vehicles, were 43,352 units, equivalent to results last June. Total year-to-date certified GM sales are 263,597 units, up 1.5 percent from the same period last year.

GM Certified Used Vehicles, the industry's top-selling certified pre-owned brand, posted 37,155 sales in June, up 4 percent from June 2005. Year-to-date sales for GM Certified Used Vehicles are 228,678 units, up 4 percent.

GM Certified Used Vehicles, which sells Chevrolet, Buick, Pontiac, GMC and Oldsmobile models, reached a major milestone in June with the sale of its 2 millionth unit. GM Certified, the first manufacturer-certified brand to cross the 2 million sales threshold, set new category records for certified sales each of the last four years, and Chevrolet has been the industry's top-selling single-line make certified used vehicle since 2004. More than 1 million GM Certified units have been sold since 2004 and GM Certified is on track to set another annual sales record for the category this year.

Cadillac Certified Pre-Owned Vehicles posted 3,618 sales in June, up 6 percent from last June. Used Cars from Saturn sold 1,631 units, down 51 percent. Saab Certified Pre-Owned Vehicles sold 857 units, down 10 percent. In its sixth month of operation, HUMMER Certified Pre-Owned sold 91 units.

"June was another strong month for GM Certified Used Vehicles, the industry's

Edgar Filing: GENERAL MOTORS CORP - Form 8-K

top-selling certified pre-owned brand, with sales up 4 percent over last June and up more than 4 percent year-to-date over the same period last year," LaNeve said. "This month GM Certified Used Vehicles became the industry's first manufacturer-certified brand to reach 2 million sales and is key to our strategy to give customers terrific value on both new and certified used vehicles."
