On September 23, 2005, Entergy Corporation entered into amendments to its two Amended and Restated Credit Agreements among Entergy Corporation, as borrower, Bayerische Hypo-Und Vereinsbank, AG, New York Branch, as bank, and Bayerische Hypo-Und Vereinsbank, AG, New York Branch, as administrative agent. The amendments remove as an Event of Default under the Amended and Restated Credit Agreements the failure or inability of Entergy New Orleans to pay its debts or the institution of a bankruptcy, insolvency, or reorganization proceeding by or against Entergy New Orleans. (Entergy New Orleans)

See the information included in Item 2.03 below regarding the DIP Credit Agreement entered into between Entergy Corporation and Entergy New Orleans.

Item 1.03. Bankruptcy or Receivership.

(Entergy New Orleans)

On September 23, 2005, Entergy New Orleans filed a voluntary petition in the United States Bankruptcy Court for the Eastern District of Louisiana seeking reorganization relief under the provisions of Chapter 11 of the United States Bankruptcy Code (Case No. 05-17697). The case has been assigned to the Honorable Jerry A. Brown. Entergy New Orleans continues to operate its business as a debtor-in-possession under the jurisdiction of the bankruptcy court and in accordance with the applicable provisions of the Bankruptcy Code and the orders of the bankruptcy court.

On September 26, 2005, the bankruptcy court issued an order that allowed Entergy New Orleans to enter into the DIP Credit Agreement with Entergy Corporation described more fully in Item 2.03 herein, and approved on an interim basis loans under the agreement totaling up to \$100 million. The bankruptcy court also issued orders allowing Entergy New Orleans to pay certain pre-petition vendors deemed critical to its restoration efforts and allowing Entergy New Orleans to pay certain pre-petition wages, employee benefits, and employment-related taxes. Entergy Corporation provided \$60 million to Entergy New Orleans on September 26, 2005 under the DIP Credit Agreement to enable Entergy New Orleans to meet its near-term obligations in its restoration effort, including payments under certain purchased power and gas supply agreements. The bankruptcy court scheduled a hearing for December 7, 2005 to consider entry of an order granting final approval of the DIP Credit Agreement, including the priority and lien status of the indebtedness under that agreement.

Item 2.03 Creation of a Direct Financial Obligation

(Entergy Corporation)

On September 26, 2005, Entergy Corporation drew \$200 Million on its \$2 Billion Facility. As of September 27, 2005, amounts outstanding under the \$2 Billion Facility are as follows (in millions):

<u>FACILITY</u>	<u>CAPACITY</u>	<u>BORROWINGS</u>	<u>LETTERS OF CREDIT</u>	<u>CAPACITY AVAILABLE</u>	
5-Year Facility		\$2,000	\$1,195	\$209	\$596

(Entergy New Orleans)

On September 26, 2005, Entergy New Orleans, as borrower, and Entergy Corporation, as lender, entered into the DIP Credit Agreement, a revolving debtor-in-possession credit facility to provide funding to Entergy New Orleans for its business restoration efforts. The credit facility provides for up to \$100 million in loans on an interim basis pending final bankruptcy court approval of the DIP Credit Agreement. If the DIP Credit Agreement receives final bankruptcy court approval, the facility amount will increase to \$200 million. Entergy New Orleans will use borrowings under the facility to fund its working capital and general corporate requirements, including restoration costs.

Borrowings under the DIP Credit Agreement will be repaid in full, and the agreement will terminate, at the earliest of (i) August 23, 2006, or such later date as Entergy Corporation shall agree to in its sole discretion, (ii) December 10, 2005, if a final order that is satisfactory to Entergy Corporation approving the DIP Credit Agreement shall not have been entered on or prior to such date, (iii) the acceleration of the loans and the termination of the DIP Credit Agreement in accordance with its terms, (iv) the date of the closing of a sale of all or substantially all of Entergy New Orleans' assets pursuant to section 363 of the Bankruptcy Code or a confirmed plan of reorganization, and (v) the effective date of a plan of reorganization in Entergy New Orleans' bankruptcy case.

As security for Entergy Corporation as the lender, all borrowings by Entergy New Orleans under the DIP Credit Agreement are: (i) entitled to superpriority administrative claim status pursuant to section 364(c)(1) of the Bankruptcy Code; (ii) secured by a perfected first priority lien on all unencumbered property of Entergy New Orleans pursuant to section 364(c)(2) of the Bankruptcy Code; (iii) secured by a perfected junior lien pursuant to section 364(c)(3) of the Bankruptcy Code on all property of Entergy New Orleans subject to perfected and non-avoidable liens that existed as of the date Entergy New Orleans filed its bankruptcy petition; and (iv) secured by a perfected first priority, senior priming lien pursuant to section 364(d)(1) of the Bankruptcy Code on all property of Entergy New Orleans that is subject to valid, perfected and non-avoidable liens that existed as of the date Entergy New Orleans filed its bankruptcy petition; provided, however, that the superpriority liens granted to Entergy Corporation pursuant to section 364(d)(1) of the Bankruptcy Code shall not be effective unless and until the bankruptcy court issues a final order approving the DIP Credit Agreement, in which case such priming liens shall be deemed to have been effective as of the date Entergy New Orleans filed its bankruptcy petition.

The interest rate on borrowings under the DIP Credit Agreement will be the average interest rate of borrowings outstanding under Entergy Corporation's \$2 Billion Facility, which currently is approximately 4.6% per annum.

Events of default under the DIP Credit Agreement include: failure to make payment of any installment of principal or interest when due and payable; the occurrence of a change of control of Entergy New Orleans; the failure of Entergy Corporation to receive, on or prior to November 30, 2005, approval from the SEC regarding the charging of interest under the DIP Credit Agreement; failure by either Entergy New Orleans or Entergy Corporation to receive other necessary governmental approvals and consents; the occurrence of an event having a materially adverse effect on Entergy New Orleans or its prospects; and customary bankruptcy-related defaults, including, without limitation, appointment of a trustee, "responsible person," or examiner with expanded powers, conversion of Entergy New Orleans' chapter 11 case to a case under chapter 7 of the Bankruptcy Code, and the interim or final orders approving the DIP Credit Agreement being stayed or modified or ceasing to be in full force and effect.

Entergy New Orleans borrowed \$60 million under the DIP Credit Agreement on September 26, 2005.

The DIP Credit Agreement is attached as Exhibit 4(d) hereto.
