PROXY STATEMENT

Annual Meeting of Shareholders
Thursday, May 23, 2002

The enclosed proxy is solicited by the Board of Directors of PAR Technology Corporation (the "Company") for use at the Annual Meeting of Shareholders to be held at 10:00 AM, local time, on May 23, 2002, and at any adjournment thereof.

Please complete, sign, date and return the enclosed proxy. When proxies in the form enclosed are returned properly executed, the shares represented thereby will be voted in accordance with the directions of the Shareholder. When no direction has been given by the Shareholder, the proxy will be voted FOR the election of the Director named below and FOR the ratification of PricewaterhouseCoopers LLP as independent accountants for 2002. The proxy solicited hereby may be revoked at any time prior to its exercise by executing and returning a proxy bearing a later date, by giving written notice of revocation to the Secretary of the Company at the address set forth above, or by attending the Meeting and voting in person.

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

The cost of preparing and mailing this Notice and Proxy Statement and the enclosed proxy will be borne by the Company. In addition to the use of the mails, some of the officers, Directors and regular employees of the Company may solicit proxies in person, by telephone or other electronic means and may solicit brokers and other persons holding shares beneficially owned by others to procure from the beneficial owners consents to the execution of proxies. The Company will reimburse such brokers and other persons their reasonable fees and expenses for sending solicitation material to principals and obtaining their instructions.

The Company's Annual Report to its Shareholders for the year ended December 31, 2001, including audited financial statements, accompanies this Proxy Statement. That report is not incorporated in this Proxy Statement by reference. The approximate date on which this Proxy Statement and the accompanying form of proxy are first being sent or given to security holders is April 23, 2002.

Record Date, Outstanding Common Stock, Voting Rights

Only Shareholders of record at the close of business on April 5, 2002, will be entitled to vote at the Annual Meeting or any adjournments thereof. As of that date, there were 7,880,760 shares of the Company's common stock outstanding and entitled to vote. The holders of shares representing 3,940,381 votes, represented in person or by proxy, shall constitute a quorum to conduct business.

Each share of common stock entitles the holder thereof to one vote on all matters to come before the Meeting including the election of the Directors.

A Shareholder may, with respect to the election of the Director: (i) vote for the nominee named herein, or (ii) withhold authority to vote for such nominee. The election of the Director requires a plurality of the votes cast. Accordingly, withholding authority to vote for the Director nominee will not prevent him from being elected.

A Shareholder may, with respect to the ratification of the selection of PricewaterhouseCoopers LLP as independent accountants: (i) vote "FOR", (ii) vote "AGAINST" or (iii) "ABSTAIN" from voting. A majority of the votes cast by the holders of shares of capital stock present or represented by proxy and entitled to vote thereon (a quorum being present) is required to ratify the selection of independent accountants. A vote to abstain from voting on this proposal has the legal effect of a vote against the matter.

A proxy may indicate that all or a portion of the shares represented by such proxy are not being voted with respect to a particular matter. This could occur, for example, when a broker or bank is not permitted to vote stock held in street name on certain matters in the absence of instructions from the beneficial owner of the stock. These "non-voted shares" will be considered shares not present and entitled to vote on such matters, although such shares may be considered present and entitled to vote for other purposes and will count for purposes of determining the presence of a quorum. Non-voted shares will not affect the determination of the outcome of the vote on any proposal to be decided at the meeting.

Proposal 1: Election of Director

Under the Company's Certificate of Incorporation, the members of the Board are divided into three classes with approximately one-third of the Directors standing for election at each Annual Meeting of Shareholders. The Directors are elected for a three-year term of office, and will hold office until their respective successors have been duly elected and qualified. The class of

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

Directors which was elected to hold office until the 2002 Annual Meeting of Shareholders consists of one Director. Therefore, at this meeting, one Director will be elected for a three-year term expiring at the Annual Meeting held in 2005. Unless a contrary direction is indicated, shares represented by valid proxies in the accompanying form will be voted FOR the election of the nominee named below. The nominee for Director named below is currently a member of the Board.

The Board of Directors has no reason to believe that the nominee will be unable or unwilling to serve if elected. In the event that the nominee named below shall become unable or unwilling to accept nomination or election as a Director, it is intended that such shares will be voted, by the persons named in the enclosed proxy, for the election of a substitute nominee selected by the Board, unless the Board should determine to reduce the number of Directors pursuant to the By-Laws of the Company.

The names of the nominee and each of the Directors, their ages as of April 23, 2002, the year each first became a Director, their principal occupations during at least the past five years, other Directorships held by each as of the date hereof and certain other biographical information are as set forth below by class, in order of the next class to stand for election.

The Executive Committee. The Executive Committee is composed of three Directors: Dr. Sammon (Chairman), Mr. Constantino and Mr. Ahn. The Executive Committee met one time in 2001. The Executive Committee meets when required on short notice during intervals between meetings of the Board and has authority to exercise all of the powers of the Board in the management and direction of the business and affairs of the Corporation in all cases in which specific directions shall not have been given by the Board and subject to the limitations of the General Corporation Law of the State of Delaware.

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

Stock Option Committee. The Stock Option Committee is composed of two Directors: Dr. Sammon (Chairman) and Mr. Constantino, both of whom are "disinterested persons" within the meaning of Rule 16b-3 as promulgated under the Security Exchange Act of 1934, as amended, and in compliance with the Company's 1995 Stock Option Plan. The Stock Option Committee met three times in 2001. The Committee, which meets as required, reviews recommendations of the Compensation Committee for stock option awards and otherwise serves as the administrative body for the Stock Option Plan.

Director Compensation

Directors who are employees of the Company are not separately compensated for serving on the Board. In 2001, outside Directors received annual retainers of \$12,000 for membership on the Board and an attendance fee of \$1,500 per day for attendance at Board meetings (\$200 if attendance is via telephone) and any Committee meetings held on the same day and \$500 per day, prorated accordingly, for Committee meetings held on days other than Board meeting days. All Directors are also reimbursed for all reasonable expenses incurred in attending meetings. In addition, for serving on the Board, at the time of initial election or re-election, each non-employee Director receives a Nonqualified Stock Option to purchase 7,500 shares of the Company's common stock at the fair market value of the stock on the date of grant, vesting 2,500 per year over three years. From time to time, at the Board's discretion, such non-employee Directors may be granted additional Nonqualified Stock Options under the then existing stock option plan(s).

CERTAIN TRANSACTIONS AND RELATIONSHIPS

During 1999, Mr. Charles A. Constantino, a Director and an Executive Officer of the Company, was granted loans from the Company's subsidiary, Rome Research Corporation, with annual interest rates of 8%. The largest aggregate amount outstanding (principal and interest) under such loans throughout 2001 was \$500,000. The principal and interest of such loans are due on demand from the Company. As of March 31, 2002, the total principal and interest outstanding on such loans was \$500,000.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee reports and acts on behalf of the Board of Directors by providing oversight of the financial management, independent auditors and financial reporting process of the Company. The Company's Management has the primary responsibility for the financial statements and the reporting process including the Company's system of internal controls. The independent auditors, PricewaterhouseCoopers LLP, are responsible for auditing the Company's financial statements and expressing an opinion on the conformity of those audited financial statements with the generally accepted accounting principles. In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed the audited consolidated financial statements in the Annual Report with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Audit Committee has reviewed and discussed with the independent auditors

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Audit Committee by Statement on Auditing Standards No. 61 (Communication with Audit Committee), as amended. In addition, the Audit Committee has received from PricewaterhouseCoopers LLP the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and discussed the auditors' independence from management and the Company including the matters in the written disclosures. The Audit Committee fully considered the non-audit services provided by the independent auditors and the fees and costs billed and expected to be billed by the independent auditors for those services (shown below). In addition, the Audit Committee discussed with the Company's management the procedures for selection of consultants and the related competitive bidding practices and considered whether those non-audit services provided by the independent auditors are compatible with maintaining auditor independence. In reliance on the reviews and discussions with the Company's management and the independent auditors referred to above, the Committee believes that PricewaterhouseCoopers LLP's provision of non-audit services is compatible with and did not impair the independence of PricewaterhouseCoopers LLP.

The Audit Committee discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Audit Committee meets with the internal and independent auditors to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting. Such meetings are held with and without the presence of management. Access to the Audit Committee by internal and independent auditors is unrestricted.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board has approved) the inclusion of the audited consolidated financial statements in the Annual Report on Form 10-K for the year ended December 31, 2001 for filing with the Securities and Exchange Commission. The Audit Committee also recommended, and the Board approved, subject to Shareholder ratification, the selection of PricewaterhouseCoopers LLP as the Company's independent auditors.

Management has advised the Audit Committee that for the year ended December 31, 2001, the Company paid fees to PricewaterhouseCoopers LLP for services in the following categories:

Audit Fees:.....	\$ 106,000
Financial Information Systems Design and Implementation Fees:....	\$ 0
All Other Fees:.....	\$ 91,000

Compensation Committee Report

The Compensation Committee of the Board of Directors (the "Committee") performs annual reviews of the performance and contribution of the Company's executive officers against annual and long term commitments and objectives to determine the nature and extent of executive compensation actions. Decisions of the Committee relative to the compensation of employee Compensation Committee members (Dr. Sammon and Mr. Constantino) are subject to review and approval by a majority of the disinterested members of the Board.

General Compensation Policy

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

The Company seeks to attract, motivate, retain and reward the management talent essential to achieving its business objectives and maintaining its leadership position in the industry. Compensation for the Company's executive officers in 2001 was consistent the fundamental principles of the executive compensation program:

- o Executive compensation must be tied to the Company's general performance and achievement of financial and strategic goals;
- o Executive compensation opportunities should be competitive with those provided by other leading high technology companies of comparable size; and
- o Executive compensation should provide incentives that align the long-term financial interests of the Company's executives with those of its Shareholders.

Elements of Executive Compensation

To meet its policy objectives for executive compensation, the Company's executive compensation program consists of Base Salary and Stock Options.

Base Salary. The Compensation Committee reviewed and established the annual base salary of the executive officers for the fiscal year 2001. In setting annual base salaries, the Compensation Committee considered the salaries of relative executives in similar positions in the industry from its most recent contracted survey, the level and scope of responsibility, experience and performance of the executive, financial performance of the Company and overall general economic factors. The Compensation Committee believes that the companies with whom the Company competes for compensation purposes are not necessarily the same companies with which Shareholder cumulative returns are compared. The peer groups used in the Performance Graph below include the Standard & Poor's 500 Stock Index and those companies deemed most comparable to the Company's businesses for measuring stock performance. An objective of the Compensation Committee is to administer the salary for each executive management position within a range with a midpoint near the average midpoint for comparable positions at companies of similar size, geographic area and lines of business. In implementing its compensation policies, the Compensation Committee also considers the individual experience and performance of the executive, the performance of the organization over which the executive has responsibility, the performance of the Company and general economic conditions. The Compensation Committee gives such weight to each factor as it deems appropriate.

Stock Options. In furtherance of the objective of providing long-term financial incentives that relate to improvement in long-term Shareholder value, the Company awards stock options to its key employees (including executive officers) under the Company's 1995 Stock Option Plan ("Option Plan"). Stock options ("Options") granted under the Option Plan may be either Incentive Stock Options as defined by the Internal Revenue Code ("Incentive Stock Options") or Options which are not Incentive Stock Options ("Nonqualified Stock Options"). Upon review of recommendations from the Compensation Committee, the Stock Option Committee determines the key employees of the Company and its subsidiaries who shall be granted Options, the type of Options to be granted, the terms of the grant and the number of shares to be subject thereto. Option grants become exercisable no less than six months after the grant and typically expire ten years after the date of the grant. Option grants are discretionary and are reflective of the value of the recipient's position as well as the current

performance and continuing contribution of that individual to the Company.

CEO Compensation for Fiscal 2001

The Compensation Committee based the 2001 compensation of the Chief Executive Officer on the policies and practices described above. While the Compensation Committee established the 2001 salary compensation for Dr. Sammon at \$291,748, an increase of 1.4% over his 2000 salary, Dr. Sammon refused to accept payment of salary greater than \$76,837. Dr. Sammon, the Company's founder, became a Shareholder before the Company became publicly-owned and has not, to date, been granted options under the Option Plan or any of the Company's previous stock option plans in view of his already existing substantial interest in maximizing the value of the Company's common stock. In addition, Dr. Sammon is currently Chairman of the Stock Option Committee as a "disinterested person" and is not eligible to receive stock option grants under the current Option Plan.

Proposal 2: Ratification of the Selection of Independent Accountants

On the recommendation of the Audit Committee, the Board of Directors has selected PricewaterhouseCoopers LLP as the independent accountants to examine the financial statements of the Company and its subsidiaries for the year 2002. PricewaterhouseCoopers LLP has been employed to perform this function for the Company since fiscal 1980.

One or more representatives of PricewaterhouseCoopers LLP will be present at the Annual Meeting, will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Although this appointment is not required to be submitted to a vote of the Shareholders, the Board believes it is appropriate as a matter of policy to request that the Shareholders ratify the appointment. If the Shareholders do not ratify the appointment, the Audit Committee will investigate the reasons for Shareholder rejection and the Board will reconsider the appointment.

The Board of Directors recommends a vote FOR the proposal to ratify the selection of PricewaterhouseCoopers LLP as the Company's independent accountants for the 2002 fiscal year.

OTHER MATTERS

Other than the foregoing, the Board of Directors knows of no matters which will be presented at the Annual Meeting for action by Shareholders. However, if any other matters properly come before the Meeting, or any adjournment thereof, the persons acting by authorization of the proxies will vote thereon in accordance with their judgment.
