Amyris, Inc.

Attachment 1 to Form 12b-25

The Company's aggregate revenues for the year ended December 31, 2013 were \$41.1 million versus \$73.7 million in the prior year. The decline in revenue was due to decreased revenues from product sales. Product sales decreased by \$33.8 million to \$15.8 million with reductions resulting primarily from the transition out of the ethanol-blended gasoline business during the third quarter of 2012. Renewable product sales were \$15.8 million for the year compared to \$10.8 million for the prior year.

The Company's total research & development and sales, general & administrative expenses declined by \$21.7 million to \$57.1 million in 2013 compared to the prior year, primarily as a result of our overall cost reduction efforts and lower spending. The 2013 GAAP net loss attributable to common stockholders was \$231.5 million (\$3.12 per share) compared to a loss of \$205.1 million (\$3.62 per share) in the prior year.

The Company's balance of cash, cash equivalents and marketable securities at the end of the fourth quarter of 2013 was \$8.4 million. In December 2013, the Company agreed to sell \$34.0 million of senior convertible promissory notes in a private placement to existing and new Amyris investors. The transaction included \$28.0 million in cash proceeds (which was received in January 2014), and the cancellation by Total Gas & Power USA, SAS ("Total") of approximately \$6.0 million from an outstanding senior unsecured convertible promissory note (in respect of Total's pre-existing contractual right to maintain its pro rata ownership position through such cancellation).

Questions and Answers about the Proxy Materials and the Special Meeting

Q: Why am I receiving these proxy materials?

A: The Company's Board is providing these proxy materials to you in connection with the Special Meeting of Shareholders, which will take place on August 2, 2016. As a shareholder, you are invited to attend the meeting and are entitled to vote on the proposals described in this Proxy Statement.

Q: What information is contained in the package of materials that I received?

A: The Company's Proxy Statement contains information relating to the proposals to be voted on at the meeting, the voting process and certain other information required by the rules and regulations of the SEC and the rules and listing standards of the NYSE. Although you are encouraged to vote either by the internet or by telephone, these materials, if received in printed form, also include a proxy card or voting instruction card for your use in voting by mail or at the Special Meeting.

Q: What proposals will be voted on at the meeting?

A: To authorize the Board of Directors to effect, in its discretion, a reverse stock split of the outstanding and treasury Common Shares of Cincinnati Bell at a reverse stock split ratio of 1-for-5 and to approve a corresponding amendment to the Company's Amended and Restated Articles of Incorporation to effect the reverse stock split and to reduce proportionately the total number of Common Shares that Cincinnati Bell is authorized to issue, subject to the Board of Directors' authority to abandon such amendment.

Q: What is the purpose of the reverse stock split?

A: The Board of Directors believes that implementing a reverse stock split will increase the market price for the Cincinnati Bell Common Shares by decreasing the shares outstanding. The Board of Directors further believes that the increased market price of Cincinnati Bell Common Shares expected as a result of implementing the reverse stock split may improve marketability and liquidity of the Cincinnati Bell Common Shares and may encourage interest and trading in the Cincinnati Bell Common Shares. However, there can be no assurance that the reverse stock split will result in these intended benefits.

Q: What is the Board of Directors' voting recommendation?

A: The Board recommends that you vote your shares "FOR" Proposal 1 and "FOR" Proposal 2.

Q: Why did I receive a one-page notice in the mail regarding the internet availability of proxy materials instead of a full set of proxy materials?

A: Pursuant to the rules of the SEC, the Company has elected to provide access to our proxy materials over the internet. Accordingly, we sent a Notice to our shareholders of record and beneficial owners, which instructs them as to how they may submit their proxy on the internet. If you would like to receive a paper copy of our proxy materials, you should follow the instructions for requesting such materials in the Notice. In addition, you may request to receive proxy materials in printed form by mail or by email on an ongoing basis.

Q: How can I get electronic access to the proxy materials?

A: Instructions regarding how to view the proxy materials for the Special Meeting on the internet are included in the Notice and on the website.

Q: What shares can I vote?

A: You may vote all Company Common Shares and 6 3/4% Cumulative Convertible Preferred Shares that you own (or for which you have been given the right to provide instructions as to how such shares should be voted) as of the close of business on the Record Date. This includes: (i) shares held directly in your name as the shareholder of record, including Common Shares purchased through the Cincinnati Bell Employee Stock Purchase Plan; (ii) shares that are held by a trust used in connection with a Company employee or director plan pursuant to which the value of such shares has been credited to your account under such plan; and (iii) shares held for you as the beneficial owner through a broker or other nominee.

Q: What is the difference between holding shares as a shareholder of record and as a beneficial owner?

A: Many Cincinnati Bell shareholders hold their shares through a broker or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Shareholder of Record

If your shares are registered directly in your name with Cincinnati Bell's transfer agent, Computershare Investor Services, LLC, you are considered the shareholder of record for those shares. As a shareholder of record, you may grant your voting proxy over the internet, by mail, by telephone or you may vote your shares in person at the meeting.

Beneficial Owner

If your shares are held in a stock brokerage account or by another nominee (including a trust used in connection with a Company employee or director plan), you are considered the beneficial owner of shares held in street name, and your broker or nominee is considered to be the shareholder of record. If you are a participant in the Cincinnati Bell Inc. Retirement Savings Plan or the Cincinnati Bell Inc. Savings and Security Plan, you are the beneficial owner of the shares credited to your account. As the beneficial owner, a Notice and/or proxy card was forwarded to you by the shareholder of record. As the beneficial owner, you may direct and provide voting instructions to your broker or nominee to vote the shares held in your account by proxy over the internet or by telephone by following the instructions provided in the Notice or the proxy card. You can also mail your proxy to the Company by following the instructions provided in the proxy card (if forwarded by your broker or nominee). You are also invited to attend the Special Meeting. However, since you are not the shareholder of record, you may not vote these shares in person at the meeting unless you obtain a signed proxy from the shareholder of record authorizing you to vote the shares.

Q: How can I attend and vote my shares at the meeting?

A: Shares held directly in your name as the shareholder of record may be voted in person at the Special Meeting. If you choose to attend the meeting and vote in person, you will need to provide proof of identification and then you will be presented a proxy card. Beneficial shares, held either in street name or credited to your account under a Company employee or director plan, cannot be voted at the Special Meeting unless you obtain a signed proxy from the shareholder of record authorizing you to vote these shares.

Q: How can I vote my shares without attending the meeting?

A: The methods for voting without attending the meeting are:

By Internet - If you have internet access, you may submit your vote from any location by following the instructions provided in the Notice or the proxy card.

By Telephone - If you live in the United States or Canada, you may submit your vote by following the "Vote by Phone" instructions provided in the Notice or the proxy card.

By Mail - You may vote by mail by completing and signing your proxy card and mailing it in the accompanying enclosed, pre-addressed postage-paid envelope.

Q: What happens if I don't give specific voting instructions?

A: The effect of not providing specific voting instructions depends on if you are the shareholder of record or the beneficial owner of the shares.

Shareholder of Record

If you are a shareholder of record and (i) you indicate when voting on the internet or by telephone that you wish to vote as recommended by the Board, or (ii) you sign and return a proxy without giving specific voting instructions, then the proxy holders will vote your shares in the manner recommended by our Board on each of the matters presented in this proxy statement for which you did not provide specific voting instructions, and as the proxy holders may determine in their discretion with respect to any other matters properly presented for a vote at the Special Meeting.

Beneficial Owner

If you are deemed to be the beneficial owner of shares and do not provide the broker or nominee that holds your shares with specific voting instructions, the broker or nominee that holds such shares cannot vote on non-routine matters, such as Proposal 1 (to authorize the Board of Directors to effect, in its discretion, a reverse stock split of Cincinnati Bell Common Shares at a reverse stock split ratio of 1-for-5) and Proposal 2 (to approve a corresponding amendment to the Company's Amended and Restated Articles of Incorporation to effect the reverse stock split and to reduce proportionately the total number of Common Shares that Cincinnati Bell is authorized to issue), as provided by the rules of the NYSE. If the broker or nominee that holds such shares does not receive instructions on how to vote on Proposal 1 or Proposal 2, the broker or nominee will inform the Inspector of Elections that it does not have authority to vote on such matter with respect to such shares. This is generally referred to as a "broker non-vote." The Company encourages you to provide voting instructions to the broker or nominee that holds such shares by carefully following the instructions provided in the proxy card or as described above.

Q: How are abstentions treated?

A: Abstentions are counted for the purpose of determining whether a quorum is present. For the purpose of determining whether shareholders have approved Proposal 1 or Proposal 2, abstentions will have a negative effect on the outcome of such proposals.

4

Q: Can I change my vote?

A: Yes. You may change your voting instructions at any time prior to the vote at the Special Meeting. You may change your vote by either: (i) granting a new proxy or voting instructions bearing a later date (which automatically revokes the earlier proxy or voting instructions) whether made on the internet, by telephone or by mail; (ii) if you are a shareholder of record, notifying the Company's Secretary in writing that you want to revoke your earlier proxy; or (iii) if you are a shareholder of record attending the Special Meeting, giving notice of your proxy revocation in open meeting and voting in person. Please note that in order to revoke your previously granted proxy at the Special Meeting, you must specifically request the revocation of your previous proxy.

Q: What does it mean if I receive more than one Notice or more than one proxy card?

A: It means that your shares are registered differently or are in more than one account. Please provide voting instructions for all Notices and proxy cards that you receive.

Q: Where can I find the voting results of the meeting?

A: We will announce preliminary voting results at the meeting and publish final results in the Company's Current Report on Form 8-K, which will be filed on or before August 8, 2016.

Q: What happens if additional proposals are presented at the meeting?

A: Other than the proposals described in this Proxy Statement, we do not expect any matters to be presented for a vote at the Special Meeting. If you grant a proxy, the persons named as proxy holders, Phillip R. Cox, Lynn A. Wentworth and Jakki L. Haussler, will have the discretion to vote your shares on any additional matters properly presented for a vote at the meeting.

Q: What classes of shares are entitled to be voted?

A: Each Common Share and each 6 3/4% Cumulative Convertible Preferred Share outstanding as of the close of business on the Record Date is entitled to vote on all proposals being voted on at the Special Meeting. You are entitled to one vote for each Common Share and one vote for each 6 3/4% Cumulative Convertible Preferred Share you own of record on the Record Date or to provide instructions on how to vote such shares in which you have a beneficial interest. The affirmative vote of holders of two-thirds of the outstanding Cincinnati Bell Common Shares and the outstanding 6 3/4% Cumulative Convertible Preferred Shares entitled to vote at the Special Meeting, voting together as one class, and the affirmative vote of holders of at least two-thirds of the outstanding Cincinnati Bell Common Shares entitled to vote at the Special Meeting, voting as a separate class, are required to approve the Company's proposals to (i) authorize the Board of Directors to effect the reverse stock split and (ii) approve the corresponding amendment to the Company's Amended and Restated Articles of Incorporation, subject to the Board of Directors' authority to abandon such amendment. There are no cumulative voting rights for either class of shares. On the Record Date, we had [210,364,945] outstanding Common Shares and [155,250] 6 3/4% Cumulative Convertible Preferred Shares outstanding.

Q: What is the quorum requirement for the meeting?

A: The quorum requirement for holding the meeting and transacting business is the presence, in person or by proxy, of a majority of the common and preferred shares issued and outstanding on the Record Date and entitled to vote at such meeting. However, if any particular action requires more than a simple majority because of the law, the NYSE rules, the Company's Amended and Restated Articles of Incorporation or the Company's Amended Regulations, that particular action will not be approved unless the required percentage of affirmative votes has been obtained.

Abstentions are counted as present for the purpose of determining the presence of a quorum, but broker non-votes are not counted as present for the purpose of determining the presence of a quorum.

Q: Who will count the votes?

A: A representative of Broadridge Financial Solutions, Inc. ("Broadridge") will tabulate the votes and act as the Inspector of Elections.

Q: Is my vote confidential?

A: Proxy instructions, ballots and voting tabulations that identify individual shareholders are handled in a manner that protects voting privacy. Your vote will not be disclosed either within the Company or to third parties except (i) as necessary to meet applicable legal requirements, (ii) to allow for the tabulation of votes and certification of the vote, or (iii) to facilitate a successful proxy solicitation by the Board of Directors. Occasionally, shareholders provide

written comments on their proxy card, which are forwarded to the Company's management.

5

Q: Who will bear the cost of soliciting votes for the meeting?

A: The Company is making this solicitation and will pay the entire cost of preparing, assembling, printing, mailing and distributing the proxy materials. If you choose to access the proxy materials and/or vote via the internet, you are responsible for any internet access charges you may incur. In addition to the costs of mailing the proxy materials, the Company may also incur costs to provide additional copies of these proxy materials (if requested) and for its directors, officers and employees to solicit proxies or votes in person, by telephone or by electronic communication. Our directors, officers and employees will not receive any additional compensation for such activities. We have hired Georgeson Inc. to solicit proxies for approximately \$11,000 plus expenses. We have also hired Broadridge for a fee of approximately \$10,000 plus expenses to assist us in facilitating the voting of proxies over the internet and serving as the Inspector of Elections. We will also reimburse brokerage houses and other nominees for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to shareholders.

Q: What percentage of the Company's issued and outstanding voting shares do our directors and executive officers beneficially own?

A: Our directors and executive officers owned [1.0%] of our voting shares as of the Record Date.

Q: Do any of our shareholders hold more than 5% of the issued and outstanding shares of any class of the Company's voting stock?

A: As of the Record Date or an earlier date, if indicated, each of the following entities (together with their affiliates) indicated that it held more than 5% of the issued and outstanding Common Shares of the Company: GAMCO Investors, Inc. and affiliates, Blackrock, Inc., The Vanguard Group, and Pinnacle Associates, Ltd. GAMCO Investors, Inc. and affiliates also indicated they likely hold more than 5% of the 6 ³/₄% Cumulative Convertible Preferred shares of the Company. See page 12 for more details on the number of shares owned and percentage ownership as of the Record Date or an earlier date, if indicated.

Q: What is householding?

A: Householding is a process that allows the Company to reduce costs and increase efficiencies by mailing only one copy of Company communications to multiple shareholders who reside at the same household mailing address. If you and other shareholders at the same household mailing address are currently receiving only one copy of Company communications but would like to receive separate copies or are currently receiving multiple copies of Company communications but would like to participate in our householding program, please see the instructions on page 14.

The Proposals

The Company is asking shareholders to:

Authorize the Board of Directors to effect, in its discretion prior to December 31, 2016, a reverse stock split of the outstanding and treasury Common Shares of Cincinnati Bell at a reverse stock split ratio of 1-for-5; and
Approve a corresponding amendment to the Company's Amended and Restated Articles of Incorporation in the form attached to this Proxy Statement as Appendix A to effect the reverse stock split and to reduce proportionately the total number of shares of Common Shares that Cincinnati Bell is authorized to issue, subject to the Board of Directors' authority to abandon such amendment.

If the shareholders approve these proposals, the Board of Directors would effect the reverse stock split and cause a Certificate of Amendment to the Company's Amended and Restated Articles of Incorporation to be filed with the Secretary of State of the State of Ohio only if the Board of Directors determines that the reverse stock split would be in the best interests of the Company and its shareholders. The Board of Directors may determine in its discretion not to effect any reverse stock split and not to file the form of amendment to the Company's Amended and Restated Articles of Incorporation. No further action on the part of shareholders will be required to either implement or abandon the reverse stock split.

Purpose of the Reverse Stock Split

The Board of Directors believes that it is in the best interests of the Company and its shareholders to reduce the number of issued and outstanding shares through a reverse stock split. Immediately following the completion of the reverse stock split, the number of Cincinnati Bell Common Shares issued and outstanding or held in treasury will be reduced proportionately based on the reverse stock split ratio of 1-for-5.

The Board of Directors believes that implementing a reverse stock split is likely to increase the market price for the Cincinnati Bell Common Shares as fewer shares will be outstanding. The Board of Directors further believes that the increased market price of Cincinnati Bell Common Shares expected as a result of implementing the reverse stock split may improve the marketability and liquidity of the Cincinnati Bell Common Shares and may encourage interest and trading in the Cincinnati Bell Common Shares. However, there can be no assurance that the reverse stock split will result in these intended benefits.

For example, the Board of Directors believes that some institutional investors and investment funds may be reluctant to invest, and in some cases may be prohibited from investing, in lower-priced stocks and that brokerage firms may be reluctant to recommend lower-priced stocks to their clients. The reverse stock split could increase the likelihood that the Cincinnati Bell Common Shares' market price will stay at a level that would be viewed more favorably by potential investors. Further, brokerage commissions, as a percentage of the total transaction, tend to be higher for lower-priced stocks. As a result, certain investors may also be dissuaded from purchasing lower-priced stocks. A higher stock price after the reverse stock split may reduce this concern.

Board Discretion to Implement the Reverse Stock Split

No further action on the part of shareholders will be required to either implement or abandon the reverse stock split. If the proposals are approved by shareholders and the Board of Directors determines to implement the reverse stock split, Cincinnati Bell will communicate to the public, prior to the effective date of the reverse stock split, additional details regarding the reverse stock split. The Board of Directors reserves its right to elect not to proceed with the reverse stock split if it determines, in its sole discretion, that the proposals are no longer in the best interests of the Company or its shareholders.

Certain Risks Associated with the Reverse Stock Split

There can be no assurance that following the reverse stock split the market price of Cincinnati Bell Common Shares will increase in proportion to the reduction in the number of Cincinnati Bell Common Shares issued and outstanding before the proposed reverse stock split. The total market capitalization of Cincinnati Bell Common Shares after the proposed reverse stock split may be lower than the total market capitalization before the proposed reverse stock split for reasons unrelated to the reverse stock split.

Impact of the Proposed Reverse Stock Split If Implemented

The reverse stock split would affect all of Cincinnati Bell's shareholders uniformly and would not affect any shareholder's percentage ownership interests or proportionate voting power, except to the extent that the reverse stock split could result in any of Cincinnati Bell's shareholders receiving cash in lieu of a fractional share. As described below, shareholders otherwise entitled to fractional shares as a result of the reverse stock split will receive cash payments in lieu of such fractional shares. These cash payments will reduce the number of post-reverse stock split shareholders to the extent there are presently shareholders who would otherwise receive less than one share of Cincinnati Bell Common Shares after the reverse stock split. The other principal effects of the reverse stock split will be that:

- the number of issued and outstanding and treasury Cincinnati Bell Common Shares will be reduced proportionately based on the reverse stock split ratio of 1-for-5;
 - the number of authorized Cincinnati Bell Common Shares will be reduced proportionately based on the reverse stock split ratio;
 - based on the reverse stock split ratio, the conversion ratio for the 6 3/4% Cumulative Convertible Preferred Shares will be adjusted;
 - based on the reverse stock split ratio, the per share exercise price of all outstanding option awards and stock appreciation rights will be increased proportionately and the number of Cincinnati Bell Common Shares subject to all outstanding option awards and stock appreciation rights, and all unvested stock units (including restricted stock units and performance shares or units) will be reduced proportionately. These adjustments will result in approximately the same aggregate exercise price being required to be paid for all outstanding option awards and stock appreciation rights upon exercise, although the aggregate number of shares subject to such option awards and stock appreciation rights will be reduced proportionately following the reverse stock split;
 - the number of any notional Cincinnati Bell Common Shares allocated to any account under any deferred compensation plan will be reduced proportionately based on the reverse stock split ratio;
 - any performance metric applicable to an award that is related to the price per share of Cincinnati Bell Common Shares will be adjusted based on the reverse stock split ratio;
 - the number of shares reserved for issuance and any maximum number of shares with respect to which equity awards may be granted to any participant under the Company's equity-based compensation plans will be reduced proportionately based on the reverse stock split ratio; and
- the reverse stock split will likely increase the number of shareholders who own odd lots (less than 100 shares). Shareholders who hold odd lots may experience an increase in the cost of selling their shares and may have greater difficulty in executing sales.

Although the number of outstanding Cincinnati Bell Common Shares would decrease following the proposed reverse stock split, the Board of Directors does not intend for the reverse stock split to be the first step in a "going private transaction" within the meaning of Rule 13e-3 of the Securities Exchange Act of 1934.

Our Common Shares are currently registered under Section 12(b) of the Exchange Act, and we are subject to the periodic reporting and other requirements of the Exchange Act. The reverse stock split will not affect the registration of the Company's Common Shares under the Exchange Act or the listing of the Company's Common Shares on the NYSE. Following the reverse stock split, the Company's Common Shares will continue to be listed on the NYSE under the symbol "CBB," although it will be considered a new listing with a new CUSIP number.

Fractional Shares

Shareholders will not receive fractional post-reverse stock split shares in connection with the reverse stock split. Instead, Cincinnati Bell will pay to each registered shareholder, in cash, the value of any fractional share interest in Cincinnati Bell Common Shares arising from the reverse stock split. Those registered shareholders who hold their Cincinnati Bell Common Shares in certificate form will receive a cash payment for their fractional interest, if applicable, following the surrender of their pre-reverse stock split stock certificates for post-reverse stock split shares. The cash payment will equal the fraction of shares to which the shareholder would otherwise be entitled, multiplied by the volume weighted average price of Cincinnati Bell Common Shares as reported on the New York Stock Exchange

Composite Tape on the effective date of the reverse stock split. This cash payment may be subject to applicable U.S. federal, state and local income tax.

8

No transaction costs will be assessed on shareholders for the cash payment. Shareholders will not be entitled to receive interest for the period of time between the effective date of the reverse stock split and the date payment is made for their fractional share interest in Cincinnati Bell Common Shares. You should also be aware that, under the escheat laws of certain jurisdictions, sums due for fractional interests that are not timely claimed after the funds are made available may be required to be paid to the designated agent for each such jurisdiction. Thereafter, shareholders otherwise entitled to receive such funds may have to obtain the funds directly from the state to which they were paid. If you believe that you may not hold sufficient Cincinnati Bell Common Shares at the effective date of the reverse stock split to receive at least one share in the reverse stock split and you want to continue to hold Cincinnati Bell Common Shares after the split, you may do so by either:

• purchasing a sufficient number of Cincinnati Bell Common Shares; or
• if you have Cincinnati Bell Common Shares in more than one account, consolidating your accounts, so that in each case you hold a number of Cincinnati Bell Common Shares in your account prior to the reverse stock split that would entitle you to receive at least one share of Cincinnati Bell Common Shares on a post-reverse stock split basis. Common Shares held in registered form (that is, stock held by you in your own name in Cincinnati Bell's share register records maintained by our transfer agent) and stock held in "street name" (that is, stock held by you through a bank, broker or other nominee) for the same investor will be considered held in separate accounts and will not be aggregated when effecting the reverse stock split.

Effect on Registered and Beneficial Shareholders

Upon the reverse stock split, we intend to treat shareholders holding Cincinnati Bell Common Shares in "street name" (that is, held through a bank, broker or other nominee) in the same manner as registered shareholders whose Cincinnati Bell Common Shares are registered in their names. Banks, brokers or other nominees will be instructed to effect the reverse stock split for their beneficial holders holding Cincinnati Bell Common Shares in "street name;" however, these banks, brokers or other nominees may apply their own specific procedures for processing the reverse stock split. If you hold your Cincinnati Bell Common Shares with a bank, broker or other nominee, and if you have any questions in this regard, we encourage you to contact your nominee.

Effect on Registered "Book-Entry" Shareholders

The Company's registered shareholders may hold some or all of their shares electronically in book-entry form. These shareholders will not have share certificates evidencing their ownership of Cincinnati Bell Common Shares. They are, however, provided with a statement reflecting the number of Cincinnati Bell Common Shares registered in their accounts.

If you hold registered Cincinnati Bell Common Shares in a book-entry form, you do not need to take any action to receive your post-reverse stock split Cincinnati Bell Common Shares in registered book-entry form or your cash payment in lieu of any fractional interest, if applicable.

If you are entitled to post-reverse stock split Cincinnati Bell Common Shares, a transaction statement will automatically be sent to your address of record as soon as practicable after the effective date of the reverse stock split indicating the number of Cincinnati Bell Common Shares you hold.

If you are entitled to a payment in lieu of any fractional interest, a check will be mailed to you at your registered address as soon as practicable after the effective date of the reverse stock split. By signing and cashing this check, you will warrant that you owned the Cincinnati Bell Common Shares for which you received a cash payment. See "Fractional Shares" above for additional information.

Effect on Registered Certificated Shares

Some registered shareholders hold their Cincinnati Bell Common Shares in certificate form or a combination of certificate and book-entry form. If any of your Cincinnati Bell Common Shares are held in certificate form, you will receive a transmittal letter from the Company's transfer agent as soon as practicable after the effective date of the reverse stock split. The transmittal letter will be accompanied by instructions specifying how you can exchange your certificate representing the pre-reverse stock split Cincinnati Bell Common Shares for a statement of holding, together

with any payment of cash in lieu of fractional shares to which you are entitled. When you submit your certificate representing the pre-reverse stock split Cincinnati Bell Common Shares, your post-reverse stock split Cincinnati Bell Common Shares will be held electronically in book-entry form. This means that, instead of receiving a new share certificate, you will receive a statement of holding that indicates the number of post-reverse stock split Cincinnati Bell Common Shares you own in book-entry form. Cincinnati Bell will no longer issue physical share certificates.

Beginning on the effective date of the reverse stock split, each certificate representing pre-reverse stock split shares will be deemed for all corporate purposes to evidence ownership of post-reverse stock split shares. If you are entitled to a payment in lieu of any fractional share interest, payment will be made as described above under “Fractional Shares.” **SHAREHOLDERS SHOULD NOT DESTROY ANY SHARE CERTIFICATE(S) AND SHOULD NOT SUBMIT ANY CERTIFICATE(S) UNTIL REQUESTED TO DO SO.**

Accounting Consequences

The par value per Cincinnati Bell Common Share will remain unchanged at \$0.01 per share after the reverse stock split. As a result, on the effective date of the reverse stock split, the stated capital on the Company’s balance sheet attributable to Cincinnati Bell Common Shares will be reduced proportionately, based on the reverse stock split ratio, from its present amount, and the additional paid-in capital account shall be credited with the amount by which the stated capital is reduced. The Cincinnati Bell Common Shares held in treasury will also be reduced proportionately based on the reverse stock split ratio. After the reverse stock split, net income or loss per share, and other per share amounts will be increased because there will be fewer Cincinnati Bell Common Shares outstanding. In future financial statements, net income or loss per share and other per share amounts for periods ending before the reverse stock split will be recast to give retroactive effect to the reverse stock split. As described above under “Impact of the Proposed Reverse Stock Split If Implemented,” the per share exercise price of outstanding option awards would increase proportionately, and the number of Cincinnati Bell Common Shares issuable upon the exercise of outstanding options and vested stock awards, and upon the vesting of unvested stock unit awards would decrease proportionately, in each case based on the reverse stock split ratio. The Company does not anticipate that any other accounting consequences will arise as a result of the reverse stock split.

No Appraisal Rights

Shareholders will not have dissenters’ or appraisal rights under Ohio corporate law or under the Company’s Amended and Restated Articles of Incorporation in connection with the proposed reverse stock split.

Procedure for Effecting Reverse Stock Split

If the shareholders approve the proposals and the Board of Directors decides to implement the reverse stock split, the reverse stock split will become effective at the time and on the date of the filing of, or at such later time as is specified in, the Certificate of Amendment to the Company’s Amended and Restated Articles of Incorporation, which is referred to as the effective date of the reverse stock split. Beginning on the effective date of the reverse stock split, each certificate representing pre-reverse stock split Cincinnati Bell Common Shares or book-entry statement reflecting such shares will be deemed for all corporate purposes to evidence ownership of post-reverse stock split Cincinnati Bell Common Shares.

Federal Income Tax Consequences of the Reverse Stock Split

The following is a discussion of certain material U.S. federal income tax consequences of the reverse stock split. This discussion is included for general information purposes only and does not purport to address all aspects of U.S. federal income tax law that may be relevant to shareholders in light of their particular circumstances. This discussion is based on the Internal Revenue Code of 1986, as amended (the “Code”), and current Treasury regulations, administrative rulings and court decisions, all of which are subject to change, possibly on a retroactive basis, and any such change could affect the continuing validity of this discussion.

All shareholders are urged to consult with their own tax advisors with respect to the tax consequences of the reverse stock split. This discussion does not address the tax consequences to shareholders that are subject to special tax rules, such as banks, insurance companies, regulated investment companies, personal holding companies, real estate investment trusts, foreign entities, partnerships, nonresident alien individuals, broker-dealers and tax-exempt entities. This summary also assumes that the pre-reverse stock split shares were, and the post-reverse stock split shares will be, held as a “capital asset,” as defined in Section 1221 of the Code.

As used herein, the term “U.S. holder” means a holder that is for U.S. federal income tax purposes:

- a citizen or resident of the U.S.;
- a corporation or other entity taxed as a corporation created or organized in or under the laws of the U.S. or any political subdivision thereof;
- an estate the income of which is subject to U.S. federal income tax regardless of its source; or

a trust (A) if a U.S. court is able to exercise primary supervision over the administration of the trust and one or more “U.S. persons” (as defined in the Code) have the authority to control all substantial decisions of the trust or (B) that has a valid election in effect to be treated as a U.S. person.

Other than the cash payments for fractional shares discussed above, no gain or loss should be recognized by a shareholder upon the exchange of pre-reverse stock split shares for post-reverse stock split shares. The aggregate tax basis of the post-reverse stock split shares will be the same as the aggregate tax basis of the pre-reverse stock split shares exchanged in the reverse stock split, reduced by any amount allocable to a fractional share for which cash is received. A shareholder’s holding period in the post-reverse stock split shares will include the period during which the shareholder held the pre-reverse stock split shares exchanged in the reverse stock split.

In general, the receipt of cash by a U.S. holder instead of a fractional share will result in a taxable gain or loss to such holder for U.S. federal income tax purposes. The amount of the taxable gain or loss to the U.S. holder will be determined based upon the difference between the amount of cash received by such holder and the portion of the basis of the pre-reverse stock split shares allocable to such fractional interest. The gain or loss recognized will constitute capital gain or loss and will constitute long-term capital gain or loss if the holder’s holding period is greater than one year as of the effective date of the reverse stock split.

In certain cases, a U.S. holder receiving both stock and cash in the exchange may recognize income in the form of a dividend with respect to receipt of the cash, rather than capital gain or loss as described in the preceding paragraph. This determination is based on the specific facts associated with each U.S. holder of the stock and, therefore, such U.S. holder should consult with a tax advisor.
