### ABOUT CADIZ INC.

Our primary asset consists of three separate properties, each of which consists of largely contiguous land in eastern San Bernardino County, California. This land position totals approximately 45,000 acres. Virtually all of this land is underlain by high-quality groundwater resources with demonstrated potential for various applications, including water storage and supply programs and agricultural, municipal, recreational, and industrial development. Two of the three properties are located in proximity to the Colorado River Aqueduct, the major source of imported water for southern California. The third property is located near the Colorado River.

The value of these assets derives from a combination of population increases and limited water supplies throughout southern California. In addition, most of the major population centers in southern California are not located where significant precipitation occurs, requiring the importation of water from other parts of the state. We therefore believe that a competitive advantage exists for those companies that possess or can provide high quality, reliable, and affordable water to major population centers.

We expect to be able to use our land assets and related water resources to participate in a broad variety of asset development programs, including water storage and supply, exchange, and conservation programs with public agencies and other parties.

Our principal executive offices are located at 777 S. Figueroa Street, Suite 4250, Los Angeles, California 90401-90017 and our telephone number is (213) 271-1600.

### RISK FACTORS

An investment in shares of our common stock involves a

## Edgar Filing: CADIZ INC - Form 424B7

high degree of risk. You should carefully consider the following factors as well as the other information contained and incorporated by reference in this prospectus before deciding to invest.

OUR DEVELOPMENT ACTIVITIES HAVE NOT GENERATED SIGNIFICANT REVENUES.

At present, our development activities are focused on water resource development at our San Bernardino County properties. We have not received significant revenues from our development activities to date and we do not know when, if ever, we will receive operating revenues from our development activities. As a result, we continue to incur a net loss from operations.

WE MAY NEVER GENERATE SIGNIFICANT REVENUES OR BECOME PROFITABLE UNLESS WE ARE ABLE TO SUCCESSFULLY IMPLEMENT PROGRAMS TO DEVELOP OUR LAND ASSETS AND RELATED WATER RESOURCES.

We do not know the terms, if any, upon which we may be able to proceed with our water development programs. Regardless of the form of our water development programs, the circumstances under which transfers or storage of water can be made and the profitability of any transfers or storage are subject to significant uncertainties, including hydrologic risks of variable water supplies, risks presented by allocations of water under existing and prospective priorities, and risks of adverse changes to or interpretations of U.S. federal, state and local laws, regulations and policies. Additional risks attendant to such programs include our ability to obtain all necessary regulatory approvals and permits, possible litigation by environmental or other groups, unforeseen technical difficulties, general market conditions for water supplies, and the time gap needed to generate significant operating revenues from such programs after operations commence.

OUR FAILURE TO MAKE TIMELY PAYMENTS OF PRINCIPAL AND INTEREST ON OUR INDEBTEDNESS MAY RESULT IN A FORECLOSURE ON OUR ASSETS.

As of September 30, 2005, we had indebtedness outstanding to our senior secured lender of approximately \$25.9 million. Our assets have been put up as collateral to secure the payment of this debt. If we cannot generate sufficient cash flow to make timely payments of principal and interest on this indebtedness, or if we otherwise fail to comply with the terms of agreements governing our indebtedness, we may default on our obligations. If we default on our obligations, our lenders may sell off the assets that we have put up as collateral. This, in turn, may result in a cessation or sale of our operations.

THE ISSUANCE OF SHARES UNDER OUR MANAGEMENT EQUITY INCENTIVE PLAN WILL IMPACT EARNINGS.

Under applicable accounting rules, the issuance of shares and options under our Management Incentive Equity Plan will result in a charge to earnings based on the value of our common stock at the time of issue and the valuation

## Edgar Filing: CADIZ INC - Form 424B7

of options at the time of their award and will be recorded over the vesting period in proportion to the quantities vested. Our Management Equity Incentive Plan provides for the issuance of up to 1,472,051 shares of common stock. Subsequent to January 1, 2005 we have issued stock or options to purchase stock representing 1,459,712 of the shares authorized for issuance under this Management Equity Incentive Plan. Based on the trading price of our common stock at the time of such issuances, such issuances will result in significant charges to our earnings for our fiscal years ending December 31, 2005 and 2006. The cost of approximately 83% of the shares and options issued in our fiscal year ending December 31, 2005 will be an expense during 2005. We have recognized \$13.6 million of such costs as of September 30, 2005.

WE MAY NOT BE ABLE TO OBTAIN THE FINANCING WE NEED TO IMPLEMENT OUR ASSET DEVELOPMENT PROGRAMS.

We may require additional capital to finance our operations until such time as our asset development operations produce revenues. We cannot assure you that our current lenders, or any other lenders, will give us additional credit should we seek it. If we are unable to obtain additional credit, we may engage in further equity financings. Our ability to obtain equity financing will depend, among other things, on the status of our asset development programs and general conditions in the capital markets at the time funding is sought. Any further equity financings would result in the dilution of ownership interests of our current stockholders.

THE SALE OF SHARES COVERED BY THIS PROSPECTUS AND FUTURE SALES OF COMMON STOCK COULD REDUCE THE MARKET PRICE OF OUR COMMON STOCK AND DILUTE OUR EARNINGS PER SHARE.

The registration for resale of common stock under this prospectus increases the number of outstanding shares of our common stock eligible for resale. The sale, or availability for sale, of these shares could cause decreases in the market price of our common stock, particularly in the event that a large number of shares were sold in the public market over a short period of time. Similarly, the perception that additional shares of our common stock could be sold in the public market in the future, could cause a reduction in the trading price of our stock.

WE ARE RESTRICTED BY CONTRACT FROM PAYING DIVIDENDS AND WE DO NOT INTEND TO PAY DIVIDENDS IN THE FORESEEABLE FUTURE.

Any return on investment on our common stock will depend primarily upon the appreciation in the price of our common stock. To date, we have never paid a cash dividend on our common stock. The loan documents governing our credit facilities with our senior secured lender prohibit the payment of dividends while such facilities are outstanding. As we have a history of operating losses, we have been unable to date to pay dividends. Even if we post a profit in future years, we currently intend to retain all future earnings for the operation of our business. As a result, we do not anticipate that we will declare any dividends in the foreseeable future.

### USE OF PROCEEDS

We will not receive any proceeds from the sale by the selling stockholders of our common stock. However, in order for the selling stockholders to sell shares of common stock issuable upon exercise of warrants, the selling stockholders must first exercise these warrants. We will therefore receive an amount equal to the exercise price of the warrants if and when any of these warrants are exercised.

Under the terms of our senior secured debt, we are obligated to and shall use the gross proceeds, if any, from the exercise of the warrants to prepay this senior secured debt.

### SALES BY SELLING STOCKHOLDERS

The selling stockholders are offering under this prospectus a total of 4,302,109 shares of our common stock. The selling stockholders acquired these shares of our common stock (or the convertible securities which are convertible into these shares of our common stock) in previously completed unregistered sales of equity securities. The following is a summary of the initial transactions in which such equity securities were sold.

On December 15, 2003 we issued 100,000 shares of our Series F preferred stock in connection with the concurrent restructuring of our senior secured debt with ING Capital, LLC ("ING"). On November 30, 2004, ING agreed to convert 99,000 shares of our Series F preferred stock into 1,711,665 shares of our common stock, leaving 1,000 shares of Series F preferred stock outstanding. The outstanding Series F preferred stock is convertible into 17,289 shares of our common stock.

In February, 2004, we issued 60,000 shares of common stock in consideration for services and 80,000 shares of common stock in payment of a bonus for services rendered. In March, 2004 we issued 555 shares of common stock to affiliates who exchanged their deferred stock units for shares of common stock upon their vesting dates.

On November 30, 2004 we completed a private placement of 2,000,000 shares of our common stock and 400,000 common stock purchase warrants. Each warrant entitles the holder to purchase one share of common stock at an exercise price of \$15.00 per share. Each warrant expires on November 30, 2007 and is callable by us if the closing market price of our common stock exceeds \$18.75 for ten consecutive trading days. ING acquired 200,000 shares of our common stock and 40,000 common stock purchase warrants in this private placement.

On February 23, 2005 we issued 27,200 shares of our common stock and 5,400 common stock purchase warrants in consideration of services provided to us. The terms of the warrants issued in this placement are identical to those issued in the November 30, 2004 private placement.

### PLAN OF DISTRIBUTION

The shares of common stock offered by this prospectus will be offered and sold by the selling stockholders named in this prospectus, by their donees, or by their other successors in interest. We have agreed to bear the expenses of the registration of the shares, including legal and accounting fees, other than fees of counsel, if any, retained individually by the selling stockholders, and any discounts or commissions payable with respect to sales of the shares.

The selling stockholders from time to time may offer and sell the shares in transactions in the Nasdaq National Market at market prices prevailing at the time of sale. The selling stockholders from time to time may also offer and sell the shares in private transactions at negotiated prices. The selling stockholders may sell their shares directly or to or through broker-dealers who may receive compensation in the form of discounts, concessions or commissions from the selling stockholders or the purchasers of shares for whom such broker-dealers may act as agent or to whom they may sell as principal, or both. Such compensation may be in excess of customary commissions.

From time to time, a selling stockholder may pledge or grant a security interest in some or all of the shares which the selling stockholder owns. If a selling stockholder defaults in the performance of the selling stockholder's secured obligations, the pledgees or secured parties may offer and sell the shares from time to time by this prospectus (except, in some cases, if the pledgees or secured parties are broker-dealers or are affiliated with broker-dealers). The selling stockholders also may transfer and donate shares in other circumstances. Donees may also offer and sell the shares from time to time by this prospectus (except, in some cases, if the donees are broker-dealers or are affiliated with broker-dealers). The number of shares beneficially owned by a selling stockholder will decrease as and when a selling stockholder donates such stockholder's shares or defaults in performing obligations secured by such stockholder's shares. The plan of distribution for the shares offered and sold under this prospectus will otherwise remain unchanged, except that the donees, pledgees, other secured parties or other successors in interest will be selling stockholders for purposes of this prospectus. If we are notified that a donee, pledgee

## Edgar Filing: CADIZ INC - Form 424B7

or other successor in interest of a selling stockholder intends to sell more than 500 shares of our common stock, we will file a supplement to this prospectus which includes all of the information required to be disclosed by Item 507 of Regulation S-K. Further, we will file a post-effective amendment to this registration statement upon notification of any change in the plan of distribution.

The selling stockholders and any broker-dealers acting in connection with the sale of the shares covered by this prospectus may be deemed to be "underwriters" within the meaning of Section 2(11) of the Securities Act of 1933, and any commissions received by them and any profit realized by them on the resale of the shares as principals may be deemed to be underwriting compensation under the Securities Act of 1933.

We have agreed to indemnify the selling stockholders against liabilities they may incur as a result of any untrue statement or alleged untrue statement of a material fact in the registration statement of which this prospectus forms a part, or any omission or alleged omission in this prospectus or the registration statement to state a material fact necessary in order to make the statements made not misleading. This indemnification includes liabilities that the selling stockholders may incur under the Securities Act of 1933. We do not have to give such indemnification if the untrue statement or omission was made in reliance upon and in conformity with information furnished in writing to us by the selling stockholders for use in this prospectus or the registration statement.

We have advised the selling stockholders of the requirement for delivery of this prospectus in connection with any sale of the shares. We have also advised the selling stockholders of the relevant cooling off period specified by Regulation M and restrictions upon the selling stockholders' bidding for or purchasing our securities during the distribution of shares.
