We wanted to take this opportunity to provide some background about First Citizens so you can feel confident that your banking relationship is of the greatest importance not only to us at First National Bank of Fredericksburg but also to First Citizens.

First Citizens embraces the values of a true community bank. Consistently exceeding customer expectations, cultivating effective employees, delivering superior shareholder value and exhibiting social responsibility and good citizenship have been the foundation for their success. But there's so much more to who they are...

Exceeding Customer Expectations is at the core of everything we do — making every customer feel significant by proactively understanding their needs and finding solutions to help improve their lives. And it has worked for both our customers and us! For over 20 years we've been the #1 Mortgage Lender in the northern tier of Pennsylvania. And, we were recently named the #1 Small Business Lender and the #1 Agricultural Lender in Tioga, Bradford and Potter counties.

Employee Engagement is crucial to customer satisfaction which we believe drives financial performance. This is not just a philosophy at First Citizens but a fact. Customer surveys have revealed that:

- 94% of mortgage and home equity customers are highly satisfied and would refer us to family and friends
- 92% of customers ranked our employees above average for professionalism, product knowledge and true concern for the customers

Investment in Community is vital to our success. Our financial achievements would mean nothing if we could not share it with our communities. We have a long history of contributing knowledge, skills, time and money to improve the economic and social vitality of the communities we serve. We encourage our employees to participate whenever and wherever possible and we strive to be a leader and role model for others. Over the last 5 years, we've contributed over \$1 million to education, youth, health care, agriculture and community development.
