During the period that the Company s management normally devotes to preparation of the Quarterly Report on Form 10-QSB, management needed to devote a significant amount of time and attention to preparation of the post-effective amendment to the Company s registration statement on Form SB-2 and to the analysis required for implementation of FAS 123R. As a result of these competing demands on limited management time, completion of the Form 10-QSB occurred late in the afternoon on the due date for the filing. Filing occurred on the due date, approximately one hour after the deadline.
