CORPORATE GOVERNANCE

Corporate Governance Guidelines

The Corporate Governance Guidelines (the “Guidelines”) adopted by our board of directors are intended to provide a sound framework to assist the board of directors in fulfilling its responsibilities to shareholders. Under the Guidelines, the board of directors exercises its role in overseeing the Company by electing qualified and competent officers and by monitoring the performance of the Company. The Guidelines state that the board of directors and its committees exercise oversight of executive officer compensation and director compensation, succession planning, director nominations, corporate governance, financial accounting and reporting, internal controls, strategic and operational issues, and compliance with laws and regulations. The Guidelines also state the board of directors’ policy regarding eligibility for the board of directors, including director independence and qualifications for director candidates, events that require resignation from the board of directors, service on other public company boards of directors, and stock ownership guidelines. The Nominating and Corporate Governance Committee annually reviews the Guidelines and makes recommendations for changes to the board of directors. The Guidelines are available on our website at www.agilysys.com, under Investor Relations.

Code of Business Conduct

The Code of Business Conduct adopted by our board of directors applies to all directors, officers, and employees of the Company and incorporates additional ethics standards applicable to our Chief Executive Officer, Chief Financial Officer, and other senior financial officers of the Company, and any person performing a similar function. The Code

of Business Conduct is reviewed annually by the Audit Committee, and recommendations for change are submitted to the board of directors for approval. The Code of Business Conduct is available on our website at www.agilysys.com, under Investor Relations. The Company has in place a hotline available for use by all employees, as described in the Code of Business Conduct. accounting controls, or auditing matters, the Audit Committee. In addition, we intend to post on our website all disclosures that are required by law or NASDAQ listing standards concerning any amendments to, or waivers from, any provision of the Code of Business Conduct.

Audit Committee

The board of directors has a standing Audit Committee. The Audit Committee held nine meetings during fiscal year 2016. The Audit Committee reviews with our independent registered public accounting firm the proposed scope of our annual audits and audit results, as well as interim reviews of quarterly reports; reviews the adequacy of internal financial controls; reviews internal audit functions; is directly responsible for the appointment, determination of compensation, retention, and general oversight of our independent registered public accounting firm; reviews related person transactions; oversees the Company's implementation of its Code of Business Conduct; and reviews any concerns identified by either the internal or external auditors. The board of directors determined that all Audit Committee members are financially literate and independent under NASDAQ listing standards for audit committee members. The board of directors also determined that Messrs. Colvin and Mutch each qualify as an "audit committee financial expert" under SEC rules.

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

This Compensation Discussion and Analysis (the “CD&A”) describes our executive compensation philosophy and programs for our Named Executive Officers during fiscal year 2016. Compensation arrangements with our Named Executive Officers are governed by the Compensation Committee of our board of directors.

Our Named Executive Officers in fiscal year 2016 consisted of our Chief Executive Officer (“CEO”), our Chief Financial Officer (“CFO”), and our three other most highly compensated officers during fiscal year 2016, as listed below:

- James Dennedy, President and Chief Executive Officer
- Janine Seebeck, Senior Vice President, Chief Financial Officer and Treasurer
 - Kyle Badger, Senior Vice President, General Counsel and Secretary
- Larry Steinberg, Senior Vice President, Chief Technology Officer
- Jimmie D. Walker, Jr., Senior Vice President, Global Revenue

Compensation for Messrs. Dennedy, Badger and Steinberg and for Ms. Seebeck consists of the same elements and adheres to the same philosophy and objectives. Mr. Walker, as the head of our sales function, has a compensation structure designed to incent profitable sale revenue growth, and in fiscal year 2016 it was therefore substantially different from that of the other Named Executive Officers.

Compensation Highlights

Compensation Focus for Fiscal Year 2016. The compensation arrangements with our Named Executive Officers for fiscal year 2016 were similar to their compensation arrangements in fiscal year 2015 and recent prior years. After considering the results of our recent votes on Named Executive Officer compensation, which confirmed the Company’s philosophy and objectives relative to our executive compensation program, the Compensation Committee continued efforts to maintain market median compensation and link executive pay to performance by maintaining base salaries and annual incentive opportunities for all of the Named Executive Officers at the same level as fiscal year 2015, while focusing annual incentives on improvements over fiscal year 2015 results.

Performance Linked Compensation. Our Compensation Committee set fiscal year 2016 compensation, including financial targets for performance-based compensation, for our Named Executive Officers to continue to emphasize pay for performance by setting annual cash incentives based on goals focused on improvements over fiscal year 2015 results for revenue and adjusted EBITDA. In prior years, the Committee had included adjusted operating income as a financial performance metric in setting annual cash incentives. However, as announced by the Company at the beginning of fiscal year 2016, the Company is now using adjusted EBITDA internally to focus management on the results of the Company’s core operations, and the Compensation Committee aligned the metrics for annual cash incentives in fiscal year 2016 accordingly. Adjusted EBITDA, a non-GAAP financial measure, is defined as income before income taxes, interest expense (net of interest income), depreciation and amortization (including amortization of developed technology), and excluding charges relating to (i) legal settlements, (ii) restructuring, severance, and other charges, (iii) asset write-offs and other fair value adjustments, (iv) share-based compensation, and (v) other non-operating (income) expense.

Mr. Dennedy’s targeted pay was approximately 74% performance-based, and between 50% and 67% for each of our other Named Executive Officers’ targeted pay was performance-based, tied directly to annual goals or long-term equity awards, the value of which is tied directly to an increase in share price.

Our operating results for fiscal year 2016 outperformed our plan. Total net revenue increased by 16% from \$103.5 million in fiscal year 2015 to \$120.4 million in fiscal year 2016, and adjusted EBITDA increased 258% from \$1.2 million in fiscal year 2015 to \$4.3 million in fiscal year 2016. As a result, our Named Executive Officers earned approximately 138% of their target annual incentives related to fiscal year 2016.

To further link pay to performance and emphasize long-term shareholder value creation, the only increases in compensation provided to the Named Executive Officers in fiscal year 2016 by the Compensation Committee were in the form of long-term equity incentive awards granted at the beginning of fiscal year 2016 to three of the Named Executive Officers that were 5 to 15% higher as a percentage of base salary over the prior year.

Chief Executive Officer Compensation. Mr. Dennedy's compensation package for fiscal year 2016 did not change from 2015.

At the beginning of the fiscal year, the Compensation Committee believed Mr. Dennedy's compensation reflected the Compensation Committee's ongoing commitment to link pay to performance and to maintain market median compensation without change. At the end of the fiscal year, the Compensation Committee re-assessed Mr. Dennedy's total compensation for fiscal year 2016 and deemed

that the total compensation that would have been earned under his compensation package exceeded what the Committee believed to be market compensation for his position. As a result, the Committee used its discretion to reduce Mr. Dennedy's annual incentive award to 100% of his target incentive amount from the 138% of target that would have been earned based on the Company's financial performance.

Highlights of Mr. Dennedy's 2016 compensation included:

- No increase in base salary or annual incentive opportunity;
- Annual incentive payout reduced to target payout to keep total CEO compensation in line with the Committee's determination of market;
- 50% of long-term incentive award, granted as stock-settled appreciation rights, is based entirely on share price improvement, and the balance, granted as restricted stock, is tied to share price; and
- 74% of targeted compensation was variable pay, tied either to performance or share price improvement.

Chief Financial Officer Compensation. Ms. Seebeck's compensation package for fiscal year 2016 also continued to reflect the Compensation Committee's ongoing commitment to link pay to performance and to maintain market median compensation as evidence by the following for Ms. Seebeck:

- No increase in base salary or annual incentive opportunity;
- Increase in total compensation to better align to market median made entirely in long term incentive awards;
- 50% of long-term incentive award, granted as stock-settled appreciation rights, is based entirely on share price improvement, and the balance, granted as restricted stock, is tied to share price;
- 59% of targeted compensation was variable pay, tied either to performance or share price improvement, an increase of 9% over fiscal year 2015.

Senior Vice President, Sales Compensation. Mr. Walker was not an executive officer at the beginning of the fiscal year, and accordingly his compensation was not reviewed or approved by the Compensation Committee. At the beginning of the fiscal year his target cash compensation was \$373,108, consisting of \$171,428 in base salary and \$201,680 in annual incentives based primarily on commissions. In addition, in August 2015, Mr. Walker received a grant of stock-settled appreciation rights equal in value to \$42,857, or 25% of his base salary, as part of annual equity grants made to senior non-executive employees of the Company.

In August 2015, in recognition of improved sales results under Mr. Walker's leadership, Mr. Dennedy increased Mr. Walker's target cash compensation to \$450,000, consisting of \$225,000 in base salary and \$225,000 in annual incentives. In January 2016, Mr. Dennedy, with the consent of the Compensation Committee, promoted Mr. Walker to the position of Senior Vice President, Global Revenue, and in connection with this promotion raised Mr. Walker's base salary to \$240,000 and his annual incentive to \$275,000. The Compensation Committee also awarded Mr. Walker a grant of 25,000 restricted common shares as a retention incentive on the same basis as the retention grants made to other executive officers in fiscal year 2015. As with the prior grants, Mr. Walker's grant vests 5% on the first anniversary of grant, 5% on the second anniversary of grant, and 90% on the third anniversary.

Compensation Philosophy, Objectives, and Structure

Our Compensation Committee adopted its pay philosophy, objectives, and structure for Named Executive Officers to achieve financial and business goals and create long-term shareholder value.

Compensation Philosophy and Objectives. For fiscal year 2016, as in recent prior years, our Compensation Committee's pay philosophy was to pay total compensation at the market median of comparative peer group compensation, with emphasis placed on performance-based compensation, tied directly to annual goals or long-term equity awards, and to link compensation to our business strategy. The Compensation Committee's objective was to establish an overall compensation package to:

- Reward the achievement of business objectives approved by our board of directors;

- Tie a significant portion of compensation to the long-term performance of our common shares;
- Provide a rational, consistent, and competitive executive compensation program that is well understood by those to whom it applies; and
- Attract, retain, and motivate executives who can significantly contribute to our success.

Compensation Structure. Our compensation structure is comprised of:

Base Salary - Base salary provides fixed pay levels aimed to attract and retain executive talent. Variations in salary levels among Named Executive Officers are based on each executive's roles and responsibilities, experience, functional expertise, relation to peer pay levels, competitive assessments, individual performance, and changes in salaries in the overall general market and for all employees of the Company. Salaries are reviewed annually by our Compensation Committee, and changes in salary are based on these factors and input from our CEO, other than for himself. None of the factors are weighted according to any specific formula. New

salaries generally are based on the Compensation Committee's discretion and judgment but may be based on any of the above-mentioned relevant factors.

Annual Incentives - Annual incentives provide cash variable pay for achievement of the Company's financial, strategic, and operational goals and individual goals, with target incentives set as a percentage of salary, designed to reward achievement of goals with an annual cash payment. Variations in target incentive amounts among Named Executive Officers are determined by our Compensation Committee and based on market data, length of time in current role or similar role at another company, and recommendations from our CEO, other than for himself. At the end of each fiscal year, the Compensation Committee considers the aggregate compensation of each Named Executive Officer and makes adjustments to the annual incentive payment otherwise earned if the aggregate compensation is significantly outside of the market median compensation determined based on the 2014 peer group and other information available to the Compensation Committee.

Long-Term Incentives - Long-term incentives are variable, equity incentives designed to drive improvements in performance that build wealth and create long-term shareholder value by tying the value of earned incentives to the long-term performance of our common shares. Target incentives are set as a percentage of salary. Variations in awards among Named Executive Officers are determined by our Compensation Committee after a review of various factors, including recommendations based on market data, individual ability to influence results, length of time in current role or similar role at another company, and recommendations from our CEO, other than for himself.

Compensation Key Considerations

Annual Goal Setting. Annual goals for our Named Executive Officers are tied to our financial, strategic, and operational goals and include business specific financial targets relating to our goals. For fiscal year 2016, the Compensation Committee linked all of the Named Executive Officer's annual incentive goals to the same financial goals for revenue and adjusted EBITDA. At fiscal year-end, the Compensation Committee evaluated the performance of each Named Executive Officer and determined an appropriate award based on established goals.

Variable Pay at Risk. Our compensation philosophy drives the provision of greater at-risk pay to our Named Executive Officers, and variable pay at risk comprised approximately 74% of target annual compensation for our CEO and between 50% and 67% for other Named Executive Officers. Our Named Executive Officers have significant opportunities for long-term, equity-based incentive compensation, higher than for annual cash incentive compensation for each Named Executive Officer, as our philosophy is to tie a significant portion of compensation to the long-term performance of our common shares. As a result, significant emphasis is placed on long-term shareholder value creation, thereby we believe minimizing excessive risk taking by our executives.

Competitive Market Assessments. As described in last year's CD&A, the Committee engaged Pearl Meyer & Partners as its compensation consultant during fiscal year 2014 and received from them a competitive market assessment that evaluated compensation levels for the Company's top four executive positions, including Messrs. Denedy, Badger and Steinberg and Ms. Seebeck. The Committee has not engaged a compensation consultant since fiscal year 2014. The 2014 assessment compared then current compensation levels for the executives to published compensation data for comparable executives at a peer group determined by the Compensation Committee in 2014 from a group recommended by Pearl Meyer & Partners.

The 2014 peer group consisted of the following software and technology companies:

SPS Commerce Inc.	XRS Corp.	Jive Software Inc.
E2open Inc.	Rally Software Development Corp.	Ellie Mae Inc.
Support.com Inc.	Synchronoss Technologies Inc.	BSQUARE Corp.
Sourcefire Inc.	QAD Inc.	American Software Inc.

Gigamon Inc.	Bottomline Technologies Inc.	Callidus Software Inc.
Cyan Inc.	Actuate Corp.	Model N Inc.
Qualys Inc.	PROS Holdings Inc.	inContact Inc.

These peer companies were selected based on industry relevance and comparability to the Company's revenue at the time of selection in 2014. The Compensation Committee considered this 2014 assessment in setting Named Executive Officer Compensation at the beginning of fiscal year 2016.

Tally Sheets. Our Compensation Committee analyzed tally sheets at the beginning and end of the fiscal year to review overall compensation and pay mix for each Named Executive Officer. Tally sheets included a three-year look-back of total compensation,

including annual cash compensation, long-term incentive awards granted and earned, and benefits and perquisites. Tally sheets also included a cumulative inventory of equity grants by fiscal year, including the value of outstanding equity at the Company's current stock price and the value received for prior vesting and exercises of equity. The tally sheets brought together, in one place, all elements of Named Executive Officers' actual compensation and information about wealth accumulation so that our Compensation Committee could analyze the individual elements, the mix of compensation and the aggregate total amount of annual and accumulated compensation. Tally sheets were also used by the Compensation Committee to evaluate internal pay equity among the Named Executive Officers and to determine the impact of employment termination or change of control events. In support of the philosophy of rewarding performance, tally sheets are used by the Compensation Committee to review compensation as compared to expectations, and our Compensation Committee determined that annual compensation set for our Named Executive Officers for fiscal year 2016 was consistent with expectations and with the established compensation philosophy and pay mix guidelines driven by that philosophy.

Fiscal Year 2016 Compensation

The Company's fiscal year 2015 total target compensation ranked approximately at the median of the competitive market assessment provided by Pearl Meyers & Partners during fiscal year 2014, with Mr. Dennedy positioned between the 50th and 75th percentile and Ms. Seebeck and Messrs. Badger and Steinberg positioned just below the 50th percentile. Based on this, the Compensation Committee determined that increases in total compensation were appropriate for Ms. Seebeck and Messrs. Badger and Steinberg, but not for the other Named Executive Officers. In accordance with the Committee's desire to further link pay to performance and emphasize long-term shareholder value creation, the Committee allotted the increase only to those executives' long-term equity incentive awards granted at the beginning of fiscal year 2016.

Base Salary. For fiscal year 2016, salary comprised 26% of total target compensation for our CEO and between 33% and 50% for our other Named Executive Officers. Base salaries did not change from fiscal year 2015 to 2016 because the Compensation Committee believed the base salaries set in fiscal year 2015 to be still aligned with the Committee's philosophy and goals.

Annual Incentives. For fiscal year 2016, annual goals were set at the beginning of the fiscal year. The discussion below provides details regarding fiscal year 2016 annual incentive performance metrics, levels, and payouts for the Named Executive Officers.

Annual Incentive Levels. For Dennedy, Seebeck, Badger and Steinberg, fiscal year 2016 target annual incentives were set as a percentage of salary. Target annual incentives for fiscal year 2016 were set at 88% of salary for Mr. Dennedy, 60% of salary for Mr. Steinberg and 50% of salary for the other Named Executive Officers, substantially the same as the prior two fiscal years. Annual incentives comprised 23% of total target compensation for Mr. Dennedy, and between 20% and 25% for our other Named Executive Officers.

Performance Metrics for Dennedy, Seebeck, Badger and Steinberg. For all Named Executive Officers other than Mr. Walker, fiscal year 2016 performance metrics consisted of a revenue target and an adjusted EBITDA target. Each Named Executive Officer's annual incentive was weighted 60% on achievement of the revenue target and 40% on achievement of the adjusted EBITDA target. The Compensation Committee set financial performance metrics for fiscal year 2016 annual incentives to require target level improvements over fiscal year 2015 results for revenue and adjusted EBITDA. The target level for revenue was set at a \$2.5 million, or 2.4%, improvement over fiscal 2015 results; and the target level for adjusted EBITDA was set at a \$3.1 million, or 158%, improvement over fiscal 2015 results, reflecting the amount that the Compensation Committee believed could be reasonably achieved given the Company's operating plan and the costs associated with the Company's on-going investment in its next generation products and the Company's strategy of increasing revenue from its subscription services products. Adjusted EBITDA, a non-GAAP financial measure, is calculated as income before income taxes, interest expense (net of interest income),

depreciation and amortization (including amortization of developed technology), and excluding charges relating to (i) legal settlements, (ii) restructuring, severance, and other charges, (iii) asset write-offs and other fair value adjustments, (iv) share-based compensation, and (v) other non-operating (income) expense.. The Company believes adjusted EBITDA is a profitability measure and a key driver of value, focusing on sales, product mix, margins, and expense management. Adjusted EBITDA was selected as an annual goal component given the desire to balance sales and margins, as both are manageable by our Named Executive Officers.

Performance percentages for payouts (with proportionate payouts between the target and maximum achievement levels) were based on varying levels of achievement of fiscal year 2016 budgeted results, as described below. Payouts were capped at 150% of target incentives.

Component	Weighting (%)	Threshold	Target	Maximum			
		Amount	Payout (% of target incentive)	Amount	Payout (% of target incentive)		
Revenue	60	\$103.9M	50	\$106.0M	100	110.2	150
Adjusted EBITDA	40	\$3.4M	50	\$3.9M	100	\$4.4M	150

The Compensation Committee believed that the plan involved performance that was moderately difficult at the threshold level, difficult at the 100% target level, given continuing transformation of the business and competition and pricing pressure in the market, and significantly difficult at the maximum level, requiring meaningful improvement over fiscal year 2015 results for revenue and adjusted EBITDA, in each case relative to future expectations at the time the levels were set. Threshold levels were considered as the achievement necessary to successfully execute a minimum level of the operating plan.

Additional detail about threshold and maximum incentives are disclosed in the Grants of Plan-Based Awards for Fiscal Year 2016 table.

Fiscal Year 2016 Payouts. Our operating results for fiscal year 2016 outperformed our plan. Total net revenue increased by 16% from \$103.5 million in fiscal year 2015 to \$120.4 million in fiscal year 2016, and EBITDA increased 258% from \$1.2 million in fiscal year 2015 to \$4.3 million in fiscal year 2016.

Component	Target	Actual	Payout (%)
Revenue	\$106.0M	\$120.4M	150%
Adjusted EBITDA (1)	\$3.9M	\$4.3M	120%

(1) Adjusted EBITDA is a non-GAAP measure. A reconciliation of net loss, a GAAP measure, for fiscal year 2016 to adjusted EBITDA is as follows:

(In thousands)	2016
Net Loss	\$ (3,765)
Income tax expense (benefit)	6
Loss before taxes	(3,759)
Depreciation of fixed assets	2,199
Amortization of intangibles	1,243
Amortization of developed technology	1,022
Interest (income) expense	(63)
EBITDA (b)	642
Share-based compensation expense	3,405
Restructuring, severance and other charges	283
Asset write-offs and other fair value adjustments	180
Other non-operating (income) expense	(491)
Legal settlements	268
Adjusted EBITDA	\$ 4,287

Adjusted EBITDA is defined as income before income taxes, interest expense (net of interest income), depreciation and amortization (including amortization of developed technology), and excluding charges relating to i) legal settlements, ii) restructuring, severance, and other charges, iii) asset write-offs and other fair value adjustments, iv) share-based compensation, and v) other non-operating (income) expense.

(b) EBITDA is defined as net income before income taxes, interest expense, depreciation and amortization.

As a result, our Named Executive Officers earned 138% of their target annual incentives related to financial targets for fiscal year 2016.

The chart below set forth the fiscal year 2016 annual incentive opportunity for each Named Executive and the actual annual incentive awards earned and paid based on the Compensation Committee's review of the achievement of the performance measures.

Executive	Target Incentive		Incentive Earned		Incentive Paid	
	% of Base	Amount (\$)	% of Target	Amount (\$)	% of Target	Amount (\$)
James Dennedy	88	360,500	138	468,650	100	360,500
Janine Seebeck	50	127,500	138	176,053	138	176,053
Kyle Badger	50	130,000	138	179,505	138	179,505
Larry Steinberg	60	157,500	138	217,477	138	217,477

As previously discussed, at the end of the fiscal year, the Compensation Committee re-assessed Mr. Dennedy's total compensation for fiscal year 2016 and deemed that the total compensation that would have been earned under his compensation package exceeded what the Committee believed to be market compensation for his position. As a result, the Committee used its discretion to reduce Mr. Dennedy's annual incentive award to 100% of his target incentive amount, from the 138% of target that would have been earned based on the Company's financial performance.

Performance Metrics for Walker. Mr. Walker's fiscal year 2016 annual incentives were set by Mr. Dennedy at the beginning of the year and consisted of (i) commissions earned for achieving gross margin quotas for bookings (i.e., dollar value of gross margin for sales booked), for which his target incentive was \$150,000, (ii) incentives earned for achieving specific customer and product transaction bookings (i.e., number of sales transactions booked), for which his target incentive was \$75,000, and (iii) a bonus of \$50,000 earned upon attaining 100% of his assigned bookings dollar amount quota for the year. Mr. Dennedy set the target bookings levels at those he believed necessary for the Company to successfully execute the operating plan. Other than the \$50,000 bonus to be earned upon attaining 100% of assigned target, which was a flat amount, there was no floor or ceiling on the amount that Mr. Walker could earn with respect to his annual incentives.

Mr. Walker substantially outperformed his bookings targets for fiscal year 2016. Mr. Walker earned (i) 154% of commissions for achieving gross margin quotas, (ii) 121% of his incentives for achieving specific customer and product transaction booking targets, and (iii) the \$50,000 bonus for achieving 100% of his assigned bookings dollar amount quota. On a blended basis, Mr. Walker earned 135% of his target annual incentives based on achievement against his performance plan. At the end of the fiscal year, due to Mr. Walker's significant contribution to the Company's outperforming its operating plan, Mr. Dennedy approved payment to Mr. Walker of 138% of his target annual incentives so that his annual incentive payout would match that of the other Named Executive Officers.

Long-Term Incentives. As with the annual incentives, the Compensation Committee approved fiscal year 2016 long-term incentive ("LTI") awards at the beginning of year when the outcome for the fiscal year was substantially uncertain. LTI awards to Named Executive Officers consisted of stock-settled appreciation rights ("SSARs") and restricted shares, both with three-year vesting schedules, pursuant to the Company's shareholder-approved 2011 Stock Incentive Plan. The Compensation Committee considered various LTI award alternatives. While annual incentives targeted specific performance goals, the focus on LTI awards was to link compensation directly to shareholder gains. SSARs provided the direct link between compensation and shareholder gains in a less dilutive manner than with stock options, and the three-year vesting schedule also enhances retention. Restricted shares also tie compensation to shareholder gains and highly bolster retention over the vesting period. As in prior years, LTI awards were granted 50% as restricted stock and 50% as SSARs for each Named Executive Officer.

LTI awards comprised 52% of total target compensation for Mr. Dennedy to directly link a significant portion of his pay, when combined with his annual incentive, to performance and comprised between 25% and 48% for our other Named Executive Officers. In setting LTI awards for the Named Executive Officers other than the CEO, the Compensation Committee received input and recommendations from our CEO regarding each Named Executive Officer's relative ability to influence results. The competitive market assessment provided by Pearl Meyers & Partners indicated that fiscal year 2014 total compensation was below the market median for Messrs. Badger and Steinberg and Ms. Seebeck. As a result, target levels of LTI were increased over the prior year for Messrs. Badger and Steinberg and

Ms. Seebeck in order to better align their total compensation with the market median and to further link pay to performance and emphasize long-term shareholder value creation, as described above.

The Compensation Committee set the annual 2016 LTI awards for each Named Executive Officer as follows:

Name	Percent of Salary (%)	Total LTI Value (\$)	SSARs Granted (#)	Restricted Shares Granted (#)
James H. Dennedy	200	824,000	105,844	45,175
Janine K. Seebeck	93	237,150	30,462	13,001
Kyle C. Badger	85	221,000	28,387	12,116
Larry Steinberg	145	380,625	48,891	20,867

All SSARs and restricted shares vest in one-third increments on March 31, 2016, 2017 and 2018. The SSARs were granted at an exercise price of \$9.12 (the closing price of the common shares on the grant date), have a seven-year term, and are settled in common shares upon exercise.

Additional Compensation - Executive Benefits. We provide executive benefits to our Named Executive Officers including additional life and long-term disability insurance plans. From time to time, Named Executive Officers also may participate in supplier sponsored events. Executive benefits are further described in the Summary Compensation Table. We believe these benefits enhance the competitiveness of our overall executive compensation package. We have, however, limited executive benefits offered to reduce compensation costs. Additionally, welfare benefits offered to our Named Executive Officers are the same level of benefits offered to all Company employees, except that we pay for the cost of physicals to promote the health and well-being of our executives.

Employment Agreements and Change of Control

The material termination and change of control provisions of various agreements are summarized below for each Named Executive Officer and are covered in more detail in the Termination and Change of Control table and accompanying discussion.

Employment Agreements. In fiscal year 2015, all of the Named Executive Officers other than Mr. Walker entered into employment agreements with the Company with substantially the same terms. Mr. Walker entered into a substantially similar employment agreement in connection with his promotion in January 2016. All of the employment agreements, including Mr. Walker's, have terms expiring July 21, 2017. Under the employment agreements, upon termination without cause, we must pay severance equal to one year's salary and target annual incentive and a lump sum amount equal to the executive's total premium for one year of COBRA continuation coverage under the Company's health benefit. If the executive's position is changed such that his or her responsibilities are substantially lessened (a "change in position"), the executive may terminate his or her employment if the Company fails to materially cure such condition within 30 days following notice of such condition by the executive, and the termination will be deemed to be a termination without cause and the executive is entitled to his or her severance benefits. None of the Named Executive Officers with employment agreements is entitled to excise tax gross-up payments. In consideration of the severance benefits, each employment agreement contains a 12-month post-termination non-solicitation provision, an indefinite confidentiality provision, and a 12-month post-termination non-compete provision. In the event that any of these Named Executive Officers are terminated without cause or for a change of position in the 24 months following a change of control of the Company, the Named Executive Officer is entitled to severance pay equal to two year's salary and target annual incentive and a lump sum amount equal to the executive's total premium for one year of COBRA continuation coverage under the Company's health benefit.

Our Compensation Committee believes that the terms of these employment agreements enhance our ability to retain our executives and contain severance costs by providing reasonable severance benefits competitive with market practice. Severance costs are contained by limiting pay to one year in the absence of a change of control, limiting personal benefits, not providing accelerated vesting for awards under the agreements, and narrowly defining a voluntary termination that triggers severance benefits. Severance payments in the event of a change of control are subject to a double trigger such that severance benefits are provided only upon a combination of a change of control and a qualified termination. Additionally, the Company benefits greatly from the non-competition, non-disclosure, and non-solicitation clauses contained in the employment agreements.

Accelerated Vesting. None of the employment agreements discussed above provide for accelerated vesting of equity. Under our 2011 Stock Incentive Plan (and the 2016 Plan, if approved by shareholders at the Annual Meeting), vesting is accelerated upon the actual occurrence of a change of control for all SSARs and restricted shares (including performance shares). The Compensation Committee believed that during a change of control situation, a stable

business environment is in the shareholders' best interests, and accelerated vesting provisions provide stability. The accelerated vesting provisions are applicable to all employees who receive equity awards, not just executive management.

The long-term incentive awards granted for fiscal year 2016 are subject to a holding period of one year following a change of control. Under this provision, all SSARs and restricted shares granted for fiscal year 2016 accelerate upon the actual occurrence of a change of control but remain subject to restrictions on exercise and transfer until the earlier of one year after the change of control or the executive's termination of employment without cause. The Compensation Committee believed that this further restriction during a change of control situation further promotes a stable business environment and is in the shareholders' best interests.

Additional Compensation Policies

Clawback - Recoupment of Bonuses, Incentives, and Gains. Under the Company's "clawback" policy, if the board of directors determines that our financial statements are restated due directly or indirectly to fraud, ethical misconduct, intentional misconduct, or a breach of fiduciary duty by one or more executive officers or vice presidents, then the board of directors will have the sole discretion to cancel any stock-based awards granted and to take such action, as permitted by law, as it deems necessary to recover all or a portion

of any bonus or incentive compensation paid and recoup any gains realized in respect of equity-based awards, provided recoveries cannot extend back more than three years. Additionally, under Section 304 of the Sarbanes-Oxley Act, if we are required to restate our financial statements due to material noncompliance with any financial reporting requirements as a result of misconduct, our CEO and CFO must reimburse us for any bonus or other incentive-based or equity-based compensation received during the 12 months following the first public issuance of the non-complying document, and any profits realized from the sale of our securities during those 12 months.

Stock Ownership Guidelines. To underscore the importance of strong alignment between the interests of management and shareholders, the board of directors approved stock ownership guidelines for directors and executives, with our CEO having the highest ownership requirement. Director and executive compensation is designed to provide a significant opportunity to tie individual rewards to long-term Company performance. The objective of our stock ownership guidelines is to support this overall philosophy of alignment and to send a positive message to our shareholders, customers, suppliers, and employees of our commitment to shareholder value. Each director and executive officer is expected to maintain minimum share ownership of either: (i) the number of shares with a value based on a multiple of base salary or director annual retainer listed below, or (ii) the number of shares listed below:

Title	Multiple of Director Annual Retainer and Executive Base Salary			
	Number of Shares		Number of Shares	
	2 Years	4 Years	2 Years	4 Years
Director	3x	6x	15,000	45,000
CEO	2.5x	5x	125,000	250,000
Senior Vice President	0.5x	2x	15,000	75,000
LTIP Participants	—	0.5x	2,500	15,000

Stock ownership that is included toward attainment of the guidelines includes (i) shares held of record or beneficially owned, either directly or indirectly; (ii) shares acquired upon exercise of stock options or SSARs; (iii) vested restricted or deferred shares; (iv) phantom or deferred share units held in a deferred compensation plan; and (v) shares or deferred shares acquired by dividend reinvestment. Directors and executives are expected to attain the specified target ownership levels within both two and four years from the later of the effective date of this policy or becoming a director or an executive, and remain at or above that level until retirement. Annually, the board of directors reviews progress toward achieving these ownership levels. Director and executives who have not attained the specified ownership guidelines will be required to hold 75% of shares acquired upon exercise of stock options and SSARs or vesting of performance or restricted shares until they meet their target ownership level. If ownership guidelines are not met within two and four years, our Compensation Committee has the right to pay an executive's annual incentives in shares until ownership guidelines are achieved.

Stock Retention Policy. Under the Company's stock retention policy, directors and executive officers are required to hold shares of Company stock for at least one year after such shares vest in the case of performance or restricted shares, or one year after exercise in the case of stock options or SSARs, or until the earlier date of their termination of service as a director or executive officer. The holding period policy does not apply in instances of a "change in control," as defined in the 2011 Stock Incentive Plan and 2016 Stock Incentive Plan.

Impact of Tax and Accounting Considerations. In general, the Compensation Committee considers the various tax and accounting implications of the pay mechanisms used to provide pay to our Named Executive Officers, including the accounting cost associated with long-term incentive grants, when determining compensation. Section 162(m) of the Internal Revenue Code generally prohibits any publicly held corporation from taking a federal income tax deduction for pay to the chief executive officer and the three other highest compensated executive officers (other than

the chief financial officer) in excess of \$1 million in any taxable year. Exceptions are made for certain qualified performance-based pay. It is the Compensation Committee's objective to maximize the effectiveness of our executive pay plans in this regard. The pay instruments used, including salaries, annual incentives, and equity, are tax deductible to the extent that they are performance-based or less than \$1 million for such Named Executive Officer in a given year. However, the Compensation Committee retains discretion to pay compensation that is not tax deductible in situations where it believes such compensation is appropriate.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with the Company's management. Based on that review and discussion, the Compensation Committee recommended to the board of directors that the Compensation Discussion and Analysis be included in the Company's Annual Report on Form 10-K for the fiscal year ended March 31, 2016 and the Proxy Statement for its 2016 Annual Meeting of Shareholders.

(1)

(1) For Ms. Seebeck and Mr. Badger, FY14 amounts consist of discretionary bonuses related to the RSG transaction. For Mr. Walker, FY16 amount consists of sales commissions and annual incentives associated with sales goals.

(2) Stock Awards include grants of restricted shares and performance shares. Option Awards include SSAR grants. Amounts disclosed do not represent the economic value received by the Named Executive Officers. The value, if any, recognized upon the exercise of a SSAR will depend upon the market price of the shares on the date the SSAR is

exercised. The value, if any, recognized for restricted and performance shares will depend upon the market price of the shares upon vesting. In accordance with SEC rules, the values for restricted and performance shares and SSARs are equal to the aggregate grant date fair value for each award computed in accordance with FASB ASC Topic 718. The values for restricted and performance shares are based on the closing price on the grant date. The values for SSARs are based on the Black-Scholes option pricing model. A discussion of the assumptions used in determining these valuations is set forth in Note 14 of the Notes to Consolidated Financial Statements of the Company's 2016 Annual Report. For Stock Awards, the amounts shown represent grants of restricted shares to each

Named Executive Officer as part of the executive's annual long-term equity grant, and for 2015 includes grants of restricted shares to improve retention of key management, including the Named Executive Officers.

(3) Amounts represent annual incentive payments received for 2016, 2015 and 2014 based on pre-set incentive goals established at the beginning of each fiscal year and tied to the Company's financial, strategic, and operational goals.

(4) All other compensation includes the following compensation, calculated based on the aggregate incremental cost to the Company of the benefits noted:

(1) Amounts shown in the columns under Estimated Future Payouts Under Non-Equity Incentive Plan Awards represent fiscal year 2016 annual threshold, target, and maximum cash-based annual incentives granted under the annual incentive plan. Total threshold, target, and maximum payouts were conditioned on achievement of weighted goals based on revenue and adjusted operating income for each Named Executive Officer. Fiscal year 2016 payouts for each Named Executive Officer pursuant to these awards are shown in the Summary Compensation Table above in the column titled Non-Equity Incentive Plan Compensation. Further explanation of potential and actual payouts by component is set forth in the Compensation Discussion and Analysis - Annual Incentives.

(2)The share amounts shown represent grants of restricted shares to each Named Executive Officer as part of the executive's annual long-term equity grant.

(3)The share amounts represent SSARs granted at the fair market value of the shares on the grant date as fiscal year 2016 long-term incentive awards. The SSARs are exercisable in thirds beginning on March 31, 2016. All SSARs have a seven-year term.

(4)The dollar amount shown for each equity grant represents the grant date fair value of the SSARs and restricted shares, calculated in accordance with FASB ASC Topic 718. The actual value, if any, recognized upon the exercise of a SSAR or vesting of restricted shares will depend upon the market price of the shares on the date the SSAR is exercised or restricted shares vest.

Termination and Change of Control

The following table and discussion summarize certain information related to the total potential payments which would have been made to the Named Executive Officers in the event of termination of their employment with the Company, including in the event of a change of control, effective March 31, 2016, the last business day of fiscal year 2016.

Employment Agreements. The Named Executive Officers are each a party to an employment agreement with the Company. Under the employment agreements, if we terminate any of the Named Executive Officers' employment without cause, he or she will receive severance equal to one year's salary and target annual incentive, and a lump sum amount equal to the executive's total premium for one year of COBRA continuation coverage under the Company's health benefit. If the Company changes the Named Executive Officer's position such that his or her compensation or responsibilities are substantially lessened, and the Company fails to cure such situation within 30 days after notice, he or she may terminate his or her employment and will receive his or her severance benefits. In the event that any of the Named Executive Officers are terminated without cause or for a change of position in the 24 months following a change of control of the Company, the Named Executive Officer is entitled to severance pay equal to two year's salary and target annual incentive and a lump sum amount equal to the executive's total premium for one year of COBRA continuation coverage under the Company's health benefit. Following a termination of employment for any reason the executive is prohibited for a one-year period following termination from being employed by, owning, operating, controlling, or being connected with any business that competes with the Company. Each executive's agreement also contains an indefinite non-disclosure provision for the protection of the Company's confidential information and one-year non-solicitation and non-compete provisions.

(1)For the Named Executive Officers, “cause” is defined as (i) breach of employment agreement or any other duty to the Company, (ii) dishonesty, fraud, or failure to abide by the published ethical standards, conflicts of interest, or material breach of Company policy, (iii) conviction of a felony crime or crime involving misappropriation of money or other Company property, (iv) misconduct, malfeasance, or insubordination, or (v) gross failure to perform (not including failure to achieve quantitative targets). A “change in position” is the substantial lessening of compensation or responsibilities. After a change in position, the executive has 30 days to notify the Company of his or her termination of employment, and the Company has 30 days to cure. A “voluntary termination” includes death, disability, or legal incompetence.

(2)Health Insurance consists of health care and dental care benefits. The amount reflects 12 months of benefits for the Named Executive Officers that participate in the Company's plans. These benefits have been calculated based on actual cost to us for fiscal year 2016.

(3)Severance payments in the event of a change of control are subject to a double trigger such that severance benefits are provided only upon a combination of a change of control and a qualified termination. SSARs and restricted shares vest upon a change of control. For SSARs (except as qualified below) the value of accelerated vesting is calculated using the closing price of \$10.21 per share on March 31, 2016 less the exercise price per share for the total number of SSARs accelerated. The value of restricted shares upon vesting reflects that same \$10.21 closing price. Values represent potential vesting under a hypothetical change of control situation on March 31, 2016.

(4)All SSARs and restricted shares vest upon death or disability.

On May 31, 2011, MAK Fund, Paloma and Computershare Trust Company, N.A. (the “Trustee”) entered into an Amended and Restated Voting Trust Agreement (the “Revised Voting Trust Agreement”) to clarify the effect on the voting trust created by the Voting Trust Agreement dated as of December 31, 2009, were the reporting persons (named above) to beneficially own one-third or more of the Company’s outstanding voting securities as a result of a decrease in the total number of voting securities outstanding. In such event, regardless of the reporting persons’ economic interest in the Company, its voting power will be effectively limited to no more than 23% or 27% of the voting securities in the event of a shareholder vote on (i) a merger, consolidation, conversion, sale or disposition of stock or assets or other business combination which requires approval of two-thirds of the Company’s voting power (a “Strategic Transaction”) or (ii) a transaction other than a Strategic Transaction which requires approval of two-thirds of the Company’s voting power (an “Other Transaction”), respectively. In connection with a Strategic Transaction or Other Transaction, the reporting persons would continue to possess the total voting power only over a number of voting securities that would equal the total voting power it would possess were it to hold only one-third of the voting securities. The Revised Voting Trust Agreement will become effective if and when the number of shares owned by the reporting persons equals or exceeds one-third of the voting securities then outstanding as a result of a decrease in the total number of voting securities outstanding. Until such time, the Voting Trust Agreement will remain in full force and effect.

The Voting Trust Agreement provides that, for transactions requiring at least two-thirds of the voting power to approve, Trustee will vote shares as follows: (i) for a Strategic Transaction, vote shares that exceed 20% of the outstanding shares in favor of, against, or abstaining from voting in the same proportion as all other shares voted by shareholders (including reporting persons’ shares that do not exceed the 20% threshold); and (ii) for Other Transactions, vote shares that exceed 25% of the outstanding shares in favor of, against, or abstaining from voting in the same proportion as all other shares voted by shareholders (including reporting persons’ shares that do not exceed the 25% threshold). The Voting Trust Agreement terminates (i) if the vote necessary to approve all forms of transactions is lowered to the affirmative vote of holders of shares entitling them to exercise at least a majority of the voting power on the proposal to approve such transactions (from two-thirds); (ii) if MAK Fund and Paloma are no longer members of a “group” for purposes of Section 13(d) of the Securities Exchange Act, then the Voting Trust Agreement terminates with respect to any of MAK Fund and Paloma that beneficially owns not more than 20% of the outstanding shares; (iii) on February 18, 2020, or February 18, 2025 if MAK Fund continues to hold 20% of the outstanding shares; or (v) if another person or entity holds greater than 20% of the outstanding shares that are not subject to a similar voting agreement.

Item 13. Certain Relationships and Related Transactions, and Director Independence.

RELATED PERSON TRANSACTIONS

All related person transactions with the Company require the prior approval or ratification by our Audit Committee. The board of directors adopted Related Person Transaction Procedures to formalize the procedures by which our Audit Committee reviews and approves or ratifies related person transactions. The procedures set forth the scope of transactions covered, the process for reporting such transactions, and the review process. Covered transactions include any transaction, arrangement, or relationship with the Company in which any director, executive officer, or other related person has a direct or indirect material interest, except for business travel and expense payments, share ownership, and executive compensation approved by the board of directors. Transactions are reportable to the Company's General Counsel, who will oversee the initial review of the reported transaction and notify the Audit Committee of transactions within the scope of the procedures, and the Audit Committee will determine whether to approve or ratify the transaction. Through our Nominating and Corporate Governance Committee, we make a formal yearly inquiry of all of our executive officers and directors for purposes of disclosure of related person transactions, and any such newly revealed related person transactions are conveyed to the Audit Committee. All officers and directors are charged with updating this information with our internal legal counsel.

DIRECTOR INDEPENDENCE

NASDAQ listing standards provide that at least a majority of the members of the board of directors must be independent, meaning free of any material relationship with the Company, other than his relationship as a director. The Guidelines state that the board of directors should consist of a substantial majority of independent directors. A director is not independent if he fails to satisfy the standards for director independence under NASDAQ listing standards, the rules of the SEC, and any other applicable laws, rules, and regulations. During the board of directors' annual review of director independence, the board of directors considers transactions, relationships, and arrangements, if any, between each director or a director's immediate family members and the Company or its management. In June 2016, the board of directors performed its annual director independence review and as a result of such review determined that each of Donald Colvin, Jerry Jones, Michael A. Kaufman, Melvin Keating, Keith M. Kolerus, and John Mutch qualify as independent directors. Mr. Dennedy is not independent because of his service as President and CEO of the Company.

Item 14. Principal Accountant Fees and Services.

The Audit Committee reviewed the fees of Grant Thornton LLP, our Independent Accountant for fiscal year 2016, and of PricewaterhouseCoopers LLP (“PwC”), our Independent Accountant for fiscal year 2015. “Audit Fees” consist of fees billed for professional services provided for the annual audit of our financial statements, annual audit of internal control over financial reporting, review of the interim financial statements included in quarterly reports, and services that are normally provided in connection with statutory and regulatory filings. “Audit-Related Fees” generally include fees for employee benefits plan audits, business acquisitions, and accounting consultations. “Tax Fees” include tax compliance and tax advice services. “All Other Fees” generally relate to services provided in connection with non-audit acquisition activities.

The Audit Committee adopted an Audit and Non-Audit Services Pre-Approval Policy (the “Policy”) to ensure compliance with SEC and other rules and regulations relating to auditor independence, with the goal of safeguarding the continued independence of our Independent Accountant. The Policy sets forth the procedures and conditions pursuant to which audit, review, and attest services and non-audit services to be provided to the Company by our Independent Accountant may be pre-approved. The Audit Committee is required to pre-approve the audit and non-audit services performed by our Independent Accountant to assure that the provision of such services does not impair independence. Unless a type of service to be provided has received pre-approval as set forth in the Policy, it will require separate pre-approval by the Audit Committee before commencement of the engagement. Any proposed service that has received pre-approval but which will exceed pre-approved cost limits will require separate pre-approval by the Audit Committee. All audit, non-audit, and tax services were pre-approved by the Audit Committee during fiscal years 2016 and 2015.
