1. Telefónica – Presentation on quarterly results January-December 2018 ²	
--	--

RESULTS JANUARY | DECEMBER 2018

Disclaimer This document and the Q&A session may contain forward-looking statements and information (hereinafter, the "Statements") relating to the Telefónica Group (hereinafter, the "Company" or "Telefónica") or otherwise. These Statements may include financial forecasts and estimates based on assumptions or statements regarding plans, objectives and expectations that make reference to different matters, such as the customer base and its evolution, growth of the different business lines and of the global business, market share, possible acquisitions, divestitures or other transactions, Company's results and other aspects

Edgar Filing: TELEFONICA S A - Form 6-K

related to the activity and situation of the Company. The Statements can be identified, in certain cases, through the use of words such as “forecast”, “expectation”, “anticipation”, “aspiration”, “purpose”, “belief” or similar expressions or variations of such expressions. These Statements reflect the current views of Telefónica with respect to future events, do not represent, by their own nature, any guarantee of future fulfilment, and are subject to risks and uncertainties that could cause the final developments and results to materially differ from those expressed or implied by such Statements. These risks and uncertainties include those identified in the documents containing more comprehensive information filed by Telefónica before the different supervisory authorities of the securities markets in which its shares are listed and, in particular, the Spanish National Securities Market Commission. Except as required by applicable law, Telefónica does not assume any obligation to publicly update the Statements to adapt them to events or circumstances taking place after the date hereof, including changes in the Company's business, in its business development strategy or any other unexpected circumstance. This document and the Q&A session may contain summarized, non-audited or non-GAAP financial information. The information contained herein and therein should therefore be considered as a whole and in conjunction with all the public information regarding the Company available, including, if any, other documents released by the Company that may contain more detailed information. In October 2015, the European Securities Markets Authority (ESMA) published guidelines on Alternative Performance Measures (APM), applicable to regulated information published from July 3, 2016. Information related to APM used in this presentation are included in our consolidated financial statements and consolidated management report for the year 2018 submitted to the Spanish National Securities Market Commission (CNMV), in Note 2, page 17 of the .pdf filed. Recipients of this document are invited to read it. Neither this document nor the Q&A session nor any of their contents constitute an offer to purchase, sale or exchange any security, a solicitation of any offer to purchase, sale or exchange any security, or a recommendation or advice regarding any security.

2018 Highlights Gaining customers' relevance Transforming our revenue mix Investing to reinforce our platforms Top digital customer experience, Radical transformation in demand Best technological platforms at the best technology at their service from voice to data service of our customers' needs Demand for FTTx/Cable, LTE, Pay TV Increasing weight of high growing At the forefront of technology unabated revenues (BB and SoC) Increasing customer lifetime = Created several unicorns Pioneers in digitalisation, providing business sustainability simplification, virtualisation & AI Growth (sustainable & profitable)
