#### About PICO Holdings

PICO Holdings is a diversified holding company. Currently, we believe the highest potential return to shareholders is from a return of capital to shareholders. As we monetize assets, rather than reinvest the proceeds, we intend to return the capital derived therefrom, less any working capital requirements, back to shareholders through a stock repurchase program or by other means such as special dividends taking into effect liquidity requirements, debt covenants and any other contractual and legal restrictions that may exist at the time.

As of March 31, 2016, our two major investments were:

• Vidler Water Company, Inc., a water resource development business; and  
• a 56.9% interest in UCP, Inc. (NYSE: UCP), a publicly-traded homebuilder and land developer in markets located in California, Washington State, North Carolina, South Carolina and Tennessee.
