ITEM 5. OTHER EVENTS

On July 15, 2002, the Company announced that the ATWOOD SOUTHERN CROSS has been awarded two new contracts. A one well contract awarded by Oil Fields Ltd. to drill off the coast of Israel and a two-well plus one option well contract awarded by Eni S.p.A. - Agip Division ("AGIP") to drill off the coasts of Sicily and Calabria. A copy of the press release announcing the contract awards is filed with the Form 8-K as Exhibit 99.1 and is incorporated herein by reference.

ITEM 7. EXHIBITS

EXHIBIT 99.1 PRESS RELEASE DATED July 15, 2002

EXHIBIT 99.2 CONTRACT STATUS SUMMARY AT July 15, 2002

ITEM 9. REGULATION FD DISCLOSURE

RIG-200, a platform rig located in Australia that has been idle since June 1999, has been retired, with its equipment available for sale. RIG-200 is fully depreciated; thus, its retirement has no significant impact on the Company's

financial statements.

Additional information with respect to the Company's contract status summary at July 15, 2002 is attached hereto as EXHIBIT 99.2, which is being furnished in accordance with Rule 101 (e) (1) under Regulation FD and should not be deemed to be filed.

Statements contained in this report with respect to the future are forward-looking statements. These statements reflect management's reasonable judgment with respect to future events. Forward-looking statements involve risks and uncertainties. Actual results could differ materially from those anticipated as a result of various factors; the Company's dependence on the oil and gas industry; the risks involved in upgrade to the Company's rigs; competition; operating risks; risks involved in foreign operations; risks associated with possible disruptions in operations due to terrorism; and governmental regulations and environmental matters. A list of additional risk factors can be found in the Company's Annual Report on Form 10-K for the year ended September 30, 2001, filed with the Securities and Exchange Commission.

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.

For Immediate Release

Atwood Oceanics, Inc. (a Houston based international offshore drilling contractor - NYSE: ATW) announced today that the ATWOOD SOUTHERN CROSS has been awarded two new contracts. A one-well contract awarded by Oil Fields Ltd. to drill off the coast of Israel and a two-well plus one option well contract awarded by Eni S.p.A. - AGIP division ("AGIP") to drill off the coasts of Sicily and Calabria. The operating dayrate for the Oil Fields Ltd. well is \$60,000, with the well estimated to take 30 days to complete. The operating dayrate for the AGIP work is \$60,000, with this work estimated to take 60 to 90 days to complete. AGIP will pay rig mobilization costs from Israel to Sicily. AGIP is also paying \$550,000 for upgrade of the ATWOOD SOUTHERN CROSS to meet certain Italian requirements. Additionally, prior to commencing drilling operations, the rig must undergo certain Italian inspections estimated to take five to ten days to complete, with the first five days at zero rate and \$38,000 per day for all days beyond the first five days. The ATWOOD SOUTHERN CROSS is expected to complete its current contract around mid-July 2002 and is not expected to commence the Oil Fields Ltd. work until mid-August 2002. During this expected month idle period, the rig will undergo required regulatory inspections and upgrades for the AGIP contract.
