Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers

(e) On February 15, 2012, the Compensation Committee of our Board of Directors approved design changes to our long-term incentive award program for our officers, including all of our named executive officers.

Under our prior program, officers received a combination of stock options and time-based restricted stock units, each vesting over a four-year period. Under this new program design, officers will instead receive their long-term incentive awards through a 50/50 mix of performance shares and time-based restricted stock units.

Each performance share award will be expressed as a target number of performance shares based upon the fair market value of our common stock on the date of grant. The performance shares will vest on the third anniversary of the grant date in such amount as determined based upon our achievement of certain pre-established business performance criteria for the performance period. The restricted stock units will continue to vest in equal annual installments over a four year period. Both performance shares and restricted stock units will be issued pursuant to our 2008 Equity Incentive Plan.

We believe these design changes assist us to diversify our compensation programs, further strengthen our linkage between pay and performance and strike a more appropriate balance among motivating the officers, rewarding performance, mitigating risk and helping the executives increase their equity ownership.

The form of the Performance Shares Agreement for grants made to our officers, including our named executive officers, is attached hereto as Exhibits 10.1.
