Item 1.01 Entry into a Material Definitive Agreement.

On April 22, 2016, FuelCell Energy, Inc. (the “Company”) entered into a modification of its lease with Technology Park Associates, LLC. (“TPR”) in relation to the existing fuel cell manufacturing facility in Torrington, Connecticut, USA and the land required for the Company’s planned expansion of the facility. As previously disclosed, on November 9, 2015, the Company closed on a definitive Assistance Agreement with the State of Connecticut and received a disbursement of \$10 million to be used for the expansion of the existing 65,000 square feet by approximately 102,000 square feet for a total size of 167,000 square feet. Construction of the expanded facility commenced in the Company’s fiscal 2016 and is expected to be completed in fiscal 2017.

This lease modification with TPR extends the term for an additional period of fifteen years from January 1, 2016 through December 31, 2030 and provides the Company the right to expand the existing facility to 167,000 square feet. The Company will pay a base rent to TPR of \$308,750 for the first five years commencing on January 1, 2016. This is a reduction from the prior base rent of \$448,308 payable annually from the period of January 1, 2011 through December 31, 2015. Commencing January 1, 2021, the Company will pay a base rent of \$373,750 and commencing January 1, 2026, the Company will pay a base rent of \$438,750 for the final five years of the fifteen year term.

The term can be further extended for up to three additional periods of five years each at the Company's option subject to certain notification and other provisions outlined in the lease. Rent payments for any additional five year extension of the lease will be subject to TPR providing a fair market rent determination which is subject to the Company’s acceptance. The Company has the right to purchase the facility and premises as defined within the lease for a price of \$4,750,000 at any time during the fifteen year term, but no later than December 31, 2030 by giving TPR a minimum of six months prior written notice.

The foregoing summary of the material terms of the lease modification is qualified in its entirety by reference to the full text of the lease modification agreement, a copy of which is attached as Exhibit 10.1 to this Report and incorporated herein by reference.
