Form 10-Q
August 04, 2005

FORM 10-Q

SECURITIES AND EXCHANGE COMMISSION
WASHINGTON, DC 20549

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE
SECURITIES EXCHANGE ACT OF 1934
For the quarterly period ended June 30, 2005

OR

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE
SECURITIES EXCHANGE ACT OF 1934
For the Transition Period From _____ to _____

Commission File Number 0-20979

INDUSTRIAL SERVICES OF AMERICA, INC.

(Exact Name of Registrant as specified in its Charter)

Florida

(State or other jurisdiction of
Incorporation or Organization)

59-0712746

(IRS Employer
Identification No.)

7100 Grade Lane, PO Box 32428
Louisville, Kentucky 40232
(Address of principal executive offices)

(502) 368-1661

(Registrant's Telephone Number, Including Area Code)

Check whether the registrant (1) has filed all Reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. YES X NO ___

Indicate by check mark whether the registrant is an accelerated filer (as defined in rule 12b-2 of the Act). Yes ___ No X

Indicate the number of shares outstanding of each of the issuer's classes of common stock, as of June 30, 2005: 3,576,408.

INDUSTRIAL SERVICES OF AMERICA, INC. AND SUBSIDIARIES

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

NOTE 1 -- BASIS OF PRESENTATION

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with U. S. generally accepted accounting principles for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by U. S. generally accepted accounting principles for complete consolidated financial statements. The information furnished includes all adjustments, which are, in the opinion of management, necessary to present fairly our financial position as of June 30, 2005 and the results of our operations and changes in our cash flow for the periods ended June 30, 2005 and 2004. Results of operations for the period ended June 30, 2005 are not necessarily indicative of the results that may be expected for the entire year. Additional information, including the audited December 31, 2004 consolidated financial statements and the Summary of Significant Accounting Policies, is included our Annual Report on Form 10-K for the year ended December 31, 2004 on file with the Securities and Exchange Commission.

NOTE 2 -- ESTIMATES

In preparing the condensed consolidated financial statements in accordance with U. S. generally accepted accounting principles for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X, management must make estimates and assumptions. These estimates and assumptions affect the amounts reported for assets, liabilities, revenues and expenses, as well as affecting the disclosures provided. Future results could differ from the current estimates.

NOTE 3 -- LONG TERM DEBT AND NOTES PAYABLE TO BANK

We currently maintain a \$5.0 million senior revolving credit facility with the Branch Banking and Trust Company. Indebtedness under this credit facility accrues interest at BB&T's prime rate less one eighth (6.125% at June 30, 2005). The maturity date under this agreement is January 2008. We have collateralized the credit facility with all our assets. As of June 30, 2005 and December 31, 2004, there were no borrowings against the credit facility. The terms of the credit facility place certain restrictive covenants on us, including maintenance of a specified tangible net worth, debt to net worth and EBITDA ratio. Consequently, these covenants restrict our ability to incur as much additional debt as we may desire for future growth. At June 30, 2005, we were in compliance with all restrictive covenants and the entire amount of our credit facility was available for borrowings.

NOTE 4 -- SEGMENT INFORMATION

The Company's operations include three primary segments: ISA Recycling, Computerized Waste Systems (CWS), and Waste Equipment Sales & Service (WESSCO). ISA Recycling provides products and services to meet the needs of its customers related to ferrous, non-ferrous and fiber recycling at two locations in the Midwest. CWS provides waste disposal services including contract negotiations with service providers,

Edgar Filing: INDUSTRIAL SERVICES OF AMERICA INC /FL - Form 10-Q

centralized billing, invoice auditing, and centralized dispatching. WESSCO sells, leases, and services waste handling and recycling equipment.

The Company's three reportable segments are determined by the products and services that each offers. The recycling segment generates its revenues based on buying and selling of ferrous, non-ferrous and fiber scrap; CWS's revenues consist of charges to customers for waste disposal services; and WESSCO sales and lease income comprise the primary source of revenue for this segment. The components of the column labeled "other" are selling, general and administrative expenses that are not directly related to the three primary segments.

We evaluate segment performance based on gross profit or loss and the evaluation process for each segment includes only direct expenses and selling, general and administrative costs, omitting any other income and expense and income taxes.

NOTE 5 -- INVENTORIES

Our inventories primarily consist of ferrous and non-ferrous scrap metals and are valued at the lower of average purchased cost or market. Quantities of inventories are determined based on our inventory systems and are subject to periodic physical verification using estimation techniques including observation, weighing and other industry methods. We would recognize inventory impairment when the market value, based upon current market pricing, falls below recorded value or when the estimated volume is less than the recorded volume of the inventory. We would record the loss in cost of goods sold in the period during which we identified the loss.

Some commodities are in saleable condition at acquisition. We purchase these commodities in small amounts until we have a truckload of material available for shipment. Some commodities are not in saleable condition at acquisition. These commodities must be torched, sheared or baled. We do not have work-in-process inventory that needs to be manufactured to become finished goods. We include processing costs in inventory for all commodities by gross ton. Ferrous inventory of \$1,597,261 at June 30, 2005 was comprised of \$443,401 in raw materials and \$1,153,960 of finished goods. Non-ferrous inventory of \$1,250,966 at June 30, 2005 was comprised of \$187,880 in raw materials and \$1,063,086 of finished goods. Ferrous inventory of \$1,140,905 at December 31, 2004 was comprised of \$326,917 in raw materials and \$813,988 of finished goods. Non-ferrous inventory of \$870,038 at December 31, 2004 was comprised of \$207,794 in raw materials and \$662,244 of finished goods.

Inventory also includes all types of industrial waste handling equipment and machinery held for resale such as compactors, balers, and containers. Other inventory includes cardboard and baling wire. Inventories as of June 30, 2005 and December 31, 2004 consist of the following:

	June 30, <u>2005</u>	December 31, <u>2004</u>
Ferrous	\$ 1,597,261	\$ 1,140,905
Non-ferrous	1,250,966	870,038
Waste equipment machinery	84,952	118,249
Other	<u>13,265</u>	<u>23,182</u>
Total inventories	<u>\$ 2,946,444</u>	<u>\$ 2,152,374</u>

NOTE 6 --- PROPERTY PURCHASE

On June 29, 2005, we exercised the purchase option on a capital lease agreement for five acres at 1565 East 4th Street, Seymour, Indiana for \$425,000. The property is located approximately 60 miles north of Louisville, Kentucky. The land is improved by an approximately 10,000 square foot maintenance and office building. We purchased this property with existing cash flows and we use it for ferrous and nonferrous operations.

NOTE 7 -- PER SHARE DATA

The computation for basic and diluted earnings per share is as follows:

Six months ended June 30, 2005 compared to six months ended June 30, 2004:

	<u>2005</u>	<u>2004</u>
Basic earnings per share		
Net income	\$ 360,767	\$ 812,977
Weighted average shares outstanding	<u>3,576,351</u>	<u>3,401,519</u>
Basic earnings per share	\$ <u>.10</u>	\$ <u>.24</u>
Diluted earnings per share		
Net income	\$ 360,767	\$ 812,977
Weighted average shares outstanding	3,576,351	3,401,519
Add dilutive effect of assumed exercising of stock options	<u>23,606</u>	<u>186,667</u>
Diluted average shares outstanding	<u>3,599,957</u>	<u>3,588,186</u>
Diluted earnings per share	\$ <u>.10</u>	\$ <u>.23</u>

Three months ended June 30, 2005 compared to three months ended June 30, 2004:

	<u>2004</u>	<u>2004</u>
Basic earnings per share		

Edgar Filing: INDUSTRIAL SERVICES OF AMERICA INC /FL - Form 10-Q

Net income	\$ 211,679	\$ 363,693

Diluted average shares outstanding	<u>3,591,054</u>	<u>3,571,194</u>
------------------------------------	------------------	------------------

Diluted earnings per share	\$ <u>.06</u>	\$ <u>.10</u>
----------------------------	---------------	---------------

NOTE 7 -- PER SHARE DATA

, continued

In the second quarter of 2004, a permanent tax benefit of \$127,300 related to the exercise of non-employee stock options was inadvertently recorded as a reduction to income tax expense. At year-end of 2004, we determined that the tax benefit should be reported as an increase to additional paid-in-capital in the second quarter of 2004. For the second quarter of 2004, the net income amount of \$363,693 (with basic and diluted earnings per share of \$0.10) shown above is \$127,300 less (with basic and diluted earnings per share of \$0.04) than the net income amount of \$490,933 (with basic and diluted earnings per share of \$0.14) previously reported in the second quarter report on Form 10-Q. For the six months of 2004, the net income amount of \$812,977 (with basic earnings per share of \$0.24 and diluted earnings per share of \$0.23) shown above is \$127,300 less (with basic earnings per share of \$0.04 and diluted earnings per share of \$0.03) than the net income amount of \$940,277 (with basic earnings per share of \$0.28 and diluted earnings per share of \$0.26) previously reported in the second quarter report on Form 10-Q.

ITEM 2: MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

The following discussion and analysis should be read in conjunction with our consolidated financial statements and the accompanying notes thereto included elsewhere in this report. We have reclassified certain prior year amounts to conform to the current year presentation with no effect on previously reported net income (loss) or shareholders' equity.

The following discussion and analysis contains certain financial predictions, forecasts and projections which constitute "forward-looking statements" within the meaning of the federal securities laws. Actual results could differ materially from those financial predictions, forecasts and projections and there can be no assurance that we will achieve such financial predictions, forecasts and projections. Factors that could affect financial predictions, forecasts and projections include the fluctuations in the commodity price index and any conditions internal to our major customers, including loss of their accounts.

General

We continue to pursue a growth strategy in the waste management services arena servicing over 5,000 customer locations throughout the United States, Canada, and Puerto Rico and building a base of approximately 2,300 service providers. This strategy will allow for diversity of business opportunities so that we are not as dependent upon the operating results of the recycling division. This diversity has helped to stabilize revenues and gross profit during a period of time when commodity prices fluctuate and affect the ferrous and non-ferrous markets. Much of our focus and attention now and in the future is directed towards the growth of the management services business segment through expansion in the existing markets. We are also focused upon technology enhancements that we can provide to the new and existing customer base to further solidify customer relationships. Additionally, we are exploring strategic alliances and relationships that will enable us to effectively execute our growth.

We have operating locations in Louisville, Kentucky, and Seymour, Indiana. We do not have operating locations outside the United States but we service over 5,000 customer locations throughout the United States, Canada, Mexico and Puerto Rico, building a base of approximately 2,300 service providers. Revenue derived from customers located outside the United States was \$1,756,544 for the six months ended June 30, 2005. Cost of goods sold derived from customers located outside the United States was \$1,702,129. Gross profit before selling, general and administrative expenses was \$54,415. We do not separate selling, general and administrative expenses between customers located in the United States or outside the United States.

We derive a significant portion of our revenues from one primary customer, The Home Depot, accounting for approximately 59% and 51% of the first two quarters 2005 and 2004 total revenues, respectively. The loss of all or a substantial portion of the business from this primary customer could have a material adverse effect on us.

Liquidity and Capital Resources

As of June 30, 2005 we held cash and cash equivalents of \$1,047,623.

We currently maintain a \$5.0 million senior revolving credit facility with the Branch Banking and Trust Company. Indebtedness under this credit facility accrues interest at BB&T's prime rate less one eighth (6.125% at June 30, 2005). The maturity date under this agreement is January 2008. We have collateralized the credit facility with all our assets. As of June 30, 2005 and December 31, 2004, there were no borrowings against the credit facility. The terms of the credit facility place certain restrictive covenants on us, including maintenance of a specified tangible net worth, debt to net worth and EBITDA ratio. Consequently, these covenants restrict our ability to incur as much additional debt as we may desire for future growth. At June 30, 2005, we were in compliance with all restrictive covenants and the entire amount of our credit facility was available for borrowings.

During the first six months of 2005, we purchased \$1,107,029 of property and equipment. In the recycling segment we spent approximately \$146,581 for two crane engines, a scale and a conveyor belt. In the equipment sales, leasing and service segment, we capitalized approximately \$493,631 as rental equipment that we located at customer sites. This rental fleet equipment consists of solid waste handling and recycling equipment such as compactors, containers and balers. It is our intention to continue to pursue this market. We purchased 2.75 acres of unimproved land located at 7021-7103 Grade Lane, Louisville, Kentucky for \$265,000. Building and land improvements were \$198,244. Capitalized computer hardware and software was \$3,573. We purchased these fixed asset additions with existing cash flows.

In the second quarter of 2005, we exercised the purchase option on a capital lease agreement for five acres at 1565 East 4th Street, Seymour, Indiana for \$425,000. The property is located approximately 60 miles north of Louisville, Kentucky. The land is improved by an approximately 10,000 square foot maintenance and office building. We use this property for ferrous and nonferrous operations.

We implemented the use of a purchasing card with a credit limit of \$6.0 million in the second quarter of 2004. We have included the balance due on the purchasing card as part of accounts payable. The outstanding balance on the purchasing card at June 30, 2005 was \$1,786,657 with a due date of July 27, 2005. The card accrues interest at prime plus 5.9% after the first twenty-five days of the purchase; our intention is to pay off the full balance every month so as to not incur finance charges. To date, we have not incurred any interest charges on this purchasing card. The card requires monthly minimum payments on any balance outstanding at month end. We receive rebates on an annual basis for all purchases made with the card.

We expect that existing cash flow from operations and available credit under our existing credit facilities will be sufficient to meet our cash needs during the remainder of 2005.

Results of Operations

The following table presents, for the years indicated, the percentage relationship that certain captioned items in our Consolidated Statements of Income bear to total revenues and other pertinent data:

	<u>Six months ended June 30,</u>	
	<u>2005</u>	<u>2004</u>
Statements of Income Data:		
Total revenue	100.0%	100.0%

Edgar Filing: INDUSTRIAL SERVICES OF AMERICA INC /FL - Form 10-Q

Cost of goods sold.....	94.3%	93.9%
Selling, general and administrative expenses	4.7%	4.1%
Income before other expenses.....	1.0%	2.0%

Six months ended June 30, 2005 compared to six months ended June 30, 2004

Total revenue decreased \$5,744,101 or 8.3% to \$63,074,377 in 2005 compared to \$68,818,478 in 2004. Recycling revenue decreased \$6,499,027 or 30.5% to \$14,780,866 in 2005 compared to \$21,279,893 in 2004. This is due to a decrease of 35% in the volume of shipments (the volume of shipments in the first six months of 2004 was abnormally high), partially offset by an increase of 3% in the average selling price of the commodities. Management services revenue increased \$859,821 or 1.9% to \$46,861,129 in 2005 compared to \$46,001,308 in 2004. This change is due to an increase in revenues per customer locations while maintaining a customer base that is substantially the same from 2004 to 2005. Equipment, service and leasing revenue decreased \$104,895 or 6.8% to \$1,432,382 in 2005 compared to \$1,537,277 in 2004. This decrease is due to a sale of rental fleet equipment of approximately \$160,000 in the first quarter of 2004, offset by an increase in equipment sales of \$67,000 in the first six months of 2005.

Total cost of goods sold decreased \$5,114,801 or 7.9% to \$59,488,235 in 2005 compared to \$64,603,036 in 2004. Recycling cost of goods sold decreased \$5,982,657 or 30.5% to \$13,607,793 in 2005 compared to \$19,590,450 in 2004. This is due to a decrease of 36% in the volume of purchases (the volume of purchases in the first six months of 2004 was abnormally high), partially offset by 14% higher commodity purchase prices in the recycling market. Management services cost of goods sold increased \$834,345 or 1.9% to \$44,977,368 in 2005 compared to \$44,143,023 in 2004 due to increases in vendor service fees per the customer locations while maintaining a customer base that is substantially the same from 2004 to 2005. Equipment, service and leasing cost of goods sold increased \$33,512 or 3.9% to \$903,074 in 2005 compared to \$869,562 in 2004. The increase is due to an increase in cost of sales of equipment and an increase in rental fleet depreciation.

Selling, general and administrative expenses increased \$176,587 or 6.3% to \$2,975,645 in 2005 compared to \$2,799,058 in 2004. As a percentage of revenue, selling, general and administrative expenses were 4.7% in 2005 compared to 4.1% in 2004. Drivers of the increase include the following:

- Depreciation increased \$65,000, primarily due to 2004 rental fleet equipment purchases of \$754,735.
- Labor and consulting expenses increased \$51,000 due to the addition of sales, accounting and administrative employees, and due to an increase in health insurance costs.
- Accounting expenses increased \$43,000 due to consultations with our independent accountants on periodic SEC reviews, Sarbanes-Oxley compliance and increased tax work.
- Equipment repairs and maintenance increased \$19,000 due to increased repairs and maintenance in the equipment, service and leasing segment. We have \$754,735 more in rental equipment than we did in the second quarter of 2004. Additionally, the price of steel, used for fabrication, has increased since last year.

Other expense decreased \$83,432 to \$9,255 in 2005 compared to \$92,687 in 2004. This was primarily due to a decrease in interest expense of \$50,374 due to the reduction of long-term debt in 2004 and an increase in interest income of approximately \$30,000.

Three months ended June 30, 2005 compared to three months ended June 30, 2004

Total revenue decreased \$654,366 or 1.9% to \$33,399,907 in 2005 compared to \$34,054,273 in 2004. Recycling revenue decreased \$3,017,566 or 29.8% to \$7,098,179 in 2005 compared to \$10,115,745 in 2004. This is due to a decrease of 39% in the volume of shipments (the volume of shipments in the second quarter of 2004 was abnormally high), partially offset by an increase of 10% in the average selling price of the commodities. Management services revenue increased \$2,251,164 or 9.7% to \$25,540,128 in 2005 compared to \$23,288,963 in 2004. This change is due to an increase in revenues per customer locations while maintaining a customer base that is substantially the same from 2004 to 2005. Revenues per customer location increased because of an increase in the volume of disposal of solid waste material. Equipment, service and leasing revenue increased \$112,036 or 17.2% to \$761,601 in 2005 compared to \$649,565 in 2004. This increase is due to an increase in rental revenue and an increase in sale of equipment.

Total cost of goods sold decreased \$496,951 or 1.5% to \$31,565,248 in 2005 compared to \$32,062,199 in 2004. Recycling cost of goods sold decreased \$3,017,075 or 31.9% to \$6,446,061 in 2005 compared to \$9,463,136 in 2004. This is due to a decrease of 23.3% in the volume of purchases and a 7% decrease in commodity purchase prices in the recycling market. Management services cost of goods sold increased \$2,416,029 or 7.2% to \$24,612,401 in 2005 compared to \$22,196,372 in 2004 due to increases in vendor service fees per the customer locations while maintaining a customer base that is substantially the same from 2004 to 2005. Equipment, service and leasing cost of goods sold increased \$104,095 or 25.8% to \$506,786 in 2005 compared to \$402,691 in 2004. The increase is due to the cost of sales of equipment and the depreciation of rental fleet equipment.

Selling, general and administrative expenses increased \$102,782 or 7.5% to \$1,481,772 in 2005 compared to \$1,378,990 in 2004. As a percentage of revenue, selling, general and administrative expenses were 4.7% in 2005 compared to 4.1% in 2004. Drivers of the increase include the following:

- Clerical and service labor expense increased \$43,000 primarily due to the addition of accounting, service, and administrative employees.
- Depreciation increased \$31,000, primarily due to 2004 rental fleet equipment purchases of \$754,735.
- Accounting expenses increased \$28,000 due to consultations with our independent accountants on periodic SEC reviews, Sarbanes-Oxley compliance and increased tax work.

Other expense decreased \$38,067 to \$127 in 2005 compared to \$38,194 in 2004. This was primarily due to a decrease in interest expense of \$22,298 due to the reduction of long-term debt in 2004 and an increase in interest income of \$9,843.

Financial condition at June 30, 2005 compared to December 31, 2004

Edgar Filing: INDUSTRIAL SERVICES OF AMERICA INC /FL - Form 10-Q

Cash and cash equivalents decreased \$82,067 to \$1,047,623 as of June 30, 2005 compared to \$1,129,690 as of December 31, 2004.

We generated net cash from operating activities of \$1,443,014 for the six months ended June 30, 2005, primarily because of an increase in accounts payable due to an increase in revenues per customer locations while maintaining a customer base that is substantially the same from 2004 to 2005 in the management services segment.

We used net cash from investing activities of \$1,043,047 for the six months ending June 30, 2005. Primarily, we purchased land and rental fleet equipment. We purchased improved land in Seymour, Indiana for \$425,000. We also purchased 2.75 acres of unimproved land located at 7021-7103 Grade Lane, Louisville, Kentucky for \$265,000. We made rental fleet equipment purchases of \$324,160 in the first quarter of 2005. This rental fleet equipment consists of solid waste handling and recycling equipment such as compactors, containers and balers. It is our intention to continue to pursue this market.

We used our net cash from financing activities of \$482,034 to pay capital lease obligations for the six months ending June 30, 2005.

Accounts receivable trade increased \$1,057,558 or 12.3% to \$9,634,886 as of June 30, 2005 compared to \$8,577,328 as of December 31, 2004. This change is primarily due to an increase in revenues per the customer locations while maintaining a consistent customer base in the Management Services segment.

Inventories consist principally of ferrous and nonferrous scrap materials and waste equipment machinery held for resale. We value inventory at the lower of cost or market. Inventory increased \$794,070 or 37% to \$2,946,444 as of June 30, 2005 compared to \$2,152,374 as of December 31, 2004.

Inventory aging for the period ended June 30, 2005 (Days Outstanding):

Description	1-30	31-60	61-90	Over 90	Total
Equipment & parts	\$ -	\$ -	\$ -	\$ 84,952	\$ 84,952
Ferrous materials	627,520	536,390	433,351	-	1,597,261
Non-ferrous materials	835,894	207,875	86,746	120,451	1,250,966
Other	<u>13,265</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>13,265</u>
	<u>\$1,476,679</u>	<u>\$744,265</u>	<u>\$520,097</u>	<u>\$205,403</u>	<u>\$2,946,444</u>

Inventory aging for the year ended December 31, 2004 (Days Outstanding):

Description	1-30	31-60	61-90	Over 90	Total
-------------	------	-------	-------	---------	-------

Equipment & parts	\$ -	\$ 93,111	\$ -	\$25,138	\$ 118,249
Ferrous Materials	616,089	387,907	136,909	-	1,140,905
Non-ferrous materials	726,302	124,157	12,664	6,915	870,038
Other	<u>23,182</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>23,182</u>
	<u>\$1,365,573</u>	<u>\$ 605,175</u>	<u>\$ 149,573</u>	<u>\$32,053</u>	<u>\$ 2,152,374</u>

Accounts payable trade increased \$1,926,088 or 15.9% to \$14,008,764 as of March 31, 2005 compared to \$12,082,676 as of December 31, 2004, primarily due to market conditions.

Working capital increased \$116,819 to a deficit of \$818,147 as of June 30, 2005 compared to a deficit of \$934,966 as of December 31, 2004. The increase was primarily due to positive operating cash flows, partially offset by the cash purchases of \$1,107,029 of property and equipment during the first six months of 2005.

Contractual Obligations

The following table provides information with respect to our known contractual obligations for the quarter ended June 30, 2005.

Obligation Description	Total	Less than 1 year	1-3 years	3-5 years	More than 5 years
Long-Term Debt Obligations (1)	\$1,000,000	\$ 90,000	\$ 910,000	\$0	\$0
Capital Lease Obligations (2)	348,839	135,650	213,189	0	0
Operating Lease Obligations (3)	<u>962,551</u>	<u>628,788</u>	<u>301,197</u>	<u>32,566</u>	0
Total	\$2,311,390	\$854,438	\$1,424,386	\$32,566	\$0

(1) Note payable to a bank in monthly installments of \$15,000 excluding interest at prime less one eighth (6.125% at 6/30/05) through May 2006 with a balloon payment of \$910,000, secured by real estate. The monthly installments of \$15,000 were paid in advance for the twelve months of 2005.

(2) We lease various pieces of equipment that qualify for capital lease treatment. These lease arrangements require monthly lease payments expiring at various dates through May 2008.

(3) We lease the Louisville, Kentucky facility from K&R Corporation, the sole director, officer and shareholder of which is Harry Kletter, our chief executive officer, under an operating lease expiring December 2007. We have monthly rental payments of \$42,106 through December 2007. In the event of a change of

control, the monthly payments become \$62,500.

We also lease a management services operations facility and various pieces of equipment in Dallas, Texas for which monthly payments of \$2,457 are due through September 2005.

Long-term debt decreased \$90,000 or 9.0% to \$910,000 as of June 30, 2005 compared to \$1,000,000 as of December 31, 2004 due to the reclassification to short-term debt.

Impact of Recently Issued Accounting Standards

SFAS No. 123R (Revised 2004), *Share-Based Payment*, will apply to awards we grant or modify after December 31, 2005. We will also record compensation cost as required for prior option grants that vest after that date. The effect of adopting SFAS 123R (Revised 2004) on our consolidated results of operations will depend on the level of future option grants and the fair value of the options granted at such future dates, as well as the vesting periods provided by such awards and, therefore, cannot currently be estimated. Existing outstanding options will not result in additional compensation expense upon adoption of SFAS 123R since all outstanding options are fully vested. There will be no significant effect on our consolidated financial position since total stockholders' equity will not be impacted.

SFAS No. 151, *Inventory Costs-an amendment of ARB No. 43, Chapter 4*, will require that items such as idle facility expense, excessive spoilage, double freight, and rehandling costs be recognized as current period charges. Additionally, Statement 151 will require that allocation of fixed production overheads to the costs of conversion be based on the normal capacity of the production facilities. Effective April 21, 2005 the SEC extended the implementation date from the first interim period after June 15, 2005 to the first day of the fiscal year beginning after June 15, 2005. Therefore, our implementation date will be January 1, 2006. Our adoption of Statement 151 will have no significant impact on our consolidated financial statements.

Item 3: QUANTITATIVE and Qualitative Disclosures About Market Risk.

Fluctuating commodity prices affect market risk in our recycling segment. We mitigate this risk by selling our product on a monthly contract basis. Each month we negotiate selling prices for all commodities. Based on these monthly agreements, we determine purchase prices based on a margin needed to cover processing and administrative expenses.

We are exposed to interest rate risk on our floating rate borrowings. As of June 30, 2005, variable rate borrowings consisted of outstanding borrowings of \$1 million under our credit agreement. Borrowings on our credit agreement bear interest at the prime rate. Any increase in prime rate would lead to higher interest expense. We do not have any interest rate swaps or caps in place, which would mitigate our exposure to fluctuations in the interest rate on this indebtedness. Based on our average anticipated borrowings under our credit agreement in fiscal 2005, a hypothetical increase or decrease in the prime rate by 1% would increase or decrease interest expense on our variable borrowings by approximately \$10,000 per year, with a corresponding change in cash flows.

ITEM 4: CONTROLS AND PROCEDURES

(a) Evaluation of disclosure controls and procedures.

Based on the evaluation of the ISA Chief Executive Officer and the ISA Chief Financial Officer of our disclosure controls and procedures as of June 30, 2005, it has been concluded that the disclosure controls and procedures are effective for the purposes contemplated by Rules 13a-15(e) and 15d -- 15(e) promulgated by the Securities and Exchange Commission.

(b) Changes in internal controls.

There have been no significant changes to ISA's internal controls or in other factors that have materially affected, or are reasonably likely to materially affect, these controls over financial reporting subsequent to June 30, 2005.

PART II -- OTHER INFORMATION

Item 1. Legal Proceedings

None.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

None

Item 3. Defaults upon Senior Securities

None

Item 4. Submission of Matters to a Vote of Security Holders

- (a) At the Annual Meeting of Shareholders held on May 17, 2005, the following proposals were adopted by the margins indicated:
- (b) PROPOSAL 1: Annual Election of Directors. The nominees for election as directors were Harry Kletter, Bob Cuzzort, Roman Epelbaum, David W. Lester, and Orson Oliver. The five director positions were filled based upon the five receiving the most votes:

	<u>For</u>	<u>Withheld</u>	<u>Broker Non-Votes And Abstentions</u>
Harry Kletter	3,175,899	11,485	-
Bob Cuzzort	3,175,919	11,465	-
Roman Epelbaum	3,175,919	11,465	-

David W. Lester	3,175,919	11,465	-
Orson Oliver	3,175,919	11,465	-

- (c) PROPOSAL 2: Ratification of Mountjoy & Bressler, LLP as our independent auditors.

<u>For</u>	<u>Against</u>	<u>Broker Non-Votes And Abstentions</u>
3,166,759	4,200	16,425

Item 5. Other Information

None.

Item 6. Exhibits

See exhibit index.
