DIRECTOR COMPENSATION

The Company's director compensation program is designed to deliver annual compensation at the median of a group of 13 food companies, including Campbell's key competitors, with the potential for enhanced value from future stock price appreciation, and to link compensation closely to returns to shareholders. Under the program, annual compensation is delivered 50% in stock options (based on the Black-Scholes valuation model and the mean between the high and low stock prices on the last trading day of each calendar year); 30% in Campbell stock (based on the closing stock price on the last trading day of each calendar year); and approximately 20% in cash (depending on meeting attendance fees). Directors may elect to receive additional stock options in lieu of the cash payments and/or annual stock grant. They may also elect to defer all or a portion of compensation. Directors are also reimbursed for actual travel expenses.

For calendar year 2004, the Board determined that median annual director compensation should be approximately \$129,000. The components of compensation were as follows:

** Options were granted on January 1, 2004, at an exercise price of \$26.86 (the mean between the high and low prices of Campbell stock on December 31, 2003). Options are granted at the market price on the grant date and may not be repriced.

George Sherman, who was the non-executive Chairman during all of fiscal 2004, received a retainer of \$450,000 in addition to the regular retainer and fees paid to all non-employee directors. CORPORATE GOVERNANCE

The Board of Directors is responsible for overseeing the business of the Company, and the competence and integrity of its management, to serve the long-term interests of the shareowners. The Board believes that sound corporate governance is essential to diligent and effective fulfillment of its oversight responsibilities.

Corporate Governance Standards and Committee Charters

Campbell first published Corporate Governance Standards in its proxy statement in 1992. The Standards are reviewed annually by the Governance Committee and approved by the Board. In 2003, the Governance Committee and the Board undertook a comprehensive review of the Corporate Governance Standards, the charters of the standing committees, and the overall governance structure of the Company, in light of new statutory and regulatory requirements, proposed new rules and recommendations of the New York Stock Exchange, and the ongoing discussion of effective means for raising the standards of governance of public companies. Revised Corporate Governance Standards and committee charters that were developed and approved by the Board in the course of this review were included in the 2003 proxy statement. In 2004, these documents were further revised to reflect the final text of the New York Stock Exchange Corporate Governance Listing Standards that was approved by the Securities and Exchange Commission in November 2003. The Company's current Corporate Governance Standards and revised committee charters for the Audit Committee, Compensation and Organization Committee and the Governance Committee appear in Appendix A. No revisions were made to the charter of the Finance and Corporate Development Committee

Appendix A also contains a statement of standards the Board has adopted to assist it in evaluating the independence of Campbell directors. The Board has determined that all nominees for director in 2004 except Mr. Conant meet the standards set forth in that statement, and are independent. Also set forth in Appendix A are procedures by which interested persons can communicate concerns to the Board of Directors and the Audit Committee.

Evaluations of Board Performance

Since 1995, the Board's Governance Committee has led annual evaluations of Board performance. The evaluation process was designed to facilitate ongoing, systematic examination of the Board's effectiveness and accountability, and to identify opportunities for improving its operations and procedures. In the past, on a rotating basis, the annual evaluations focused on assessments of (a) the Board as a whole, (b) the individual directors, and (c) the Board Committees, with follow-up on the recommendations emerging from each step in the program cycle in the year following its completion.

In 2004, as required by the Corporate Governance Listing Standards of the New York Stock Exchange, the Board completed an evaluation process focusing on the effectiveness of the performance of the Board as a whole, and each standing committee conducted a separate evaluation of its own performance and of the adequacy of its charter. The Governance Committee designed and coordinated the Board evaluation and reported on its results. The Committee also reported to the Board on the annual evaluations completed by the standing committees.

In the Board evaluation process, each director completed an evaluation form that solicited directors' comments and numerical ratings on 36 questions relating to the qualifications and responsibilities of directors, the effectiveness of Board and committee operations, and the oversight of management. Following review and discussion of a composite report by the Governance Committee, the Chair of the

Table of Contents

Committee presented a report to the Board that provided recommendations to enhance Board effectiveness based upon the responses received in this process.

In the committee evaluation process, the members of each standing committee completed an evaluation form that elicited numerical ratings of and written comments on the appropriateness of the committee's charter and the adequacy of the written materials distributed in advance of meetings, the time available for discussion of important policy matters, and the manner in which specific committee responsibilities were discharged. Following discussion of a composite report within each committee, the chair of the committee reported to the Board regarding its overall findings and recommendations to improve committee operations.

Nomination of Candidates for Director

The charter of the Governance Committee is set forth in Appendix A, and is also available on the governance section of the Company's corporate website at <http://www.campbellsoupcompany.com>. All of the members of the Governance Committee are independent directors as defined by the rules of the New York Stock Exchange and the standards set forth in Appendix A.

Among other things, the Governance Committee is responsible for investigating, reviewing and evaluating the qualifications of candidates for membership on the Board and for assessing the contributions and performance of directors eligible for re-election. It is also responsible for recommending director nominees for approval by the Board and nomination for election at the Annual Meeting of Shareowners.

Recommendation of New Nominees. When vacancies on the Board arise due to the retirement or resignation of directors, the Governance Committee may consult with other directors and/or with senior management to obtain recommendations of potential candidates to fill these positions, and may also retain a search firm to assist it in identifying and evaluating candidates. The Governance Committee also considers candidates for election to the Board who are recommended to the Committee by shareowners.

The Governance Committee believes that a nominee for election to the Campbell Board should, at minimum:

1 be a person of the highest integrity;

1 have the ability to exercise independent judgment;

1 be committed to act in the best interest of all shareowners;

1 abide by exemplary standards of business and professional conduct;

1 have the skills and judgment to discharge duties and responsibilities of a director;

1 be willing and able to devote the proper time and attention to fulfill the responsibilities of a director;

1 have no conflicts of interest arising from other relationships or obligations; and

1 have the ability to provide active, objective and constructive input at meetings of the Board and committees.

In addition, the Committee believes that, collectively, the Board should include directors who are:

1 reasonably sophisticated about the duties and responsibilities of directors of a public company;

1 knowledgeable about the consumer products industry, business operations, marketing, the operations of retail businesses, and finance and accounting;

1 respected in the business community;

1 knowledgeable about general economic trends; and

I knowledgeable about the standards and practices of good corporate governance.

Table of Contents

All candidates considered by the Governance Committee for potential recommendation to the Board as director nominees are evaluated by the Committee in light of the minimum qualifications listed above. When vacancies occur, the Governance Committee also reviews the overall composition of the Board to determine whether the addition of a director with one or more of the additional skills or qualities listed above would be desirable to enhance the effectiveness of the Board, and whether candidates with other specific experience or expertise should be sought at that particular time. If a search firm is retained to assist in identifying and evaluating candidates, the Committee also considers the assessments of the search firm and the background information it provides on the persons recommended for the Committee's consideration. The Chairman of the Board, the Chair of the Governance Committee and the Chief Executive Office customarily interview leading candidates. Other directors and/or members of senior management may also interview these candidates. Candidates recommended by shareowners will be evaluated using the same process that is employed to evaluate any other candidate.

Re-Nomination of Incumbent Directors. The Company's Corporate Governance Standards require the Governance Committee to assess the performance of each director eligible for re-election at the Annual Meeting. The Governance Committee's annual agenda contemplates that these assessments will occur shortly before the Committee recommends a slate of director nominees for approval by the Board. In the individual director assessment conducted by the Governance Committee in 2004, each director was evaluated in light of the criteria set forth in the Governance Standards with respect to the qualification of directors and the composition of the Board. In addition, the Chair of the Governance Committee solicited from the Chairman of the Board his assessment of the contributions of each director.

2004 Nominees. All of the director nominees listed in this proxy statement were also nominated by the Board and elected by the shareowners in 2003, with the exception of John F. Brock. Mr. Brock was identified by Korn/ Ferry International, which is a search firm that was retained by the Committee. For the search conducted in 2004, Korn/ Ferry was instructed to identify candidates who met the minimum qualifications for directors listed above, and also satisfied additional criteria established by the Governance Committee for this search. Korn/ Ferry researched background information on the candidates and conducted interviews with the candidates and their references. It then provided to the Committee a list of the candidates it believed to be most highly qualified, and assisted in arranging the candidate interviews. Following meetings with Mr. Brock and completion of research, the Chairman of the Board, Chair of the Governance Committee and the Chief Executive Officer recommended Mr. Brock as a candidate to the Governance Committee.

Shareowner Recommendations. Shareowners who wish to recommend candidates for nomination for election to the Board may do so by writing to the Corporate Secretary of Campbell Soup Company at 1 Campbell Place, Camden, New Jersey 08103-1799. The recommendation must include the following information:

1. The candidate's name and business address;
2. A resume or curriculum vitae which describes the candidate's background and demonstrates that he or she meets the minimum qualifications set forth above;
3. A letter from the candidate stating that he or she is willing to serve on the Board if elected, and identifying any legal or regulatory proceedings in which he or she has been involved in during the last five years; and
4. A statement from the shareowner recommending the candidate indicating that he or she is the registered owner of Campbell shares, or a written statement from the record holder of Campbell shares indicating that the shareowner is the beneficial owner of such shares.

AUDIT COMMITTEE REPORT

The Audit Committee is comprised of the six directors named below. The Board has determined that each member of the Committee meets the requirements as to independence, experience and expertise established by the New York Stock Exchange and applicable rules and regulations. In addition, the Board of Directors has determined that Edmund M. Carpenter is an audit committee financial expert as defined by SEC rules. A copy of the Audit Committee Charter, as most recently updated in September 2004, is attached to this proxy statement in Appendix A.

One of the Audit Committee's primary responsibilities is to assist the Board in its oversight of the integrity of the Company's financial statements and financial reporting process. To fulfill these oversight responsibilities, the Committee has reviewed and discussed with management and the independent auditors the audited financial statements included in the Company's Annual Report on Form 10-K for the fiscal year ended August 1, 2004, and has reviewed and discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 90, *Audit Committee Communications*. In addition, the Committee has received from the independent auditors written reports, stating that they are not aware of any relationships between the auditors and the Company that, in their professional judgment, may reasonably be thought to bear on their independence, consistent with Independence Standards Board Standard Number 1, *Independence Discussions with Audit Committees* and has discussed with the independent auditors the auditors' objectivity and independence. The Committee has also considered whether the provision of non-audit services by the independent auditors to the Company for the most recent fiscal year and the fees and costs billed and expected to be billed by the independent auditors for those services are compatible with maintaining their independence.

Based on the review and discussions described in this report, the Audit Committee recommended to the Board of Directors that Campbell's audited consolidated financial statements be included in Campbell's Annual Report on Form 10-K for the fiscal year ended August 1, 2004, for filing with the Securities and Exchange Commission. The Audit Committee appointed PricewaterhouseCoopers LLP as independent auditors for the Company for fiscal 2005, subject to ratification by the Shareowners.

COMPENSATION OF EXECUTIVE OFFICERS**Compensation and Organization Committee's Report on Executive Compensation**

The Compensation and Organization Committee is comprised of the seven directors named below. The Board has determined that all members of the Committee are independent directors as defined by the New York Stock Exchange rules. The Committee establishes and administers the Company's executive compensation program and reviews major organization changes and the Company's succession planning and leadership development processes. The Committee evaluates and establishes the Company's compensation strategy annually, including the apportionment of pay between fixed compensation elements and incentive compensation, and the design of incentive compensation programs. The Committee establishes and regularly reviews the compensation levels of officers and other key managers, and authorizes their incentive awards. The Committee reviews and approves all compensation actions for the Chief Executive Officer and approximately the top 30 positions in the Company.

The objectives of the Company's executive compensation program are to:

- 1 Align the financial interests of the Company's executives with those of its shareowners, both in the short and long term;
- 1 Provide incentives for achieving and exceeding the Company's short-term and long-term goals; and
- 1 Retain and attract highly competent executives by providing total compensation that is competitive with compensation at other well-managed companies in the food and consumer products industries.

Table of Contents

The Committee compares total compensation levels with a 28-company Compensation Peer Group, consisting of companies with which Campbell competes for attraction and retention of talent. For fiscal 2004, Campbell's programs were designed to deliver fixed compensation elements, including salary, benefits, and perquisites, at the median of the Compensation Peer Group, and incentive compensation at the seventy-fifth (75th) percentile if performance goals are exceeded. The compensation program adopted for fiscal 2004 contemplated that when there is consistent growth in earnings and revenue and stock price appreciation over the long term, total compensation of Campbell's executives will be above the median of the Compensation Peer Group.

There are three major elements of Campbell's compensation program: base salary, annual incentive, and long-term incentives.

Base Salary Salary ranges for senior executives are reviewed annually. Individual salaries for the top 30 senior executives are reviewed on a 24-month cycle. In determining individual salaries, the Committee considers the scope of job responsibilities, individual contributions, business performance, labor market conditions, the Company's salary budget guidelines and current compensation as compared to market practice.

Annual Incentive At the beginning of each fiscal year, the Committee establishes an annual target incentive amount for each participating executive. At the end of the year, the Committee's overall assessment of the Company's performance as a whole and the major business units establishes the total bonus pool. Bonus awards to each individual executive, within the limits of the approved pool, are based on individual performance and could vary from zero to 175% of the target incentive amount. Extraordinary items such as major restructuring and accounting changes are excluded in determining the bonus pool.

In fiscal 2004, the Committee established performance goals in four key measurement areas for the Company as a whole and separately for its major business units. These goals were consistent with the annual Operating Plan, which was approved by the Board of Directors. The four key measurement areas were financial, marketplace, operational and strategic. In assessing performance against these goals, the Committee considered a mix of quantitative and qualitative criteria. In the financial area, the quantitative measures included net sales, earnings, marketing expenditures and working capital. In the marketplace area, the quantitative measures were consumption and market share changes. For the operational and strategic areas, progress toward achievement of major initiatives to deliver the annual Operating Plan and the three-year Strategic Plan was assessed.

At the end of the year, results were evaluated for each performance goal set for fiscal 2004. For the Company as a whole, the Committee determined the achievement of financial and marketplace goals were slightly below target, while the operational and strategic goals were on plan. The Committee assessed the quality of the results of the total Company, and awarded a bonus pool of 92% of the target pool. Incentive bonus payments to executive officers for fiscal 2004 ranged from 83% to 108% of target incentive amount with an average of 95%.

In fiscal 2003, for executives other than the CEO, annual bonus targets were increased to provide additional incentive to achieve the Company's fiscal 2003 performance goals. A corresponding reduction was made in the value of long-term incentive targets. For fiscal 2004, annual and long-term incentive targets were restored to their previous levels. This resulted in the same total compensation opportunity for fiscal 2003 and 2004.

Long-Term Incentives For the past several years, Campbell has used two long-term incentive programs for its executives, a full value restricted stock program and a stock option program. The value intended to be delivered through each program is approximately 50% of total competitive long-term incentive value.

Restricted Stock

Under the restricted stock program, a pool of restricted shares is recommended by the Company, with the number of shares adjusted upward or downward by the Committee based on its overall

Table of Contents

assessment of the Company's performance and such other factors as the Committee deemed relevant. These factors include performance against financial goals of the annual Operating Plan, market share changes, quality of Plan execution, progress against strategic initiatives, the need to retain executives and other factors. After the total restricted share pool is authorized by the Committee, awards to individuals are based on leadership skills, sustained performance and business impact.

In fiscal 2003 only, the value of the restricted stock portion of the long-term incentive program was reduced to offset the aforementioned increase in annual bonus targets. For fiscal 2004 the target value of the restricted share pool was restored to approximately 50% of long-term incentive value (and bonus targets were commensurately reduced).

In fiscal 2004, the Committee determined that the restricted share pool should be set at 100% of the competitive guideline based upon its judgment of Company performance through the end of fiscal 2003. This resulted in an average restricted stock award to 350 executives at approximately 100% of target. Awards made in September 2003 will vest in three annual installments of 1/3 each beginning in April 2006 for participants who remain with the Company.

The fiscal 2005 restricted stock grant, reflecting the Committee's assessment of overall Company performance through the end of fiscal 2004, will be granted at the beginning of fiscal 2005 and will be reported in next year's proxy statement.

Stock Options

For the annual stock option program, the Committee establishes option guidelines based on current competitive practice and scope of responsibility of each position. In determining the number of options awarded to each executive, the Committee considers the guideline for the executive's position and his or her performance, sustained contribution to the Company, and future leadership potential. The exercise price of stock options is the average of the high and low trading prices on the grant date, and options may not be repriced. Options have a 10-year term and vest cumulatively over three years at the rate of 30%, 60% and 100% respectively on the first three anniversaries of the grant date. All shares used in the executive compensation program are shares which were previously issued and outstanding and were reacquired by the Company.

Additional Awards

The Committee may grant additional short-term or long-term awards to recognize increased responsibilities or special contributions, to attract new hires to the Company, to retain executives, or to recognize other special circumstances.

Other Programs

The Company also provides its officers and key managers with life and medical insurance; pension, savings and compensation deferral programs; and perquisites and other benefits that are competitive with market practices.

Executive Stock Ownership

Approximately the top 90 executives are required to achieve an ownership stake in the Company that is significant in comparison with the executive's salary. Until the ownership level is achieved, executives must retain at least half of the after-tax value of each equity award (vesting of restricted stock or exercise of options). There are additional limitations on the amount of shares that may be sold by

Table of Contents

executive officers of the Company in any twelve-month period. The ownership requirements expressed in terms of the value of shares to be owned are as follows:

<u>Position</u>	<u>Required Ownership</u>		
Chief Executive Officer	\$5,750,000		
Executive Vice President	\$1,700,000		
Senior Vice President	\$ 850,000	to	\$1,700,000
Vice President	\$ 350,000	to	\$1,500,000

Executives may count toward these requirements the value of shares owned and shares which are deferred and fully vested in the Company's savings and deferred compensation programs. Restricted shares and unexercised stock options are not counted in calculating ownership. Executive stock ownership requirements ranging from \$300,000 to \$850,000 apply to executives below the Vice President level.

Policy on Deductibility of Compensation

Section 162(m) of the Internal Revenue Code limits the tax deduction to \$1 million for compensation paid to the executive officers listed on page 20 (named executive officers), unless certain requirements are met. The Committee's policy is to comply with the requirements of Section 162(m) except where the Committee determines that compliance is not in the best interests of the Company and its shareholders. The Company's stock option grants currently meet the performance-based requirements under Section 162(m). The Company's restricted stock grants do not meet the requirements under Section 162(m). For fiscal 2004, the Committee modified the annual bonus program to set a maximum bonus payable to executive officers based upon achievement of a specific financial performance goal. The maximum amount available to executive officers if this goal was achieved may be reduced by the Committee based on an overall assessment of business results and individual performance. This portion of the annual bonus program is intended to meet the performance-based requirements under Section 162(m). Therefore, if in fiscal 2004 a named executive officer's compensation exceeded \$1 million, the amount related to any bonus payment is deductible.

CEO Compensation and Evaluation

On January 8, 2001, Douglas R. Conant was appointed President and CEO. At that time his annual salary was set at \$900,000 and incentive targets were determined based upon independent survey data. On October 1, 2001 his annual salary was increased to \$950,000 and has not been increased since that time. His bonus earned in fiscal 2004 was \$1,527,200. This bonus was based on Company performance compared to the goals for the annual incentive plan set forth on page 17, and his performance compared to his individual objectives. His portion of bonus related to individual objectives was determined based upon measures relating to market share, consumption trends, quality improvements, product innovations, new products, trade spending management, acquisitions, breakthrough projects, cost savings, productivity improvements, information technology improvements, organizational vitality, management development, succession planning and development of sound strategic and operating plans.

In fiscal 2004 other annual compensation consisted of \$42,152 under the Company's Personal Choice Program and in fiscal 2003 other annual compensation consisted of \$25,906 under the Company's Personal Choice Program. Mr. Doumani's salary and bonus in Australian dollars in fiscal years 2004, 2003 and 2002 were A\$1,134,739, A\$1,472,144, and A\$894,096, respectively.
- (8) Mr. Bugno joined the Company in November 2002. All other compensation consisted of payments of a signing bonus of \$24,480 in fiscal 2004 and \$71,896 in fiscal 2003. Mr. Bugno was paid in Australian dollars which were converted to U.S. dollars in fiscal 2004 and 2003 at the same exchange rates as set forth above in footnote 7 for Mr. Doumani. In fiscal 2003 Mr. Bugno's salary represented payments for 8 1/2 months. Mr. Bugno's salary and bonus in Australian dollars in fiscal years 2004 and 2003 were A\$1,041,667 and A\$1,013,737, respectively.
- (9) Mr. Schiffner joined the Company in February 2001. Other annual compensation in fiscal years 2004, 2003 and 2002 consisted of \$24,000 in commuting expenses and \$32,000 under the Company's Personal Choice Program. Mr. Schiffner's compensation information has been voluntarily disclosed because the principal reason for the inclusion of the compensation paid to Messrs. Doumani and Bugno in the summary compensation table is the change in the exchange rate to convert Australian dollars to U.S. dollars in fiscal 2004.

- (2) In accordance with Securities and Exchange Commission (SEC) rules, the Black-Scholes option pricing model was chosen to estimate the grant date present values of the option grants set forth in this table. The Company's use of this model should not be construed as an endorsement of its accuracy at valuing options. All stock option models require a prediction about the future movement of the stock price. The following assumptions were made for purposes of calculating Grant Date Present Value for the option grants: option term of 10 years, volatility of 27.5% (calculated monthly over the three preceding calendar years), dividend yield of 2.6%, forfeiture risk rate of 9%, and interest rate of 4% (ten year Treasury note rate at January 1, 2003).

Compensation covered for executive officers named in the table on page 20 is the same as the total salary and bonus shown in that table. These estimated amounts assume retirement at age 62 with a straight-life annuity without reduction for a survivor annuity or for optional benefits. They are not subject to deduction for Social Security benefits or other offsets. The estimated pensions reflect a supplemental plan designed to help the Company attract executives in the middle of their careers. Under this supplemental pension plan executives accrue benefits rapidly to allow them to reach a defined target benefit within a relatively short period after date of hire. Executives covered by this plan are eligible for supplemental pension benefits if they retire from the Company after age 55 and have been employed for at least five years. The rapid accrual rate is the reason the pension benefits listed above for 15, 20 and 25 years of service are the same. Such arrangements are a necessary part of the recruitment and retention package for senior executives in order to compensate them for pension benefits that would have accrued had they remained at their previous employers. As of the end of fiscal 2004, the full years of employment for the individuals named in the compensation table on page 20 were as follows: Douglas R. Conant 3 years; Mark A. Sarvary 2 years; Ellen O. Kaden 6 years; and Robert A. Schiffner 3 years. John Doumani who has been an employee for 5 years and Walter Bugno who has been an employee for 2 years are eligible for pension payments under the Australian superannuation pension legislation.

EMPLOYMENT AGREEMENTS AND TERMINATION ARRANGEMENTS

The Company entered into an employment agreement with Mr. Conant on January 8, 2001 to serve as the Chief Executive Officer and President of the Company for five years. The agreement provides for a base salary of \$900,000 and an initial grant of 1,000,000 stock options. After fiscal 2001, Mr. Conant participates in the regular executive compensation programs of the Company. In the event of termination of his employment without cause, as defined in the agreement, Mr. Conant is entitled to the following: (i) his base salary and continuation of life insurance and medical benefits for a period of two years; (ii) his supplemental pension benefit provided he has at least three years of employment with the Company; and (iii) the vesting of his stock options and restricted stock in accordance with the standard

Table of Contents

provisions of those programs. In the event of a Change in Control of the Company he is entitled to the standard benefits for senior executives set forth below.

The Company entered into a special severance arrangement with Mr. Sarvary on June 4, 2004. In the event of termination of his employment without cause, as defined in the agreement, Mr. Sarvary is entitled to the following: (i) his base salary and continuation of life insurance and medical benefits for a period of two years; (ii) his supplemental pension benefit provided he has at least five years of employment with the Company; and (iii) the vesting of his stock options and restricted stock in accordance with the standard provisions of those programs. In the event of a Change in Control of the Company he is entitled to the standard benefits for senior executives set forth below.

The Company has entered into Special Severance Protection Agreements (Special Severance Agreements) with the executive officers named on page 20 as well as all other executive officers. The Special Severance Agreements provide for severance pay and continuation of certain benefits should a Change in Control occur. The independent members of the Board of Directors unanimously approved entry into the Special Severance Agreements. In order to receive benefits under the Special Severance Agreements, the executive s employment must be terminated involuntarily and without cause (whether actual or constructive) within two years following a Change in Control.

Generally, a Change in Control will be deemed to have occurred in any of the following circumstances:

- (i) the acquisition of 25% or more of the outstanding voting stock of the Company by any person or entity, with certain exceptions for Dorrance family members;
- (ii) the persons serving as directors of the Company as of September 28, 2000, and those replacements or additions subsequently approved by a two-thirds vote of the Board, cease to make up more than 50% of the Board;
- (iii) a merger, consolidation or share exchange in which the shareowners of the Company prior to the merger wind up owning 50% or less of the surviving corporation; or
- (iv) a complete liquidation or dissolution of the Company or disposition of all or substantially all of the assets of the Company.

Under the Special Severance Agreements with the named executive officers, severance pay would equal two and one half years base salary and bonus. Medical, life and disability benefits would be provided at the expense of the Company for the lesser of (i) 30 months or (ii) the number of months remaining until the executive s 65th birthday. The Company would pay in a single payment an amount equal to the value of the benefit the executive would have accrued under the Company s pension plans had the executive remained in the employ of the Company for an additional 30 months or until his or her 65th birthday, if earlier.

Upon a Change in Control and termination of the executive s employment, (a) all options outstanding on the date of such termination of employment would become immediately and fully exercisable and (b) all restrictions upon any restricted shares would lapse immediately and all such shares would become fully vested.

During any fiscal year in which a Change in Control occurs, each participant in the Annual Incentive Plan (a) whose employment is terminated prior to the end of such year or (b) who is in the employ of the Company on the last day of such year would be entitled to receive, within thirty (30) days thereafter, a cash payment equal to the greater of (i) his or her target bonus award for such year or (ii) the average of the awards paid or payable to him or her under the Annual Incentive Plan for the two most recent fiscal years ended prior thereto. Any amount to be paid to a participant who is not employed for the entire fiscal year would be prorated. Such payment would be made whether or not the Company has paid any cash dividend in the fiscal year.

ITEM 2

RATIFICATION OF APPOINTMENT OF AUDITORS

Your Board of Directors Recommends a Vote For This Proposal

The proxy, unless otherwise directed thereon, will be voted for a resolution ratifying action of the Audit Committee, reappointing the firm of PricewaterhouseCoopers LLP (PwC) Certified Public Accountants, as independent auditors to perform an audit of the accounts of the Company for fiscal 2005. The names of the Directors serving on the Audit Committee are indicated on page 10, under the heading Board Committees. The vote required for ratification is a majority of shares voting. If the resolution is rejected, or if PwC declines to act or becomes incapable of acting, or if their employment is discontinued, the Audit Committee will appoint other auditors whose continued employment after the 2005 Annual Meeting of the Shareowners will be subject to ratification by the Shareowners.

Representatives of PwC will be at the 2004 Annual Meeting to make a statement if they desire to do so and to answer questions.

For fiscal 2004 PwC also examined the separate financial statements of certain of the Company's foreign subsidiaries and provided other audit services to the Company in connection with SEC filings, review of quarterly financial statements and audits of certain employee benefit plans.

ITEM 3

RE-APPROVAL OF CAMPBELL SOUP COMPANY

ANNUAL INCENTIVE PLAN

Your Board of Directors Recommends a Vote For This Proposal

The Campbell Soup Company Annual Incentive Plan (AIP), which is the annual bonus program, has been in effect for 47 years. The Shareowners first approved the AIP at the 1957 Annual Meeting, and most recently in amended form at the 1999 Annual Meeting. The AIP must be resubmitted to the Shareowners for approval at least once every five years. The AIP is being submitted at the 2004 Annual Meeting for re-approval by a majority of the votes cast at the meeting. Except as otherwise specified in the proxy, proxies will be voted for approval. The full text of the AIP is set forth in Appendix B and should be referred to for a complete description of its terms and conditions.

The purpose of the AIP is to attract, motivate and retain higher caliber employees and to provide meaningful individual and group incentives within the Company and its subsidiaries. The Plan is administered by the Compensation and Organization Committee (Committee) of the Board of Directors. The Committee has the discretion to determine the aggregate amount of money to be used for awards based upon competitive compensation practices and such measures of the Company's performance as the Committee selects from time to time. The Committee also determines the total bonus pool available for all participants. Approximately 1,400 key employees are eligible to receive incentive compensation under the AIP. The bonuses paid during the last three years to the six highest paid executives are set forth on page 20. The Committee and the Board are prohibited from making any awards for a fiscal year in which no cash dividend is paid on Campbell stock, except following a Change of Control as defined on page 25.

Individual awards for approximately the top 30 executives are determined annually by the Committee in accordance with performance goals established by the Committee at the beginning of the fiscal year. For executive officers who are covered employees under Section 162(m) of the Internal Revenue Code, the performance goals will be comprised of specified annual levels of one or more of the following performance criteria as the Committee may deem appropriate: earnings per share, net earnings, operating earnings, unit volume, net sales, market share, balance sheet measures, revenue, economic profit, cash flow, cash return on assets, shareowner return, return on equity or return on capital. The Committee will disregard or offset the effect of certain extraordinary items, such as restructuring charges,

Table of Contents

gains or losses on the disposition of a business, changes in tax or accounting laws or the effects of a merger or acquisition, in determining the attainment of performance goals for these individuals. The Committee may reduce (but not increase) the amount payable to these individuals in its sole discretion. For awards not intended to comply with Section 162(m) of the Internal Revenue Code, the Committee may establish performance goals based on other performance criteria as it deems appropriate. No award or awards may be granted to any participant for one fiscal year that exceeds \$5 million. The performance goals used for fiscal 2004 are described on page 17.

Awards under the AIP are payable in cash, unless the Committee approves the conversion of the award into stock options, restricted stock or unrestricted stock pursuant to the Company's long-term incentive plan. Additionally, eligible participants may elect to defer all or a portion of their AIP award in accordance with the terms of the Company's Deferred Compensation Plan.

During any fiscal year in which a Change in Control (as defined on page 25) occurs, each participant whose employment is terminated prior to the end of such fiscal year (other than for cause) or who is in the employ of the company on the last day of such fiscal year will be entitled to an award payment equal to the greater of (1) such participant's target award for such fiscal year or (2) the average of the awards paid under the plan to such participant for the two most recent fiscal years ended prior to the fiscal year in which the Change in Control occurs. In the case of a participant whose employment was terminated prior to the end of the fiscal year, the amount of the award will be prorated based on the date of termination and the amount of severance bonus received by such participant. Additionally, for a two-year period following a Change in Control, the plan may not be terminated or amended with certain limited exceptions.

Since the Committee determines awards under the AIP based upon the achievement of certain performance criteria which are not presently determinable, it is not possible to determine the amounts that will be received by any participant in the AIP at this time.

Securities Authorized for Issuance under Equity Compensation Plans

The following table provides information about the Company's Capital Stock that may be issued under the Company's equity compensation plans as of August 1, 2004:

Plan Category	Number of Securities to be Issued Upon Exercise of Outstanding Options, Warrants and Rights (a)	Weighted-Average Exercise Price of Outstanding Options, Warrants and Rights (b)	Number of Securities Remaining Available For Future Issuance Under Equity Compensation Plans (Excluding Securities Reflected in the First Column) (c)

Equity Compensation Plans Not Approved by Security Holders(2)	1,174,909	N/A	N/A
Total	36,949,453	N/A	32,097,311

- (1) Column (a) represents stock options granted under the 2003 Long-Term Incentive Plan, 1994 Long-Term Incentive Plan and the 1984 Long-Term Incentive Plan. No additional awards can be made under the 1994 Long-Term Incentive Plan or the 1984 Long-Term Incentive Plan. Column (c) represents the maximum amount of future equity awards that can be made under the 2003 Long-Term Incentive Plan as of August 1, 2004, which may take the form of stock options, stock appreciation rights, performance unit awards, restricted stock, restricted performance stock or stock awards. In the event any award (or portion thereof) under the 1994 Long-Term Incentive Plan lapses, expires or is otherwise terminated without the issuance of any Company stock or is settled by delivery of consideration other than Company stock, the maximum number of future equity awards that can be made under the 2003 Long-Term Incentive Plan automatically increases by the number of such shares.

- (2) The Company's Deferred Compensation Plan (the Plan) allows participants the opportunity to invest in various book accounts, including a book account that tracks the performance of the Company's stock (the Stock Account). Upon distribution, participants may receive the amounts invested in the Stock Account in the form of shares of Campbell stock. Column (a) represents the maximum number of shares that could be issued upon a complete distribution of all amounts in the Stock Account. This calculation is based upon the amount of funds in the Stock Account as of August 1, 2004 and a \$25.59 share price, which was the closing price of a share of Company stock on July 30, 2004 (the last business day before August 1, 2004). 767,096 of the total number of shares that could be issued upon a complete distribution of the Plan are fully vested, and 407,813 of the shares are subject to restrictions.

Deferred Compensation Plan

The Compensation and Organization Committee of the Board of Directors approved the Plan. The Plan is an unfunded plan maintained for the purpose of providing the Company's Directors and U.S.-based executives and key managers the opportunity to defer a portion of their earned compensation. Plan participants may defer a portion of their base salaries and all or a portion of their annual incentive compensation, long-term incentive awards, certain stock option gains (eliminated following fiscal 2004) and director retainers and fees. The Plan was not submitted for security holder approval because it does not provide additional compensation to participants. It is a vehicle for participants to defer earned compensation, and phantom stock units are credited to each participant's account based upon the full current market value of the Company's stock.

Each participant's contributions to the Plan are credited to an investment account in the participant's name. Gains and losses in the participant's account are based on the performance of the investment choices the participant has selected. Four investment choices are available, including the Stock Account. In addition to the Stock Account, participants also generally have the opportunity to invest in (i) a book account that tracks the performance of Fidelity's Spartan U.S. Equity Index Fund, (ii) a book account that tracks the performance of Fidelity's Puritan Fund, and (iii) a book account that credits interest at the Wall Street Journal indexed prime rate (determined on November 1 for the subsequent calendar year).

A participant may reallocate his or her investment account at any time among the four investment choices, except that (i) stock option gains must be invested in the Stock Account, (ii) restricted stock awards must be invested in the Stock Account during the restriction period and (iii) reallocations of the Stock Account must be made in compliance with the company's policies on trading Company stock. Dividends on amounts invested in the Stock Account may be reallocated among the four investment accounts. The Company credits a participant's account with an amount equal to the matching contribution that the Company would have made to the participant's 401(k) Plan account if the participant had not deferred compensation under the Plan. In addition, for those individuals whose base salary and annual incentive compensation exceed the Internal Revenue Service indexed compensation limit for the 401(k) Plan, the Company credits such individual's account with an amount equal to the contribution the Company would have made to the 401(k) Plan but for the compensation limit. These Company contributions vest in 20% increments over the participant's first five (5) years of credited service; after the participant's first five (5) years of service, the Company contributions vest automatically. Except as described above, there is no Company match on deferred compensation.

For terminations and retirements, a participant's account is generally paid out in accordance with the last valid distribution election made by the participant. The applicable elections include: (i) a lump sum, (ii) 5 annual installments, (iii) 10 annual installments, (iv) 15 annual installments (not available to participants terminated prior to their 55th birthday), and (v) 20 annual installments (not available to participants terminated prior to their 55th birthday). For distributions upon death, if a participant's beneficiary is his or her spouse, the account is generally paid out in accordance with the last valid death distribution election (or, if there is no death distribution election, the regular distribution election). If a participant's beneficiary is not his or her spouse, then the account is generally paid out in a lump sum. The Plan administrator has also established procedures for hardship withdrawals and unplanned

Table of Contents

withdrawals (with a penalty). The current penalty for unplanned withdrawals is 10%. In the event of a Change in Control of the Company (as defined on page 25), the Stock Account is automatically converted into cash based upon a formula provided in the Plan.

SUBMISSION OF SHAREHOLDER PROPOSALS

Under Rule 14a-8(e) of the Securities Exchange Act of 1934, shareholder proposals intended for inclusion in next year's proxy statement must be submitted in writing to the Company to the Corporate Secretary at Campbell Place, Camden, New Jersey 08103-1799, and must be received by June 14, 2005.

Any shareholder proposal submitted for consideration at next year's annual meeting but not submitted for inclusion in the proxy statement that is received by the Company after August 27, 2005, will not be considered filed on a timely basis with the Company under Rule 14a-4(c)(1). For such proposals that are not timely filed, the Company retains discretion to vote proxies it receives. For such proposals that are timely filed, the Company retains discretion to vote proxies it receives provided 1) the Company includes in its proxy statement advice on the nature of the proposal and how it intends to exercise its voting discretion; and 2) the proponent does not issue a proxy statement.

DIRECTORS AND EXECUTIVE OFFICERS STOCK OWNERSHIP REPORTS

The federal securities laws require the Company's Directors and Executive Officers, and persons who own more than ten percent of the Company's capital stock, to file with the Securities and Exchange Commission and the New York Stock Exchange initial reports of ownership and reports of changes in ownership of any securities of the Company.

To the Company's knowledge, based solely on review of the copies of such reports furnished to the Company and written representations that no other reports were required, during the fiscal year ended August 1, 2004, all the Company's Executive Officers, Directors and greater-than-ten-percent beneficial owners made all required filings.

OTHER MATTERS

The Board of Directors knows of no other matters to be presented for action at the meeting. If other matters come before the meeting, it is the intention of the Directors' proxy to vote on such matters in accordance with his or her best judgment.

PROXIES AND VOTING AT THE MEETING

This statement and the accompanying proxy card are being mailed on or about October 12, 2004, for solicitation of proxies by the Board of Directors for the Annual Meeting of Shareowners of Campbell Soup Company called to be held on November 18, 2004. The mailing address of the Company's World Headquarters is 1 Campbell Place, Camden, New Jersey 08103-1799.

Proxies marked as abstaining (including proxies containing broker non-votes) on any matter to be acted upon by Shareowners will be treated as present at the meeting for purposes of determining a quorum but will not be counted as votes cast on such matters.

This solicitation of proxies is made on behalf of the Board of Directors of the Company with authorization of the Board, and the Company will bear the cost. Copies of proxy solicitation material will be mailed to Shareowners, and employees of the Company may communicate with Shareowners to solicit their proxies. Brokers, banks and others holding stock in their names, or in names of nominees, may request and forward copies of the proxy solicitation material to beneficial owners and seek authority for execution of proxies, and the Company will reimburse them for their expenses in so doing at the rates approved by the New York Stock Exchange.

Table of Contents

When a proxy is returned properly dated and signed, the shares represented thereby, including any shares held under the Company's Dividend Reinvestment Plan, will be voted by the person named as the Directors' proxy in accordance with each Shareowner's directions. Proxies will also be considered to be confidential voting instructions to the applicable Trustee with respect to shares held in accounts under the Campbell Soup Company Savings and 401(k) Plan for Salaried Employees, the Campbell Soup Company Savings and 401(k) Plan for Hourly-Paid Employees, and the Campbell Soup Company Ltd Employee Savings and Stock Bonus Plan. If participants in these Plans are also Shareowners of record under the same account information, they will receive a single proxy that represents all shares. If the account information is different, then the participants will receive separate proxies. Shareowners of record and participants in savings plans may cast their vote by:

- (1) using the toll-free phone number listed on the proxy solicitation/ voting instruction card;
- (2) using the Internet and voting at the website listed on the proxy card; or
- (3) signing, dating and mailing the proxy card in the enclosed postage paid envelope.

The telephone and Internet voting procedures are designed to authenticate votes cast by use of a personal identification number. The procedure allows shareowners to appoint a proxy and the savings plan participants to instruct a plan fiduciary to vote their shares and to confirm their instructions have been properly recorded. Specific instructions to be followed are set forth on the enclosed proxy solicitation/voting instruction card.

Shareowners are urged to cast their votes. If a proxy card is dated, signed and returned without specifying choices, the shares will be voted as recommended by the Directors (or, in the case of participants in the Plans referred to above, may be voted at the discretion of the applicable Trustee). This year shareowners may vote their shares by telephone or via the Internet. Please refer to the specific instructions on the enclosed proxy card.

A Shareowner giving a proxy may revoke it by notifying the Corporate Secretary in writing any time before it is voted. If a Shareowner wishes to give a proxy to someone other than the Directors' proxy, all three names appearing on the enclosed proxy may be crossed out and the name of another person inserted. The signed proxy card must be presented at the meeting by the person representing the Shareowner.

Each Shareowner who plans to attend the meeting in person is requested to so indicate in the space provided on the proxy card or as directed when voting by telephone or the Internet. The Company will then be able to mail an admission card to the Shareowner in advance of the meeting. Shareowners who do not have admission cards will need to register at the door.

INFORMATION ABOUT ATTENDING THE MEETING

The Annual Meeting of Shareowners will be held this year at the Wyndham Reading Hotel, 100 North Fifth Street, Reading, Pennsylvania 19601 that is approximately 5 miles from the Company's facility in Reading. A map and directions appear at the back of this booklet. Doors to the meeting room will open at 2:00 p.m.

To obtain an admission ticket by mail in advance and avoid registration lines at the door, simply indicate that you plan to attend the meeting by marking the appropriate box on the proxy card and return it in the envelope provided. CAMPBELL SOUP COMPANY
CORPORATE GOVERNANCE STANDARDS

September 23, 2004

Composition of the Board and Qualifications of Directors

1. Pursuant to the Company's By-Laws, the Board currently consists of 16 directors. A substantial majority of the Board shall be composed of directors who meet the requirements for independence established by the New York Stock Exchange. The Board shall make a determination at least annually as to the independence of each director, in accordance with standards that are disclosed to the shareowners.
2. All directors should be persons of the highest integrity, who abide by exemplary standards of business and professional conduct. Directors should possess the skills and judgment, and the commitment to devote the time and attention, necessary to fulfill their duties and responsibilities.
3. Directors are elected by the shareowners at the Annual Meeting of Shareowners for a one-year term, to serve until the next Annual Meeting. In the event of vacancies on the Board, the Board may elect directors to serve until the next Annual Meeting.
4. The Chief Executive Officer is currently the only employee of the Company nominated by the directors to serve on the Board. The Board believes that, as a general rule, former Campbell executives should not serve as directors of the Company.
5. The Board believes that service on the boards of other companies, and of civic and charitable organizations, enhances the experience and perspective of directors, but may also limit their time and availability. To ensure that all members of the Board have sufficient time to devote proper attention to their responsibilities as directors of the Company, the Governance Committee shall annually review the other board commitments of each director on a case-by-case basis.
6. No person may serve as a director if he or she is employed by a major supplier, customer or competitor of Campbell. In addition, no person may serve as a director if he or she, or a member of his or her immediate family (as defined in the Listing Standards of the New York Stock Exchange), is an executive officer of another company for which an executive officer of Campbell serves on the compensation committee of the board of directors, or of a non-for-profit organization that receives substantial contributions from Campbell or the Campbell Soup Foundation.
7. A director shall notify the Chair of the Governance Committee prior to accepting an invitation to serve on the board of another company or a not-for-profit organization. The Governance Committee shall evaluate and advise the Board whether, by reason of conflicts in regular meeting schedules or business or competitive considerations, simultaneous service on the other board may impede the director's ability to fulfill his or her responsibilities to Campbell.
8. A director who changes his or her principal employment, position, or professional role or affiliation following election or re-election to the Board shall tender his or her resignation for consideration by the Governance Committee and decision by the Board.
9. Directors are required to own at least 2,000 Campbell shares within one year of election, and 6,000 shares within three years of election.
10. The Board believes that the judgment as to the tenure of an individual director should rest on an assessment by the Governance Committee of his or her performance and contributions to the Board. Accordingly, there is no predetermined limit on the number of one-year terms to which a director may be re-elected prior to his or her 70th birthday. No person may stand for election to the Board after age 70.

Responsibilities of Directors

11. The Board believes that the primary responsibilities of directors are to exercise their business judgment in good faith, to act in what they reasonably believe to be the best interest of all shareowners, and to ensure that the business of the Company is conducted so as to further the long-term interests of its shareowners.
12. Directors shall receive and review appropriate materials in advance of meetings relating to matters to be considered or acted upon by the Board and its committees. Directors are expected to prepare for, attend and participate actively and constructively in all meetings of the Board and of the committees on which they serve.
13. Directors are expected to become and remain well informed about the business, performance, operations and management of the Company; general business and economic trends affecting the Company; and principles and practices of sound corporate governance.
14. In consultation with the Governance Committee, management shall provide programs for director orientation in which all new directors are expected to participate, and information to all directors about programs for continuing director education in areas of importance to the Company.
15. A director shall not participate in the discussion of or decision on any matter in which he or she has a personal, business or professional interest other than his or her interest as a shareowner of the Company. Directors shall promptly inform the Chairman of the Board regarding any actual or potential conflict of interest.

Composition of Board Committees

16. The Board shall establish such standing committees as it deems appropriate and in the best interests of the Company. The current standing committees of the Board are the Audit Committee, the Compensation and Organization Committee, the Finance and Corporate Development Committee, and the Governance Committee.
17. The Governance Committee shall recommend and the Board shall appoint, annually and as vacancies or new positions occur, the members of the standing committees and the committee chairs. The Governance Committee shall annually review the membership of the committees, taking account of both the desirability of periodic rotation of committee members and the benefits of continuity and experience in committee service.
18. All members of the Audit, Governance, and Compensation and Organization Committees shall meet the independence requirements of the New York Stock Exchange.
19. Directors who serve on the Audit Committee shall also meet the requirements as to independence, experience and expertise for audit committee members established by the New York Stock Exchange and applicable laws and regulations. At least one member of the Audit Committee shall be an audit committee financial expert as defined by the rules of the U.S. Securities and Exchange Commission.
20. No member of the Audit Committee shall simultaneously serve on the audit committees of more than two other public companies.

Board Operations

21. The Board shall determine the number of regular meetings to be scheduled each year, and shall meet more frequently as circumstances may require.

serve as the Lead Director to preside at executive sessions of non-management directors and provide oversight for the effective functioning of the Board.

23. Upon consultation with the Chief Executive Officer, the Chairman shall annually establish an agenda of the matters that are expected to be considered and acted upon by the Board during the following year. The annual schedule shall be provided to the full Board for review and comment. In addition, the CEO shall review with the Chairman of the Board, prior to each Board meeting, the agenda for the meeting and the nature and scope of the materials that will be furnished to the directors in advance of the meeting.
24. The agenda will provide for an executive session of non-management directors (as defined by the New York Stock Exchange) at every regularly scheduled Board meeting, and for an executive session of independent directors at least once a year. The Chairman of the Board, or, when appropriate, the Chair of the Governance Committee, acting in the capacity of Lead Director, shall preside at executive sessions.
25. Directors shall have unfettered access to management and employees of the Company and to its inside and outside counsel and auditors. Executive officers and other senior management are expected to be present at Board meetings at the invitation of the Board.
26. The Board shall establish methods by which interested parties may communicate directly with the Chairman or Lead Director, or with the non-management directors as a group, and shall cause such methods to be disclosed in the proxy statement.
27. The Board and each of its committees are authorized to retain such independent legal, financial or other advisors as they may deem necessary or appropriate to carry out their duties.
28. Directors' fees (including, in the case of a non-executive Chairman of the Board, the Chairman's annual retainer and any additional compensation approved by the Board) will be the sole compensation that any director who is not an employee of Campbell receives, directly or indirectly, from the Company. The form and amount of director compensation shall be based on principles recommended by the Governance Committee and adopted by the Board, and shall be reviewed annually by the Governance Committee. The current principles provide that annual director compensation shall be set at the median of a group of 13 food companies, and shall be delivered 50% in stock options, 30% in unrestricted shares and 20% in cash unless a director elects to receive his or her compensation entirely in the form of stock options.
29. The Governance Committee shall be furnished annually with a report identifying any charitable contributions or pledges made by the Company during the last year, in the aggregate amount of \$25,000 or more, to any entity for which a director serves as an executive officer.

Committee Operations

30. Each standing committee of the Board will have a charter that is approved by the Board and sets forth the purposes, duties and responsibilities of the committee. At least annually, the members of each committee will evaluate the adequacy of the committee's charter, and will conduct an evaluation of its performance and effectiveness in fulfilling the duties and responsibilities set forth in the charter.
31. The chair of each standing committee, in consultation with management, shall annually establish agendas of the matters that are expected to be considered and acted upon by the committee during the following year. The annual schedule shall be provided to committee members for review and comment. 35. 36. The Governance Committee shall lead the Board in an annual self-evaluation of the performance and effectiveness of the Board and its committees, and shall report the results of the evaluation to the shareowners in the proxy statement. The Governance Committee shall also assess, on the basis of established criteria, the performance of each director standing for re-election at the next Annual Meeting of Shareowners.
37. The Compensation and Organization Committee shall have sole authority to retain and terminate any compensation consultant used to assist in the design or evaluation of executive compensation for the Chief Executive Officer or senior management, including sole authority to approve the consultant's fees and other retention terms.

40. The Compensation and Organization Committee shall recommend to the Board plans and policies regarding the succession of the CEO in the event of an emergency or the CEO's retirement. The CEO shall provide to the Board, on an ongoing basis, recommendations regarding a successor to be appointed in such an event.
41. The Chief Executive Officer will report at least annually to the Compensation and Organization Committee his or her evaluation of the senior management of the Company.
42. The Chief Executive Officer will report annually to the Compensation and Organization Committee on the Company's executive organization and principal programs for management development and planning for executive succession. The Committee will evaluate and report annually to the Board on the effectiveness of these processes.
43. The Board shall approve a Code of Business Conduct and Ethics applicable to directors, officers and employees of the Company, which prohibits retaliation in any form against anyone who reports suspected violations. Any amendments to the Code or waivers of its provisions for directors or executive officers shall be approved by the Audit Committee and promptly disclosed to shareowners.

45. All equity-based compensation plans shall be approved by the shareowners.
46. Incentive compensation plans will be based on principles and policies for executive compensation recommended by the Compensation and Organization Committee and approved by the Board.
47. By the terms of the shareowner-approved incentive plan, stock options may not be repriced.
48. Pursuant to the Company's program relating to ownership of Campbell stock by executives, approximately the 90 most senior executives of the Company must retain a portion of the equity compensation they receive until they own Campbell stock valued at varying amounts ranging from \$300,000 to \$5,750,000, depending upon their positions. Restricted stock and stock options, including vested stock options, do not count toward satisfaction of this requirement.

Shareowners

49. All shareowners have equal voting rights.
50. The Board will develop, approve and annually review Corporate Governance Standards that are disclosed each year to shareowners in the proxy statement.

**STANDARDS FOR THE DETERMINATION OF
DIRECTOR INDEPENDENCE**

A director shall be considered independent if the Board determines that the director does not have, directly or indirectly, any material relationship with the Company. In making this determination the Board shall broadly consider all relevant facts and circumstances.

Under the Company's Corporate Governance Standards, directors' fees are the sole compensation that any director who is not an employee of Campbell may receive, directly or indirectly, from the Company. The Board has established the following additional standards to assist it in determining director independence. For the purposes of these standards, the term "immediate family member" shall have the meaning given in the Listing Standards of the New York Stock Exchange.

1. A director will not be considered independent if, within the preceding three years:
 - (a) the director was employed by the Company, or an immediate family member of the director was employed as an executive officer of the Company;
 - (b) the director or an immediate family member of the director received direct compensation from the Company exceeding \$100,000 per year, other than (i) director or committee fees, (ii) pension or other forms of deferred compensation for prior service that are not contingent on continued service, (iii) compensation for former service as an interim chairman or CEO, or (iv) compensation received by an immediate family member for services as a non-executive employee of the Company.
 - (c) the director was employed by or affiliated with the Company's present or former independent auditor;

Table of Contents

- (d) an immediate family member of the director was employed in a professional capacity by, or affiliated with, the Company's present or former independent auditor;
 - (e) an executive of Campbell served on the compensation committee of the board of directors of another company that employed the director or a member of the director's immediate family as an executive officer;
 - (f) the director is an employee or executive officer of, or an immediate family member of the director is an executive officer of, another company that does business with Campbell, and the annual sales to or purchases from that company account for the greater of \$1 million or 2% of such company's gross revenues; or
 - (g) the director is an executive officer of another company that is indebted to Campbell, or to which Campbell is indebted, and the total amount of either company's indebtedness to the other exceeds 1% of the total consolidated assets of the company where the director serves as an executive officer.
2. A director who serves as an executive officer of a not-for-profit entity shall not be considered to have a material relationship with the Company if the discretionary contributions made to the entity by Campbell or the Campbell Soup Foundation (excluding matching grants) during the preceding three years are less than \$25,000 or 2% (whichever is greater) of the entity's most recent publicly available operating budget.
3. With respect to any relationship that is not covered by the guidelines in paragraphs 1 and 2 above, the members of the Board who satisfy the standards for independence set forth in those guidelines shall make a determination, based on all relevant facts and circumstances, as to whether or not the relationship is material, and therefore whether the director who has the relationship shall be considered independent. The Company will disclose and explain the basis for any determination that such a relationship is not material in its next proxy statement. The Company will also disclose and explain the basis for any determination of independence for a director who does not satisfy the guidelines in paragraphs 1 and 2 above.

Pursuant to the requirements of U.S. law, the Company does not make any personal loans or extensions of credit to any director, or any arrangements for the extension of credit to any director.

The Company's conflicts of interest policy requires the disclosure of any personal interest, influence, relationship or other situation that might constitute or be perceived as a potential conflict of interest. Each director is required annually to submit a signed statement attesting to his or her awareness of and compliance with this policy. In addition, under the Company's Corporate Governance Standards, directors are required promptly to inform the Chairman of the Board regarding any actual or potential conflict of interest.

The Committee shall have full power and authority to adopt such rules, regulations and instruments for the administration of the Plan and for the conduct of its business as the Committee deems necessary or advisable. The Committee's interpretations of the Plan, and all actions taken and determinations made by the Committee pursuant to the powers vested in it hereunder, shall be conclusive and binding on all parties concerned, including the Company, its Shareowners and any employee of the Campbell Group.

ARTICLE IV

PARTICIPATION

§ 4.1 Participants in the Plan shall be selected by the Committee from among Eligible Employees based upon such criteria as the Committee may from time to time determine.

ARTICLE V

AWARDS

§ 5.1 **Establishment of Performance Goals.** Prior to or during the beginning of each fiscal year (but in any event no later than 90 days into a fiscal year) the Committee will establish in writing one or more Performance Goals for the Company. The Performance Goals will be comprised of specified annual levels of one or more of the following performance criteria as the Committee may deem appropriate: earnings per share, net earnings, operating earnings, unit volume, net sales, market share, balance sheet measurements, revenue, economic profit, cash flow, cash return on assets, shareowner return, return on equity, or return on capital. In addition, for awards not intended to comply with Section 162(m) of the Internal Revenue Code, the Committee may establish Performance Goals based on other performance criteria as it deems appropriate.

§ 5.2 **Establishment of Award Categories.** Prior to the close of each fiscal year, the Committee shall:

(a) be advised by such appropriate officer of the Company as it may request, of the recommended estimated aggregate amount of awards of incentive compensation to be granted under the Plan for such fiscal year; and

Table of Contents

(b) determine whether awards shall be granted under the Plan for the fiscal year and if so, determine, the classes of employees eligible to receive awards of incentive compensation based upon job grade and salary levels and such other procedures for the granting of the awards as the Committee may deem desirable.

The class of employees determined to be eligible for awards shall not be subject to change after the close of the fiscal year.

§ 5.3 **Establishment of Award Amounts.** After the close of the fiscal year, the Committee may fix a maximum aggregate dollar amount which may be granted for awards for that fiscal year. The amounts of awards to be granted with respect to particular employees within the eligible classes may be determined after the close of the fiscal year under procedures established by the Committee.

§ 5.4 **Grant of Awards.** The Committee shall, in granting awards to particular Eligible Employees for any fiscal year, take into consideration (a) the performance of the Company or the organizational unit of the Eligible Employee based upon attainment of Performance Goals and (b) as between Participants, the contribution of the Participant during the fiscal year to the success of the Company, including the Participant's (i) position and level of responsibility, (ii) business unit, division or department achievements, and (iii) management assessment of individual performance. No award or awards may be granted to any Participant for the same fiscal year that exceeds in the aggregate \$5 million. The Committee shall have no discretion to increase such awards.

§ 5.5 **Committee Discretion.** The Committee shall have complete discretion with respect to the determination of the Eligible Employees to whom awards of incentive compensation shall be granted and the granting of such awards, except that the amount of any incentive compensation to be granted by the Committee to any Eligible Employee who is also a Director of the Company shall be approved by the Board in accordance with Article III.

§ 5.6 **Limitation on Awards.** Notwithstanding any other provision of the Plan, the Committee may not grant any award for any fiscal year, prior to a Change in Control (as hereinafter defined), in which no cash dividend shall have been paid on Campbell Stock.

§ 5.7 **Payment of Awards.** Incentive compensation awards made pursuant to Article V shall be paid entirely in cash as soon as possible after grant approval, unless the Participant is eligible for and has elected to defer receipt of a portion or all of such award in accordance with the terms of the Deferred Compensation Plan or unless the Committee, in its discretion, approves the conversion of the award into stock options, restricted stock or unrestricted stock pursuant to the Company's long-term incentive plan.

§ 5.8 **Section 162(m) Participants.** Notwithstanding the foregoing, within the first 90 days of a fiscal year, the Committee will establish in writing the maximum amount to be paid under an award to an Eligible Employee who is or may be a covered employee within the meaning of Section 162 (m) of the Internal Revenue Code if one or more Performance Goals for the fiscal year are achieved. No amount shall be paid to a covered employee pursuant to an award unless and until the Committee has certified in writing that the applicable Performance Goals and any other material terms under such award (other than in cases where such relate solely to the increase in the value of Campbell Stock) have been satisfied. The Committee will disregard or offset the effect of any Extraordinary Items in determining the attainment of Performance Goals for this purpose. At any time, the Committee may reduce (but not increase) the amount payable under an award to a covered employee upon attainment of Performance Goals on the basis of such further considerations as the Committee in its sole discretion shall determine.

ARTICLE VI

LIMITATIONS

§ 6.1 **Rights Not Absolute.** No person shall at any time have any right to be granted an award hereunder for any fiscal year, and no person shall have authority to enter into an agreement committing

the Company to make or pay an award, nor shall any person have authority to make any representation or warranty on behalf of the Company with respect thereto.

§ 6.2 **Participants Rights Limited to Plan.** Participants receiving awards shall have no rights to such awards except as set forth in this Plan.

§ 6.3 **No Right to Continued Employment.** Neither the action of the Company in establishing the Plan, nor any action taken by it or by the Board or the Committee under the Plan, nor any provision of the Plan, shall be construed as giving to any person the right to be retained in the employ of the Campbell Group.

ARTICLE VII

AMENDMENT, SUSPENSION OR TERMINATION OF

THE PLAN IN WHOLE OR IN PART

§ 7.1 The Board may amend, suspend or terminate the Plan in whole or in part; but it may not affect adversely rights or obligations with respect to awards previously made. The Plan may be altered, changed or repealed by the Shareowners; but such action shall not affect adversely rights or obligations with respect to awards previously made.

ARTICLE VIII

CHANGE IN CONTROL OF THE COMPANY

§ 8.1 **Contrary Provisions.** Notwithstanding anything contained in the Plan to the contrary, the provisions of this Article VIII shall govern and supersede any inconsistent terms or provisions of the Plan.

§ 8.2 **Definitions of Change in Control and Cause.** For purposes of the Plan Change in Control shall mean any of the following events:

(a) The acquisition in one or more transactions by any Person (as the term person is used for purposes of Section 13(d) or 14(d) of the 1934 Act) of Beneficial Ownership (within the meaning of Rule 13d-3 promulgated under the 1934 Act) of twenty-five percent (25%) or more of the combined voting power of the Company's then outstanding voting securities (the Voting Securities), provided, however, that for purposes of this Section 8.2(a), the Voting Securities acquired directly from the Company by any Person shall be excluded from the determination of such Person's Beneficial Ownership of Voting Securities (but such Voting Securities shall be included in the calculation of the total number of Voting Securities then outstanding); or

(b) The individuals who, as of September 28, 2000, are members of the Board (the Incumbent Board), cease for any reason to constitute more than fifty percent of the Board; provided, however, that if the election, or nomination for election by the Company's Shareowners, of any new director was approved by a vote of at least two-thirds of the Incumbent Board, such new director shall, for purposes of the Plan, be considered as a member of the Incumbent Board; or

(c) Approval by Shareowners of the Company of (1) a merger or consolidation involving the Company if the Shareowners of the Company, immediately before such merger or consolidation, do not own, directly or indirectly immediately following such merger or consolidation, more than fifty percent (50%) of the combined voting power of the outstanding Voting Securities of the corporation resulting from such merger or consolidation in substantially the same proportion as their ownership of the Voting Securities immediately before such merger or consolidation or (2) a complete liquidation or dissolution of the Company or an agreement for the sale or other disposition of all or substantially all of the assets of the Company; or

(d) Acceptance of Shareowners of the Company of shares in a share exchange if the Shareowners of the Company, immediately before such share exchange, do not own, directly or indirectly immediately

Table of Contents

following such share exchange, more than fifty percent (50%) of the combined voting power of the outstanding Voting Securities of the corporation resulting from such share exchange in substantially the same proportion as their ownership of the Voting Securities outstanding immediately before such share exchange.

Notwithstanding the foregoing, a Change in Control shall not be deemed to occur solely because twenty-five percent (25%) or more of the then outstanding Voting Securities is acquired by (i) a trustee or other fiduciary holding securities under one or more employee benefit plans maintained by the Company or any of its Subsidiaries, (ii) any corporation which, immediately prior to such acquisition, is owned directly or indirectly by the Shareowners of the Company in the same proportion as their ownership of stock in the Company immediately prior to such acquisition, (iii) any Grandfathered Dorrance Family Shareowner (as hereinafter defined) or (iv) any Person who has acquired such Voting Securities directly from any Grandfathered Dorrance Family Shareowner but only if such Person has executed an agreement which is approved by two-thirds of the Board and pursuant to which such Person has agreed that he (or they) will not increase his (or their) Beneficial Ownership (directly or indirectly) to 30% or more of the outstanding Voting Securities (the Standstill Agreement) and only for the period during which the Standstill Agreement is effective and fully honored by such Person. For purposes of this Section, Grandfathered Dorrance Family Shareowner shall mean at any time a Dorrance Family Shareowner (as hereinafter defined) who or which is at the time in question the Beneficial Owner solely of (v) Voting Securities Beneficially Owned by such individual on January 25, 1990, (w) Voting Securities acquired directly from the Company, (x) Voting Securities acquired directly from another Grandfathered Dorrance Family Shareowner, (y) Voting Securities which are also Beneficially Owned by other Grandfathered Dorrance Family Shareowners at the time in question, and (z) Voting Securities acquired after January 25, 1990 other than directly from the Company or from another Grandfathered Dorrance Family Shareowner by any Dorrance Grandchild (as hereinafter defined) provided that the aggregate amount of Voting Securities so acquired by each such Dorrance Grandchild shall not exceed five percent (5%) of the Voting Securities outstanding at the time of such acquisition. A Dorrance Family Shareowner who or which is at the time in question the Beneficial Owner of Voting Securities which are not specified in clauses (v), (w), (x), (y) and (z) of the immediately preceding sentence shall not be a Grandfathered Dorrance Family Shareowner at the time in question. For purposes of this Section, Dorrance Family Shareowners shall mean individuals who are descendants of the late Dr. John T. Dorrance, Sr. and/or the spouses, fiduciaries and foundations of such descendants. A Dorrance Grandchild means as to each particular grandchild of the late Dr. John T. Dorrance, Sr., all of the following taken collectively: such grandchild, such grandchild's descendants and/or the spouses, fiduciaries and foundations of such grandchild and such grandchild's descendants.

Moreover, notwithstanding the foregoing, a Change in Control shall not be deemed to occur solely because any Person (the Subject Person) acquired Beneficial Ownership of more than the permitted amount of the outstanding Voting Securities as a result of the acquisition of Voting Securities by the Company which, by reducing the number of Voting Securities outstanding, increases the proportional number of shares Beneficially Owned by the Subject Person, provided that if a Change in Control would occur (but for the operation of this sentence) as a result of the acquisition of Voting Securities by the Company, and after such share acquisition by the Company, the Subject Person becomes the Beneficial Owner of any additional Voting Securities which increases the percentage of the then outstanding Voting Securities Beneficially Owned by the Subject Person, then a Change in Control shall occur.

Notwithstanding anything contained in this Plan to the contrary, if a Participant's employment is terminated by the Company without Cause within one year prior to a Change in Control and such termination (1) was at the request of a third party who effectuates a Change in Control or (2) otherwise occurred in connection with or in anticipation of, a Change in Control, then for purposes of this Article VIII only, the date of a Change in Control shall mean the date immediately prior to the date of such Participant's termination of employment.

Cause. For purposes of this Article VIII only, the term Cause shall mean the termination of a Participant's employment by reason of his or her (a) conviction of a felony or (b) engaging in conduct

Table of Contents

which constitutes willful gross misconduct which is demonstrably and materially injurious to the Campbell Group, monetarily or otherwise. No act, nor failure to act, on the Employee's part, shall be considered willful unless he or she has acted, or failed to act, with an absence of good faith and without a reasonable belief that his or her action or failure to act was in the best interest of the Campbell Group.

§ 8.3 **Change in Control Award.** During any fiscal year in which a Change in Control occurs (Change in Control Year) each Eligible Employee who is a Participant on the date immediately prior to the Change in Control (a) whose employment with his or her employer is terminated prior to the end of the Change in Control Year for any reason (other than by his or her employer for Cause) or (b) who is in the employ of the Company or any Subsidiary on the last day of the Change in Control Year, shall be entitled to receive, in either case, within thirty (30) days thereafter, a cash payment equal to the greater of (x) his or her target award for the Change in Control Year or (y) the average of the awards paid or payable under the Plan for the two most recent fiscal years ended prior to the Change in Control Year (the Award); provided, however, that the amount of the Award to be paid to each Participant as provided in clause (a) above shall be multiplied by a fraction, the numerator of which shall be the number of calendar days from and including the first day of the Change in Control Year through and including the date the Participant's employment is terminated and the denominator of which shall be 365; provided, further, however, that the Award to be paid to any Participant who is a party to an individual severance agreement shall be reduced by the amount of the Pro Rata Bonus (as defined in the severance agreement) that such Participant receives under the severance agreement.

§ 8.4 **Continuation of the Plan.** For a period of two (2) years following a Change in Control, the Plan shall not be terminated or amended in any way (including, but not limited to, restricting or limiting any Eligible Employee's right to participate in the Plan), nor shall the manner in which the Plan is administered be changed in a way that adversely affects the level of participation or reward opportunities of any Participant; provided, however, that the Plan shall be amended as necessary to make appropriate adjustments for (a) any negative effect that the costs and expenses incurred by the Company and its Subsidiaries in connection with the Change in Control may have on the benefits payable under the Plan and (b) any changes to the Company and/or its Subsidiaries (including, but not limited to, changes in corporate structure, capitalization and increased interest expense as a result of the incurrence or assumption by the Company of acquisition indebtedness) following the Change in Control so as to preserve the reward opportunities and performance targets for comparable performance under the Plan as in effect on the date immediately prior to the Change in Control.

§ 8.5 **Amendment or Termination.** This Article VIII shall not be amended or terminated at any time if any such amendment or termination would adversely affect the rights of any Participants under the Plan.

§ 8.6 **Amendment or Termination prior to a Change in Control.** Any amendment or termination of the Plan prior to a Change in Control which (1) was at the request of a third party who has indicated an intention or taken steps reasonably calculated to effect a Change in Control or (2) otherwise arose in connection with or in anticipation of a Change in Control, shall be null and void and shall have no effect whatsoever.

ARTICLE IX

MISCELLANEOUS

§ 9.1 **Non-alienation.** No amounts payable under the Plan shall be subject in any manner to anticipation, assignment, or voluntary or involuntary alienation.

§ 9.2 **Governing Law.** This Plan shall be governed by and construed in accordance with the laws of the State of New Jersey to the extent not preempted by federal law.

§ 9.3 **Incapacity.** If the Committee, in its sole discretion, deems a Participant who is eligible to receive any payment hereunder to be incompetent to receive the same due to age, illness or any infirmity

or incapacity of any kind, the Committee may direct the employer to apply such payment directly for the benefit of such person, or to make payment to any person selected by the Committee to disburse the same for the benefit of the Participant. Payments made pursuant to this Section shall operate as a discharge, to the extent thereof, of all liabilities of the employer, the Committee and the Plan to the person for whose benefit the payments are made.

§ 9.4 **Trust Arrangement.** All benefits under the Plan represent an unsecured promise to pay by the Company. The Plan shall be unfunded and the benefits hereunder shall be paid only from the general assets of the Company; provided, however, nothing herein shall prevent or prohibit the Company from establishing a trust or other arrangement for the purpose of providing for the payment of the benefits payable under the Plan.
