ITEM 1.01 ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT.

First Amendment Agreement.

Edgar Filing: UGI CORP /PA/ - Form 8-K

On August 24, 2006, UGI Corporation (the "Company") entered into a First Amendment Agreement (the "Amendment") to the Purchase and Sale Agreement, dated January 26, 2006 (the "Agreement" and collectively with the Amendment, the "Purchase Agreement"), with Southern Union Company ("SUG"). The Amendment also amended the Employee Agreement, dated January 26, 2006, between the Company and SUG (as amended, the "Employee Agreement"). The Purchase Agreement provides for the acquisition by the Company of the natural gas utility business of PG Energy, an operating division of SUG, and the capital stock of PG Energy Services, Inc. from SUG.

The Amendment provides for the assumption by the Company of sponsorship of and all assets (held in trust), liabilities and obligations under the Employees' Retirement Plan of Southern Union Company Pennsylvania Division (the "SUG Pension Plan"), after SUG contributed an amount equal to the unfunded accrued benefit obligation to the SUG Pension Plan. The Amendment also amended the definition of the working capital target and certain of the employee related provisions, insurance related provisions and indemnification provisions in the Purchase Agreement.

Assignment and Assumption Agreements.

On August 24, 2006, the Company also entered into an Assignment and Assumption Agreement (the "Assignment Agreement") with UGI Penn Natural Gas, Inc. ("UGIPNG"), a subsidiary of the Company's wholly owned subsidiary, UGI Utilities, Inc. ("UGI Utilities"). Under the Assignment Agreement, the Company assigned to UGIPNG (i) its rights to acquire the natural gas utility business and stock being acquired from SUG under the Purchase Agreement, and (ii) its rights under the Employee Agreement. In addition, UGIPNG agreed to assume, pay and perform (i) all obligations of the Company with respect to the business and stock being acquired in accordance with the terms and conditions of the Purchase Agreement and (ii) all obligations of the Company in accordance with the Employee Agreement, other than certain obligations relating to the SUG Pension Plan which were assigned to and assumed by UGI Utilities, the parent of UGIPNG pursuant to an Assignment and Assumption Agreement dated August 24, 2006 between the Company and UGI Utilities (the "Pension Assignment"). The rights to acquire an immaterial amount of unregulated assets were separately assigned to UGI Energy Services, Inc., a wholly owned subsidiary of the Company.

Transition Services Agreement.

On August 24, 2006, the Company executed a Transition Services Agreement (the "Transition Services Agreement") with SUG defining the terms under which the parties will provide certain services and licenses to each other or designated affiliates over the course of a transition period following the August 24, 2006 acquisition by UGIPNG of the natural gas utility business of PG Energy, an operating division of SUG, and the capital stock of PG Energy Services, Inc. from SUG.

Columbia Gas Transmission -- FSS Service Agreement No. 79615.

On August 24, 2006, UGIPNG received assignment of and assumed the obligations of PG Energy under a Service Agreement dated August 16, 2004 (the "Columbia FSS Service Agreement") with Columbia Gas Transmission Corporation ("Columbia"), under Columbia's FERC Rate Schedule FSS. The Columbia FSS Service Agreement will remain in effect until March 31, 2010. UGIPNG holds a right of first refusal under FERC regulations for extension of the Columbia FSS Service Agreement upon expiration of the current term.

The Columbia FSS Service Agreement provides UGIPNG with firm natural gas storage service. Under the terms of the Columbia FSS Service Agreement, UGIPNG can inject into storage up to 5,641 Dth of natural gas per day, store up to a

Edgar Filing: UGI CORP /PA/ - Form 8-K

maximum quantity of 797,898 Dth of natural gas in Columbia storage facilities and withdraw up to 11,282 Dth per day of natural gas. The storage service is used to meet the peak consumption needs of UGIPNG's retail customers during the winter season.

UGIPNG pays maximum tariff rates for FSS service from Columbia, which includes reservation, capacity, injection and withdrawal charges together with fuel retention and applicable surcharges. The rates for service are subject to change from time to time in accordance with FERC ratemaking procedures. The Columbia FSS Service Agreement is subject to the general terms and conditions of Columbia's FERC Gas Tariff.

Columbia Gas Transmission -- SST Service Agreement No. 79616.

On August 24, 2006, UGIPNG received assignment of and assumed the obligations of PG Energy under a Service Agreement dated August 16, 2004 (the "Columbia SST Service Agreement") with Columbia under Columbia's FERC Rate Schedule SST. The Columbia SST Service Agreement is tied to UGIPNG's Columbia FSS Service Agreement. The Columbia SST Service Agreement will remain in effect until March 31, 2010 and UGIPNG holds a right of first refusal under FERC regulations for extension of the Columbia SST Service Agreement upon expiration of the current term. The Columbia FSS Service Agreement and the Columbia SST Service Agreement must both be extended or renewed for like time periods.

The Columbia SST Service Agreement provides for the transportation of natural gas on the Columbia pipeline system, for injection or withdrawal into storage under UGIPNG's Columbia FSS Service Agreement. Under the Columbia SST Service Agreement, UGIPNG can ship up to 5,641 Dth per day of natural gas on Columbia for injection into storage between the months of April and October, and can ship up to 11,282 Dth per day of natural gas storage withdrawals on Columbia for delivery to UGIPNG between the months of November and March. The Columbia SST Service Agreement permits UGIPNG to take deliveries of up to 7,000 Dth per day directly to the UGIPNG

distribution system at Renova without scheduling such deliveries with Columbia in advance. This "no-notice" capability of the Columbia SST Service Agreement provides balancing and swing flexibility to UGIPNG's distribution operations.

UGIPNG pays maximum tariff rates for SST service from Columbia, which includes reservation, and commodity charges, together with fuel retention and applicable surcharges. The rates for service are subject to change from time to time in accordance with FERC ratemaking procedures. The Columbia SST Service Agreement is subject to the general terms and conditions of Columbia's FERC Gas Tariff.

Transcontinental Gas Pipe Line -- FT Service Agreement No. 1003690.

On August 24, 2006, UGIPNG received assignment of and assumed the obligations of PG Energy (as successor to Pennsylvania Gas and Water Company) under a Service Agreement dated February 1, 1992 (the "1992 Transco FT Service Agreement") with Transcontinental Gas Pipe Line Corporation ("Transco"), under Transco's FERC Rate Schedule FT. The primary term of the agreement expired in 2004, however the 1992 Transco FT Service Agreement continues under a contractual evergreen provision which requires three years prior written notice by either party in order to terminate. The contract will therefore continue until at least August 23, 2009. In addition, UGIPNG holds a right of first refusal under FERC regulations for extension of the 1992 Transco FT Service Agreement if Transco elected to invoke its termination rights.

The 1992 Transco FT Service Agreement provides UGIPNG with the firm natural gas transportation service on the Transco Pipeline system. Under the 1992 Transco FT Service Agreement, UGIPNG can ship up to 48,542 Dth per day of natural gas for delivery to UGIPNG's distribution system. The 1992 Transco FT Service Agreement

Edgar Filing: UGI CORP /PA/ - Form 8-K

permits UGIPNG to nominate firm gas receipts from 79 separate receipt points on the Transco pipeline system, which provides flexibility in accessing gas supplies.

UGIPNG pays maximum tariff rates for FT service from Transco, which include fixed and variable charges, together with fuel retention and applicable surcharges. The rates for service are subject to change from time to time in accordance with FERC ratemaking procedures. The 1992 Transco FT Service Agreement is subject to the general terms and conditions of Transco's FERC Gas Tariff.

Transcontinental Gas Pipe Line -- FT Service Agreement No. 1021106.

On August 24, 2006, UGIPNG received assignment of and assumed the obligations of PG Energy under a Service Agreement dated July 10, 1997 (the "1997 Transco FT Service Agreement") with Transco, under Transco's FERC Rate Schedule FT. The 1997 Transco FT Service Agreement will remain in effect until October 31, 2017. UGIPNG holds a right of first refusal under FERC regulations for extension of the 1997 Transco FT Service Agreement upon expiration of the current term.

The 1997 Transco FT Service Agreement provides UGIPNG with the firm natural gas transportation service on the Transco Pipeline system. Under the 1997 Transco FT Service Agreement, UGIPNG can ship up to 33,500 Dth per day of natural gas for delivery to UGIPNG's distribution system. The 1997 Transco FT Service Agreement permits UGIPNG to receive gas on a firm basis from Transco's interconnection with the Leidy storage fields in Pennsylvania, which represents a reliable source of year-round gas deliveries.

UGIPNG pays maximum tariff rates for FT service from Transco, which includes fixed and variable charges, together with fuel retention and applicable surcharges. The rates for service are subject to change from time to time in accordance with FERC ratemaking procedures. The 1997 Transco FT Service Agreement is subject to the general terms and conditions of Transco's FERC Gas Tariff.

Transcontinental Gas Pipe Line -- GSS Service Agreement No. 1000798.

On August 24, 2006, UGIPNG received assignment of and assumed the obligations of PG Energy of a Service Agreement dated July 1, 1996 (the "Transco GSS Service Agreement") with Transco under Transco's FERC Rate Schedule GSS. The Transco GSS Service Agreement will remain in effect until March 31, 2013. Rate Schedule GSS is an individually certificated service under FERC Regulations, so Transco is required to file for and receive authorization to abandon service to UGIPNG after expiration of the primary term.

The Transco GSS Service Agreement provides UGIPNG with a firm natural gas storage and delivery service on the Transco Pipeline system. Under the terms of the Transco GSS Service Agreement, UGIPNG can store up to a maximum quantity of 2,746,576 Dth of natural gas in Transco's storage facilities and to withdraw and take delivery of up to 56,532 Dth per day of natural gas. The storage service is used to meet the peak consumption needs of UGIPNG's retail customers during the winter season.

UGIPNG pays maximum tariff rates for FT service from Transco, which includes demand, capacity, injection and withdrawal charges together with fuel retention and applicable surcharges. The rates for service are subject to change from time to time in accordance with FERC ratemaking procedures. The Transco GSS Service Agreement is subject to the general terms and conditions of Transco's FERC Gas Tariff.

A copy of the Transition Services Agreement is attached hereto as Exhibit 10.1 and is incorporated herein by reference. The summary of the terms of the

Assignment, the Columbia FSS Service Agreement, the Columbia SST Service Agreement, the 1992 Transco FT Service Agreement, the 1997 Transco FT Service Agreement and the Transco GSS Service Agreement are qualified in their entirety by reference to the respective agreements filed by UGI Utilities on August 30, 2006. Copies of the Agreement and the Employee Agreement, filed as Exhibits 10.1 and 10.2, respectively, to the Company's Form 8-K filed on January 27, 2006 are incorporated herein by reference.

ITEM 8.01 OTHER EVENTS.

On August 24, 2006, UGIPNG, a subsidiary of the Company's wholly owned subsidiary, UGI Utilities, completed the acquisition of the natural gas utility business of PG Energy, an operating division of SUG, and the capital stock of PG Energy Services, Inc. from SUG for approximately \$580 million in cash, subject to certain adjustments in accordance with the terms and conditions of the Purchase Agreement. The acquisition was first announced by the Company on January 27, 2006.

The purchase price for the acquisition was funded by (i) existing cash balances of \$265 million, (ii) approximately \$40 million in borrowings under UGI Utilities' unsecured, revolving credit agreement, dated as of August 11, 2006, with Citibank, N.A., as agent, Wachovia Bank, National Association, as syndication agent, and Citizens Bank of Pennsylvania, Credit Suisse, Cayman Islands Branch, Deutsche Bank AG New York Branch, JPMorgan Chase Bank, N.A., Mellon Bank, N.A., PNC Bank, National Association, and the other financial institutions from time to time parties thereto, and (iii) \$275 million in borrowings under UGI Utilities' Credit Agreement, dated as of August 18, 2006 with Credit Suisse Securities (USA), LLC as syndication agent, Credit Suisse, Cayman Islands Branch, as administrative agent, Credit Suisse Securities (USA), LLC, Citigroup Global Markets Inc. and Wachovia Capital Markets, LLC as joint lead arrangers and the financial institutions from time to time parties thereto as lenders.
