-

Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers

On April 30, 2008, the Compensation Committee of the Board of Directors (the Committee) of E. I. du Pont de Nemours and Company (the Company) recommended, and the Board of Directors of the Company approved, the adoption of the E. I. du Pont de Nemours Management Deferred Compensation Plan (the Plan), under which a select group of management or highly compensated employees (Participants) may defer receipt of their compensation, including up to 60% of their base salary, up to 60% of their short-term incentive (STIP) awards and up to 100% of their long-term incentive (LTI) awards. The provisions of the Plan relating to the deferral of base salary and LTI Awards are effective January 1, 2009. The provisions of the Plan relating to the deferral of STIP Awards are effective for awards earned during 2008 and payable in 2009.

Each year a Participant may choose to allocate his/her deferral contributions of base salary and STIP awards into as many as five separate investment subaccounts (Directed Investment Subaccounts), and choose a distribution method specific for each subaccount. Separate investment elections may be made for each Directed Investment Subaccount. In addition, a Participant may choose to allocate his/her deferral contributions of LTI awards into as many as five separate stock unit subaccounts (Stock Unit Subaccounts), and choose a distribution method specific for each subaccount. Each Stock Unit Subaccount will consist of common stock units of the Company. Investment elections may not be made with respect to Stock Unit Subaccounts.

Participant elections with respect to deferrals of compensation and distributions must generally be made in the year preceding that in which the compensation is earned, except a newly eligible Participant may generally make deferral elections up to 30 days after he/she first becomes eligible to participate in the Plan. Deferral elections related to performance-based compensation may generally be made no later than six months prior to the end of the performance period. Participants may only change existing elections with respect to distributions if they satisfy certain requirements set forth in the Plan, including that they do so no later than 12 months prior to the first scheduled distribution and that they extend their deferral elections by at least five years.

Participants may elect one or more investment funds, as designated by the Company, to be used to determine the additional amounts to be credited to their Directed Investment Subaccounts. These investment funds are for measurement purposes only and a Participant's election of any such investment fund is hypothetical and is not an actual investment of his/her Plan account in any such investment funds. The Plan is an unfunded plan for state and federal income tax purposes and Participants have the rights of unsecured creditors of the Company with regard to their Plan accounts. Dividend equivalents will be allocated to Stock Unit Subaccounts and Directed Investment Subaccounts to the extent such subaccounts consist of common stock units of the Company.

Participants may elect to receive distributions of their accounts on: (i) separation from service; (ii) a specified date or in accordance with a fixed schedule; (iii) the earlier of (i) or (ii); or (iv) a change of control, if occurring earlier than (i) or (ii). A Participant may also request a distribution of all or a portion of his/her account in connection with certain unforeseeable emergencies. The available forms of payment are a lump sum or annual installments for up to 15 years. The foregoing description of the Plan does not purport to be complete and is qualified in its entirety by reference to the Plan, which is filed as Exhibit 10.1 hereto, and is incorporated herein by reference.

Item 9.01. Financial Statements and Exhibits.
