Item 2. Acquisitions or Dispositions of Assets.

-----

On January 31, 2004, CommScope, Inc., a Delaware corporation ("CommScope"), through CommScope Solutions Holdings, LLC (formerly known as SS Holdings, LLC, "CSH"), a Delaware limited liability company and a wholly owned subsidiary of CommScope, acquired the Connectivity Solutions business ("ACS") of Avaya Inc., a Delaware corporation ("Avaya"), pursuant to an asset purchase agreement dated as of October 26, 2003 (the "Asset Purchase Agreement"), among CommScope, CSH and Avaya.

## Edgar Filing: COMMSCOPE INC - Form 8-K

ACS is engaged in the business of the design, development, manufacture and marketing of enterprise structured cabling solutions for Local Area Networks, structured cabling and equipment for telephone central offices and secure environmental enclosures for telecommunications service providers. The principal assets of the ACS business include: intellectual property; contracts; equipment; inventory; accounts receivable; manufacturing facilities in Omaha, Nebraska, Bray, Ireland, and Brisbane, Australia; leased warehouse facilities in Hilversum, The Netherlands and Singapore; and leased operational headquarters and research and development facilities in Richardson, Texas. Approximately 1,900 employees of the ACS business have become employees of CommScope and its subsidiaries.

Under the terms of the Asset Purchase Agreement, CommScope and CSH acquired substantially all of the assets, subject to specified liabilities, of ACS in consideration for the payment to Avaya of \$250,000,000 in cash and 1,761,538 shares of CommScope's common stock, par value \$0.01 per share, subject to post-closing adjustment. (The closing of certain limited international operations is expected to occur later this year, and a portion of the cash purchase price was withheld pending such closing). CommScope also assumed up to approximately \$65 million of specified liabilities of ACS, primarily related to employee benefits. The purchase price was based on arms-length negotiations between the parties and will be adjusted based on the Closing Net Assets (as defined in the Asset Purchase Agreement) of ACS as of the close of business on the business day prior to the closing date.

The cash portion of the purchase price was funded from CommScope's existing cash balances and \$100 million of borrowings under CommScope's new amended and restated \$185 million senior secured credit facility (the "Credit Agreement"). Certain of CommScope's operating subsidiaries, (the "Borrowers") are the primary borrowers under the Credit Agreement. CommScope and each of its other material domestic subsidiaries have guaranteed the performance of the Borrowers under the Credit Agreement. The Credit Agreement is secured by substantially all of the property and assets of CommScope. The Credit Agreement consists of a \$110 million revolving credit facility and a \$75 million term loan facility maturing on January 31, 2009.
