The Board of Directors
The New Germany Fund, Inc.
345 Park Avenue
New York, NY 10154

Dear Board Members:

We have beneficially owned shares of The New Germany Fund, Inc. ("the "Fund") worth more than \$2,000 continuously for more than one year (as evidenced by a schedule 13D filing we are making containing this letter) and we intend to continue ownership of our shares through the date of the Fund's next annual meeting. We are submitting the following proposal and supporting statement pursuant to rule 14a-8 of the Securities Exchange Act of 1934 for inclusion in management's proxy materials for the next annual meeting which we intend to attend either in person or by proxy.

Edgar Filing: NEW GERMANY FUND INC - Form SC 13D/A

RESOLVED: The shareholders request that the board of directors promptly take the steps necessary to open-end the Fund or otherwise enable shareholders to realize net asset value ("NAV") for their shares.

Supporting Statement

The Fund has traded at a discount to its NAV for a very long time. Open-ending will cause the shares to trade at NAV and thus eliminate the discount.

In 2004, shareholders voted by a margin of 61-to-39 in favor of a proposal requesting that the board of directors promptly take the steps necessary to open-end the Fund or otherwise enable stockholders to realize NAV for their shares. The board said that vote was not enough to convince them to open-end the Fund. In 2005 shareholders again supported a similar proposal by an even larger margin, this time by 71-to-29 but the directors again refused to bend. If we keep sending similar messages that we want to open-end the Fund, perhaps the board will eventually pay attention to us.

Like the brutal regime that erected the infamous Berlin Wall to keep East Germans from escaping to a free and prosperous West Germany, our Fund's board of directors has thus far kept us trapped in a closed-end fund against our wishes. Of course, as you know, after more than 28 years, Communist East Germany finally opened its borders to the West in 1989, including the Berlin Wall. The first woman who stepped to freedom said, "I am no longer a prisoner." We are hopeful that it won't take twenty-eight years before the board of directors listens to us and open-ends our Fund. Then we too can say, "We are no longer prisoners of the discount."

If you do not want to remain a prisoner of the discount forever, please vote for this proposal.

Very truly yours,

Phillip Goldstein
Portfolio Manager
