TABLE OF CONTENTS

DESCRIPTION OF COMMON STOCK

The following summary description of the general terms and provisions of our common stock is based on the provisions of our restated articles of incorporation, restated bylaws and applicable provisions of the Oregon Business Corporation Act, or the OBCA. This description is not complete and is subject to, and is qualified in its entirety by reference to our restated articles of incorporation, restated bylaws and the OBCA.

This section describes the general terms and provisions of the shares of our common stock. The prospectus supplement will describe the specific terms of the common stock offered through that prospectus supplement. We may offer common stock issuable upon the conversion of preferred stock or debt securities, the exercise of warrants and pursuant to stock purchase contracts.

Authorized Shares

We are authorized to issue up to 100,000,000 shares of common stock without par value. As of December 3, 2008, there were 60,146,320 shares of Umpqua common stock outstanding. Umpqua's board of directors is authorized to issue or sell additional capital stock of Umpqua, at its discretion and for fair value, and to issue future cash or stock dividends, without prior shareholder approval, except as otherwise required by law

Edgar Filing: UMPQUA HOLDINGS CORP - Form S-3ASR

or the listing requirements of the Nasdaq Global Select Market.

A total of 2,000,000 shares of common stock are reserved for issuance under Umpqua's 2003 Stock Incentive Plan. As of December 3, 2008 there were a total of 599,516 shares in the plan available for future grants. Awards of stock options and restricted stock grants under the 2003 plan, when added to awards under all other plans, are limited to a maximum 10% of Umpqua's outstanding shares on a fully-diluted basis. As of December 3, 2008, under the 2003 Plan, options to purchase 1,013,600 shares were outstanding and 215,574 shares were reserved for issuance pursuant to unreleased restricted stock awards. An additional 3,014,117 shares are reserved for issuance under outstanding option grants made under Umpqua's predecessor plans and equity based award plans assumed by Umpqua in connection with mergers.

Voting Rights

Each share of common stock is entitled to one vote on matters submitted to a vote of shareholders. A majority of the votes cast on a matter is sufficient to take action upon routine matters. The affirmative vote of a majority of the outstanding shares is required to approve a merger or dissolution or sale of all of Umpqua assets. In general, amendments to Umpqua's articles of incorporation must be approved by a majority of the outstanding shares. Amendments to Umpqua's articles of incorporation concerning the following subject matters, however, currently require the approval of at least 75% of all votes entitled to be cast on the amendment:

- limitation of director liability;
- indemnification of directors; and
- anti-takeover provisions related to the consideration of other constituencies when evaluating mergers, tender or exchange offers and similar proposals.

Umpqua's directors are each elected annually and may be removed with or without cause. Directors are elected by a plurality of the votes cast and holders of common stock may not cumulate votes in the election of directors.

Dividend Rights

Subject to any prior rights of any outstanding preferred stock, holders of Umpqua's common stock are entitled to receive dividends or distributions, whether payable in cash or otherwise, if, as and when declared by Umpqua's board of directors out of funds legally available for these payments.

TABLE OF CONTENTS

The board of directors' dividend policy is to review Umpqua's financial performance, capital adequacy, regulatory compliance and cash resources on a quarterly basis, and, if such review is favorable, to declare and pay a cash dividend to shareholders. Umpqua's ability to pay cash dividends is largely dependent on the dividends it receives from its principal subsidiary, Umpqua Bank.

We have issued Series A preferred stock, which ranks senior to our common stock and prohibits payment of dividends on our common stock in excess of \$0.19 per share per quarter prior to the earlier of November 14, 2011 and the date of which we redeem (or U.S. Treasury transfers to unaffiliated parties) all of the Series A preferred shares, without the consent of the U.S. Treasury.

The OBCA allows an Oregon business corporation to make a distribution, including payment of dividends, only if, after giving effect to the distribution, in the judgment of the board of directors: (a) the corporation would be able to pay its debts as they become due in the usual course of business; and (b) the corporation's total assets would at least equal the sum of its total liabilities plus, unless the articles of incorporation permit otherwise, the amount that would be needed if the corporation were to be dissolved at the time of the distribution to satisfy the preferential rights upon dissolution of shareholders whose preferential rights are superior to those receiving the distribution.

Subject to any provision to the contrary contained in any designation of a series of preferred stock, our restated articles of incorporation allow us to repurchase all or any of its outstanding shares of Common Stock or Preferred Stock even though the distribution made to effect that repurchase would cause the difference between our total assets and total liabilities to be less than the amount that would be needed to satisfy the preferential liquidation rights of all outstanding shares of classes or series of a class with liquidation rights that are prior to those of the shares being repurchased if we were to be liquidated at the time of such repurchase.

Liquidation Rights

Edgar Filing: UMPQUA HOLDINGS CORP - Form S-3ASR

In the event of Umpqua's liquidation, holders of Umpqua's common stock will be entitled to receive pro rata any assets legally available for distribution to Umpqua shareholders, subject to any prior rights or claims of creditors and preferences of any series of preferred stock then outstanding.

No Preemptive Rights

Umpqua's common stock does not have any preemptive rights, sinking fund provisions, redemption privileges or conversion rights. Umpqua's articles of incorporation permit the repurchase of outstanding shares of common stock.

Transfer Agent

BNY Mellon Investor Services, LLC serves as the registrar and transfer agent for Umpqua's common stock.

Listing

Our outstanding shares of common stock are listed on the Nasdaq Global Select Market under the symbol UMPQ.

Fully Paid

The outstanding shares of common stock are fully paid and nonassessable. This means the full purchase price for the outstanding shares of common stock has been paid and the holders of such shares will not be assessed any additional amounts for such shares. Any additional common stock that we may issue in the future upon the conversion or exercise of other securities offered under this prospectus will also be fully paid and nonassessable.

TABLE OF CONTENTS

Anti-Takeover Provisions

Consideration of other Constituencies

Our restated articles of incorporation authorize the board of directors, when evaluating a merger, tender offer or exchange offer, sale of substantially all of our assets or similar provisions to consider the social, legal and economic effects on employees, customers and suppliers of the Company, and on the communities and geographical areas in which we operate, as well as the state and national economies and the short- and long-term interests of the Company and its shareholders. This provision may be amended only by the affirmative vote of at least 75% of the outstanding shares. Such provision may have the effect of discouraging potential acquirers, and may be considered an anti-takeover defense. Under the OBCA, a proposed merger or plan of exchange requires the approval of the board of directors and the affirmative vote of a majority of the outstanding shares.

Preferred Stock

Our restated articles of incorporation contain other provisions that could make more difficult an acquisition of Umpqua by means of an unsolicited tender offer or proxy contest. Our restated articles of incorporation authorize the issuance of blank check voting preferred stock, which, although intended primarily as a financing tool and not as a defense against takeovers, could potentially be used by management to make uninvited attempts to acquire control more difficult by, for example, diluting the ownership interest or voting power of a substantial shareholder, increasing the consideration necessary to effect an acquisition or selling unissued shares to a friendly third party.

Nomination Procedures

In addition to our board of directors, shareholders can nominate candidates for election to our board of directors. To do so, a shareholder must follow the advance notice procedures described in our bylaws, as amended and restated. In general, a shareholder must submit a written notice of the nomination to our corporate secretary not later than the close of business 90 calendar days before the calendar date of Umpqua's proxy statement released to shareholders in connection with the previous year's annual meeting.

Shareholder Proposals

Edgar Filing: UMPQUA HOLDINGS CORP - Form S-3ASR

Shareholders may propose that business (other than nominations to our board of directors as described above) be considered at an annual meeting of shareholders only if a shareholder follows the advance notice procedures described in our bylaws, as amended and restated. In general, a shareholder must submit a written notice of the proposal and the shareholder's interest in the proposal to our corporate secretary at least 90 days before the calendar date of our proxy statement released in connection with the prior year's annual shareholder meeting.

DESCRIPTION OF PREFERRED STOCK

The following summary contains a description of the general terms of the preferred stock that we may issue and of the Fixed Rate Cumulative Perpetual Preferred Stock, Series A. The specific terms of any series of preferred stock will be described in the prospectus supplement relating to that series of preferred stock. The terms of any specific series of preferred stock may differ from the terms described below. You should refer to the amendment to our restated articles of incorporation that will be filed with the SEC if we establish a series of preferred stock in connection with the offering of such series of preferred stock.

General

Our restated articles of incorporation permit our board of directors to authorize the issuance of up to 2,000,000 shares of preferred stock without par value. We have designated and issued 214,181 shares of Fixed Rate Cumulative Perpetual Preferred Stock, Series A.

13

TABLE OF CONTENTS

The terms of particular series of preferred stock are not established in the articles of incorporation, but may be designated in one or more series by the board of directors when the shares are issued. Therefore, without shareholder approval (except as may be required by NASDAQ rules or any other exchange or market on which our securities may then be listed or quoted) our board of directors can authorize the issuance of preferred stock with voting, dividend, liquidation, conversion, redemption and other rights.

The board of directors has the authority to determine or fix the following terms with respect to shares of any series of preferred stock:

- the number of shares and designation or title of the shares;
- dividend rights;
- whether and upon what terms the shares will be redeemable;
- the rights of the holders upon our dissolution or upon the distribution of our assets;
- whether and upon what terms the shares will have a purchase, retirement or sinking fund;
- whether and upon what terms the shares will be convertible;
- the voting rights, if any, which will apply; provided, however, that holders of preference stock will not be entitled to more than one vote per share; and
- any other preferences, rights, limitations or restrictions of the series.

If we purchase, redeem or convert shares of preferred stock, we will retire and cancel them and restore them to the status of authorized but unissued shares of preferred stock or preference stock, as the case may be. Those shares will not be part of any particular series of preferred stock and may be reissued by us.

The preferred stock will have the dividend, liquidation, redemption, voting and conversion rights described in this section unless the applicable prospectus supplement provides otherwise. You should read the prospectus supplement relating to the particular series of the preferred stock it offers for specific terms, including:

- the title, stated value and liquidation preference of the preferred stock and the number of shares offered;
- the initial public offering price at which we will issue the preferred stock;
- the dividend rate or rates, or method of calculation of dividends, the dividend periods, the dates on which dividends will be payable and whether the dividends will be cumulative or noncumulative and, if cumulative, the dates from which the dividends will start to cumulate;
- any redemption or sinking fund provisions;
- any conversion provisions; and
- any additional dividend, liquidation, redemption, sinking fund and other rights, preferences, privileges, limitations and restrictions.

Edgar Filing: UMPQUA HOLDINGS CORP - Form S-3ASR

When we issue shares of preferred stock, they will be fully paid and nonassessable. This means you will have paid the full purchase price for your shares of preferred stock and you will not be assessed any additional amount for your stock. Unless the applicable prospectus supplement specifies otherwise each series of preferred stock will rank equally in all respects with the outstanding shares of preferred stock and each other series of preferred stock offered under this prospectus.

The preferred stock will have no preemptive rights to subscribe for any additional securities which we may issue in the future, which means that the holders of shares of preferred stock will have no right, as holders of shares of preferred stock, to buy any portion of those issued securities.

Fixed Rate Cumulative Perpetual Preferred Stock, Series A

14

TABLE OF CONTENTS

We have designated 214,181 shares of preferred stock as Fixed Rate Cumulative Perpetual Preferred Stock, Series A. We issued these shares on November 14, 2008. The following is a summary of the material provisions of the Series A preferred stock.

Ranking

The Series A preferred stock ranks senior to our common stock and will rank *pari passu* with preferred shares other than preferred shares which by their terms rank junior to any existing preferred shares.

Dividends and Distributions

Cumulative dividends on shares of the Series A preferred stock accrue on the liquidation preference of \$1,000 per share at a rate of 5% per annum for the first five years following the date of issue, and at a rate of 9% per annum thereafter, if, as and when declared by the Board of Directors out of funds legally available therefor. The Series A preferred shares have no maturity date and rank senior to our Common Stock with respect to the payment of dividends and distributions.

Redemption

Subject to the approval of the Board of Governors of the Federal Reserve System, the Series A preferred stock is redeemable at our option at 100% of their liquidation preference, provided, however, that the Series A preferred stock may be redeemed prior to the first dividend payment date falling after November 14, 2011, the third anniversary of the issue date, only if:

- we have raised aggregate gross proceeds in one or more offerings of Tier 1 qualifying perpetual preferred stock or common stock for cash in excess of \$53,545,250; and
- the aggregate redemption price does not exceed the aggregate net proceeds from such Qualified Equity Offerings.

After November 14, 2011, we may redeem the Series A preferred stock, in whole or in part, at any time and from time to time, at our option. All redemptions must be at 100% of the issue price plus any accrued and unpaid dividends, and shall be subject to the approval of our primary federal bank regulator.

Conversion

Shares of Series A preferred stock are not convertible.

Rights Upon Liquidation

The Series A preferred shares rank senior to our common stock with respect to amounts payable upon our liquidation, dissolution and winding up, and will rank *pari passu* with preferred shares other than preferred shares which by their terms rank junior to any existing preferred shares.

Voting

The Series A preferred shares are non-voting, other than class voting rights on:

- any authorization or issuance of shares ranking senior to the Series A preferred stock,
- any amendment to the rights of Series A preferred stock, or
- any merger, exchange or similar transaction which would adversely affect the rights of the Series A preferred stock.

TABLE OF CONTENTS

If dividends on the Series A preferred stock are not paid in full for six dividend periods, whether or not consecutive, the holder of the Series A preferred stock will have the right to elect two directors. The right to elect directors will end when full dividends have been paid for four consecutive dividend periods.

Dividends

The holders of the preferred stock of each series will be entitled to receive cash dividends, if declared by our board of directors or its duly authorized committee, out of our assets that we can legally use to pay dividends. The applicable prospectus supplement relating to a particular series of preferred stock will describe the dividend rates and dates on which dividends will be payable. The rates may be fixed or variable or both. If the dividend rate is variable, the applicable prospectus supplement will describe the formula used to determine the dividend rate for each dividend period. We will pay dividends to the holders of record as they appear on our stock books on the record dates fixed by our board of directors or its duly authorized committee.

We are incorporated in Oregon, and are governed by the Oregon Business Corporation Act. Oregon law allows a corporation to pay dividends only if, after giving effect to the distribution, in the judgment of the board of directors: (a) the corporation would be able to pay its debts as they become due in the usual course of business; and (b) the corporation's total assets would at least equal the sum of its total liabilities plus, unless the articles of incorporation permit otherwise, the amount that would be needed if the corporation were to be dissolved at the time of the distribution to satisfy the preferential rights upon dissolution of shareholders whose preferential rights are superior to those receiving the distribution.

The applicable prospectus supplement will also state whether the dividends on any series of the preferred stock are cumulative or noncumulative. If our board of directors does not declare a dividend payable on a dividend payment date on any noncumulative series of preferred stock, then the holders of that series will not be entitled to receive a dividend for that dividend period and we will not be obligated to pay the dividend for that dividend period even if our board declares a dividend on that series payable in the future.

We will not owe any interest, or any money in lieu of interest, on any dividend payment(s) on any series of the preferred stock which may be past due.

Redemption

Subject to any provision to the contrary contained in any series of preferred stock, we may repurchase all or any outstanding shares of preferred stock even though the distribution made to effect that repurchase would cause the difference between our total assets and total liabilities to be less than the amount that would be needed to satisfy the preferential liquidation rights of all outstanding shares of classes or series of a class with liquidation rights that are prior to those of the shares being repurchased if we were to be liquidated at the time of such repurchase.

Subject to receipt of prior approval by the Board of Governors of the Federal Reserve System, if required, we may redeem all or part of a series of the preferred stock and that series may be subject to mandatory redemption under a sinking fund or otherwise, as described in the applicable prospectus supplement. Redeemed shares of preferred stock will become authorized but unissued shares of preferred stock or preference stock, as the case may be, that we may issue in the future.

If a series of the preferred stock is subject to mandatory redemption, the applicable prospectus supplement will specify the number of shares that we will redeem each year and the redemption price. If shares of preferred stock are redeemed, we will pay all accrued and unpaid dividends on those shares to, but excluding, the redemption date. The prospectus supplement will also specify whether the redemption price will be paid in cash or other property. If we are only permitted to pay the redemption price for a series of preferred stock from the proceeds of a capital stock issuance, and the proceeds from the issuance are insufficient or no such issuance has occurred, then the terms of that series may provide that the

preferred stock will automatically and mandatorily be converted into that capital stock.

If fewer than all of the outstanding shares of any series of the preferred stock are to be redeemed, our board of directors will determine the number of shares to be redeemed. We will redeem the shares pro rata from the holders of record in proportion to the number of shares held by them, with adjustments to avoid redemption of fractional shares.

TABLE OF CONTENTS

Unless the applicable prospectus supplement specifies otherwise, we will give notice of a redemption by mailing a notice to each record holder of the shares to be redeemed. Each notice will state:

- the redemption date;
- the number of shares and the series of the preferred stock to be redeemed;
- the redemption price;
- the place or places where holders can surrender the certificates for the preferred stock for payment of the redemption price;
- that dividends on the shares to be redeemed will cease to accrue on the redemption date; and
- the date when the holders' conversion rights, if any, will terminate.

If we redeem fewer than all shares of any series of the preferred stock held by any holder, we will also specify the number of shares to be redeemed from the holder in the notice.

If we have given notice of the redemption and have provided the funds for the payment of the redemption price, then beginning on the redemption date:

- the dividends on the preferred stock called for redemption will no longer accrue;
- those shares will no longer be considered outstanding; and
- the holders will no longer have any rights as stockholders except to receive the redemption price.

When the holder properly surrenders the redeemed shares, the redemption price will be paid out of the funds provided by us. If we redeem fewer than all of the shares represented by any certificate, we will issue a new certificate representing the unredeemed shares without cost to the holder.

If a redemption described above is deemed to be a tender offer within the meaning of Rule 14e-1 under the Exchange Act, we will comply with all applicable provisions of the Exchange Act.

Conversion or Exchange

The applicable prospectus supplement relating to a series of convertible preferred stock will describe the terms on which shares of that series are convertible into shares of common stock or a different series of preferred stock or exchangeable for debt securities including the procedures for conversion and whether a series is convertible at the option of the shareholder, the Company or another person or upon the occurrence of a designated event.

Rights Upon Liquidation

Unless the applicable prospectus supplement states otherwise, if we voluntarily or involuntarily liquidate, dissolve or wind up our business, the holders of shares of each series of the preferred stock offered under this prospectus and any preferred stock ranking equal to the preferred stock offered under this prospectus will be entitled to receive:

- liquidation distributions in the amount stated in the applicable prospectus supplement; and
- all accrued and unpaid dividends, whether or not earned or declared.

We will pay these amounts to the holders of shares of each series of the preferred stock, and all amounts owing on any preferred stock ranking equally with such series of preferred stock as to distributions upon liquidation, out of our assets available for distribution to stockholders

before any distribution is made to holders of any securities ranking junior to the series of preferred stock upon liquidation.

TABLE OF CONTENTS

The sale of all or substantially all of our property and assets, our merger into or consolidation with any other corporation or the merger of any other corporation into us will not be considered a dissolution, liquidation or winding up of our business.

We will make pro rata distributions to the holders of a series of preferred stock and any other shares of our stock ranking equal to that series of preferred stock as to distributions upon dissolution, liquidation or winding up of our business if:

- we voluntarily or involuntarily liquidate, dissolve or wind up our business, and
- we do not have enough assets available for distribution to the holders of such series of preferred stock and any other shares of our stock ranking equal with such series as to any such distribution to pay all amounts to which the holders are entitled.

This means the distributions we pay to the holders of all shares ranking equal as to distributions upon dissolution, liquidation or winding up of our business will bear the same relationship to each other that the full distributable amounts for which those holders are respectively entitled upon dissolution, liquidation or winding up of our business bear to each other.

After we pay the full amount of the liquidation distribution to which the holders of a series of the preferred stock are entitled, those holders will have no right or claim to any of our remaining assets.

Voting Rights

The board of directors may designate a series of preferred stock as nonvoting except to the extent voting rights are required by the OBCA. Except as described in this section or in the applicable prospectus supplement, or except as expressly required by applicable law, the holders of the preferred stock will not be entitled to vote. If the holders of a series of preferred stock are entitled to vote and the applicable prospectus supplement does not state otherwise, then unless the series provides otherwise our restated articles of incorporation state that each share of preferred stock will:

- either have:
 - one vote if that series is not by its terms convertible into common stock, or
 - if that series is convertible into common stock, one vote for each share of common stock into which that series may be converted as of the record date for the meeting at which the vote is to be taken, and
- vote together with shares of the common stock as a single voting group.

The holders of shares of any series of Preferred Stock that is entitled to vote with respect to the election of directors will not have the right to cumulate votes in the election of directors.

For any series of preferred stock having one vote per share, the voting power of the series, on matters on which holders of that series and holders of any other series of preferred stock are entitled to vote as a single class, will solely depend on the total number of shares in that series and not the aggregate liquidation preference or initial offering price.

DESCRIPTION OF WARRANTS

The following briefly summarizes some of the material terms and provisions of warrants. You should read the particular terms of the warrants that are offered by us, which will be described in more detail in a prospectus supplement. The prospectus supplement will also state whether any of the general provisions summarized below do not apply to the warrants being offered. The prospectus supplement may add, update or change the terms and conditions of the warrants as described in this prospectus.

TABLE OF CONTENTS**General**

We may issue warrants in one or more series to purchase senior debt securities, subordinated debt securities, common shares or any combination of these securities. Warrants may be issued independently or together with any underlying securities and may be attached to or separate from the underlying securities. We will issue each series of warrants under a separate warrant agreement to be entered into between us and a warrant agent. The warrant agent will act solely as our agent in connection with the warrants of such series and will not assume any obligation or relationship of agency for or on behalf of holders or beneficial owners of warrants.

The applicable prospectus supplement will describe the terms of any warrants, including the following, as may be applicable:

- the title of the warrants;
- the total number of warrants to be issued;
- the consideration for which we will issue the warrants and the aggregate amount of securities purchasable upon exercise of the common stock warrants;
- anti-dilution provisions to adjust the number of our common shares or other securities to be delivered upon exercise of the warrants;
- the designation and terms of the underlying securities purchasable upon exercise of the warrants;
- the price at which investors may purchase the underlying securities purchasable upon exercise of the warrants;
- the dates on which the right to exercise the warrants will commence and expire;
- the procedures and conditions relating to the exercise of the warrants;
- whether the warrants will be in registered or bearer form;
- information with respect to book-entry registration and transfer procedures, if any;
- the minimum or maximum amount of warrants that may be exercised at any one time;
- the designation and terms of the underlying securities with which the warrants are issued and the number of warrants issued with each underlying security;
- the date on and after which the warrants and securities issued with the warrants will be separately transferable;
- a discussion of material United States federal income tax considerations;
- redemption or call provisions, if any;
- the identity of the warrant agent; and
- any other terms of the warrants, including terms, procedures and limitations relating to the exchange, transfer and exercise of the warrants.

TARP CPP Warrants

We have issued a warrant to purchase 2,221,795 shares of our common stock pursuant to the U.S. Treasury's Capital Purchase Program. The following is a summary of the principal terms of the warrant issued to the U.S. Treasury.

Exercise

The warrant is immediately exercisable, in whole or in part, and the initial exercise price is \$14.46 per share.

*Anti-Dilution***TABLE OF CONTENTS**

The exercise price of the warrant automatically adjusts to the number of shares and the exercise price necessary to protect the U.S. Treasury's position upon the following events:

- stock splits, stock dividends, subdivisions, reclassifications or combinations of our common stock;

Edgar Filing: UMPQUA HOLDINGS CORP - Form S-3ASR

- until November 15, 2011, issuance of our common stock for consideration (or having a conversion price per share) less than 90% of then current market value, except for issuances in connection with benefit plans, business acquisitions and public offerings;
- a determination by our board of directors to make an adjustment to the anti-dilution provisions as are reasonably necessary, in the good faith opinion of the board, to protect the purchase rights of the warrant holders.

Term

The term of the warrant is 10 years.

Transferability and Registration Rights

The warrant is not subject to any contractual restrictions on transfer; provided that the U.S. Treasury may only transfer or exercise an aggregate of one-half of the warrants prior to the earlier of (i) the date on which we have received aggregate gross proceeds of not less than \$214,181,000 from one or more offerings of common stock or perpetual preferred stock for cash and (ii) December 31, 2009.

We have granted the warrant holder piggyback registration rights for the warrants and the common stock underlying the warrants and we have agreed to take such other steps as may be reasonably requested to facilitate the transfer of the warrants and the common stock underlying the warrants.

We will apply for the NASDAQ listing of the common stock underlying the warrants and will take such other steps as may be reasonably requested to facilitate the transfer of the warrants or the common stock.

Voting

The U.S. Treasury, the initial holder of the warrant, has agreed not to exercise voting power with respect to any shares of common stock issued upon exercise of the warrants.

Reduction

In the event that we have received aggregate gross proceeds of not less than \$214,181,000 from one or more offerings of common stock or perpetual preferred stock for cash on or prior to December 31, 2009, the number of shares of common stock underlying the warrants then held by the U.S. Treasury shall be reduced by a number of shares equal to the product of (i) the number of shares originally underlying the warrants (taking into account all adjustments) and (ii) 0.5.

Substitution

In the event we are no longer listed or traded on a national securities exchange or securities association, the warrants will be exchangeable, at the option of the U.S. Treasury, for senior term debt or another economic instrument or security issued by us such that the U.S. Treasury is appropriately compensated for the value of the warrant, as determined by the U.S. Treasury.

Exercise of Warrants

A warrant will entitle the holder to purchase for cash an amount of securities at an exercise price that will be stated in, or that will be determinable as described in, the applicable prospectus supplement. Warrants may be exercised at any time prior to the close of business on the expiration date and in accordance with the procedures set forth in the applicable

prospectus supplement. Upon and after the close of business on the expiration date, unexercised warrants will be void and have no further force, effect or value.

No Rights as Shareholders

Edgar Filing: UMPQUA HOLDINGS CORP - Form S-3ASR

Holders of stock warrants will not be entitled, solely by virtue of being holders, to vote, to consent, to receive dividends, to receive notice as shareholders with respect to any meeting of shareholders for the election of directors or any other matter, or to exercise any rights whatsoever as a holder of the securities purchasable upon exercise of the warrants.

Merger, Consolidation, Sale or Other Disposition

If at any time there is a merger or consolidation involving Umpqua or a sale, transfer, conveyance, other than lease, or other disposition of all or substantially all of the assets of Umpqua, then the assuming corporation will succeed to the obligations of Umpqua under the warrant agreement and the related warrants. Umpqua will then be relieved of any further obligation under the warrant agreement and warrants.

DESCRIPTION OF OTHER SECURITIES

We will set forth in a prospectus supplement, as applicable, a description of our debt securities, which may include senior or subordinated debt securities, units, purchase contracts, depositary shares, junior subordinated debentures, trust preferred securities of the trust and guarantees or any other security that we may offer under this prospectus.

PLAN OF DISTRIBUTION

We may offer and sell the offered securities in one or more of the following ways from time to time:

- to or through underwriters;
- directly to purchasers;
- through agents;
- through dealers; or
- through a combination of any of these methods of sale.

The dealers or agents may include the broker-dealer subsidiary of Umpqua.

The prospectus supplement relating to an offering of securities will set forth the terms of such offering, including:

- the name or names of any underwriters, dealers or agents;
- the initial public offering or purchase price of the offered securities and the net proceeds to Umpqua from such sale;
- any underwriting discounts and commissions other items constituting underwriters' compensation;
- any discounts, commissions, concessions or fees allowed to dealers or agents; and
- any securities exchanges on which such offered securities may be listed.

TABLE OF CONTENTS

anticipated that the maximum commission or discount to be received in any particular offering of securities will be significantly less than this amount.

If underwriters are used in an offering of offered securities, such offered securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. The securities may be offered either to the public through underwriting syndicates represented by one or more managing underwriters or by one or more underwriters without a syndicate. Unless otherwise specified in connection with a particular offering of securities, the underwriters will not be obligated to purchase offered securities unless specified conditions are satisfied, and if the underwriters do purchase any offered securities, they will purchase all offered securities.

Edgar Filing: UMPQUA HOLDINGS CORP - Form S-3ASR

In connection with underwritten offerings of securities and in accordance with applicable law and industry practice, underwriters may over-allot or effect transactions that stabilize, maintain or otherwise affect the market price of the offered securities at levels above those that might otherwise prevail in the open market, including by entering stabilizing bids, effecting syndicate covering transactions or imposing penalty bids, each of which is described below.

- A *stabilizing bid* means the placing of any bid, or the effecting of any purchase, for the purpose of pegging, fixing or maintaining the price of a security.
- A *syndicate covering transaction* means the placing of any bid on behalf of the underwriting syndicate or the effecting of any purchase to reduce a short position created in connection with the offering.
- A *penalty bid* means an arrangement that permits the managing underwriter to reclaim a selling concession from a syndicate member in connection with the offering when offered securities originally sold by the syndicate member are purchased in syndicate covering transactions.

These transactions may be effected on the NASDAQ, in the over-the-counter market, or otherwise. Underwriters are not required to engage in any of these activities, or to continue such activities if commenced.

If dealers are utilized in the sale of offered securities, Umpqua will sell such securities to the dealers as principals. The dealers may then resell such securities to the public at varying prices to be determined by such dealers at the time of resale. The names of the dealers and the terms of the transaction will be set forth in the prospectus supplement relating to that transaction.

Offered securities may be sold directly by Umpqua to one or more institutional purchasers, or through agents designated by Umpqua from time to time, at a fixed price or prices, which may be changed, or at varying prices determined at the time of sale. Any agent involved in the offer or sale of the offered securities in respect of which this prospectus is delivered will be named, and any commissions payable by Umpqua to such agent will be set forth, in the prospectus supplement relating to that offering. Unless otherwise specified in connection with a particular offering of securities, any such agent will be acting on a best efforts basis for the period of its appointment.

As one of the means of direct issuance of offered securities, Umpqua may utilize the services of an entity through which it may conduct an electronic dutch auction or similar offering of the offered securities among potential purchasers who are eligible to participate in the auction or offering of such offered securities, if so described in the applicable prospectus supplement.

If so indicated in the applicable prospectus supplement, Umpqua will authorize agents, underwriters or dealers to solicit offers from certain types of institutions to purchase offered securities from Umpqua at the public offering price set forth in such prospectus supplement pursuant to delayed delivery contracts providing for payment and delivery on a specified date in the future. Such contracts will be subject only to those conditions set forth in the prospectus supplement and the prospectus supplement will set forth the commission payable for solicitation of such contracts.

The broker-dealer subsidiary of Umpqua, Strand, Atkinson, Williams & York, Inc., is a member of the NASD and may participate in distributions of the offered securities. Accordingly, offerings of offered securities in which Umpqua's broker-dealer subsidiary participates will conform to the requirements set forth in Rule 2720 of the Conduct Rules of the NASD.

TABLE OF CONTENTS

This prospectus, together with any applicable prospectus supplement, may also be used by any broker-dealer subsidiary of Umpqua in connection with offers and sales of the offered securities in market-making transactions, including block positioning and block trades, at negotiated prices related to prevailing market prices at the time of sale. Umpqua's broker-dealer subsidiary may act as principal or agent in such transactions. Umpqua's broker-dealer subsidiary will not have any obligation to make a market in any of the offered securities and may discontinue any market-making activities at any time without notice, at its sole discretion.

One or more dealers, referred to as remarketing firms, may also offer or sell the securities, if the prospectus supplement so indicates, in connection with a remarketing arrangement contemplated by the terms of the securities. Remarketing firms will act as principals for their own accounts or as agents. The prospectus supplement will identify any remarketing firm and the terms of its agreement, if any, with Umpqua and will describe the remarketing firm's compensation. Remarketing firms may be deemed to be underwriters in connection with the remarketing of the securities.

Edgar Filing: UMPQUA HOLDINGS CORP - Form S-3ASR

Underwriters, dealers and agents may be entitled, under agreements with Umpqua, to indemnification by Umpqua relating to material misstatements and omissions. Underwriters, dealers and agents may be customers of, engage in transactions with, or perform services for, Umpqua in the ordinary course of business.

Except for securities issued upon a reopening of a previous series, each series of offered securities will be a new issue of securities and will have no established trading market. Any underwriters to whom offered securities are sold for public offering and sale may make a market in such offered securities, but such underwriters will not be obligated to do so and may discontinue any market making at any time without notice. The offered securities may or may not be listed on a securities exchange. No assurance can be given that there will be a market for the offered securities.

ERISA CONSIDERATIONS

Each fiduciary of a pension, profit-sharing or other employee benefit plan to which Title I of the Employee Retirement Income Security Act of 1974, as amended (ERISA) applies (a plan), should consider the fiduciary standards of ERISA in the context of the plan's particular circumstances before authorizing an investment in the offered securities. Among other factors, the fiduciary should consider whether such an investment is consistent with the documents governing the plan and whether the investment is appropriate for the ERISA plan in view of its overall investment policy, diversification of its portfolio and ERISA prudence and diversification requirements.

Provisions of ERISA and the Internal Revenue Code of 1986, as amended (the Code), prohibit employee benefit plans (as defined in Section 3(3) of ERISA) that are subject to Title I of ERISA, plans described in Section 4975(e)(1) of the Code (including, without limitation, retirement accounts and Keogh Plans), and entities whose underlying assets include plan assets by reason of a plan's investment in such entities (including, without limitation, as applicable, insurance company general accounts), from engaging in certain transactions involving plan assets with parties that are parties in interest under ERISA or disqualified persons under the Code with respect to the plan or entity. A violation of those prohibited transaction rules may result in an excise tax or other liabilities under ERISA or the Code. Governmental and other plans that are not subject to ERISA or to the Code may be subject to similar restrictions under state, federal or local law. Any employee benefit plan or other entity, to which such provisions of ERISA, the Code or similar law apply, proposing to acquire the offered securities should consult with its legal counsel.

Umpqua has subsidiaries, including a broker-dealer subsidiary, that provide services to employee benefit plans. Umpqua and any such direct or indirect subsidiary of Umpqua may each be considered a party in interest and a disqualified person to such plans. A purchase of offered securities of Umpqua by any such plan would be likely to result in a prohibited transaction between the plan and Umpqua.

Accordingly, unless otherwise provided in connection with a particular offering of securities, offered securities may not be purchased, held or disposed of by any plan or any other person investing plan assets of any plan that is subject to the prohibited transaction rules of ERISA or Section 4975 of the Code or other similar law, unless one of the following Prohibited Transaction Class Exemptions (PTCE) issued by the Department of Labor or a similar exemption or exception applies to such purchase, holding and disposition:

PTCE 96-23 for transactions determined by in-house asset managers,

23

TABLE OF CONTENTS

- PTCE 95-60 for transactions involving insurance company general accounts,
- PTCE 91-38 for transactions involving bank collective investment funds,
- PTCE 90-1 for transactions involving insurance company separate accounts, or
- PTCE 84-14 for transactions determined by independent qualified professional asset managers.

Unless otherwise provided in connection with a particular offering of securities, any purchaser of the offered securities or any interest therein will be deemed to have represented and warranted to Umpqua on each day including the date of its purchase of the offered securities through and including the date of disposition of such offered securities that either:

- (a) it is not a plan subject to Title I of ERISA or Section 4975 of the Code and is not purchasing such securities or interest therein on behalf of, or with plan assets of, any such plan;
- (b) its purchase, holding and disposition of such securities are not and will not be prohibited because they are exempted by one or more of the following prohibited transaction exemptions: PTCE 96-23, 95-60, 91-38, 90-1 or 84-14; or

Edgar Filing: UMPQUA HOLDINGS CORP - Form S-3ASR

- (c) it is a governmental plan (as defined in section 3 of ERISA) or other plan that is not subject to the provisions of Title I of ERISA or Section 4975 of the Code and its purchase, holding and disposition of such securities are not otherwise prohibited.

Due to the complexity of these rules and the penalties imposed upon persons involved in prohibited transactions, it is important that any person considering the purchase of the offered securities with plan assets consult with its counsel regarding the consequences under ERISA and the Code, or other similar law, of the acquisition and ownership of offered securities and the availability of exemptive relief under the class exemptions listed above.

Purchasers of offered securities have the exclusive responsibility for ensuring that their purchase and holding of the offered securities does not violate the prohibited transaction rules of ERISA or the Code.

Item 15. Indemnification of Directors and Officers

As an Oregon corporation, Umpqua is subject to the provisions of the Oregon Business Corporation Act (the "OBCA"). The OBCA permits a corporation to indemnify an individual who is made a party to a proceeding because such individual is or was a director of the corporation against liability incurred in the proceeding if:

- his or her conduct was in good faith;
- he or she reasonably believed that his or her conduct was in the corporation's best interest, or at least not opposed to the corporation's best interests; and
- in the case of a criminal proceeding, he or she had no reasonable cause to believe his or her conduct was unlawful.

Unless a corporation's articles of incorporation provide otherwise, indemnification is mandatory if the director is wholly successful on the merits or otherwise in such a proceeding, or if a court of competent jurisdiction orders the corporation to indemnify the director. Umpqua's articles of incorporation do not limit the statutory right to indemnification.

Under the OBCA, a corporation may not, however, indemnify the individual if the individual was adjudged liable:

- to the corporation in a proceeding by or in the right of the corporation; or
- in any proceeding charging improper personal benefit on the basis that he or she improperly received a personal benefit.

Umpqua's articles of incorporation provide that we will indemnify our directors and officers against reasonable expenses (including attorney fees), judgments, fines, penalties, excise taxes or settlement payments incurred or suffered by reason of service as a director or officer or at Umpqua's request as a director, officer, partner or trustee of another corporation, partnership, joint venture, trust, employee benefit plan or other enterprise.

The OBCA also provides that a corporation's articles of incorporation may limit or eliminate the personal liability of a director to the corporation or its shareholders for monetary damages for conduct as a director, provided that no such provision shall eliminate the liability of a director for:

II-1

TABLE OF CONTENTS

- any breach of the directors' duty of loyalty to the corporation or its shareholders;
- acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law;
- any unlawful distribution; or
- any transaction from which the director derived an improper personal benefit.

Umpqua's articles of incorporation limit monetary liability of our directors for their conduct as directors to the fullest extent permitted under the OBCA. If the OBCA is amended to further limit the directors' liability, Umpqua's articles would incorporate such amendment on its effective date.

Umpqua also maintains insurance coverage relating to certain liabilities of directors and officers.

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement.

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that: paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) of this section do not apply if the registration statement is on Form S-3 and the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of

the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(A) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities:

The undersigned registrants undertake that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

Edgar Filing: UMPQUA HOLDINGS CORP - Form S-3ASR

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the provisions described in Item 15 of this registration statement, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person, in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

Each undersigned registrant hereby undertakes to file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of Section 310 of the Trust Indenture Act of 1939, as amended (the "Trust Indenture Act") in accordance with the rules and regulations prescribed by SEC under Section 305(b)(2) of the Trust Indenture Act.
