Edgar Filing: REGENCY CENTERS CORP - Form 8-K/A

April 13, 2004. The attached pages 5 and 6 update information that we initially posted on our website on January 28, 2004. The updated information reflects final calculations for discontinued operations for 2003 and 2002 and is contained in our annual report on Form 10-K for the year ended December 31, 2003, filed with the Securities and Exchange Commission on March 12, 2004. The attached page 7 does not contain any updated information but is included for the purpose of reconciling to GAAP a non-GAAP financial measure, funds from operations (FFO), that appears on the attached page 6.

As part of our capital "recycling" strategy, we sell properties that no longer meet our investment criteria and reinvest the net proceeds in other properties. Generally accepted accounting principles require that we reclassify the properties we sell as discontinued operations and account for the gain or loss on the sale, as well as operating results, under discontinued operations. As a result of our capital recycling strategy, we must reclassify our properties for prior as well as current periods when we sell them or when we believe that a pending sale is certain to occur. Pages 5 and 6 of the attached information reflect the updated results of this reclassification process at the time we filed our last Form 10-K.
