CENTER TRUST, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
(unaudited)

1. Basis Of Presentation

Center Trust, Inc., (the "Company"), a Maryland Corporation, is a self-administered and self-managed real estate investment trust ("REIT"). The Company engages in the ownership, management, leasing, acquisition, development and redevelopment of unenclosed retail shopping centers in the western United States. As of September 30, 2001, the Company owned 35 retail shopping centers (the "Properties") comprising 6.4 million square feet of total shopping center gross leasable area ("GLA").

## Edgar Filing: CENTER TRUST INC - Form 10-Q

The accompanying financial statements and related notes of the Company are unaudited; however, they have been prepared in accordance with generally accepted accounting principles for interim financial reporting and the instructions to Form 10-Q and the rules and regulations of the Securities and Exchange Commission. Accordingly, certain information and footnote disclosures normally included in financial statements prepared under generally accepted accounting principles have been condensed or omitted pursuant to such rule. In the opinion of management, all adjustments considered necessary for fair presentation of the Company's financial position, results of operations and cash flows have been included. These financial statements should be read in conjunction with the Company's Form 10-K for the year ended December 31, 2000.

### 2. Secured Debt

On January 16, 2001, the Company repaid in full its 7 1/2% Convertible Subordinated Debentures. The outstanding balance of \$128.5 million was repaid with proceeds from the Company's Secured Credit Facility.

On July 6, 2001, the Company refinanced an existing mortgage on North Mountain Village, located in Phoenix, Arizona. The \$7.1 million mortgage bears interest at 7.68% and matures in 2011.

### 3. Property Disposition

In March 2001, the Company sold three community shopping centers and one single tenant facility for a combined sales price of \$38.4 million. The assets sold included Westgate North Shopping Center, a 104,000 square foot shopping center located in Tacoma, Washington, Center of El Centro, a 179,000 square foot shopping center located in El Centro, California, Madera Marketplace a 169,000 square foot shopping center located in Madera, California, and K-Mart Madera, a 86,000 square foot single tenant facility, located in Madera, California. After repayment of debt of \$16.9 million, net proceeds of \$17 million were used to reduce the outstanding balance on the Company's Credit Facility. During the fourth quarter of 2000, the Company recorded a \$4.8 million impairment of assets held for sale, a result of the anticipated sales of the Westgate North Shopping Center and the Center of El Centro. After consideration of the fourth quarter impairment loss adjustment, the Company recorded a gain on the sale of assets of \$0.9 million during 2001. In addition, the Company recorded an extraordinary loss of \$0.8 million for the early extinguishment of debt related to the payment of certain prepayment penalties and elimination of certain deferred costs.

During the 2nd quarter of 2001, the Company sold one community shopping center and one single tenant facility. The assets sold were K-Mart Rocklin, an 86,000 square foot single tenant facility located in Rocklin, California and Marshalls' Plaza, a 79,000 square foot shopping center located in Modesto, California. After repayment of debt of \$1.4 million, net proceeds of \$8.3 million were used to reduce the outstanding balance on the Company's Credit Facility. The Company recorded an extraordinary loss of \$566,000 for the early extinguishment of debt related to the payment of certain prepayment penalties and elimination of certain deferred costs.

### 4. Per Share Data

## Edgar Filing: CENTER TRUST INC - Form 10-Q

In accordance with SFAS No. 128 (Earnings Per Share), basic earnings per share ("EPS") is based on the weighted average number of shares of common stock outstanding during the period and diluted EPS is based on the weighted average number of shares of common stock outstanding combined with the incremental weighted average shares that would have been outstanding if all dilutive potential common shares had been issued as of the beginning of the period. The weighted average number of shares of common stock used in the computation of basic and diluted EPS for the three and nine-month periods ended September 30, 2001 were 27,622,000 and 27,362,000, respectively. The weighted average number of common shares for the same periods ended September 30, 2000 were 26,670,000 and 26,668,000, respectively. Units held by limited partners in the Operating Partnership may be exchanged for shares of common stock of the Company on a one-for-one basis, in certain circumstances, and therefore are not dilutive.

On October 22, 2001, the Company paid a \$0.04 dividend per share to shareholders of record as of October 1, 2001. Year-to-date the Company has paid dividends of \$0.12 per share or \$3.3 million.

### 5. Reorganization Costs

At the end of the second quarter of 2001, the Company recorded a non-recurring reorganization expense of \$2.6 million. The expense consists of employee severance and other related costs. Substantially all amounts have been paid as of September, 2001.

### 6. Recent Accounting Pronouncements

In July 2001, the Financial Accounting Standards Board issued SFAS No. 141, "Business Combinations" and SFAS No. 142, "Goodwill and Other Intangible Assets." SFAS No. 141 prohibits the use of the "pooling of interests" method. SFAS No. 142 requires the cessation of the amortization of goodwill subsequent to December 31, 2001. SFAS No. 141 is effective immediately and SFAS No. 142 will be effective January 2002. The new standards are not expected to have a significant impact on our financial statements.

In August 2001, the FASB issued SFAS No. 144, "Accounting for the Impairment of Long-Lived Assets." This Statement addresses financial accounting and reporting for the impairment or disposal of long-lived assets and supercedes FASB Statement No. 121, "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to Be Disposed of." The provisions of this Statement are effective for financial statements issued for fiscal years beginning after December 15, 2001, and interim periods within those fiscal years. This new standard is not expected to have a significant impact on our financial statements.

5

## Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

### Overview

The following discussion should be read in conjunction with the accompanying consolidated financial statements and notes thereto.

### Forward Looking Statements

The following discussion of financial condition and Results of Operations contains certain forward-looking statements that are subject to risk and

## Edgar Filing: CENTER TRUST INC - Form 10-Q

uncertainty. In particular, statements pertaining to our capital resources, portfolio performance and results of operations contain forward-looking statements. Likewise, all our statements regarding anticipated growth in our funds from operations and anticipated market conditions, demographics and results of operations are forward-looking statements. Forward looking statements involve numerous risks and uncertainties and you should not rely on them as predictions of future events. Forward-looking statements depend on assumptions, data or methods which may be incorrect or imprecise and we may not be able to realize them. We do not guarantee that the transactions and events described will happen as described, or that they will happen at all. You can identify forward-looking statements by the use of forward-looking terminology such as "believes," "expects," "may," "will," "should," "would," "seeks," "approximately," "intends," "plans," "pro forma" "estimates" or "anticipates" or the negative of these words and phrases or similar words or phrases. You can also identify forward-looking statements by discussions of strategy, plans or intentions. The following factors, among others, could cause actual results and future events to differ materially from those set forth or contemplated in the forward-looking statements:

- . defaults on or non-renewal of leases by tenants;
- . increased interest rates and operations costs;
- . our failure to obtain necessary outside financing;
- . difficulties in identifying properties to acquire and completing acquisitions;
- . difficulties in disposing of properties;
- . our failure to successfully operate acquired properties and operations;
- . our failure to successfully develop property;
- . our failure to maintain our status as a REIT;
- . environmental uncertainties and risks related to natural disasters;
- . financial market fluctuations; and
- . changes in real estate and zoning laws and increases in real property tax rates.

Our success also depends upon economic trends generally, as well as income tax laws, governmental regulation, legislation, population changes and other matters discussed above. We caution you, however, that any list of risk factors may not be exhaustive.

### Results of Operations

Comparison of the three months ended September 30, 2001 to the three months ended September 30, 2000.

Rental revenues decreased by \$7.4 million to \$17.1 million for the three months ended September 30, 2001 from \$24.5 million for the three months ended September 30, 2000. The decrease of \$7.4 million was due to the sale of 14 community shopping centers and four single tenant facilities, for a total of 18 properties sold since September 30, 2000.

## Edgar Filing: CENTER TRUST INC - Form 10-Q

Expense reimbursements decreased \$1.4 million to \$6.2 million for the three months ended September 30, 2001 from \$7.6 million for the three months ended September 30, 2000. A decrease of \$1.8 million was the result of decreased recoveries from the sale of the properties previously discussed. Partially offsetting the decrease was an increase in recoveries from held properties. Similarly, property operating costs decreased by \$1.2 million to \$8.6 million for the three months ended September 30, 2001 from \$9.8 million for the three months ended September 30, 2000, \$1.9 million of which was due to the sold properties. Property operating costs for held properties increased \$0.7 million.

Interest expense decreased to \$8.1 million for the three months ended September 30, 2001 from \$15.0 million for the three months ended September 30, 2000. The decrease was primarily due to \$5.7 million from lower average debt outstanding and \$1.9 million from lower effective interest rates in the third quarter of 2001 compared to the same period in 2000. The lower average debt outstanding was due to the repayment of the \$128.5 million 7% Convertible Subordinated Debentures and proceeds from the sale of assets during the later half of 2000 and the first half of 2001, which were used to reduce the Company's Secured Credit Facility.

General and Administrative costs decreased by \$0.4 million from \$1.6 million for the three months ended September 30, 2000 to \$1.2 million for the three months ended September 30, 2001. The decrease is due to the cost savings related to the reorganization that occurred during the second quarter of 2001.

The Company reported net income of \$1.3 million for the three months ended September 30, 2001 compared to net income of \$2.8 million for the same period ended September 30, 2000. The decrease in net income of \$1.5 million is primarily due to lower net operating income of \$8.1 million in 2001 and the gain on the sale of assets, net of an extraordinary loss, of \$1.9 million in 2000, partially offset by lower interest expense of \$6.9 million and lower depreciation expense of \$1.3 million. Net operating income decreased \$7.2 million as a result of the sale of 18 properties, previously discussed. The decrease in depreciation expense is also attributed to the sale of properties.

Comparison of the nine months ended September 30, 2001 to the nine months ended September 30, 2000.

Rental revenues decreased by \$22.1 million to \$52.1 million for the nine months ended September 30, 2001 from \$74.2 million for the nine months ended September 30, 2000. The decrease of \$21.7 million is due to the sale of 16 community shopping centers and four single tenant facilities, for a total of 20 properties sold since June 30, 2000.

Expense reimbursements decreased \$4.9 million to \$18.1 million for the nine months ended September 30, 2001 from \$23.0 million for the nine months ended September 30, 2000. A decrease of \$4.8 million is attributable to the sale of properties. Similarly, property operating costs decreased by \$4.0 million to \$25.9 million for the nine months ended September 30, 2001 from \$29.9 million for the nine months ended September 30, 2000.

Interest expense decreased to \$18.5 million for the nine months ended September 30, 2001 to \$26.2 million from \$44.7 million for the nine months ended September 30, 2000. The decrease is the result of lower average debt outstanding as previously discussed and lower interest rates. Effective interest rates were 6.7% for the nine month period ended September 30, 2001 compared to 8.4% for the same period of 2000.

General and Administrative costs was \$4.2 million for both the nine months periods ended September 30, 2001 and September 30, 2000.

## Edgar Filing: CENTER TRUST INC - Form 10-Q

The Company reported a net loss of \$3.7 million for the nine months ended September 30, 2001 compared to net income of \$15.6 million for the same period ended September 30, 2000. The net loss was primarily due to lower net operating income of \$21.5 million from the sale of properties, \$2.6 million in reorganization costs and a \$2.5 million loss on the sale of assets partially offset by lower interest expense of \$18.5 million and lower depreciation expense of \$3.7 million. The lower net operating income and depreciation expense is primarily due to the sale of properties. The gain in 2000 resulted primarily from a \$14.2 million gain on the sale of assets.

7

### Selected Property Financial Information

Net operating income (defined as revenues, less property operating costs) for the Company's properties is as follows:

	Nine Months Ended September 30,	
	2001	2000
Retail Properties (35 at September 30, 2001 and 53 at September 30, 2000):		
Regional Malls.....	\$ 12,568	\$ 13,405
Community Centers.....	34,728	56,443
Single Tenants.....	1,082	2,457
Other income.....	654	1,001
	\$ 49,032	\$ 73,306
	=====	=====

The following summarizes the percentage of leased GLA (excluding non-owned GLA as of:

	September 30, December 31, 2001                      2000	
Retail Properties (35 at September 30, 2001 and 41 at December 31, 2000):		
Community Centers.....	91.9%	93.1%
Regional Malls.....	92.6	90.9
Single Tenants.....	100.0	100.0
Aggregate Portfolio.....	92.3	93.3

### Funds from Operations

The Company considers funds from operations ("FFO") to be an alternative measure of the performance of an equity REIT since such measure does not recognize depreciation and amortization expenses as operating expenses. FFO is defined, as outlined in the October 1999 White Paper, by the National Association of Real Estate Investment Trusts ("NAREIT") as net income plus depreciation and amortization of real estate, excluding gains or losses on

## Edgar Filing: CENTER TRUST INC - Form 10-Q

sales of properties. Funds from operations do not represent cash flows from operations as defined by generally accepted accounting principles and should not be considered as an alternative to those indicators in evaluating the Company's operating performance or liquidity. Further, the methodology for computing FFO utilized by the Company may differ from that utilized by other equity REITs and, accordingly may not be comparable to such other REITs.

8

The Company computes FFO on both a basic and diluted basis. The diluted basis assumes the conversion of the convertible and exchangeable debentures into shares of common stock. The following table summarizes the Company's computation of FFO and provides certain additional disclosures (dollars in thousands):

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2001	2000	2001	2000
<b>FUNDS FROM OPERATIONS</b>				
Net income (loss).....	\$ 1,266	\$ 2,802	\$ (3,657)	\$ 15,614

Funds from operations, basis and diluted.....	\$ 6,498	\$ 7,821	\$ 17,985	\$ 24,882
	=====	=====	=====	=====

Funds from operations, on a basic basis, decreased to \$6.5 million for the three months ended September 30, 2001, as compared to \$7.8 million for the same period in 2000. Funds from operations decreased to \$18.0 million for the nine months ended September 30, 2001, as compared to \$24.9 million for the same period in 2000. The three and nine month decreases in funds from operations are principally a result of the reasons stated above under Results of Operations adjusted for the items outlined in the above table.

### Liquidity Sources and Requirements

The primary focus of the Company during 2000 and early 2001 was to repay the 7 1/2% Convertible Subordinated Debentures and to continue to strengthen its financial stability and flexibility. Through a series of asset sales and debt refinancing transactions, as well as a modification of the Company's Credit Facility, the Company was able to successfully repay its 7 1/2% Convertible Debentures which matured on January 15, 2001. Further, with the sale of the three community shopping centers and a single tenant facility in the first

## Edgar Filing: CENTER TRUST INC - Form 10-Q

quarter of 2001, the Company reduced its outstanding balance on its Secured Credit Facility to a level below 70% loan to value, which reduced the interest rate paid on the outstanding balance to 250 basis points over LIBOR by March 31, 2001. Asset sales during the second quarter and cash from operating results in the third quarter have further enabled the Company to reduce its outstanding balance by \$11.1 million. This combined with the reduction of the dividend, discussed below, allows the Company the anticipated cash and financial flexibility required to meet its capital requirements in the near future.

During 2001, the maximum availability under the Credit Facility was reduced from \$193 million to \$170 million as a result of the sale of assets which were previously included as collateral within the pool of assets securing the Credit Facility. The Company currently has availability of approximately \$12 million at September 30, 2001.

The Company announced that it will pay a quarterly dividend of \$0.04 per share, for each of the first three quarters of 2001, which equates to an annual dividend rate of \$0.16 per share and approximates the Company's minimum required distribution to maintain its REIT status. This compares to the annual dividend of \$0.84 paid in the year 2000. The dividend reduction was necessitated by the contraction in the Company's asset base as a

9

result of the sale of over \$290 million in assets over the last twelve months. The dividend reduction will allow the Company to maximize its retention of capital, reduce its leverage level, and provide financial flexibility to appropriately evaluate value-added redevelopment opportunities within its portfolio, while maintaining its REIT status.

During the 2nd quarter of 2001, the Company sold one community shopping center and one single tenant facility. The assets sold were K-Mart Rocklin, a 86,000 single tenant facility located in Rocklin, California and Marshalls' Plaza, a 79,000 square foot shopping center located in Modesto, California. After repayment of debt of \$1.4 million, net proceeds of \$8.3 million were used to reduce the outstanding balance on the Company's Credit Facility.

During the first quarter of 2001, the Company sold three community shopping centers and one single tenant facility for a combined sales price of \$38.4 million. The assets sold included Westgate North Shopping Center, a 104,000 square foot shopping center located in Tacoma, Washington, Center of El Centro, a 179,000 square foot shopping center located in El Centro, California, Madera Marketplace a 169,000 square foot shopping center located in Madera, California, and K-Mart Madera, a 86,000 square foot single tenant facility, located in Madera, California. The total net proceeds from the sales were \$17 million, after repayment of debt of approximately \$16.9 million that reduced the outstanding balance on the Company's Credit Facility.

On July 6, 2001, the Company refinanced an existing mortgage on North Mountain Village, located in Phoenix, Arizona. The \$7.1 million mortgage bears interest at 7.68% and matures in 2011. The Company has no other debt maturities in 2001.

Debt maturities of \$238.8 million in 2002, as well as significant amounts due from 2003 to 2015, will require refinancing. Loans maturing in 2002 include the amount outstanding on the Company's Secured Credit Facility of \$147 million, which is due on March 31, 2002 and \$50 million of mortgage loans with Chase Manhattan Bank, which are due on December 10, 2002. The Secured Credit Facility has a 1-year extension available subject to certain covenant compliance. The mortgage loans with Chase Manhattan Bank provides for three

## Edgar Filing: CENTER TRUST INC - Form 10-Q

one-year extensions. The Company expects to extend the maturity of the Secured Credit Facility. The Company believes, based on the collateral available within the Properties, that it will be able to effect such refinancings.

### Cash Flows

Net cash provided by operating activity increased by \$4.4 million from \$11.7 million for the nine months ended September 30, 2000 to \$16.1 million for the same period of 2001. The increase primarily resulted from lower working capital requirements in the period ended September 30, 2001 compared to the same period of September 30, 2000 partially offset by a decrease in cash provided by operations, a result of the sale of assets.

Net cash from investment activities was \$39.1 million for the nine months ended September 30, 2001, compared to \$63.0 million for the nine months ended September 30, 2000. The decrease was the result of lower proceeds received from the sale of assets in 2001 compared to the same period of 2000. Proceeds received from the sale of properties included the sale of four community shopping centers and two single tenant facilities in 2001 and the sale of two community shopping centers, one single tenant facility and a freestanding theatre in 2000. Financing activities used cash of \$56.5 million for the nine months ended September 30, 2001 as compared to \$67.9 million for the nine months ended September 30, 2000. The decrease was primarily the result of the repayment of the 7 1/2% Convertible Subordinated Debentures in January 2001 partially offset by lower pay-down of the Company's Secured Credit Facility in 2001 compared to 2000.

### Inflation

Center Trust's long term leases contain provisions designed to mitigate the adverse impact of inflation on its results from operations. Such provisions include clauses enabling Center Trust to receive percentage rents based upon tenants' gross sales, which generally increase as prices rise, and/or, in certain cases, escalation

10

clauses are often related to increases in the CPI or similar inflation indices. In addition, many of Center Trust's leases are for terms of less than ten years, which permits Center Trust to seek to increase rents upon re-rental at market rates if rents are below then existing market rates. Many of Center Trust's leases require the tenants to pay a pro rata share of operating expenses, including common area maintenance, real estate taxes, insurance and utilities, thereby reducing Center Trust's exposure to increases in costs and operating expenses from inflation.

### Item 3. Quantitative and Qualitative Disclosures About Market Risk

The Company is exposed to market risk primarily due to fluctuations in interest rates. Specifically, the risk resulting from increasing LIBOR-based interest rates as interest on the Company's Credit Facility of \$147.0 million as well as mortgage notes of \$108.3 million are tied to various LIBOR interest rates. The Credit Facility matures March 31, 2002. The Company is also subject to market risk resulting from fluctuations in the general level of U.S. interest rates as \$108.4 million of the Company's debt is based on a weighted average fixed rate of 8.8%. As a result, the Company will be obligated to pay contractually agreed upon rates on interest on its fixed rate debt, unless management refinances its existing fixed rate debt and potentially incurs substantial prepayment penalties. The \$36 million of tax-exempt certificates of participation are tied to a general index of AAA-rated tax-free municipal bonds.

## Edgar Filing: CENTER TRUST INC - Form 10-Q

The following table provides information about the Company's interest rate sensitivity financial instruments, including, amounts due at maturity, principal amortization, weighted average interest rates and fair market values as of September 30, 2001 (dollars in thousands):

As of September 30 -----	2001 -----	2002 -----	2003 -----	2004 -----	2005 -----	Thereafter -----	Total -----	Fair Market Value -----
Interest Rate Sensitive Liabilities:								
Credit Facility.....		\$147,000					\$147,000	\$147,000
Interest Rate.....	LIBOR + 2.50%						LIBOR + 2.50%	
Variable Rate Debt.....		\$ 83,306	\$25,000				\$108,306	\$108,306
Interest Rate.....		LIBOR + 2.50%	LIBOR + 2.366%				LIBOR + 2.407%	
Fixed Rate Debt.....		\$ 8,977	\$14,959			\$84,451	\$108,387	\$111,257
Weighted Average Interest Rate.....		10.45%	10.375%			8.343%	8.787%	
Tax Exempt Certificates.						\$36,000	\$ 36,000	\$ 36,000
Weighted Average Interest Rate.....						5.28%	5.28%
