Abstentions and “broker non-votes” (in cases when a broker has delivered a proxy that does not have authority to vote on the proposal in question) are counted as present in determining whether or not there is a quorum. If a quorum is not present at the time the Annual Meeting is convened, the Company may adjourn or postpone the Annual Meeting.

Any proxy given pursuant to this solicitation may be revoked at any time before it is voted. Common Stockholders may revoke a proxy at any time prior to its exercise by filing with the Secretary of the Company a duly executed revocation and proxy bearing a later date or by voting in person by written ballot at the Annual Meeting. ü PROPOSAL #1 - Election of Erwin H. Billig and Anthony L. Soave as Class III Directors

The Board of Directors recommends that stockholders vote FOR Erwin H. Billig and Anthony L. Soave as Class III Director nominees standing for election to serve until the 2012 Annual Meeting.

The Company's Bylaws provide for three classes of directors of approximately equal numbers designated as Class I, Class II and Class III. Each director is elected for a three-year term and the term of each Class expires in a different year. With the exception of the Vice Chairman (Mr. Billig), Chief Executive Officer/Chairman (Mr. Taylor) and Mr. Akers, all directors are independent as defined in the New York Stock Exchange listing standards. The Nominating/Corporate Governance Committee recommended to the Board of Directors that Erwin H. Billig and Anthony L. Soave stand for election as Class III directors to serve until the 2012 Annual Meeting. The Board has put forth the slate of nominees consisting of Erwin H. Billig and Anthony L. Soave to stand for election at the 2009 Annual Meeting. Mr. Billig and Mr. Soave are each current directors of the Company. Each of the nominees has consented to serve as a director if elected.

In the unexpected event that a nominee for director becomes unable to serve before the Annual Meeting, it is intended that shares represented by proxies which are executed and returned will be voted for such substitute nominees as may be appointed by the Company's existing Board of Directors, as recommended by the Nominating/Corporate Governance Committee. The following is a brief description of the business experience of each nominee for at least the past five years.

Erwin H. Billig

Mr. Billig is director and chairman of MSX International. From 1992 to 1999 he served as vice chairman of Masco Tech, Inc., and from 1986 to 1992 Mr. Billig was president and chief operating officer of Masco Tech, Inc. Mr. Billig is also a director of Titan Europe Plc. Mr. Billig, who is 82 years old, is vice chairman of the board of Titan and became a director of the Company in 1992.

Anthony L. Soave

From 1974 to 1998 he served as president and chief executive officer of Detroit-based City Management Corporation, which he founded. Mr. Soave, who is 69 years old, became a director of the Company in 1994. Mr. Soave serves on the following committees: Audit, Compensation and Nominating/Corporate Governance.

ü PROPOSAL #2 - Ratification of Independent Registered Public Accounting Firm of PricewaterhouseCoopers LLP

The Board of Directors recommends that stockholders vote FOR its selection of the independent registered public accounting firm, PricewaterhouseCoopers LLP, to audit the consolidated financial statements of the Company and its subsidiaries for 2009.

PricewaterhouseCoopers LLP has served the Company as the independent registered public accounting firm during the year ended December 31, 2008, and has been selected by the Audit Committee to serve as the independent registered public accounting firm for the present year of 2009. If stockholders fail to ratify the selection of PricewaterhouseCoopers LLP, the Audit Committee will consider this fact when selecting an independent registered public accounting firm for the 2010 audit year. PricewaterhouseCoopers LLP has served the Company since 1983.

A representative from PricewaterhouseCoopers LLP is expected to be present at the Annual Meeting and will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions of stockholders in attendance.

OTHER BUSINESS

The Board of Directors does not intend to present at the Annual Meeting any business other than the items stated in the "Notice of Annual Meeting of Stockholders" and does not know of any matters to be brought before the Annual Meeting other than those referred to above. If, however, any other matters properly come before the Annual Meeting requiring a stockholder vote, the persons designated as proxies will vote on each such matter in accordance with their best judgment.

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

The Company, for the third year in a row, is presenting Titan's executive officer compensation information in the new Securities and Exchange Commission (SEC) format. The new format was required by revised executive compensation disclosure rules adopted by the SEC in August 2006. The new format includes the following Compensation Discussion and Analysis.

Overview

The Compensation Committee ("the Committee") is empowered to review and approve the annual compensation package for all of the Company's executive officers, a total of four individuals. In 2008 Mr. Rodia announced his retirement, which became effective on November 1, 2008. The four executive officers are as follows:

Executive officer position	Officer name
Chairman and Chief Executive Officer	Maurice M. Taylor Jr.
Executive Vice President and Chief Operating Officer	Ernie J. Rodia (Retired)
Vice President of Finance and Treasurer	Kent W. Hackamack
Vice President, Secretary and General Counsel	Cheri T. Holley

Objective

The objectives of the Company's compensation program are to attract and retain individuals with the necessary skills that are vital to the long-term success of Titan. To achieve these objectives the compensation program is designed to be fair and just to both the Company and the individual. Consideration is given to the individual's overall responsibilities, qualifications, experience and job performance. None of these items are weighted more than another.

The Committee sets all compensation with regard to the CEO of the Company. For the other executive officers of Titan, the CEO provides his compensation recommendation for these individuals to the Committee, who reviews and makes any changes as the Committee deems appropriate.

Company Initiatives In 2008, Titan began producing its new super giant radial off-the-road (OTR) tire. Titan's new 63-inch Big Daddy steel belted radial tire measures approximately 13 feet tall and weighs in at approximately 12,500 pounds. Titan designed a new multi-bead radial design that is currently patent pending.

Company Performance In appraising the CEO's performance during 2008, the Committee noted the Company continued to integrate two major acquisitions regarding agricultural and OTR product assets. In 2008, Titan exceeded a Company record-breaking \$1 billion in sales. The sales for the Company for 2008 were approximately \$1,036 million, an increase of approximately 24% from the 2007 sales of approximately \$837 million.

Common Stock Performance The Committee recognized the improvement in the Company's common stock performance during the past five years, which increased from a stock price of \$2.45 per common share at December 31, 2003, to \$8.25 per common share at December 31, 2008. The common share price has been adjusted to reflect the five-for-four stock split that took place in 2008. The Company's stock price has risen approximately 237% during this five-year time period.

Compensation Committee Charter

The Committee has a charter to assist in carrying out their responsibilities. The Committee reviews the charter and the guidelines contained therein on an annual basis and makes any modifications as they deem necessary. The Compensation Committee Charter is available on our website at www.titan-intl.com.

Philosophy

The Committee recognizes other companies may use different types of calculations and matrices to numerically decide what a compensation package should contain. However, the Committee believes any package that uses such formulas and matrices would not be a complete representation of how Titan is performing. Therefore, the Committee will use their extensive business experience and judgment to evaluate and determine the Company's executive compensation packages.

COMPENSATION DISCUSSION AND ANALYSIS (continued)

Using this process the Committee can change or adjust the compensation package rather than using exact and published formulas that would leave no room for modification. If the Committee had used a formula driven compensation package, it may have provided bonuses and stock options in prior years. Using the Committee's philosophy, no bonuses or stock options were awarded during certain of those years.

The Committee's philosophy of evaluating the overall Company performance, not just using numeric measurement criteria, allows the Committee greater flexibility in carrying out their duties. The Committee has the ability to adjust compensation packages quickly and believes this flexibility is a necessity given the rapidly changing global environment in which the Company operates. The Committee feels it is in the best interest of the stockholders to retain the current executive officers. The executive compensation packages approved by the Committee using their business judgment are considered fair to the Company and the individuals, thus retaining the executive and their talent for the Company.

Use of Compensation Consultants and Matrices The Committee uses no compensation consultants or any numeric matrix for their evaluation of such compensation. Consideration is given to the individuals overall responsibilities, qualifications, experience and job performance. None of these items are weighted more than another.

Base Salary

Base salary is determined by evaluating the responsibilities of the executive position held, the individuals past experience, current performance and competitive marketplace conditions for executive talent. None of these items are weighted more than another. Salary levels are typically considered on an annual basis and there is no set merit increases in any given year. Therefore, the executive salary may not increase each year. The executive salaries approved by the Committee for 2008 are listed under the "Summary Compensation Table."

Cash Bonus

In addition to a base salary, each executive officer is eligible for an annual cash bonus. The Committee has no set bonus amount and uses no pre-established plan or formula for determining the amount. The Committee will determine the CEO's bonus, if any, taking into account the CEO's total compensation package along with the Company's performance related to financial and non-financial information. The CEO provides his recommendations regarding the other executive officer's annual cash bonuses to the Committee, which then reviews and makes any changes they may deem appropriate. The executive discretionary cash bonuses approved by the Committee for 2008 are listed under the "Summary Compensation Table."

Stock Options

The Committee during 2008 granted no stock options to the executive officers. The Committee determined that cash awards and incentives are currently in the best interest of the Company and our stockholders. The Committee currently does not anticipate utilizing stock options at this time; however, the Committee may grant stock options in the future to attract or retain executive officers for the Company.

Stock Awards

The Committee during 2008 granted no stock awards to the executive officers. The Committee determined that cash awards and incentives are currently in the best interest of the Company and our stockholders. The Committee currently does not anticipate utilizing stock awards at this time.

Nonqualified Deferred Compensation

The Company does not have a nonqualified deferred compensation plan. The Committee currently does not anticipate establishing such a plan.

COMPENSATION DISCUSSION AND ANALYSIS (continued)

Employment Agreements

The Company had outstanding employment agreements with each of the four executive officers of the Company selected by the Board of Directors. These agreements provide that the individuals will not receive any separation benefits if they voluntarily leave the Company. In the event the Company proceeds with commencement of steps to affect a Change of Control (defined generally as an acquisition of 20% or more of the outstanding voting shares), these agreements allow for the executive to elect the Change of Control provision.

In the event of a termination of the individual's employment within 60 days after the Change of Control, the executive is entitled to receive for the remaining term of the agreement, which previously expired in April 2010 (extended to April 2012), their compensation, contractual obligation regarding retirement, continuation of health and other fringe benefits. Mr. Taylor, Mr. Hackmack and Ms. Holley are each a party to such an agreement. In 2008, Mr. Rodia announced his retirement effective November 2008. Mr. Rodia's employment agreement, which expired November 2008, provides no contractual obligation regarding retirement and no health benefits.

CEO Employment Agreement

With the significant increase in the Company's sales performance, five year common stock performance, and the required assistance needed for future acquisition strategies, the Committee wanted to ensure the continued services of the CEO. After negotiations, a four-year employment agreement for the current CEO was agreed to during April 2006, which formerly expired in April 2010. This employment agreement was filed as Exhibit 10.1 to the Company's Form 10-Q filed on July 28, 2006.

CEO Employment Agreement Signing Bonus The CEO agreement included a signing bonus of \$750,000, of which one third (\$250,000) each was earned and paid in April 2006, 2007 and 2008, respectively.

CEO Employment Extension Bonus In 2008, the CEO agreed, at the request of the Board of Directors, to a two year extension of the CEO employment agreement, including an extension bonus of \$750,000, of which one half (\$375,000) was earned and paid on the extension date (October 2008) with the remaining one half (\$375,000) to be earned and payable in October 2009, one year from the extension date. The CEO employment agreement expiration has been extended from April 2010 to April 2012.

CEO Special Performance Cash Award The CEO is entitled to a special performance cash award at the end of the original four-year employment agreement (April 2010). If the common stock price has increased above \$15.24 per share (adjusted to reflect the five-for-four stock split that took place in 2008), the difference above \$15.24 per share, if any, shall be multiplied by one million two hundred fifty thousand (also adjusted for the stock split) and paid to the CEO as he instructs over the four years following the April 2010 date.

The Titan stock price at December 31, 2008, was \$8.25 and assuming the stock price remained unchanged as of April 2010 (original expiration date of Mr. Taylor's employment agreement), Mr. Taylor would be entitled to no CEO special performance cash award.

CEO Contractual Obligations Under the CEO's employment agreement, the Company will provide a contractual obligation to Mr. Taylor upon retirement per the employment agreement. The amount of the contractual obligation, if any, to be paid out will be at such time the CEO elects his contractual rights regarding retirement under his employment agreement. If or when the contractual obligation were to become applicable, the calculated value at December 31, 2008, would be approximately \$5.3 million.

Other Executive Officers Employment Agreements

The Committee also wanted to ensure the continued services of the other current executive officers and therefore has employment agreements with: (i) Mr. Rodia, who held the position of Executive Vice President and Chief Operating Officer, the agreement expired November 1, 2008; (ii) Mr. Hackamack, who holds the position of Vice President of Finance and Treasurer, the agreement formerly expiring April 2010, and the agreement was filed as Exhibit 10.2 to the Company's Form 10-Q filed on July 28, 2006; and (iii) Ms. Holley, who holds the position of Vice President, Secretary and General Counsel, the agreement formerly expiring April 2010, and the agreement was filed as Exhibit 10.3 to the Company's Form 10-Q filed on July 28, 2006. In October, 2008, Mr. Hackamack and Ms. Holley agreed to an employment agreement extension to April 2013.

COMPENSATION DISCUSSION AND ANALYSIS (continued)

Other Executive Officers Contractual Obligations The employment agreement of Mr. Rodia, the Executive Vice President and Chief Operating Officer, did not provide for any contractual obligations regarding retirement. Under the other executive officers' employment agreements, the Company will provide for contractual obligations to Mr. Hackamack and Ms. Holley that are due upon retirement. The amount of the contractual obligation, if any, to be paid out will be at such time that Mr. Hackamack and Ms. Holley elect their contractual rights regarding retirement under their employment agreement. If or when the contractual obligation were to become applicable, the calculated value at December 31, 2008, for Mr. Hackamack would be approximately \$2.7 million and for Ms. Holley would be approximately \$2.1 million.

Potential Payments on Change of Control

The following amounts reflect the amount of compensation to each of the named executive officers of the Company in the event of a change of control as of December 31, 2008. The CEO's special performance cash award assumes the December 31, 2008, year end \$8.25 share price. The final amounts to be paid out can only be determined at the time of such a change of control and the individual elects their contractual rights under their respective employment agreements. The Company's executive officers would receive cash compensation and contractual obligations per the respective agreements for the (i) Chairman and Chief Executive Officer (M. Taylor); (ii) Executive Vice President and Chief Operating Officer (E. Rodia); (iii) Vice President of Finance and Treasurer (K. Hackamack); and (iv) Vice President, Secretary and General Counsel (C. Holley). Mr. Rodia is not eligible for any potential payments on change of control as a result of his retirement effective November 1, 2008.

The potential payments in the event of a change in control as of December 31, 2008, are as follows:

n/a = not applicable

Retirement or Voluntary Termination of Employment

If an executive officer retires or voluntarily terminates their employment with the Company without a change of control, they would receive compensation payments for any unused vacation. The CEO and certain Vice Presidents would be entitled to their contractual payments upon electing retirement if that event becomes applicable. Mr. Rodia is not eligible for any potential payments as a result of his retirement effective November 1, 2008.

The payments due on retirement or voluntary termination of employment are as follows:

Description	M. Taylor	E. Rodia	K. Hackamack	C. Holley

Conclusion

The Committee has reviewed the executive officer compensation packages of the: (i) Chairman and Chief Executive Officer, (ii) Executive Vice President and Chief Operating Officer, (iii) Vice President of Finance and Treasurer, and (iv) Vice President, Secretary and General Counsel. Based on this review, the Committee finds these compensation packages, in the aggregate, to be fair and reasonable to the Company.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee of the Board of Directors (the “Committee”) was composed of four independent non-employee directors during 2008. The Board of Directors (“Board”) has determined that the members of the Committee are independent. The Committee provides oversight of all executive compensation and benefit programs. The Committee operates under a written charter adopted January 20, 2004, which is posted on the Company’s website: www.titan-intl.com.

The philosophy of the Committee as it relates to executive compensation is that the Chief Executive Officer (“CEO”) and other executive officers should be compensated at competitive levels sufficient to attract, motivate and retain talented executives who are capable of leading the Company in achieving its business objectives in an industry facing increasing competition and change.

Annual compensation for the Company’s executive officers consists of base salary and bonus compensation. Salary levels of the Company executives are reviewed and are normally adjusted annually, and any bonuses are normally awarded annually. In determining appropriate salaries, the Committee considers: (i) the CEO’s recommendations as to compensation for all other executive officers; (ii) the scope of responsibility, experience, time and position and individual performance of each executive officer, including the CEO; and (iii) compensation levels of other executives based on the Committee’s own business experience and judgment. The Committee’s analysis is a subjective process, which utilizes no specific weights or formulas of the aforementioned factors in determining executives’ base salaries and the Committee uses no compensation consultants.

The Committee considers bonus compensation to be the primary motivational method for encouraging and rewarding outstanding individual performance, especially for the Company’s executive officers, and overall performance of the Company. Bonuses are based primarily upon: (i) performance of the Company; (ii) performance of the individual; and (iii) recommendation of the CEO. The purpose of awarding bonuses is to provide a special incentive to maximize individual performance and the overall performance of the Company.

There are employment contracts for the executive officers, which are also considered.

In determining the total compensation package for the CEO for 2008, the Committee considered all of the factors discussed above. Additionally, the Committee considered the Company’s performance, the success of the Company’s facilities in meeting their objectives, the extent and timing of the additions to the Company during the year, the quality and efficiency of the Company’s staff, and certain other factors relating to the Company’s performance.

The Committee discussed director compensation and made suggestions to the Board. The Committee has completed an annual evaluation and in their opinion has met the requirements of their charter. The Committee has reviewed the Compensation Committee Charter and has found it complies with requirements of the New York Stock Exchange. The Committee makes a report to the Board when appropriate and met two times during 2008.

The Compensation Committee of the Company has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management. Based on such review and discussions, the Committee recommended that the Compensation Discussion and Analysis be included in this Proxy Statement and in the Company’s Annual Report on Form 10-K for the year ended December 31, 2008, for filing with the Securities and Exchange Commission.

The Nominating/Corporate Governance Committee evaluates candidates based on the qualifications for director described in its charter. These qualifications include, among other things, integrity, business experience, stature in their field of endeavor, diversity of perspective, ability to reach thoughtful, independent and logical judgments on difficult and complex issues, and whether the candidate meets the independence standards of the Securities and Exchange Commission and the New York Stock Exchange. The Nominating/Corporate Governance Committee then presents qualified candidates to the full Board of Directors for consideration and selection.

The Nominating/Corporate Governance Committee will consider nominees for election to the Board that are recommended by stockholders, applying the same criteria for candidates as discussed above, provided that a description of the nominees’ qualifications for the directorship, experience and background, a written consent by a nominee to act as such, and other information specified in the Bylaws, accompany the stockholder’s recommendation. Any stockholder nominations for election as directors at the 2010 Annual Meeting must be delivered to Titan at the address set forth below, not later than November 30, 2009. All nominations must be sent to the Nominating/Corporate

Governance Committee, c/o Corporate Secretary, Titan International, Inc., 2701 Spruce Street, Quincy, IL 62301.

The Nominating/Corporate Governance Committee of the Board of Directors (the “Committee”) was composed of four independent non-employee directors and provides guidance to the Board of Directors (“Board”) regarding corporate governance guidelines during 2008. The Committee operates under a written charter adopted January 20, 2004, and this charter is available on the Company’s website: www.titan-intl.com.

The Committee recommended to the Board that Erwin H. Billig and Anthony L. Soave stand for re-election as Class III directors based on approved criteria.

The Committee has accomplished the following per their charter: (i) oversight of the development and recommendation of a set of corporate governance guidelines; (ii) oversight of the evaluation of the Board and management; (iii) evaluation of the Committee and its success in meeting the requirements of the Charter; (iv) review and assurance of the adequacy of the Nominating/Corporate Governance Committee Charter; and (v) presentation of reports to the Board when appropriate. Mr. Febbo has attended the Company’s Sarbanes-Oxley 404 training and is a participant in the Company’s risk assessment meetings. The Committee met one time in 2008.

The Committee has given particular attention to corporate governance compliance issues established by the Securities and Exchange Commission and the New York Stock Exchange. The Company has posted its corporate governance guidelines on the Company’s website.
