Company Press Release

CNOOC Ltd Announces First Production from Hui Zhou 21-1 Gas Field

(Hong Kong, April 19, 2006) - CNOOC Limited (NYSE: CEO, SEHK: 883, "the Company") announced today the commencement of production from Hui Zhou (HZ) 21-1 gas field located in the Eastern South China Sea. The field is currently producing 54 million cubic feet of natural gas per day via 4 wells.

HZ 21-1 gas field is located in the block 16/08 of the Pearl Mouth Basin, with a water depth of approximately 115 meters. The processed gas will be shipped to a natural gas terminal in Zhuhai through subsea pipelines. HZ 21-1 gas field is operated by CACT Operators Group. The Company holds 51% of interests in the field.

To make it more commercially viable, the Company and its partners have made joint development plan for Hui Zhou 21-1 and Pan Yu 30-1 gas fields. The latter will begin production in 2007. The natural gas produced from these two fields will be supplied to power plants and nearby cities.

The planned annual production of HZ 21-1 gas field is estimated to reach 19.7 billion cubic feet.

Mr. Zhou Shouwei, President of the Company commented, "I am pleased to see the commencement of production from this field on schedule and supplying gas to the end users. This is the first gas field in Eastern South China Sea with prominent geographical advantage. The successful first production from this field proved our excellent execution capabilities in carrying out our natural gas strategy."

- End -

Notes to Editors:

This press release contains statements that are not historical facts, including statements about beliefs and expectations of the directors of the Company on the Company and its development and future plans. These forward-looking statements reflect the directors' current views with respect to future events and are not a guarantee of future performance, and therefore shareholders and potential investors should not place undue reliance on them. The directors of the Company undertake no obligation to update or revise publicly any of these forward-looking statements, whether in light of new information, future events or otherwise. Forward-looking statements involve inherent risks and uncertainties. Shareholders and potential investors are cautioned that a number of factors could cause actual results to differ materially from those contained in any forward-looking statement. Such factors include, but are not limited to, changes in the Chinese economic, political and social conditions and government policies and in the oil and gas industry.
