Item 1.01. Entry into a Material Definitive Agreement.

On June 5, 2007, Metro One Telecommunications, Inc. (the “Company”) entered into a Securities Purchase Agreement (the “Purchase Agreement”) by and among the Company and Columbia Ventures Corporation and Everest Special Situations Fund L.P. (together, the “Investors”). Pursuant to the Purchase Agreement, on June 5, 2007, the Company issued to the Investors (i) 220 shares of its newly authorized Series A Convertible Preferred Stock, no par value (the “Preferred Stock”), at a stated value of \$10,000 per share, (ii) Stock Purchase Warrants to purchase an additional 77 shares of the Preferred Stock at an exercise price of \$10,000 per share of Preferred Stock (the “Warrants”) and (iii) Senior Secured Convertible Revolver Bridge Notes having a maximum principal amount of \$7,800,000 and, subject to approval of the Company’s shareholders, convertible into shares of Preferred Stock (the “Notes” and together with the Preferred Stock and the Warrants, the “Securities”). The issuance of the Preferred Stock and Warrants upon conversion of the Notes pursuant to the Purchase Agreement is subject to certain closing conditions. The Company received \$2.2 million in gross proceeds in the initial closing, and the aggregate consideration to be received by the Company upon issuance of all of the Preferred Stock and Warrants in the second closing, assuming conversion of the Notes, will be an additional \$7.8 million.

The Preferred Stock is convertible into shares of the Company’s Common Stock at an initial conversion price of \$1.78 per share. At the initial conversion price, the 220 shares of Preferred Stock are convertible into an aggregate of 1,235,955 shares of the Company’s Common Stock and, if the Warrants are exercised in full, the additional 77 shares of Preferred Stock will be convertible into an aggregate of 432,584 shares of Common Stock.

The Notes have a four-month term and accrue interest due at maturity at 13% per annum on outstanding amounts. Funds available under the Notes may be drawn by the Company only when its non-restricted cash balance falls below \$3 million and the amount that can be drawn may not exceed the amount necessary to raise the Company’s non-restricted cash balance to \$3.5 million. No amounts have yet been drawn under the Notes. Immediately following shareholder approval of the issuance of the additional shares, the Company will draw down the full remaining principal amount of the Notes and all the Notes will immediately be converted into 780 shares of Preferred Stock. Any accrued interest will also convert into Preferred Stock. The Company has granted a security interest in certain of its assets as security for repayment of amounts outstanding under the Notes. If the Company’s shareholders fail to approve the issuance of the additional shares, any amounts outstanding under the Notes will become immediately due and payable.

The number of shares of Preferred Stock that can be purchased on exercise of the Warrants represents 35% of the amount invested in Preferred Stock at the initial closing and, subject to shareholder approval, 35% of the amounts invested in Preferred Stock upon conversion of the Notes. Subject to shareholder approval, the Warrants issued at the initial closing are exercisable for an aggregate of 77 shares of Preferred Stock and the Warrants to be issued upon conversion of the principal amount of the Notes will be exercisable for an aggregate of 273 shares of Preferred Stock. The Warrants have a term of two years and an initial all cash exercise price of \$10,000 per share. If all of the Preferred Stock (including the Preferred Stock issuable on conversion of the Notes) is converted into shares of Common Stock, the Warrants will be exchanged for Warrants to purchase Common Stock.

In connection with the sale of the Securities to the Investors, the Company entered into a Registration Rights Agreement with the Investors dated as of June 5, 2007 (the “Registration Rights Agreement”), which requires the Company to use its best efforts to register on Form S-3 under the Securities Act of 1933, as amended (the “Securities Act”), the shares of Common Stock issuable upon conversion of the Preferred Stock (including those shares of Preferred Stock issuable on exercise of Warrants). Under the Registration Rights Agreement, the Company is required to file a registration statement covering such shares of Common Stock within 30 days from the date of the Purchase Agreement, subject to extension upon certain conditions. The Registration Rights Agreement also provides the Investors with demand and piggyback registration rights under the Securities Act for shares of Common Stock issuable upon conversion of the Preferred Stock (including shares of Preferred Stock issuable on exercise of Warrants or conversion of the Notes).

Elchanan (Nani) Maoz has been a director of the Company since April 2006 and is also the Chief Executive Officer of the general partner of Everest Special Situations Fund L.P., one of the Investors in the financing. The Company’s Board of Directors established a special committee consisting of disinterested directors, which was responsible for negotiating the terms of the transaction on behalf of the Company and making a recommendation to the Board.

The descriptions of the terms and conditions of the Preferred Stock, the Notes, the Warrants, the Purchase Agreement and the Registration Rights Agreement set forth herein do not purport to be complete and are qualified in their entirety by: (i) the full text of the Articles of Amendment to the Third Restated Articles of Incorporation of the Company, which designates the rights, preferences and privileges of the Preferred Stock and are attached hereto as Exhibit 3.1 and incorporated herein by reference, (ii) the form of Series A Convertible Preferred Stock Certificate, which is attached hereto as Exhibit 4.1 and incorporated herein by reference, (iii) the form of Warrant, which is attached hereto as Exhibit 4.2 and incorporated herein by reference; the form of Note, which is attached hereto as Exhibit 4.3 and incorporated herein by reference, (iv) the Purchase Agreement, which is attached hereto as Exhibit 10.1 and incorporated herein by reference, and (v) the Registration Rights Agreement, which is attached hereto as Exhibit 10.2 and incorporated herein by reference.

Edgar Filing: METRO ONE TELECOMMUNICATIONS INC - Form 8-K

The information stated in Item 5.02 concerning agreements entered into with two of the Company's directors is incorporated into this Item 1.01 by reference.

Item 2.03. Creation of Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

The information stated above in Item 1.01 is incorporated into this Item 2.03 by reference.

Item 3.02. Unregistered Sale of Equity Securities.

The information stated above in Item 1.01 is incorporated into this Item 3.02 by reference.

The Securities are being issued in reliance on the exemption provided by Section 4(2) of the Securities Act of 1933 and Regulation D promulgated thereunder.

Item 3.03. Material Modification to Rights of Security Holders.

On June 4, 2007, the Company filed Articles of Amendment (the "Articles of Amendment") to its Third Restated Articles of Incorporation with the Secretary of State of the State of Oregon, designating 1,385 shares of its Preferred Stock, of which 220 were issued on June 5, 2007, and are outstanding as stated above in Item 1.01. The Preferred Stock will accrue dividends at a rate of \$400 per share per annum. The terms of the Preferred Stock restrict the payment of dividends on the Company's Common Stock unless the Company has paid or set aside the cumulative dividends then owed on the Preferred Stock. In addition, each share of Preferred Stock is entitled to a liquidation preference equal to (a) the aggregate purchase price of the Preferred Stock and (b) any accrued but unpaid dividends. The foregoing description of the rights, preferences and privileges of the Preferred Stock does not purport to be complete and is qualified in its entirety by the full text of the Articles of Amendment, which are attached hereto as Exhibit 3.1 and incorporated herein by reference.

On June 1, 2007, the Company's Board of Directors approved an amendment to the Amended and Restated Bylaws of the Company (the "Bylaws Amendment") to permit action by holders of its Preferred Stock upon written consent by such shareholders entitled to vote in the aggregate not less than the minimum number of votes necessary to authorize or take such action at a meeting at which all shares entitled to vote on the action were present and voted. The foregoing description is qualified in its entirety by the full text of the Bylaws Amendment, which is attached hereto as Exhibit 3.2 and incorporated herein by reference.

Item 5.01. Changes in Control of Registrant

The information stated above in Item 1.01 and below in Item 5.02 is incorporated into this Item 5.01 by reference.

Completion of the transactions contemplated by the Purchase Agreement, including shareholder approval of the issuance of additional shares, will result in the issuance of shares of Preferred Stock initially convertible into 5,617,977 shares of the Company's Common Stock and will allow the holders of Preferred Stock to vote together with holders of the Company's Common Stock as a single voting class (other than with respect to shareholder approval of the issuance of additional shares). If the Warrants are exercised in full, the Preferred Stock issuable thereunder will be initially convertible into 1,966,292 shares of the Company's Common Stock. Based on current public filings, the Investors held 1,282,390 shares of the Common Stock prior to their acquisition of the Preferred Stock. Accordingly, the holders of Preferred Stock will be deemed to beneficially own approximately 64% of the Common Stock to be issued and outstanding following completion of the financing, assuming the issuance of no additional shares of Common Stock following the date hereof other than pursuant to full conversion of the Preferred Stock. The holders of the Preferred Stock, voting as a separate class, will, so long as at least 203 shares of Preferred Stock are outstanding, have the right to appoint two directors to the Company's Board of Directors and will, so long as at least 540 shares of Preferred Stock are outstanding, have the right to appoint a majority of the directors to the Company's Board of Directors. In addition, approval of the holders of the Preferred Stock, voting as separate class, is required for the Company to undertake certain actions.

To the Company's knowledge, each of the Investors will use funds invested in it or in its affiliates to finance its purchase of Securities.
