**Item 8.01. Other Events**

On April 23, 2007, RAM Energy Resources, Inc. (the Company) issued a press release announcing that it had proposed two new wells with respect to its North Texas Barnett Share acreage and that EOG Resources had elected to participate in one of the wells and is considering whether to participate in the second well. The Company owns a 24% working interest in each proposed well. The aggregate estimated cost to drill the first of the two wells would be \$3.1 million, and the Company share would be approximately \$745,000. The aggregate estimated cost to drill the second of the two wells would be \$2.7 million, and the Company share would be approximately \$648,000.

In addition, the Company announced that it had increased its non-acquisition capital expenditures budget for 2007 by 20% to \$36.3 million. The Company also announced that activity was continuing on two vertical test wells in the Company's Wolfcamp shale properties in West Texas, and that the Company is participating in a gas exploration play in the Arkoma Basin.
